More on the information I have received concerning cholesterol. A noted heart surgeon, Dr. Michael DeBakey, president and chairman of surgery of Baylor College of Medicine, said at a Cardiovascular Disease Seminar, that he and his associates have found very little relationship between diet, cholesterol levels and coronary artery disease progression. He said he had found 80% of his patients with severe occlusive coronary artery disease had had blood cholesterol levels comparable to the level in normal people. For a copy of this article, come by my office, drop me a note or call.

Some doctors do and would agree with Dr. DeBakey, others do not. What's the best thing for us to do? Follow the advice of your own doctor, and eat a well balanced diet.

A Sense of Direction

The pioneers of science, art, and industry . . . those who found a way where others saw only a blank wall . . . have all had a sense of direction.

The seniors seem imbued with this same sense, and it makes us proud to take note of it. It is a mark of maturity and eagerness to reach for new goals.

With pride, we take this opportunity to say, "Well done, Seniors, and good luck, whatever your direction!"

Garden Club Installs Officers

For the last meeting of the year the Garden Club enjoyed a luncheon in Nora's Banquet Room with Mrs. Lee Kiker hostess. The meeting was presided over by Mrs. C. O. Killingsworth, President. Mrs. Ben Westmoreland, Secretary, read the minutes of the last meeting. Our project of assisting with landscaping the hospital grounds will continue into the summer.

The invocation was given by Mrs. George Weems, after which a delicious meal was served. The tables were beautifully decorated with roses and other spring flowers. The hostess presented each one present with a plant of Sweet William or Alyssum.

Following the meal Mrs. Floyd McIntush, of Memphis, Texas, held a very unique installation service for officers of the coming year. She donned a doctor's coat and with case full of bottles she presented each incoming officer with a bottle of vitamins (jelly beans) after reading an appropriate verse to help her become alert and efficient for her job. To each of the other members she gave a smaller bottle of mixed vitamins.

Those installed were: President: Mrs. Farmer Hefley, First Vice-President, Mrs. J.C. Moore; Second Vice-President, Mrs. Lee Kiker, Secretary-Treasurer, Mrs. C.J. VanZandt; Reporter, Mrs. George Weems

Other members present were Mesdames H. C. Fields, W.A. Finsterwald, C.J. Hefley, C.O. Killingsworth; C. J. Meek, Nelson Porter, H.M. Wiley, Ben Westmoreland and Ola Underwood.

Visitors present were: Mrs. Floyd McIntush, Mrs. Florence George and Miss Celeste Wiley.
