46 PINTS OF BLOOD DONATED WEDNESDAY

NUMBER 10: Mrs. Bob Frankenbery is shown here after donating her tenth pint of blood since 1962. Mrs. Frankenbery was just one of the many donors who took part in Wednesday's blood bank drive. The Red Cross Blood Bank drawing was successful in receiving 46 pints of blood Wednesday morning, August 9. The Red Cross Blood Mobile paid its third visit to Wheeler. The drawing this year was held at the high school cafeteria.

Those who worked as volunteers for this day did an excellent job.

TWO CHARGED WITH BURGLARY OF LEE HARDWARE AND FURNITURE

Wheeler County Sheriff Bus Dorman announced Wednesday that two men were arrested in connection with the burglary of Lee Hardware and Furniture Friday night. One of those arrested, David Garza, is a parolee from the state penitentiary. The second person arrested was a minor from Samnorwood.

Sheriff Dorman gave Ranger Bill Baten credit for the evidence which led to the arrest of the pair in Shamrock Tuesday evening at 7:00.

The two have been charged in the burglary of a Paducah hardware store where \$2,000 in guns were taken.

Recovery of stolen articles is still underway. Items taken in the Wheeler robbery were recovered with the exception of one gun and a rod and reel. Ten guns were recovered Tuesday at Shamrock which links the pair to the Paducah case.

The pair was taken before City Judge, Woodrow

Sims and charged with burglary. Bond was set at \$5,000. The prisoners were taken to Paducah where they will be charged.

Entry into Lee Hardware was made through the back door. The burglary was discovered Saturday morning when the store opened for business.

Value of the merchandise taken from Lee Hardware and Furniture was estimated at \$500.

EX-STUDENT-TEACHER REUNION SLATED TO BE HELD SATURDAY, AUGUST 19

Final plans were made this week for the Ex-Student Reunion set for Saturday, August 19. This reunion will give ex-students an opportunity to see our new school building.

This is a bi-annual event which former Wheeler students and teachers come from all over the country to greet one another and renew old friendships, make new friends, look over the old Alma Mater and observe the changes of the Wheeler Community.

There will be plenty of fun and excitement in the halls of Wheeler High School as both students and teachers reminisce of days long since past and experiences which happened when they attended the school—years ago.

It is especially important that the local exes be present at the gala festivities, as they are the unofficial hosts. You are thereby urged to be present and enjoy the many activities planned for the day.

The program for the day of fun and good food is given below. Several house parties are planned for the evening.

We keep hearing comments on how nice the City Park looks this year. Bob Higgins is in charge of keeping the area mowed and it looks better this year than it has in years. Several groups of people have been seen enjoying the facilities at the park.

To all my fellow swimmers. I was going to list the names of those who passed their beginner's swimming test, but I let Roberta Adams get away without getting a list of names. My memory would fail when it came to naming them all, so I had better not start.

The majority of us did pass the test. For those of you who do not know who to swim and are afraid of the water, take it from me, it is a lot of fun when you learn how.

Jesse Hall of Allison brought me in a quart of honey. He had robbed his nine hives at Sweetwater and took home 26 gallons of honey. Mr. Hall has 42 hives; part of them are at Twitty and the rest are at Allison. The Halls have been working with bees for three years. The honey may be purchased for \$1.00 per quart from Mr. Hall.

The Ex-Student Reunion is set for Saturday, August 19. The merchants need to plan window displays, sales and advertising to tie in with the reunion. If you have some old school pictures taken while you, your children or employees were in school here, they would be interesting to the visiting ex-students.

WHEELER COUNTY PEACHES: E.J. Miller of Twitty is shown here with a bushel of peaches from his orchard. He brought this bushel of peaches to the Production Credit office. They were about the size of baseballs.

Freshman Class To Have Orientation

Freshmen Students and their parents are urged to attend a Guidance Orientation program in the Wheeler High School Auditorium at 8 p.m., Tuesday, August 22.

The purpose of this program is to acquaint students and parents with the guidance services provided during the student's high school career. At the same time, it is necessary for the student to fill out a Four Year Subject Plan to be placed on file as required by the State Guidance Program under Title V. The four year plan will be kept on file and reviewed annually by student, counselor, and possibly administration, in the event of changes necessary.

Mrs. Mary Tom Riley, North Wheeler County Guidance Director will be in charge of the program.

NOTICE
The annual meeting of the Wheeler Cemetery Ass'n. will be held Wednesday, Sept. 6 at 2:30 P.M. in the District Courtroom of the courthouse to elect one director and take care of other business. All stockholders are urged to be present.

Revival
The Mobeetie Methodist Church will have a revival August 21st thru August 27th with morning breakfast at 7:00 and evening services at 8:00. Preaching will be Raymond Riley of Meadows, Texas. Everyone is invited.

Reunion
The Miller and McCuiston family reunion will be held Sunday, August 13 at City Park.

WATER: During the past few weeks many farmers and ranchers have had to haul water for their stock, as many troughs were inadequate in size to store enough water during periods when the wind failed to blow enough to pump water. The great Plains Conservation Program offers cost-share assistance on installing troughs or storage facilities along with technical assistance to provide farmers or ranchers with a facility that is adequate during these periods of little wind. The farmer or rancher needs to know approximately the number of gallons consumed each day by different kinds of livestock. Troughs should be large enough to store enough water to last over a seven day period.

Soil Conservation Service personnel will be glad to help anyone interested in designing and constructing good permanent water facilities.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract); and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund hereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses hereon authorized, of any other bonds heretofore or hereafter issued and sold by said Board, in such manner and in such direction as said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School

Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such lands, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds heretofore issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds heretofore issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be returned to the State of Texas as provided elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Sec. 4. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Sec. 5. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Sec. 6. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

BACK-TO-SCHOOL FASHION

By Brenda Williams, CHDA "Back to School" Is it that time already? This is a statement that many Mothers are making all over Wheeler County. It really is not quite time for school, 26 more days, but when it comes to a busy Mother it means that not much time is left. There are many things to do to complete the summer plans and still she has to plan for the coming school year. One of the main projects is seeing that the children have the proper clothing to wear to school. Let's look into the fall fashions for girls. The fashion excitement will be mainly provided this fall by fabrics--their colors, wild prints and their textures. When shopping, it is wise to keep these colors and patterns in mind, because latest "new look" is a highly coordinated one. Stores are showing coats with matching boots, knee socks with kilts--and related scarves, belts and handbags with everything. Besides checking out colors, it is also important to study the labels. More and more items, from suits to raincoats, are guaranteed machine washable. So why not take advantage of this and make a mother's life easier. Here are some ready-to-wear choices you can expect to find this fall: Dresses - The basic shape will continue to be the A-line or tent, but with belts--either loosely tied, chained or buckled. Knits will be much more "in." Striped, novelty, jumper effect and ensemble knits will be offered in a variety of bright colors. It's point dresses that will create the greatest excitement and get the most attention. These come either split like a culotte or with frilly peck-a-boo pants underneath. Gold, curry, persimmon, tomato, teal and a new brighter navy are the colors to look for, along with plaids--in both wool and cordurey. Skirts - While skirts are especially important this year--in traditional A-line, pleated, swinger, split or inverted pleat styles--the standout will be the knit. With fringed hems, with or without a belt and with shiny brass safety pins along the opening, kilts are definitely "it" for fall. For a real fashion look, kilts should be coordinated with sweaters and knee socks. Sweaters - Sweaters will do more than just keep a body warm. They will complete or even create many a new fashion look. Reverse ribs, lace knits and smaller cables will be seen in longer sweater styles, mostly belted. Underwear - Fall underwear - slips, pettiepants, bras, garter belts--will be alive with color and patterns to brighten any girl's day. No-shape chemises are designed to go under short, short, A-line dresses. Synthetic fabrics make them so easy to wash and so fast to dry that manufactures suggest jugging after every wearing to keep patterns bright as new. Accessories - Tights will come in fishnets, textures, crocheted effects and even lace patterns. In headwear, it's knits for all ages--in hefty wools and shocking colors. For a sporty look, there are stocking caps matched to pom-pom-trimmed mittens. For a dresser look, there are jockey-inspired caps with tiny bows. Outerwear - The ski parka, good for school or after school wear, comes with quilted or flat surface. All-weather coats, in poplin or cordurey, are particularly practical because of their washability. For a less expensive and easy to fix Punch for parties you might try this one: Lime Punch

PASUTURE MANAGEMENT

Pasture management is one of the most important practices in Wheeler County. Most livestock operations here have some type of pasture such as Midland bermuda, Weeping lovegrass, Johnson grass or native seeded grasses. Each type of pasture requires slightly different management and would require an extra long article, so we shall look into bermuda grass in more detail. Bermuda grass is such a big feeder that soil can supply only a portion of the crop's nutritional needs. Fertilizers must do the rest. The highest use of nutrients by bermuda grass is during the summer months when it grows best. Sufficient nitrogen, phosphorus and potassium must be available during this period. It is necessary to give nitrogen and to a lesser degree potassium in split fertilizer applications during the year. Potassium or potash increases the ability of bermuda grass to withstand severe winter temperatures and to resist plant diseases. Unless the large amounts of plant food that are removed are replaced, a soil mining program is underway. The amount of fertilizer to use varies with the soils, moisture available and the level of management desired. On irrigated or sub-irrigated pastures, a low, medium or high fertility rate may be used depending on your production goals. On dryland bermuda grass an application of 30-30-0 is usually sufficient. Trial applications and basic soil analysis should be used to determine your particular needs. Weeds may need to be controlled in some instances. Mowing or shredding the weeds about one inch above the height of growing grass is usually sufficient. Chemicals may also be used on broadleaf weeds if conditions allow. There are several other pasture management practices to be considered. Livestock should be removed from pastures for fertilization, irrigation and drying out. Harrowing may be needed to distribute manure and to aid in controlling parasites. Feeding should be done in pens outside the pasture area. Bermuda grass should not be grazed until it is at least 6 to 8 inches of height. This allows the grass to begin growth in the spring and manufacture and store food before grazing. About 4 to 5 inches minimum height should be kept during the grazing season so the plants can maintain themselves. This type of pasture management will help produce quality forage, provide soil protection and reduce water loss. Mr. and Mrs. Jack Mitchell and family visited Saturday with her mother, Mr. and Mrs. George Warren.

Boys Ranch Rodeo

The 348 boys at Cal Farley's Boys Ranch are expecting a new attendance record to be set at their 23rd annual rodeo this year and additional seats have been installed to accommodate the crowds over the Labor Day weekend.

Last year, nearly 9,000 attended the two day event and an additional 500 seats have been erected at the north end of the rodeo arena. Dates for the rodeo are Sunday, Sept. 3rd and Monday, Sept. 4th at 2:30 P.M.

All of the 348 boys will have a part in the rodeo with nearly 100 riding for awards and honors. Ranchers who do not ride will be serving as ushers, helping in the parking area, working at concession stands or helping around the chutes.

Giant-size barbecue beef sandwiches will be prepared and served by the

ranchers who are learning meatcutting and cooking as their future vocations for spectators and visitors who arrive early to picnic.

The climax of the rodeo, the largest Labor Day event in the Texas Panhandle, will be the naming of the Junior and Senior All-Round Cowboys, two of the highest honors that can be earned by the boys. Professional rodeo stock will be used in the bull-riding and bare-back events and a special stick-horse race will be featured for the four to six-year olds.

Tickets for either performance are available in advance from the Boys Ranch office, Box 1890 Amarillo, Tex. Reserved box seats are \$2.50, general admission is \$1.50 and servicemen's and children's tickets are 75c. All proceeds will be used for future expansion of the ranch.

This cane was seeded just before the heavy rains and wind that accompanied the tornado in Mobeetie. It is evident that there is a good stand. This grass will be used solely for the purpose of a dead litter cover in which to seed native grasses such as side oats grama.
