

War Activity Gains Fresh Momentum

Poland's Army Paris Cabinet Is Swelled To Two Million In An Urgent Gathering

Warsaw Reports Nazis Have Entered Polish Territory
WARSAW, Aug. 31 (AP)—Polish sources asserted tonight that German patrols had crossed the border into Polish territory at several points. They also asserted a German bomber had flown over Polish Siberia and been pursued by Polish planes.

Communications Cut
Reports from Danzig of what Poles called "new aggressive activity" by Danzig Nazis included one that all communications between the Free City and the Polish port of Gdynia had been cut.

Polish Railway Lines To Gdynia
Run through Danzig and already Free City Nazis had occupied all the railway stations in Danzig territory.

Thousands of Grim-Faced Polish
Civilians donned khaki uniforms and marched off as soldiers to answer President Ignace Moscicki's order of near-general mobilization for defense of the republic.

The order, calling all reservists
under 40 years of age to the colors, was expected to swell Poland's armed manpower from 1,500,000 to well over 2,000,000.

A government communique
declared that Germany's "policy of aggression" had "left no doubt about the fact that Poland is endangered."

The pro-government newspaper
Express Poranny said "a bad neighbor has come to the gates of the serene Polish republic and this indicates that after Polish diplomacy has done everything it can to maintain peace the Polish armed forces will have to play their role."

Hopes of peace have not been
entirely erased, the Express Poranny added, "but if war does come it will be for all of us a sacred and victorious war."

The mobilization order, it was
taken for granted here, was issued with full knowledge of Britain.

In hundreds of towns and vil-
lages there were dramatic scenes as farmers, laborers, lawyers and other civilians said farewell to tight-lipped, dry-eyed women. Some of the women shouted the slogan of Marshal Pilsudski: "Poland will fight to the last man—and to the last woman!"

The government put into effect
orders for requisitioning automobiles, trucks, horses, bicycles and other equipment.

Polish sources reported that
Germany continued "aggravating aggressive action" in Danzig and has now seized all railroad stations on Danzig territory and cut communications between the Free City and the nearby Polish port of Gdynia.

Gestapo agents, it was reported,
now enter and search all trains on Danzig territory and prevent Danzig citizens of Polish nationality from crossing into Poland.

Pope Moves To Assure Peace

VATICAN CITY, Aug. 31 (AP)—
A sudden new peace move by Pope Pius XII appeared to have been launched today with the handing of notes to representatives of the five principal powers involved in Europe's crisis.

Luigi Cardinal Maglione, papal
secretary of state, hurried back to the Vatican from a papal audience at Castel Gandolfo to consign notes to the envoys of Italy, France, Germany, Poland and Great Britain.

An informed prelate said they
contained a peace appeal. Cardinal Maglione also talked with representatives of Yugoslavia, Hungary and Rumania.

The prelate indicated the notes
contained "new and more pressing insistence and the pope's prayers that the present tense situation be solved through pacific means and not by recourse to arms, which in any event would be extremely disastrous."

Vatican sources said they
thought the present state of crisis could not endure beyond Sunday.

Narcotics Taken In San Antonio Raid

SAN ANTONIO, Aug. 31 (AP)—
Federal and city officers, acting on a tip, today raided a downtown apartment house and confiscated narcotics, estimated by officers to be worth \$10,000 in "bootleg" prices. A 32-year-old man was arrested. The seizure was said to be one of the largest made here in recent years.

Poland: Once Great, She Disappeared One Hundred And Fifty Years Ago But Was Reborn As Result Of World War

ONCE UPON A TIME Poland was a huge country stretching from the Baltic almost to the Black Sea. But she had ambitious neighbors. In 1772 Russia, Austria and Prussia got together and each took a bite out of Poland. In 1793 Russia and Prussia each sliced away some more. And in 1795 Russia and Austria polished her off, giving another slice also to Prussia. The map above sums up those three partitions of Poland. For the next 125 years, except for a brief period when Napoleon was reshuffling Europe, independence was but a gleam in the eyes of Polish patriots.

AFTER THE WORLD WAR independence of the northwest third of ancient Poland was recognized by the Treaty of Versailles, 1919. (Major exception: Danzig and environs, taken from Poland by Prussia in 1793, became a Free City under the League of Nations.) But even after Versailles the Poles, under Marshal Joseph Pilsudski, kept fighting the Russians and Lithuanians—until by 1923 they had expanded their realm east and north to the boundaries mapped above. Another minor addition was made last fall at the expense of Munich-mutilated Czechoslovakia.

Changes Made In Italo Army

ROME, Aug. 31 (AP)—Division of the Italian army into two parts, respectively commanded by Crown Prince Umberto and Marshal Rodolfo Graziani was announced today.

No explanation was given for
the brief order made known over the air to Italians.

Umberto has been inspector of
infantry and a member of the army general staff. Graziani, next to Marshal Pietro Badoglio, was Italy's principal Ethiopian war commander and succeeded Badoglio as viceroy of Ethiopia.

Foreign observers saw no reason
for the unusual division of forces unless it were in obedience to some war plan known only to the high command.

The order becomes effective
tomorrow.

The war ministry also announced
special permits would be necessary to operate motor cars.

Another announcement said
present civilian traffic should be reduced by at least 50 per cent.

Complete suspension of trains
now using motor fuels and eventual substitution of steam trains was another provision.

The fascist press contended
Europe's crisis had spread from the German-Polish dispute over Danzig and the Corridor to the vastly wider question of giving Germany and Italy their share of the world's wealth.

At the same time, fascists expressed
fear Polish action might precipitate war at any given moment by "abusing Germany's patience."

BRANIFF ADDS FOUR NEW AIRLINERS

OKLAHOMA CITY, Aug. 31 (AP)—
Branniff Airways announced today four new Douglas DC-3 airliners costing about \$500,000, each with facilities for 21 passengers and a crew of three, would be put into operation likely in November, on the company's Chicago-to-Dallas route.

The new additions will increase
Branniff's fleet to 16 ships. The company said the new planes would weigh 12 tons each and have a cruising speed of 190 miles an hour.

STATE LAYOFFS IN EFFECT TOMORROW

AUSTIN, Aug. 31 (AP)—Several hundred state government workers here and elsewhere went to their jobs today for the last time.

Victims of an economy knife
wielded first by the legislature, then used again by Gov. W. Lee O'Daniel, they faced removal from the public payroll tonight, which is the close of the state's fiscal year.

While appropriations cuts, drastic
in certain instances, were imposed on numerous state departments, they were far from sufficient to balance the general fund budget. The deficit in the fund, now almost \$20,000,000 was expected to grow to around \$26,000,000 during the fiscal year opening tomorrow.

The state's most-discussed
problem on the eve of fiscal 1940 was the same as a year ago, old age pensions. Grants may have to be materially slashed this fall.

A new public welfare board,
appointed by O'Daniel, henceforth will guide the pension ship. Its members, Beaman Strong of Beaumont, Marvin Leonard of Fort Worth and Rev. M. E. Sadler of Austin, will be sworn in tomorrow.

Prices Hiked By Sinclair

TULSA, Okla., Aug. 31 (AP)—
Sinclair-Prairie Oil Marketing Co., leader in a crude price reduction which resulted in a six-state oil production shutdown, rescinded today its 20-cent barrel slash.

The company cut crude oil prices
Aug. 10.

The increase of prices is effective
at 7 a. m. today. The company, which buys 100,000 barrels daily, posed in all fields, except East Texas, the prices which had been in effect prior to Aug. 11.

In East Texas, instead of a flat
price, it posted a price of \$1.10 a barrel for 39 gravity oil and above, with a 2-cent differential for each degree of lower gravity.

The Ben Franklin Refining Co.,
of Ardmore, also rescinded its price cuts in the Healdton, Oscar Spring and Seay areas of southern Oklahoma. The restoration was made retroactive to Aug. 22.

Negotiations At A 'Pause' Berlin Says

Germans See Added Tension From Mobilization Orders
BERLIN, Aug. 31 (AP)—Authorized Germans said tonight a "pause" had come about in crisis negotiations with Great Britain but negotiations "are not broken off."

Tension Increased
Announcement of full mobilization of the British fleet coming on top of Poland's extension of mobilization yesterday, these persons

indicated, were at least partly responsible for the "pause."
As a result, it was uncertain whether British questions, put to Adolf Hitler by the British government in a memorandum handed to the Fuehrer last night, would be answered.

This morning it was said
the questions would be answered. Foreign Minister Joachim von Ribbentrop, however, it was then said had given Sir Neville Henderson the British ambassador, an oral indication of what the German reply would be.

Asked whether any new move
were to be expected as a result of the "pause," this afternoon's informants said:

"We have laid our cards on
the table, whether the British will come forward with any more suggestions we do not know."

These quarters said British
mobilization had "increased the tension" in that the general situation late today was "very unclear."

The Italian ambassador,
Bernardo Attolico, called at the foreign office this afternoon after twice having seen Sir Neville.

It was said the Italian
government was "in constant contact with Berlin."

Adolf Hitler was reported to
be ready to play a Russian trump card in an effort to convince the Poles they should come to Berlin and negotiate.

The Russian councillor of
embassy called at the foreign office while hints were spread that unless Poland bows to pressure being put upon her, Hitler intends to announce some degree of military cooperation with the Soviets.

Should Hitler win Stalin over
to actively assisting Germany militarily, Poland would find herself in a highly precarious position.

Further mobilization orders
in Poland yesterday were interpreted by the Berlin government as the answer to efforts to bring Poland to negotiate. Astonishment over the Polish move was professed in informed quarters which spoke about the possible military cooperation with Russia.

The attitude in government
quarters today was that the general crisis situation had not changed since yesterday and that "it all depends on Poland."

ICKES CITES 'HIGH DEGREE OF WASTE' IN ILLINOIS OIL FIELDS

WASHINGTON, Aug. 31 (AP)—
Secretary Ickes told his press conference today there was "a high degree of waste" in that his department had been unable to get "any constructive activity" toward remedying the situation.

Ickes said Illinois was "a
flush field" and added: "It's like other flush fields, they want to make a lot of money and they don't give a damn about the other oil producing states or the nation."

UNIV. LAND LEASE HOLDERS HELD LIABLE FOR PAYMENTS

AUSTIN, Aug. 31 (AP)—
Attorney General Gerald C. Mann ruled today holders of oil and gas leases on University of Texas lands issued prior to 1925 were liable for a \$2 per acre cash payment on issuance and \$2 per acre annual payment from the time the leases were issued.

The attorney general's
department estimated such lease holders owed the state in excess of \$3,000,000 on approximately 150,000 acres.

FOUR CORNERSTONES FOR CAMPUS WARDROBES

These four models are dressed for the campus in the classic cornerstones of college wardrobes. At the left is a two-piece suit of wine wool and a reversible water-proofed campus coat of wool and gabardine. Next, a pair of gray-green classic sweaters top a shirt of the same shade. The third frock, of beige cashmere wool, is worn with a woolly jacket. The last dress is a brown wool version of the shirtwaist frock designed with the new long sleeves and worn with a pigskin belt.

Plans Complete For Beauty Show

The Lone Star Beauticians, sponsoring the beauty parade to be held Friday night on the mezzanine floor of the Settles hotel, announced their plans for the event are complete and that every accommodation will be given to the out-of-town entrants and visitors.

Mr. Myers of the Shelton Company, from St. Louis, Mo., will be the chief of three judges from Abilene and George Scroggins, also of Abilene, will act as a master of ceremonies. Cups will be given to the prizes awarded the four best models—three outstanding models and one from an out-of-town entrant.

The Lubbock Swingers will play for the style show and dance afterwards. There will be no charge for the style show, which begins at 7:45, but the dance will be \$1.10 a couple or stag. Out of town registration begins at 6 p. m. Friday in the Settles hotel.

Jamie Lee Meador, Bride-To-Be, Honored At Reception, Shower

Miss Jamie Lee Meador, daughter of Mr. and Mrs. James P. Meador, and bride-elect of Joe Grimland, son of Mrs. R. O. Bass of Clifton, Tex., was honored with a bridal shower by Mrs. E. N. Ralph in her home Wednesday afternoon. The shower was in the form of a reception and Mrs. Ralph was assisted by Mrs. N. R. Smith, sister of the bride-to-be. Miss Meador is to be married Saturday morning, September 2, at 10 o'clock.

The room was attractively decorated with garden flowers, petunias, sinlias and dahlias. The buffet centerpiece was the reproduction of the wedding scene in the colors of green and white. Under a canopy of English ivy and blooming love vine, the miniature figures of bride, groom and minister were grouped about an altar.

Those in the receiving line were Mrs. E. N. Ralph, Mrs. James P. Meador, Miss Jamie Lee Meador, Mrs. H. Stephens, Mrs. G. E. Pittman, Mrs. Albert Smith, poured the punch while Mrs. Anna Schull supervised registration in the bride's book.

Small pink and green diamond and heart shaped cookies were served with the punch. The punch was in a huge, bowl-shaped block of ice in the center of the table surrounded by English ivy and various colored petunias.

Towards the end of the reception the honoree was presented with a vast array of gifts.

The guests were Mrs. Howard Stephens, Mrs. G. E. Pittman, Mrs. M. Ehlmann, Miss Anne Martin, Mrs. Albert Smith, Mrs. C. D. Miller, Mrs. T. R. Lovelace, Mrs. Ben Lovelace and Mrs. W. D. MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief Many sufferers relieve nagging backache quickly once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste.

Frequent or steady passages with a burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, leg pains, loss of pep and energy, tingling or numbness, swelling, puffiness under the eyes, headache and dizziness.

Don't wait! Ask your doctor for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 16 million of kidney troubles that reduce waste from your blood. Get Doan's Pills.

Cup Matches Friday To Open Ninth Annual Golf Tourney

The Sports Parade

By HANK HART

An open letter to the Big Spring fans by Tony Rego, manager of the Big Spring baseball club:

"The baseball season is drawing to a close, having only two more games (Sept. 4) to be played at home.

"I am therefore taking this opportunity in behalf of the entire baseball club to express my profound thanks to the Big Spring baseball fans for their wholehearted cooperation with us this season. There have been periods when we were losing games, also, when the grandstand burned we felt we had not so much to offer for your cooperation, however, we want you to know we have given the best that was in us and we are looking forward hoping and striving to bring you something better—the pennant.

"We wish to thank our sports writer, Hank Hart, for his hearty cooperation, also, Clyde Angel and Mrs. Nona Baker, who have sold tickets for us all season and Robert Satterwhite, Leith Morris, Jim Robertson and all others who have been in the employ of the club this season. x x x

"There is one thought I wish to leave with the directors, stockholders and fans of Big Spring. Is it not a distinction to have baseball in your town? Is it not a distinction to have a baseball club that is still in the running for the pennant? Is it not a distinction and the best publicity for your town to own ball players whose names appear in newspaper headlines in towns whose population rate 'A' and major league clubs? x x x

"Last year at this time you were striving to pay for your lights and park. You now own the entire plant. Of course there was the tragedy of the grandstand burning and I sincerely trust there was insurance covering the damage. You also have added to your assets better than \$5,000 in ball players. I sincerely hope that unlike last year these players can be sold. x x x

"Under the present arrangement of the selling of these players does not come under my supervision. Personally I hope that you think it advisable for the directors and stockholders to arrive at some new agreement, an agreement which will satisfy all parties concerned.

"We have asked for no donations, as I am fully aware this matter of accumulating money is detrimental to a baseball town. All bills other than to myself have been accounted for.

"Thanking you I remain,

TONY REGO,
"The Skipper."

To present to the fans an idea of the income and expenditures of the local club for the 1939 season, an itemized account of the club's budget is herewith submitted.

With the assistance of Clyde Angel and Nona Baker, Mrs. Rego has kept a running record of all incoming monies from gate receipts, and all monies coming in from guarantees from other clubs, that is, monies paid in the amount of \$50 per game played on the road, also all monies realized at pre-season exhibition games. Funds for such exhibition games are listed as miscellaneous cash which includes monies received from Midland, July 4, in which Big Spring was given a half of the gate receipts.

Mrs. Rego said she felt that it would be impossible to hold a meeting of all stockholders, directors and fans and resorted in this manner to give the supporters a clear picture of the records.

There have been salaries paid monthly to 17 employees, according to the management. On the payroll have been Clarence Trantham, Jodie Marek, Ed Bahr, Louis Janick, Pat Patterson, Willard Ramsdell, Curdele Loyd, Bobby Decker, Billy Capps, Don Wells, Pat Stacey, Tex Watson, Van Marshall, Al Bernhardt, Leith Rego, Leith Morris and Jim Robertson, ground keeper.

The following statement explains what each title of expense consists of:

Operating expense, includes all expenditures for ticket sellers, ball shaggers, fence walkers, etc. Road expense, listed, consist of \$2.00 per day allowed each ball player the 61 days we have been on the road this season, also gas, oil expenditures, Miscellaneous, is expense for 4c per mile for umpires, cleaning baseball suits, medical supplies and medical attention to baseball players for injuries. Also includes all baseball tickets purchased. League expense consists of 10% of all monies from gate receipts which by league ruling has to be sent in after every series of games, this also includes option fees sent to National Association. Training and transportation expense listed below consist of all training expenses paid out before season started, transportation of ballplayers coming in from other towns after season started. Supplies, all baseball bats, balls, catcher's equipment, etc. Bus repairs are included. New set of tires which will still be on the bus for next season. Utility, lights. Ad water for park. Guarantee, \$50.00 per day paid to each club playing here, up to date of this statement 61 games have been played here, three of which were rained out, making a total of 58

gate receipt games this season. There has been 116 games to date of this statement, we only received gate receipts for 58 but nevertheless the baseball players and all salaries and other expense have to be met just the same, it is not permitted that other clubs pay your baseball players while on the road. These salaries have to be made up from your gate receipts after returning home, which makes double salary per day.

Therefore in the 58 games played at home 116 days salary, making to date of August 25, an average of \$99.22 daily, lights and water average daily \$18.25, 10% to league, daily average \$17.01, operating expense daily \$7.73, also \$50.00 guarantee paid to each visiting club, which makes a total of \$180.32 daily expense. This does not include the numerous other expenses which you will find in statement as follows.

You will please note in following, the bleachers built, also the bus purchased is still the property of the baseball club.

Price Will Be Able To Play

NEWCASTLE, Aug. 31 (AP)—The Texas A. and M. football machine, oiling up for what many expect to be a victorious ride through the Southwest conference, will not lose its sparkplug after all.

Wairson (Cotton) Price, star halfback, was burned in a gasoline explosion Tuesday and at first it was feared he would be lost to football. However, physicians said Price should be in condition to report for practice.

HORSE SHOW IS MIDLAND RODEO FEATURE

MIDLAND, Aug. 31—Five-gaited horses from some of the leading stables of Texas will be seen in action on the night programs of the Midland rodeo Saturday, Sunday and Monday, culminating in a stake the final night.

The horse show events occupy the same part of the night program taken by the relay and freestyle races on the afternoon program.

Pickens Burton of Dallas will be one of the judges.

GRIDIRON DRILLS BEGIN FRIDAY

Given the "go" signal by state interscholastic league regulations, candidates for the 1939 Big Spring high school football team greet Coach Pat Murphy for the first time at the high school Friday morning.

Murphy expects to issue equipment to 40 or more youngsters, including eight returning lettermen.

The mentor indicated he would send the squad through two night workouts Friday, the first around 9:30 a. m., the other in the cooler part of the afternoon.

The squad was due to be introduced to Elva Baker, now assistant coach, when they get their toggy. Baker, a former Texas Tech star who has been connected with the Greenville coaching staff for the past two years, was appointed last spring to replace Garren Brandon, resigned.

Lettermen scheduled to report are Lefty Bethell, Johnny Miller, Dr. E. Garmon, Bobby Savage, Winnett Nance, Ed Battie, Don Fletcher and Paul Kauch.

American Loop Teams Playing 'Give-Away'

Yanks Follow Suit By Donating Game To Cleveland

By JUDSON BAILEY
Associated Press Sports Writer

The race in the American League has become so dull that the teams now are playing "give-away." Even the world champion New York Yankees are taking part.

The Yankees dropped the second straight last night, in a 4-3, tenning debacle which must have amused the 35,000 spectators at Cleveland.

Three pitchers muffled the Bronx bombers with four hits, two of them bringing a run in the first inning. Hal Trosky hit his 23rd homer with one on in the fourth to lift the Tribe in front and then the boys strided to play—but not baseball.

In the seventh Joe Gordon walked, went to second on an error, hit third on a sacrifice and scored on Al Milnar's wild pitch. In the eighth Bruce Campbell made a three-base blunder on a fly by Red Rolfe, who scored on a single. In the ninth Lefty Gomez walked a batter with the bases loaded to tie the score, and in the tenth Ben Chapman was walked by Johnny Murphy and subsequently scored the winning run on Ken Keltner's third single.

The Boston Red Sox passed up the chance to chase another nick in New York's 12-game lead by tossing a 7-6 decision to the Tigers although getting three home runs and outitting Detroit, 13-4.

The Philadelphia Athletics took a doubleheader from the St. Louis Browns, 8-4, and 3-0, cranking nine runs into the seventh inning of the first game with Sam Chapman getting a home run and a double and Frank Hayes hitting a homer with two on. An error let in the A's first run in the nightcap, which was called after seven innings because of darkness.

The Chicago White Sox and Washington Senators divided a double bill. The veteran Ted Lyons returned to the lineup after being out 16 days and pitched a four-hit, 5-2 victory for the Sox in the opener.

Lefty Joe Krakauskas won the afterpiece, 4-3, with seven-hit hurling.

All the games in the National League were rained out.

HERSHEY FIELD TEES OFF IN \$5,000 TEST

HERSHEY, Pa., Aug. 31 (AP)—Four golfers who have won 18 of the 26 major tournaments this year started out today as favorites against a field of 114 in quest of the Hershey Open championship and \$5,000 in cash prizes.

As the first threesome teed off in this chocolate town, odds lay heavily on the side of:

Henry G. Picard, home professional and P.G.A. title holder.
Byron Nelson, U. S. Open champion from Reading, Pa.
Dick Metz, handsome Chicago shotmaker.
Ralph Guldahl, urbane Texan who holds two successive National Open crowns.

Eighteen holes today and tomorrow will qualify the 60 low players for the final 36 holes Saturday and Sunday.

Buff's Assured Of Place In Playoff

The leading Buffs took a 7-2 drubbing from up-and-coming Tulsa last night but that didn't bother Houston, which boasts a sufficient margin that should they lose all remaining games they still would be in the play-off.

Shreveport, clinging to the hope of finishing at least fourth, made the principal advance by clubbing the hapless Oklahoma City Red skins in a double-header, 6-4 and 3-2.

The fourth-place Fort Worth Cats downed seventh-place Beaumont 8-4.

San Antonio edged into a tie for second place with the Dallas Rebels by beating the Rebels 7-5 on a pinch homer in the ninth by Sygmund Grynska.

Abilene Champs Oppose Borger

HOUSTON, Aug. 31 (AP)—All but one first round game will have been played tonight in the Texas amateur football tournament.

Five games are scheduled with Corsicana meeting Graham, Abilene playing Borger, Fort Worth clashing with Seal's Series of Houston and Austin tangling with Houston York and Oil Field Supply.

Galveston, Baytown, Denton, Borger and Kilgore came through the first round games last night: Galveston defeated Wharton 1-0, Baytown took out Bryan 4-2, Denton defeated New Gulf All-Stars 7-2, Borger won over Edinburg 4-3 and Kilgore eliminated Dallas 4-0.

Pros Use Three Field Goals To Stop All-Stars

Giants Intercept Five Collegian Passes

CHICAGO, Aug. 31 (AP)—Touchdowns or no touchdowns, football's professional champions now are even with the college all-stars in their six-year-old series of pre-season charity battles.

The New York Giants, pro champions, gave the all-stars a sound lesson in gridiron versatility last night before 81,456 customers to win, 9 to 0, on three field goals.

This was the second time the pro champions defeated the collegians, and the second time they did it without a touchdown. In 1935, the Chicago Bears won, 6 to 0.

The series now stands all square at two victories apiece and two ties.

The all-stars' vaunted passing attack, starring such notable amateurs as Davey O'Brien of Texas Christian, Sid Luckman of Columbia, Billy Patterson of Baylor and Johnny Pinget of Michigan State never quite came off. Each time the college boys began to roll goal ward an alert Giant squelched the threat with a pass interception. The pros caught five opposing passes in all.

The Giants first drove into booting range in the first period. War Cuff, former Marquette star came through from the 34-yard line.

The pros made it 6-0 in the second period, 31-year-old Ken Strong one-time New York University great, firing one through the uprights from the 22-yard line.

After a scoreless third in which O'Brien intercepted a Giant pass on his own nine yard stripe to block a possible touchdown, the Giants finished scoring in the final period. Strong again contributed the three-pointer from the 41-yard line.

The all-stars never advanced as far as the Giants' 20-yard line but even so they scored one more first down than the pros, 10 to 9.

The Giants gained 135 yards rushing the all-stars 63. In the air the all-stars led, 89 to 64.

Barons Lose 6-5 Game To Pampa

Pampa, Aug. 31—Jodie Marek's quest for his 23rd pitching victory was unsuccessful as the Pampa Oilers defeated the Big Spring Barons, 6-5, for the second successive time here Wednesday evening.

The defeat enabled the Midland Cowboys, who defeated Borger, 16-11, to slip into third place a mere percentage point in front of the Regomens.

Frankie Grabek gave up 13 base blows to the Big Springers but kept them well scattered.

His mates worked over Marek early, getting to him for four runs in the fourth round. Jodie left in the sixth in favor of Will Ramsdell who finished.

Gordon Neil paced the Oilers at bat with a home run and two singles.

The Barons counted three runs in the eighth round but the rally fell one short of tying the count Curdele Loyd's double and brace of singles featured the Big Spring assault.

Despite the defeat the Big Springers' chances of landing in the league's Shaughnessy playoff appeared none the less bright. The defeat absorbed by Borger all but eliminated them from the running for a first division slot. Now trailing the Barons by four games, the Gassers have but six games remaining on their schedule.

Manager Tony Rego takes his charges to Lamesa today where they open a two night stand before moving on to the "crucial" series with the Cowboys. Louis Janick was scheduled to work against the Lobos in this evening's encounter.

Sain's Lineup Is Favored To Regain Trophy

71 Already Entered In Meet; Record Field Is Due

Fifteen players Wednesday notified Manager Shir Robbins of intention to enter the ninth annual Big Spring Invitational Golf tournament Sept. 2-4, bringing to 71 the number who have already posted qualifying scores paid their entry fees.

The second annual Hall & Bennett trophy matches, pitting local teams captained by Sam Sain, against Bob Farmer's powerful "invading" crew will herald a popular meeting Friday.

The locals today were slight favorites to turn back the Odessa team and regain the handsome trophy lost last year to an aggregate skippered by Joe Dick Slaughter, Lubbock.

Sain has lined up the city's best available golfers. Performing on the squad will be Doug Jones, O. Bristow, Guy Rainey, D. P. Walsh, Shirley Robbins, Frank Morgan, Jake Morgan, Jimmy Brigham, W. W. Barker, and Sain.

A series of Scotch foursome matches will be the morning menu with the singles duels due in the afternoon.

Farmer's team will be composed of O. E. Broome, Morgan, Neil.

Garner Loses To Wonders

The Hitless Wonders, local independent baseball nine, defeated the Garner Hill Billies, 8-0, Wednesday afternoon as Roger Wolf saw the invaders down with a solitary blow.

The Wonders counted three runs in the first round and had an easy time thereafter.

Score by innings: Garner 000 00-0 1 1
Wonders 301 48-8 6 1

Question And Answer Game: How Much Do You Know About Tea?

1. Is tea as popular a beverage as coffee, beer, soda-water and other concoctions with the mass of people throughout the world?
2. Is it difficult to serve tea correctly and what necessities are required to brew the modern beverage successfully?
3. What is the approved and correct modern method of brewing a cup of England's national beverage?
4. From what manner of plant do the well known tea leaves come, and of what country is the plant native?
5. Which of the main tea growing countries is the world's leading producer of the potent leaves?
6. Do you know the meaning of the word pekoe, how it is pronounced and what is its significance to the tea industry?
7. What is Oolong tea and what does the word Oolong mean in the Chinese language from which it is derived?
8. Is it the truth that the Chinese eat the tea leaves and throw away the liquid, or do they drink it as the rest of the world does?
9. Has tea ever been grown successfully in this country, and if so, can it be made into a profitable enterprise?
10. What did the Englishmen call their national drink, tea, when it was first introduced into that country?
11. Do you know how much tea is consumed annually, exclusive of China—the consumption rate there not being estimable due to the order of things?
12. What are the meanings of the phrases "cambric tea" and "high tea," and when is the latter served?
13. What countries taken together consume more tea than all the rest of the world?
14. What is the effect of tea on the nervous and digestive systems of the human body when used in ordinary amounts?

ANSWERS TO THE FOREGOING QUESTIONS WILL BE FOUND BELOW

1. Yes, it certainly is a popular drink. In fact, the wrinkled and savory leaves are used by a greater number of people as a drink than any other beverage in the world.
2. It is the simplest beverage to serve correctly and all that is required is a teapot, cups and saucers, spoons, sliced lemon and a cream pitcher. A strainer may be used.
3. Heat water to boiling and pour a little into the teapot and swirl it around until the pot is hot. Remove water and then put in as many spoonfuls of tea as you have people to serve. Put in one extra spoonful—"for the pot," as the saying goes and then pour bubbling boiling water into the teapot. Allow to stand for flavor, stir and serve.
4. The tea plant is an evergreen tree, growing to a height of 30 feet in its natural state, and bearing long narrow, leathery leaves and beautiful white or rose tinted flowers, followed by woody capsules containing three round seeds each. It is a native of Asia.
5. The leading tea producing country of the world's supply is China, with India, Ceylon, Java and Japan following in that order.
6. Pekoe (pronounced peck-o, not peck-o) is not a particular kind of tea, it is a grade of black tea. Orange pekoe tea is a grade of tea resulting from sifting the leaves through a sieve having a mesh of a specific size.
7. The word Oolong comes from the Chinese word wulong, which means "black dragon." Oolong is a semi-fermented tea.
8. Generally speaking, the Chinese consume their tea as we do, but they do have a certain virgin variety of tea leaf that they use as a salad.
9. The tea plant has been grown experimentally in South Carolina, but it did not become a profitable enterprise here because of the labor cost being so much higher than in the Orient.
10. When a cup of tea was an innovation in England, the heaviest tea drinking country of them all, an imbibor would step into a tea house and order a "pot of the best sort of chaw."
11. Tea is consumed at the rate of 900 million pounds annually by the world, exclusive of China.
12. Cambric tea is a mixture of hot water, milk and sugar, flavored with tea, and high tea is a complete meal, served either in the afternoon or evening at which tea is served.
13. The people of Great Britain and Northern Ireland manage to put away more of the leafy brewed liquid than all the other countries put together.
14. Tea is a mild stimulant with practically no reaction unless used in amounts far beyond normal custom. It soothes the nervous system when it becomes excited or tense, relieves bodily fatigue and serves to aid the digestion of foods.
15. The principal ingredient of tea—theine—acts as a stimulant to the reflex centers in the spinal cord, enabling the muscles to contract more vigorously without producing a "secondary depression." That is why many armies give tea as a regular beverage to soldiers in the field.
16. In beverage form, tea is an alkaline food which aids in counteracting acidity in other foods. That is why it is useful as an aid to digestion.
17. In a new planting of tea bushes, the first crop is ready by the third year and a full crop may be harvested in the fifth year after planting. The full crop will yield up to a thousand pounds of leaves to the acre.
18. Both the green and the black tea leaves come from the same plant, the difference in their respective coloring being due to the mode of preparation of the leaves before marketing them.
19. Green tea is made by withering the leaves by steaming them in perforated pans as soon as they are gathered and then roasting them for five minutes, thus retaining the green color. Black is the favorite tea with the majority.
20. The discovery of tea dates back to several thousand years in Europe?

NEW A&M BUILDINGS NEARING COMPLETION

Final touches are being given the twelve new dormitories and dining hall at Texas A&M College and all of the buildings will be completed in time for the opening of school on Sept. 22. The new dormitories will have 1210 rooms and house 3250 of the students expected to attend the college this year. For the first time in several years there will be space enough to care for the entire student body in the halls or in the several project houses on the campus.

Actor-Unions Talk Strike

NEW YORK, Aug. 31 (AP)—Actors' unions at odds in a bitter jurisdictional fight threatened today to call a strike next week that would close theaters on Broadway, movie studios in Hollywood and possibly darken film houses throughout the country.

Eleven unions affiliated with the Associated Actors and Artists of America, parent union of actor organizations, will hold meetings in New York and Hollywood Sunday to vote on a strike to force the International Alliance of Theatrical Stage Employees (stagehands) to revoke its charter to the American Federation of Actors and clear out of the actors' field.

The showdown in the dispute is expected to come Monday, Labor Day, when Sophie Tucker, president of the American Federation of Actors and self-styled "last of the red hot mammas," is slated to appear at the Imperial theater here for a rehearsal of "Leave It To Me." The musical is scheduled to reopen Monday night after a midsummer layoff.

The cast, at the direction of Actors Equity, (A-A unit) is expected to refuse to work with Miss Tucker, who was suspended after her organization obtained a charter from the stagehands' union.

The stagehands have threatened to walk out if Miss Tucker is replaced by an understudy, and to call out their members on Broadway and possibly their projectionists in movie houses over the country.

Miss Tucker, 30 years an actress, declared today she would be "on the job" Monday.

MOVE TO CURB EXPANSION OF TEXAS VEGETABLE ACREAGE

LOCATED IN CAR

Police Thursday had solved the mysterious disappearance act of a suspected prowler.

For several nights mobile police had checked reports on an alleged prowler near the downtown area. Each time they spotted him, but before they could pick him up, he mysteriously vanished.

Wednesday night police decided to have a look at a car which was habitually parked in the area. They found their suspect neatly bedded down for the night. He was being questioned Thursday.

MOVE TO CURB EXPANSION OF TEXAS VEGETABLE ACREAGE

COLLEGE STATION, Aug. 31 (AP)—The AAA moved to close the gate on commercial vegetable acreage expansion in Texas today, as the South's first 1940 voluntary vegetable acreage allotments were submitted to farmers of Willacy county.

The vegetable program, first of its kind in Texas, will apply only to those counties which had 200 acres or more in commercial truck last year—exclusive of watermelons, strawberries, Irish and sweet potatoes and asparagus. Each individual farmer has the privilege of deciding whether or not to participate in the program.

About 125 counties are expected to fall into this class, E. F. Vance, assistant state AAA administrator, said.

County acreage allotments for 1940 will be the same as the planted acreage this year, but individual allotments may be more, or less—depending on how the county AAA committee apportion county allotments after consulting vegetable producers on their 1940 plans, Vance explained.

"With this voluntary program, we are not asking for a reduction of commercial vegetable acreage," he said, "but are merely attempting to keep the acreage from expanding beyond the vegetable market's present ability to absorb the supply."

The cooperating farmer will receive \$1.50 an acre for each acre in his vegetable allotment. From the total of payments thus due him, \$20 will be deducted for each acre he plants in excess of his allotment.

Vegetable allotments also will increase the amount of money available in Texas for soil-building under the AAA program, Vance said. Each acre of a vegetable allotment will add 70 cents to the farm's soil-building allowance to be earned by terracing, planting legumes or improving the soil in some other specified manner.

UNEMPLOYMENT FOR JULY SHOWS GAIN

NEW YORK, Aug. 31 (AP)—The national industrial conference board reported today national unemployment increased from 9,528,000 in June to 9,860,000 in July, a jump of 332,000.

In July, 1938, the board said, there were 10,894,000 unemployed.

ated evacuation areas is about 11,000,000, but only a part of these residents would fall into the first group to be moved.

Those falling in the "priority classes" are school children accompanied by their teachers, children of pre-school age accompanied by their mothers or other escorts, expectant mothers, and the adult blind and crippled population if the removal of invalids is feasible.

Meanwhile the diplomatic exchange over the European crisis was said authoritatively to be hampered by the "reluctance" of Germany to recognize the binding nature of British and French guarantees to defend Poland's independence if Poland also fights.

British diplomatic effort was described by sources close to the government as directed toward inducing a frame of mind in which negotiation proper on Europe's outstanding dispute—the German-Polish quarrel—could begin.

The next move, it was said, must come from Berlin or Warsaw, Britain's latest communication in the secret exchange with Adolf Hitler was in the German government's hands, delivered during the night by Ambassador Sir Neville Henderson.

The note was said to have restated things Britain had said before, leaving the situation essentially unchanged.

child welfare. They probably will name the executive head of the new department before the end of the week.

The state police force was hit hardest by the governmental economy movement. Personnel of its various branches was cut by 160 persons to a total of 437. Starting tomorrow the highway patrol will have but 232 men.

The game department will lose 25 of its 105 wardens and the railroad commission 60 of its 403 employees, mostly in the oil and gas divisions. The office and field forces of the comptroller's department will be reduced by 71. Other departments suffered in varying degrees.

The governor is due to make several appointments early in the new fiscal year. The most important is that of a successor to the late Claude Teer, chairman of the board of control.

O. P. Lockhart, Austin business man, and John Wallace, former board of control member, are among those mentioned as possibilities for the place. O'Daniel also will name a state auditor and two persons to the six-member game and fish commission.

The order of virtual general mobilization in Poland yesterday was considered here to have caused the eastern Europe situation to take a dangerous step toward a showdown. The move aroused indignation in Berlin.

Shortly before midnight the cabinet announced that the "special council for defense of the realm" was being established "for the duration of the present foreign political tension."

A decree by Hitler created this little group of six strong men who will control almost every conceivable human activity in Germany and the all-powerful fuesher himself gave it authority almost equaling his own.

ACT AIDS EMPLOYERS

SALT LAKE CITY, Aug. 31 (AP)—The ultimate effect of the fair labor standards (wage-hour) act is to produce conditions beneficial to employers, Elmer F. Andrews declared today in an address gently chiding mining executives for their criticism of the act.

Flood Control Survey Plans Take Shape

A flood control survey, being undertaken here jointly by the city, county and Texas and Pacific Railway company, is shaping up rapidly, it was announced by city officials Thursday.

Simon Freese, Fort Worth, member of the engineering firm of Freese and Nichols which has the survey contract together with the engineering work on the city waterworks improvement program, checked progress on the survey Thursday and found that in about a week staff workers would be ready to check density of rainfall along various tributaries which empty into Sulphur Draw and flow through Big Spring.

Topographical information compiled by government agencies and USGS data secured by City Manager E. V. Spence in Washington recently have been incorporated into the exhaustive survey. The study is designed for the purpose of finding means whereby the occasional floodwaters, accruing from crushing rains, can be controlled to mitigate damage to Big Spring.

Picnic Affairs At City Park

Several hundred people from over a wide area of West Texas are expected at the city park Sunday for two large picnic gatherings.

One will be the West Texas annual outing for employees of the Magnolia Petroleum Corp., and the other will be the annual area reunion of former residents of Franklin county.

Families of all Magnolia employees in the territory, together with several high officials out of the Dallas office, are due to participate in the picnic affair. An added feature will be a company golf tournament. The picnic will be held in the evening.

T. J. A. Robinson, a city commissioner and one of the leaders of the Franklin County reunion, said that several hundred people were expected from a 25-county area to join in the annual get-together of people who once resided around Mount Pleasant. City officials said that they were making arrangements to accommodate the two groups and that in event of inclement weather, the community center would be turned over to the visitors.

Nearly 3,000 Cars Checked

Little less than 3,000 automobiles had been checked by the state highway department safety lane in two and a half days of operation to noon Thursday.

Sgt. W. M. King, in charge of the lane, said that the number of cars going through the lane dropped off slightly Wednesday. On the open day the number exceeded 3,000. Wednesday the total was 1,134, and during Thursday morning 381 automobiles had gone through the lane shortly before noon.

Of the number checked Wednesday, 438 passed on first inspection and 579 were found to be defective. A breakdown showed that 404 had bad brakes, 114 had faulty mufflers, 141 defective lights, 83 inefficient horns, 139 unbalanced steering, and 144 inefficient windshield wipers.

During the day 117 of the defective cars had the trouble cleared and returned to the lane to receive stickers denoting the automobile to be safe for driving. This boosted the safe vehicle margin to 55 percent of those tested.

Sgt. King said that his staff would continue the lane through Friday before continuing to Wichita Falls. He urged the public to take advantage of the opportunity for a free check on their automobiles.

PENNANT PROPHECY—"We'll do it again," Bill McKechnie (right), Cincinnati Reds manager, assured Charles "Chick" Fulmer, 35, when they met at an Old Timers' session in Philadelphia, before a Phillies-Reds game. MARKETS

Wall Street

NEW YORK, Aug. 31 (AP)—The war dice rattled a bit more feverishly on Europe's political tables today and financial markets generally resumed the retreat.

Stocks dipped one to three points at one time, but slowness of dealings provided some consolation for bullish quarters. Transfers for the five hours were around 500,000 shares.

Late reports Italy might attempt to mediate the axis-anti-axis controversy over Poland brought in mild support at the last and extreme moments were halved in many instances when the closing gong sounded.

War staples rose and those in other categories displayed mixed to lower tendencies. Bonds were well down on small volume. Foreign markets turned in a losing performance throughout.

come, by decreeing that Paris henceforth must be blacked out. Meanwhile the diplomatic line for peace negotiations were kept open, awaiting the next move by Germany's fuesher.

Across the Rhine border, however, French sources said, the German army was already on a wartime footing.

Through the Paris police an order was issued putting into execution the strict black-out laws already published.

Under them every exterior light must be extinguished on Paris buildings and every window must be so screened that no ray of light escapes. Any light will lead without further warning to cutting off the electric current for the whole building as well as a police investigation.

The government also issued its fifth appeal to the citizens of Paris who could leave the city to get out while transportation was still available.

The government formally took over the railroads to transport troops and military supplies to strategic centers. Thousands more school children were sent to the country in continuation of evacuation of 50,000 which started yesterday.

War fears were intensified by Berlin dispatches Germany had appointed a high, inclusive military and political "war council."

MOSCOW, Aug. 31 (AP)—Both houses of the supreme soviet, Russia's parliament, today adopted unanimously a new and tighter conscription law which War Commissar Marshal K. E. Voroshiloff declared would show Russia's readiness "we shall not be caught unawares."

The bill extends soon terms of service, lowers conscript ages for high school graduates and provides for wartime mobilization of women trained in medicine and communication technique.

Parliament decided to consider ratification of the German-Russian non-aggression pact today in joint session.

BERNE, Aug. 31 (AP)—The Italian minister to Switzerland today gave Giuseppe Motta, Swiss minister of foreign affairs, assurances Italy would observe Swiss neutrality in the event of war.

Motta replied Switzerland also would observe strict neutrality, continuing normal peacetime trade with Italy.

The Italian minister's call was in reply to a note sent by Switzerland to Rome, Paris and Berlin calling attention to the declaration of Swiss neutrality made by the national council yesterday.

NYA Project For Park Is Planned

Approval of a small NYA project to improve facilities at the city park is expected soon, E. V. Spence, city manager, said Thursday.

The project is set up on a one month basis and will care for only a few youths who are in need of work but who are too young to qualify for adult relief work projects.

Share of the city in the job will be \$175, an item included for supervision but actually paid out in salary already. The NYA is down for \$172 in funds.

As explained by the manager, the project will be in the nature of shaping up existing facilities at the park and is contemplated as a prelude to a more pretentious NYA project if and when commissioners approve tentative plans.

COACH A VISITOR

Vernon Hilliard, coach of the Plainview high school football team, passed through here Thursday enroute from his boys summer camp near San Marcos to Plainview to begin practice. He said reports indicated his squad members were in good shape and would be ready to begin practice Friday morning. Hilliard was accompanied by his wife and two sons.

That Neutrality Law

Whether developments in Europe move President Roosevelt to call a special session of congress or whether the crisis subsides, the tension of the last few days must remind some Americans of the incongruity of the neutrality act of 1937 which yet controls much of the foreign policy of the United States.

Under that law, if war were to break out, it would be perfectly permissible for Americans to sell wheat, cotton, copper, steel and other raw materials to belligerents and to ship these supplies to them in American ships, sending American vessels into the war zone.

During the World war the trade of the United States in raw materials sold to Britain, France and their allies was three times as great as its trade in actual war munitions sent to these countries.

That congress should have defeated the administration in its fight for removal of the arms embargo is no guarantee of American abstention from war.

Hollywood Sights And Sounds

HOLLYWOOD—Here I'd been thinking all the time that a good movie story was just a good movie story, and along came Jeff Lazarus to break it all down in terms of "gross tonnage."

The expression has no reference, as you might think, to the mass production methods of this big movie industry. It refers, despite its materialistic ring, to the elements that go into artistic as well as purely commercial films.

First, though, you ought to know Jeff Lazarus. He's a vigorous, dynamic, clear-thinking young producer who has come into the limelight lately with pictures like "Cafe Society," "Give Me a Sailor," "St. Louis Blues," "Ride a Crooked Mile" and his latest, "My Love For Yours."

"Gross tonnage" came up during a quick lunch—Jeff is as hurried and hurried for time as most fellows who really work at their jobs—and it came up in a discussion of the relative merits of short story and novel as "picture material."

"First, does the story have a group of interesting characters?" "Second, does it have interesting situations? A movie is just a series of situations. A brilliant director like Greg LaCava can take as few as two or three situations, and work them around in his own way, with sidelights and variations, to make a great picture.

"Then there's 'color.' I believe people like to have the screen supply them vicariously with things they don't ordinarily have. Just as any man would like to face danger as bravely as Gary Cooper does, or look at battle as nonchalantly as the heroes of John Ford's movies, I believe audiences want the color of scenes their own lives lack.

"Plenty of incidents, too. The more a story is crammed with meaningful or amusing or dramatic incidents, the better material it is for pictures.

"And if a story has the benefit of a colorful legend, besides all these things, it's just about right for a successful picture. By colorful legend I mean any background long celebrated in story, so that the average audience can read into it all that has been read before.

How To Torture Your Husband

Washington Daybook

WASHINGTON—We have seen enough of these army maneuvers in the past day or so to convince us that the next war, just like the last one, is going to be hell on the feet.

That goes in spite of the motorization that supposedly moves the army through the war with the greatest of ease.

There is still an awful lot of walking in a war, and just plain standing around waiting for somebody else to do something so YOU can do something.

Stonewall Jackson or old General Forrest (he wasn't a Manassas general) would have shuddered until their boot buckles rattled if they could have seen how the Battle of Bull Run would be fought in these modern times.

Old General Forrest, the blacksmith who dropped his anvil and became one of America's greatest soldiers, once said that the way to win battles was to "get there fustest with the mostest men."

With these modern high-speed tanks a 10-minute head start means grabbing off five miles of Virginia countryside. Also a thousand army trucks can jam 50 miles of Virginia country road until a greased pig couldn't squeeze through.

What we missed at Manassas was congress. Congress quit early on the day of the first battle of Bull Run in 1861 and followed the Union forces out of town to watch them wrap up the Johnny Rebs.

Fastly and badly organized, both Feds and Confeds were about to take to their heels before the battle was many hours old. But Stonewall Jackson held his Virginians to the line and the other Confederates rallied. No Federal general stood "like a stone wall" to encourage the Union forces.

NEW YORK—They are tearing down an old brick building in the 50's... If you walk along the street you see "danger" signs, urging you to beware of falling boulders.

It so happened that I came along during the lunch hour, and a big, bald Greek, about 40, was sitting with his back against the half-raised brick wall, in the broiling sun, wolfing his lunch.

Strike me if the words weren't still on his lips when a loose brick, from high above, toppled off the wall and landed on the pavement a foot from where he was sitting.

Meet Mr. Lochinvar

By Marie Blizard

Chapter 38 LEFT FOOT, RIGHT FOOT There were excited whispers all about them. People stopped at tables on the way to their own, leaned down, whispered. The dance floor was deserted, and through the windows Cecily saw the men down on their knees, the porters with long brooms. Fine-combing the room. She prayed they'd find that which they sought.

"Must be worth ten thousand dollars..." "It couldn't have been stolen..." "She said the clasp was weak..." "Did you know that there's a rumor that the reason Lady Rathbone left Mrs. Brewster's suddenly was because she said a valuable diamond pin had been stolen? I told my husband..."

"Stupid woman to wear a jewel like that to a place like this," Gloria said. "Why?" Philip asked. "Every body knows everybody else. If there were any suspicion that it had been stolen, the committee would have gone about it more quietly, searched the guests."

"That sounds reasonable," Jim Penny said. "Why don't we suggest it? Then there won't be any question about it. The men might submit to it without letting the ladies in on it."

"Good idea!" Philip agreed. "It's nasty business. I'll tell Lochran. Suppose we go in first?" Gloria said, "Don't be silly, Philip! Mrs. Goodale herself said the clasp was weak. It'll turn up if you're feeling so energetic you might see if you can snag a waiter. I want some more coffee."

Mrs. Goodale came back, looking haggard under her smile. Immediately all heads turned toward her. She stood in the door, holding up her hand. "It's all right, everybody. I'm sorry my carelessness spoiled the party. Please forget that it happened. We're sure it will turn up somewhere. Anyway, it's insured. I'm afraid there isn't going to be any more dancing because the search isn't over and.... So, the orchestra is moving over to my place and you're all invited!"

Immediately there was a concerted movement as chairs were moved back. As she got up, Cecily saw that the food on Laura's plate was untouched. Olivia came over to their table. "Children, it's after one. I'm going home but you all go on to Mrs. Goodale's if you wish."

Tony said, "I'm for going home." "So am I, Mother. The edge is off the party." They all decided to go home. Laura leaned toward Cecily and said in a low voice, "Insurance companies don't pay large sums without making extensive inquiries, do they?" Cecily shook her head. "Oh, definitely not," she thought. The time that Doug had lost his gold cigarette case given to him on his twenty-first birthday, the place had been over-run with investigators. It was Cecily who before paying a two hundred dollar claim, what would they do for one as large as this one must be?

They'd send detectives. They'd question everybody. They'd say "Exactly who was at the party?" They'd ask if there were any suspicious characters seen about the grounds. They might even tie this up to the Brewster affair.

Nightmares They might learn of the figure on the veranda. Had anyone else seen it? Had anyone heard her call, "It's Cecily!" All that night she dreamed nightmares. Dreams in which she stood over her menacingly threatening her with prison. They finger-printed her. They said "You know all about it and we'll make you talk." And she said, "No! No! But Laura knows!" And then in horror of what she had said, she woke up and was unable to sleep the rest of the night.

Midland Will Open Rodeo With Parade

MIDLAND, Aug. 31 — With its program completed and entries for the various events coming in daily, the Midland rodeo, September 2-3-4 is ready for the two mile parade of mounted cowboys, lady sponsors and cowmen, which will officially open the rodeo, which moves out Saturday noon.

Highlights of the three day show will be the big time rodeo program with two performances daily, in which both nationally famous rodeo stars and cowboys from West Texas and New Mexico will compete.

The ever popular junior calf roping contest for boys will again be a feature of the show. Thirty young lady sponsors, representing as many West Texas and New Mexico towns will add color and contest for honors and valuable prizes.

An unusual method of determining the riding ability of the young lady contestants has been arranged by the management and will be a feature attraction of its program. Top prize for this event will be a modern two-horse Hobb trailer, valued at \$300.

Midland citizens and rodeo officials are gratified with the number of visitors and delegations making hotel reservations or advising of their intention to attend the show. These delegations indicate the ever-growing interest in the annual Midland show, which is rapidly becoming known as "The fall gathering place for West Texas folks."

KBST NOTES— Zack Hurt Will Present Sports Broadcasts

Probable single pairings: Jones vs. Shaffer. Bristol vs. Hill. Rainey vs. Neil. Robbins vs. Roden. J. Morgan vs. Johnson. Barker vs. Stacey. Watt vs. Broome. Sain vs. Farmer. Special Byron Nelson wood sets will be awarded winners of all flights. Runnersup will be given golf bags while consolation winners will be offered golf shoes. Most of the premiums are on display at the club house. Most of the leading out-of-town players, including Slaughter and his fellow Lubbocker, Cliff Dean, are expected to register Saturday, regular qualifying day. The late rush is expected to swell the starting lineup to a record figure. A total of 134 entered in 1938. That figure is expected to be bettered by at least 35 players. Entrants who posted qualifying scores Wednesday were: Glen Hancock, 83. Laurence Robinson, 88. Tom Coffee, 88. Harry Hoeckendorf, 88. Sammy Sain, 74. D. P. Watt, 78. Robert Swartz, 79. Entrants who paid their starting fees but did not play were Jake and Bill Roden, both of Glen Rose, John L. McAllen, N. G. Hillard, E. L. McAllen, Ben Daniel and V. T. Anderson.

Henderson Blanked

By Longview, 1-0

The emphasis is on pitching and well-to-batters know it as next-to-last-place Longview gives leading Henderson a real workout in the East Texas league race.

In two days the teams have scored only two runs and managed to get only 17 hits. Tuesday Henderson won 1-0 and yesterday Longview reversed things with a 1-0 victory as Pat Beasley allowed the leaders three singles.

Runner-up Kilgore crushed Texarkana 10-0 behind two-hit hurling by Walt Brown, third-place Palestine bounced Marshall 11-5 and fourth-place Tyler split a double-header with Jacksonville, taking the first game 9-7 and dropping the nightcap 6-0.

Munger Ties Record

ARCOLA, N. J., Aug. 31 (AP)—Jack Munger of Dallas, who established a course record of 67, four under par, to win the qualifying medal, was a co-favorite today with Johnny Goodman of Omaha, Neb. former national open and amateur champion, as match play started in the annual Arcola country club in invitation golf tournament.

Thirty-two players qualified yesterday for the tourney in which there will be two rounds of 18 holes today and tomorrow and a 36-hole final Saturday.

JOCKEY DIES

WASHINGTON, Aug. 31 (AP)—Jockey Lou Machado, 22, died today at a hospital where he was taken after he fell during a race yesterday at Marlboro, Md. A horse's hoof struck him and fractured his skull.

ability for Laura's going to Locke's cabin. She told him everything that she knew about the night before. When she finished, Donald was silent for a few minutes, drawing thoughtfully on his pipe. "Why did you come to me with this?" he asked finally. "Because . . . because I want your help. I want you to tell me the right thing to do. And . . . and I want you to find some way out of it without calling in the police. You see . . . I don't seem to know the right thing to do, I know that on the face of it all, he appears in a very bad light and yet . . . yet I don't believe he's guilty. I don't believe he is a thief!" "Don't you, my dear?" He smiled slowly. "No!" "I don't know him," he said "but I'm inclined to trust your judgment of people. Also, I'm gratified to see for nothing but myself in an unpleasant light." His remark surprised Cecily. "I don't understand . . ."

McGEHEE OPENS TOURNEY PLAY

Dago Herr's McGehee Super Service softball team, city league champions, invade San Angelo this evening where they play the Menard All-Stars in a first round game of the West Texas Invitational Softball tournament.

The McGehee-Menard game will officially open the tournament which extends through Monday night. If the Big Springers succeed in defeating the Menard team they will return to action at 7:45 p. m. Friday. Semifinal games in their bracket will be played at 7:30 p. m. Saturday with finals slated for Monday evening, 8 o'clock.

Thirteen teams are entered in the tournament with Maurice Shoppe, San Angelo, co-favorites with the Stationmen to cop championship honors. Curly Hays, star Abilene twirler, has joined the Maurice team.

Others which will compete for the title are Ozama, Big Lake, McCamey, Sonora, Sterling City, Eden, Eola and five San Angelo teams. Prizes will be awarded the winners, runnersup and consolation winners.

Dove Season Opens Friday In North Zone

AUSTIN, Aug. 31 (AP)—Texas dove hunters in the north zone today oiled guns and bought ammunition for the season's opening tomorrow at 7 a. m.

While niranda in the southern portion of the state awaited Sept. 15 for their first crack at the birds, north zone sportsmen will be permitted to shoot both Mourning and White Wing from Sept. 1 through Oct. 31.

The south zone season continues through Nov. 15 but hunters invading fields south of the Texas-Mexican railroad will be allowed to shoot only on Tuesdays, Thursdays, Saturdays and Sundays.

The north zone includes Yoakum, Terry, Lynn, Garza, Kent, Stone-well, Haskell, Throckmorton, Young, Jack, Wise, Denton, Collin and Hunt counties and all counties north of there and the counties of Parker, Tarrant, Dallas, Rockwall, like 1938 week.

SPORTS ROUNDUP

By EDDIE BRIETZ

NEW YORK, Aug. 31 (AP)—Those Yankee-owned Kansas City Blues are breaking hearts right and left in the American association, particularly around Minneapolis. They've all but stymied the Millers' stretch bid with a brand of pitching that has left fans gasping . . . It's of the one, two, three hit variety, with shut-outs commonplace . . . You can't tell a lot of folks around here that the real reason Herman (five per cent of the gross) Taylor postponed Nova vs. Galento wasn't that (A) Nova is looking sour in training and (B) the ticket sale is looking ditto.

Naw, No Crisis

That headline in the Washington Post wasn't as alarming as it sounded . . . The day the good selling plater Russia romped home at Washington park, The Post's story was captioned: "Russia Triumphs At Washington."

Amateur Hour

E. Lee Pace, Colorado Springs, Colo.: "If I were promoting the Pastor-Louis encounter, I'd provide a second arena in N. Y., and ban install seats all along the route so that everybody could see the race."

And How

The Southeastern conference has a strict rule prohibiting football practice before September 1 . . . So when a Cleveland paper announced "Alabama started its gridiron practice early, having 32 men on hand July 24," the Atlanta Constitution explained: "Oh, well, a team needs a head start when Tennessee is on the schedule."

Today's Guest Star

Nixon C. Denton, Cincinnati Times-Star: "Lou Nova says Tony Galento bleeds easily above the eyes. Well, that would be one sign of life up there."

Recalls Five Players

LOS ANGELES, Aug. 31 (AP)—The Los Angeles baseball club has recalled five players from minor league teams to report for spring training next season.

They are Bob Hargrave, first baseman-outfielder, and Wally Carroll, outfielder, from Tulsa of the Texas League; Mickey Colmer pitcher, and Al Montgomery, catch-outfielder, from Bisbee of the Arizona-Texas League, and Pat O'Brien, a catcher from the Moline club of the Three-Eye League.

Daughters Of Union Vets Would Put Ban On 'Gone With The Wind'

PITTSBURGH, Aug. 31 (AP)—Election of officers held attention of the Grand Army of the Republic's 73rd national encampment today while an affiliated organization started a drive to ban showing of the new movie "Gone With The Wind."

The daughters of Union veterans declared in a resolution that production of the novel by Margaret Mitchell was "an outrageous attempt to palliate the treason of the South and smirch the reputation of Gen. William T. Sherman."

"The ward orders of the Confederate states prove conclusively the raiding and burning of the southern homes and supplies were done by the Confederates themselves," asserted the resolution.

The daughters, boasting a membership of 34,000, voted to have each of their state departments confer with local censurs and "endeavor to stop the showing of the picture."

The boys in blue selected Springfield, Ill., where the body of Abraham Lincoln lies, for their 1940 encampment.

MACON, Ga., Aug. 31 (AP)—European war tension notwithstanding, America's own war between the states came in for a bit of reviewing today as Mrs. Walter D. Lamar, president-general of the United Daughters of the Confederacy, counter attacked a movement at Pittsburgh to ban the motion picture, "Gone With The Wind."

"Mrs. Lamar described a resolution by the Daughters of the Union Veterans of the Civil War as a "diatribe . . . that may cripple the fine relations between the Grand Army of the Republic and the Confederate Veterans, but not for long."

MORELOCK HEADS HWY. ASSOCIATION

COMANCHE, Aug. 31 (AP)—H. W. Morelock, president of Sul Ross State Teachers college at Alpine, heads U. S. Highway 67 association which sends a delegation to Austin today to ask improvement of this thoroughfare.

Morelock was reelected at a meeting yesterday at which a resolution asking the paving of gaps in the route was passed and a delegation named to appear before the state highway commission.

U. S. Highway 67 in Texas extends from Texarkana to Presidio.

Little Evidence On 40-Year-Old Killing

NASHVILLE, Tenn., Aug. 31 (AP)—Inspector R. W. Jett of the Tennessee highway patrol said today he had been asked by the F.B.I. to help solve a 40-year-old slaying.

A few weeks ago a San Angelo, Texas, farmer died. Authorities there asked the F.B.I. to help locate his relatives.

A GOOD TIRE IS LIFE INSURANCE!

The public has been deluged with confusing tire price advertising. When you buy tires remember this:

**A Low Price Doesn't Always Mean Value
Too Low a Price is a Danger Signal**

A good tire is LIFE insurance. You have a right to know what grade first, second, third or fourth line—you are buying.

See the nearest Fisk dealer. He will tell you the truth—and give you the value and SAFE mileage in whatever grade tire you buy.

Santone Group Urges Recall Of Maverick

SAN ANTONIO, Aug. 31 (AP)—Another snarl was placed in the personal comeback trail of stormy-brained Maverick today as organized movement seeking his recall as mayor of San Antonio.

Maverick, whose life in the halls of congress were numerous before his defeat at the hands of Paul Kilgus, was denounced by a crowd of 2,500 persons gathered last night in front of municipal auditorium as an aftermath of disorders at a communist meeting last week.

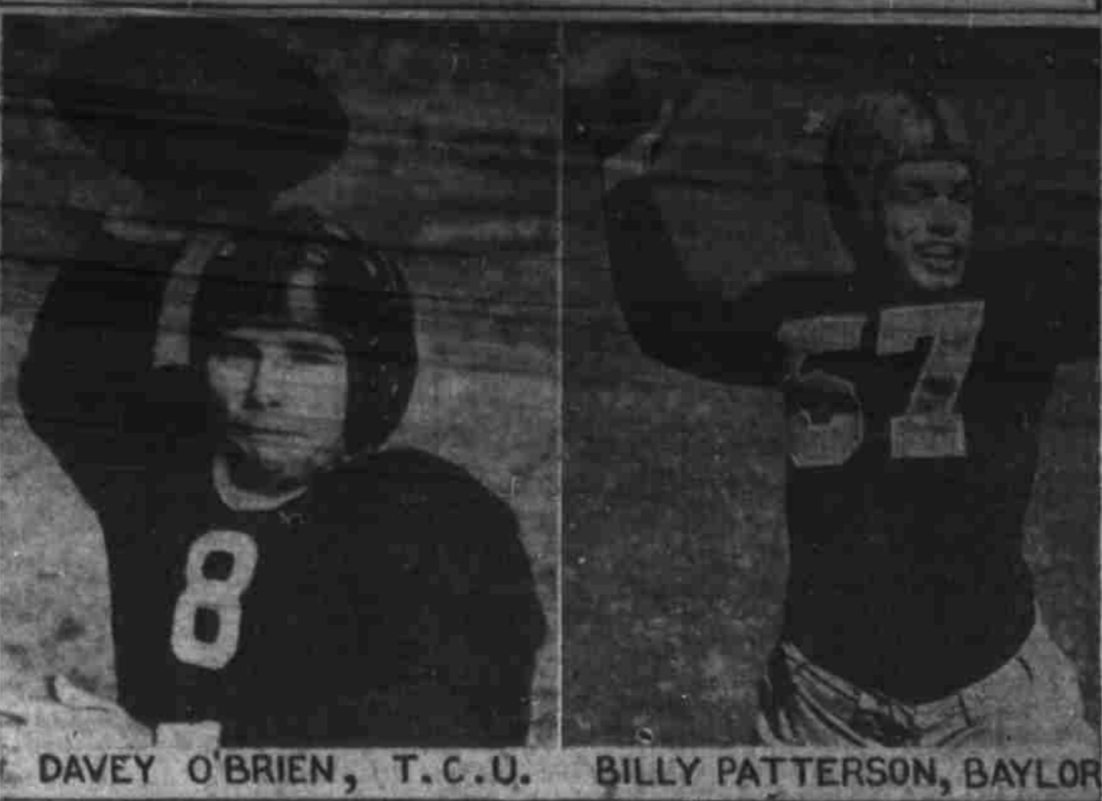

Old Commands In Army Abolished

WASHINGTON, Aug. 31 (AP)—Beginning tomorrow with the old army command—"squads right!"—will be just a memory.

The present European crisis, incidentally, didn't kill it. It just died of old age.

"Squads right!" is something Frederick the Great thought up. Arranging soldiers in squads and marching them straight at the enemy guns was a good system—in his time.

STAR PASSERS IN LABOR DAY GAME

DAVEY O'BRIEN, T. C. U. BILLY PATTERSON, BAYLOR

Keen rivals through three years of intercollegiate competition and the subjects of more fan debate than any two athletes in the Southwest have stirred up in a long time, these ace quarterbacks of 1939 will join forces in Dallas Labor Day night for this section's fourth annual football dream game.

Bremen Sails Without Any Passengers

NEW YORK, Aug. 31 (AP)—The \$30,000,000 Nazi liner Bremen ploughed the Atlantic today, nonward bound after a rigid inspection by American authorities that kept her at a New York pier two days past her sailing date.

The 898-foot vessel, examined from top to bottom to make certain she carried no armaments for possible offensive use in the event of a European war, had no passengers aboard as she steamed down the bay last night.

BUSY—War dangers and the U. S. defense program have impeded the duties of Charles Edison (above), who automatically became acting secretary of the navy upon the death of Claude A. Swanson July 7. Edison had been assistant secretary.

No Further Move Now For Roosevelt

WASHINGTON, Aug. 31 (AP)—President Roosevelt was described by a high official today as believing for the time being there is no further move which he can make for peace.

The government therefore will keep its attitude of watchful waiting, it was said, in the hope the diplomatic exchanges going on between London and Berlin will open a way toward settlement of Europe's crisis.

There were reports, lacking confirmation, the two British navy ships were standing out to sea to convey the Aquitania home.

Radio messages to the liner went unanswered. Her ports and windows were painted black.
