VOLUME 41 NUMBER 29 THURSDAY, July 18, 1974 SINGLE COPY 10¢

SALE: Wheeler's Sidewalk Summer Daze Sale, July 13, was successful with a number of people viewing and participating in the activities. Merchants placed sale items on the sidewalk to catch the eye of the prospective customer. A concession stand set up in front of the Rogue Theatre by the Band sold sandwiches, tea, coffee, cokes, brownies and ice cream were on the menu.

Cash Drawing Winners

One hundred dollars cash was divided and handed out to six lucky shoppers. The people were able to register in any of the participating businesses Saturday and the drawing was held at 4:15. Ten dollar bills were handed to Cheryl Henderson and A. B. Griffin; Vera Moore and Helen Crawford had their names drawn but were not present to receive their \$10. Kim Watson and Kevin Frankenbery each drew \$15. Sharon Williams and Wanda Williams each received \$25 from the merchants participating in the drawing. The sidewalk sale and activities were sponsored by the Merchants Committee of the Chamber of Commerce with Jim Wright serving as chairman; sponsoring merchants were: City Flower & Gifts,

Daughtry's, Ben Franklin, Lancaster's Dept. Store, McIlhenny Dry Goods, Lee Hardware & Furniture, Pritchard's Thriftway, The Dot Shop, Hyland's Pharmacy, Warren's Food Store, Broys Saddle Shop, Wheeler Shop, Boutique Shop.

Kent Sims Is Appointed Judge

Kent Sims, a Wheeler Attorney, was named by the Commissioners Court of Wheeler County Monday, July 15, to complete the unexpired term of County Judge George Hefley. Hefley turned in his resignation at the regular meeting of the commissioners on July 8; the resignation is effective August 1. Sims at the age of 28 is believed to be the youngest judge in the history of the County. Kent and his wife, Twila, moved to Wheeler in 1972 and opened a law office; he has since been joined in the practice of law by Lowell Lasley and the firm of Sims and Lasley has been organized with offices in Wheeler and Shamrock.

Wheeler Blood Drive Cancelled

Due to the amount of blood given through the Mitre Corporation in McLean, Virginia, for whom our daughter works, with the cooperation of the Washington Area Regional Blood Bank in Washington D. C. working with the Memorial Blood Bank in Temple, Texas and the Coffee Memorial Blood Bank in Amarillo, the drive for donors in this area for Weldon Sandifer will not be necessary.

We do wish to express our deep appreciation to all those who have worked so hard in getting donors and for those who have so generously consented to donate blood. We do especially want to thank Bill Owen, Thurman Rives and the Fire Department for their work and time spent in this effort and to the men who work at the gas plants — also to all the others that have helped in any way.

Bicycle Races

Twenty entered the bicycle races Saturday afternoon. The racers were divided into three divisions; the 8-10 year-old group had to make three spins around the cars parked in the middle of the 400 block of Main Street; the 11-13 and 14 and up group went five times around the cars.

Winners in the 8-10 group were Danny Alexander, Scott Wright and P. D. Topper; others entered were Tracy Weaver, Nancy Bradstreet, Wade Wills, Tony McWilliams and James Horton.

Winning in the 11-13 group were Ronal Stas, Curtis Morris and David Wright; also entering were Mark Wright, Gary Horton, Gary Don Forrester and Kyle Lasley.

Four entered the 14 and up race. Winners were Kevin Frankenbery, Mike Blevins and Pete Cole. Wendell Moore competed in the race.

NEW ARRIVAL
Miss Dee Dee Dorman proudly announces the arrival of her baby sister Dedra Leah. Little Dedra weighed 7 lbs. and 5 ounces and was 17½ inches long. She was born June 25, 1974. The proud parents are Mr. and Mrs. Danny Dorman.

Mr. and Mrs. Bus Dorman of Wheeler, and Mr. and Mrs. Bill Swindle of Hart, are the grandparents.
Mrs. L. L. Swindle of Hart and Mr. and Mrs. Jim Clemmer of Silvertown are great-grandparents.

The Lynden Sims spent 12 days of June touring the Washington, D. C. area. They visited Congress and saw both houses in session. The Pentagon was also visited; Jim Jolly, the son-in-law works in the Pentagon. The grand daughters returned to Wheeler to spend time with the Sims and W. L. Jollys.

RODEO JULY 18-19-20

Barbecue Served Tonight at 6:00

The old west will come to life in Wheeler at the 19th annual Wheeler Riding Club Rodeo as it gets underway Thursday, July 18. Each night's performance of the Rodeo begins at 8:30 P.M.

The rodeo is staged at the rodeo arena northeast of town. The annual free barbecue will start the three days of festivities. The barbecue is a joint effort of the businessmen and the Riding Club and is served by the Chamber of Commerce. The feed is scheduled to begin at 6:00.

A crowd of 1500 is expected to be on hand to hold out their plates as they go through the "chow" line. The menu for the evening will be barbecue beef, sauce, brown beans, onions, pickles, peaches, bread and iced tea or coffee.

The meal is free to each person buying a ticket to the first night's performance of the rodeo.

Around 1500 lbs. of beef is being prepared to feed the crowd Thursday evening.

Six rodeo events are slated for the three nights of rodeoing. The first event of the evening will be Bareback bronc riding. Other events are Calf Roping,

Girls Barrel Race, Bull Dogging, Bull riding, Heading and Heeling and Brama Bull Gold Rush.

Producing the rodeo again this year will be Charlie Plummer, Jr. of Elk City, Okla. Rose Plummer will serve as secretary.

Riding Club officers are: Gerald Johnson, president; Darrel Moore, vice president; and Stanley Baker, secretary. Serving on the board of directors are: Charles Moore, Larry Finsterwald, Delbert Thomas, Gene Hutchison and Terry McCasland.

PREPARATION UNDERWAY: Work on preparing the barbecue was underway Wednesday morning with a number of the Riding Club members, Natural Gas Pipeline employees and Precinct 2 employees helping. Pictured are Dorman Thomas, Doyle Pond, Milton Lyles, Quinton Harrison, Neil Rogers, Fat Moore, Ronnie Hill and K. D. Ford. Larry Finsterwald is in charge of the Barbecue this year. The Barbecue will be served at 6:00 Thursday evening free to everyone attending the first performance of the rodeo.

Parkview Hospital Board Reviews Accounts

At its regular meeting July 15, 1974, the Board of Trustees of Parkview Hospital reviewed in depth patients accounts, and the status of each account. Primary interest was in the accounts of those people owing money to Parkview Hospital that are capable of paying their bills and either are not paying or making token payments of \$5.00 or \$10.00 monthly.

It was noted by the Board of Trustees that the Hospital account receivables are in excess of \$140,000.00, and that all but a very small portion of this amount is the unpaid balances of people who are quite capable of paying. A good portion of this amount are accounts that have their date of origin as much as 3 or 4 years ago and still remain unpaid. Yet many of these people drive new automobiles and never miss a vacation.

The Board of Trustees is always concerned with the health of our community and have pledged themselves to continue to furnish the facility necessary to the continued health care of the people of our community and county; however, to fulfill this pledge, the people of the community and county must also assume the responsibility of their obligations by prompt payment of their accounts with Parkview Hospital.

It was further noted by the Board that even though Medicare states that they pay in full hospital bills of all Medicare recipients, minus their deductible which this year is \$84.00 per spell of illness, at the present time Medicare is requiring Parkview Hospital to discount all Medicare bills at the rate of 23¢ on the \$1.00. Thus for each \$1.00 worth of service or supplies billed to Medicare, Parkview Hospital is paid 77¢. This 23¢ discount on all Medicare bills, along with the no payment or token payment of \$5.00 or \$10.00 from those non-Medicare patients who can afford to pay, puts Parkview Hospital in the position of building a tremendously large account receivable total and a very small operating fund.

Some of the residents of the county are under the impression that tax monies support the operation of the hospital, and therefore it is not necessary for them to pay their bills. To clarify this point: Parkview Hospital receives in the vicinity of \$26,000.00 tax money annually for the purpose of operational expenses. This amount of money will not pay for the operation of Parkview Hospital for one month. Therefore it is essential that the hospital have the patient income for the continued operation the other 11½ months of the year.

The Board of Trustees feel that this open letter to the public should be sufficient to stimulate them to pay their bills. They are asking those people to either pay their bills in full or contact the office of administration and make satisfactory arrangements for the retirement of their account, instead of sending in their \$5.00 or \$10.00 payments periodically, in hopes of forestalling legal collection action by the hospital. The Board further resolved that those accounts unpaid but collectable, accounts past due or those accounts on which occasional small payments are made without an approved payment plan by the administration, be reported to an attorney for collection and for suit if necessary for collection. All accounts reported to an attorney for legal action will have proper attorneys fees added to their bill in accordance with the statutes of the State of Texas, and if suit is necessary in collection, the additional court cost. Parkview Hospital has already reported several accounts to an attorney for collection and presently have 16 suits filed and waiting court action.

As previously stated, the Board of Trustees of Parkview Hospital wishes to continue to make available to the people the very best medical facilities possible; however, to successfully accomplish this we must have the cooperation of each and every individual.

Wheeler County Dress Revue Held Thursday

The 1974 Wheeler County Dress Revue was held Thursday, July 11, in the District Courtroom of the Wheeler County Courthouse. The theme for the Dress Revue was "4-H Puts It All Together". These sixteen girls that entered did that very thing. Each young lady constructed her garment with assistance from an adult leader or parent. To be eligible to enter you were required to submit a clothing record book and make and model a garment. Judges for the Dress Revue were

Donna Huffaker — CEA, Hemphill County and Brenda Russell, Home Economics teacher, Canadian.

Those entering the Dress Revue were: Junior Division: Marla Pond — Wheeler, Jana Corse — Mobeetie, Shonda Quarles — Mobeetie, Debbie Dyson — Mobeetie, Sally Stacy — Shamrock, Donna Quarles — Mobeetie, Cindy Harrison — Mobeetie, Connie Walser — Mobeetie, Becky Irvine — Briscoe, Shannon Batton — Mobeetie and Janice Hink — Kelton.

Junior II Division: Zana Corse — Mobeetie and Sonya Hudson — Briscoe. Senior Division: Cindy Meek — Briscoe, Kimberly Hathaway — Mobeetie, Phoebe Meek — Briscoe.

The winners of the divisions were Marla Pond — Junior Division, Zana Corse — Junior Division II, and Kimberly Hathaway — Senior Division. The Best Model of each division was also selected. Those winners were Jana Corse — Junior Division, Sonya Hudson — Junior II Division, and Cindy Meek — Senior Division.

Marla Pond, Zana Corse and Kimberly Hathaway will be representing Wheeler County in the District I Dress Revue in Amarillo, August 1. Not shown Junior II Division — Zana Corse — Mobeetie, Sonya Hudson — Briscoe.

WINNERS: Winning in each of their respective divisions in the Wheeler County Dress Revue Thursday, July 11, were Kimberly Hathaway, Senior; Zana Corse, Junior 2; and Marla Pond, Junior Division.

DID YOU BRAG ABOUT WHEELER?

"Old Men" Play Ball

A good crowd was on Tuesday evening to watch the "old men" play Tuesday evening at the park. The Lions Club

of Wheeler challenged the Kiwanis Club to a game with the Beta Sigma Phi Sorority serving as officials and running the concession stand.

The ability of the umpire to recognize the difference between a ball and a strike and the score keeping ability of the announcer were questioned. However, it is the opinion of this writer, a Kiwanian, that the Lions were out played and out scored.

Transportation to the ball park was furnished for both teams — a cotton trailer with a firetruck leading the way; the ambulance followed — I suppose to pick anyone up if they fell out of the trailer.

At the ball park, water was available at first base and wheel chairs were on the field in case they were needed. The ambulance was also on stand by at the field.

A collection was taken and \$42 was divided between the two clubs.

CITY COUNCIL
The City Council of the City of Wheeler will meet in regular session Monday, July 22, at 7:30 p.m. in the City Hall.
Agenda: Discussion of water problems, sewer rates, division of taxes. Annual City wide clean-up. Franchise tax, trailer homes, Flood insurance, Farm Home Grant, Speeding on streets, Grader help for school. Mildred Ramsey Secretary

Here & There

By Laura Guthrie

Shades of Summer Daze. Did you make it to the Sidewalk Sales on Saturday afternoon? If not you missed a real treat. It was much like Saturdays in the early '40s. Not quite, because only one block was humming. Next time we must get other blocks involved. It was real fun.

A good many "kids grown up" were roaming the street Saturday afternoon. Neva Weatherly Maxwell was with her mother, Mrs. Roy Weather-

ly, digging into the displays. She said her husband, Furman and children were around somewhere. Lavelle Jaco Stevens was among the crowd. Her dad, Marl was having a ball. Doris Bradley Schreiter who was a young matron in the '40s, who now lives in El Paso was among the crowd. She is visiting her mother, Mrs. Lela Wilson.

Willie Mae Stevens has just had a most wonderful ten days in Hawaii. Her sister Mary Hanes who lives in Tulsa was with her. They traveled on the 747 Braniff Jet and had a most marvelous time.

Adrian and Dorothy Risner attended a reunion of Doro-

thy's relatives on the weekend. Their grandchildren, Wade and Kari Childress of Pampa went with them to Stamford where they had a big day with talking and eating and having a mighty good time.

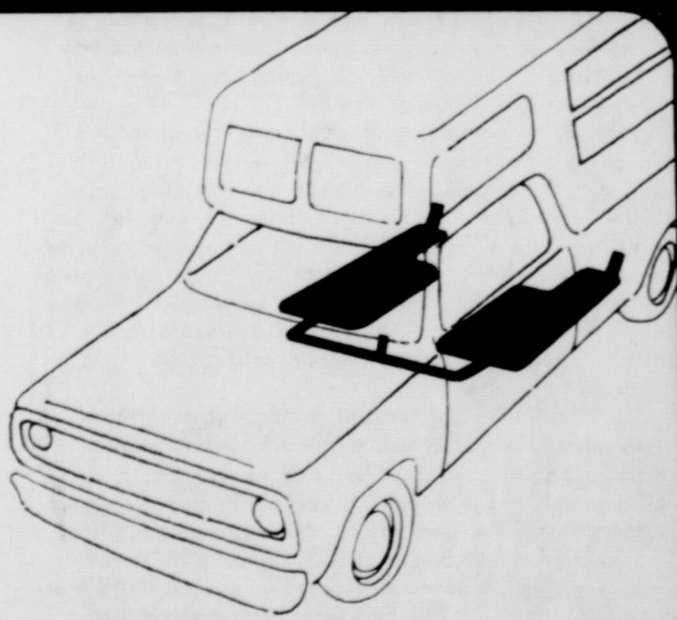

Bennie Mae and Gordon Whitener are moving to town - a box full every trip to town. That is a slow way but a sure one. I had the experience just moving across the street. Now with the dining table and the mattresses she might need a little help.

Mr. and Mrs. Bill Gunter who lived on South Canadian Street sold their house to the Gordon Whiteners. Bill has been transferred to Liberty, Texas on his job with the SCS.

The Berean Class of the Baptist Church of which Mrs. Jess Moore is teacher, gave a small party for Glenna Hefley Sunday night after church. Glenna has been a faithful member of this class for years. The writer of this column was at one time teacher of this class and has a first hand knowledge of Glenn's devotion. Glenna is leaving the class because her parents are moving to Shamrock, and they will worship together. Glenna lives in Shamrock, but continued to be the assistant organist at the Wheeler Church. A token of appreciation was presented to Glenna Sunday night.

The All New Trav-L-Tank

"The best auxiliary tanks over the long haul."

- CROSS-LINK POLYETHYLENE, ONE-PIECE CONSTRUCTION
- DESIGNED FOR TODAY'S PICK-UPS, NEW AND OLD
- TRIPLES YOUR DRIVING RANGE

Cross-link polyethylene tanks are now being used in both the automotive and aircraft industry, positive proof of this lightweight, durable material's superiority and acceptance.

Trav-L-Tank is the tank that is completely molded of cross-link polyethylene. NO STEEL FILLER INSERTS WHICH CAN FRACTURE THE FILLING NOZZLE. The result is a rugged, one-piece tank as strong and durable as you can buy!

SUPERIOR FEATURES OF TRAV-L-TANKS.

- Moulded of cross-link polyethylene in a unique process that assures uniform wall thickness.
- Each tank gives over 20 gallons extra capacity.
- Three groove indentation in tank provides firm "saddle" support.
- No sweating, rusting, leaking virtually destruction proof.
- Angle design provides maximum wheel clearance.
- No metal parts in tank to crack, leak or vibrate loose.

Cindy Meek to Attend 4-H Congress

Cindy Meek, a member of the Briscoe 4-H Club, will be attending the Texas 4-H Congress in Dallas July 23-26. Cindy will be one of some 500 4-H members from across Texas attending the 4 day conference. The theme of this years Congress will be Careers in the World of Work.

The objectives of the Congress are for youth to recognize the need to plan for selecting a career and to use a rational process in planning for their choice of a career.

The delegates will hear talks by several business leaders who will give them some things to consider when selecting a career. They will then break into smaller groups to discuss the speeches. They will also tour businesses related to manufacturing and processing, banking and finance,

public service, recreation and leisure, merchandising and sales, and transportation.

Cindy, the 17 year old daughter of Mr. and Mrs. P. Meek, has been active 4-H work for 8 years. She will share what she learned at Congress with the other 4-H members in the County during the coming year.

Morgan, Farris and Schaffer Families Gather

Sunday, July 14, was a gathering of the Morgan, Farris, and Schaffer families. The picnic was held at Earl and Leola Farris farm.

Those present for the afternoon meal and visit were: Mr. and Mrs. Pete Morgan and grandchildren from Amarillo. Mr. and Mrs. Earl Williams of Mobeetie. Mrs. Dot Phillips, Mrs. Giles K. Phillips and daughter from Amarillo. Mr. and Mrs. Henry Spruell and grandchildren from Colorado; Mrs. Bennie Morgan and grand children from Calif.; Sam Walter Morgan from Amarillo; Mr. and Mrs. G. A. Martin of Wheeler; Mrs. Alvin Boehning and daughter of Amarillo; Mr. and Mrs. Kenneth Farris and Shannon of Houston; Boyce Farris of Wheeler; Donald and Sharron Gandy of Panhandle with their visitors, Mr. and Mrs. J. B. Hayes, Mr. and Mrs. J. C. Jones and Pam, Mr. and Mrs. Art Nelson and children of Amarillo; Mr. and Mrs. Ken Grant and children from Ohio; Mr. and Mrs. Dan Jones of Altus. Mrs. Elizabeth Boehning and Standly, Mr. and Mrs. Harold Alward and children of Amarillo; Mrs. Elisa Nixon and children of Okla.; Mr. and Mrs. Tom Schaffer and Louise, Mr. and Mrs. Sam Schaffer and children of Wheeler; Mr. and Mrs. John Schaffer and children of Spearman; Mrs. Barbara Clark and children of Shamrock.

Visiting this past week and half with Mr. and Mrs. Earl Farris, was their daughter and family, Ann and Dick Graham and children from Palmdale, Calif.

HIGHEST RANKING: Russell Killingsworth, Canyon's highest ranking physics student, and his teacher, Mrs. Treasure Brasher observe exhibits at the Nuclear Science Symposium in Austin.

Killingsworth Is Canyon's Highest Ranking in Phys.

Russell Killingsworth, son of Mr. and Mrs. Carroll Killingsworth, has been elected president of the student council of Canyon High School for 1974-75. Russell has been active in student council work throughout high school and served as vice-president his junior year.

In recent ceremonies at the school Who's Who and was installed into the National Honor Society as the highest ranking physics student of the year, he was selected to attend a Nuclear Science Symposium sponsored by the Texas Atomic Research Foundation which was held on the campus of the University of Texas in early June.

Russell has been selected to attend a National Leadership Conference sponsored by the National Association of Secondary Principals at Camp Cheley in Estes Park, Colorado in August.

He is a member of the Canyon High School Choral which was chosen as the State AAA Honor Choir to perform at the Texas Music Education Association in Houston. He was also one of the twenty-two member show choir which performed throughout the area.

Last year he served as vice-president of the Fellow-

ship of Christian Athletes, and will serve as vice-president of Thespians for the coming year. He is an active member of the First Baptist Church.

As a three-year letterman

for the Canyon track team, he placed fourth in the 750 District high hurdles. As a freshman, he captured the district championship in high hurdles and holds a school record in that event. He will be a member of the Eagle basketball team next season.

Russell is the grandson of Mrs. Minnie Starkey of La Casa Nursing Home in Canyon and Mr. and Mrs. Edward Killingsworth of Wheeler.

To the Friends and Relatives of Diann Kelly and Glenn Rose

Mr. and Mrs. Edgar Otto Kelly request the honour of your presence at the marriage of their daughter Virginia Diann to Mr. Arthur Glenn Rose Saturday, the twenty-seventh of July nineteen hundred and seventy-four at five o'clock Assembly of God Church Briscoe, Texas

Trade your E Bonds for H Bonds

Bought a lot of Series E Savings Bonds over the years? Well, you probably want to keep your nest egg intact. But retirement is the time when you need some extra income.

Here's how to get that income. Just exchange your E Bonds (in cash value amounts of \$500 or more) for Series H Bonds. H Bonds pay out interest every six months by Treasury check mailed right to your door, and at a rate averaging 6% annually when held to 10-year maturity.

Just the thing for retirement, when you need steady income coming in.

You'll get a tax break on the exchange, too

When you exchange your E Bonds for H Bonds, your tax liability on your accumulated E Bond interest continues to be deferred. Right up until the H Bonds are cashed or reach final maturity (there's an optional 10-year extension privilege after original maturity).

The result? You get more for your money in the exchange. And when your H Bonds are redeemed, and you finally pay your deferred E Bond tax, it's at your lower post-retirement rate.

Get income as it's earned

Steady, dependable income. Twice a year. Or, if you prefer, get interest checks every month. Just buy an H Bond a month for six consecutive months. That way, you've got a regular income guaranteed.

Purchase \$500 to \$5,000

Your banker has exchange (as well as new purchase) applications for H Bonds. At face values of \$500, \$1,000 and \$5,000. There's an annual purchase limit of \$10,000 (\$20,000 with a co-owner), but this won't apply if you're trading in E Bonds.

H Bonds. A good way to make sure your money won't retire when you do.

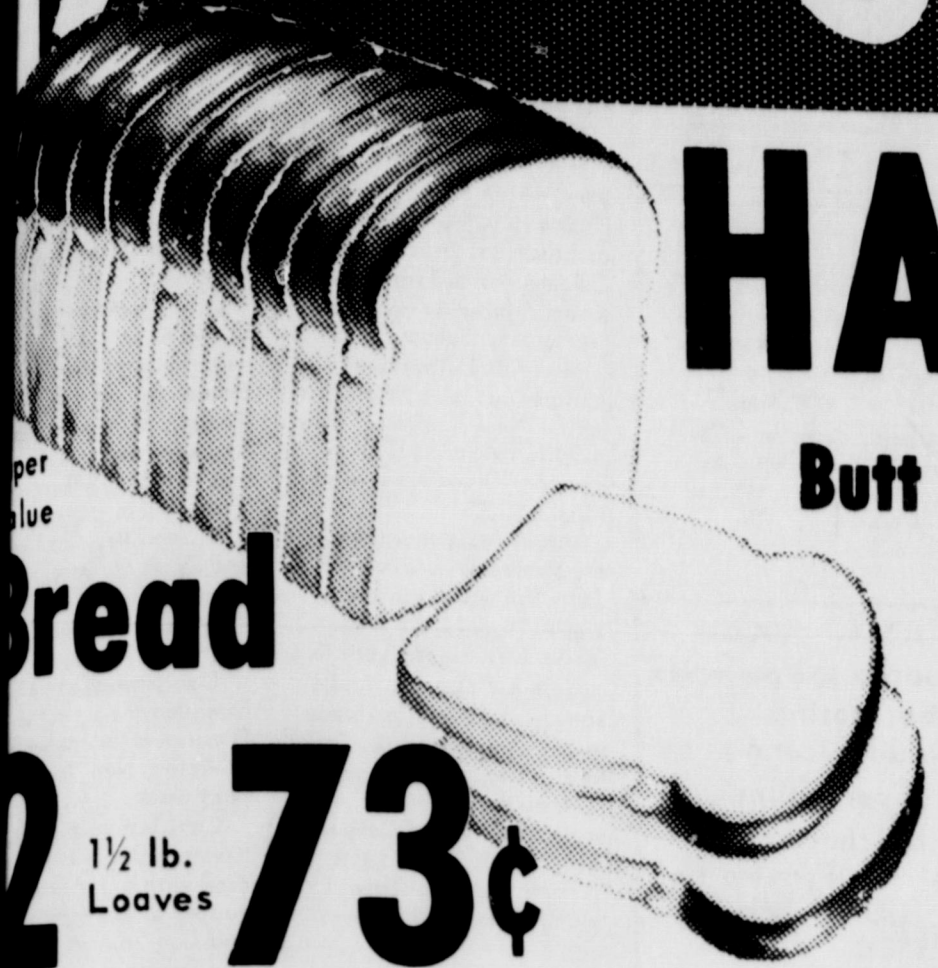

Take stock in America.

Buy Series H Bonds—now averaging 6% when held to maturity of 10 years.

FOOD SAVER:
Grind the leavings of the ham with pickle, onions, boiled eggs. Add tomato paste, or sauce, season with what you like-black pepper, garlic, mustard, etc. This makes a mow of a sandwich. If there is left over pork, turkey or other meat, put it in. This freezes well. However if it is to be left in the refrigerator a few days, I suggest not putting in the onion. Do that as you need it.

KING'S KOMMENTS

With hot weather here, unfertilized pastures rapidly are becoming scorched. Fertilizer aids grasses in utilizing moisture more efficiently. Although forage growth may be reduced considerably, fertilized grasses remain green and fresh during warm weather. Rainfall is used three to four times more efficiently when pastures have been adequately fertilized.

Another important aspect of pasture fertilization is the possibility for harvesting hay from excess forage. During late spring and early fall, fertilized pastures grow much faster, than livestock can consume the forage. If part of the pasture is fenced separately, a cutting of good quality hay can be made from excess forage growth. Uniform and accurate application of fertilizer, and other agricultural chemicals is important for safe, effective and economical results. Present high costs and scarcity of fertilizer plus the need for maintaining soil fertilizer and soil pH

at optimum levels places more emphasis on the proper application of these materials.

Check spreaders frequently to determine the type of spread pattern, uniformity across the swath, effective swath width and rate of application.

These checks are especially important when changing application rates or when changing from one material to another.

Some of the problems encountered in applying granular fertilizer are the variation in application rates across swaths and the wide range of swath widths. These are influenced by equipment design and adjustment and the physical characteristics of materials being applied.

Another factor influencing fertilizer spread patterns is the variation in materials, such as particle density, size, shape and moisture content. Field conditions such as the size, shape, slope and soil conditions may require adjustments in equipment for uniform application.

Spread patterns for most bulk spreaders can be evaluated by spacing shallow pans at 4 to 6 foot intervals across the swath, perpendicular to the direction of spreader travel. Operate the spreader over the center pan and pour the material from each of the collecting pans into a corresponding test tube rack.

This will allow you to quickly evaluate the uniformity of application and the effective swath width.

A frequent check and evaluation of spread patterns will aid operators in adjusting and calibrating their equipment for a more accurate and uniform application of fertilizer and liming materials.

Proper application depends on accurate metering and proper delivery of the material to the spinner or boom units. Adequate flow dividers and adjustable delivery chutes are necessary for uniform application along with the proper spinner speed, blade pitch and delivery chute position.

Skilled and conscientious operators who know and properly maintain their equipment are a must. Careful driving at a constant ground speed and with swath spacing equal to the effective swath width is essential. When practical, spreaders around fields in perimeter.

Irvin family Sunday night. The Grant Meek family and Roy and Lois Meadows visited Clyde Meek in the Shamrock hospital Sunday afternoon. Clyde broke an ankle Friday and has been pretty sick.

Larry Meadows has been transferred from Denver to Pampa as a meat grader. Nice to have Larry close to home.

Leta's sister from Houston spent a few days with Eddie and Leta Meadows.

The Dick Irvine family returned Wednesday night from vacationing in Colorado, Red River and visiting Dick's sister and family in Lubbock.

The Dan Gatlin family spent a few days vacationing in Red River.

Clark and Vergie Reagan spent two weeks in Canadian filling in at the fire station. They also visited a daughter-in-law who was quite ill in a Sayre hospital.

Rogers-Henard Vows Are Exchange

In an afternoon ceremony at the First Methodist Church of Wheeler on June 22, 1974, Jo Rita Rogers, daughter of Mr. and Mrs. Joe Rogers, became the bride of Jim Henard of Wellington. Parents of the groom are Mr. and Mrs. Ed Henard. Officiating at the wedding rites was Rev. Marvin Roark. Grandparents of the groom are Mrs. John Henard, Sr., and Mr. and Mrs. Mike Burkhalter of Wellington. The bride's grandmother is Mrs. W. F. McNeill of Wheeler.

Appropriate organ selections were provided by Mrs. Elaine Martin. Vocal selections of "O Perfect Love" and "A Wedding Prayer" were given by Misses Pam Ramming and Sally Keeton of White Deer.

The bride was attired in a fitted floor length formal dress of white peau de soie trimmed with lace matching the floor length veil attached to a Juliet cap. The bouquet was formed of yellow daisies atop a Bible carried by the bride's sister-in-law in her wedding.

Bridal attendants were Miss Machille Mitchell of

Wheeler, Maid of Honor; Misses Karen Brown of Dumas and Beth Rutledge of Canadian, Bridesmaids. They were attired in floral print floor length dresses and white picture hats. Multi-colored nosegays of daisies completed the costumes.

The mother of the bride wore a floor length yellow crepe dress with a floral design accent. The groom's mother was outfitted in a long dress with a navy and white floral skirt and a solid navy bodice. Both dresses were complemented with daisy corsages.

The groom was attended by Joe Blacksher of Wellington as Best Man. Groomsman were Billy Henard of Wellington and Bill Wilson of Quail. The ushers were Neil Rogers of Wheeler, Dean Rogers of Spearman, Dale Rogers of Oleta, Oklahoma, and John Devoss of Wellington.

Flower girl was Tammie Henard. The ring bearer was Mandy Rogers and the aisle cloth was placed by Lee Ed Oswald and Sandy Henard.

The reception was held in the Fellowship Hall of

the church after the ceremony. The table was decorated with white dotted swiss cloth handmade by Mrs. W. D. Mitchell for the bride. It featured a green and floral arrangement and a three-tiered cake accented with blue and yellow. The cake was served by Rev. Ann Mason of Seymour, while Marlene Moore placed the punch. Also assisting with the reception were D. H. Parter of Pampa, Mrs. W. D. Mitchell of

Wheeler. The guests were registered at the wedding by Marie Moore. For the wedding trip points in Oklahoma, the bride changed to a deep blue pantsuit with white accessories. Following trip the couple will be home north of Wellington where the groom is engaged in ranching interests.

The groom is a graduate of Wellington High School and attended Clarendon College. The bride graduated from Wheeler High School and also attended Clarendon College.

STATE CAPITAL

Highlights

AND Sidelights

TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Fitting together an acceptable constitutional revision package proved to be fully as thorny a job as the most pessimistic forecasters maintained.

Constitutional Convention delegates limped back to Austin this week to try again for a showdown two-thirds majority vote after rejecting 91-86 the initial submission proposal which they had stitched together piece-by-piece earlier.

Hang-ups ranged over a wide area—from the separate right-to-work proposition (which is bitterly opposed by organized labor) to internal provisions of the basic revision document.

Some persistent critics argued special interests had too big a hand in drafting the revision. Members of all factions disagreed over sections of the education article—including guaranteed equal opportunity and earmarked college building funds.

First approaches at compromise centered on efforts to eliminate some of the five "separate submission" items—that is, proposals not included in the basic revision.

\$72 MILLION TEXAS SHARE—Texas received \$72 million in federal revenue-sharing funds for the final quarter of fiscal 1974.

The state government's share is \$24,260,347—the same as third quarter of fiscal '74.

Checks will go to all levels of government which are eligible for revenue-sharing funds. About \$48 million will benefit cities, counties and other local units.

TEXAS DOMINANT—Texas still dominates the livestock industry on the basis of 1973 statistics.

Texas Agriculture Commissioner John C. White said Texas last year produced more than twice as many cattle and calves as the second place state, Iowa — 16,250,000 head, compared to Iowa's 7,660,000.

Sheep and lamb production in Texas also topped the nation, and Texas ranked among the nation's top 10 dairy cattle states. Hog production in the state totalled 1,050,000 head in 1973.

HEARINGS BEGIN—First of 14 Texas Water Quality Board hearings began in Fort Worth and Dallas last week in an effort to find a suitable way to dispose

of toxic industrial wastes.

Testimony will also be taken in Beaumont, Port Arthur, Mexia, San Antonio, Pasadena, Corpus Christi, Brownsville, El Paso, Midland, Amarillo, Longview and Austin.

APPOINTMENTS—Gov. Dolph Briscoe appointed Jerry W. Woodcock of Gainesville district attorney of the 235th district replacing Jim J. Hatcher of Gainesville who resigned. The district includes Jack, Wise and Cooke counties.

Briscoe named Sister Austin Cusimano of Waco and David A. Garrett of San Antonio to the Advisory Hospital Council and reappointed four present members.

AG OPINIONS—Financial records and information on employees' salaries in a school district are subject to public disclosure. Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:
• The public has a right to examine and duplicate lists of registered voters who participated in a school board election.

• Hospitals will not lose their tax-exempt status due to incidental operation of a blood bank for public charity where no rent is charged.

• Information provided by banks to local tax assessor-collectors identifying stock-owners and size and value of their holdings is public record.

• State employees must complete 15 or 20 years of employment to qualify for 10 and 14 hours vacation time for each month on the job. Sick leave can be accumulated without limitation.

• Surplus maintenance tax receipts of school districts and junior colleges may be pledged as payment for certificates of indebtedness under law, whether or not the tax election occurred before or after effective date of the act.

• How student service fees are to be charged is decision for governing boards of each institution of higher education.

COURTS SPEAK—The Third Court of Civil Appeals, upholding an Austin district court, said the Railroad Commission can force Lovaca Gathering Company to apportion gas to Austin, San Antonio and Lower Colorado River Authority in the public interest.

Courts can enjoin picketing by strikers only where there is violence or a threat to order, the Supreme Court held.

In other new cases, the High Court held:

• Denied right of a Dallas developer to build a high rise apartment building on Swiss Ave.

• The doctrine by which negligence can be shifted from one party to another applies only to commercial enterprises.

• Two San Antonio lawyers shouldn't be reprimanded by the State Bar for writing letters to a newspaper editor criticizing a district judge and each other.

• A contested 4,500 acres including a large part of Pleasure Island and part of Lake Sabine's bottom belong to Port Arthur (surface rights) and the state (mineral rights).

• Its May 29 decision that radio evangelist Lester Roloff can operate homes for teenagers 16 and over without a license will stand in spite of a challenge by Hill.

SHORT SNORTS

Alabama Gov. George Wallace is soliciting funds from Texans for the new "Wallace Campaign," and polling as to how voters would cast their ballots if 1972 presidential candidates (including himself) were running today.

A poll by a state representative showed legislators don't really want a special session on school finance and other matters, although many are calling for one publicly.

Attorney General Hill has been called on to write an opinion on whether Constitutional Convention delegates can legally draw reimbursement for chartering airplanes for official travel.

Four top candidates for House Speaker have spent nearly \$100,000 in their quest for the magic 76 votes needed for election.

Secretary of State Mark White Jr. estimates up to a million names probably should be stricken from voter registration lists due to changes of address.

Nineteen minority business loans totalling \$286,677 and 12 grants and contracts worth \$1,419,605 were approved by the Texas Office of Minority Business Enterprise.

Common Cause charges lobbyists with "flagrant contempt" for a new disclosure law on their financial outlays for influencing legislation.
