Ladies Swimming, New Pool Hours

Larry Tracy, manager of the Wheeler Swimming Pool, announced new hours for the pool beginning July 1, and scheduled a period for the ladies to swim.

The pool will be closed all day Monday and opened on Wednesday afternoon until 6:00. On Friday nights, the pool will remain open until 9:00 unless the pool is rented for a party from 7-9 for a party.

The ladies will have the pool to themselves on Thursday nights from 5-7 P.M. In years past, a morning swimming period for the women has been held with little participation. It is hoped the new time will enable more women to enjoy the local pool.

The hours are as follows:

- Monday: Closed
- Tuesday: 1:30 - 9:00
- Wednesday: 1:30 - 6:00
- Thursday: 1:30 - 9:00 (5:00 - 7:00 Ladies)
- Friday: 1:30 - 9:00 (7:00 - 9:00 Swimming Parties)
- Saturday: 1:30 - 6:00
- Sunday: 1:30 - 6:00

Jim Miller Named On Honor Roll

Mr. Jim Miller of Allison, has been named to the Dean's Honor Roll for the spring semester at Oklahoma State University. Jim has a 3.71 average out of a possible 4 point. Jim will go into Pharmacy at Southwestern at Weatherford after next semester.

PERSONAL
Visiting the C. V. McCraws Wednesday evening were, Mrs. Susie Pendleton and Mr. and Mrs. Clyde Meeks.

Wanda Jackson To Be Crusade Guests Singer

The North Wheeler County Evangelistic Crusade which began Sunday evening will continue through Friday. Large crowds have been in attendance for each evening of the crusade at the Wheeler School Auditorium.

Wheeler County Assoc. Auction

The Wheeler County Livestock Show Association will sponsor a public auction Saturday, July 27. Proceeds from the auction will go to help build the Wheeler County Livestock Show Barn.

Donations or consignments of farm equipment, livestock or other items are now being accepted. Anyone wishing to donate or consign equipment to the sale should contact Don King, County Extension Agent or any of the Vocational Agriculture teachers in the county; James Moffett, Mobeetie; H. C. Weatherly, Shamrock; Kenneth McCasland, Terry McCasland, Wheeler.

Commission charges on consigned items will be as follows: \$1 to \$50 - 25%, \$50 to \$1000 - 10%, over \$1000 - 5%, P. O. Items - 12% of last bid. All donations are tax deductible.

Consignments should be made no later than July 12. Sale bills will be posted July 17. Donations will be accepted any time but the Association would like to have them by July 12 also so they can be put on the sale bills.

The Show Barn is badly needed by the youth of Wheeler County. At present there is no place to have livestock shows and this has undoubtedly hurt the 4-H and FFA livestock programs.

While the primary purpose of the Barn would be livestock shows, it would also have many other uses. These uses could include horse shows, production sales by registered cattle breeders, club calf sale, farm equipment shows, educational agricultural meetings, 4-H Achievement Banquet, meetings of county farm organizations and many other uses. Don't delay!!! Contact one of the people listed above and make your donations or consignments.

Tommy Levitt, youngest son of Mrs. Janita Levitt and the late Carl Levitt, received his masters degree in business at the University of Texas late in May. Immediately after graduation he went to San Francisco, California, where he will be employed. He will be (privately) under direction of his brother, Larry who is an expert in computers.

Tommy has, in the opinion of his friends, accomplished the ultimate. He became a victim of polio early in life. But by devotion and sacrifice of parents and family he underwent treatments at Gonzales Foundation and other facilities and yet was able to continue his schooling. He was the foster child for polio drives when about 5 years old. He was personally presented at the local movie house, by the late Lee Guthrie, during a fund drive.

Tommy, urged by ambition to be on the job did not come home to Wheeler after graduation. He travels mostly by air, but had transportation by car, with a friend from Amarillo to San Francisco. His mother went to Amarillo to have a short visit with Tommy at another sons house.

Miller Family Plans Reunion

In Honor of Hank Miller Mrs. Bertha "Miller" Ong Aunt Bill Miller.

In Memory of Mr. and Mrs. Earl Miller, Mr. and Mrs. Elmer Miller, Mr. and Mrs. Arch Miller, Mr. and Mrs. Arthur Miller and Mr. Zack Miller.

The Miller Reunion will be held the first Sunday in July the 7th. If weather permits it will be held the same location as before, 14 miles East, 1 mile North of Wheeler. Otherwise it will be at the Old Meridian Community Building.

Due to circumstances there will be no Bar-B-Que this year so each family bring their own picnic lunch. We would appreciate the heads of each family to help get word to their own immediate families. Friends and neighbors are welcome.

Allison News

By Mrs. Rex Miller

The homecoming was a huge success. We had about 330 people here, all the way from California to Florida, Ohio and Missouri, New Mexico, Colorado, Kansas, Oklahoma and the tip of Texas.

Colie Donaldson from Berger was a very good Master of Ceremonies. The high school choir of Allison sang two numbers - Rev. Jackie Taylor from San Antonio gave a very inspiring talk. The Donaldson family was represented with the largest number of children to graduate from Allison. There were eight. Dorothy "Wise" Daniels from San Francisco came the farthest. The class of 1942 had the largest number present.

Mr. and Mrs. Clyde Owens and Mrs. Carl Owens spent the weekend with Mr. and Mrs. Ennis Lee. Mrs. Owens and Mr. and Mrs. Lee ate Sunday dinner with the Archie Dillons.

Mr. and Mrs. Alvin Forrest from Portales, New Mexico, spent the weekend with Mrs. Bill Miller.

Mr. and Mrs. Warren Brown from Amarillo, and Luyn Brown from Dumas, spent the weekend with Nettie Walsh.

Mr. and Mrs. Jerry Stewart and family from Amarillo, Mr. and Mrs. Punk Childress and family from Pampa, Mr. and Mrs. Rick Smith and family, Farmington, New Mexico; Shot Childress and boys from Miami; Mr. and Mrs. Densel Reed and family visited the J. T. Childress and Nita over the weekend.

Mr. and Mrs. Virgil Strinnet and family visited Mrs. Nettie Walsh over the weekend.

Mr. and Mrs. Ed Begert and girls from Amarillo, and Mrs. Dan Liebe and boys from Strinnet visited Edna Begert over the weekend.

The Donaldsons had their family reunion during last week. Those attending were Mr. and Mrs. Roland Morse, Luida and Romie from Dumas, Mrs. Diana Odneal, Ryan and Kelly, Denver, Colo.; Vance, Rhonda and Julie Donaldson, Macar, Georgia; Johnny Donaldson, West Carrollton, Ohio, Mr. and Mrs. Colie Donaldson

and daughter, Berger; Wally Donaldson, Orlando, Florida, and Mr. and Mrs. Joe Whitten and Scott from Amarillo.

Mrs. Dorothy Welch from Amarillo, and Mr. and Mrs. Stanley Swires and children from Reydon, visited Doris Newsom over the weekend. Other guests during the home coming were Mr. and Mrs. W. T. Newsom Pyror, Okla.; and Mr. and Mrs. Layton Newsom from Colorado.

Mr. and Mrs. Ralph Markham, Crownpoint, New Mex., visited the George Parkers over the Weekend. Tuesday

the Markhams and Parkers went to Tahlequah, Okla., and spent the rest of the week.

Mr. and Mrs. Richard Kiker were in Amarillo Thursday, shopping and taking Kim to the doctor.

Mr. and Mrs. Bruce Harrison, Louise, Ben, Sheral and Kim Boydston, spent the weekend in Raton, New Mexico, visiting Mr. and Mrs. Jimmy Wallace and family.

Rev. Virgil Cornwell and Rusty returned home Friday. Mrs. Cornwell and baby remained with her mother. Virgil reported his mother-in-law to be improving.

Clifton, Sue and LaQuinta Boydston ate dinner with the Bill Boydstons, Sunday.

Mr. and Mrs. Leland Rainey went to Okla. City, Sunday.

Mr. and Mrs. J. T. Childress and Nita spent Sunday with Densel Reeds, Bessie Megee, Lavesta and Nena Barber were in Elk City last Thursday.

Worry Free

...a great description for people who own electric water heaters. They don't worry about things like waiting for hot water when they want to do the laundry, or wash the dishes or simply like that because they know their electric water heater is fast recovery. They don't worry about service either, because they know the firm has 100 trained people to provide any service that may be needed. Why don't you find out how great it is to be worry free and how you can own an ELECTRIC water heater?

KING'S KOMMENTS

By Don King - CEA

With the increase in home gardening, more and more people will be using pesticides, many for the first time. Therefore, extra precaution is of utmost importance.

Pesticides are poisons. So, if they are used carefully or improperly a hazardous situation may exist.

Proper identification of the pest is an essential first step in determining whether or not the use of a pesticide is warranted. If pesticides are to be used, use that on hand first if it is appropriate for the particular pest, situation. Be sure the label on the container is clearly legible. In purchasing pesticides,

buy only that amount which will be required during the season. During each use prepare only as much pesticide mixture as will be required at any one time. Before using any pesticide, read the entire label and follow directions.

If a container is emptied during the process of preparing a spray mix, rinse the container with water three or four times and add the rinse water to spray mix before diluting it to final volume with water. This reduces the amount of pesticide remaining in the container and minimizes the hazards associated with container disposal.

Use only the amount specified on the label and apply as the label indicates. Do not double the application rate, thinking that twice as much will do twice as good a job.

Read the precautions. In handling any pesticide, avoid contact with the skin and avoid excessive contamination of clothing when spraying or dusting. Heed any advice about wearing protective clothing, and note what to do in the event pesticides are spilled on the skin. Observe the ingredient statement and first-aid instructions.

Do not save "empty" pesticide containers; dispose of them promptly. Wrap single pesticide containers in several layers of newspapers and place them in the garbage for pickup and disposal.

Accidental poisoning is a serious problem around the home, mostly involving children under five years of age. Storing all pesticides and other household chemicals out of reach of children, preferably in a locked storage unit, is an effective means of avoiding the often disastrous effects of accidental poisoning. Do not place pesticides near food or feed. And do not transfer a pesticide to a soft drink or other container attractive to children. Keep pesticides in the

original container.

In landscaping your home area, always keep maintenance in mind. Simple designs, group planting, choice of plant materials, mulches, edgings and size all contribute to easy upkeep.

Confusion results if useless curves, scattered flower beds and hedges are part of a design. Groupings of shrubs, trees and flowers are more effective and easier to maintain. Unity also results from repeated use of similar plants and materials.

Native plants usually require less maintenance, and slow-growing or dwarf plants close to the house can cut down on pruning, thereby reducing maintenance.

Mrs. Odis McCraw spent Thursday night with Mr. and Mrs. C. V. McCraw.

Mulches reduce weed growth and conserve soil moisture, while brick stone or concrete edges make edging easier. The edging also keeps running grasses like Bermuda out of planting areas.

Gentle slopes are also easier to care for than steep ones. They look more natural and allow free movement of lawn mowing equipment. A small, well kept property is more effective than a large unkempt one. A large yard can be made smaller with group plantings of native trees, pecans or pines.

We on several occasions talked Swiss, both of us got a kick out of that you see. The outcome was with the bull, Mr. Finsterwald bought, he got in a fight with another one that had horns and got a horn stuck between ribs and died. The cattle don't always make profits like the last ten years. I still know a little something.

Yesterday I ran onto a apricot tree ripe and ready. Today I went to the house and wanted to buy a small sack full to eat said "I would pick them off the ground." The kind middle aged lady told me to help myself off of tree, yum yum, anything fine eating is apricots.

This would be an ideal place for commercial orchards, I, individually am not interested at land from \$500 to \$5000 per acre. Got to have irrigation fertilizer and other expenses. Good I am old enough to skirt. Wish I could quit worrying about the future. Was a little mad at Nixon for a little while but am over it now. He was just human when accused of not paying quite enough income tax.

I individually believe the European people are economical. I also believe the Americans, owning to the fact I was there in 1918, 1919, in military service. If I have seen any rain since last October, I might have forgotten.

The Rio Grand Valley, a good supply of irrigation water for the summer part says. Don't worry about the future, the present is all thou hast. The future will soon be past. Hope you fellows that wheat get it in storage in the bank and spend the money wisely. I had only a small farm all my life, but usually plenty of room. I usually kept a few hogs sometimes paid alright times very poorly. I had five hog pastures that quite a lot of Hog Wines and work. On one occasion I was stretching hog wire with a hog wire stretcher was not quite tight wanted just one more was pulling with all my might standing up the wire broke, I fell on my nature has provided a job to punish children. Took a long time forgetting the particular instance. Never the less lot of memories. Got the Wheeler Times schedule. Uncle Ed

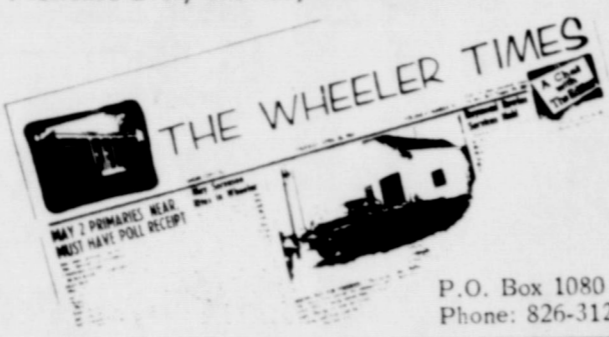

Mr. and Mrs. C. V. McCraw received a call from their son, Sid of Denver, Colo., Saturday.

Mr. and Mrs. Millard Sanders, daughter of Mr. and Mrs. McCraw called today from Gatesville, Tex. Mr. and Mrs. Sanders had returned from a trip to Denver, Colo. They visited McCraw, Mrs. Sanders brother. They made the trip on a plane enjoying the visit immensely.

Parsons-Stevens Exchange Vows

The First United Methodist Church of Wheeler was the setting for the Saturday wedding uniting in marriage Miss Jayne Beth Parsons and Beuron Dale Stevens. The Rev. Ross W. Methodist Minister officiated at the double ring ceremony.

Presented by her father, the bride wore a formal gown of white silk organza designed with empire waist, Juliette collar, fitted sleeves and Victorian shirt. French embroidery and satin ribbon enhanced the bodice and sleeves. A double tier of ruffles, caught with embroidered loops, adorned the gown skirt which terminated into chapel train.

Her illusion veil fell in three tiers to chapel length from a petal coil, and she carried a cascade bouquet of white rosebuds and baby breath atop a white Bible. She wore an antique bracelet belonging to maternal grandmother, a penny minted the year of her birth, a blue garter and a gold bracelet which was a gift from the bridegroom.

Miss Billie Snyder of Higgins was maid of honor and Miss Jeanne Parsons, sister of the bride was junior bridesmaid. Julia Stokes of Shamrock was flower girl. Ricky Hefley was best man and Stephen Kent Stokes of Shamrock was groomsman. Micky Parson, brother of the bride and Tim Hefley ushered Lance Hooper, of Amarillo was ring bearer.

The feminine attendants wore carpet length gowns of deep pink dotted voile, designed along princess style, with lace-edged puff sleeves and mandarin collars accented with bow in the back. Their picture hats were trimmed with matching ribbon streamers. Each carried a single long stemmed rose. The flower girl carried a basket of rose petals.

The candlelighters were attired in identically styled dresses of light pink over deep pink.

Mrs. Parsons, wore a carpet length gown of lime green knit, Mrs. Kenneth Stokes, sister of the groom wore a carpet length gown of beige knit. Mrs. J. B. Parsons, maternal grandmother was attired in a pink and white gown. Each wore a corsage of pink rosebuds.

Jo Rita Rogers registered wedding guests. The reception table was laid with a white cloth centered with pink rosebuds and lighted tapers. A tiered wedding cake was served with punch, nuts and mints. Presiding were Rita Guill, of Miami, Janis Tidwell, Michelle Mitchell and Candy Pennington of Athens.

The bride changed to a three piece voile and cotton pant suit for the wedding trip.

Both are 1973 graduates of Wheeler High School, the bride attended Amarillo Junior College and the groom attended Clarendon College. The couple will be at home in Athens where the bridegroom is employed.

Library News

On display now at the Wheeler County Historical Museum is a collection of farm and ranch articles, loaned by Miss Esther Sorensen. These are: cross cut saws, neck yokes, calf muzzles, old washing machine, etc.

Miss Sorensen gave us some Ribbon Wire also, which we will sell in 18 inch lengths.

Mr. Sechrist is responsible for the fine job of cutting it, and thanks to Mr. A. E. Turnbow for suggesting the right tools to use. Mr. Wayne Edwards loaned us the bolt cutters.

The Museum is open to the public now from 1 to 5 p.m. 6 days a week until September the 1st.

limit meat imports? However, all restrictions have been lifted, if these restrictions are not put back on soon, another billion pounds of foreign beef will be dumped on our market. Japan, Canada, and other Common Market countries of Europe have either placed an embargo on beef imports, or raised tariffs, leaving the United States as the only market in the world open to unlimited imports of beef.

Are you looking for something different to cook on the grill so you will not have to heat up the kitchen? Why not try -
Chuck-in-Foil
Lay: A 3-4 lb. Chuck roast (or any other cut) on heavy aluminum foil.
Over meat, sprinkle: 1 pkg. (3/4 oz.) mushroom gravy mix over everything, 1/2 cup dry red wine (or water). Wrap foil over meat, and fold edges of foil over themselves twice (making a double-seal fold).
Cook on grill 2-3 hours, over med-hot coals.

The purpose of the Cowbelles is to promote beef, if you would like to be a member please contact Mrs. Richard Brown or any other member.

Family Land Heritage Prog.

Farmers and ranchers in Wheeler County whose families have held the same land since 1874 or before will be honored by the Tex. Department of Agriculture's "Family Land Heritage Program", according to Commissioner John C. White.

The program, which will be initiated July 1, will "pay tribute to those families who have proved their respect for and dedication to the land," White said.

This county has some of the oldest establishments in the state, with a long history of dedicated service to the agricultural community and I hope that every qualified family will take this opportunity to be recognized by the people they have served, White said.

Applications and rules for the program may be obtained by writing Commissioner White, P. O. Box 12847, Austin 78711.

Any family who is certified by Judge G. W. Hefley will qualify for the honor. An applicant need only show a continuous family relationship between the founder of the homestead and the present owner.

The land must have been in use for agriculture by the family since 1874 or before, must be at least 10 acres and producing \$50 or more from agricultural products.

Those who do qualify by August 31 will be recognized in a special ceremony at the State Fair this year and short history of their family and land will be published in a land heritage directory. In addition, local recognition will be provided to the families for their long dedication to agriculture.

Wheeler Girl Scout Day Camp

Thirty-nine Scouts and 14 sponsors and helpers are having day camp at Christner lake this week. "Scouts around the World" is the theme of the camp. Brownies represent France, Fly-up Juniors, Mexico, Juniors, Japan and Cadettes, Germany. The Junior Scouts are working on World Games badges, playing games from each of these countries. Cadettes are earning Game Leaders badges by conducting games for the Brownies each day. Camp is opened and closed daily with a flag ceremony.

S.O.S. S.O.S. Calling all charitable persons. The Girl Scouts are in need of a tent for camping. They must have trading stamps. They will accept any kind - Green, Tops, Junn Bros, Gold Bond. Just turn them in to an interested person. Mrs. Richard Brown is leader. Bring them to the TV System Office (at Newspaper) and I will see that the Scouts get them. All help very much appreciated.

What are grandmas for? The other day I came home from the office to find this note on my sewing machine: "Dear Gram. This is Steve. I want you to sew this on." Attached was an embroidered patch carrying a ferocious

looking falcons head. No garment, nothing on which to sew the patch. But Steve didn't forget. A few days later he showed up, grinning and waving a well worn T-shirt. Things like that make grandmas feel very important.

I do find, besides grandmas, interesting people at the kiddie pool. Last week, I had a chat with Dianne Weatherly Hunter of Little Rock, Ark. She had a couple of charming children in tow: She was here with her parents, Joe and Mary Weatherly, while husband Villard was on duty in a church camp.

Another day I found a young couple from Hereford with a charming two-year old, which they were encouraging to get acquainted with the water. They were Mr.

of course. The baby is the infant son of Gary and Linda Davis who live in Edmond, Oklahoma. Harvey Davis is the grandpa. Isaac and Jean Carter are the maternal grandparents. Congratulations all of you.

Roberta Adams spent the day Monday with her sister-in-law, Mrs. Walter Adams, had just lost her father, Mr. Charles Alford. Passed away in the Abraham Memorial Home in Canadian.

Earl and Pauline Barnes have been on vacation to c-o-o-l Colorado. While they were there daughter, Debbie Stone vacationed with her sister in Missouri. Helen Holloway of Amarillo is taking care of business in Wheeler and vicinity and spending the nights with the writer of this column.

and Mrs. John Sublett, daughter of Donna and Jim Close, and were visiting grandmother Mae Good. John had a day off from the management of a Hereford Feeding Lot.

Loretta Crawford Clay who lives near Shamrock is another frequent pool-sider. The Shamrock pool has been closed for repair and Loretta brought her children and the neighbors children for a swim. Of course they were not all the kiddie pool age. Grandpa Lawrence Crowder would sometimes show up to see that everything went well.

I met Altha Jean Davis at the post office Monday morning. In her own words she was "just going around showing pictures." Of what? Well, a new grandson,

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. - A flood of Mexican aliens, estimated at more than a million a year, is pouring into Texas, according to a new Texas Good Neighbor Commission report.

More than half the illegal entrants cross the Rio Grande into Texas. Good Neighbor Commission said the number of such entries is greater than the total number of immigrants who entered the U.S. legally from all the countries of the world.

Last year, the GNC noted, 575,000 deportable Mexican aliens were found in the U.S., and immigration officials figure one escapes for every one apprehended.

Sophisticated smuggling techniques aid the crossings. Immigrations have a social and economic impact in virtually all regions, since the aliens move on to metropolitan areas all over the U.S. in search of better jobs and safety from arrests.

Top AFL-CIO officials promptly called for tough new state laws making it an offense to hire illegal aliens, punishable by stiff fines or prison terms.

DEMOCRATS TO DELAY - Democrats are still in a dither about whether they should "recess" their September 17 state convention until September 19 to avoid a conflict with a high Jewish holy day.

A rules change to allow the delay will be aired at a special meeting of the State Democratic Executive Committee in Austin July 16.

If hotel rooms can be made available September 19, SDEC will consider the change (to keep the convention from falling on Rosh Hashana, the Jewish New Year). But a three-fourth majority is necessary to order the rules amendment.

APPOINTMENTS - Clyde Johnson of Bulverde and San Antonio was named by Gov. Dolph Briscoe to the Texas Water Quality Board, succeeding the late Gordon Fulcher of Atlanta.

Briscoe also named E. Carl Dillard of Pearsall to the State Judicial Qualifications Commission. He reappointed five State Health Advisory Committee members and appointed as new Committee members Mrs. Edd Henard of Wellington, Mrs. Emma Nugent of Orange, Mrs. H.L. Long of Kilgore, Mrs. Marie Bynum of Longview, Rogers Wilson of Austin, W.W. Manley of Terrell, Claude Black of San Antonio, Domingo Pena of Corpus Christi, Ernest Coker Jr. of Conroe, Ronnie Boules of Pecos and Ed Baker of Arlington.

AG OPINIONS - Atty. Gen. John Hill held a newspaper's donating free space to an official's column when he is a candidate for reelection is not a campaign contribution under the law.

In other recent opinions, Hill concluded:
* A county commissioner may not be paid for serving as appointed lawyer for an indigent defendant.
* Texas Water Development Board has a duty to approve or disapprove levees along any stream subject to floods or overflows.
* An appointed attorney who represents both

up to its gas supply contracts. The Court of Criminal Appeals upheld a life sentence given a Dallas man for assault to murder a police officer.

A hearing was set in the Supreme Court for July 17 on whether two elderly sisters can get back \$100,000 and 7,500 acres of land they gave to the Stephens County Museum, Inc.

The high court ordered the Dallas Court of Civil Appeals to take another look at adequacy of a \$4,146 damage award given a Van Zandt County man who was bitten on the hand by a neighbor's hog.

OIL ALLOWABLE SET - The statewide oil allowable for July was fixed by the Railroad Commission, for the 28th straight month, a 100 per cent level.

Major crude oil buyers asked for 3,843,362 barrels of oil daily in July, a decrease of 36,087 from June. Commission Chairman Jim Langdon pointed out that the U.S. still imports 1.5 billion barrels of crude annually - a "very long way" from self-sufficiency.

Exceptions to the 100 per cent order were East Texas and Kelly-Snyder fields which were restricted to 86 per cent production.

BEAUTIFICATION AWARDS MADE - Seven cities received Governor's Community Achievement Awards for outstanding community beautification projects during the last year.

Winning cities were Stanton (under 2,500); Eastland (2,501 - 5,000); Athens and Jacksonville (5,001 - 10,000); Lufkin (10,001 - 20,000); New Braunfels (20,001 - 60,000) and San Antonio (over 60,000).

Eighty-six communities submitted entries in the competition. Awards were made at the seventh annual meeting of the Beautiful Texas Council here.

BUDGET HEARINGS START - Hearings of the 1976-77 state budget - the first to use the new zero-base system - are under way.

Some of the early requests by state agencies reviewed by the Legislative Budget Board and the governor's office are running almost twice current spending.

Requests, under the new plan, are divided into three levels - bare minimum, middle bracket and highest feasible.

SHORT SNORTS
Twenty key state agencies report substantial employment increases for blacks and Mexican-Americans.

New textbooks considered for school use will go on display July 1 in 20 regional education service centers.

A \$48,000 state award from the Department of Mental Health and Mental Retardation will assist Attorney General Hill in legal research on rights of the mentally retarded.

Texas is seeking more than \$17 million in federal funds to help finance public school programs for children of migrant farm workers during the 1974-75 school year.

The older you get, the better they look.

You ought to get more than a birthday cake for turning 65. And there's an easy way to make sure you do.

The Payroll Savings Plan. All you do is sign your name and watch those U.S. Savings Bonds grow. And they grow fast.

What happens, then, when you're older?

If you buy U.S. Bonds regularly during your working years, you'll likely have a substantial stack built up when retirement comes around. Then, you can either cash them in one by one to supplement your income or exchange them for Series H Bonds to give you a steady income.

Exchanging them, incidentally, permits you to continue deferring income tax on the accumulated interest!

U.S. Savings Bonds. One sure way to grow old gracefully.

Now U.S. Bonds pay 6% interest when held to maturity of 5 years (4% the first year). Bonds are replaced if lost, stolen or destroyed. When needed, they can be cashed at any bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

Family Land Heritage Prog.

Farmers and ranchers in Wheeler County whose families have held the same land since 1874 or before will be honored by the Tex. Department of Agriculture's "Family Land Heritage Program", according to Commissioner John C. White.

The program, which will be initiated July 1, will "pay tribute to those families who have proved their respect for and dedication to the land," White said.

This county has some of the oldest establishments in the state, with a long history of dedicated service to the agricultural community and I hope that every qualified family will take this opportunity to be recognized by the people they have served, White said.

Applications and rules for the program may be obtained by writing Commissioner White, P. O. Box 12847, Austin 78711.

Any family who is certified by Judge G. W. Hefley will qualify for the honor. An applicant need only show a continuous family relationship between the founder of the homestead and the present owner.

TROOP 71: Pictured above is a troop of Junior Girl Scouts. They are (l to r) standing, Michelle Cross, Tanya Rarden, Cathy Doherty, Yammy Sangaravivam, Elisa Christner, Beth Brown and Lisa Dodd; seated are Rhonda Hogue, Angela Atwood, and Missy Wiggins.

Wheeler Girl Scout Day Camp

Thirty-nine Scouts and 14 sponsors and helpers are having day camp at Christner lake this week. "Scouts around the World" is the theme of the camp. Brownies represent France, Fly-up Juniors, Mexico, Juniors, Japan and Cadettes, Germany. The Junior Scouts are working on World Games badges, playing games from each of these countries. Cadettes are earning Game Leaders badges by conducting games for the Brownies each day. Camp is opened and closed daily with a flag ceremony.

PERSONAL
Mr. and Mrs. Claude C. Cox's children and families were all home for the weekend, to celebrate the Cox's 40th wedding anniversary. All five of the Cox's children were there and eighteen of the nineteen grandchildren were present. The people present were: Mr. and Mrs. K. D. Ford and family of Wheeler; Mr. and Mrs. DeWayne Ford of Wheeler; Mr. and Mrs. Claude Cox, Jr. and family of Brownwood, Texas; Mr. and Mrs. F. B. Pride and family of Arlington, Texas; Mr. and Mrs. James Cox and family of Smyer, Texas; Mr. and Mrs. Marvin G. Cox and family of Amarillo, and Mr. and Mrs. O. W. Pendleton of Wheeler and the Pendleton's grand-daughter of Dallas, Texas.

Here & There

S.O.S. S.O.S. Calling all charitable persons. The Girl Scouts are in need of a tent for camping. They must have trading stamps. They will accept any kind - Green, Tops, Sunn Bros, Gold Bond. Just turn them in to an interested person. Mrs. Richard Brown is leader. Bring them to the TV System Office (at Newspaper) and I will see that the Scouts get them. All help very much appreciated.
What are grandmas for? The other day I came home from the office to find this note on my sewing machine: "Dear Gram. This is Steve. I want you to sew this on." Attached was an embroidered patch carrying a ferocious

looking falcons head. No garment, nothing on which to sew the patch. But Steve didn't forget. A few days later he showed up, grinning and waving a well worn T-shirt. Things like that make grandmas feel very important.
I do find, besides grandmas, interesting people at the kiddie pool. Last week, I had a chat with Dianne Weatherly Hunter of Little Rock, Ark. She had a couple of charming children in tow: She was here with her parents, Joe and Mary Weatherly, while husband Villard was on duty in a church camp.
Another day I found a young couple from Hereford with a charming two-year old, which they were encouraging to get acquainted with the water. They were Mr.

of course. The baby is the infant son of Gary and Linda Davis who live in Edmond, Oklahoma. Harvey Davis is the grandpa. Isaac and Jean Carter are the maternal grandparents. Congratulations all of you.
Roberta Adams spent the day Monday with her sister-in-law, Mrs. Walter Adams, had just lost her father, Mr. Charles Alford. Passed away in the Abraham Memorial Home in Canadian.
Earl and Pauline Barnes have been on vacation to c-a-o-l Colorado. While they were there daughter, Debbie Stone vacationed with her sister in Missouri.
Helen Holloway of Amarillo is taking care of business in Wheeler and vicinity and spending the nights with the writer of this column.

and Mrs. John Sublett, daughter of Donna and Jim Close, and were visiting grandmother Mae Goad. John had a day off from the management of a Hereford Feeding Lot.
Loretta Crowder Clay who lives near Shamrock is another frequent pool-sider. The Shamrock pool has been closed for repair and Loretta brought her children and the neighbors children for a swim. Of course they were not all the kiddie pool age. Grandpa Lawrence Crowder would sometimes show up to see that everything went well.
I met Altha Jean Davis at the post office Monday morning. In her own words she was "just going around showing pictures." Of what? Well, a new grandson,

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams TEXAS PRESS ASSOCIATION

AUSTIN, Tex. - A flood of Mexican aliens, estimated at more than a million a year, is pouring into Texas, according to a new Texas Good Neighbor Commission report.

More than half the illegal entrants cross the Rio Grande into Texas.

Good Neighbor Commission said the number of such entries is greater than the total number of immigrants who entered the U.S. legally from all the countries of the world.

Last year, the GNC noted, 575,000 deportable Mexican aliens were found in the U.S., and immigration officials figure one escapes for every one apprehended.

Sophisticated smuggling techniques aid the crossings.

Immigrations have a social and economic impact in virtually all regions, since the aliens move on to metropolitan areas all over the U.S. in search of better jobs and safety from arrests.

Top AFL-CIO officials promptly called for tough new state laws making it an offense to hire illegal aliens, punishable by stiff fines or prison terms.

DEMOCRATS TO DELAY - Democrats are still in a dither about whether they should "recess" their September 17 state convention until September 19 to avoid a conflict with a high Jewish holy day.

A rules change to allow the delay will be aired at a special meeting of the State Democratic Executive Committee in Austin July 16.

If hotel rooms can be made available September 19, SDEC will consider the change (to keep the convention from falling on Rosh Hashana, the Jewish New Year). But a three-fourth majority is necessary to order the rules amendment.

APPOINTMENTS - Clyde Johnson of Bulverde and San Antonio was named by Gov. Dolph Briscoe to the Texas Water Quality Board, succeeding the late Gordon Fulcher of Atlanta.

Briscoe also named E. Carl Dillard of Pearsall to the State Judicial Qualifications Commission. He reappointed five State Health Advisory Committee members and appointed as new Committee members Mrs. Edd Henard of Wellington, Mrs. Emma Nugent of Orange, Mrs. H.L. Long of Kilgore, Mrs. Marie Bynum of Longview, Rogers Wilson of Austin, W.W. Manley of Terrell, Rev. Claude Black of San Antonio, Domingo Pena of Corpus Christi, Ernest Coker Jr. of Conroe, Ronnie Boules of Pecos and Ed Baker of Arlington.

AG OPINIONS - Atty. Gen. John Hill held a newspaper's donating free space to an official's column when he is a candidate for reelection is not a campaign contribution under the law.

In other recent opinions, Hill concluded:
* A county commissioner may not be paid for serving as appointed lawyer for an indigent defendant.

* Texas Water Development Board has a duty to approve or disapprove plans for proposed levees along any stream subject to floods or overflows.

* An appointed attorney who represents both

up to its gas supply contracts.
The Court of Criminal Appeals upheld a life sentence given a Dallas man for assault to murder a police officer.

A hearing was set in the Supreme Court for July 17 on whether two elderly sisters can get back \$100,000 and 7,500 acres of land they gave to the Stephens County Museum, Inc.

The high court ordered the Dallas Court of Civil Appeals to take another look at adequacy of a \$4,146 damage award given a Van Zandt County man who was bitten on the hand by a neighbor's hog.

OIL ALLOWABLE SET - The statewide oil allowable for July was fixed by the Railroad Commission, for the 28th straight month, a 100 per cent level.

Major crude oil buyers asked for 3,843,362 barrels of oil daily in July, a decrease of 36,087 from June.

Commission Chairman Jim Langdon pointed out that the U.S. still imports 1.5 billion barrels of crude annually - a "very long way" from self-sufficiency.

Exceptions to the 100 per cent order were East Texas and Kelly-Snyder fields which were restricted to 86 per cent production.

BEAUTIFICATION AWARDS MADE - Seven cities received Governor's Community Achievement Awards for outstanding community beautification projects during the last year.

Winning cities were Stanton (under 2,500); Eastland (2,501 - 5,000); Athens and Jacksonville (5,001 - 10,000); Lufkin (10,001 - 20,000); New Braunfels (20,001 - 60,000) and San Antonio (over 60,000).

Eighty-six communities submitted entries in the competition. Awards were made at the seventh annual meeting of the Beauty Texas Council here.

BUDGET HEARINGS START - Hearings of the 1976-77 state budget - the first to use the new zero-base system - are under way.

Some of the early requests by state agencies reviewed by the Legislative Budget Board and the governor's office are running almost twice current spending.

Requests, under the new plan, are divided into three levels - bare minimum, middle bracket and highest feasible.

SHORT SNORTS
Twenty key state agencies report substantial employment increases for blacks and Mexican-Americans.

New textbooks considered for school use will go on display July 1 in 20 regional education service centers.

A \$48,000 state award from the Department of Mental Health and Mental Retardation will assist Attorney General Hill in legal research on rights of the mentally retarded.

Texas is seeking more than \$17 million in federal funds to help finance public school programs for children of migrant farm workers during the 1974-75 school year.

More than 175 Texas areas are eligible for flood insurance through a new special program administered by the National Flood Insurers Association.

The older you get, the better they look.

You ought to get more than a birthday cake for turning 65. And there's an easy way to make sure you do.
The Payroll Savings Plan. All you do is sign your name and watch those U.S. Savings Bonds grow. And they grow fast.
What happens, then, when you're older?
If you buy E Bonds regularly during your working years, you'll likely have a substantial stack built up when retirement comes around. Then, you can either cash them in one by one to supplement your income or exchange them for Series H Bonds to give you a steady income.
Exchanging them, incidentally, permits you to continue deferring interest!
U.S. Savings Bonds. One sure way to grow old gracefully.

Now E Bonds pay 6% interest when held to maturity of 5 years. 4% the first year. Bonds are required if lost, stolen or destroyed. When needed, they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.
