HARRY WOFFORD, COUNTY CLERK, IS BURIED TUESDAY

Harry Wofford, 74, Wheeler County Clerk since 1941, died Sunday at Parkview Hospital after an illness of several weeks.

The funeral was held at 2:30 p.m. Tuesday in the First Baptist Church with Rev. David Campbell, pastor, officiating.

Mr. Wofford, born May 23, 1901 in Hartman, Ark. moved with his parents, William and Dee to Wheeler County in 1909 and first took the oath of office for county clerk in January 1941. He was a deacon of the First Baptist Church.

He was director of the First National Bank and trustee of High Plains Baptist Hospital in Amarillo.

Mr. Wofford was a charter member of the Wheeler Kiwanis Club and had served as president of the club two terms and as lieutenant governor of Division 6 of the Kiwanis Club.

He was a member of the Masonic Lodge and was a member of the Scottish Rite. He was Chamber of Commerce "Man of the Year" in Wheeler in 1973 and also a member of the chamber.

Survivors include the widow, Mary, two brothers, Frank of Little Rock, Arkansas, and W. B. of Hot Springs, Arkansas.

Mr. Wofford's nephews served as Pall Bearers. Serving were Harry Garrison, W. Ben Wofford, Jr., Joe Craig Wofford, Mike Wofford, Todd H. Porter, and Steve McFerron.

Burial was in the Shamrock Cemetery under the direction of Wright Funeral Home.

RODEO JULY 17-18-19

The old west will come to life in Wheeler at the 20th annual Wheeler Riding Club Rodeo as it gets underway Thursday, July 17. Each night's performance of the Rodeo begins at 8:30 p.m. The rodeo is staged at the rodeo arena northeast of town.

The annual free barbecue will start the three days of festivities. The barbecue is a joint effort of the businessmen and the Riding Club and is served by the Chamber of Commerce. The feed is scheduled to begin at 6:00.

A crowd of 1500 is expected to be on hand to hold their plates as they go through the 'chow' line. The menu for the evening will be barbecue beef, sauce, brown beans, onions, pickles, peaches, bread and iced tea or coffee.

The meal is free to each person buying a ticket to the first night's performance of the rodeo.

Around 1500 lbs. of beef is being prepared to feed the crowd Thursday evening.

Eight events will be presented at each performance of the rodeo. Events scheduled are Brama Bull Gold Rush, Bareback Bronc

Riding, Saddle Bronc Riding, Calf Roping, Girls Barrel Race, Bull Dogging, Bull Riding and Heading and Heeling. \$25.00 will be added to each purse.

Producing the rodeo again this year will be Charlie Plummer, Jr. of Elk City, Okla. Rose Plummer will serve as secretary.

CITY-WIDE CLEAN-UP SAT.

Let's clean up the town! Customized Service will have two trucks in town, Saturday, July 12 to help clean up your property. Sock up the trash, bundle up the limbs (in 3 ft. lengths), set them out front.

Call the City Office 826-3222 between 8:30 a.m. and 2:00 p.m. and there will be a truck come pick them up. The dump ground will be open all day if you wish to haul your own trash.

The foundation of our community is tilting somewhat because of one of the pillars has been removed from its place. This pillar is not a 'thing' but a person, and we regret that our friend Harry Wofford has been removed from us.

He was not a personal friend to each one of you, he was a friend in a bigger sense in that he actively supported and worked for any cause that bettered his community and county and everyone in them.

He was a pillar, and he stood straight and tall. It is sad that this pillar cannot be replaced, not one of us is responsible, but at this point in time it is getting harder to find a person who is dedicated enough and faithful enough to devote a large part of their time to the causes of their fellow man.

It seems to be a sign of the times that all we can hear and read is what is wrong with our community and state and what is bad about our friends and neighbors.

I am glad we all had the opportunity to know someone like Harry who supported and worked for the good things of our community and always had a kind word for his friends and neighbors.

Harry was a politician in the full sense of the word, but not in the bad sense of the word. Harry was also a worker and a leader in his church, his community, and his state. He was one of those special people who made our world a better place to live and who made every day a better day just by coming in contact with him, and shaking his hand. It is a lesson for all of us to remember, that a man can use the latter part of his life, when so many quit, and accomplish so much.

We will miss you Harry, and we only hope we can replace your "spot" in our foundation with someone as capable and as dedicated as you to hold up our community and country. But we will never be able to replace you in our hearts.

So long,
A Friend

Eastern Panhandle All-Stars Lose 2 "Gone With The Wind" Showing

Fifteen young men, Eastern Panhandle All-Stars, traveled to Elkhart, Kansas, Monday to play in the Babe Ruth All-Stars Tournament. The team played High Plains All-Stars (Skellytown, White Deer and Clarendon) Monday evening. The local team led for a period of time, but lost 13-5.

The second game was played Tuesday evening against Top O' Texas. The Top O' Texas team is the All-Stars from the Pampa league. The local team was defeated 17-1.

The Eastern Panhandle All-Stars represented Lefors, Wheeler, and Mobeetie. Making the trip were: Randy Cady, David Rowe, Tony Eldridge, Keith Robertson, Mike Rowe, Robert D. Lake, manager, and Gary E. Cady, coach of Lefors; Randy Stuart, Greg Estes, Steve Knorr of Mobeetie; Russel Phipps, Ted Phipps, Myron Jolly, Kevin Lasley, Billy Stewart, Sammy Sutton, Johnny Sutton, and Leon C. Sutton, coach of Wheeler.

WIMZEE: "From The Dot Shop, Wheeler, Texas, Richard and Lynda Wallace and Jim and Sharon Wright consider a long peasant dress shown by Dick Welcher, representative in Dallas." finally relented, but soon wired, "I've changed my mind. Send it back." Instead Macmillan sent a check for \$5,000. At that point, the manuscript was titled "Tomorrow Is Another Day." The famous title was inspired by an Ernest Dowson poem she spotted in an anthology of English verse. "Gone With The Wind" was published June 30, 1936.

Typically, Margaret Mitchell told friends, "I do hope they sell 5,000 copies so they won't lose money." In six months, a million copies of the book were sold and the American Civil War epic received the 1937 Pulitzer Prize.

The public took unprecedented interest in Selznick's casting decisions. Clark Gable was the choice of 98 percent of those who wrote the studio suggesting candidates for the Rhett Butler role, Gable was signed in August 1938. Vivien Leigh was signed to portray Scarlett O' Hara in January 1939, climaxing a two-year international search in which 1,400 unknowns and favorite stars were interviewed and 90 actually tested. Olivia de Havilland and Leslie Howard were set to play Melanie Hamilton and Ashley Wilkes.

With the astonishing Atlanta fire sequence filmed as a preliminary late in 1938, official starting date for the picture was January 26, 1939. The last day of filming with the stars was November 11, 1939. Victor Fleming directed. MGM celebrated the world premiere December 15, 1939, fourteen years after Margaret Mitchell sat down at a typewriter to help occupy her time.

"Gone With The Wind" scored ten Academy Awards, a record until MGM's "Ben Hur" received 11 in 1959. Academy honors were bestowed for Best Picture of 1939; Vivien Leigh as Best Actress; Hattie McDaniel as Best Supporting Actress; Fleming for Best Direction;

Nurses Training Here & There

National Nursing students at Phillips College complete, in August, second annual class merging the North and Highland General Hospital programs. This consolidated program is provided by the Vocational Examinining Board and Texas Education Agency. Third annual class of national nurses is scheduled to begin August 18, 1975. The tentative deadline receipt of applications has been set for July 15. Those interested in the '76 class are urged to write. Applications may be secured at the office of Hicks, Dean of the National-Technical Education Division, or Mrs. Ella Weeter, the director of LVN Program. Both are located in the Administration building on the campus, or writing either the two principals c/o Frank Phillips College, Box 111. The sooner the application is received by the school of National Nursing at the college, the more adequate time is needed for processing responses from agencies, scheduling the classification test, personal interviews, appointments, with the Screening Committee, and the physical examination—the order of things leading to acceptance in the 1975-76 class.

The following admission requirements are issued for next class: Men or women between ages 18 and 20 years of high school or equivalent; Good physical and mental health; Genuine interest in nursing; Classification test;

Four Attending Electrical Camp

Four 4-H Club members from Wheeler County left Monday, July 7th, on a five day trip to New Mexico's Camp Scott Able near Cloudcroft for training in leadership and electrical projects.

Each year three boys and three girls, accompanied by two adults, are selected from each of the 22 counties in Texas Agricultural Extension. Service District 1 to attend electric camp.

This year's delegates from Wheeler County include Charlotte Smith, Shamrock 4-H club; Phoebe Meek, Briscoe 4-H club; Kimberly Mathaway and Zana Corse, Mobeetie 4-H Club.

They left Monday by bus and will return on Friday, July 11. In all, some 130 youths and 40 adults are going.

The event provides leadership training and teaches 4-H members, leaders and county extension agents how to conduct 4-H electrical projects and method demonstrations, and how to prepare 4-H records.

Recreational and citizenship training also is an important part of the camp.

Dean's List

Almost 19 percent of West Texas State University's 4,058 undergraduate students studied their way to a place on the Dean's Honor Roll.

These 755 students achieved at least a 2.25 grade point average on a three point scale for the spring semester 1975.

"In a university which is described as a community of scholars, the students on the Dean's Honor Roll are our most outstanding citizen citizens," said Dr. Ray Malzahn, WTSU vice-president for academic affairs.

The honor student from Briscoe is Elizabeth Alexander, wife of Robert Alexander of Briscoe. She is a senior speech education major.

Mr. and Mrs. Kim Schoon and Jennifer of Baselt, Colorado and Mrs. Willie B. Tate of Shamrock visited with Mr. and Mrs. Fred Wood Tuesday. Mrs. Schoon is a granddaughter of Mr. Wood.

Spaghetti Supper Planned By UMY

The Wheeler U. M. Y. will sponsor a spaghetti luncheon Sunday, July 13, after morning services at the First United Methodist Church. Members are urged to attend and bring a dessert. Donations will be accepted.

spectators that they have seen a first class rodeo in action, according to Dr. Kenneth Royse, President of Top O' Texas Rodeo Association.

Warren House, popular sports announcer of Radio Station KPDN in Pampa, will be describing the events. Jasse is known throughout the South West as one of the top sports announcers working primarily in the field of football, basketball, and baseball. This will be his first year to announce a rodeo, but he says he is looking forward to it.

The "Ragin Cajun" from Tickfaw, Louisiana, one of the most popular figures in North American professional rodeo, will clown the show with the assistance of Frank Rhodes as barrel man. These two clowns have been popular throughout the big-time rodeo circuit. In years past playing at Calgary Stampede in Alberta Canada, Chicago Intematoinal and last year worked the National Finals plus many more.

Something new in the way of speciality acts will be offered this year with Rick Young's "Wild Chariot

Race." This act features two exciting teams of doing their version of the famous "Ben Hur" Chariot Race.

Performances will be nightly beginning at 8:00 on Wednesday, July 30, running through August 2, with cue music furnished by the Pampa High School Rodeo Band under the direction of Jeff Doughten.

The Kid Pony Show events for children through age fifteen will be held Monday and Tuesday night July 28 and 29 at 7:30 p.m. Children in that age range are invited to participate. Complete information may be secured by writing Box 1 in Pampa, Texas.

Rodeo dances will be held nightly at 9:00 Wednesday through Saturday in the National Guard Armory Building on the rodeo grounds.

Reserved seats for the rodeo performances may be secured by calling 669-3123 or by writing Box 1942, Pampa, Texas 79065.

Wednesday night has been designated as "Family Night" with one six dollar ticket admitting both parents and all their children under twelve years of age.

NEWS Of Homemaking

COMPUTERIZED COOKING - This Amana oven has built-in solid-state computer with a remarkable memory that makes microwave cooking even more simple, accurate and fun.

It's like a scene from science fiction. The homemaker enters the kitchen, touches a panel to give instructions to the microwave oven, and leaves. The oven does the rest: defrosts, cooks, slow cooks, exactly to the time set, accurate to a fraction of a second.

Happily for today's busy men and women, they can play this scene every day. For there's a new computerized microwave oven that will enable them to touch in the cooking instructions and forget about it. Or, if the homemaker interrupts the cooking cycle to turn the dish or to check the progress, the cooking automatically resumes by closing the door and touching the "start" button.

In this Touchmatic Radarange Microwave Oven, Amana has eliminated conventional timers and controls. In their place is a solid-state computer with a glass electronic touch panel which is touched lightly to give cooking instructions.

When the oven is not in use, the digital electronic display tells the time of day in bright numbers. There's still another use: as a reminder beep to alert the homemaker when something is to be started or completed.

In use, the oven features an additional, inflation-fighting way to cook: gourmet slow cooking, which tenderizes lesser cuts of meat, creates full-bodied

saucers and soups, and blends flavors as in stewing. The "Slow Cook" cycle automatically slows down the microwave cooking process, cooking most foods is still 10 percent faster than in a conventional oven.

It also saves more energy because the new computerized oven, similar to other models of Radarange ovens, saves 70 to 75 percent of the electrical energy needed to cook most foods with a conventional oven.

The portable, counter-top Touchmatic is 15 inches high, 22 3/4 inches wide and 17 1/4 inches deep, operating on 115 volts and has 675 watts of cooking power. The stainless steel interior, as well as the exterior can be wiped clean with a damp cloth.

But it's the remarkable memory that makes the microwave oven seem like something from the future. Here's how it works: Touching the control panel sends a signal to a microcomputer which is a microcomputerized chip about the size of a fingernail and has the equivalent of 3,175 resistors, transistors and diodes. The instructions are stored in the bank and recalled automatically as the necessary functions are needed.

Cooking by computer is a simpler, more versatile way to turn out gourmet food for your family and have a lot of fun doing it.

ROGUE THEATRE - 8 P.M.

TO WHOM IT MAY CONCERN:

On June 2, 1975 shortly after 7 a.m. the piano, organ and P. A. system was removed from the Community Church building in Mobeetie, Texas without permission of the membership.

Knowing who removed them where they were taken and who received and helped unload them, the membership asked that they be returned. It was told they were to be used in the North Wheeler County Crusade. The membership decided to be patient and so without them and a wait their return, although it would be four weeks.

To the best of our knowledge none of them except the P. A. system were used.

And of this date they have still not been returned.

After much praying and discussion the membership had decided that if these people are in such desperate straits for these articles, they should have them with our blessings and we pray that God's blessing be with them.

We will replace them as we are able. But we issue this warning.

As of this date any person or persons removing anything from the Community Church without written consent from the membership shall have charges filed on them immediately.

TERRACES CONSERVE OUR SOIL

When the early settlers of this great nation first came to this part of the country most of them were not very concerned about taking care of the land. If the soil they were tilling got to the point

where it would not produce, they simply moved to another part of the country and broke out more land. It is not possible to do this any more. In fact the leaders of our nation tell us that we will

have to feed and clothe many more people in the near future and this will have to be done on less acreage. This of course is due to the 'population explosion' of these United States. With this in mind we need to ask: ourselves if we are using our soil in a way to preserve and improve it.

Much of our soil in the Wheeler County Soil Conservation District needs to be terraced in order to preserve it. Soil will produce good crops in the years to come. Many times we hear landowners make a remark such as this: "My farm should have been terraced years ago, but I hate to work them so bad that I just would not build them." It is true that a field that is terraced is harder to work than a good level field

with no terraces. However, much of our cultivated land is rolling and if it is not terraced, soon there will be gullies through fields that we cannot cross with our modern farm equipment. This is much more of a nuisance than the terraces.

A good terrace system on our farms will keep it from washing into gullies as well as stop the sheet erosion. Also terraces will help to conserve the moisture we receive and distribute it over land more evenly. Here in Wheeler County this is one of the great assets of a terrace system, because we have periods of drought quite frequently. Some farmers report that terraces have increased their yields up to one third more than it was before terracing. This is of course due to the better moisture conditions as well as saving the valuable top soil. If all the inconveniences of terraces and all the benefits are carefully considered, surely the decision for a good terrace system will be made.

PERSONAL

Mr. and Mrs. Gwen Edwards had as their visitors over the weekend Mr. Edwards cousins from Sparta, North Carolina, Mrs. Munsey Crouse and Mr. and Mrs. Leonard Pettie. They left for home Monday morning.

Mr. and Mrs. Wayne Edwards gave his brother David and family a fish fry last Wednesday night. Others there were his parents Mr. and Mrs. Gwen Edwards and Mr. and Mrs. Tom Edwards and Jeff.

Friday night Joyce and Wayne, Thomas and Ruth Ann had a cookout at Mr. and Mrs.

Gwen Edwards. They had hamburgers, hot dogs, and home made cream. How nice it is to have children that care.

Mrs. Litchen Edwards and Mrs. Pearl Williams visited the Gwen Edwards and all the relatives on Sunday afternoon before David left for Maryland. Also Mrs. Tom Helton and daughter Joyce Smith and granddaughter, Karen Helton of Wheeler. All the company is gone and it is quiet and lonesome around Valley View Farm.

Visiting over the weekend were their grandson Mr. and Mrs. Virgil Helton from Lubbock; their daughter and husband, Mr. and Mrs. Alza Francis of Erickson; Mrs. Clyde Meeks.

When fortune knocks, be sure to open the door.

TEXAS TALK

By George Richardson

All it takes is a glance at your own checkbook to know that in the long run you have to have more coming in than going out. The same principal works with nations as well. That's why an international trade surplus is more desirable than a trade deficit. American farmers last year did far more than any other segment of U-S industry to reduce a trade deficit topped off by the high prices of mid-eastern oil. Agricultural exports last year were worth 22 billion dollars, producing an agricultural trade surplus of nearly 12 billion. This contribution by food and fiber producers brought our total deficit to 3 billion dollars. Still high, but much less than some economists thought it would be. Those figures from last year are considered by many to be the harbinger of agriculture's future importance to the U-S position in world affairs. Farmers and ranchers are moving more directly into the limelight as they produce enough to keep us number one.

KING'S KOMMENTS

By Joe Don King - CEA

In early July, about 24,000
 Texas farmers will receive
 an acreage and production
 questionnaire from Charles
 Caudill, Agricultural Statistic-
 ian for the Texas Crop and
 Livestock Reporting Service,
 Austin, Texas.
 Information from this sur-
 vey will be used to determine
 harvested acreage and pro-
 duction of early harvested
 crops for the state of Texas
 and for the county. Farmers

who receive questionnaires
 are urged to complete and
 return them by mail. All
 individual reports are confi-
 dential and will be used for
 state and county totals.
 This survey is a coopera-
 tive effort of USDA's
 Statistical Service and the
 Texas Department of Agri-
 culture.
PINKEYE PROBLEMS
 Pinkeye is a serious
 problem in some beef cattle
 herds in Texas during the

hot summer weather. The
 disease can cause consider-
 able weight loss and even
 the loss of sight.

There is no single cure-all
 for pinkeye, but there are
 several practices which you
 can follow to help reduce
 pinkeye problems.
 Flies spread certain kinds
 of pinkeye. Repeated spray-
 ing of the faces of cattle
 with Ciodrin insecticide will
 control face flies. Dust bags,
 face wipers and backrubbers
 also help on controlling
 flies. Locate them near or
 on the salt box, on the way
 to water, or in shaded areas
 for loafing.
 An adequate amount of
 Vitamin A helps keep eyes
 healthy. Good pasture
 generally provide enough
 Vitamin A. Where dry
 weather is turning pastures
 brown, supplementary Vita-
 min A should be provided.
 Separate animals with
 pinkeye from the herd and
 treat infected eyes with an
 antibacterial preparation.

Keep infected animals in a
 sheltered area. Covering
 infected eyes will protect
 them from light and foreign
 matter and will speed recov-
 ery. A simple patch made of
 burlap and held in place
 with rubber cement seems to
 be effective.
 If treatment does not im-
 prove conditions, consult a
 veterinarian. Viral diseases
 such as IBR may be the
 cause of pinkeye. Your vet-
 erinarian can recommend a
 vaccination program for
 controlling such diseases.
 Studies have shown that
 calves with pinkeye weighed
 considerably less at weaning
 time and as yearlings when
 compared to calves the same
 age without pinkeye. Thus,
 controlling pinkeye can pay
 with increased profits at
 market time.
 A new Texas Agricultural
 Extension Service publication
 simply called "Home Lawns"
 should be a real winner for
 homeowners.
 The publication features a

complete digest of informa-
 tion on home lawns, rang-
 ing from types of lawn grasses
 to care and maintenance.
 A complete discussion is
 offered on both warm-season
 and cool season turfgrasses
 for Texas. The warm season
 types include bermudagrass,
 St. Augustine grass, buffalo-
 grass, zoysiagrass, and cen-
 tipedegrass. Among cool
 season grasses described
 are ryegrass, tall fescue
 and Kentucky bluegrass.
 A section of the new pub-
 lication is devoted to informa-
 tion on establishing a new
 turf. Three major steps are
 discussed as being essential
 in this endeavor; preparing
 the soil properly, establish-
 ing the grass, and caring for
 the young grass.
 A major portion of the pub-
 lication is keyed to manage-
 ment of established lawns.
 Specific information is pres-
 ented on fertilization, water-
 ing and mowing.
 A review of lawn problems
 is featured in the final pages
 of the publication. Informa-
 tion is presented on thatch
 accumulation, shade problems
 weeds, insects and diseases.
 With hot summer weather
 approaching, homeowners
 generally experience a vari-
 ety of lawn problems. The
 new "Home Lawns" publica-
 tion can be a valuable guide
 in identifying these problems
 and in taking corrective
 measures. A copy may be
 obtained at the county Ex-
 tension office.

 Cafeteria in Pampa for a
 business meeting. A num-
 ber of projects were discus-
 sed and voted on.
 The tickets for the Top O'
 Texas CowBelles' drive for
 "Beef for Girlstown" were
 given to the reporters of each
 town to be distributed to the
 members of each town or
 community. As mentioned
 last week, this drive is to
 provide Girlstown with a
 beef. Tickets will be award-
 ed for each dollar donation
 and a drawing will be held
 the last night of the Top O'
 Texas Rodeo in Pampa. The
 holder of the winning ticket
 will receive half a beef. If

 dinner meeting in their newly
 acquired quarters. They
 were a bit cramped by too
 many walls, but we hope
 soon to be rid of that problem.
 Twenty four people enjoyed
 dinner and games. Each
 team of "88ers" had a room
 to themselves, but that was
 not such a bad idea, as
 sometimes that breed can
 get pretty noisy.
 The Baptists sponsored
 the meeting. The predinner
 invocation was given by
 Paul Shumate. After dinner,
 Laura Guthrie gave a few ex-
 cerpts from "Jugs and Julips"
 by Virginia Hudson. The
 business meeting was lead by
 Mary Wofford, President.
 She briefed on the estimated
 cost of utilities and the
 generosity of the companies
 providing these necessities.
 She also reported that volun-
 teers, sponsored by the
 Kiwanis Club would be on
 hand Thursday night to
 begin "Breaking down the
 inner walls." Possibly the
 Lions will join in. As of
 this writing they had not
 had this weeks meeting.
 Other volunteers—whether
 members of Clubs or not—
 are urged to help. Mrs.
 Lewis Wright, the co ordina-
 tor, urged members and other
 interested people to be in
 Amarillo on Wednesday to
 meet with a Federal Board,
 lending their weight to our
 plea for a Federal Grant to
 finance our project.
 Mrs. Wright also introduced
 our guest of the evening,
 Dr. Terry Cook of Sahmrock.
 Mrs. C. C. Killingsworth
 and C. J. VanZandt were the
 Birthday honorees. They
 were seated at the Birthday
 Table along with their
 spouses.
 If the building is in shape
 there will be a meeting for
 games on July 21. The next
 dinner meeting will be
 August 4 with the Christian
 Center sponsoring.

Persons allergic to insect
 bites should avoid perfumes,
 hair sprays, and suntan lo-
 tions which attract insects.
 Wear shoes, long trousers,
 and long sleeves — avoid
 flower prints that attract
 bees. Keep picnic food cov-
 ered until the moment it is
 served. Any person with a
 known allergic reaction
 should carry prescribed
 drugs for his immediate use.
