Linda Hall Smith Receives Degree

The 50th Annual Commencement of Sul Ross State University was held May 16, 1975. Of the 239 graduates, 96 Master Degrees were awarded. A Master of Education Degree was earned by Linda Hall Smith. Mrs. Smith received her BS Degree after graduating from Wheeler High School in the Class of 1966. Linda, her husband, Preston; and sons Richard, Harrison, and Preston III live in Monhans where Preston is Varsity Defense Coach. Linda has completed her first year in the teaching profession at Barstow. Her field is Special Education. She is the daughter of Mr. and Mrs. Harrison Hall.

James Hubble Completes College

James H. Hubble received his College of Liberal and Fine Arts Degree from East Texas State University on Saturday May 17, 1975. There were 800 that received degrees at that time. James graduated from Wheeler High School in 1965. He attended ET. for 3 years, then went into the service for 4 1/2 years coming back to finish his degree. Mr. and Mrs. Fred Wood went to Commerce, Tex to see James receive his degree.

SCHOLARSHIP: Janice Verden was the recipient of a \$100 Scholarship to the college of her choice given by the Beta Delta Chapter of Delta Kappa Gamma of Pampa. The scholarship is based on leadership, scholarship, service and citizenship; and is presented to a senior girl who plans to enter the teaching field. One senior from Lefors, McLean, Miami, Pampa, Shamrock, or Wheeler is chosen for the scholarship. In the twenty-two times the scholarship has been presented, this is the first time a Wheeler Senior has received the award.

Dear Mr. Editor,

Turned on fire hydrants. Shot-out signs. Broken windows. Overturned tables. Torn-up streets. Bear bottles and litter on the streets. Out-of-the-way nooks at our churches and business converted into rest rooms. Sidewalks and buildings defaced with paint.

Russel Killingsworth
Killingsworth Is Honor Student

Russell Killingsworth 18 son of Mr. and Mrs. Carroll Killingsworth of 1423 Hillcrest in Canyon has been designated Canyon High School valedictorian by compiling a four year grade average of 98.45. Killingsworth has been active in schools since coming into the Canyon schools in the fifth grade. His activities include being president of the Student Council this year, a member of the National Honor Society, a member of JETS, Junior Who's Who vice-president of the Treplans a member of the CHS Chorale, and a member of the track team three years. He was a district hurdle winner and regional qualifier this year. He received the Bausch-Lomb Honorary science award and the Canyon High School award based on scholarship, citizenship and leadership. Future plans include attending Texas A&M in the fall and studying veterinary medicine.

Why? What motivates a person to destroy or deface someone's property? What drives that person to jeopardize other people's lives and property by creating hazards such as broken bottles on the street or a lack of water pressure which could prevent the successful fighting of a fire? Is "if a criminal who will graduate to bigger and better things such as robbing or murdering people? Probably not. Chances are, the individual will be from a middle class family and will not have been 'deprived' of anything. It will only be following the examples set by the adults, including parents, that it has been associated with all its life. We are to blame for its attitude toward other people's rights and property. When we litter, when we 'beat' someone out of something, when we do or say anything to wound other people, we are setting an example. And it seems almost too willing to follow it. Our children are what we make of them or, worse, what we let them make of themselves. Alethea Wheeler

Winners In Thurs. Review Bicentennial Contest

The Thursday Review Club, Top of Texas District, TFWC completed three Bicentennial Projects in conjunction with the Student Body of Wheeler School. One of the projects was a Poster contest for 4th grade students using the theme "What America Means To Me". There was a tie for winners so Ramona Jennings and Wade Wills shared the honors. Scott Burns placed first and Michelle Dodson second in a Creative Paragraph-writing involving Junior High Students. In the High School Poetry Contest, Jenny Smith's "I'm Proud To Be an American" won the first award and Tom Jones' composition entitled "Patriotism" was second. The posters have been displayed in the window at Loyd's Ben Franklin Store. The literary winners appear elsewhere in the Wheeler Times. Wheeler County Bicentennial medallions were awarded to the winners. TRC wishes to congratulate all the participants in each contest for their cleverness and originality, and to express gratitude to the faculty for their cooperation.

WHAT AMERICA MEANS TO ME: Presented Bicentennial Coins for their awards in the "What America Means To Me" contest are (l to r) Michèle Dodson, Mona Jennings, Scott Burns, and Wade Wills. The awards were presented by Jane Rives, center.

FIRST PLACE PARAGRAPH

What America Means To Me? It means freedom to worship, come, go, and do as I please. It means that I can believe in what ever I want to believe in. I am very blessed to live in this country. I am very proud of it. Michelle Dodson

FIRST PLACE POETRY

I'm Proud To Be An American
I'm proud to have been born on American soil
In a land rich through men's strife and toil
In a land where I'm free
To just live and be me.
My forefathers fought so that I and everyone else can live as we do.
So the way we take care of this country should be our way of saying "Thank you"
America, my country,
Home of the brave, land of the free.
Yes, this is what being an American means to me.
Life. Liberty.
But most of all—to be free.
Jenny Smith

SECOND PLACE POETRY

Patriotism what can it be?
I asked the turtle, but he could not tell me.
He said to go ask the hare,
For he has much knowledge and is very aware.
Patriotism what can it be?
I asked the hare, but he could not tell me.
He said to ask the owl,
So that is what I'll do.
I will ask the owl,
For he will tell me true.
Patriotism, what can it be?
Please Mister Owl won't, You please tell me.
"Who" am I to say, he says to me.
Patriotism means something different to everyone
Don't you see?
If you'd like the definition, it's very plain to see.
That it is love and loyal or zealous, support for one's country.
Mister Owl I don't understand,
Is Patriotism something that makes one a man?
Son, soon you will have a decision to make,
And Patriotism is what it will take.
Yes soon you will be drafted
And you must decide.
Will you stay and fight,
Or will you run and hide?
Thank you, Mister Owl
You've been much help to me.
For now I know what it is that,
Keeps our country free.
Tom Jones

Here & There

I sing because I'm happy,
I sing because I'm free...
or something like that goes a song. I suppose why there was such a happy time at the Clarence Killingsworth's last week. Last Thursday a lot of singers gathered at the Killingsworth home. They were from Quanah, Tell, Childress, Gould, Hollis, Erick, Wellington, Shamrock, and Wheeler. These people began singing at 6:30 and sang until 8:00. Then there was time out for fellowship home-made ice cream, cake, and coffee. Again they took up the beat and kept it up until 10:00. My Goodness, I bet the rafters in that house are still vibrating. But "I sing because..."
Mr. and Mrs. Floyd McIntosh were overnight guests of the Killingsworths.
Mrs. Janet Hendley and baby of Abeline, spent a day last week with her grandparents Mr. and Mrs. Hub Cole. Jane had been visiting her parents Mr. and Mrs. Buddy Cole in Amarillo. Buddy, by the way continued page 6

LINES FROM LINDA

Linda Horton - Asst. CEA

Spring bring more indoor-outdoor living and redwood furniture can often be a good investment. It can be used for the backyard, patio, or enclosed porch during warmer months and brought inside to furnish an informal family room during the cooler months.

Kiln-dried redwood weather well and resists moisture, insects, and decay from exposure. Furniture made from knifed clear redwood will look better and wear longer. Redwood can be stained for a color change and to enhance the natural grain of the wood. This isn't essential for preservation of the wood.

Look for a minimum of screw bolts, and other hardware on the piece--this indicates good basic construction by the manufacturer. Wide-track legs prevent furniture from tipping in the wind. Cushions are easier to care for if they are covered in a moisture and fade resistant material, such as vinyl. But slipcovering them with terry cloth makes the convient for poolside use also. Lighter colors will reflect rather than absorb the sun's rays so keep this in mind for hot, sunny days. Padding inside the cushions should be comfortable and durable. Mildew-resistant synthetic or plastic foam are good stuffing choices for indoor-outdoor furniture. Appropriate clothing is an important consideration for warm weather outdoor activities. It is not necessary to have the traditional white tennis attire, jogging sweat suit, or a bicycling outfit to participate in these sports. But it is important to wear something comfortable, easy to move in, easy to care for, that doesn't get in the way of the sport. Washable, breathable cotton knit or terry cloth are popular fabrics in light, bright colors for spring and summer. Tennis shos, or any other soft soled shoes that fit well are good to wear for sports.

Thursday Review Views Slides

Thursday Review Club met in the Wheeler High School Auditorium at 7:30 p.m., May 8, 1975, for a slide presentation by James Fisher of the Amarillo Art Center. The presentation was a special bicentennial program of cowboy art by members of the Texas Cowboy Artist Assn. The Amarillo Art Center is located on the campus of Amarillo College and features exhibits by different artists each month. There is a gift shop on the premises with art and craft items for sale to the public. The meeting adjourned to the home of Jane Thomas for a short business meeting and refreshments of Cherry Cheese pie cokes and coffee.

The graduating seniors of Wheeler High School were honored by the Thursday Review Club with a Picnic on Thursday evening, May 22, 1975. Later in the evening the group departed by bus on the Senior trip to the Galveston-Houston area. Due to inclement weather the festivities were held in the Fellows hip Hall of the Methodist Church rather than the City Park. Juicy burgers, chips, cokes, brownies, and homemade ice cream were served to the group. The Thursday Reviv Club held their final meeting of the season Friday evening, May 22, 1975. The annual family picnic was held at the Britt Ranch with Mrs. David Britt as hostess. A picnic, games, and just visiting was enjoyed by all.

Cowbelles Corner

The Top O Texas Cowbelles will meet June 2, 1975 at Furr's Cafeteria in Pampa at 11:30 a.m. The Panhandle members will be hostesses, and they will present for their program a meat cutting demonstration by a meat cutting specialist from the Texas Dept. of Agriculture working with TAP. He will demonstrate how to make one's beef purchase more economical by the wise buying and cutting of various cuts of beef. This should prove to be most interesting.

How about beef for breakfast and snacks? For beef sausage, try ground beef seasoned with sausage seasoning. Use one (1) ounce of seasoning to three (3) pounds of ground beef. Form into patties and cook slowly to retain moisture. If your family does not like sausage seasoning, use beef seasoene with sage and a bit of savory. Another breakfast treat which can also be used for snacks, are bread rolls. Pre-cook 1 lb. ground beef until red color is gone. Add 1 Tb chopped onion, 1 tsp sage, salt and pepper to taste. Roll out bread dough or biscuit dough to 1/4 inch thick. Put one teaspoon beef mixture in center. Seal edges. If bread dough is used, let rise for 10 minutes. Bake in oven 400 degrees for about 12 minutes or until brown. These beef rolls are good hot or cold. They can also be fashioned in a variety of shapes such as crescents, triangles, pinwheels, or turnovers. Brighten up breakfast with beef!

HOW'S THE Electric Company DOING?

Let's ask Bert Ballengee - Reddy's financial man.

"It takes money to build for the future so that you'll have a dependable supply of electric power. We'll need \$345 million over the next five years. Of this amount, we'll have to borrow \$200 million. And, at today's interest rates, it's easy to see why electricity may cost more. But, it's all part of creating the good electric service you've come to expect from The Electric Company."

Bert regularly visits the financial centers of the nation keeping in touch with the financial market and arranging for the millions of dollars it takes to assure your electric future.

KING'S KOMMENTS

By Joe Don King - CEA

During the last half of May, a random sample of some 24,000 Texas farmers will receive a crop acreage questionnaire from Charles E. Caudill, Agricultural Statistician in Charge of the Texas Crop and Livestock Reporting Service, Austin, Texas.

This information will be the basis for determining the planted acreage for the state of Texas and for each county. Texas covers such a wide area that state totals alone do not provide adequate information on Texas' most basic industry-agriculture. The Texas legislature has provided a program of estimates for each county. This is a cooperative effort of USDA's Statistical Reporting Service and the Texas Department of Agriculture.

Accurate estimates are of great importance to farmers in planning production and marketing and in providing an unbiased picture of Texas agriculture. Farmers who receive questionnaires are urged to complete and return them by mail. All individual reports are confidential and are used only for state and county totals.

Apparently healthy swine acting as carriers are the probable chief source of sudden outbreaks of erysipelas, a serious swine disease, in some parts of the nation. However, there have been no confirmed outbreaks in Texas.

The disease can incite a chronic form of arthritis and cause condemnation of prime cuts, hams and picnic shoulders. It can also cause death in some infected animals.

Carrier animals were known to harbor the disease-carrying organism, but their importance in spreading the infection was not established until recent studies by the U. S. Department of Agriculture's Agricultural Research Service.

A commonly held belief not supported by research evidence, has been that the organism is capable of long-term survival in hoglot soil. However, studies by the Agricultural Research Service have shown no evidence of growth or maintenance of the disease organisms after they were added to experimental soils. If the organism is detected frequently in hoglot soils in the absence of acute cases of the disease but the survival in soil is poor, the disease must be perpetuated by apparently healthy carriers.

If you're faced with painting your home or other buildings this spring, here are a few suggestions to make the task easier and to provide a more lasting finish.

If old paint is slightly faded, dirty and chalky, the only preparatory work needed may be to dust the surface well before painting.

However, if the paint surface is extremely dirty, it's best to wash it well with a mild synthetic detergent or a solution of trisodium phosphate which may be obtained at your local paint store. Wear rubber gloves when handling trisodium phosphate, and protect shrubbery from the wash solution. After applying the wash solution, thoroughly rinse the paint surface with water. Allow

the surface to dry before painting.
Areas under porch roof eaves which show little weathering may not require repainting. Washing will often restore the finish in such areas.

If a color change is desired, all surfaces which have retained their original gloss should be sanded lightly to improve adhesion of the new coat of paint. Seal all open joints and cracks with a caulking compound.

Remove all loose, flaking or blistering paint with a wire brush and scraper. Then sand the edges of sound paint with a medium grit sand paper until smooth. Prime all exposed wood with a good quality house paint primer before applying the finish coat.

For a top quality paint job, carefully prepare the wood surface and caulk all openings, use good quality paint and brushes, use safe working practices and equipment, and paint only under favorable conditions.

TEXAS TALK
By George Richardson

Agriculture has moved to New York. Right into Wall Street. Stock exchange members investment counselors and stock brokers are talking about wheat. That's right, wheat commodity brokers are in conversation is taking the form of advice to their favorite investors. Advice about watching the big seed companies to see which of them break through with a super-hybrid wheat. So far the 200 bushels per acre hybrid has proved elusive for developers but it's difficult now to review the current agri-business corporate report without reading of the possibilities.

Many of the Green Revolution's observers say the 200 bushel per acre target is still out of sight and probably cannot be developed until intermediate hybrid varieties are complexed and stabilized. Implications are nearly staggering since potential production for the United States alone could approach nine billion bushels.

HD Club Honors Mothers

The Home Demonstration Clubs held their annual mother's Day Luncheon on May 9 at Zebbie's Barbeque Council President, Donna Moore, was mistress of ceremonies.

Gina Mendiola gave a very interesting talk on her homeland's heritage and culture. Gina is from the Philippines. On display were several beautiful and interesting items that were made in the Philippines—sea shell placemats, hand embroidered dresses and shirts, a wooden bowl with lid and perhaps the most interesting item of all was a flower made out of a fabric of pineapple leaves. Gina brought out several interesting facts about the Philippines in comparison

with Texas. You can have a live-in maid to wait on you hand and foot for a cost \$10. American money, a month. We enjoyed the program very much.

The Shamrock members decorated the dining room and gave as a door prize a beautiful centerpiece of flowers made of fabric scraps. Mrs. George Warren won this prize presented by La Wanna Moore Shamrock President.

The youngest, oldest, and mother with the most children were recognized and awarded gifts for these honors. Nyoka Keener, a new resident in Wheeler was the youngest mother present.

The oldest mother as well as the mother with the most children (8) was Mrs. Edward Meek. Our congratulations to these mothers!

A poem entitled "What is a Mother" was read by Peggy Comer. For entertainment, we played a game, testing our knowledge memory and 'expertise' in the world of television and magazine

advertisements. A jingle or 'punch line' was given and we guessed the product LaVonda Johnson directed this game. It was lots of fun and we all found out who had the most time to sit around and watch t.v. and reading magazines. The winners were Connie Baker, Nyoka Keener, and Margaret Darman.

I'm sure all will agree that our luncheon was a success and are looking forward to next year's!

Wed. Study Club Closes Club Year

The Wednesday Study Club closed out its year on May 21, with a luncheon at Furr's Cafeteria in Pampa. The luncheon was hosted by the Social committee; Mrs. Harrah Hill, Mrs. Carl Laflin, and Mrs. George Weems. The invocation was given by Mrs. Lee Guthrie.

After a delicious meal, Mrs. Harry Wofford, president, presided over a short business meeting. The main item of business was the reading off the resignation of membership of Mrs. Indira Sangarivam. Because of plans to move from Wheeler, Mrs. Sangarivam's resignation was accepted with regrets.

The Federation Report was given by Ester Soranson. A discussion of "Painting As Therapy" was given by Mrs. Cecil Denson. Mrs. R. Wm. Brown and Mrs. H. M. Wiley read some of their original poetry. Santosh Sangarivam read a poem that had won her first place in area UIL meet. Mrs. Wofford then gave the finale of our year's theme "Echoes of the Sound of America."

Mrs. Wofford and Mrs. Denson displayed some of their original paintings which proved to be quite impressive. Members making the trip other than the ones mentioned were Mesdames Tom Dearen, M. McIlhany, C.J. Meek, Nelson Porter, Madge Porter, C.J. VanZandt, Lewis Wright and a guest Celeste Wiley.

Troop 71 Meets

Junior Girl Scout Troop 71 met May 13, 1975, at the United Methodist Church. Most of the meeting was spent discussing badge requirements for "Sign of the Arrow" and "Sign of the Star". Plans were also made for a trip to the Youth Center at Pampa. The meeting was closed with "Indian Taps" led by Patrol 1. Yamuna Sangarivam served delicious refreshments of cookies and punch to the following persons: Angela Atwood, Beth Brown, Elise Christner, Rhonda Hogue, Kathy Izard, Marilyn Johnson, Melannie Lee, Sherri Lewallen, and leaders Anita Brown, Glenda Atwood, and Sandra Christner.

The Land of the Free didn't come cheap.

Even before we had a formal constitution, investors were asked to buy over \$27,000,000 in securities to provide the arms we needed. And to provide the money to rebuild.

That was just the beginning. Through war and peace, the good years and the bad, Americans have always given freely. Millions invested their

money. Many invested their lives.

We've never stopped fighting for freedom. For the American way of life.

Today, over 9½ million Americans buy U.S. Savings Bonds through the Payroll Savings Plan.

Maybe you should consider your interest and take stock in America. It isn't cheap, but there's never been a better deal.

Take stock in America.

BEEF FOR FATHER'S DAY

There is no doubting it Beef on Father's Day is sure to bring a smile to Dad's face. And with Father's Day June 15, 1975 just around the corner, alert shoppers should be taking advantage now of the many beef specials at the meat counter.

This advice is passed along by Betty Hennard, Wheeler Cowbelles Beef For Father's Day Chairman. Beef has always been on top of the list when it comes to man-pleasing meals throughout the year. So can there be a better way to satisfy Dad on his special day?

And there just couldn't be a better time to buy beef. Large supplies of beef are available and prices are attractive. As in 1974 beef is turning out to be the inflation fighter at the checkout counter.

Beef For Father's Day has become an American food tradition. And no wonder. Beef is America's favorite food. Always available. Always a cut for every budget. Always different. Always a sure way to satisfy Dad and the whole family.

The American National Cowbelles and the Beef Industry Council advise shoppers to keep an eye out for the colorful displays that will guide them to their favorite store's Beef For Father's Day specials.

The Top O' Texas Cowbelles in Wheeler, Texas will be celebrating Father's Day by presenting a Beef Gift Certificate to the father of the baby born nearest to Father's Day.

The amount of the Gift Certificate will be determined by the weight of the baby.

COMMERCIAL BURGLARY PREVENTION

In an interview designed to help Wheeler County businessmen protect their establishments against crime, Wheeler County Sheriff Bus Dorman cautioned, "No lock will protect a place if a burglar gets hold of the keys. Many burglaries result from current or ex-employees having keys. Employers can greatly reduce this problem by implementing a sensible program of key control."

Dorman recommended that businessmen monitor their employees' access to keys. When someone leaves the company, all locks should be rekeyed. (It's not necessary to have them replaced.) Also, when an establishment moves to a new location, a locksmith should rekey all the locks so that former occupants cannot use their keys.

"A manager or proprietor should be extremely careful about who has access to keys to any part of his operation, even for short periods of time," Dorman continued. "Particular attention should be paid to possession of keys by persons providing the company with maintenance contract services. If keys get lost, tumblers should be reset immediately."

Suggesting that business people always separate their home and office keys from their ignition keys when they leave their cars in parking lots or garages, Dorman added that cars should always be locked and the keys removed whenever they're left unattended. He went on to caution against letting anyone "hide" keys above visors, under floor mats and so forth, because burglars know where to look for hidden keys, too.

"Identification tags on keys should be avoided," Dorman said. "Tags tell burglars which locks they fit. Locks that open with skeleton keys are bad news, because anyone can buy a skeleton key in a hardware store."

In closing, Dorman urged managers and proprietors to assign key control to one reliable employee, making keys available for legitimate purposes but easily monitored.

The commercial crime prevention program conducted by the Wheeler County Sheriff's Dept. is part of the Panhandle Regional Crime Prevention Program partially funded by the Criminal Justice Division of the Governor's Office.

OUR HERITAGE

Winning without evidence

Temple Houston was once called to Kansas City to defend a rather enthusiastic citizen of the Western country who had, to all appearances, stolen a considerable number of cattle, blotted out the brands and shipped them to K. C. Market. The case looked very dark against him and he realized that the only thing that would save him was the legal skill of Houston. The arrest had been made in K.C. where the cattle were received, and not where they were stolen, in old Day County.

The only interest that Houston manifested in the entire proceeding was in the qualification of jurors. He asked every man who came into the box about his personal wealth and property he owned in Kansas City. Whenever one made a statement of sufficient size, Houston passed him for cause and against every one who was apparently poor or of modest circumstances, he registered enough objections until that juror was stricken from the panel. Finally when the jury was impaneled twelve of the wealthiest property owners in K.C. were ready to hear the case. The state put on a long array of witnesses and to the apparent satisfaction of every one proved a good case against Houston's client. When the state had rested and the Judge turned to Houston and told him to proceed, everyone was very much surprised to hear some brilliant examination of witnesses and an elaborate effort to break down the prosecution.

The Judge charged the jury and Houston made no objection to any of the instructions and did not ask for any himself. When he arose to address the jury, the audience figured that he had decided to

place his entire reliance in powerful speech which would tingle with the freedom of the prairies and resound with fervor of the southland. They were again disappointed, for in a very brief statement, without oratorical display or effort the distinguished Oklahoma man said: "Gentlemen of the jury, you are all large taxpayers. The heaviest item in your taxes is the expense of the local courts which is growing every year. If you start convicting Oklahoma cow-thieves who ship to this, the only market for our country, you will bankrupt Jackson County in a year".

The defendant was discharged. (When it was noted about the city that Temple Houston would appear in court that day, the court room was packed.)

WHEELER FHA Officers Installed

The installation of the 1975 and 1976 officers for the Future Home-makers of America took place on May 13 at the Wheeler High School Auditorium. Lana Callahan, assisted by Jana Marshall, was the installing officer. The red and white lighting, F.H.A. colors added to the candle-light ceremony.

The purpose of Future Home-makers of America were stated as retiring officers participated in the ceremony.

The 1975-76 officers installed were: Lana Callahan, President; Marilyn Moore, First Vice-President; Elizabeth Grimes, Second Vice-President; Brenda Jolly, Third Vice-President; Cindy Davis, Fourth Vice-President; Anne McIlhany, Fifth Vice-President; Carolyn Steen, Secretary-Treasurer; Jenny Smith, Historian; and Teresa Hefley, Parliamentarian.

Hostess for the tea following the installation were the freshman F.H.A. members, including Teresa Hefley, Cathy Andis, Elish Burrell, Terrie Collins, LaVonne Gustin, Rose Jones, Donna Lowery, Gwen Manning, Christin Robles, Carolyn Steen, Denise Westmoreland, and Brenda Williams.

Local Dealer Spots Mystery Car

On Monday May 12, 1975 Mike Dyer who owns and operates Mike's Service Station Allison Texas received a special "Mystery Car" Award from a representative of The Gates Rubber Company Denver, Colorado. The award, a plaque bearing three Eisenhower Silver Dollars and two Kennedy Half-Dollar was presented to Dyer for exceptional customer service when he caught the Gates "Mystery Car."

The Gates Rubber Company sponsors this award program now in its 43rd year, to reward service station personnel who properly check for certain worn or defective parts. A fleet of Gates "Mystery Cars" travel across the country stopping at service stations. Each car is equipped with a worn fan belt, faulty radiator hose and defective windshield wiper blades.

Award plaques are presented to those station personnel who recognize one of the defective parts and offer to replace it with the correct Gates part.

Richard Brown and Joe Brown of Lubbock and Mr. and Mrs. Ronnie Brown and Danny from Lefors visited their parents Mr. and Mrs. Guy Brown over the weekend.
