Defense closed its Lefors Disaster Fund Drive Friday, April 11. To complete the list of contributors were: Noah Geyer, R. J. and Georgia Smith, Mr. and Mrs. Tom Helton, Jerry Newberry and two anonymous.

Thank You Wheeler County Residents, for your Aid to our neighbors to the west. \$1,041.00 has been sent direct to Mayor J. J. Archer of Lefors.

## THANKS Dear Friends,

We, the citizens of Lefors, greatly appreciate your concern during our time of need. May your generosity be repaid with multiple blessings. With tremendous assistance from several government and non-government agencies, technicians, professionals, skilled and unskilled laborers, friends and relatives. and self-determination and spirit, we are quickly adjusting to our emergency situation.

Representative Phil Cates who was raised in Lefors, and an entourage from Governor Briscoe's office, flew up from Austin to set in motion the procedure for President Ford's Declaration of Total Disaster. Because of their fast action, government housing has been moved in and very soon our displaced families will be temporarily relocated in mobile homes which are rent-free for one year. That length of time will enable these families to rebuild on their own property as almost 100% plan to do. Our high school gymasium

has been literally inundated with all kinds of donations from far and near. The students are helping deliver boxes and everyone's immediate needs have been amply supplied. For this We are truly thankful.

Again, we are most grateful for your kind help.

an application for a \$100,000 grant to be used for the improvement of the Wheeler water and sewer systems and the possible paving of a few more streets. A meeting was attended by Mayor Harrison Hall in Lubbock on March 31. At this meeting, additional information was gained concerning the grant. A complete report will be given at the Townhall meeting.

This will be the second such meeting for Wheeler. At the first meeting in January citizens showed an interest in our need for water, community center and something for young people. Since this time the Commission has been actively struggling to meet these needs; it not some. thing that can be accomplished over-night.

Be in attendance at the meeting tonight and take an active part in the discussion. Your ideas are needed. The town can be improved through the efforts • of a few, but to really move forward and grow, it will take the work of the entire community.

Remember: 7:30 tonight at the District Courtroom.

in Pampa, April 7. The Groom members were hostesses and presented as their speaker, Mr. John Eschle of Groom. The hostesses had decorated the tables with delightful small western sculptures. They gave the one which graced the head table away as the door prize. It was won by Mrs. Joe Weatherly of Wheeler.

Mr. Eschle spoke on the markering of beef. He is well acquainted with the industry as he raises cattle, farms, and owns a feed lot and packing plant. Mr. Eschle stated that there are many changes taking place in the industry and one of the most important is the marketing of beef. He said that each person who handles the product, from the cow-calf man to the retailer, should make

> wapping for meat which would allow beef to be vacuum wrapped, frozen, and shipped to the retailer where it would be displayed frozen. With this new wrapping there would be no danger of freezer burn. As the meat could then be ordered pre-cut, and in the amounts wanted by the retailer, it would cut down tremendously on his overhead.

Mr. Eschle answered questions from the floor after his talk. He was a most informative speaker and everyone enjoyed his speech very much.

Mrs. Richard Brown, Mrs Lem Greene, and Mrs. Paul Dauer reported on the Mid-Year Convention in Austin. Among the points they reported were: The need for keeping the public informed of beef's excellent nutrition and taste; the need to be aware that national magazines, etc, are not getting both sides of the beef vs. grain for the poor nations before the public; and the need to watch closely the large number of bills pertaining to agriculture which the Congress has before it. ments. "But a lock is not effective unless it's used." . he added, "so the first thing to remember is to lock all means of access securely. There are many types of locks available, and each has its own best purpose. If a businessman really wants to

be safe, he should contact one of our professional Consultants Against Crime at the Wheeler County Sheriffs Dept. We'll send a specially trained officer to his establishment to examine his locks and doors and advise him on effective, economical ways to

improve security." According to Dorman, the stronger and more secure the locks and doors. the better the protection.

Ideally, doors should be soldi core or steel; but hollow core doors can be reinforced to make access difficult. A burglar usually cannot

risk the time or noose required to forcibly enter a strong door.

Locks should be both sturdy and correctly in. stalled. Most Key-in-theknob locks currently in use known to burglars as "10 second locks," because it only takes 10 seconds to

locks are available for virtually any type of door. Sheriff Dorman suggested that instead of replacing weak principal locks on outside doors, proprietors install a secondary locking device with a minimum one-inch throw deadbolt. The tumblers can be set so that one key works both locks All double and single doors should have an

force them; but effective

auxiliary dead bolt which is keyed from both sides. This way, if an intruder isn't locked out, he can at least be locked in. The lock casing should be set flush with the door to avoid its being wrenched off.

Every deadbolt lock should have a hardened cylinder guard so that it can't be cut, twisted, pried or sawed. If door hinges are exposed on the outside, they should have non-removable hinge pins. Door frames should be installed properly to avoid forced spreading or prying. "Double doors and

garage-type doors are just as important as other doors," Dorman cautioned. "A single lock on the outside offers little protection. Another lock or padlock should be added on the inside for use when the building is empty. A top center hasp works well with a padiock, and security bars on the inside of doors make it hard to get in, even with a prving device." Because of their construction, sliding glass doors and windows are easy to force, so Sheriff Dorman suggests the installation of secondary keyed locks in the top and-or bottom track. The surest protection for a glass dood or window is a good alarm system.

Swinging doulbe doors should fit close together, makeing them difficult to pry. The deadbolt used to secure such doors should be long enough to resist spreading, and a flange should be installed over

#### the deadbolt to guard Dreamy little dress of against sawing and pry-

We are so happy to have

a new member added to our newspaper staff. She is Miss Jennifer D'awn Stas who made her appearance at the Parkview Hospital last Wed. afternoon. It was very considerate of her to wait for the paper to be off to the printer, so that she could be greeted immediately by the editor-her father. By Sunday she was established in her home on Canadian Street. A number of relatives and friends arrived promptly to welcome her. A grandmother, Mrs. Eugene Stas and a friend Mrs. Walt Fish of Calumet, Oklahoma were here on the weekend. Other grandparents, Mr. and Mrs. Francis Porter of Hinton came on Saturday and will spend a few days helping out with household chores. An aunt and uncle of the baby, the Leroy Merriwethers of Hinton were here Sun. The grandparent's visit will make it a bit easier for the editor to stay with his chores on this week's paper. I know the mother, Barbara wont have a thing to worry about for a few days. Of course Ronal and Cathi are always glad for the grandparents and other relatives to come. A motor party of our local women made a tour of Okla. on Saturday and Sunday. Mesdames Curtis Moore, W. O. Weatherly, Edna Waters and Anna Green motored over to Muskogee to follow the Azelia Trail. # Wheeler Is A Better Place To Live

to have dedicated men at the helm of the city. A few short months ago, the streets were race tracks and people drove as if we were still in the horse and buggy days. Stop signs were ignored as were speed limits. People, including small children, were in danger on residential streets In the business areas, one could never be sure that an abrupt U-turn or haphazard parking would not endanger his life or vehicle. For all practical purposes, there was no speed limit on the highways through town. Traffic law enforcement was discrematory and negligent. The city had to depend upon other agen-

of us were upset. Toes were stepped upon. Egos were deflated. Some people found that both they and their children were not above law. It should not have been a rude awakening for we were warned.

I'm sure that mistakes were made. I'm also sure that those were honest mistakes of judgement on both sides. But, so far, with the Council's backing, we have an honest and efficient Police Department and the City of Wheeler is a better and more pleasant town to live in and a safer place in which to rear our child-

Mrs. Sandifer Holds Club April 10 **Hospital Notes** Refreshments were served

The progressive Study Club met in the home of Ruby Lee Sandifer, Thursday evening, April 10. The meeting was called to order by the president, Amelia Sims. Roll Call was answered by each member telling some of the early memories of the first church that she attended in Wheeler County. Curtis Moore and Novella Vanpool gave a report about the Beauty Pageant and the hopes of getting more girls interested. They also gave a report about the "Top of Texas" District Convention they attended in Amarillo and the awards that were received.

was read from Curtis Moore for the club paying her expenses to the convention. The club collect was recited in unison and the song, "Texas Our Texas" was sung by the members present.

Novella Vanpool gave a very interesting report on the "Early Churches in Wheeler County". Mr. N. L. Sechrist, a Wheeler Co. Commissioner, displayed some of the articals of Wheeler County that he and others had collected. This was enjoyed by all.

With the hiring of a dedicated man who had education and experience, the nucleus of a Police force we could be proud of was formed. Thankfully, he handled us gently by issuing numerous warning citations and suggesting that we conduct our public lives as we should. Then, another man as dedicated as the first was added to the force and orders were issued to enforce the laws. A lot
