After several weeks of dry and warm, it all changed. Hail, rain, sleet, and snow. Every wet drop was greatly appreciated. They called it thunder-snow on TV. There's some saying about thunder in January, frost in May. The one I'm sure about is the sun always shines a minute on Friday. And it did poke thru as we went to the mailbox this Friday.

Suzann called from the Sayre Journal to say they had a flood last night and the ceiling fell in on their computers. They were running in a fizz. These computers! Can't live with them or without them. If just a dozen Unamerican computer whizzes ever get together with mayhem on their mind, they could completely wreck our nation. My computer ate a line of my copy last week. Worst part was I didn't catch it when I read it. I don't feel safe around machines that are smarter than I am.

We dropped by last Sunday to see Elmer and Alma Griffin, and our aunt Sophia at the rest home. Saw Norma Whipkey, Mamie Downey, and Lamoin Callen who were visiting Mrs. Callen.

Esther Dickey, Don and Elinor Meares, Shamrock, Lisa and Heather Stokes, Amarillo. John and Janet Medlock of Sayre, spent the weekend in Graham, TX. where they attended the wedding of Gary Meares and Christy Russell on Sunday. June Mattox of Houston met them there and came home with Esther for a short visit. We saw them a minute in Elk.

Also visited a minute with Carolyn Sanders of Sayre, Mr. and Mrs. Fred Walker of Hammon, Mrs. Myron Seright, Pete and Mildred Myers.

The Kitchen Band entertained at the Elk Home with a good crowd out. George Nigh is a resident there at present. His wife Dorothy was visiting him. I also chatted a minute with Alice Tyarks. She isn't very well. Band members were Basil and Billie Doss of Carnegie, Donna and Jack Mercer, Joyce Matlock, Betty Brothers, Jack Criswell all of Sayre, Bessie Perkins of Elk, Iona Miller, Rosa Faye Abla, Hazel Francis, Roy Swagger, Richard Crawford of Erick, we three and Ole Five String.

My fiddle pickup didn't come and didn't come. I told Joe to write them a strong letter telling how the cabbage ate the cow and he wanted his money back, but not mail it, just put it up. If it didn't come in three days, we'd mail it. Yes, on the 3rd day the package

truck drove up with the pickup. It's good to know these little tricks.

Funeral services were today at the Reydon Baptist Church for our friend Anna B. Scrivner who died suddenly Tuesday. Burial was in the White Rose Cemetery.

Before long, Oklahoma is going to have the dubious honor of having the most toll roads in the nation. Going to make us very prosperous is the assurance of the Turnpike Authority. Instead of luring tourists with nice rest stops and such, we are going to run them off by charging them to ride on our roads.

Joe had an important birthday this week on the 18th. Had a lot of cards and calls. I honored him with apple pie and cornbread. He missed the Martine Luther King holiday a little. I am about to get tired of these Monday holidays but must say King was deserving of one for all he did for his people.

I'll never forget a vacation we took in the South in the late '40's. The colored folk couldn't go in the restaurants. There were windows where they could order and stand under a shade tree and wait. No drinking fountains. Just a hydrant with a tin cup on a string. It was awful to think humans were treated so.

We had some celebrations at church Sunday. The pastor and wife, T.J. and Willie Mae Pittman were celebrating their 52nd anniversary. Dora and Andy Farmer were happy over the news their first great grandchild had arrived safely in Salina, KA. Parents of the little boy are Dee and Lisa Farmer. Mr. and Mrs. Larry Farmer are grandparents.

Erin Kahoa spent a few days with Charles and Naomi Hagerman while Mike and Linda attended the American Shorthorn Ass'n at Denver where they were OK delegates. They attended the big sale and banquet on

Saturday.

Brer Rabbit came forth and joined Mr. Squirrel at the bird feeder today. The stray cat comes around enough to keep them alert. I figured out what the Cat was doing on the roof. He was trying to knock those lowflying planes down. When Tony was about four, he came in bawling and a big knot on his head. Seems he was throwing rocks at an airplane and the rock came back and whacked him.

Glenda Hagerman Calverley is our new substitute postmaster. She, husband Tommy, and two little girls live over west of SW.

Merritt outplayed our Jr. boys to the tune of five points to capture the Bi-County title.

Bonnie and Arnold Rice went to OKC last week where Bonnie attended a meeting for new postmasters.

R.L. Livermore, Dill City postmas-

ter, was out this week. He and Bonnie met with the first thru third, and fourth thru sixth grade classes to talk

**Ain't It The Truth**  
By Ab Gunter

Last night about 7:00 the little town of Spencer had a fire on the west side of the square and it had gone through several of the old two story buildings before it was detected and several fire companies throughout the area were fighting the blaze. We hadn't heard about till this morning at the coffee shop at Freedom and one of the neighbors said the Book Store was badly burned.

Now we don't know any of the folks that owned the other business buildings, but we do know the man at the Book Store as we often went in and browsed through the books and I could always find a few in the second hand books that I could get for a half a buck or maybe a buck and I treasure readin each of them but mostly I have made a friend of That Durn Yankee and enjoyed our fussin with each other. He knew most of the others and would fuss at me for gettin the western books, but as we fussed he would admit readin some of them but went for the more classical ones like Shakespear or some of the more dignified authors such as Chauser and the like but I found one not long ago I am enjoying written by Mitchner bout Spain. Boy I have to do some readin to know what the man is sayin but I recon it enlightens me a bit.

I had to go in to Spencer to see what damage the fire has done as Spencer is quite old and most of the buildings were of the 1800 class and quite beautiful even with the sagging and wear of the much use. Won't be the same going down that side of the street as there won't be The Book Store and all. That Yankee had treasures he had collected from who knows where and had several plants that he had nutured that were rather rare and all the other things that made the place the Book Store.

That Bird that owns the store has long hair and is sort of forty or fifties and is from some where around New York and ain't one of the cuddliest fellers in the world. Oh by the way he's got one of them wide straps tied across his wheelchair that will allow him to stand up when he's puttin new books in the shelf, durn near forgot that... See you next week, love to all

**Care Center Comments**  
By Lois

All volunteer activities were cancelled last week but we are slowly getting back to normal. I think it is SAFE now. Hope to see everyone out and about once again. This past week has made me appreciate all my volunteers even more since I tried to do everything myself. Of course I had help from several of the staff.  
 I think probably the nice rain we had Tuesday was the turning point. Hope it washed away the flu bugs.  
 Thank you to Becky Case for helping out at Bingo Wednesday. We did have a few more players than last week.  
 I've failed to say Thank You to Ed Killingsworth for all the fine turnips donated last week. They were delicious, everyone enjoyed them.  
 We now have a video cart, this will allow us to wheel the T.V. and V.C.R. all over the building for training films or movies in the dining room. Maybe After Hours Video will again allow us to borrow a movie or two?  
 Thank you to Carlene Hyatt for entertaining us in the lobby Thursday morning. We all enjoy listening to the piano. It's so relaxing.  
 We all had a hand in the popcorn popping Thursday afternoon. Thank you to Becky Case, Frankie Miller and (servers) Evelyn Elliott for helping me pop. We just popped and watched the snow fall. It was definitely a good day for popcorn.  
 I would very much like to say Thank You to Patricia Burch for spending a day out of her busy week at the Care Center. We value volunteers like her, she is willing to help out anywhere she is needed.  
 See ya next week,  
 Lois

## Wheeler Attendance Committee Meets

The Wheeler ISD Attendance Committee met on Monday, January 22, 1990. The committee members are: Glyndol Holland, Thomas Helton, Clayton Neal, Cecil Thomas, and Sharon Wright.

The committee had the responsibility of issuing rulings concerning any students who had excessive absences. Under Texas law, students must attend 80 days each semester or become subject to attendance committee action.

The committee ruled on a total of twenty excessive absence situations. The committee ruled in fourteen cases that credit would not be denied due to excessive absence. It also ruled in five cases that absences were questionable and that doctors' excuses would be required for future absences. Truancy charges would also be filed in the event of improper absences. And, in one case, credit was denied because of excessive absences.

The committee will continue to hold meetings during the second semester in order to address student absence situations as they arise.

## WHEELER COUNTY SPELLING BEE

Six weeks remain for Wheeler County to name finalists for the junior and senior divisions of the county spelling bee. The meet is scheduled on March 8, 1990, in the Wheeler County Court Room, Wheeler, Texas, at 2:00 p.m.

The junior level of competition includes all public and parochial school students in fifth and lower grades. The senior division consists of students in eighth grade and lower grades. Junior students are eligible to compete in the senior division and should they win both divisions, would be declared a "dual" winner.

The top senior finalist will be Wheeler County's representative in regional competition on April 7, 1990, on the West Texas State University campus in Canyon. The junior finalist will be invited to attend the regional competition which will include county

winners from parts of Texas, Oklahoma, New Mexico and Kansas. Though junior do not compete regionally, all finalists will be invited to a free luncheon preceding the regional competition.

The sponsors--the Amarillo Globe-News and West Texas State University--will award a prize to each Junior Champion and to each Senior Champion. The Regional Winner will receive an all-expense paid trip for two to the national competition in Washington, D.C.

Students wishing to participate who do not have the booklet, "Words of the Champions," available at their school, may order one by sending \$5.00 to Jeane Bartlett, Director of Personnel, Amarillo-Globe News Publishing Company, Box 2091, Amarillo, TX 79166.

## Tina Alvey Name On Who's Who List

Tina Michelle Alvey of Wheeler, a junior journalism major at Angelo State University, is among 51 students from ASU whose names will appear in the 1989-90 list of Who's Who Among Students in American Universities and Colleges.

A campus committee and editors of the annual directory selects the students on the basis of their academic achievement, service to the

community, leadership in extracurricular activities and potential for continued success.

Students from more than 1,400 institutions of higher learning in all 50 states and several foreign countries have been selected to appear in the volume. Outstanding students have been honored in the annual directory since its first publication in 1934.

## Allison To Compete In Nat'l. Geography Bee

The first round of the 1990 National Geography Bee will be held in the Allison School, Allison, TX, in the Social Studies Room on February 1, 1990.

For the second year, the National Geographic Society is sponsoring this school-level geography bee for students in the fourth through eighth grades in more than 30,000 schools across the United States, the District of Columbia, and five U.S. territories, as well as Department of Defense

schools around the world. Additional sponsorship is being provided by Amtrak and Kudos Snack.

The winner of the Allison School's bee will advance to the next level of competition, a written examination. All school winners have the potential to win the national championship and its first prize, a \$25,000 college scholarship, at the finals May 23 and 24 in Washington, D.C.

Quivira Girl Scout Council begins its 1990 Girl Scout Sale on January 20, 1990 at 5:00 P.M. Wheeler local Girl Scouts will be taking orders for Girl Scout cookies until February 5, 1990.

"We want this year to be the most interesting, most exciting year ever for our Girl Scouts," said Service Unit Chairperson Pam Hibler. "This year our troops will use the money they raise for projects ranging from troop

activities or trips to participation in community service projects, and help to defray camping expenses. We hope everyone will support their neighborhood Girl Scouts." Over 1,000 area girls and adult leaders participate in Girl Scout activities.

Here are seven great reasons to support the Girl Scouts: CABANA CREMES, SAMOAS, THIN MINTS, DO-SI-DOS, TAGALONGS, TREFOILS, CHOCOLATE CHIPS.

## Young Men Turning 26 in 1990 Take Notice

Young men who will turn 26 in 1990 will be reaching an important milestone, according to the Selective Service System.

Beginning on Jan. 1, 1990, men who were required to register with Selective Service in 1982 will be turning 26 and will no longer be eligible for induction should a draft be reinstated. Selective Service does not have the authority to accept late registrations after a man reaches his 26th birthday.

Selective Service State Director Harold D. Doyle warned that, with few exceptions, a man who fails to register before turning 26 will permanently forfeit his eligibility for certain benefits such as federal student aid, job training, and most

federal employment in addition to facing possible prosecution as a felon.

Some states also require registration for state student aid, entrance to state-supported colleges and universities, state employment, and permission to practice law.

Doyle points out that men age 18 through 25 who have not yet registered can avoid the risk of prosecution and loss of benefits by registering promptly at any local post office. Failure to register is a felony punishable by a fine of up to \$250,000, up to five years in prison, or both.

Over 14 million men, age 18 through 25, are currently registered with Selective Service. Over one million of those registered are from Texas.

Applicants for the temporary positions must be 18 years old or over, a U.S. Citizen, have a valid drivers license, a social security card and take a written test.

## Here & There

By Laura Guthrie

A few days ago I a visit with Janet Horton McClellan via the telephone. Mrs. McClellan has not been at home here in Wheeler very much for a long time. She is a professional truck driver, works with her husband and lives on the tarmac of this vast nation. However, Janet told me that she is going to stay at home for a while. There's small upkeep repairs that need to be done. So her father, Mr. Walkenbach, who is retired and lives at Norman, OK, is coming over and do the work. A lot of father-daughter visiting can be done also.

Janet told me where her children are now located, but what she said about Darrell, her youngest impressed me. I remember that last spring when I wrote the Senior stories for the "Wheeler Times", that Darrell made an infatic statement about his future plans. It went like this: "I want to be successful in any thing I do, but especially want to be successful as a diesel mechanic." So Darrell is working on that very thing. He is in Lubbock taking his training at T.S.I.

He is about half way through his course. Luck to you, Darrell.

About 10 days ago, Lavelle Stephens had hip surgery at McBride's Bone and Joint Hospital in Oklahoma City. My last report on her is that she is doing fine. She will remain at the Institution for therapy until she is well enough to be active at home.

Patricia Forrester spent a day last week in Pampa, where she met her sister from White Deer. It was a day of sisterly fun and visiting that can mean so much.

Melinda and Tim Whorton spent Saturday in Amarillo.

Grandson Steve came over from Canadian on the weekend. We spent most of the time getting his laundry done.

On Monday Patricia Forrester accompanied Louis and Barbara Stas to Okla. City, on a business trip.

I visited with Jewell Moore Monday as we both waited at the Hospital clinic. She told me that her daughter, Sherri, is in an Amarillo hospital this week for some tests. Jewell's son, Bobby and his wife, who live at Amarillo, are looking after Sherri while she is there.

Wheeler County Sheriff Jimmy Adams, left, is pictured with a cuddly teddy bear, donated by Alpha Mu Alpha to carry in the Sheriff's car. A ride in a police car or ambulance can be a terrifying experience for a small child; hopefully this will calm some of their fears. "Our thanks go to the people of this community, for their support. These valuable contributions would not be possible without them," Burton commented.
