Funds Available For Conservation Practices

As a result of the Agricultural Risk Protection Act of 2000, the USDA Natural Resources Conservation earvice (NRCS) in Texas will soon receive approximately \$1.5 million in cost-share fiends for a new program called Soil and Water Conservation Assistance (SWCA).

SWCA is a voluntary effort for farmers and ranchers that provides cost-share and incentive payments to address threats to soil, water, and related natural resources, including grazing lands, wetlands, and wildlife habitat.

Although similar to the Environmental Quality Incentives Program (EQIP), funds can only be used for conservation projects outside of 2001 EQIP priority areas and the National **Conservation Reserve Program** (CRP) Longleaf Pine Conservation Priority Area.

"This gives landowners an opportunity to install conservation measures on both grazing land and cropland in non priority areas," said John Burt, NRCS State Conservationist.

Under SWCA, contracts range from five to ten years, and the total payment per participant shall not exceed \$50,000. The federal cost-share will be 75 percent of eligible praceces. Cooperators that were not successful in obtaining an EQIP contract

Duffin Family Band's First Trip To Mobeetie

The Duffin family is a bluegrass and gospel band from Montague, TX. Dad (Chuck) and Mom (Faith) have been playing bluegrass music for several years in Texas and surrounding areas.

In June of 1999, while watching a jam session at a bluegrass festival. Jennifer, Nathan, and Lindsey all decided they too wanted to play bluegrass music. The children decided for themselves which instrument would best suit them and took off within the first week playing "Cripple Creek" and "Liza Jane" over and over. In only three months they put together several songs, and decided it was time to start playing in public as "he Duffin Family"

They have performed at many festivals, and are booked for a number of up-coming festivals and events in Missouri, Mississippi, Arkansas, Louisiana, Iowa, Illinois, Oklahoma, and Texas. They had the pleasure of performing at the SPBGMA Band Contest and Awards Show at Nashville in February of 2001, and were honored with two standing ovations. The Nashville ABC news affiliate were there to catch their performance and interviewed them for the ten o'clock news that evening.

They have now come out with two recordings. The second recording is also available in CD format. Nathan

and Lindsey, who have both won awards for their art, do the cover artwork on the second project. They also have a two-hour video, T-shirts, pictures, etc. From Nathan's harddriving banjo on songs such as "Train 45", Foggy Mountain Breakdown", and "Clinch Mountain Backstep" to Lindsey's strong vocal on "Muleskinner Blues" and "Blue Moon of Kentucky", her versatile fiddle playing on songs like "Cajun Fiddle", "Milk Cow Blues", and "Orange Blossom Special". With Jennifer's solid bass and melodious vocals on "Steel Rails", "Pass Me Not", and "I Pray My Way Out of Trouble", The Duffin Family show is always lively and entertaining. "The Duffin Family" has made many friends and is enjoying performing and traveling together as a family.

The family is: Chuck Duffin (Dad)guitar, banjo, lead & harmony vocals Faith Duffin (Mom)-mandolin,

fiddle, lead & harmony vocals Jennifer Duffin (16 years old)-

SING, AMERICA SING

By: Lorena g. Males Part I of IV

The Fourth of July will scon be here. The red, white and blue waving in the breeze brings a lump to the throat and puts a song in the heart. Lets all sing!

I am on the staff as the entertainer at Coyote Hills Ranch near Cheyenne. It is my privilege to meet many new friends as tour buses bring sightseers to enjoy a taste of the old west with a cowboy supper followed by a program in the social barn that ends with a sing along-singing old American songs.

The guests come from many states-North Carolina, Tennessee, Kansas, New Mexico, Arizona and others. After a good supper prepared by Kass and Judy they're ready to sing. But the amazing thing is that they all know the same songs although they grew up miles apart.

Sometimes we sing Kansas' state song-Home On The Range-everybody knows it. If someone can play Missouri's state song Jack and I dance to the Missouri Waltz, Truman's favorite tune.

All the visitors recognize our state song Oklahoma but they have to hum it an they don't know the words. Many Oklahmans are not sure of all the words and the rhythm moves so fast there's little time to think.

I often ask the tourists: Where did you learn these old American songs? Where did you live? Beautiful Dreamer, Good-Bye, Old Paint, Sidewalks of New York, I've Been Workin' on the Railroad, Battle Hymn of the

We brought My Country Tis of Thee with us from England. Go to the theater in London nowadays and the evening will close with the people singing. God Save Our Queen to the tune of My Country Tis of Thee.

Another touching song of America is Woody Guthrie's song. He road the rails from coast to coast and the result was "This Land Is Your Land, This Land is My Land.'

With such a background each of these songs becomes an American treasure, to he be handled with care, with love and devotion, and when we're done with them they should be carefully put in the hands of those who will follow us so that the chain shall never be broken.

God Bless America! Part III LITTLE BROWN **CHURCH IN THE** VALE

By: Lorena g. Males What gave our pioneer ancestors the strength to face each day? Their lives, to us, seem too much to bear. Much of their strength came from the Little Brown Church In The Vale. The lyrics of the hymns sung by our

pioneer forebears gave them comfort. "Amazing grace, how sweet the

sound-"

There was so much cruel death on the wagon trail, especially with the women and children. "There's a land that is fairer than

day And by faith we can see it afar." Almost every American child who every lived was taught this song: "Jesus loves me this I know For the bible tells me so"

After singing that song the child would kneel by the bed and say-"Now I lay me down to sleep-

Please bless my sick puppy dog." There was always an alto and soprano to remind the discouraged pioneers.

Whispering hope, oh how welcome thy voice."

These songs turned the hearts and souls to a power higher than they-This was expressed by

Host Families Needed For Exchange Students

Host Familes are needed for international exchange students for the 2001/2002 academic year. The students hope to arrive in early August and will stay with the host family for one semester or until the end of the school year. They are in need of caring American families-with or without children-to provide a home and share with them this unique experience. The host family will provide a bed,

mom, Faye Sell, from Amarillo at the Bee Hive to her home south of Perryton to be there for a reunion with her six sisters, the Rose girls. But a sad thing happened. Faye got up to go to the bathroom in the night and dislocated her hip. She was taken back to Amarillo to the hospital early Friday morning and did not get to be with the others, who gathered there Friday. We are so sorry. It was said the doctor took her hip joint out. She has had much trouble in the past several years. Others at Sells besides Glenda were Vea and Willa Fillingim, Elton Fillingim from Prescott, Ariz., Donald and Eda Bynum from Pascagolila, Mississippi; Gay Andler from Louisianna, Joyce Hardage from Claremore, Okla. Also from Oklahoma, Friday, were Esther Rose, (Virgil's wife) and her daughter, Pixie and John Mitler and daughter, Connie Upton, and Amanda and Kaylie. They had a photographer come Saturday to take pictures. Also staying at Willa's were Brendon Fillingim from California and Chad and Kreston and two friends from Arizona.

There was a good singing at Allison Baptist church Sunday night. A special treat was the Allison youth put on a skit about being a Christian and singing. Very good. Youth were Vanessa and Mathew Huff, Heather and Jason Boydston, Chelsea Archer, Allison Bray, Amy Kliewer, Kendra and Raven Sappenfield, Alicia, Laura and Russell Lohberger and Jennie. Their teacher is Julie Boydston. Others singing were Linda (Kelley) Thomas, Marion Grimes, Lois, Evelyn and Martha Meek, Nadine Lane, Bob Meller, Johnny Crawford and Judi Cornell. By: Lorena g. Males All kinds of songs make a hugh melting pot of Americans. As long as we sing together each of us is a tiny building block that builds a strong nation.

The kind of voice you have makes no difference. You need not be an opera singer. Stand next to someone who carries the tune and follow. Mouth the words. You must put in your two cents worth for no one can be left out. That weakens our great structure called America.

We need to put more singing back in our schools. A list of required American songs would be good to have. Some children have never heard Dixie. Take the list home and sing it with parents and grandparents. When the family is riding in the car, sing. (Turn off the radio).

At home we need to gather around the piano and sing. When visitors came to my childhood home we entertained them with a sing along. Music was the heart of our home. Now those same tunes stir memories-bring smiles and tears.

People love to sing. They may say they don't but they do. Is there a better way to say "I love you America" than to join in and sing "Anchors aweight my lads, anchors aweigh." You can sing a solo and get a little

stir in your heart. Join hands and all sing "Marching Through Georgia" and your cup runneth over.

Get in harmony with America!

Louis,

Sorry I did not get by the office to renew my paper. Was a very busy trip this time. Since was school reunion. An our family reunion also. I missed so many of my very dear friends due to the short time there. But my love for the people there only grows stronger the longer I'm away. Sincerely,

It is difficult for me to report on the card game Monday night. Barbara and I lost the first two games. Leroy arrived on the scene and took Barbara's place; he played two hands and left us with a good lead. Barbara played the last hand which we managed to win by 300 points.

year. The students will begin arriving in August to spend the coming semester or school year with a caring host family while attending the local

high school. There is no such thing as a typical host family! Whether you are a single parent, retired, have small children, teens or no children. You can have a great experience hosting an international teen!

The studerts are prescreened, speak English, and looking forward to learning about our culture while teaching us about their country. They have medical insurance and their own spending money to cover such things as clothing, school supplies, and entertainment. Most families provide a loving home, meals, and a place to study. Host families are not paid but may be able to claim a \$50.00 per month charitable contribution on their income tax.

It is only through the kindness and generosity of families in communities like our that these young teens will be able to fulfill their DREAM of spending a year as an American. Please open your heart and home to one of these teens by inviting them to be-come a member of your family.

Southwestern Corn Borer Information Is Given First generation southwestern corn

borer leaf and whorl feeding damge is unusually high in a few fields infestations ranged from 30 to 70 percent in some of the more heavily infested fields. Most years, infestation levels seldom exceed 5 percent. An insecticide application to control first generation corn borer is rarely justified; however, corn with these high infestation rates would benefit from a timely insecticide application.

Western corn rootworm adults are beginning to emerge. This emergence will continue over the next several weeks. The beetles will feed on leaves and silks when available. Reduced pollination is possible if silk feeding is severe, but this seldom occurs. These adults will lay eggs in the soil which will become next years rootworms.

Small colonies of Bank's grass mites have been reported. These colonies can be found on lower leaves of the corn plant generally at the edges of fields especially if the field is in next to wheat.

Thrips continue to be a concern in some of the small cotton. Cotton at the 5th or 6th true leaf stage is generally safe from thrips damage.

Cotton fleahoppers and plant bugs are the pest in cotton that is beginning to square. They can reduce square set and alterinate earliness in cotton.

Beet armyworm infestations have declined, but continue to check for this pest.

False chinch bugs continue to be a nuisane. The huge migrations should begin to subside.
