By Louis C. Stas

Wheeler School's Board of Trustees will have a public meeting on Tuesday, April 29, to discuss the upcoming bond election. If you have questions, now is the time to get them answered.

- cwe -I was informed Tuesday morning that dirt work has begun on - Wheeler County's Agricultural and Family Center.

- cwe The Tenth Annual Ja'Nae Goad Memorial Golf Tournament was held this past weekend with an excellent turnout.

- cwe -Thanks, Bobby Jennings, for the pictures and your time in getting them correctly identified. - cwe -

Can you believe, we are almost one-quarter through the year? - cwe -

Graduation is just around the corner. This fact struck me when I decided to get to work on collecting information for the graduation edition. We are going to have to have the graduation edition ready for the May 15 paper. - cwe -

Also in the 'mix', we are awaiting the arrival of our grandson, Seth, about the same time. His mother arrived on 'paper day' (Wednesday at that time); I was told I had time to finish the paper before I needed to be there. Surprise! They called to tell me I had a girl.

## **10th Annual Ja'Nae Goad Tournament A Success, Raffle Winners Are Named**

Memorial Golf Tournament was Swift, membership donated by held Saturday, April 19, at the Canadian Golf Club-Sibyl Clark Shamrock Country Club. One and table made by RL-Zybach hundred forty five golfers and countless volunteers helped make this event another huge success. Mike & Melody Goad recognized all golfers and volunteers who have participated in each of the ten tournaments. The Goads also expressed their deep appreciation to all who have contributed to the success of this project which has raised a total of \$78,000, assisting 50 Wheeler County high school graduates. Golfers also had opportunity to win door prizes that were so generously donated by businesses and individuals. Winning the raffle items were: Watercolor by Sibyl Clark -Clayton Jones; Britt Ranch Hunt donated by Britt Ranch & Buck Dollar- Jason Manning; afghan made and donated by Ramah Kupis - Robin Smith; golf bag donated by Mike Leonard - Holly Johnston; Silpada jewelry do-

As Reported By Stormie Meriwether Pre-Kindergarten

Dinosaurs are big! We study 'bout that. We made pretend dirt with our oreos and dug for bones and worms. You can really dig in the dirt and find things. I found a really pretty rock in the dirt. I took it to my house to collection it. I do like to study 'bout the dinosaurs. I really-really like to dig in the dirt. That's it.

## **Walk Across Texas Week One Report**

Walk Across Texas teams started logging miles this week. Each team consists of eight teams that will combine their miles walked. They will compete against other teams across the county. Over the next seven weeks we will follow the teams as they log miles to Walk Across Texas. Our goal is to walk the miles to reach Alamo, TX. The City of Alamo has no direct relation to the Alamo located in San Antonio. The land on which the city is located was once owned by the Alamo Land and Sugar Company. The City of Alamo is located in the South Texas area known as the Rio Grande Valley. Alamo is 725 miles from Wheeler. The results are listed below:

The Fort Elliott 1st - 5th graders were amazed at the electric assembly that was held in their gym on April 10, 2008. Mr. Randy White and Mr. Rick Bond from Greenbelt Electric Company were the speakers for the assembly. Mr. White explained the way the electricity comes into our homes and the way that it travels down the lines. Mr. Bond was the brave man at the end of the pole that showed the students what would happen if they came in contact with electricity. They explained to the students that they need to respect anything that has to do with electricity and that they should always look up before doing any movement around overhead lines.

Nice to have a call from a friend of many years, Erma Riley, at Tuttle, OK. She had to have her phone changed and can't give it out, but she is still living in her apartment and doing well. She will be 92 in December. She enjoys playing her piano and watching religious programs on TV, but can't get out much. She is thankful that she can live alone and take care of herself. We love you, Erma. She enjoys getting the Wheeler paper and tapes from Wheeler Baptist services. Erma said tell her friends that she is doing well and thankful for what she can do and appreciates her friends and wishes you all well.

Grandpa's for a nice long visit. Of course, they are counting the weeks until school is out. I don't know who is more excited, Kellie or the kids. Sorry, Dad will have to stay home and work. Every time they go back to Dallas, Shelton has to go in for day surgery and swallow a camera, one of those oscopy things, so the doctors can see that nothing is bleeding or

seeping. He has 10 new doctors down there. Surely he will be mentioned in some of those fancy medical magazines as one of the most unusual cases they have ever seen. This varices problem usually doesn't show up in the younger patients. It's usually an adult problem, so it really surprised all the doctors in Amarillo and Dallas. Shelton is doing so well, in that manner. He is such a trooper and tries hard to go by the new rules. He hates to go out and just watch Dad work on his projects; he'd rather be in there helping. But, he is learning that being out there watching Jackie Don is better than being stuck in the house most of the time and

he is still learning a lot about fixing big equipment. He and the family have another invitation to the Peterbilt factory for a guided tour and dinner with some of the engineers and main mechanics. Shelton is really looking forward to it, as is Jackie Don. They got to go down last year and Shelton talks to some of the men from the company on the Internet. He has made so many friends through this time of illness, and got to do several things most people just

dream of; he could write quite a book

It's so good to see Shelton out and about some. Hope each day gets better and better. He has done home study this year, again, and has two teachers from Fort Elliott that have helped him with other classes. He got to take all the TASK tests and anything else necessary to keep his credits going. Just before this last scary episode, Shelton had finally gotten to go to school with his friends again. He was so excited and had a great day with them. They were just going to start back slowly; Shelton is still having trouble keeping his blood counts up. He has had to have many transfusions in an attempt to keep his blood counts up. He got up in the middle of the night sick to his stomach, but they just thought he had a flu bug or something like that. They never dreamed that it would lead to something this drastic. They still go to Amarillo once a week to have his blood work

driver's ed with Mrs. Belinda Masters. She really enjoys it and wants to drive mom everywhere. Peyton reminds Kellie daily that when she gets her official license, she can run do errands for her and help her more.

Shelton really surprised his Dad for his birthday this year. Shelton called a lot of Jackie Don's friends, work buddies, and family and had a surprise party for Jackie Don at Maxey's. They all had a great time. One of the best birthdays that Don ever had and one that he will remember for a long time to come.

Mom, Carol Orthman, came down from Dumas on Saturday to spend a few days with us before (Continued Page 7)

I will bless the Lord at all times: his praise shall continually be in my mouth. My soul shall make her boast in the Lord: the humble shall hear thereof, and be glad. O magnify the Lord with me, and let us exalt his name together. I sought the Lord, and he heard me, and delivered me from all my fears. They looked unto him, and were lightened: and their faces were not ashamed. This poor man cried. and the Lord heard him, and saved him out of his troubles. The angel of the Lord encampeth round about them that fear him, and delivereth them. O taste and see that the Lord is good: blessed is the man that trusteth in him. O fear the Lord, ye his saints: for there is no want to them that fear him. The young lions do lack, and suffer hunger: but they that seek the Lord shall not want any good thing. Come, ye children, hearken unto me: I will teach you the fear of the Lord. What man is he that desireth life, and loveth many days, that he may see good? Keep thy tongue from evil, and thy lips from speaking guile. Depart, from evil, and do good; seek peace, and pursue it. The eyes of the Lord are upon the righteous, and his ears are open unto their cry. The face of the Lord is against them that do evil, to cut off the remembrance of them from the earth. The righteous cry, and the Lord heareth, and delivereth them out of all their troubles. The Lord is nigh unto them that are of a broken heart; and saveth such as be of a contrite spirit. Many are the afflictions of the righteous: but the Lord delivereth him out of them all. He keepeth all his bones: not one of them is broken. Evil shall slay the wicked: and they that hate the righteous shall be desolate. The Lord redeemeth the soul of his servants: and none of them that trust in him shall be desolate. Psalm 34:1-22

God is our refuge and strength, and a very present help in trouble. Psalm 46:1

O Praise the Lord, all ye nations: praise him, all ye people. For his merciful kindness is great toward us: and the truth of the Lord endureth for ever. Praise ye the Lord. Psalm 117:1 & 2

The weather here in Allison is just beautiful the last few days. Kinda windy at times, but nothing unusual for the Texas Panhandle. Everything is looking so beautiful and the fruit has survived the freezes so far so if the hailstorms don't get them we should have a good crop this year of apricots and other fruit as well. Praise the Lord for that.

Curtis and Lillian Boydston bought two meals from Reydon, Oklahoma at the Senior Citizens Building to Uncle Roma and Aunt Billy June Brown and they appreciated it very much. Thanks Curtis and Lil, the meal was very delicious.

## The View of a Southern Woman .... Southern California that is.

We were in Apache last week where we went to several dozen yard sales and estate sales. The place to turn around and spent 30 whole town got involved as the Apache Rattlesnake Festival was in full swing for four days. If anyone ever said I would be attending an affair dedicated to snakes of any kind, I would have said they were nuts, but life changes and so can I. We were going to Lawton for the day and drove through Apache stopping for lunch and wonderful homemade fudge and told about this were festival. Curiosity got the best of us, so we came back the next day and the next day, too. Like I said, the whole town was in it some way or another. They closed down two streets and might as well have closed down the main highway for it took half an hour to get through town. There were booths and more booths, rattlesnake to eat, live ones to see and have your photo taken with, food of every kind and one of the best Indian dances I ever witnessed. They were in full costume with war paint, dancing so fast and furious to the beat of the drums that my camera could not capture a still photo, but the movie camera did. I had my first Indian taco and it was excellent. Glenn Forrest Frosty had an Indian corn dog and it was great and very different than what we know. There were stands selling everything from ax handles to stuffed rattlesnakes. We sure had a wonderful time and will go back next year for sure.

On our trip from here to our lake house, I started jotting down the names of the creeks we went over. It was a good way to pass the time since Glenn did not share the driving with me. Maybe he thinks I cannot handle his truck

minutes on bad roads or no road at all. The name of the creeks was very interesting and made me wonder how they got their names. Just to name a few of the eighteen we crossed: Two Baby Creek, Starvation Creek, Hog Creek, Wildcat, Camp, Buggy, Sitting Bear and Buffalo Creeks. The one I really wondered about was Two Baby Creek. Now, that one needs to be researched. After that 4 1/2-inch rain we had at the lake, I thought every creek had turned into a last and furious river that was knocking out bridge after bridge. Glenn got tired of going out of his way, so he made a new road around one of the out-of-commission bridges. I do not think it will be replaced for some time for looks like ten tons of soil went out with

## Local Women Attend Texas CattleWomen 🔎

Texas CattleWomen held a **Regional CattleWomen Roundup** in Childress, Texas on Saturday, April 5, 2008.

CattleWomen groups from the north Texas region helped conduct the event. The Regional Roundup was held at the Main Events Meeting Room in downtown Childress from 9:00 to 3:00. CattleWomen and guests from the panhandle area, Hereford, Vernon, and Wichita Falls all converged in Childress to present a day-long event promoting and educating about Beef.

Liz Austin, President-Panhandle Working CattleWomen, Treasurer-Texas CattleWomen served as the emcee. Jason Bagley and Misty Martin from Texas Beef Council in Austin, Texas performed a meat cutting

in the retail markets in early 2008. Jason and Misty also gave an update about foreign markets and exporting as well as the lastest information about the Beef Checkoff and current ad campaigns for Beef.

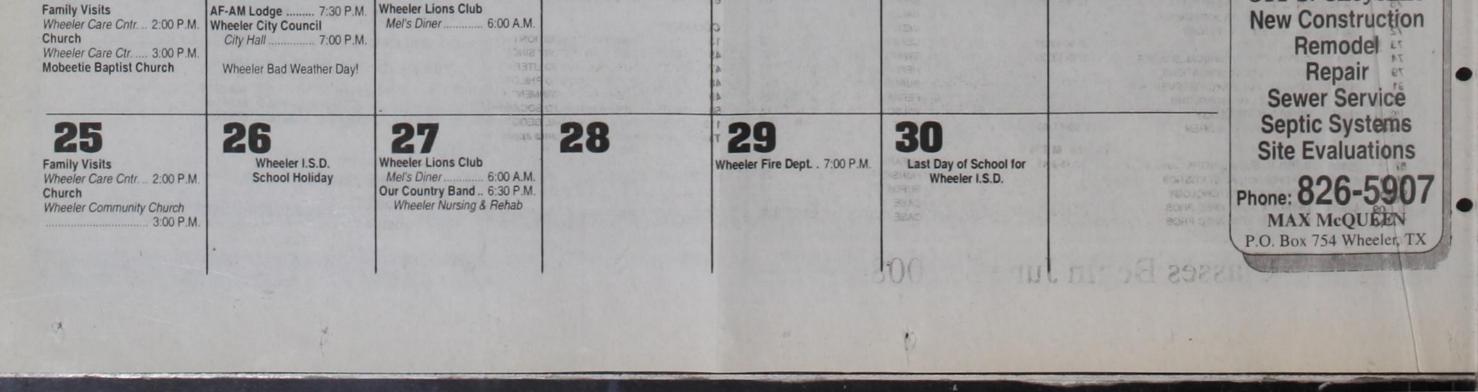

Pam Foster, Texas Cooperative Extension Agent from Childress also presented her program, "Lean, Tasty and Tender Beef on a Budget." She performed a cooking demonstration with samplings and recipes. b

Many Texas CattleWomen state officers from all across the state were also in attendance. 105 ladies from the north texas region attended this educational and entertaining event. Vicki Cooke, of Childress Bakery & Main Events catered the noon meal. Also, ten exhibitors from the surrounding area to Childress exhibited goods & textiles for sale during the event. Pottery, barbecue sauce, quilts, t-shirts, purses, jewelry, knives and agdending were some of the highlights from

going north for a few weeks. She and I went to church Sunday morning and then to the shower for John and Ashley Ulrey. It was very nice. They got so many nice, useful gifts. They got several towel sets for the kitchen and the bathroom. I think that John was getting just a little nervous after mom said that at her shower the ladies told her that each towel she got would count for one child in her future. Mom got 25 towels at her shower. Well, thank goodness, that Mom and Dad dispelled that theory. They only had two of us, and then we got Joe and Shannon, so that is four. But, with all of our friends in and out and needing a shoulder to cry on once in a while, a good meal, a warm bed, or extra clothes, I guess she did have 25 kids.

(from Page 3)

On Sunday afternoon, my sister, Shannon, arrived after a birthday visit to see her daughter, Shellie and Chance Adams, and boys, Cameron, and Zach. They had a great time and got to swim at the motel where Grandma was staying. The only thing that Shannon misses about Hereford is Shellie and her family, even though most of her school years were spent in Hereford. We all had a good visit, checked out old pictures and newer ones, and played several games of Scrabble. Tuesday, Shannon took mom to the airport in Amarillo and got her on her way to see her brothers. All went as planned and she arrived in Fargo, ND, safe and sound about 8:00 p.m. Tuesday evening. It sure is lonesome around here. Thank goodness for telephones and e-mails (most of the time!!).

Now, on to this weeks news. The warmer weather is just making things pop out. But the mesquite doesn't have very much green showing yet. My dad always said that we could still have a hard freeze until the mesquite finally set on. We have a few tulips blooming this week and some dark purple iris and some yellow iris. Our peonies have lots of buds, and the lilacs are finally getting beautiful purple plumes.

Congratulations to the Estes families. Gordon and Wanda are first-time "great-grandparents" while Greg and Diane are now "Grandpa" and"" Grandma". Daughter, Amber, and husband, Josh Grider, welcomed their son, Blaze Estes Grider, on April 14, 2008. He weighed 7 lbs. and 15 oz. He is so precious and a real cutie. Gordon and Wanda have thoroughly enjoyed the pictures, but are anxious to get a chance to go see the young man and his parents. All is well and Diane is enjoying breaking in the new title and helping Amber. Congratulations, Amber and Josh. What a wonderful family. May the Lord bless you all. Amber teaches elementary school at Mansfield, TX., and Josh stays busy in the construction business. Amber had good timing and didn't take leave until the Friday before Blaze was born and won't have to back until

next fall. That will be so great to get to spend time with Blaze, but it will still be hard to have to go back to school and leave him at day care or a baby sitter. The first week is the hardest. Enjoy it all...they just grow up too fast.

It's terrific to hear that Peggy Dunn got a good check-up with her heart doctor recently. Glad you're getting your strength back, even though I'm sure that it is much too slow to suit you. These few beautiful days are just tempting Peggy to the golf course.

Randy and Julie Stuart made it to Leola Stuart's on Wednesday. They had lots of visiting to catch up on and lots of little things that they all wanted to get accomplished while Randy and Julie were here. They went to Wheeler on Friday to surprise Grandma, Beulah Stuart.

Dakota and Harley Jones of Sayre got to spend the weekend with their Mom, Kandi. They always have fun together and are making plans to go to Magnum, OK., to the rattlesnake round up. The kids are so excited. I'll just take their word for it all. Thanks, anyway.

It still doesn't seem right with Bill and Patsy Caswell not out at the ranch anymore. It's been several months, but we still catch ourselves calling it the Caswell place. The Osbornes are a welcome addition to our community and have the place looking nice. They have plans for a nice garden.

Tuesday, we got to go to Pampa and baby sit with Jayden and Kourtney Mayfield in the afternoon. Jayden got out at one o'clock, as one of their teachers had passed away over the weekend and they were having her services that afternoon. Ms. Lane had worked at LamarElementary for several years and was a favorite of many of the students. She will be greatly missed.

Jayden just couldn't wait to show off the new puppies that their German shepherd had. Keara had 9 pups, but only two have survived for a week. They are so cute. He is just certain that milk that he fixes to put out there, instead of Keara.

Faye Mayfield of Tucumcari, New visit on their way to the Old husband, Doug, she moved to

ke hou

Elk City, OK.; Albert and Leona Faye Mayfield, her brother, Bob, and friend, Edna , all of Tucumcan, NM.; and Robert and Sue Mayfield of Mobeetie, TX. We got to visit with LeRoy Allen at the Holiday Inn. Most of the family met at the Hensley home in Strong City, OK., on Saturday for a hot dog dinner and lots of good visiting, reminiscing and viewing of old photos: Kenneth and Doreen Mayfield of Arnett, OK., and daughter, Debbie Taylor, of Gage, OK., joined in the fun on Saturday. Ralph wasn't feeling well so we will try again in October. Kim Payne, Faye Hensley's daughterin-law, had been interviewed and filmed earlier in the week. They had called from an OKC TV station to film her decorating one of her famous cakes. It was to be on the Friday night news at 6:00 p.m. So several in the family were getting it on their DVR and Nola Hunt was taping it so Faye would still get to see it.

Our deepest sympathy to the family and friends of Jane Virginia Husband, 76, of Amarillo and most recently of Houston. She was a homemaker and a very talented artist. Her family, friends and church reinforced her strength and great character. She was the mother of the late Rick Husband, captain of the ill-fated space shuttle, Discovery. She and her late husband, Doug, had raised two wonderful boys, the late Rick Husband and his younger brother, Keith. Both boys shared the joy of flying from a very young age. (Rick and Evelyn attended the Presbyterian Church on Harrison Street in Amarillo. Our daughter-in-law, Lor, was in the same Sunday school class as Rick and Evelyn. He was an awesome speaker and lived his life with all his faith in the Lord. He challenged others to do the same.) He got much of his strength from his mother, too. Through the devastating loss of her son, Rick, in the Discovery accident, she stayed strong and taught her family to be strong. She was always there for her daughter-in-law, Evelyn, and her grandany day now they will drink the daughter, Laura, and grandson, Matthew, even though they were very young and had trouble un-On Thursday, Albert and Leona derstanding why such a terrible thing could happen to their daddy. and new. It is a beautiful time of year to go out there, but they saw lots of devastation from the White River flooding and a tornado dancing around the mountain tops just days before they got there. But, what had been left untouched was just so memorable. Just one awesome sight after another with each turn and twist in the road. They never got tired of "just lookng." Although they had to seek shelter a couple of miles from their motel room at a Baptist church basement, they spent about 3 hours with many other tired people in the safety of the church. That was the only time they had bad winds while they were there. They had a couple of other days of winds, but nothing like what they missed here. It was sad to see so many people hurting because they had lost their homes in the tornado or flood. One whole housing addition was mostly just splinters and toothpicks, while many homes along the White River were either gone or partly submerged in the mis-routed water. One of the better, most popular restaurants had been flooded once and they were in the process of cleaning it up and restoring it when the water got deeper again. It was built high enough up the hill that they thought they were safe. Most years they probably were, but they had an unusually large amount of snow in February that is still melting and causing lots of problems. They attended a 2-day music festival that was super great and enjoyed several little side trips which included a venture to Calico Rock and""56" Wow! They had quite a scare

over at Allison on Friday night. A drilling company had spent 2 days setting up a rig on the Richard Kiker Ranch very close to the Kiker home. The crew was in the trailer when they heard a horrible screeching sound and a big

"thud." The whole rig was piled over in a heap in the slush pit when they got out of the trailer. Thankfully, no one was hurt. Lots of trucks and big equipment raising the dirt over that way all weekend.

Hope y'all have a great week. Please keep our friends and neighbors in your prayers: Don and Mary Edwards, Clinton and Maurita Stribling, Jack and Berniece Hefley, Beulah Stuart, Bill and Shirley Dyson, Lorene Rector, Orville Greenhouse, Jane Seitz, Mabel Tabor, Peggy Dunn, Curtis Hendrix, John Thierstein, Peggy Frazier, Earl and Leola Farris, Dick and Ann Graham, Kenneth and Vera Walker, Bill and Patsy Caswell, Leola Stuart, Iva Richardson, John McGinty, Shannon Pool, Chuck Carl, Mary Whitener, Byron Simpson, Shelton May and family, Lou Dean Douthit, Joe Tolle and family, Alvern Hutchison, Jimmy Love, Joann Couch, Fred Castle, Vance and Carol Boydston, Aaron Hartline and family, Charlie Brown, Melba Corcoran, Lonnie Hendrix, Andrea Auldridge and family, John Paul Harris and family, Scott Corcoran and family, Carl and Peggy Carter, Jackie and Fred Thrasher, Kourtney Mayfield, Louise Shorter, Sue Seitz, Danny Hendrix, Ralph Mayfield, Venita Weiss, Frankie and Bob Herman, Boozie and Maxine Howard, the family and friends of Stacy Arnold, the family and friends of Eva Holloway, John and Ashley Ulrey and family, Josh and Amber Grider and new son, Blaze, the Kevin and Kandi Jones family, the family and friends of Jane Husband, all our military and law en-

forcement people that they stay safe and return to their families ready to enjoy their families, a special prayer for Christians and all other soldiers that they receive the protection of our Lord. (Psalms 91).

Houston to be closer to her family. She supported their decisions and was their

"tower" of strength. She will be greatly missed by all who knew her and all the lives she touched. Mrs. Husband is survived by her son, Keith, and wife, Kathy; daughter-in-law, Evelyn Thompson, granddaughter, Laura, and grandson, Matthew, all of Houston; her sister and brother-in-law, Josie and George Drank of Maryland; and her brother-in-law and sister-in-law, Eugene and Barbara Baker of Oklahoma, along with three nieces and a nephew and enumerable friends. She passed away on Monday, April 14, in Houston and services were Saturday, April 20, at the Schooler Gordon Funeral Chapel.

If you get a chance, read Evelyn Husband's first book...it is so down-to-earth and enlightening.

It is so good to have Geoffrey and Fredia Caldwell home from their wonderful vacation. It is such a blessing to have Geoffrey doing so well after all his health problems in February. and March. Wheeler County Democrats met Tuesday April 15, 2008 at Maxey's in Wheeler. Mike Oldham presented information on the Trans-Texas Corridor. Although there is bipartisan support statewide to repeal HB3588 authorizing the TTC project, the plans steamroll ahead to acquire land and set contracts with foreign entities for construction and operation of the proposed toll road. There are many volunteer fire fighters that reissues that will impact Texans in sponded to the large grass fire, 3 both rural and urban areas. The miles west of Kelton. Without the courage all citizens to become informed and active in the political process.

The group discussed the Texas Democratic Convention, which will be June 5-7, 2008 at the Austin Convention Center. Delegates and attendees to the convention will participate in caucuses and give reports the second Tuesday in June.

The next meeting will be a Dutch Treat dinner at Maxey's in Wheeler on Tuesday, June 10, 2008. Guest speaker will be Roger J. Wuan, candidate for U.S. Representative, Texas Congressional District 13. Everyone is welcome and encouraged to attend.

#### CARD OF THANKS

We would like to thank all the Wheeler County democrats.en- immediate response from area fire departments, we would have lost more grass and fences than we did

> We sincerely thank each and every volunteer fireman for their service and dedication. Sincerely,

#### Parkview Hospital Stress Awareness Month

You're probably thinking, every month is Stress Awareness Month. In this time and world we live in it's quiet easy to be stressed. Stress was created to help the human body get through life's turbulence. When danger is sensed, the body's natural "fight or flight" response kicks in, as a way to prepare itself for battle. The adrenal glands kick into action, flooding the bloodstream with high doses of adrenaline to give the body energy.

Heart rate quickens and blood flow increases, giving the body's major organs and muscles more oxygen. Endorphins are released to work as natural painkillers. Breathing increases and digestion slows, all in attempt to help you better face what imminent struggle lays ahead. Nature's way of handling something bad coming our way, stress can be good when it helps you focus and deal with an emergency.

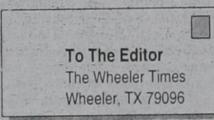

Problems arise when stress levels continue to escalate, causing this natural fight or flight response to stay with you throughout the day. An ongoing struggle with a spouse, an illness, or an unruly coworker can all cause this fight or flight response to linger unnaturally. The nervous system senses prolonged tension and danger, and may continue to pump hormones and chemicals throughout the body that can deplete a person's natural reserves, leaving them feeling tired and sick all of the time.

A little stress can be a good thing - but too much is bad for anyone. While good stress empowers us to get a job done, or handle a tough situation on our own, bad stress can strip us of confidence, and the wherewithal to tackle everyday issues.

Too Much Stress Is Bad.

Too much bad stress, (or a stress overload), can cause severe problems with the body's immune system, making its victim more prone to simple illnesses like colds and flu, or more serious conditions such as infections, diabetes, high blood pressure and gastrointestinal problems. Stress has also been linked to a higher rate of cancer, heart attack and stroke in some patients. In others, too much stress can lead to depression, which can cause serious mental and behavior problems as well. What Causes Bad Stress?

Note to the City of Wheeler

I am most unhappy with that ugly foul-smelling dumpster just 6 feet from my kitchen window. Moved from Mr. Steve Lamb's back gate at the request of Mr. Johnny Wilson, neighbor. When I told him it was going to get HOT, HOT this summer and the smell would kill us, he said Steve didn't want it close to fence where his dogs got a piece of paper when dumpster was loaded on truck. P.S. Steve, I saw a man (name withheld) as I know when I see a 357 Mag pistol aimed between my eyes, pitch a bloody white butcher paper at North end of your back yard. Once a week, Steve is busy with "pooper scooper." Compare that with one I look at daily. Johnny, I am not angry with you,

but I fear your devilish, triggerhappy temper. How could a sigk man move that dumpster ten feet by himself? I saw you do that, and now it is back at my kitchen window. "City of Wheeler, you have a problem!"

Johnny made the statement it upset him to take his trash to Steve's back gate as his dogs chased him the length of the fence and barked at him. Not once have you ever made an effort to make friends with them. When I was able to carry my trash out, I used to sit down and hold hands and shared secrets with Reba, the long-haired, red, beautiful gerate sheep dog. Regardless of my late hours at night, I walk length of my M.H. and pray without ceasing.1 ask. "God how could you send me to Hell because I live 125% below the poverty level and cannot give you 10% of S.S.?" J.W. says I will go to Hell because of this! "Lord what is 10% of minus zero?" I enjoy giving to your mission program. These people devote their lives to you.""Such a love affair" Muhout end! /Signed/ Dean Lane

## Panhandle Dist. 4-H Consumer Contest

About 65 youth from 11 Panhandle counties gathered on April 19 at Bushland Elementary School for the Panhandle District 4-H Consumer Decision Making Contest, sponsored by Texas AgriLife Extension Service.

Youth applied their decisionmaking skills gained in the 4-H Consumer Decision Making project, said Brenda Gladney, AgriLife Extension 4-H agent in Potter County. Each participant ranked a class of four items from the best choice for their dollar to the least desirable choice.

Prior to the contest, 4-H members studied several items to determine which is the best product to purchase in specific situation, Gladney said.

Junior youth, ages 8-10, studied analog television vs digital, fluorescent bulbs, gift/prepaid cards, sun blocking clothing and digital photos. The intermediate (ages 11-13) and senior age groups (ages 14-19) also studied credit cards and buying a used car.

The top three senior placing teams will advance to state competition at Texas A&M University in College Station in June.

The following is a list of the top placing individuals and teams and counties they represented: SENIORS:
