Gillettes To Play At Smithsonian June 10

The Smithsonian Folklife Festival is an international exposition of living cultural heritage annually produced outdoors on the National Mall of the United States in Washington, D.C., by the Smithsonian Institution's Center for Folklife and Cultural Heritage.

The Festival takes place for two weeks every summer overlapping the Fourth of July holiday. It is an educational presentation that features community-based cultural exemplars. Free to the public, like other Smithsonian museums, each Festival typically draws more than one million visitors.

Initiated in 1967, the Festival has become a national and international model of a researchbased presentation of contemporary living cultural traditions. Over the years, it has brought more than 23,000 musicians, artists, performers, craftspeople, workers, cooks, storytellers, and others to the National Mall to demonstrate the skills, knowledge, and aesthetics that embody the creative vitality of community-based traditions.

The Festival is usually divided into programs featuring a nation, region, state or theme. To date the Festival has featured exemplary tradition bearers from more than 90 nations, every region of the United States, scores of ethnic communities, more than 100 American Indian groups, and some 70 different occupations.

The Festival generally includes daily and evening programs of music, song, dance, celebratory performance, crafts and cooking demonstrations, storytelling, illustrations' of workers' culture, and narrative sessions for discussing cultural issues.

The Festival is an exercise in cultural democracy, in which cultural practitioners speak for themselves, with each other, and to the public. The Festival encourages visitors to participate—to learn, sing, dance, eat traditional foods, and converse with people presented in the Festival program.

Like other Smithsonian museums, the Festival includes exhibition-quality signs, photo-text panels, a program book/catalog, learning centers, sales shops, and food concessions. In re-creating physical settings for the traditions represented, the Festival has built a horse racetrack (from the Washington Monument to the U.S. Capitol Building), an Indian village with 40-foot-high bamboo and paper statues, a Japanese rice paddy, and a New Mexican adobe plaza.

The Festival is a complex production, over the years drawing on the research and presentational skills of more than 1,000 folklorists, cultural anthropologists, ethnomusicologists, and numerous other academic and lay scholars. Its production involves the expertise of hundreds of technical staff, the efforts of volunteers, and the backing of sponsors and sup-

The Festivai has strong impacts on policies, scholarship, and folks "back home." Many states and several nations have remounted Festival programs locally and used them to generate laws, institutions, educational programs, books, documentary films, recordings, museum and traveling exhibitions. In many cases, the Festival has energized local and regional tradition bearers and their communities, and thus helped to conserve and create cultural resources. Festival practice served as both the backdrop and inspiration for the consideration and ultimately the development of UNESCO's 2003 International Convention on the Safeguarding of the Intangible Cultural Heritage.

The Festival was a centerpiece of the U.S. Bicentennial, lasting for three months in 1976; it has provided models for numerous Presidential Inaugural programs, the (Continued Page 9)

The View of a Southern Woman

.... Southern California that is.

when my column was missing last week from this newspaper. I was not ill, did not stop writing and the truth is that we were at the lake house for a week and I had no way to get my column to Louis, my editor. No computer service there and, to be honest about it, we were busy fishing and entertaining down there. Crissy, our granddaughter, turned 20 so we had a BBQ at the lake house for her. Robbie took care of the outdoor cooking while SaRita made her delicious Frito salad and a wonderful dessert that she calls Hawaiian Pizza. It is not pizza at all, but great. There was also a big cake with roses on it that we picked up at the bakery.

Next day, we went fishing on the lake all day. Caught enough fish for a fish fry that evening. We also went to Chickasha, Oklahoma, and had dinner at a place called Jake's Ribs. Eddy Walker recommended it and I was really tempted to call him as we ate, but I knew he was working and it might upset him for it is one of his favorite places to eat. It was great.

While in Chickasha, we hit every antique store in town; I think there were five. Glenn Forrest Frosty is really getting into this antique business. His knowledge is really growing as he can tell the antiques from the reproductions, although he still goes through the large stores in 10 minutes flat unless he finds an interesting item. When I lived in California, I did lectures on antiques for clubs and groups of people and I loved doing that, but now I just enjoy looking for I buy very little. We all like to remember grandmother's things or our own that are now antiques. I think we are antiques.

I am almost tempted to give my tiny bantam, Lady, an egg to

Some of you were concerned hatch. I feel sorry for her since she is sitting on a golf ball. Just for your information. the three golf balls were put in the hen house for any passing snake to ingest and hopefully die. Snakes have eaten the eggs before and the five babies that were due to hatch in two days. Glenn shot one snake in the nest of eggs and we caught another after he had two eggs in him or her. (Never could tell the difference.) I will probably not give in for it might be a rooster that Lady would hatch No need for another Henry! Glenn was attacked the other day and Henry made a small hole in his ankle. When he complained to me, I told him he should watch Henry and those sneak attacks more closely. He said something about ringing that rooster's neck ,but I warned him against that. I know he loves Henry, but he has to be more careful around him. He should also be glad that Henry is so tiny and cannot do much dam-

Glenn and I attended the citywide yard sale in Wheeler last Saturday. Bought a couple of items from our niece. Debby Boydston, and a few other people. Got a few things for the lake house and did enjoy the free things given to us by a couple that decided it was too cold to stay and just wanted us to take whatever we wanted. They even had a kitchen sink, but we already had enough of those. What a nice couple.

Ran into Bob Zybach and his lovely wife. They are a delight to be around. We discussed the price of gasoline and food, but still had a wonderful visit. Until next time, my love to all of you, Betty Boydston.

Our beautiful spring is finally getting here...maybe. The last few days haven't been quite so windy, for so long. So, maybe it won't be long and the wind will settle down to a gentle breeze. Our poor firefighters need a break.

This Tuesday morning, you can almost smell the moisture coming. I hope it doesn't change its mind and go the other way. We have our order in for just some good ol' rain, none of those horrible storms that they have been getting east of us. Sounded like our western and northern neighbors got quite a pounding last night from the winds, lightning and rain. Hope all are well.

The locust trees are gorgeous again this year. They just aren't as fragrant as they usually are. Don't know if it's because of all the dry weather, the cool spring, or just my smeller. Really miss that aroma wafting through the air,

Peggy Dunn and Leola Stuart made it home all safe and sound from a nice visit with their children and grandchildren, Tanya and Ronnie Stuart, at Lawton, OK. They always manage to get a few games of dominoes and a game or two of hand and foot in. Gets pretty wild sometimes. Peggy is enjoying being back at work at the Canadian Country Club and Golf Course. She really misses her friends out there when she has to take a break. So glad she had such a good Dr. report the last time and is getting stronger every

Our deepest sympathy to the family and friends of Tommy Andrews, 55, of Canadian. He passed away on April 30 and memorial services were held on Saturday, May 2, 2008, at the First Christian Church in Canadian with Matt Cook officiating. Tommy was the owner of Andrews Plumbing, Andrews Bail Bonds and River City Security. He was an active member of the First Christian Church. Tommy and his wife, Pat, were very active in the Canadian community since 1973. Survivors include his beloved wife, Pat; a daughter, Cassandra Spruell and husband, Jeff, of Abilene; a sister, Sandra Cherry and husband, Howard, of Colony, OK.; his father-in-law and mother-in-law, James and Lou Bishop, three brothers-in-law, Mike Bishop and Glen Bishop of Canadian, and Donald Bishop of Dallas; two sisters-in-law, Jamie Stafford of Woodward, OK., and Judy Bishop of California; and the Leola Stuart had a nice surprise "sparks" in his life, grandsons, Taran and Bryson Spruell, along with numereous nieces, nephews and friends.

When Leola Stuart got home she was welcomed by a flower garden that was just starting to bloom beautifully. The iris are gorgeaous again this year. She has just about every color you can thnk of. They are so pretty. The oxialas have been blooming beautiful little pink puff balls for some time. Her snowball bush is keeping up with some others in the area this year; they are just loaded. Hers will soon be a mass of white.

Leola spent the afternoon with Beulah Stuart on Thursday. Beulah wasn't having a very good day, but wanted to be sure that just because she was there at the end of the week, she would still come back for her usual visit on Sunday. Leola reassured her that she would be back on Sunday,

Tuesday, while we were in Amarillo, we were pleasantly surprised to meet Faye Farrar and her son, Donald, as they exited the elevator on the way to her Dr. appointment with her lung specialist. They both looked well and Faye is holding her own with the new meds and oxygen all the time. She walks very stooped over, but goes wherever she needs to. Donald is still working for the public school system at Pampa and drives the activity bus on most out of town excursions. He really enjoys the

kids and their accomplishments. Our sympathy to the family and friends of Joe Cross, 55, of Amarillo. He graduated from Canadian where he played football and was very active in rodeoing, later graduating from Clarendon with a veternary of science degree. He was very active in the Masonic Lodge and the Polk Street Methodist Church. He is survived by his father, Bill and Joyce Cross of Canadian; his mother, Nancy Cross, of Dallas; three sisters, Sue Garza and husband, Isreal, of Lewisville, Neysia Wilson and husband, Robert, of Iowa Park and Cynthia Donnell and husband, Greg, of Canyon; a brother, Steve Cross and wife, Jeanne, of Amarillo; five nieces; three nephews and a host of friends. He enjoyed being a big part in the lives of his nieces and nephews. He was very proud of all their accomplishments and was there to cheer them on at all their sporting events. Services were held Saturday morning at Polk Street Methodist Church in Amarillo with Rev. Marty Hamrick officiating. Burial was in Memorial Park Cemetery.

Sorry to hear that Shari Gail Porter is so ill. Please keep her

in your prayers.

Congratulations to Lou Dean Douthit on the arrival of her 15th great-grandchild. Granddaughter, Stephany, and her beautiful son are doing well. Lou Dean got to go to Roaring Springs and meet the newest litte addition and visit with other family while she was in the area. She enjoyed her visit, but was thankful to get home and relax some. It gets to be an awfully long ride.

Sunday night; her son, Randy, from Kyle, TX., called to check on her. They had a really good visit. It was a nice long visit as he had some extra time while he was finishing up a project in his shop. It's so nice that her boys call and check on her quite regularly since they are all so far away. Leola sure appreciates them. They call, they don't leave it up to their wives. Makes her days go a whole lot better.

Sorry to hear that Grandma Stuart isn't feeling well. They had to put her on antibiotics, again. Hope you're soon feelling much better.

Sorry to hear that Julie Stuart's dad is in failing health. He lives in The Colony and Julie is up there with him for a visit and to help. Hope this finds things going much

Hooray! Hooray! Maurita Stribling finally got to go off her coumadin after almost a year! Pray the blood clots don't ever return. The wind hasn't blown Clinton and Maurita off their little hill out there yet. The view from their yard is just awesome this time of year. Doris Finsterwald is always so helpful. Jo Redding and daughter, Susan Redding, left very early on Sunday morning to meet family and attended services at the Lake Creek Community Church near Wichita Falls. The land for the church and cemetery were donated by Jo's grandparents, Mr. and Mrs. E.A. McDonald. The first Sunday of every May, the descedants of the McDonald clan gather to celebrate Grandpa Ed's and Grandma Fannie's lives. This year there were 19 descedants present and about 80 other people to enjoy the service and visiting. They usually do the annual Memorial Day clean-up in the afternoon. They were all pleasantly surprised to arrive and find that some thoughtful people had put a flower on every grave out there before the service. It was a wonderful day and visiting with the cousins was a blessing. It made for an awfully long day, but well worth the trip.

Leola Stuart hosted the Canasta Club on Monday. They had a good time and enjoyed the

Opal and Juanita played a game of Mexican Train in the home of Curtis and Lillian Boydston.

Thursday, Glenn and Betty Boydston came by for a short visit in the home of Opal and Juanita Boydston.

Friday, Opal and Juanita Boydston visited Louise Boydston for awhile in the night. Louise's brother, Willis Harrison was there and Gary Boydston, Bennie and Debbie Boydston and Heather Archer. Really enjoyed the visit.

Saturday, Opal and Juanita enjoyed shopping at the Wheeler City Wide Garage Sale. Not as many this time around but enjoyed shopping and finding those bargains anyway. They enjoyed a delicious pizza at Cross Country Barn and a fountain drink before coming home.

Saturday evening, Juanita Boydston was at Vance's watering plants and flowers and she received a call on her walkie talkie that Kim, Kimber and Brittany Thompson was visiting Opal at her house and was wondering if we wanted to go to the cemetery with them. Juanita was about thru watering so she said yes she would like to go so they all went to the Zybach Cemtery and visited the graves of several of our

loved ones that are buried there. Sunday after church, Opal and Juanita Boydston, Jean Stinnett, Bennie and Debbie Boydston, Heather Archer, Kim, Kimber and Brittany Thompson all enjoyed a delicious homecooked meal in the home of Louise Boydston. En-

joyed good ole visiting as well.
