CWE CHAT WITH EDITOR

By Louis C. Stas

I hope everyone enjoyed the pretty weather over the weekend, as we are having a typical spring with a couple of pretty days and then the cold wind is back.

We returned from OKC Sunday with it looking like it could rain at any time. We got a few drops of moisture as we arrived in Wheeler.

Then as you may know, the clouds moved on to form storms in Oklahoma. Very little damage, thankfully.

Saturday evening is the annual Chamber of Commerce Installation banquet. Clear your schedule and plan to be in attendance for a very exciting evening.

A magician has been obtained for the entertainment. And, of course the usual awards will be presented.

Sorry if you got your Times a little late last week. I finished up the addressing and put the papers in the Windstar to take to the post office.

I got side tracked and did not see them in the back until Thursday morning, when I got in the vehicle.

My apologies to Jan and the rest of the crew at the P.O.

Our sympathy to the family of Dwight Thomas. Dwight has had a hard life these past few years, following a kidney transplant.

He is the son of a former employee, Jane Thomas. I watched him grow up. Too young to lose.

We have a legal notice in the Times this week from the water authority you might need to read.

As I have indicated, we traveled over the weekend to OKC. We did manage to fine an excuse, I had some business that needed my attention. (Had to figure out how to not end that sentence in a preposition.)

Golf and tennis are underway at Wheeler with track to start Friday. The end of another school year draws closer.

With the Meriwethers out of town Tuesday, it was Pop's duty to pick Stormie up at school and take her to her dental appointment; she had been excited about it for the past few days.

All I did was provide the transportation. It was out of the car and into Dr. Smith's office; ready for all the attention and goodies afterwards.

It was card night Monday. Not (Continued Page 3)

STORM REPORT

As Reported By Stormie Meriwether Pre-Kindergarten

It's Humpty Dumpty Day! All the kids make a Humpty Dumpty and put him in a baggie. I tape my egg in a little cup. Then I wrap a lot of bubble wrap on it. Then I put him in a baggie and in a peanut bucket. I draw a Humpty Dumpty on a wall.

At school Mr. Rives will drop our eggs from really high. We will see if they break all to pieces. Next time I will tell you what happened to the Humpty Dumpty. I hope they will be safe!

The View of a Southern Woman

.... Southern California that is.

Our trips to the lake finally paid off for we found a home away from home and purchased it last Saturday. Spent several days in Oklahoma City for the Outdoor Show which was mostly fishing at this time of year and lots of hunting trips were offered for next hunting season. They also had a huge pen of rattlesnakes and a man in the pen with them was handling them. He was very good at quick stepping. I would have liked to volunteer to help kill them, but I think handling snakes was his livelihood. It was kind of a nervous place to be for I kept looking around the floor where I was standing. You just could not be sure but what one of those 20 or

30 rattlers might have found an escape route. Glenn Forrest Frosty is all geared up now to go fishing for this year or, at least, until hunting starts again. Fishing or hunting? I really do not know which he likes best, but I do know I saved the lives of several quail a couple of weeks ago when he said he was going quail hunting and I mentioned there was a gun show in Amarillo. He was ready to leave for the show in about two minutes. What I did not mention was the antique show next door. It worked out really well, though, for Glenn, me and the quail.

After being gone for several days, I went out to see my chickens and give them their salad treats. Not a single one was in sight, but when I said, "Where are my babies?" out they came flying and crowing. Even Blackie gave up her nest to see me. Now that is love or maybe she was just looking for her salad. After greeting me, she went back into her nest and arranged herself on the golf ball again. Now, that golf ball was for the snakes to swallow if any were getting into the hen house as they have done before, but she thinks she can hatch it and it is warm...even hot. Hope it does not explode under her! Henry had to be held and Silver wanted some attention, although Henry would not hear of it. None of them mentioned or looked for Glenn. They did question me about going out into the yard, but had to say "no" for the wind today would blow them into the next county. We are even expecting snow tonight and who knows what.

I was talking to my friend, Flint Reed, who lives in Lincoln, Nebraska, and I told her that our temperature was 75 degrees here. I had to repeat that number for her. Within a couple of hours, it was into the 50s. Our weather really keeps us guessing, so I al-

LEARNING HOW TO WASH THEIR HANDS: Ms. Bass's Pre-K students got a firsthand look at how to wash and keep their hands clean and germ free. Karen Tellman from the Wheeler County Extension Agency came and showed the students how to wash and clean their hands properly. Mrs. Tellman brought a machine that showed yellow spots where you still had germs on your hands and fingers. This program helped the students see that you have to keep scrubbing your hands and all of your fingers to get all the germs away. With the different illnesses going around, the pre-k are trying to not spread anything to their friends. In the top picture are: (back, l. to r.) MOBEETIE NEWS

By: Sue Mayfield

The weather just hasn't made up its mind yet if it's ready to be spring or still wants to be winter. We've had several nice warm days, even though the wind has taken its toll. But, Sunday night and Monday was cold enough to remind us that Ol' Man Winter still has some weather to share. We would really just appreciate a nice slow rain. We didn't get any of the snow that Amarillo got. But, thankfully, neither did we get any of the ice. Todd and Lori got in here on Sat. night. Sunday, they took us to lunch in Pampa before they took off. Lori had to have her Mexican food "fix" at the Plaza III. They had an appointment to get the oil changed and a grease job on the truck on Sunday afternoon and then were heading out to Phoenix. By the time they got the oil changed and laundry done, it had already started snowing and blowing, so they spent the night in Amarillo. They left out on half way decent roads in Amarillo, but didn't take long to find lots of patches of ice most all the way to the New Mexico state line. They had a couple of hairy moments themselves, but some really close calls. They were prepared to stop at Stuckey's, but it started clearing off about then so they went on to Tucumcari.

Sorry to hear that Frankie Herman of Miami has been in the hospital in Pampa for the last ten days. She had been fighting this upper respiratory stuff for several days and then fell and broke her hip. They couldn't do surgery on her leg at first because her lungs were so bad. They put her on a respirator and kept her in a drug-induced coma for a few days before doing her hip surgery. While they were trying to wear her off the respirator, she had a heart attack, so they put her in the coma again. After a couple of days, they tried again and she had another heart attack. They were supposed to remove her from the life support on Friday and just keep her in ICU a few more days. Teina hasn't called me other than to say that her mother was weak, but holding her own. Our prayers are with you, Frankie and Bob.

Leola Stuart had lunch after church on Sun. at the Country Chapel. They always have lunch together every first Sunday of the month. Afterwards, she stopped by and visited with Eddie and Amy Richardson in Wheeler and had a nice visit. They are looking forward to daughter, Jennifer, coming home for a visit soon. She and her husband will be moving to Hawaii soon as he has orders for a 3-year assignment over there.

The military services do have their advantages.

I hope this finds Bulah Stuart feeling better at the Care Center. Her skin is so thin and she caught her leg and foot on her wheel chair footrest and made a wound on both her leg and foot. They are taking good care of it, though, so maybe it will heal soon. The bandage on her leg is just worrisome to her. She keeps an eye on every thing the girls do for her, though.

Ronnie Branscum has been living in Pampa for quite some time, working at National Oilfield Services. He and his first wife, Sherri, have been divorced for several years. Their three girls all live in the Oklahoma City area and work in OKC. Ronnie, Sherri, and the girls lived out at J. T. Johnson's place for a while. Sheryl, Rhonda, and Judy all went to school in Mobeetie for a year and a half or so and then they moved to Wheeler before moving to Liberal, Kansas.

It's so good to see Lou Dean Douthit doing better and able to be doing the things she enjoys. That ol' cold and flu bug is still going strong in the area, though.

Clinton and Maurita Stribling hosted a family dinner on Sunday and celebrated grandson, Shane's, 29th birthday. It started out being a beautiful day, but the wind got up and it cooled off fast. They had a delicious meal and enjoyed a wonderful visit while the great-grandchildren entertained them. Those present were Roy Lynn and Cindy Stribling and grandson, Jaxson, and the honoree, Shane, all of Elk City, OK., Toby, Natasha and Larah Collins of Wheeler, and Clinton and Maurita. Jaxson thought he was going to get to ride his bike after dinner, but the wind got to be too much for him. Larah is such a happy baby. She sits alone, but doesn't crawl yet. She doesn't need to, though...she sets her sights on something and she just rolls to wherever she wants to be. She is going to be a little go-getter.

The Black Heritage celebration and program down at the Old Mobeetie School was a big success. They had a good turnout at both the morning and evening presentations. There were about 400 people that took advantage of this terrific presentation. Lots of good reports on a job well done. They provided a lot of information that opened a lot of eyes to the Negroes' contributions to our American history. School kids from Fort Elliott, Higgins, Kelton, Shamrock and Wheeler got to take advantage of the program and the initiation of the Old School auditorium as part of Old Jail and

Museum building. The Old School will house the new offices, research room, auditorium, country store, kitchen, nice new restrooms and a room to display memorabilia of the old school and two adjoining rooms for the Red River Indian Wars. Members of the Old Mobeetie Museum Association have been working hard to get everything in order and available to the public. They still have several projects to complete and any and all help will be greatly appreciated. The auditorium and other rooms are available to rent by the day. The auditorium will seat 300 in chairs and almost 200 at tables and chairs that the association provides the use of when you rent the auditorium. It is so nice to have such a nice, big place available for meetings, get-togethers and family reunions. The association reserves your date. There will be a deposit required, but it will be returned if the premises are left in good shape and cleaned up. Otherwise, other arrangements can be made. They had a meeting there Monday night with the companies and farmers and ranchers involved in the wind charger projects anticipated for Wheeler County.

On Monday, we went to Cheyenne, OK., for Ralph to take care of some business and take care of his doctor's appointment. He got a good check-up, so we went up to Arnett to see Kenneth and Doreen before they left for Killeen, TX., to visit with grandson, Joe Tolle, before he went to Iraq. He was first supposed to be deployed with his company in Dec., then in Jan., then in Feb., but they got reprieved each time. It doesn't look like they will be so lucky this time. They are ready and willing to go and let some of the other soldiers get back to their families. We pray for all those people that defend our country and help change the lives of so many. They spent the weekend with Joe and Amanda and had a good visit. Amanda still hasn't decided if she wants to stay and keep their apartment or go back to her folks in Moreland, OK. Her decision rests on if she gets accepted for summer classes at the college. Good luck, Joe and Amanda.

Sorry to hear that Lorene Rector isn't feeling up to par. She enjoyed having her son, Don, here with her for the last week of Feb. They had a good visit. Just before he had to go back to Colorado, his sister, Melba Corcoran, fell and hurt her wrist. The doctor

could see a hairline crack, but nothing broken. Praise the Lord! Don teased her and said even that

A special program is planned for Easter Sunday at Wheeler Baptist with lots of good music. Come join us!

Cledith Burrell has been enjoying a visit from sister, Martha Salem. Cledith and Martha took Mrs. Burley Prater to Amarillo Monday for cousin Burley's heart surgery, but doctor didn't operate. Think he thought it too risky. Keep praying for Burley and his wife.

Grandson, Dallas, is on the fire department at Windthorst, helping wherever he can. Som big fires and maybe arson. Why do people want to hurt other people and their properties? I feel that they will have to pay for their meanness some day and some way. Pray for our fire departments; protect them, Lord.

Delores Simmons and Cindy Bradstreet prepared the very delicious Wednesday night supper at Wheeler Baptist Church. Thank you!

Pray for the election coming up. "If we are to have real peace, it has to begin with us. Not with new laws or stronger armies, but with renewed love and understanding

The Sausage Festival at Windthorst was to be Sunday, March 2. Dallas was helping with that. Usually a large crowd to enjoy it. Church met Saturday night for church. Always plenty of jobs to do. Think they fed over 1100 in spite of the weather.

Hank and Venita McPherson,

Jay Godwin and Wayne Wright went to the Abraham Home at Canadian Thursday night to make beautiful music for the residents. Thanks for coming! They all sang some songs. Good job!

Sorry to hear that Betty Haines

Sorry to hear that Minnie Bell Vinson suffered a bad fall at Wheeler Care Center with cuts and bruises. She is in Wheeler Hospital. Remember her in your prayers. Also in Amarillo is Marie Smith from the Care Center. Pray for these sweet ladies.

"If you remain in me and my word and my words remain in you, ask whatever you wish, and it will be given you. This is to my Father's glory that you bear much fruit, showing yourself to be my disciples" (John 15:7-8).

Wheeler Girl Scouts sold 4,716 boxes of Girl Scout cookies that were donated to troops overseas. Yeal!

Glenda Hudson and daughter, Jennifer Graddy, got back Sunday night from a cruise. Many places they stopped on the cruise to Galveston, Jamaica, Cozmel and Grand Cayman Islands. Many interesting activities so they had lots of fun. They also visited Teresa Laney at The Woodlands on the way home Sunday.

Ray Hudson took an Alpaca to Fletcher, Oklahoma, for breeding purposes Saturday. He ate lunch at Wichita Falls with Mike and Allison Graddy for a good visit.

Doris Finsterwald visited good friend, Orville Greenhouse, one day. They also went on to Wheeler and shopped some for a fun day.

Glad to hear that Lorene Rector was able to be out to church at Mobeetie Baptist Sunday and had enjoyed visits from some family members.

Going from Wheeler Baptist Church to Wheeler Care Center for Sunday afternoon church were Rev. O.K. Bowen, pastor, with a good message; Leona Coates, who played the piano and led singing and Nina Hervey, who also played the piano. Always good. Next Sunday, March 9, will be Allison Baptist's time for Sunday afternoon Care Center church and don't forget to set your clocks forward an hour next Sunday, March 9, or you will miss church.

Sincere sympathy to family and friends of Irene Henderson Mason, 88, formerly of Canada, in her death. Services were Friday, Feb. 29, at Canadian. Irene taught school at Allison for 22 years and was a member of Gen City Baptist Church. She was preceded in death by husband, George

Henderson. She is survived by husband, Marvin Mason, and two daughters, Linda Hutcherson, and husband, Dewey, of Plainview and Sandra Steele and husband of Virginia.

Sincere sympathy to family and friends of Jerrie Moore, 69, of Wheeler, in her death. A sweet lady. Know she is enjoying seeing her loved ones in heaven and no longer crippled. "What a day of rejoicing that will be." Graveside funeral at Wheeler Cemetery Monday, March 3, at 2:00 p.m. Family dinner at Wheeler Baptist Church. We used to enjoy playing dominoes and visiting with Irene and Marvin at Fun Bunch at Miami. Fine people.

Ray and Glenda Hudson took grandchildren, Steven Fraley and Kailey Hudson, to Soto's in Wheeler for supper Monday night. They had a good time.

Best wishes to Ronnie Hungate and Debra Tidwell as they plan to marry in Wyoming.

Coming to Wheeler Care Center Tuesday night to make beautiful music were the "Nearly Brothers and No Mountain Boys" band that included Chuck Hartline, Jay Godwin, Gene Keelin and Robert Jones.

I've sorta had the "crud", so I didn't get to go over. I hate to share my germs. Heard good reports of the music and singing. Jay and Chuck sang. Thanks for coming.

Ray Brazeal's family gathered at the home of Joe and Ann Ellison to celebrate Ray's 92nd birthday with a T-bone steak cook-out (and many other goodies) on Saturday, Feb. 2. Happy Birthday, Ray! Ones there were Ray and Mae Brazeal, Joe and Ann Ellison, Nicki and Jim Calderon, Edwin Ellison from Sanger, TX., Leslie and Rodney from Wink, TX., Charles Ellison and Cooper, Shirley Horton, Roy and Patti Horton and Ryan, Chris, and Heather, Starla and Janis from Brenham, TX., Steve and Shannon and Aiden from Houston and Jimmy an Shirley Brazeal from Stamford, TX. God bless you, everyone! They started coming on Friday with last one leaving Sunday afternoon. They had a great time.

Glad to hear that Geoff Caldwell

Aunt Billy June and Uncle Roma Brown just celebrated their 64th wedding anniversary on Sunday. Now, in this day and age, that is quite a feat because a lot of couples today do not even get married and lots of them that do marry never make it work. They just do not make brides and grooms like they used to. Anyway, we wish you many more happy anniversaries, Auntie and Uncle. With lots of love to all of you out there, Betty Boydston.

ALLISON NEWS
By Juanita Boydston

Make a joyful noise unto the Lord, all ye lands. Serve the Lord with gladness: come before his presence with singing. Know ye that the Lord he is God: it is he that hath made us, and not we ourselves: we are his people, and the sheep of his pasture. Enter into his gates with thanksgiving, and into his courts with praise: be thankful unto him, and bless his name. For the Lord is good: his mercy is everlasting: and his truth endureth to all generations. Psalm 100:1-3

The Lord is my shepherd: I shall not want. He maketh me to lie down in green pastures: he

leadeth me beside the still waters. He restoreth my soul: he leadeth me in the paths of righteousness for his name's sake. Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me: thy rod and thy staff they comfort me. Thou preparest a table before me in the presence of mine enemies: thou anointest my head with oil; my cup runneth over. Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord for ever.

The weather on this Tuesday morning here in Milliken, Colorado is just beautiful. The sun is shining and the wind ain't bad out and you can see the mountains from Neal's picture window. Just so beautiful! We had some snow Saturday night into Sunday, about four inches of wind blown snow, but its all melted off now and so nice out.

Greetings from Milliken, Colorado, that is thirty miles north of Denver, Colorado and about twenty miles from Loveland, Colorado. Its beautiful here even in the winter time.

Bennie and Debbie Boydston and Louise Boydston traveled to Elk City, Oklahoma on Saturday and visited Pearl Harrison in the Elkwood Assisted Living for awhile and then enjoyed shopping some and then enjoyed a delicious meal at the Flying W. They went back home thru Cheyenne, Oklahoma. Had a nice visit.

Tuesday Roma and Billy June

Brown traveled to Elk City, Oklahoma on business and enjoyed shopping some. They had a tasty meal at McDonald's.

Wednesday night, the day before Uncle Roma's 86th birthday, Louise Boydston fixed a very delicious birthday supper and Juanita Boydston baked a lemon cake and Louise iced it. Louise Boydston, Roma and Billy June Brown, Bennie and Debbie Boydston, Opal and Juanita Boydston, Vance and Carol Boydston and Glenn and Betty Boydston enjoyed the delicious homecooked meal in the home of Louise Boydston. Had a great time of visiting and nice party.

Thursday the next day, Opal and Juanita Boydston accompanied Vance and Carol Boydston on a trip to Dumas, Texas where we had a great time visiting. Opal and Juanita stayed in the home of Len and Betty Brown and Vance and Carol stayed in the home of Jerry and Sharon Horton. Jerry and Sharon came over to Len and Betty's house and we all had a good time of visiting and a delicious meal as well. Had a nice time.

The next morning on Friday, Vance, Carol, Opal and Juanita headed on out to Milliken, Colorado where Neal Boydston and his family live. We arrived there around five thirty or six o'clock. Don't ask me if it was Texas time or Colorado time, since there is an hour's difference here.

We had a good time visiting. Then on Saturday morning we hurried around to get to Sam Kelly's, Vance's late wife's cousin's funeral celebration. We had to make a drive to Denver for that and we didn't know exactly where it was that we were going so we headed out and Vance, Carol, Opal and Juanita was following Neal and Michelle over there. You talk about traffic, it was out in full force and we were trying our best to stay up with Neal and wife. Cars would swerve and get in front of us and we thought we were going to see a wreck more than once. Denver traffic is bad at any time of the day, but Saturday was no exception. Well, we got lost and had to stop and look at a map and find out way, we were a little late to the celebration, but still got there in time for some slides being shown of Sam and the obit and sermon and then the trumpet players played several beautiful songs. That is what Sam loved to do while he was alive. He could play any instrument that there was. Had lots of musical talent for sure. He will be greatly missed by all that knew him. After the celebration was over, we got to visit with Vance's two sons, Kevin and family from Begg's, Oklahoma and Kyle who is from Clovis, New Mexico and

Cletus and Alexis had flown down as well. The ladies of the church at prepared a very delicious meal for the family and we were all invited to stay and eat so we did. Very good and lots of good ole visiting. We got to see Sam's wife and daughter and son and his wife.

Then we headed back to Neal's house in Milliken, but we made a stop at Loveland to enjoy a very very delicious ice coffee. So very good.

Then we came back to Neal's house where a game of train was played and supper was served. Michelle, Neal's wife sure does know how to cook a very delicious meal. She is a good cook.

Then we just had to stop again for another ice coffee, oh so very delicious. Then we headed back to Neal's, but stopped on the way and grabbed some double cheese burgers at McDonald's and took them to Neal's and enjoyed eating them.

Oh yes, on Saturday night we enjoyed getting to meet Michelle's parents. They are really nice people. They had brought over

wouldn't keep him here another week. He had to get back to work. Even her arm in a sling hasn't slowed Melba down, though. Tuesday, we were in Amarillo for my MRI and got to visit with Joe De La Garza and son, Tony. Tony used to buy stamps and money orders at the Wheeler and Mobeetie post offices once in a while. He asked me if I was the lady from the post office. I told him I used to work there part-time, but not any more. He proceeded to tell me this story. They drove a cattle truck for several years and made frequent stops out at Wheeler Feed Yards and Beef Cattle. One time they needed an alternator and some belts late in the evening. They called Maggie Marshall and she met them at the store and got them everything that they needed to get them back on the road. They still appreciate that wonderful lady at the automotive store and all that she did for them after hours! They wish her well and will never forget her. We are lucky to have such caring people in Wheeler County. If they can't do something for you, they usually know who can.

Wednesday, we had to go back to Amarillo for an eye appointment. It took longer than usual, so was really glad that Ralph and Robert had a chance to visit. Amazing some of the stuff they remember. No wonder Mom Mayfield was almost white headed and had thin hair. After raising five boys, I'm surprised she had any hair at all!

Sorry that Fred Thrasher had to postpone his shoulder surgery. On Friday, a risen came up on his leg. They tried to doctor it all weekend, but was still red and angry when he got to the hospital on Monday morning. Dr. Hampton told him to go to his family doctor and get that taken care of before he did surgery. Their son, Tony, had met them in Pampa, so they had breakfast together and a nice visit before going their separate ways. Dr. Galutia gave Fred a shot and some antibiotics. Tuesday morning, it was already looking better, so maybe next Monday they can go ahead as they had planned. Tony's daughter, Jordan, has the female lead in the Dr. Suess play, "Physical." Then, the Amarillo Little Theater has an upcoming version of "Annie" planned. She tried out for two different parts in that and got both parts. So, Pat stays busy shuffling Jordan to practices and Tony and Joshua stay busy with scouts and baseball.

Hope y'all have a great week! Michelle's granddaughter, Emily, she is adorable. Neal and Michelle took us all over to Johnson Corner restaurant to eat and that was really nice. They served really delicious food as well. We enjoyed that for sure.

Monday we had a great time just visiting and cooking. Juanita made a buttermilk pie for Neal and then later Opal and Juanita fried some apple pies and Michelle made some very delicious sugar free oatmeal raisin cookies. Yummy!! This Tuesday morning, Corinna, Neal's daughter, arose early and cooked pancakes for our breakfast. Very good!! That is our trip so far. God Bless and keep ya'll, til next time.
