And, we have more rain. The measurement Tuesday morning was 2.89"

The Mustangs had a week off last Friday and they are ready for a win against Canadian this Friday.

I hear the Cross Country Team had an excellent meet on Sat. at Darrouzett. The girls took top honors and the boys did quite well.

Thanks, **Shelly Sparks** for the excellent pictures.

We lost our phone service Tuesday afternoon; I am not sure what time it went off.

We were told it would be fixed by midnight Tuesday. So, I do not know what we will miss do to the phone being out. My apologies.

We are so dependent on the phone and internet.

We had Dick DeArment's obituary in the paper last week and I failed to acknowledge the loss.

Dick was always the person we sought if we needed any information about birds or trees.

He was always bringing trees from back east and starting trees in his basement. I have an oak from back east growing in the back yard.

Dick left many dear friends and I was one of them.

Ms. Bass' mother has 'poco-dots' like mine. J. D. says, "I don't have 'coca-dots'; I have 'stripes'." Boys like stripes. Girls like 'poco-dots'.

We make 'monoculars'. I go outside and look at a bug. I like to see the whole world with my 'monoculars'.

Our letter is 'S'. 'S' is fun to make. I didn't have my towel this time. Diego said, "It's ok. You can take a nap without a towel." I want my towel, Mom.

This week has been a very busy week at Fort Elliott Elementary; the school is getting new sidewalks from the school to the cafeteria, on to the playground, out to the music room and out to the parking lots. The students have been entertained by the work, the noise of the jackhammer and the pouring of the cement. These students take a break from noon recess and watch as the cement is being poured in front of the cafeteria. The students and staff are excited about the new sidewalks that are a great improvement to the campus.

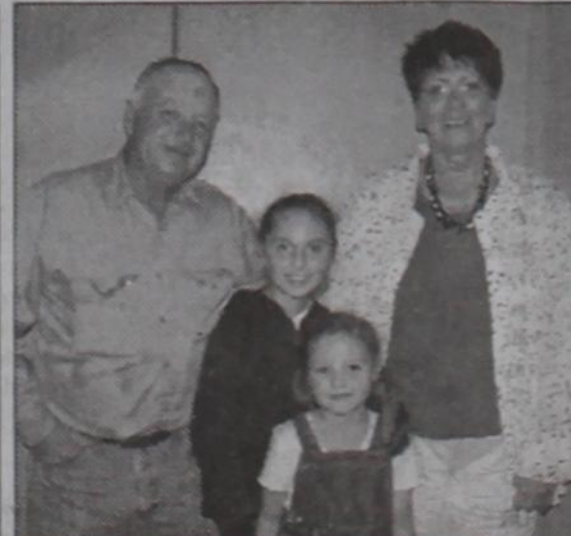

Fort Elliott Elementary celebrated Grandparents Day this past week by having grandparents come and eat with their grandchildren on a day that they were able to be here for lunch. There was a great turnout of grandparents and the students enjoyed showing them around their school and eating lunch with them.

You have heard that it was said, Love your neighbor and hate your enemy. But I tell you, love your enemies and pray for those who persecute you so that you may be sons of your Father in heaven. For He causes his sun to rise on the evil and the good and sends rain on the righteous and the unrighteous. For if you love those who love you, what reward will you have? Don't even the tax collectors do the same? And if you greet only your brothers, what are you doing out of the ordinary? Don't even the Gentiles do the same (Matthew 5:43-47)?

Recently, Trudy and Lance Tendall spent Saturday and Sunday nights with Trudy's mom, Cledith Burrell. They ate Sunday dinner at Maxey's. Spending Monday night with Cledith (Ned) Burrell was granddaughter, Jennifer Banks and her baby, Emma Rae, from Sapulpa, OK.

Herb Smith from Pampa, and Jim Jackson came one Tuesday to Wheeler Care Center and played guitars and sang beautiful songs for the residents. Laura Smith especially enjoys the songs.

We thought our granddaughter, Lindsey, was a great basketball player when she played at Briscoe in the late 1980s. If she missed a shot someone might yell, "Sluff it off and go on." Life has its problems and trials. How important it is to sluff them off and try again for your goal and pray! God is good!

Psalm 1 presents a contrast, a situation where one individual chooses to follow God and another where an individual chooses to not follow God. The results are predictable in how they produce complete opposites. Listen to the poetic beauty, but also message depth that is presented in the first five verses of this very first Psalm.

Blessed is the man who does not walk in the counsel of the wicked or stand in the way of sinners or sit in the seat of mockers. But his delight is in the law of the Lord, and on his law he meditates day and night. He is like a tree planted by streams of water, which yields its fruit in season and whose leaf does not wither. Whatever he does prospers.

Not so the wicked! They are like chaff that the wind blows away. Therefore, the wicked will not stand in the judgment, nor sinners in the assembly of the righteous.

There is still one more verse in this short Psalm, which will be presented as the last sentence of this article in a moment. But, these first five verses compare and contrast the man who chooses God and is shown to be wise, healthy, and growing in prosperous ways. Whereas the person who does not choose God is wicked, unreliable and ultimately will lose all power and control. God has chosen to show appropriate rewards, and they are told about in the conclusion: For the Lord watches over the way of the righteous, but the way of the wicked will perish.

Texas so they found out that they were at Dyer's, they wanted to eat there too. So Louise and Juanita waited on them to get there and they also enjoyed a delicious meal. After the meal, Mike transported the part to his vehicle and stopped by Braum's where he got an ice cream and he headed back to Allison, Texas and Louise, LaQuinta and Juanita headed to

Wal-Mart to get some much needed supplies and enjoy shopping. Then we shopped in Cato's and while in there the storm hit and such lightning and rain poured. So we shopped till the rain stopped or at least just was a sprinkle. Then we headed back to Allison, Texas and we had really hard rain showers on the way home, but made it safely thank the

Lord. While traveling home they got to see an awesome rainbow. It was in the rain washed clouds and was very pretty. Curtis and Lillian Boydston arrived in Allison, Texas on Monday evening. It's sure good to have them back in their home in Allison again. Welcome home!! Opal Boydston visited in the home of Curtis and Lillian while Juanita was with Louise in Pampa and when Juanita got home and put things away, then Opal and Juanita went back down to Curtis and Lillian's and visited awhile longer. While visiting there, it poured rain and lightened a little too close at times. Thank the Lord for the rain!

Amie and Ryne are staying with Amie's parents, Gary and Julie Boydston while Doug is in training for his job. Opal and Juanita Boydston talks often to Vance and Carol Boydston in Norman, Oklahoma. Vance is thankful for being done with his

cancer treatments, all 44 of them and his throat treatments as well for his difficulty in swallowing. He seems to be doing pretty good thru it all. Just keep them in your prayers. Saturday, Opal and Juanita Boydston traveled over to Reydon, Oklahoma where they enjoyed shopping at Reydon's City Wide Garage Sale. They found a few bargains.

Sunday night after church, Opal and Juanita Boydston visited in the home of Roma and Billy June Brown and their son, Merlyn. Roma and Billy June Brown journeyed to Amarillo, Texas on Wednesday and stayed in the home of Warren and Charline Brown and the next day Billy June had a doctor's appointment with her cardiologist. They shopped in Pampa, Texas on the way home.

God Bless and Keep ya'll till next time.

Or come let us sing unto the Lord: let us make a joyful noise to the rock of our salvation. Let us come before his presence with thanksgiving, and make a joyful noise unto him with psalms. For the Lord is a great God, and a great King above all gods. In his hand are the deep places of the earth: the strength of the hills is his also. The sea is his, and he made it; and his hands formed the dry land. O come, let us worship and bow down: let us kneel before the Lord our maker. For he is our God; and we are the people of his pasture, and the sheep of his hand. Today if ye will hear his voice, Harden not your heart, as in the provocation, and as in the day of temptation in the wilderness: When your fathers tempted me, proved me, and saw my work. Psalm 95:1-9

Make a joyful noise unto the Lord, all ye lands. Serve the Lord with gladness: come before his presence with singing. Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture. Enter into his gates with thanksgiving, and unto his courts with praise: be thankful unto him and bless his name. For the Lord is good; his mercy is everlasting; and his truth endureth to all generations. Psalm 100

The weather here in Allison is beautiful this Tuesday morning. We received over three inches of rain yesterday and last night. Praise the Lord for the rain! Its making every thing look green again. We are to get more rain tonight and thru the rest of the week. Thank the Lord for his goodness.

Sabrina Dupont and daughter, Makenna Jade visited Louise Boydston on Saturday. So Opal and Juanita Boydston went over and visited with them also. They enjoyed getting to hold Makenna, she is so tiny and her feet are not longer than your finger. Wow!!

Juanita Boydston accompanied Louise Boydston to Wheeler, Texas on business, while they were in Wheeler, Bennie Boydston called and wanted his mom to go to Pampa, Texas to pick up a part. So Juanita and Louise headed on to Pampa, Texas where they went right to the part place to get the part, then they head to Dyer's Barbecue where they enjoyed a very delicious meal. While they were eating, Louise thought she would call Mike and LaQuinta Hulise and see where they were. Cause they were coming to Allison to see her, but she didn't know what time as they had been in Amarillo, Texas visiting his mom, so she called them and they were at Panhandle,

HJR 54 would authorize the legislature to exempt from ad valorem tax one motor vehicle owned by an individual that is used by the individual for both business and personal use.

The proposed amendment will appear on the ballot as follows: "The constitutional

amendment authorizing the legislature to exempt from ad valorem taxation one motor vehicle owned by an individual and used in the course of the owner's occupation or profession and also for personal activities of the owner."

PROPOSITION 7 (HJR 30)

HJR 30 would allow a governmental entity to sell property acquired through eminent domain to its immediately previous owner at the original purchase price, if the public use of the property has been canceled, if no progress is made toward that public use by a prescribed deadline, or if the property is unnecessary to accomplish that public use.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow governmental entities to sell property acquired through eminent domain back to the previous owners at the price the entities paid to acquire the property."

PROPOSITION 8 (HJR 72)

HJR 72 would clarify home equity loan procedures and protections and make conforming changes to the written disclosure provided to the borrower at the loan closing. The amendment would establish that the status of whether property is an agricultural homestead for the purpose of receiving homestead protection, would be determined by whether it was designated for agricultural use on the date of the loan closing. The amendment would provide that a declared state of emergency (e.g., following a natural disaster) would justify execution of a second home equity loan on the same property less than one year after the first home equity loan. It would provide that non-substantive omissions on a loan application would not affect the agreement. It would require a borrower to receive a copy of all executed loan documents, and a disclosure list of fees and costs at closing. It would prohibit the use of preprinted checks for the use of unsolicited loan advances to obtain a home equity line of credit.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to clarify certain provisions relating to the making of a home equity loan and use of home equity loan proceeds."

PROPOSITION 9 (SJR 29)

SJR 29 would authorize the legislature to exempt all or part of the market value of the residence homesteads of veterans certified as having a service-connected 100 percent

disability rating. SJR 29 would also clarify the progression of property tax exemptions available to veterans who are less than 100 percent disabled.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to exempt all or part of the residence homesteads of certain totally disabled veterans from ad valorem taxation and authorizing a change in the manner of determining the amount of the existing exemption from ad valorem taxation to which a disabled veteran is entitled."

PROPOSITION 10 (HJR 69)

HJR 69 would remove constitutional references to the former office of inspector of hides and animals.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to abolish the constitutional authority of the office of inspector of hides and animals."

PROPOSITION 11 (HJR 19)

HJR 19 would require a vote taken in either house of the legislature to be recorded by record vote, if the vote was on final passage of a bill, other than local bills, a resolution proposing a constitutional amendment, or any other resolution that is not purely ceremonial. The record vote must be archived and available for public viewing on the Internet for at least two years.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to require that a record vote be taken by a house of the legislature on final passage of any bill, other than certain local bills, of a resolution proposing or ratifying a constitutional amendment, or of any other nonceremonial resolution, and to provide for public access on the Internet to those record votes."

PROPOSITION 12 (SJR 64)

SJR 64 would authorize the Texas Transportation Commission to issue up to \$5 billion in general obligation bonds for highway improvement projects, the proceeds of which will be used to pay for projects, costs, and payments owed under related credit agreements.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the issuance of general obligation bonds by the Texas Transportation Commission in an amount not to exceed \$5 billion to provide funding for highway improvement projects."

PROPOSITION 13 (HJR 6)

HJR 6 would authorize the denial of bail to a person who violates conditions of release

in a family violence case and permit the legislature to authorize the denial of bail to a person who violates certain court orders in a family violence case.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the denial of bail to a person who violates certain court orders or conditions of release in a felony or family violence case."

PROPOSITION 14 (HJR 36)

HJR 36 would limit a state justice or judge's service to December 31st of the fourth year of the term if he/she is elected to all or part of a six year term, and reaches mandatory retirement age during the first four years of said term.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment permitting a justice or judge who reaches the mandatory retirement age while in office to serve the remainder of the justice's or judge's current term."

PROPOSITION 15 (HJR 90)

HJR 90 would require the legislature to establish the Cancer Prevention and Research Institute of Texas, and would provide for its management, duties, and powers. It would authorize the issuance of up to \$3 billion in general obligation bonds to be used for operations and grants for the purpose of scientific research of all forms of human cancer.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment requiring the creation of the Cancer Prevention and Research Institute of Texas and authorizing the issuance of up to \$3 billion in bonds payable from the general revenues of the state for research in Texas to find the causes of and cures for cancer."

PROPOSITION 16 (SJR 20)

SJR 20 would authorize the issuance of up to \$250 million in general obligation bonds by the Texas Water Development Board to provide financial assistance to economically distressed areas of the state to help provide adequate sewer and water supply services for residential use.

Farmers To Apply For EQIP By November 16
 Texas agricultural landowners interested in participating in the Environmental Quality Incentives Program (EQIP) need to apply by November 16, 2007, if they have not already done so, to be eligible for the next round of funding, according to the Natural Resources Conservation Service (NRCS).
 "Although EQIP is a continuous sign-up program, some producers may not have signed up," said Don Gohmert, NRCS state conservationist for Texas. "We will rank all eligible applications received by the end of the ranking period on November 16 for 2008 funding. There is a strong possibility that EQIP funds will become available in October."
 EQIP promotes agricultural production and environmental quality. Through EQIP, farmers and ranchers receive financial and technical assistance to help install conservation practices and to implement management systems

 that promote conservation. Financial assistance is on a cost-shared basis with the producer. The technical assistance is provided at 100 percent of the cost of NRCS.
 According to Gohmert, there are a few changes in EQIP for 2008. NRCS is adding another state-wide resource concern to the program at the recommendation of the State Technical Committee. Funding will be provided in 2008 specifically for conservation practices that improve habitat for the pronghorn antelope in west Texas.
 Also new in 2008 will be a process to streamline payments. Instead of the traditional percentage-of-cost rates, NRCS will offer flat-rate payments based on a schedule for each conservation practice. "Landowners will know up-front what the payment in dollars will be," Gohmert said.

Chat (from Page 1)

We stayed home this past weekend to entertain the Bryants and grandpuppies. Jennifer and Greg came out Friday evening.

The Fishers, Tom, Melinda, Colby and Shelby also came to visit the Meriwethers Friday for the weekend. So there was lots of card playing.

Happy Birthday, Ronal Wayne Stas and Rhonda Meriwether! They share September 25 as their birthday. I won't mention the age of either one.

And, Happy Birthday, Donald Reeves! There is to be a party in honor of his 80th birthday on Saturday. He certainly does not look his age.

We made the mistake of going to the Meriwethers Monday evening to play cards. It looked like we might get a shower. 'Yeah, Right!'

When it started raining shortly after our arrival, they said to let it settle a little and we could make it home without any trouble.

It continued to rain, so Leroy brought us home in his 4-wheel drive pickup. The rain continued through the night.

The important thing was, we got to play cards. Our spouses were our partners and we each won a game.

Melba, the head of my 'branch office', said I might need to let everyone know that 'The Southern Woman' is on vacation for two weeks.

Parkview Artery Flu shot

Yes you are asking yourself, is it that time of year already? And also asking what exactly is a Flu Shot.

The flu shot is a vaccine that contains a killed form of three influenza viruses. The vaccine causes your immune system to make antibodies. If you are exposed to the flu later, the antibodies can attack and destroy the virus.

It takes about 2 weeks for your body to make the antibodies that protect you. So the best time to get the shot is in October or November, before the flu season starts. But it can still help if you get the shot in December or later, since flu season often doesn't peak until February or even later.

Flu viruses change quickly, so each year scientists make a new vaccine. To have the best chance of being protected, you need to get a flu shot every fall.

Who should get the flu shot?

- People who are older than 50. People age 65 or older are at highest risk.
- People who have long-term (chronic) diseases, such as heart disease, diabetes, kidney failure, and lung disease, including asthma.
- People who live in nursing homes or long-term care centers.
- People who have weak immune systems.
- All children from 6 months to 5 years of age.
- Children who are 6 months to 18 years old who use long-term aspirin treatment.

People who should spread the flu to people at high risk should also get the shot. This includes:

- Anyone who lives with or cares for a child who is 6 months or younger. (Children older than 6 months should be vaccinated.)
- Anyone in close contact with a person who is at high risk of complications. This includes family, friends, and caregivers.
- Health care workers.
