

Economy Drive May Delay Farm Program

Reduction In Allocations Is Considered

Whole Plan 'Up In The Air' As Result Of FD's Plea For Savings

MAY FINANCE PART WITH RELIEF FUND

Tenancy Aids, Crop Insurance Proposal May Be Dropped

WASHINGTON, April 22 (AP)—Congressional leaders agreed today with Secretary Wallace in predicting that President Roosevelt's economy plea may force postponement of major farm legislation.

"Up In The Air"
Chairman Jones (D-Tex) of the house agriculture committee said the whole program was "up in the air" as a result of the president's request.

Farm measures which may be delayed or modified, Wallace said in a press conference, are tenancy aids, crop insurance and the "ever-normal granary."

A house sub-committee delayed consideration of the \$100,000,000 crop insurance bill passed by the senate. Jones said it was not known yet whether government finances would permit this legislation.

The Texas indicated the \$125,000,000 farm tenancy appropriation for 1938 recently approved by its committee would be pared considerably.

Financed From Relief
Jones said other phases of the tenancy measure—rehabilitation loans and retirement of submarginal land—might be financed from the \$100,000,000 relief appropriation recommended by the president.

Jones said his committee probably would agree to a slight increase of the interest rate on federal land bank loans.

The regular agriculture appropriation bill was before the house today. Democratic leaders said they would combat every attempt to boost the \$227,000,000 total.

Indication of the force of a campaign in congress to cut the relief appropriation under President Roosevelt's \$1,500,000,000 figure came in the disclosure by a high administration leader that the president turned down an almost unanimous plea of his congressional chieftains that the fund be cut to an even billion.

Gable Called For Defense

Testifies For Govt., Now Asked To Appear For Mrs. Norton

LOS ANGELES, April 22 (AP)—Having finished his testimony as a government witness, Clark Gable waited today to be called for the defense in the trial of Mrs. Violet Wells Norton, who termed her daughter a "love child" and said he was the father.

Mrs. Norton is charged with mail fraud and conspiracy. The government alleges she sent letters through the mail to Gable and other people, asking that he contribute to the support of her pretty, 13-year-old daughter, Gwendolyn.

"She is Clark Gable's love child, all right," a letter to him-avowing Mae West said. Gable has made two appearances on the witness stand for the government. He stated, the first time, that he was not Gwendolyn's father and he had never seen her mother. Later, he identified some salary checks paid him by a Portland, Ore., lumber company in 1933.

"Honest Mistake"
In that year and the year before, Mrs. Norton's letters state, he was in England making love to her as "Frank Billings."

Mrs. Norton's attorneys base their defense on the "honest mistake" in identity they say she made in confusing Billings for Gable. They say she was trying, through legitimate channels, to get the aid to support Gwendolyn, on the supposition that he was Gwendolyn's father.

Her attorneys said they would recall Gable to show, through him, that he never was deceived by her representations, and never paid her any money, hence Mrs. Norton could not be guilty of fraud.

On trial with her is Jack L. Smith, a private detective. A third man, Frank Keenan, Winnipeg, Canada, also was named in the indictment.

PACE OF BUSINESS PROBABLY WILL DETERMINE TAX NEEDS

WASHINGTON, April 22 (AP)—Administration officials said today the pace of business in the next few months may show whether new taxes will be needed.

Should present activity be stepped up, they said, it may speed the flow of tax revenues sufficiently to remove the necessity for additional levies.

On the other hand, any major interruption in the present recovery rate probably would cut collections below President Roosevelt's already-reduced estimates.

Secretary Roper told his press conference yesterday the decline in revenues under Mr. Roosevelt's original forecasts may be "quite a temporary loss."

Roper said that although business is 10 to 15 per cent over the same period last year, "we are still a long way from full production." With no major setback from war abroad or other causes, he added, business may be expected to improve further.

The treasury at Mr. Roosevelt's request is canvassing methods of stopping loopholes in the tax structure. If present taxes can not be made to eliminate revenue deficiencies, Mr. Roosevelt said in his budget message, the treasury will suggest new levies to the 1938 session of congress.

29 Indictments Returned By Jury

Death Case Plea Denied

No Rehearing For Beard; 25-Year Term For Richardson Upheld

AUSTIN, April 22 (AP)—The court of criminal appeals today denied a rehearing for Dwight Beard, accused the death penalty in Dallas county for killing John R. Roberts, a former policeman, during a filling station holdup, Dec. 23, 1935. The court said it failed to find new evidence on which Beard based his plea for a new trial.

The court affirmed a 25-year sentence against Charles S. Richardson, convicted in Taylor county for shooting his son, Elga Richardson, Jan. 1, 1934, in Young county. The appellate tribunal said it found no error in the trial record.

Reversed and remanded was the conviction of Mrs. Nelle Harvey, alias Mrs. Thomas McNeal, assessed two years for conviction in Red River county for forgery. The case was reversed because the trial court refused a continuance asked by the defendant due to absence of a witness by whom she expected to prove she was not in Clarksville when the alleged offense occurred.

N. Carolina Sentence
Beard, a North Carolina youth, was sentenced to death in that state for the murder of a merchant, but the penalty was commuted to life imprisonment.

The shadow of the electric chair hung over him for 11 months. Beard escaped from the North Carolina state penitentiary in August, 1935.

Attorneys attempted to prove insanity in his Dallas county trial and made no attempt to disprove the shooting charge. His mother, Mrs. R. A. Beard of Lenoir, N. C., testified that Beard was a normal, rational boy until 1935 when he developed peculiar traits. Many witnesses for the state testified that Beard apparently was sane.

SUSPECT IS HELD IN FATAL BURNING

LOS ANGELES, April 22 (AP)—Matthew Donahue, 57-year-old country trial and made no attempt to disprove the shooting charge. His mother, Mrs. R. A. Beard of Lenoir, N. C., testified that Beard was a normal, rational boy until 1935 when he developed peculiar traits. Many witnesses for the state testified that Beard apparently was sane.

LEGAL DOUBT OF VALIDITY OF WALLY'S DIVORCE RAISED AGAIN

LONDON, April 22 (AP)—Legal doubt of the validity of Mrs. Wally Simpson's first divorce was raised again today after friends had disclosed plans that would make her the June bride of the Duke of Windsor.

A. Serriedale Keith, a famous constitutional lawyer, wrote to the Edinburgh Scotsman expressing his doubt that Mrs. Simpson was properly divorced from her first husband in the eyes of British law.

Mrs. Simpson was divorced from Lieut.-Com. E. W. Spencer, Jr., United States navy, in Warrenton, Va., in 1927. Her conditional divorce from Ernest Simpson was granted at Ipswich October 31, and is expected to be made final soon after April 27.

The only divorces which English law certainly recognizes as dissolving marriage, effectively for purposes of status in England are those granted in the court of the husband's domicile, Keith declared.

11 Of Total Name Hiram Knox In Forgery Cases

Twenty-nine indictments, 11 of them against one man, were returned by the 70th district court grand jury in its report to Judge Charles L. Klapproth Wednesday afternoon.

Hiram A. Knox was the object of the mass billing, having 10 complaints of forgery and one of passing a forged instrument lodged against him. He is being held in the Howard county jail in lieu of bonds totaling \$4,000. Judge Klapproth Tuesday fixed May 10 as the date of his trial.

The charges grew out of short-ages with the Templeton and Cannon company, contractors on the post office building, with whom Knox was associated. Knox was arrested in January in Dallas for questioning after his aged grandmother, Mrs. Perry A. Knox, had been found beaten to death. Later he was removed to Big Spring on forgery counts. He denied to a Herald reporter that he had any connection with the death of his grandmother. Knox was one of the contestants in the grandmother's will which was upheld in Dallas this week.

Other Bills
Other indictments, under which arrests had been made, included V. C. Thomason, felony theft; Leon Beck, Jr., forgery; Leon Beck, passing a forged instrument; Alvin T. York, passing a forged instrument; Mike Quinones, drunken driving; Carl Bonner, attempting to pass a forged instrument; and Charles Eugene Clark, burglary.

Simultaneous with the deliberation of the grand jury, a Big Spring bookie shop was reported closed.

Speculation at the courthouse was that officers acted under instruction of the grand jury in closing the place. Officials declined to comment on the matter. However, none denied it.

Forgery was by far the most common cause of indictment in the list of bills returned by the grand jury. Seventeen of the 29 counts were for that offense. Four were for burglary, three for theft, two for driving while intoxicated, and one each for theft by bailee, swindling, and aggravated assault.

The grand jury adjourned Wednesday after returning the bills. It likely will reconvene about May 20 to finish the work of the term.

"It seems plain that Mrs. Simpson's first husband was not domiciled in Virginia."

The remedy, Keith suggested, would be for Prime Minister Stanley Baldwin to be asked categorically and to state if his advisers consider that the proposed marriage to Windsor is valid.

If Baldwin says yes, Keith declared, there would be no objection to the wedding.

The date for the wedding of Windsor and Mrs. Simpson was expected to be either June 19, Mrs. Simpson's birthday, or June 23, which is Windsor's.

The ceremony, which their friends say will be attended by his sister Mary, the Princess Royal, and the Duke of Kent, who will be best man, is likely to be at the Chateau de Candé at Tours, France, where Mrs. Simpson is now in residence.

Crude Quotas Increased For Next Month

Texas Allowable Put At 1,411,236 Barrels, Up 62,272

LOCAL FIELDS GIVEN A LARGER OUTPUT

South Field Yield Hiked 249 Barrels, East Field 293

AUSTIN, April 22 (AP)—The railroad commission today set the allowable production of Texas oil in May at 1,411,236 barrels daily, an increase of 62,272 barrels over the basic allowable for April.

Over Demand Estimate
The new allowable was 70,490 barrels greater than the estimate of market demand for Texas crude made by the federal bureau of mines.

The production on April 19 was reported as 1,308,116 barrels, having increased normally about 50,000 barrels since the start of the month due to new completions and adjustments.

The major increases went to the following fields: Panhandle, 8,000; Van, 1,200; Tom O'Connor, 1,000; Greta, 1,000, and Cayuga, 440.

C. V. Terrell, commission chairman, said it should be noted that while the allowable was above the bureau of mines estimates, production was always about two or three per cent under the allowable because of shut-downs and repairs.

"This means the actual production will be about 40,000 barrels less than indicated by the allowable," he said.

Panhandle Status
"In the case of the Panhandle, the hearing disclosed there had been consistent withdrawal from storage to meet demand and we believe storage has been reduced to as low a point as we deem to be safe."

"In fact, some of our refinery storage has been reduced to as low as ten days supply of crude, which is too low for economic operation in our opinion."

The factor on which the Texas field allowable is computed, 2.32 per cent of the hourly production, was not changed.

By districts, the comparative allowables on April 1 and May 1 were as follows: East Texas 435,500 and 459,300; Panhandle 72,130 and 81,286; Moore county 1,350 and 1,336; Oklahoma area 700 and 700; North Texas 61,222 and 65,963; Ford county 565 and 565; West Central Texas 62,891 and 65,350; West Texas 178,947 and 187,015; East Central Texas 70,202 and 79,570; Rodessa 38,454 and 40,563; Southwest Texas 200,430 and 226,562; Gulf Coast 193,853 and 201,754.

West Texas Fields
The new field allowables, with the changes, included:

West Texas—Crane-Cowden 2,122, up 292; Eaves 190, down 120; Emperor 1,431, up 133; Estes 8,673, up 1,031; Foster 1,446, up 210; Fuhrmann 1,114, up 236; Goldsmith 3,495, up 1,378; Gulf-McElroy 4,254, up 227; Howard-Glascocock 16,515, up 249; Iatan-East Howard 7,353, up 292; Kernit 19,664, up 1,747; Keystone 3,208, up 334; Means 2,500, up 221; Penwell 6,122, up 113; Sand Hills 1,113, up 200; Ward, north 9,265, up 415; Ward, south 16,714, up 864.

Two-Justice Plan Favored

Committee Has Power To Modify FD's Court Proposal

WASHINGTON, April 22 (AP)—Senator Logan (D-Ky), one of the first members of the senate judiciary committee to back the Roosevelt court bill, said today he might vote to compromise on two new justices.

Even without Logan's vote, little doubt remained that opponents of the bill could modify it from a six to a two justice measure if they chose. Only a minority on the committee was ready to support it without reservations.

Logan was the fifth among the 18 committee members to speak sympathetically of the two-justice proposal.

The seventh week of hearings dragged slowly toward a close today with further opposition testimony from Dean L. J. Teipel of Creighton law school, Omaha.

Opponents will close their case tomorrow, and the hearing will end unless the friends of the bill decide to present brief rebuttal testimony next week.

Teipel said in a prepared statement the bill was objectionable because "it strikes at the most vital provisions in the constitution."

"The framers of the constitution," he added, "knew the weakness of human nature and promulgated a plan vested with political power at times abuse that power to the detriment of the citizens."

MADRID'S DEFENDERS RETURN REBELS' FIRE, BATTLE RAGES

ARRAIGNED AS G-MAN KILLERS

Robert Suhay (arm bandaged) and Albert Power (right) are shown in court at Kansas City, Kas., where they were arraigned on charges of murder for the death of Federal Agent W. W. Baker. They pleaded innocent. A deputy U. S. marshal (hand on belt) is at the left.

CIO Leaders Arrested In Maine Strife

Guardsmen Patrol Auburn, Scene Of Battling In Labor Dispute

LEWISTON, Me., April 22 (AP)—Police Captain Joseph Picard today arrested Powers Hagood, New England secretary for the Committee for Industrial Organization, and William J. Mackesy, C.I.O. director of a 29-day shoe strike involving 6,400 workers and 19 factories in the Lewiston-Auburn area.

In addition Ernest Henry, a union organizer, was also arrested. The three men were seized at their hotel.

A police warrant charged them with "riotous assault." It was issued in connection with the stoning of state police Lieut. George Fowler, knocked unconscious yesterday by a stone as state and Auburn police turned back 1,000 strikers at a bridgehead.

Today's action followed on the heels of an injunction by Judge Harry Manser outlawing the strike and granting a temporary injunction against the strikers, and C.I.O. retorts that the court ruling was a "miscarriage of justice" that "meant nothing."

Guardsmen On Duty
Three hundred national guardsmen patrolled Auburn today, hastily summoned by Gov. Lewis O. Barrows. Three melees and injuries to half a dozen persons and arrests of a like number called them to the scene.

City Manager Frederick W. Ford flatly asserted that recurrence of such violence would bring martial law and more troops "to uphold the police and the courts."

Governor Barrows, in sending troops into the district declared "I am prepared to order out the entire military forces of Maine to preserve constitutional authority."

The strike issue revolves around wages, and C.I.O. recognition.

CIO Apparently Loser In Canadian Dispute

TORONTO, April 22 (AP)—The C.I.O. moved to the sidelines to facilitate negotiations today for a quick settlement of the Ottawa, Ont., General Motors strike—peace probably without C.I.O. recognition.

Harry J. Carmichael, general manager of General Motors of Canada, Ltd., and J. H. Highfield, manager of the Ottawa plant, were to meet with strike representatives who had relinquished representation of the John L. Lewis Committee for Industrial Organization.

This yielding at the insistence of Premier Mitchell Hepburn, who guided today's conference plans, indicated that a settlement without outright recognition of the C.I.O. affiliate, United Automobile Workers of America, but with wage and hour concessions by the company might be in the offing.

OPEN OFFICE HERE

Klaus Exploration Company, Enid, Okla., has opened offices in Big Spring at the Petroleum building. R. O. Coe will be in charge of the office. The company specializes in geophysical work.

New Attack On Capital City Short-Lived

Insurgent Gun Emplacements Target Of Loyalist Rally

GOVT. FORCES GAIN SUBURBAN SECTION

Fascist Bombardment Of Metropolis Had Last-Ed Many Days

MADRID, April 22 (AP)—A thunderous government artillery assault against the gun emplacements from which insurgents have punished Madrid with death and destruction for eleven days drowned out the insurgent cannonade today and enabled government ground troops to fight their way into the insurgent suburb of Usera.

In Heart of City
Savage fighting began at dawn along the suburban battlefield while Insurgent General Francisco Franco's gunners, adapting anti-aircraft pieces to siege work, rained shells into the heart of the city.

But the morning insurgent bombardment, a continuation of the hail of steel that has cost at least 200 Madrid lives in less than two weeks, was short-lived. The government's own guns opened a tremendous barrage against the besiegers' gun emplacements in the suburbs.

Meanwhile, rallying against a surprise insurgent attack that swarmed over their first line trenches, the government defenders in the Usera suburb recaptured the lost ground and swept on to bend back the previous insurgent front line.

Then they established themselves in the insurgents' old positions, seizing twelve houses.

Grenade Throwers
The insurgent bombardment that lulled with the government's own cannonade was one unmatched in the experience of any other capital during 20th century warfare.

At least 25 shells in the early morning onslaught blasted in quick, deafening succession into the populous districts along the Gran Via, Madrid's "Broadway," and connecting streets.

They wrought their havoc as the bodies of more than 35 persons killed in yesterday's attack were being carted to cemeteries.

Men, rushing to shelter from the streets, said they saw men and women hurriedly carried to emergency hospitals by stretcher squads or hastily commandeered automobiles.

Gen. Jose Miaja, the capital's defender, said today that the government had been adequately prepared.

SENATE PASSES HOSPITAL BILL

AUSTIN, April 22 (AP)—The senate passed a bill today calling for establishment of two new hospitals for the insane, one in West Texas and the other in East Texas.

As passed by the house, the proposal provided only for the West Texas institution. The senate's addition of the East Texas hospital made it necessary for the bill to return to the lower chamber for action on the amendment.

The appropriation for each hospital would be \$317,000. Locations would be left to the board of control.

Weather

WEST TEXAS—Generally fair tonight and Friday, cooler Friday except in extreme southeast portion.

EAST TEXAS—Fairly cloudy, warmer in interior of south portion tonight; Friday partly cloudy, cooler in northwest and north-central portions.

QUESTIONED

Mischo Ross (above), mandolin player and Broadway hush-up agent, was brought to New York from Mountain Dale, N. Y., for questioning in the hammer slaying of Julia Rosenberg, violinist who played as Tania Lee Lova.

Texas Cities Worried Over Wage Statute

Minimum Pay For Firemen And Policemen Will Be Opposed

By the Associated Press
Texas municipalities scratched in their treasuries Thursday to find funds to comply with the recently enacted minimum wage law for policemen and firemen or joined in a direct attack on the legislation.

Fort Worth led off with a fight against the law itself, while other cities sought ways and means of paying. City officials at Fort Worth sent representatives to Austin to seek an amendment to the law exempting that municipality. They said compliance with the law, which became effective Monday with Gov. James V. Hogg's signature, would leave no alternative but to reduce police and fire personnel 20 per cent to avoid increased salary costs of \$140,000 to \$220,000.

\$150 A Month
Under the law, cities of 75,000 must pay policemen and firemen a minimum of \$150 a month. Policemen and firemen could not be worked more than 12 hours a day or 72 hours a week without time and a half overtime pay. A six-day week in all cities of more than 20,000 was provided. The law required a two-week vacation with pay in cities of more than 30,000.

At Houston, 500 policemen and

Veto On Tax Gift Upheld

House Refuses By Wide Margin To Override On Remission

AUSTIN, April 22 (AP)—The house refused today by a wide margin to override Governor James V. Hogg's veto of a bill remitting taxes to Harris county for flood control. The vote was 65 yeas and 68 nays whereas a two-thirds favorable vote would have been necessary to override.

In disapproving the Harris county proposal, the governor said he intended to veto all other remissions to individual counties. One other had been passed by the legislature and several more were pending.

Alfred had not said what action he would take if the senate should pass a house bill remitting taxes to all counties.

Oil Compact
The senate sent to the governor a bill extending for two years Texas' participation in the interstate oil and gas conservation compact. The governor's approval was certain.

By one vote, the upper chamber rejected an amendment which would have requested the governor to terminate the compact whenever any other state was producing more than its share of the nation's oil allowable. Sponsors of the amendment expressed the opinion Texas had not been receiving the allowable to which it was entitled by reason of its producing potentialities.

After unanimously approving the compact bill, the senate passed a house proposal appropriating \$1,000,000 for rural school aid during the remainder of the current biennium. House opponents in amendments was necessary before the bill could reach the governor.

Society

WOMAN'S PAGE Fashions

Color Tones Of Crown Jewels Are Copied By Paris

By ALICE MAXWELL

PARIS, April 22 (AP)—Stealing colors from crown jewels is the latest development in Paris style. The glowing tone of emeralds, rubies and sapphires are being "lifted" to color evening fabrics and highlight day prints. Crinkly taffeta the shade of pale yellow diamonds makes light-skirted evening gowns with bustle-draped backs. Emerald tulle spreads out into pigeon fan-tail pleats for flare dance frocks. Sapphire chiffon folds under in harem hems. And ruby faille widens out into stiff godets.

The white gems, too, find expression in more lace and glistening satins. Heavy white crochets drape softly while white organdies and muslins flare starchily. White also flourishes in grosgrain coats, shantung suits and linen frocks.

The entire range of jewel colors is spattered over white or black grounds—in flowered prints or dotted and striped patterns.

Reds and blues divide honors in flowers on hats, join in leathers for belts and shoes and combine in braids which make curlicues for coats and jackets.

Amber and the tawny shades of the tortoise shell are favorites for wool costumes. Light browns of the cinnamon type and a copper shade called "chaudron" make smart spring tailcoats. Many of them are pencil-striped in white.

Mason-Dixon Doubles Play In Quarterfinals

WHITE SULPHUR SPRINGS, W. Va., April 22 (AP)—The mixed doubles play in the Mason-Dixon tennis tourney entered the quarterfinals today.

Pairings were:

Virginia Rice Johnson, of Boston, and Wayne Sabin of Hollywood, Calif., versus Esther Edwards of Bridgeport, Conn., and Irwin Goodman, of Pittsburgh.

Mrs. E. K. Nash of Boston, and L. H. B. Olmstead of Cambridge, Mass., versus Florence LeBoutillier of New York and Edwood Cooke of Portland, Ore.

Eunice Dean of San Antonio and Martin Duxy of Miami, versus Alice Burrage of Boston and E. Degray of Brooklyn.

Margaret McAlpine of Detroit and Gilbert Hall of New York, versus Margaret Anderson of Richmond and D. Broida.

In the quarterfinals of the men's singles yesterday, Sabin defeated Broida, 6-4, 6-3, 7-5.

AUXILIARY MEET

American Business Club auxiliary will meet this evening at 7:30 o'clock at the home of Mrs. C. A. Amos for a business session.

W. D. Carnett, who has recently been brought home from a local hospital where he underwent treatment, is confined to his bed and will remain for several weeks, according to word received from his home this morning.

Farewell Shower Is Given For Mrs. N. L. Range At Stanton

STANTON, April 22 (AP)—Mrs. N. L. Range, wife of the pastor of the Baptist church, who is moving with her husband to a pastorate at Donna, Tex., was complimented with a handkerchief shower by members of the Home-making class and WMU in a meeting at the home of Mrs. J. L. Sprawls Tuesday afternoon. Mrs. W. C. Williamson was co-hostess.

A Royal Service program was presented after which a "treasure hunt" led to the honoree's finding the "treasure" handkerchiefs.

Attending were Mrs. Range, Mrs. T. B. Cross, Mrs. Clements, Mrs. Harry Haislip, Mrs. Jess Sheffield, Mrs. V. Brothers, Mrs. J. L. Heath, Mrs. Clark Hamilton, Mrs. H. A. Hull, Mrs. John Pinkston, Mrs. W. Jones, Mrs. Gene Jones, Mrs. J. E. Moffett, Mrs. G. H. Bullock, Mrs. Toby Adams, Mrs. Albert Wilson, Mrs. D. Herrington, Mrs. Guy Elland, Mrs. Dave Wiswell, Mrs. Lee J. Harrison, Mrs. Albert Loder, Mrs. Eula Kubanka, the hostesses, and a group of children.

Bishops' Crusade Banquet Slated Friday Evening

Hour for the Bishop's Crusade banquet at the First Methodist church Friday evening has been set at 7:30 o'clock, according to an announcement made this morning.

All Methodists are asked to join in the cause the purpose of which is twofold: first, to revive the missionary passion of the church; and second, to secure freewill offerings to pay off the indebtedness of the Board of Missions. Churches of this affiliation over the nation are joining in the cause during this week.

The banquet will be served by the Women's Missionary Society.

Landers Score High At 8 o'clock Party

Mr. and Mrs. Charles Landers scored highest for couples in bridge games Wednesday evening when Mr. and Mrs. William Dehlinger were host and hostess at the home for the 8 o'clock club.

Glenn Atherton won at bingo.

Mr. and Mrs. Frank Rutherford substituted for Mr. and Mrs. Ed Allen and Mrs. J. N. Blue played for Mrs. George Crosthwait.

Present were Mr. and Mrs. Landers, Mr. and Mrs. Atherton, Mr. and Mrs. Francis Pierson, Mr. and Mrs. Rutherford, Mrs. Blue, George Crosthwait, and the Dehlingers.

INVITATION TO PD

LONGVIEW, Tex., April 22 (AP)—Hubert M. Harrison, vice-president and general manager of the East Texas chamber of commerce, has invited President Roosevelt to visit Longview and East Texas.

The telegram invited the president to visit the East Texas oil fields upon termination of his fishing trip in Gulf waters.

Small Crocheted Hat

The pattern envelope contains complete, easy-to-understand directions, also what crocheted hook and what material and how much you will need.

To obtain this pattern, send for No. 459 and enclose 10 cents in stamps or coin (coin preferred) to cover service and postage. Address Big Spring Herald, Needlework Department, P. O. Box 200, Station D, New York, N. Y.

Reading AND Writing By John Selby

"Middletown in Transition," the companion piece to "Middletown," Robert S. and Helen Merrell Lynd's superb study of a small American city, is now ready.

Those whose memories encompass a decade will remember that the Lynds, with others of a research staff, spent a year in a certain city of 24,000—a city chosen because it was as nearly "average" as could be found. The researchers lived with the town, estimating as best they could its past, its present, and its possibilities for the future. Their book appeared some time after the research itself had been finished—the year chosen for the research was 1925. And H. L. Mencken completed the cycle with a review in the American Mercury entitled (if memory serves) "A City in Moronia," one of the most unsympathetic and "uncalled-for" titles ever put on a book review.

In spite of such temporary setbacks, the Lynds have gone through with the project of re-checking all the things they had learned in those distant days before prosperity gave us that giddy whirl, forgetful for the moment that it had picked us up by the neck. Did the Lynds find Middletown a sadder and a wiser town?

Not at all. The boom experiences were not very different from other experiences Middletown had had long before 1929. The "prosperity" threw vividly into relief the depression, but it remains in the citizen's joint mind as a kind of ideal, a standard to which one may refer and for which one may work. Culturally, Middletown reaches for approximately the same things. The same contradictions exist, the same frustrations.

Opposed now to bureaucratic control, a seizure of power astutely managed for the business class still might prevail. "In viewing this sober, hopeful, well-meaning city," conclude the Lynds, "... caught between past and future, and not knowing which way to move, one recalls now and again Tawney's characterization of the ruling class in Europe after the French revolution: '... they walked reluctantly backwards into the future, lest a worse thing should befall them.'"

"Middletown in Transition," by Robert S. and Helen Merrell Lynd (Harcourt, Brace; \$5).

Plans Made For Thirty At Class Banquet

Plans were underway today to accommodate approximately 30 members and guests of the Ruth class of the First Baptist church at the seventh annual banquet that is scheduled for 8 o'clock Friday evening at the Settles hotel.

Mrs. J. J. Strickland is to be guest speaker for the affair that is in charge of Mrs. R. E. Lee, class president. Mrs. George Tillingshaw is in charge of ticket sales.

Mrs. A. Birdwell and daughter, Maydell, San Antonio, are visiting here, guests of the Douglas hotel. Mrs. Birdwell is a former president of the Red Cross.

Mmes. Wasson, Bliss Score Highest At Ely See Affair

Mrs. Elmo Wasson and Mrs. R. E. Bliss were highest scorers Wednesday when Mrs. Victor Martin entertained at the Settles hotel for members of the Ely See Bridge club.

Mrs. Roy Lamb was the only guest.

A salad plate was served at the refreshment hour to Mrs. Wasson, Mrs. Bliss, Mrs. Lamb, Mrs. R. E. Bliss, Mrs. Lee Rogers, Mrs. J. R. Young, Mrs. R. L. Beale, Mrs. R. R. McEwen and the hostess.

Elbow Demonstration Club Hears Talk On Personal Grooming

Concentrating on the hands in a talk on personal grooming, Miss Lora Farnsworth, county home demonstration agent, concluded her discussion before the Elbow Demonstration club recently by offering the following recipe for homemade hand lotion:

One-half ounce best flake soap.

Three ounces glycerine.

Two ounces rubbing alcohol.

20 drops ether.

10 drops perfume.

20 drops of boric acid solution.

Soak the soap in one quart of water over night, beat with egg beater until smooth and add the remaining ingredients.

Present for the meeting were Mrs. M. F. Bryant, Mrs. Virgil Williamson, Mrs. Jack McKinnon, Mrs. Bob Asbury, Mrs. Duke Lipscomb and Miss Farnsworth.

Mr. and Mrs. R. E. Lee had as their guests recently Mrs. Lee's sister, Miss Olive Chumley, and Mrs. Ruth Ramsell of Midland.

From 1924 to 1936 more than 10,000,000 people visited Lenin's tomb in Moscow's Red Square.

1936 regional event back for another try are Stoup, Coleman, second place, 440; Hickman, Robert Lee, tie for fourth in the high jump; Austin, Baird, second in the broad jump and tie for third in the pole vault; Sheffield, Ballinger, fourth in the broad jump; Ashton, Baird, tie for third in pole vault; Hanke, Aspermont, fourth in javelin.

WELDON BIGONY TO REGIONAL 2 TRACK MEET

Weldon Bigony will be Big Spring's only entry in the regional 2 track and field meet in Abilene Saturday. Lockhart qualified in the district 5 meet held in Sweetwater two weeks ago but will be unable to compete in the regional, Coach George Brown said.

Bigony will be entered in the shot put.

Result of the district meets indicate that the cinderpath meet will be unusually fast with 1936 winners returning in the 100, 200, 400, mile run, mile relay and high jump.

Abilene's J. D. Tidwell, who equaled a state record last year in winning the 100 in 9.7 seconds, is the Eagles' chief hope for points.

Dye is the defending champion in the 220 yard dash, having nosed out Pruitt of Munday and Tidwell in a 23.9 seconds race against a strong south wind.

Rankin Again

Rankin of Colorado is back in the half mile, a race he won last year in 2:06.3. McMillan of Haskell, who came in second, also gets another stab at regional honors. A fourth place winner, Groggan of Buffalo, has turned to the mile this year.

Groggan stepped the four laps at Brownwood in 4:46, best time of the four district winners. He faces stiff competition, however, in Price of Millersville and Cawyer of Mercury, who wound up one-two in the distance test at the regional last spring.

Brady high school's crack relay quartet, two members of which scored a victory last spring, is not only out to repeat but to set up a new regional record. Holdovers of the balanced team are Dye and Sheffield. Second and third place relayers of last year, San Angelo and Colorado, also are returning.

The only other defending champion on the entry books is Hanson of Itohy, who established a new high jump mark of 5 feet 11 inches last spring. This record is in danger with three or four jumpers capable of bettering six feet in the next.

Others who won points in the

How One Woman Took Off 21 Lbs. of UGLY FAT Safely — Comfortably

If you're not as popular as you'd like to be, not as active, healthy and keen in mind—you owe it to yourself to get rid of that fat—don't delay.

And here's a method you can depend on to reduce surplus fat SAFELY and SANELY—just take a half teaspoonful of Kruschen salts in a glass of hot water first thing every morning and cut down on fat meats, butter, cream and sugary sweets—before you realize it excess fat starts to disappear—keep it up every day without fail and in a few weeks you should not only note a great improvement in figure but in your health as well.

Kruschen is a superb blend of 8 separate mineral salts—it's wonderful to help kidneys, liver, gall bladder and bowels function properly. Bottle lasts weeks and costs but few cents.

Mrs. Anna Long of Douglas, Ark., writes: "I lost 21 lbs. Not only my appearance but general health improved."—adv.

Milk Is Beauty Drink Of Singer

SINGER'S EXERCISE

Swimming is a recreation which is both good exercise and fun, Virginia Verrill, young radio singer, finds. She swims for a quarter of an hour every day.

When Virginia Verrill, the singer, sits down with cocktail-drinking friends after an evening's work, she orders milk—and takes a lot

Four Are Guests Of Happy Go Lucky Club At Housewrights

Four were guests of Mrs. Byron Housewright Wednesday afternoon when she entertained for members of the Happy Go Lucky club for bridge at her home with a pretty spring party.

Guests were Mrs. Alton Underwood, Mrs. Hershel Summerlin, Mrs. H. E. Clay and Mrs. Conwall White.

The games were played in the living room which was attractively decorated with blooming potted plants, and recorded music was heard throughout the evening.

Prizes were awarded to Mrs. Underwood and Mrs. G. C. Graves who were highest scorers and Mrs. Summerlin who retained the traveling gift.

A salad course was served to Mrs. Underwood, Mrs. Summerlin, Mrs. Clay, Mrs. White, Mrs. Graves, Mrs. S. L. Parker, Mrs. Hugh Hendrix, Mrs. Raymond Noah, Mrs. H. C. Hower, Mrs. J. T. Allen, Mrs. John Barber, Mrs. J. E. Brigham and the hostess.

of fun-poking from the rest of the group.

But milk is part of her beauty recipe and she sticks to it. And she has the figure to show for it: bust 31 1/2 inches; hips 35 inches; and waist 24 inches.

Behind-the-scenes work, too, contributes to that slender silhouette. It includes about six miles of brisk walking (in Central park), 15 minutes or so of swimming and a bit of exercise on a mechanical bicycle each day.

There's also a moderate diet that doesn't seem at all skimp— but which works wonders over a period of months.

The diet consists mainly of fish, fowl, fruits and vegetables. It is minus nearly all sweets and starchy foods. But it doesn't prohibit meat once a day and potatoes now and then.

A number of other helps for reducing are also finding favor with figure-conscious women.

Some use a "fatless butter" which resembles butter but is said to be free of fattening qualities. Others resort to the rubber rollers which manufacturers claim are especially effective for reducing arms, legs and hips that are over-plump.

And still others faithfully follow exercise routines meant to redistribute the few pounds that make the difference between a sleek appearance and one not so neat.

Spring Party Is Given For Lucky 13 Club By Two

A pretty spring party was given by Mrs. G. A. Barnett and Mrs. Hayes Stripling Wednesday evening when the two were co-hostesses for bridge at the Stripling home for the Lucky Thirteen club.

The house was beautifully trimmed with seasonal blossoms and a pastel color theme was used in floral arrangements and on the refreshment plate.

Mrs. J. C. Smith was the only guest.

Mrs. O. M. Waters and Shirley Robbins were highest scorers and H. G. Keaton received the floating award.

Plates were passed to Mrs. Smith, Mrs. Underwood, Mrs. Summerlin, Mrs. Clay, Mrs. White, Mrs. Graves, Mrs. S. L. Parker, Mrs. Hugh Hendrix, Mrs. Raymond Noah, Mrs. H. C. Hower, Mrs. J. T. Allen, Mrs. John Barber, Mrs. J. E. Brigham and the hostess.

Mmes. Middleton and Barnes Are Guests Or Triangle Club

Mrs. Chester Barnes and Mrs. Robert Middleton joined members of the Triangle Bridge club for games Wednesday afternoon when Mrs. W. B. Hardy entertained for the club at her home.

Mrs. Emil Fahrenkamp and Mrs. James Davis scored high and second high, respectively.

Spring flowers were arranged in the game rooms as floral decoration.

Present were Mrs. Fahrenkamp, Mrs. Davis, Mrs. Barnes, Mrs. Middleton, Mrs. James Little, Mrs. Monroe Johnson, Mrs. Omar Pittman, Mrs. E. W. Lomax and the hostess.

CALVERT PARTY

Miss Lillian Jordan, Mrs. M. V. Bradshaw, Jr., of Marlin, Mrs. Pete Gibson of Calvert and Miss Gladys Jenkins of Houston arrived Wednesday night for spring holiday visit here with relatives and friends.

Bobbie Mills of A. and M. college is spending the week-end with his mother, Mrs. W. G. Mims.

YOURS WITHOUT COST—THIS AMAZING NEW CREAM

Barbara Gould IRRADIATED SKIN CREAM

AN amazing new development in cosmetics that is distinctly different in principle from any cream you have ever used. Barbara Gould Irradiated Skin Cream contains a skin energizer—organic active oxygen—that acts as a normalizer for all types of skin, dry or oily, and stimulates normal skin. It is recommended for discouraging dryness, oiliness, harshness, sallowness, sluggishness, blackheads, blemishes, lines and wrinkles—the true skin normalizer.

Take advantage of this rare opportunity to try it without cost!

CUNNINGHAM AND PHILIPS FRIENDLY DRUG STORES

SO MUCH MORE REFRESHMENT WHEN YOU SAY-PABST

Millions, the country over, who want beer brimming over with purity, wholesomeness and fine flavor have learned to say "Pabst." To drink Pabst is to enjoy extra goodness—to serve Pabst is to win approval. Ninety-three years of brewing experience assures you of quality when you say "Pabst"—and it's available in the famous TopoCan or new style bottle.

BROWNSVILLE TELLS FDR HE CAN FIND HIS TARPON NEAR THERE

BROWNSVILLE, April 22 (AP)—"If you want to catch tarpon, come where they are," the president was advised today by this city, which contends that the Rio Grande river offers the best tarpon fishing on the coast of Texas at the present time.

In support of its contention Brownsville cites that one man has just landed six big silver king tarpon in the Rio Grande, probably more than have been caught on the rest of the Texas coast so far this season.

He is T. R. Miller, and brought in three of them last night after two hours of fishing. "Fishing in the river the president should catch tarpon almost at will," the telegram said, "whereas landing one this early in the Gulf is largely a matter of luck. "The Rio Grande is the first stop of the feeding tarpon as they move northward in the spring," the message to the president said.

NOTED EDUCATOR CLAIMED BY DEATH

NASHVILLE, Tenn., April 22 (AP)—Bruce Ryburn Payne, 63, who built George Peabody College for Teachers into a nationally-known institution, died last night of a heart attack.

His death came 26 years after he assumed the presidency of the school he guided from a 200-student college into one of the country's best known teacher-training units.

MORE OIL FOUND ON UNIVERSITY LAND

SAN ANGELO, April 22 (AP)—Another oil field appeared assured for the University of Texas today.

In its Northern Crane county holdings a well which swabbed 117 barrels of oil in 18 hours opened a field which seemed certain to add to the millions of dollars the university has realized from oil in five West Texas counties. The well was the Sinclair-Prairie Oil company's No. 1-24 University.

M. E. Evangelist Dies At Dallas

DALLAS, April 22 (AP)—Dr. Theodore Copeland, 66, Methodist evangelist, died at a hospital here today. Funeral services were planned here tomorrow.

Surviving are his widow, Mrs. Kate Phillips Copeland; three sons, Theodore, Jr., and S. V. Copeland of Dallas, and D. P. Copeland of Austin; two daughters, Miss Opheelia Copeland of Dallas and Mrs. Charles T. Cogburn of Kermitt, Texas; two brothers, Edgar and Tillman Copeland of Birmingham, Ala., and two sisters, Mrs. S. V. Vest of Birmingham and Mrs. Fannie Casper of San Antonio, Texas.

Dr. Copeland was born at Blountsville, Ala. He attended Southern Methodist university and Vanderbilt university. He was ordained into the Methodist ministry in 1891. He held pastorates in Mississippi, Louisiana, Alabama and Arkansas. His last years were spent as an evangelist in the Methodist conference, holding meetings throughout the nation.

He was Arkansas representative of the conference of the U. S. food administration in 1917.

JOINS PECOS FIRM

Bob Miller, convalescing from injuries received in an automobile accident Feb. 13 near Midland, has accepted a position with the Pecos Mercantile Co., effective Monday. It is the same concern joined by R. F. Harris, Big Spring, recently.

CIO's Canadian Foe Loves A Fight And Has No Fear Of Any Opponent

By HAROLD FAIR
(Written For The AP Feature
Canadian Press Staff Writer
Service)

Ontario's chubby premier, Mitchell Frederick (Mitch) Hepburn, who has taken the spotlight in the CIO drive in Canada by declaring open warfare on "foreign labor agitators," is an energetic man addicted to wearing double-breasted suits.

Slightly bald at the back, he has a double chin and an infectious grin that is famous all over the province. He is married, 40 years old, and has two adopted children, Peter and Patricia, who live on the big Hepburn onion farm near St. Thomas, north of Lake Erie.

Cleans Out Office Holders
Famous for the phrase "the man on the back concession" (referring to the farmer) he went into office in July, 1934, two years after his idol, President Roosevelt, and pledged his government to a policy of economy to aid the dirt farmers.

Wholesale dismissals of civil servants—described by opponents as "wielding the Hepburn axe"—featured his plan to cut costs of government. He abolished or reduced many boards. For instance, the three-man liquor control board was reduced to one. Another part of his campaign was for cheaper interest rates.

Likes Rough Battle
Fearless, he will tackle anything and comment on opponents with vitriol, rare in a land where politics is a kid-glove affair. Some of his bitterest shafts were directed at Canada's former Premier R. B. Bennett.

Hepburn resigned his membership in the house of commons to take active leadership of his party in the 1934 provincial elections. He enjoys a rough and tumble battle. By many, he is blamed for the bitterness of Ontario legislative debates.

A former bank clerk, he was educated in high school and later took a correspondence course. He cannot be described exactly as a labor man. But his government brought down the industrial standards act providing codes for various trades.

Hits 'Big Interests,' Too
Generally, he has sought legislation without special thought for any one group.

The "big interests," however, have been a target for him. His government passed legislation cancelling hydro-electric power purchases from private Quebec firms because he contended the deals were made at too high a price.

Hepburn was accused of betraying Ontario's credit through this policy of "repudiation." He since has made new contracts with all but one of the companies.

Economically, his two chief be-

JUST CALL ME "MITCH"
Ontario knows his brilliant premier as "Mitch" Hepburn. He preaches freer and lower interest rates.

Athletes, Laborers Need Salt Effect Of Loss Of Mineral From Body Shown In Group's Study Of Diet

Hefts have been freer trade and lower interest rates. He approved wholeheartedly of the United States-Canada trade treaty and boasts of the success of his government in cheapening money.

line, who make experiments in the unknown chemical, physical and electrical mysteries of the body.

The salt riddle was explained to the nutrition institute by D. R. Dill, Jost Michalsen, and H. T. Edwards of the Harvard university fatigue laboratory. They told of a man who worked four and a half hour shifts in Boston at a temperature of about 104.

He drank enough water to satisfy his thirst. But he lost so much salt in sweat that the salt in his blood dropped 4 per cent and he suffered from "heat cramps." Later the same man walked seven hours in about the same temperature at a western city and lost only one-third as much salt.

Neither the temperature nor the exercise bothered him. The reason, the report stated, was that in Boston his body had not previously been acclimated to the work at high temperature, while in the west he had first acclimated himself.

"It is not generally known," the report declared, "that salt concentration in sweat depends on acclimatization, environment and personal idiosyncrasy."

Not only athletes but laborers in heavy industry and fever patients were advised to watch the salt in their diet. Lack of enough to replace salt lost during work or by other causes of profuse sweating is likely to cause illness.

Major Bills Before Solons

Status Of Ten Pending Measures Is Reviewed

WASHINGTON, April 22 (AP)—Ten major legislative items, besides regular appropriation bills, are pending in congress. Here is a brief outline of their status:

Court reorganization—Senate hearing near end; house has approved minor provisions of program but awaits senate action on supreme court revision.

Relief—President Roosevelt's recommendation for \$1,500,000,000 before house appropriations committee.

Neutrality—House and senate conferees approaching an agreement on final form.

Government reorganization—stuck in joint committee which has not even met for several weeks.

Wage and hour regulation—Many bills pending, but administration program not yet formulated.

Housing—Senate committee holding hearings on billion dollar measure.

Farm Tenancy—House committee approved compromise bill; economy campaign may curtail all farm legislation.

Crop Insurance—Passed senate; house committee studying.

Pure Food and Drugs—Passed

PINK PANTIE PUNISHMENT

OKLAHOMA CITY, April 22 (AP)—Warden Fred Hunt's pink pantie treatment for recaptured prisoners at Granite reformatory gained support today at the chairman of the Oklahoma affairs board.

"I think it is a noble experiment," said Lea Nichols, head of the board, which administers the state penal institutions. Hunt, he said, "knows more about these prisoners than we do. I certainly am not going to stop him. I will give him a free hand and a free bloomer."

Hunt scoffed at Chicago psychiatrists, one of whom branded the treatment as "silly," contending "ridicule is the best punishment in the world." Four prisoners who escaped were punished by seating them in the rotunda of the reformatory for 23 hours a day—two attired only in pink panties and two in Mother Hubbards.

Paul Colvert, another board member, said he believed he'd rather wear bloomers than work six months on a rock pile.

senate; nothing done in house.

Anti-lynching—Passed house; delay expected in senate.

Appropriation Bills—Two common people, accustomed to larger both houses and awaiting agreement on differences one passed house but not senate; four others still in house committee.

SWEETWATER LAKE WILL OPEN MAY 1

Rumors that Lake Sweetwater will be closed to fishermen this year are unfounded, reports from that city said Thursday.

The lake will be opened for fishing May 1. A two month's closed season will have ended on that date. To insure a well stocked lake, a hatchery has been added, it was disclosed.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their aches may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste.

Frequent or steady passages with smarting and burning show there may be something wrong with your kidneys or bladder.

An excess of acids or poisons in your blood, when due to functional kidney disease, may be the cause of nagging backaches, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes and will help the waste from your blood. Get Doan's Pills.

fringe chief, flung defiance at Franco's army, declaring "the men who are doing this are heartless hyenas." In heated response to the execution of at least 200 lives, injury to about twice that number and widespread property damage.

Food Ships Will Try To Smash Blockade

ST. JEAN DE LUZ, Franco-Spanish Border, April 22 (AP)—A defiant fleet of British food ships, under guard of British men-of-war, determined today to smash the Spanish insurgent blockade of Bilbao and provision the near-starving Basque capital.

While three of the five freighters, driven to cover here by attacks from insurgent vessels, put up steam for the attempt to run the blockade, government shore batteries along the Bay of Biscay coast started booming at dawn to sweep the turbulent waters of insurgent battleships.

The food-laden British vessels were reported authorized by their owners to run the gauntlet, despite a warning from the British government, and were promised an escort of British warships to the three-

mile limit.

At that point, the government shore batteries and fleet of small armed craft will take over the job of fighting off insurgent attacks.

The first victims of the effort to prove the way was open to Bilbao and its refugee-swollen population of 400,000 were three insurgent trawlers who came within range of the guns at Santander just after dawn.

Attempting to raid a fleet of fishing vessels anchored off Lequeitio they were driven back by the long range coast artillery of the Basques.

Insurgent sources reported their ships ready to swoop down on any defying their blockade. Basque quarters said, however, the fire of land batteries had forced them to keep 10 miles offshore.

LOAN APPLICATION PERIOD NEARS END

Termination of the period for taking emergency crop production loans was foreseen for the end of the month by Mrs. Ruby Smith, clerk for the county committee in charge of the loans. No official deadline has been set, however, Mrs. Smith said.

To date approximately 80 applications have been made. This compares with a total of 64 for all of last spring.

Cities

CONTINUED FROM PAGE 1

Firemen were given raises under the law, and the budget for those departments was increased \$153,000. The bill made necessary the employment of 53 additional policemen and firemen and city officials said the situation created a serious budget problem which would require the raising of more money or the cutting off of other employees.

Officials said all possible efforts would be made to raise the money. Commissioner Frank Holton announced today that firemen and policemen were planning to waive the salary raises for this year.

City Attorney H. P. Kucera of Dallas went to Austin Thursday to urge Governor Alfred to submit an amendment to the law to the legislature. He said he hoped thereby to avert a possible 1937 tax increase. Employment of 57 more firemen and an annual expenditure of from \$170,000 to \$200,000 was faced. City officials understood El Paso was also joining in the fight against the law.

At Amarillo, all provisions of the new were already in effect. At Wichita Falls, policemen were to get an additional seven-day vacation. A week's vacation was already in effect. The Corpus Christi police

department has been observing the state law's provisions in regard to the day off for about six months. Beaumont police and firemen have been getting two weeks vacation with pay, but the police force has been working on a seven-day schedule.

PROJECTS STARTED BY WORKS AGENCY

Starting of two new projects was announced Thursday by R. H. McNew, district WPA director, on return from a two-day tour of the 12-county district.

One of the two was the rearrangement of water mains to permanent buildings of the state park at Scenic Mountain. Crews began work there Thursday morning.

Wednesday a sewage extension project was launched in Brownfield.

TO ADDRESS PRESS GROUP AT AMARILLO

W. T. Strange, Jr., chamber of commerce manager, planned to leave early Friday for Amarillo where he was to address the 25th annual gathering of the Panhandle Press association.

Strange was to discuss the "newspaper and community work" as viewed by a chamber of commerce official.

The press association convenes in Amarillo Friday and Saturday.

FD ADVISED TO FISH OFF CORPUS CHRISTI

WASHINGTON, April 22 (AP)—Two Texas told President Roosevelt today that if he wanted plenty of tarpon and mackerel during his Gulf fishing trip next week a fine spot to visit would be off Port Aransas, near Corpus Christi.

Representative Kueberg of Corpus Christi and Roy Miller, former mayor of that city, said they talked with the president about his fishing plans and asked him if possible to put in at that port.

RANCH EMPLOYEE IS DROWNING VICTIM

SAN ANGELO, April 22 (AP)—Henry Morris, 65, long time ranch employee at Water Valley, 23 miles north of here, was drowned in the Concho river there shortly before noon today. J. T. Mathison, coroner, returned a verdict of suicide after sheriff's deputies investigated.

Morris' body was found with the arms and legs tightly trussed with twine, in the river a short time after he had left his home.

Survivors include the widow and five children.

The press association convenes in Amarillo Friday and Saturday.

Engineers In Annual Meet

Leading Men In Profession Gather In Santone Parley

SAN ANTONIO, April 22 (AP)—Four hundred of the nation's foremost engineers were here today for the 84th spring session of the American Society of Engineers, and will discuss technical problems of the profession.

One section devoted itself to highway problems, another to irrigation, and a third to surveying and mapping.

Use of motion pictures in highway surveying for the first time was related to the highway section by C. D. Wells, engineer in the state highway department at Austin.

When a state highway into the Chisos mountains for the Big Bend International park was projected in 1926, there was not time for a regular survey, Wells said. Motion pictures were taken of existing roads and trails, and these were combined with U. S. geological survey maps to select a location for the new highway.

Other speakers before the highway section included G. G. Edwards, manager of the Texas highway planning survey, Austin, and John E. Elmer, division engineer for the state highway department at Bryan.

Engineers attending the irrigation section meeting heard talks by Samuel F. Turner, associate hydraulic engineer of the U. S. geological survey, Austin; T. C. Forrest, Jr., consulting engineer, Dallas, and Winfield Holbrook, general manager of the Texas Land and Development company, Plainview.

L. M. Lawren, of the U. S. international boundary commission, El Paso; E. N. Noyes, consulting engineer, Dallas; Frank F. Friend, special surveyor for the University of Texas, San Angelo, and W. J. Powell, consulting engineer, Dallas, addressed the surveying and planning section.

Judging Underway At Plainview Show

PLAINVIEW, April 22 (AP)—Judging of Jersey and Guernsey cattle in the 10th annual Panhandle-Plains dairy show began here today.

Grand champion and senior grand champion Guernsey bull is Strongheart's Heartbreaker of Dr. George P. Grouse's Duluth farms at Plainview. Junior championship honors went to Verda's Ulysses owned by E. E. Prosser and sons of Hale Center.

Tierra Blanca Farms of Canyon took the production contest when You'll Do Blanche Gipsy produced 2.42 pounds of butter fat in the aged-cow class. Topsy's Little Beauty won in the four-year old class for J. W. Heavin of Plainview with 2.08 pounds of butter fat. Gamboge Masterman Sue, owned by Chester Elliott of Tulsa, was first in the three-year old class, with 2.27 pounds. Texas Tech's Lilac's Sybil Fern, two-year old, was first in that class, with 1.97 pounds. The production contest for cows under two years was won by S. P. Atchley's Oxford Blind Queen, Tulsa, with 1.62.

Awards were presented by Betty Lee Lindsey of Lubbock, who last night was hamed queen of the dairy show. Judging today was by C. N. Sheppardson of Texas A. & M. and Dr. F. G. Harbaugh of Texas Tech. Fifteen counties are represented in the 288 entries.

Couple's Marriage Revealed After Husband Killed

FORT WORTH, April 22 (AP)—An 18-year old wife, whom Wilburn Jenkins, 20, secretly married last Sept. 20, grieved today for her husband who was found shot to death at his home in Handley yesterday afternoon.

The bride was formerly Miss Geraldine Howard, freshman at North Texas State Teachers College in Denton, where she learned last night of the tragedy. She is the daughter of Mr. and Mrs. G. A. Howard, 1619 Boulevard, Fort Worth, who knew of their daughter's marriage only after her husband was killed.

This morning Mrs. Jenkins was selecting flowers for her husband's funeral. She was bearing the tragedy bravely.

Justice of the Peace W. H. Powers of Arlington is conducting an inquest and will return his verdict Friday. A brother, C. R. Jenkins, was of the opinion that Jenkins accidentally shot himself with a rifle preparatory to cleaning it on the back porch.

Jenkins, son of Mr. and Mrs. R. B. Jenkins, was a former member of the Handley high school football and track teams, and graduated at that school in 1933. He was a native of Handley and a member of the Handley Baptist church.

SHIPLEY IS GIVEN SUSPENDED TERM

SAN ANGELO, April 22 (AP)—Mack Shipley, former Reagan county deputy sheriff, now living at Kermit, was given a five-year suspended prison term today, when he was convicted of fatally shooting J. W. Williamson, Jr., at The Well, a resort near here two years ago. The jury deliberated more than 40 hours.

In his first trial Shipley was given a three-year term but the verdict was reversed and the case remanded for trial.

WATERFRONT TIEUP IN EAST IS FEARED

NEW YORK, April 22 (AP)—The fight between the American Federation of Labor and John L. Lewis' C.I.O. threatened the entire North Atlantic waterfront today.

Activity at eight piers was at a standstill here because of a strike of the International Longshoremen's association in an effort to force recognition of the organization, which is affiliated with the A.F. of L. in the port of Montreal.

Joseph P. Ryan, president, said the I.L.A. would have nothing to do with groups not in accord with the policies of the A.F. of L.

Meanwhile, J. B. Labell, president of the National Independent Longshoremen's Union, the Canadian organization which has a contract with the Cunard White Star Line over which the strike was called, arrived in New York to confer with Ryan.

TO LEAVE FRIDAY FOR CONVENTION

City Manager E. V. Spence will leave here Friday morning for Batrop where he will preside over the annual meeting of the Texas Beach and Pool association as president.

The association is holding a joint meeting this year with state and national park officials on the occasion of the dedication of the Batrop state park.

Friday afternoon, en route to Batrop, he is to stop in Austin for a conference with the state board of water engineers relative to the launching of an extensive water survey in this area next week.

SAN JACINTO FIESTA NEARING A CLIMAX

SAN ANTONIO, April 22 (AP)—Music, ceremonial, pomp, costuming and social activity all had their place on today's Fiesta De San Jacinto program.

The week's calendar approached the social high spot of the entire celebration—the coronation of the queen of the fiesta at the municipal auditorium, under the auspices of the Order of the Alamo, at 8 p. m.

The splendor of the imperial Russian court will be the setting for the queen's coronation.

More than 50,000 people jammed the downtown section Wednesday afternoon to see the trades display parade, representing San Antonio's commercial development.

Service Held For Fred W. Higgins

Last rites for Fred W. Higgins, 66, were held at 4 p. m. Thursday in the Eberley chapel with Rev. C. A. Bickley, pastor of the First Methodist church, in charge.

Burial was to be in the local cemetery.

Higgins, who had made his home here for the past eight years, died at 2207 Scurry street at 6:06 p. m. Wednesday. He had been staying at the home of Jesse Bailey.

Recipient of an old age assistance grant, Higgins had previously served as a laborer. He is survived by his wife of Childress.

TO BE ARRAIGNED IN MANN ACT CASE

LOS ANGELES, April 22 (AP)—At liberty on \$25,000 bail, John W. Hunt, wealthy white follower of Father Divine, negro cultist, will be arraigned Monday on a charge of violating the Mann act.

The federal grand jury indicted Hunt and three other persons, unnamed, on charges of bringing a pretty 17-year-old Delight Jewett here from her Denver, Colo., home. Government prosecutors alleged Hunt and the girl registered at certain hostilities as "Jesus the Christ" and "Virgin Mary."

On a three-year term but the verdict was reversed and the case remanded for trial.

Members of the Coahoma class, who will be accompanied by their teacher, Miss Whitney, are Carolyn Fletcher, Lucille Speers, Beatie Lee Coffman and Grace Fields.

Grace White, 16 year old Coahoma girl, won first place in a statewide home economics playwriting contest, according to information received from Josephine Pasdral, state supervisor of home economics, department of education, Austin. As a result, the Coahoma class and the teacher have been invited to Fort Worth, where next week they will present the play before the statewide Homemakers' rally.

The play, entitled "The Larkins' Return," concerns better family relations.

Members of the Coahoma class, who will be accompanied by their teacher, Miss Whitney, are Carolyn Fletcher, Lucille Speers, Beatie Lee Coffman and Grace Fields.

EXEMPTION
WASHINGTON, April 22 (AP)—The Petroleum Corporation of America received exemption from the securities commission today from registration under the 1933 utility holding company act. The commission found the corporation's holdings of utility stocks were "incidental" to its general investment business.

FASTER AWAITS WORD FROM LORD

Jackson Whitlow, 45-year-old Tennessee mountaineer who started a fast at "a call from the Lord," is shown as he checked off the days he has done without food. Gaunt from lack of nourishment, Whitlow expressed disappointment that the Lord failed to "tell me that I could eat again." The fast was begun March 10, Whitlow says.

PROGRAM IS COMPLETED FOR LIONS' MEETING NEXT MONTH

Program for the Lions district 2-T convention here May 2-4 went to the printer today, thus rounding out another phase of convention preparations.

Among those included in the program as speakers are Attorney General William McCraw, H. C. Pender, Lubbock, C. B. Coulter, McCamey, W. T. Strang, Jr., and Clyde Thomas of Big Spring. Claude Crain, Midland, Hazel H. Beckham, Austin, executive secretary of state commission for blind, James A. Boddicker, Austin, chairman of the commission, J. Earl Tanner, Eldorado, Kan., international director, Sam Branswell, Clarendon, Dr. Bradford Knapp, Lubbock, president of Texas Tech college, Ross Covey, Sweetwater, district governor, and Elmer Elliott, district governor of 2-T.

Entertainments are to be offered by clubs of Lamesa, El Paso, Floydada, Alpine, Lubbock, Midland and Amarillo.

Amateur Program
Anson, seeking the election of Omar Burleson as district governor, has asked for half an hour's time on the district amateur program which will be thrown open to the public free of charge at the municipal auditorium at 7:30 p. m. May 3.

Prizes will be awarded the afternoon of the first day to winning bands and to the winning organization in the model club contest sponsored by Elliott. The governor will also present awards to the president and secretary of the winning club.

Special ladies entertainment on the menu of the Settles hotel will be held from 3 p. m. to 4 p. m. on May 3.

One of the features of the program will be a barbecue at the city park on the evening of May 3. Prior to that time, starting at 4 p. m., registered delegates will be fed to entertainment which includes swimming and golfing at the city park.

Election of officers and the selection of the next convention site will be held Tuesday noon at the general assembly luncheon at the Settles hotel. The convention is to be concluded at 2 p. m. Tuesday.

Pool Will Be Opened May 1

City Reports Profit Of Over \$1300 From Operation Last Year

In little more than a week—on May 1 to be exact—Big Spring's municipal natatorium will be officially opened for its second season of business.

Constructed at a cost of \$30,000, the pool and bath house were opened first at noon on April 24, 1936. Immediately popular, the pool drew 73 people on the opening afternoon, despite brisk spring weather. The following day, a Saturday, several out-of-town people visited the pool to boost the number of paying customers that day to 102.

Although arrested at intervals by adverse weather conditions and an early autumn, the stream of paying customers continued until 10,194 adults and 7,001 children had paid for swims in the pool. This did not include 58 coupon books which meant that probably 1,600 other swims were taken in the pool during the year.

Revenues from operation of the pool amounted to \$2,548.53 from adults and \$1,050.20 from children,

while coupon book sales brought in \$406. From the 954 renting suits, \$238.50 was received and 1,316 towels brought \$90.50.

The pool, operated jointly with the golf course, showed a profit in the face of heavy expenditures for equipment and supplies, totaling \$1,322.11. After \$2,300 had been transferred into the swimming pool bond fund and other expenses cared for, the golf course and pool showed a cash balance of \$158.39 at the end of the fiscal year.

With good weather and less supplies and very little additional equipment to purchase, Harold Akay, manager, is looking for a better season in the second year of operation.

US INDIAN RACE IS INCREASING RAPIDLY

WASHINGTON, April 22 (AP)—America's Indians, once considered a vanishing race, now are increasing more rapidly than any other group in the country.

This fact was reported by the Indian office today along with the announcement that the country's Indian population is 334,300, compared with Smithsonian Institution estimates that there were 500,000 redmen here when Columbus arrived.

The Indian office said births now exceed deaths by \$300 a year, whereas a few years ago the population was steadily decreasing.

Duce Meets Schuschnigg

New Pledge Of Italy's Support For Austria Is Possible

VENICE, April 22 (AP)—Premier Mussolini met Chancellor Kurt Schuschnigg of Austria today for a conference that political circles said would lead to a strong reaffirmation of Italian support of the independence of her northern neighbor.

Well-informed sources declared that none of a number of developments since the two statesmen met last year, were such as to undermine the close relationship between Austria and Italy.

One of the developments currently considered in diplomatic circles in Rome was that Italy's growing friendship with Germany might stay Mussolini's hand should Chancellor Adolf Hitler decide to wage a campaign for increased prestige in Austria.

Following separate luncheons, Schuschnigg and Mussolini met at the prefecture for the start of the conversations which may later be shifted to Mussolini's yacht Aurora, anchored in the harbor.

The "queen city of the Adriatic" gave the two a tumultuous welcome. Despite the atmosphere of cordiality, Dr. Schuschnigg hoped to learn from Duce's own lips where Austria stands in the light of rapidly growing Italo-German cooperation and increased Italian diplomatic activity in the Danubian basin.

Many believed the conference to be only a prelude to a far more important meeting between Mussolini and Hitler which has been reported set for May 4 at Berchtesgaden, Hitler's Bavarian retreat.

In addition to the bespectacled Schuschnigg's call for a show-down answer on Austria's position on the "Rome-Berlin axis," the chancellor was expected to inquire the definite reasons for Mussolini's coolness toward a Hapsburg restoration and the effect on Austria of the new Yugoslav-Italian treaty.

**FRENCH WOMEN
CLAMOR FOR RIGHTS**
PARIS, April 22 (AP)—French feminists broke a 10-month truce with the Rhum government and plastered the wall of Paris with posters today in renewing a campaign to gain civil rights and votes for women.

A mass meeting was called for April 26, eve of the reconvening of parliament, to demand action on the civil rights bill which would abolish the restrictions on women set up 134 years ago by the Code Napoleon on the male theory that "nature made women our slaves."

FILM ACTORS ARE INJURED IN MISHAP

HOLLYWOOD, Calif., April 22 (AP)—Seriously injured when three horse-drawn wagons accidentally crashed in a "chase scene," four film actors were confined to a Riverside hospital today.

Sixteen other players suffered minor cuts and bruises.

Those seriously hurt were Harry Timplon, brother of the Stanford university track coach, Dick Timplon; John Slater, cowboy; Bernie Griggs, comedian; and Mickey Gentry.

Dr. John C. Redell of Corona said Slater's spinal vertebrae may have been fractured. The other three patients had broken ribs.

Speaking of Mild and Tasty— folks have bought 2 million cases of Our Family's Whiskey!

Just a week ago Friday they took this picture, when the creek was all swoll up and some early dogwood was out and the gully looking prettier than anything. It shows you the little party we put on as a kind of special thing celebrating the 2 millionth case of our Family's Whiskey. If you study real close, you can make out the 2,000,000 stamped right onto the case.

Everybody was sure surprised at seeing how much of The Wilken Family Whiskey we'd turned out, and all remarked how it just went to prove you folks must be finding it's got the mildness and real extra tastiness you've been hunting around after. Well I told everybody those 2 million cases was just a drop in the bucket compared to the number of cases the Wilken Family has put out, if you take Grandpa Wilken and Pa Wilken into account.

THE WILKEN FAMILY

A Well Filled Cookie Jar Is Gauge Of The Household's Hospitality

SYMBOL OF HOSPITALITY
It's a good idea to keep on hand a variety of cookies—and plenty of them, says Mrs. Alexander George, special foods writer. In her cookie jar are chocolate brownies, refrigerator spice squares and coconut drops.

By MRS. ALEXANDER GEORGE (AP Feature Service Writer)
Even in these days of buying cookies by the pound at the neighborhood grocery store most children consider the cookie jar filled with home-made cookies the symbol of a hospitable household. And the youngest members of the family are not the only ones who view the situation in that light.

For cookies fill many a niche both in menus and "pleasing" requirements. They may be packed into lunch boxes, passed with tea in the afternoon, held as reserve for afternoon and evening snacks and served with fruit as dessert for lunch or dinner.

Many wise housewives make a practice of cooking large batches at a time. They have learned that in doing so it is important to bake the types which keep well. They have learned also that proper storing has much to do with keeping cookies fresh and moist. For that reason they know the importance of storing them in an earthenware jar which has a tight-fitting lid—or a cake or cookie box which is kept in the coldest part of the pantry or kitchen.

Old-fashioned, rolled-out cookies are still general favorites. They require more time in preparation, however, than those which are dropped from a spoon or baked in a thin sheet and then cut into bars.

They also require much more time than "icebox" cookies which may be mixed in large batches and stored in the refrigerator to be baked a few at a time. Some of the latter may be kept in the icebox as long as ten days.

Below are three of my favorite cookie recipes:

Chocolate Brownies (Favorites Any Season)
1-4 cup butter,
1 cup granulated sugar,
2 eggs, beaten,
2 squares chocolate, melted,
1 teaspoon vanilla,
1-4 teaspoon salt,
1 cup flour,
1-2 cup nuts.

Refrigerator Spice Squares (Crisp And Spicy)
2-3 cup butter,
2 cups dark brown sugar,
3 eggs, beaten,
1-4 cup sour cream,
2 teaspoons cinnamon,
1 teaspoon cloves,
1-2 teaspoon nutmeg,
1 teaspoon salt,
1 teaspoon vanilla,
3-4 cups flour,
1 teaspoon soda,
1-2 teaspoon baking powder.

Coconut Drops (Soft And Delicately Flavored)
1-2 cup butter,
1 cup granulated sugar,
2 eggs,
1 teaspoon vanilla,
1-4 teaspoon lemon extract,
1-4 teaspoon almond extract,
1-4 teaspoon salt,
1-2 cup coconut,
3 tablespoons cream,
2-3 cups flour,
2 teaspoons baking powder.

Rolls
Cream the butter and sugar. Add the rest of the ingredients, mixing lightly. Chill the dough one hour or longer and drop portions from the tip of a spoon onto greased baking sheets. Bake 10 minutes in a moderate oven. (Two-thirds of a cup of nuts and raisins may be added.)

Shortcake
2 cups flour,
3 teaspoons combination baking powder or 4 teaspoons tartaric acid phosphate baking powder,
1-2 teaspoon salt,
1 tablespoon sugar,
4 tablespoons lard,
2-3 cup milk,
1 egg.

This makes a soft dough that can be rolled 1-2 inch thick and shaped to fit a 9-inch layer pan. Bake in a hot oven (450 degrees F) 15 minutes and cover with crushed sweetened berries and whipped cream.

Dropped Shortcake
Use the recipe for rolled shortcake, adding 1 cup of milk instead of 2-3 cup. Drop batter into muffin tins and bake in a hot oven (450 degrees F) for 15 minutes.

And here's a bit more aristocratic fruit pie if you want a different shortcake for Sunday.
1 pie shell—
1 cup flour,
4 tablespoons lard,
1-2 teaspoon salt,
2 tablespoons ice water,
2 cups canned or fresh fruit, diced, drained as dry as possible,
4 egg whites,
1-4 teaspoon salt,
1 cup sugar.

Beat eggs stiff. Add 1-2 the sugar slowly and continue beating until very stiff. Add the remaining sugar, quickly folding it in. Fold in the fruit with as little motion as possible. Pile into hot crust in peaks. Sprinkle with 2 tablespoons sugar (reserved from the 1 cup). Bake in a moderate oven (350 degree F) 15 minutes. Fruit must be dry so that it does not sink to the bottom.

Old Fashioned Shortcake
2 cups pastry flour,
2 teaspoons combination baking powder or 4 teaspoons tartaric acid phosphate baking powder,
1-2 teaspoon salt,
4 tablespoons lard,
2-3 cup milk,
1 egg,
Sift flour, baking powder, and salt together. Blend in shortening and add cold liquid, stirring quickly. Place on floured board. Knead gently and roll 1-2 inch thick. Cut 3 inch biscuits. Bake in a 450 degree F. oven for 12 to 15 minutes. When baked, split the biscuits, but

The Nation's No. 1 Baseball Fan Opens Season

His annual duty over as the country's No. 1 pitcher after he had tossed out the first ball to officially open the baseball season, President Roosevelt settled down to his role of No. 1 diamond fan. Here are some intimate close-ups of him as he saw the Philadelphia Athletics squeeze out the Nationals, 4 to 2.

Some Realty Markets Feel Effect Of Trailer-House On Small-Home Sales

MINNEAPOLIS, April 22—House trailer competition with small homes and apartments as well as with beach cottages is already being felt in some southern realty markets; northern summer resort proprietors with strings of house-keeping cottages for rent view the expanding public interest in trailer travel with mixed emotions but in some cases are buying trailers themselves as substitutes for additional cottages, while realtors in many parts of the United States are watching the upcoming sales of "houses on wheels" with keen interest, though anticipating little effect on the market for permanent facilities in zones with severe winters.

Meanwhile Mr. and Mrs. Public haunt dealers' showrooms, and trailer factory production schedules are being stepped up to double and treble 1936 outputs, with inquiries and current orders far ahead of the same season last year, according to a survey just completed.

Factories increased. Though most of the concerns reporting are operating only one shift now, the majority expect to put on an additional shift during their approaching peak season. Almost without exception they are either making increases in the size of their factories, or have recently done so. Of a dozen major manufacturers of house trailers from Michigan to California, the smallest increase reported over 1936 production schedules was 50% and the largest 300%. Total U. S. output for 1937 is variously estimated at from 100,000 to 150,000 units.

The severe house shortages existing in many cities are cited by realtors as likely to postpone any visible effects from trailer competition for some time to come. Typical comment from a Des Moines, Iowa, real estate firm: "No effects of trailer competition anticipated in the near future, due to the severe climatic changes in this area, though a house shortage here has

caused a considerable increase in rents and may eventually force people in the lowest rent brackets into trailer living." A Milwaukee, Wis., realty concern states, "We believe that with building costs rising and small rentable units becoming very scarce, many families will at least temporarily adopt the trailer mode of shelter. We can quote several specific instances."

Southern winter resort communities have been first to note the effects of trailer popularity. "Our experience so far with trailers and tourists camps has convinced us they are going to affect the hotel business, also the renting of summer homes furnished; this, we think, will in turn also affect unfurnished, medium-priced homes," says an Asheville, North Carolina, realty concern.

Florida real estate men generally welcome the trailer as a strongly beneficial influence: "I consider house trailers to be a distinct benefit to a resort city like St. Petersburg," is a typical comment. "Trailers bring more people to our city; they are operating only one shift now, the majority expect to put on an additional shift during their approaching peak season. Almost without exception they are either making increases in the size of their factories, or have recently done so. Of a dozen major manufacturers of house trailers from Michigan to California, the smallest increase reported over 1936 production schedules was 50% and the largest 300%. Total U. Farmer-Labor Party Called Communistic

Reds Using Organization To Promote Cause, DAR's Told

WASHINGTON, April 22 (AP)—Daughters of the American Revolution heard the Farmer-Labor and communist parties linked today in an address by Mrs. Vinton L. Slason of Chicago, national defense chairman.

Discussing the growth of the Farmer-Labor movement, Mrs. Slason's prepared speech said: "Through the medium of this so-called American party, the communist party bides from within to accomplish its purpose."

That method, she said, is "far more dangerous to the welfare of this country than the open flaunting of the revolutionary purpose which for the present they choose to conceal."

Mrs. Slason advised the D.A.R.'s to work to have the communist party "declared by law an illegal party with no right to protection under our constitutional form of government."

She promised the support of her committee for continuance of compulsory military training in colleges and universities.

"The Daughters of the American Revolution consider the R. O. T. C. as a real peace agency," she said.

Mrs. Slason criticized "so-called peace groups" who support "repeal of the Oriental exclusion act, elimination of the use of armed forces in industrial disputes, repeal of teachers' oath laws and discretion to deny immigration powers."

D. A. R. delegates were casting their ballots today for seven vice-presidents-general. Eleven candidates were nominated for the places last night including Mrs. M. C. Turner, Dallas, Tex.

Mrs. Slason advised the D.A.R.'s to work to have the communist party "declared by law an illegal party with no right to protection under our constitutional form of government."

She promised the support of her committee for continuance of compulsory military training in colleges and universities.

Waters Yield Victim's Body

Fourth Victim Of Drowning Tragedy At Medina Recovered

SAN ANTONIO, April 22 (AP)—Chill waters of Medina lake, near here, gave up the fourth victim of an April 4 boating tragedy that claimed six lives, when the body of Samuel Johnston was found floating on the surface early today.

The body of James E. Stone, a retired railroad employee, was recovered yesterday afternoon, ending a three week vigil at the lake by his brother-in-law, James J. Stone of Harlingen. Those of two other victims, Mrs. Lucille Lamkin and Minnie Lee Johnston, 1-year-old daughter of Johnston, were found a short time after a sudden squall caused two boats to capsize.

Detective Jack Rice, who obtained a temporary leave of absence in order to search for the bodies, reported the finding of Johnston when he called an ambulance to bring the body to San Antonio.

The detective kept vigil at Medina primarily to recover the body of Johnston, whom he had reared from boyhood.

The bodies of Henry L. Lamkin and Leslie Bowens have not been recovered.

SELECTING JURY IN OFFICER'S TRIAL

NEW CASTLE, Ky., April 22 (AP)—Selection of a jury to try Brig. Gen. Henry H. Denhardt on a charge of slaying his fiancée was the work cut out today for attorneys of the commonwealth and the portly soldier-politician. Ten jurors have been tentatively chosen.

THE SPORTS CIRCUIT

Pigeons Race From Odessa To Cleburne

BY TOM BEASLEY

SOMETHING NEW in sports in this section of the country has been started in Cleburne. A pigeon race will be staged Sunday from Odessa to Cleburne, a distance of 300 miles. The winner of last Sunday's race from Colorado had a record of 120.5 yards per minute. The distance—300 miles.

ALTHOUGH VICTOR in the opening Sand Belt league match, local golfers are not favored to repeat as champions of the six-team league. However, if they do manage to come through they will have permanent possession of the trophy. The locals play in Odessa Sunday.

The team was weakened this year by the loss of Eddie Morgan, but the heavy pounding Obie Bristow has been unlimbering his war clubs in an effort to keep the Big Spring squad near the top of the standings.

RUMOR HAS IT THAT R. R. Lacy, champion of Sweetwater's first annual invitation golf tournament, will move to California.

REPORTS FROM Abilene are to the effect that Coach Dewey Mayhew had such success in transferring Odell Herman from a wingman to a fullback that he is experimenting with Leonard Jorja, a giant tackle. Jorja has been shifted to the fullback post vacated by Herman and is showing promise of doing a pretty fair job.

MATTY BELL, in Bloomington, Ind., for a coaches round-up, believes that the coming football season will be the best since depression years. Interest in football is increasing, but still plays second fiddle to baseball.

Charley Urso, manager of the Monahan baseball team, has offered \$50 to anyone hitting a home run over the left field fence, a mere 560 feet.

Hal Sayles, one of the Abilene sports scribes, makes a stab at guessing winners in the region 2 track and field meet to be held Saturday in Abilene:

120 yard high hurdles—Kim-brough, Abilene, a shade over Rouchie, Sonora, and Henson, Roby.

100 yard dash—Harry Hays, San Angelo, to top a closely bunched field of Tidwell, Blagg of Brownwood and Dye of Brady.

880 yard run—According to the records, it should be fairly easy for Farmer, Mullins, who took first place at Brownwood in 2:04, only a half-second over the record.

220 yard low hurdles—Hays, San Angelo, in a breeze.

440 yard dash—Calley, Brady, looks like the boy to beat.

220 yard dash—Tidwell, Abilene, gets a shaky vote over Dye of Brady and Hays of San Angelo.

One mile—The clippings point to a victory by S. Groggan, Buffalo, but lots can happen while the lads are circling the track four times. Grady of Roscoe and Fenton of Crowder (provided he has discarded

HORNBSBY TURNS BACK YEARS AT BAT FOR BROWNS

BANGS OUT HOMER AND 2 SINGLES

By SID FEDER

(Associated Press Sports Writer) Old Pop Time is scared silly. Rogers Hornsby has the old fellow ready to wrap up his whiskers, toss away his scythe and give up.

The sage of St. Louis stayed on the bench for all but two games last year and Pop figured the Rajah, at 40 and with 22 years in the big-time back of him, was all washed up.

So Hornsby stepped up to the plate yesterday, banged out the home run and two singles as his Browns opened their 1937 baseball wars with a 15-10 clouting conquest of the highly regarded Chicago White Sox.

The one victory didn't change the status of the Browns in this year's American league race. They held the day's spotlight, largely because all the other clubs in both leagues were raised out, but they remain 100 to 1 shots in any book, strictly because the Browns pitching staff is anything but that.

But Hornsby is still there when the chips are down. Maybe it was because he's getting ready to celebrate his 41st birthday next Tuesday.

Plays Errorless 9 Innings In addition to his batwork he played an errorless nine innings at second base, but it was the big stick he wielded, and the definite evidence that he's still the shrewdest trader in the business that stole the show.

In his Browns' lineup were Shortstop Billy Knickerbocker, Outfielder Joe Vossnick and Pitcher Oral Hildebrand, all obtained from the Cleveland Indians this winter in exchange for Lyn Lary, Lue Solters and Ivy Paul Andrews.

Knickerbocker led the way with two doubles and a pair of singles, driving in four runs. Hildebrand, although giving up 17 hits, went the route and contributed a two-run double to the 22-hit barrage.

4th in Record Book Hornsby, who trails only Cobb, Ruth and Gehrig in the number of times his name appears in the record books, boosted several of his marks yesterday. His appearance was his 2,240th game and put him in the 23-year class, tying Rabbit Maranville and trailing only Eddie Collins, Rod Wallace and Ty Cobb.

His homer was his 302nd. He boosted his hits batted in total to 1,399, his extra-base hits to 1,093, his total bases to 4,695, and his hits to 2,912. And his three-for-five certainly didn't harm his .359 lifetime batting average.

Brooklyn Is Still Highly Regarded For Kentucky Derby

By ORLO ROBERTSON

NEW YORK, April 22 (AP)—Although decisively beaten in his three-year-old debut, E. R. Bradley's Brooklyn has not lost caste where the Kentucky Derby is concerned.

The highly regarded son of Blue Larkspur, rated Bradley's No. 1 candidate for the May 3 renewal of the turf classic, finished third, behind his stablemate, Billionaire, and Edward W. Duffy's Grey Gold, in a mile and a sixteenth test at Keeneland park yesterday.

Frank Shannon, layer of future book odds, dropped the Bradley ace only a notch, however, quoting him at 8 to 1 as compared to 7 to 1 against Mrs. Ethel V. Marx Reaping Reward and 1 to 1 against the favorite, J. H. Loucheim's Pom-poon. The New York bookmaker lost no time, however, in slashing Grey Gold, also running for the first time this year, from 200 to 40 to 1. Although Billionaire was closest to Grey Gold at the finish, he remained at 20 to 1.

Both Billionaire and Brooklyn kept within striking distance of the head of the stretch, but failed in the final drive, as Grey Gold, which failed to win a race in 14 starts last year, went on to finish two lengths in front of Billionaire.

YESTERDAY'S STARS By the Associated Press Harland Clift, Billy Knickerbocker, Rogers Hornsby, Brown Clift hit homer, two doubles, two singles; Knickerbocker had two doubles, two singles, drove in four runs; Hornsby, two singles, two doubles, in 15-10 victory over White Sox.

ed those cheap tennis shoes for spikes) should provide trouble. One mile relay—This one is easy. Brady all the way.

Pole vault—McKenzie of Goldthwaite should win, but he'll be pressed by Austin of Balch.

Broad jump—Til take Kimbrough in this one despite his poor showing in the district meet.

Discuss and shot put—James Thomason, Brownwood, with the greatest of ease.

High jump—A toss-up between Hickman of Robert Lee, Clements of Eldorado, Anderson of Olden, Dillard of Hamlin, Henson of Rojo, and maybe some more, who know Javelin—Barnett of Brady.

Ruffing Ready To Arbitrate His Baseball Holdout Dispute

CARDINALS SEND YOUNGSTERS TO WRAY QUERY AT MIDLAND

EDITOR'S NOTE:—This is the first of a series of stories on teams in the West Texas-New Mexico league. Others will appear from time to time.

Manager Wray Query of the Midland baseball team, putting the finishing touches on his new park and club house, will have everything "ship-shape" Monday when the St. Louis Cardinal "youngsters" arrive for training.

Query has been assured by Cardinal officials that the team is ready to go even in Class C, a notch higher than the West Texas-New Mexico league.

The "old man" of the team is 21, the average 18. A glance at the roster shows that the Cards went in for youth and size.

A check of the roster shows a left hand hitting first baseman, third baseman and right fielder, with the second baseman being a switch hitter. All the rest of them swing from the right side except one pitcher and a combination pitcher-outfielder. Only one man on the team throws left-handed and that is the pitcher-outfielder. The regular moundmen, five in number, all chunk with the right fist. A number of local boys are ready to show Manager Query how the game should be played.

The Midland roster—as it stands today:

Name	Nickname	Pos.	Age	Wt.	Ht.	B	T
John Burleson (Whitey)	1-B	20	165	6-0	L	R	R
Albert Orr (Al)	2-B	19	165	5-10	B	R	R
Melvin Serafine (Mel)	SS	18	155	5-10	R	R	R

Jerry Stein (Rabbit)	SS	18	155	5-9	R	R	R

Athletes Crowd Des Moines For Relays

Texans Get "Feel" Of The Drake Cinders

DES MOINES, Ia., April 22 (AP)—Track and field stars from all parts of the country moved into Des Moines today for the opening of the twenty-eighth annual Drake relay meet.

Some 2,000 university, college and high school competitors will be here. One hundred and eighty-four schools, second largest entry list on record, are entered in the mid-west's greatest track carnival.

Sun-bronzed young men from California and Texas were among the first to get the "feel" of the Drake cinders. The University of Texas' crack sprinters, Whittier college's relay team, and Fresno State college entries were among the squads working out.

Archie San Romani, who breezed by Glenn Cunningham at the Kansas relays last week, will go after a new world mark for the mile and a half against the Rideout twins, Wayne and Blaine.

Six athletes who competed in the 1936 Olympics will be here. They are Sam Francis of Nebraska, Mack Robinson of Pasadena Junior college, Alton Terry of Hardin-Simmons, Lee Orr of Washington State, Harold Cagle of the Oklahoma Baptists and San Romani.

YANKEES REFUSE TO BUDGE

NEW YORK, April 22 (AP)—Convicted that open warfare is not getting him anywhere, Charley (The Red) Ruffing is willing to arbitrate his baseball holdout dispute, but the New York Yankees apparently aren't having any of it.

Red says he is willing to come down in his salary demands for 1937 from \$18,000 to \$15,500, if the Yanks will come up a like amount in their offer of \$15,000 flat. But the world's champions announced they aren't giving an inch.

Ruffing made his gesture at his home in Chicago last night. In New York, club Secretary Ed Barrow pointed out that Charley had turned down the \$15,000 offer several weeks ago, and that, technically, that amount was no longer open.

Manager Joe McCarthy said the "club has made its last stand, now it's up to Ruffing to make his."

May Trade Red Meantime, trade rumors went the rounds, one of them putting Ruffing on the block for Vernon Kennedy of the White Sox. McCarthy, however, said the club definitely will not trade its 20-game pitching winner of last year's world champions.

Barrow said "we've received several offers, but we haven't been considering them."

Ben Daniels' Anderson Devils broke the day-old scoring record set by Settles by defeating the Elbow Raiders, 26-6, Wednesday night.

For two innings G. Grissom, Elbow manager and pitcher, kept the locals away from the plate, but they opened up in the third with a pair of counters, returned in the fourth for two more, and almost broke up the game in the fifth with 12 runs.

Bobby Savage was hit hard in the opening frame when he gave up five hits and as many runs, but he gained control and issued only one counter after that outburst. He struck out 13 men and issued three passes.

The Devils raked the offerings of Grissom for a total of 13 hits with Savage leading the parade with three leads.

Jupiter Pluvius 7, Big Leagues 1

By EDDIE BRIETZ

NEW YORK, April 22 (AP)—Wednesday's baseball score was Jupiter Pluvius 7, big leagues 1. . . It may not be news that Sten Suvio of Finland, 1936 Olympic champion, has turned pro. . . But it is news that he has been guaranteed \$2,000 per year, plus 66 2-3 per cent of what he earns, by his American manager, Emil Sarban. . . This is just about tops for an unproved fighter. . . Most of them sign up for \$500 per year or the customary 66 2-3 per cent. . . Apparently Sarbo believes the nice looking Suvio has what it takes. . . Van Ling Mungo, who turned in 15 runs for the Dodgers last season, thinks he'll repeat because his South Carolina auto license adds up to 15.

Walter Donovan, former secretary of the Florida racing commission, will be back in the racing game soon. . . He's to head the revival of the sport at Wheeling, W. Va. . . Connie Mack says his

young athletics are the best hustlers he has directed in five years. . . Latest hot baseball tip is to watch the Chicago Cubs. . . Reason: Phil Cavarretta is doing a swell job in the outfield and Augie Galan appears to have regained his 1935 form. . . Lester Patrick says his young New York Rangers will be Stanley Cup contenders for the next three years.

The way the Giants are running against Brooklyn makes 'em look like the Giants of the John McGraw days. . . Hot spots controlled by Jack Dempsey and Tony Canzoneri are fighting for business almost next door to each other. . . A block away is a place operated by Mickey Walker and Benny Leonard is looking for a spot in the same neighborhood. . . Mike Jacobs got a haircut and prepared to fly to Chicago to see how Braddock and Louis are coming along, but the weather was too bad. . . Bill Terry, who used to spot No. 8, now wears No. 30.

SPORT SPARKS

By FELIX R. MCKNIGHT

DALLAS, April 22 (AP)—Preelike and patterned after the Nuremberg, Germany, course, the two-mile track for the \$17,500 auto race at the Greater Texas and Pan-American exposition in July will be one of the world's most dangerous tracks, say officials. . . The course, in the heart of the exposition grounds, will have 45 degree turns. "U" turns and crash ramps made from bales of cotton. . . Topnotchers of the racing game will be entered, coming here after the Indianapolis classic.

Emptying the college mail bag: Publicist J. Willard Ridings of Texas Christian says reports have it Sammy Baugh will forsake his T.C.U. freshman coming job to accept a \$7,000 professional football offer. . . Watch for Texas Christian to book one of the Pacific slope's leading grid teams for 1940. . . The Christians will travel 7,000 miles and play in five states next fall opening against Ohio State at Columbus, Ohio. . . And Coach Dutch Meyer, president of Ward Wilkinson and Johnny Hall, juniors, will turn up as two of the best wingbacks in Christian history.

From Baylor: The baseball statistics research department reveals that in the 13-licking Baylor gave Rice, 22 Bruins came to the plate in one inning; Rice used three pitchers in the same frame; 72 Baylor's came to the plate in eight innings; each Bruin batted eight times in as many innings; 19 of Baylor's 32 runs were earned, and, despite the amazing run total, 14 Baylor's died on the sacks and 11 Owls were left parked.

Football is looking up at Texas School of Mines. . . The largest squad in history, about 35, has completed spring training and will be taken to Texas Tech for the Fiesta game April 30. . . Last year the squad was so small Coaches Mack Saxon and Harry Phillips had to join in scrimmages to fill out two elevens.

Racing notes: The Three D's stock farms chief releases, including Heffley, Kentucky Derby nominee, Gin Daisy, Liberty Scout, Top Billing, Casa Manana and others, leave Friday for Churchill Downs.

Liberty Scout, the stable's best juvenile, has been named for the Albany, Fla. and Sanford stakes at Saratoga; Narragansett, Washington-Bark-Arlington Park and Southwest Futurities and the Mayflower and Faneuil stakes at Suffolk Downs. . . He is tagged as the stable's new hope. . . Also a "rodeo" performer like Heffley, the speedster broke away on his last appearance, ran nearly a mile before caught, came back to win the race handsly.

Longview scored two runs on Catcher Steinbock's homer in the eleventh to defeat Tyler, Jacksonville batters thumped two pitchers for 20 hits to defeat Palestine 10 to 9.

Henderson put most of the burden on Pitcher Walter Schaffer, who struck out 15 men and hit a double and single to defeat Kilgore, 8 to 2. Texarkana, newcomer in the circuit, shut out Marshall, 2 to 0. Frierson and Burrage contributed homers for the victors.

ATHLETES VIEW SOGGY FIELD PHILADELPHIA, April 22 (AP)—Athletes from universities throughout the United States and Canada viewed today a sodden track and soggy field where they will seek to trim records tomorrow and Saturday in the University of Pennsylvania relay carnival.

FARLEY TOPS OKLAHOMA PROS ARDMORE, Okla., April 22 (AP)—Floyd Farley, Oklahoma City, topped Oklahoma's professional golfers today and was qualified for the Donald P. C. A. tournament after he shot a steady, unspectacular 154 in 36 holes of medal play at the Doral Hills club.

YEARLY LOSS—MILLIONS OF DOLLARS

It seems a curious thing that Texas farmers each year take a loss of their cotton crop that runs into the millions. Unheard of, you say.

And yet E. A. Miller, agronomist of the Texas extension service, estimates, in a study of the quality of Texas cotton for the years 1928-35, that in length of staple, growers of this state are suffering that much loss of income.

"For each year of the six-year period 1928-33, the average staple length of cotton produced in Texas was shorter than that of cotton produced in the entire cotton belt," Miller asserts. "The average staple for Texas during the period was 15.04 sixteenths inch, while the average for the entire belt was 15.32 sixteenths inch."

"The difference in the length of staple may not look like so much when expressed in terms of sixteenths of an inch, but in dollars it represents an annual loss which runs into the millions."

Since the advent of the bollweevil, Texas cotton has gradually lowered in staple length, Miller pointed out. Not only is this cotton produced in competition with foreign countries using cheap labor, but also any continued production of cotton of such short staple will necessarily be reflected in a lowering of exports. In 1936, Miller finds, nearly 61 per cent of the Texas cotton area was less than fifteen-sixteenths inch staple. Of this amount about 21 per cent was underlength on staple and 5 per cent on grade.

There has been much complaint and widespread discussion on the continuing decline of foreign markets for the South—and Texas—cotton. In spite of all argument directed at labor costs, tariff problems, new deal policies and all that sort of thing, the fact remains that poor staple and grade of production is a large factor in this loss.

To be sure, Texas is paying more attention to improving the length of its staple. Farmers, 4-H club boys, ginners, bankers, merchants and brokers are interested in methods to improve the class of our money crop. In Howard county, efforts are being turned to one-community variety programs, whereby improved lint may be produced. It is all a slow and tedious process; but that fact should not deter a coordinated program for production of better cotton.

If farmers—and all the rest of us affected by cotton prices—could see the short staple yield in terms of millions of dollars annual loss, perhaps more attention would be given to improving our cotton.

+ Man About Manhattan +

By GEORGE TUCKER

NEW YORK—All of the usherettes at the Hudson theater are really actresses, marking time there between engagements. They're Rosalind Gordon, Beatrice Price, and Helen Mantell. When the curtain is up they criticize the play and then send their suggestions backstage.

Raymond Paige is a successful musical director. Nevertheless he has been prohibited from using a radio in his car. This happened after Paige ran through three consecutive red lights, so charmed was he by the music emanating from his own dash-board. The judge awarded him a year off from having dials to tinker with while motoring.

Ed Wynn is an expert billiard player and his ambition is to beat Willie Hoppe in a match. Myrtle Vaile has lost several small fortunes in millinery shop investments. Clarence Muse refuses to pass a cemetery if it can possibly be avoided. Francis White strained her voice biding at a cattle auction at Covina, Calif., recently and was compelled to cancel an important recital.

A query concerning Greta Sloan, recently with "Stage Door," formerly of "Jubilee" and "Life Begins at 8:40." Well, she's at the Astor, on Broadway. Frank Black has a shooting gallery in the basement of his home, and he is an expert marksman, which may or may not be of interest to critics who write unfavorably about his music.

There's a copy of "Gone With the Wind" for 25 cents in one of the second-hand bookstores in 6th avenue. But there's a catch to it—nearly a third of the pages are missing.

It is Sydney Rayner who points out the fact that major headlines of 1937 have all revolved around six-letter words: Hitler, Edward, Courts, Stalin, Strike, Unions, Judges, Murder.

Recently (in fun) Jack Benny took a crack at Fred Allen. That was after the Waukegan broadcast. And next day, Who's Who invited Allen to send in his biography.

Add hobbies: Peter Van Steeden, raising tulips; Morton Bow, presenting his friends with hand-carved book-ends; Grace Moore, glamorous evening gowns.

There's a famous collection of shoes at the McAlphin, which is a way Broadway has of paying homage to its stars. In Hollywood, you know, the thing to do is have the imprint of your foot in cement before one of the big theaters there. Shoes actually worn by celebrities are on display here. Helen Hayes, for instance, are flanked by the spiked sneakers of Ty Cobb and the dancing pumps of Fred Astaire. Foot toggery owned and worn by other celebrities includes that of Lily Pons, Katharine Cornell, Gladys Swarthout, Fanny Brice and Jack Benny. It will never be complete, however, unless they obtain the barges worn by Charlie Chaplin.

New York hack drivers are probably the most musical on earth. There are 17,000 now with radio-equipped cabs.

News

BEHIND THE NEWS

By PAUL MALCOLM

Copyright, 1937, by Paul and Malcolm

Budget estimates held less promising than message.

Face value of the figures termed deceptive.

Based budget next year deemed impossible.

Roosevelt held to have taken a middle course.

The figures were certainly too small for clarity legislators to read with their aging eyes, but some of the younger congressmen could make them out with the use of glasses. Their conclusion was that perhaps the figures should have been in even smaller type.

The specific estimates disclosed far less promise of expenditure curtailment than did the written message.

For one thing, these figures showed President Roosevelt's new budget on the whole is about \$68,000,000 more than the one he submitted in January. Also, the appropriations he is seeking are only about six per cent less than the expenditures now contemplated this year.

Bookkeeping

The basic story of the budget was not even evident to good legislative eyesights from a face analysis of the fine print figures. They needed a pencil and pad to figure it out, and some of them are still at it.

The uncertainty in the face value of the figures is amply illustrated by one extreme instance:

Off-hand they appeared to show a curtailment of some \$275,000,000 in the supplemental items of the revised budget, meaning the odds and end of government expenses.

The \$450,000,000 total of the January budget was shown to be cut to \$175,000,000 in the revised one.

But a footnote on another item (not in this one) indicates the new figure does not include CCC, as the old one did. This time, CCC is listed separately. So, if you add in CCC, the \$275,000,000 saving in the odds and ends estimates really is a \$75,000,000 loss.

Instead of disclosing a disposition to curtail sharply, the odds and ends item really indicated a disposition to let things slide.

The whole set of figures is more or less like that.

Nutshell

Thus, the layman and the expert are likely to get two opposite conclusions about Mr. Roosevelt's proposition. The layman will note that the president "regards it as extremely important that we should achieve" a balanced budget next year and is appealing to congress to help him. Analysis generally will agree that a balance is wholly impracticable from the figures.

What Mr. Roosevelt seems to be doing now, in its simplest terms, devoid of elusive figures, is this:

He intends to hold down expenditures, not to cut appropriations. He intends to block extra-budgetary appropriations by congress this session to whatever extent he later may choose. He is saying to congress: "You go ahead and pass the appropriation bill for next year, limited to the amounts I told you last January, and I will try to balance the budget by spending less than you appropriate, and by picking up some money on refunds received by the government on RFC loans, etc."

The whole implication clearly is one of "spending no more than necessary" rather than "active curtailment." The budget is still on the basis of "need," rather than income.

Mr. Roosevelt is taking a less serious view of his budgetary situation than federal reserve board Chairman Eccles has taken, for instance. All hopes of a real reduction in relief appropriations is over for another year at least. To all who are clamoring for a balance, Mr. Roosevelt is merely saying: "Just leave it to me."

Determination

Strictly under your hat, two of Mr. Roosevelt's legislative consultants protested the tone of the message to him before it was delivered. They said the relief figure was too high; that he need not spend \$1,500,000,000 together with the money he will have left over from this year. They counseled him to cut the figure to a flat billion just for the sake of appearance. It would have a beneficial effect, to show he meant business.

This and several other less important recommendations of the consultants were turned down cold. As a result, there is likely to be an unexpected and unusual inside movement in congress to readjust the figures submitted by the president in several ways.

Reason

The officially whispered explanation of the president's stand is that he was caught between two fires. The governors and the mayors out in the country have been doing everything in their power to keep the federal treasury grab-bag open for themselves. The state and city officials wanted \$2,000,000,000 for relief. A small group in the house is propagandizing for \$2,400,000,000, or some such sum.

The president apparently decided to take the middle course again. It would appear he landed about half-

way between the pork barrel crier and the budget ballancers, thereby satisfying no one, and clearing nothing.

Hollywood

Sights and Sounds

By Robin Coons

HOLLYWOOD—The Hollywood accent today is on accents, notably the French.

While Representative Dickstein argued in Washington on his bill to restrict the importation of foreign artists, Hollywood already was in the midst of such a harvesting of foreign talents as it had not known since pre-talkie times.

When Maurice Chevalier left, the French counted for little in the Hollywood cash register until Simone Simon and Charles Boyer chalked up decisions. They have been followed by Fernand Gravet (strictly speaking a Belgian), Elise Argall and Germaine Aussey. Annabella—that's all—finds the welcome mat out since her "Wings Of The Morning."

Flopped At First

The current vogue for foreigners is in contrast to the celebrity with which they were depicted in early talkie times. Emil Jannings, Conrad Veidt and Vilma Banky were among the leaders who called it a day in English-speaking films. Many supporting players—typically Armand Kells, Mischa Auer, Albert Conti—either spoke English well enough to stay on or learned it, but Garbo and Jean Harlow were among the few stars who held their own—until Chevalier from France and Dietrich from Germany started the new "foreign invasion."

The English accent already had become a thing to be imitated, if possible, but Britons came and triumphed despite that. Leslie Howard, Herbert Marshall, Merle Oberon, Errol Flynn, Freddie Bartholomew, Reginald Owen, Basil Rathbone, Margaret Grahame, Robert Donat, Douglas Walton, Patric Knowles and Heather Angel are among the British with positions more or less secure in Hollywood.

Foreign Talent Liked

Hollywood thinks a great deal of foreign talent—but only when the talent clicks at the international box-office. Sam Goldwyn spent a fortune on Anna Sten's career, but seemingly to no avail. Warner's exploited Lili Damargy, but she made only one film here. Fox tried hard to put over Lillian Harvey, who should have won but didn't.

The fate of any newcomer, foreign-born or native, may be the same. Metro did not know what it had in Laine (Rainer) until Myrna Loy walked out on a picture and Rainer took the role. She won the academy award this year. Her fellow Austrian, Paul Muni, did likewise.

Now that studio thinks it has something in Tilly Losch of Vienna (It has!) and in Miliza Korjus, of Swedish-Russian descent, as yet untried in films.

Goldwyn is trying again, this time with Sigrid Gurie, the Scandinavian. Paramount is plugging for Francaiska Gaal, another Viennese, and is furthering the career of Russian-born Akim Tamiroff.

Twentieth Century already has cashed in heavily on Sonja Henie of Norway, and hopes to find more Simones in Miles, Argall and Aussey. Somewhat less in the gambling spirit, this studio also is preparing to present the English Gracie Fields.

Young chickens should be vaccinated for chicken pox when they are from 10 to 15 weeks old.

56 For Exchange 56

WHY GO IN DEBT and pay carrying charges when I can trade you a used car for your livestock? M. C. Queen, located at old Lamar feed yard.

INCREASE IS SEEN IN CRUDE DEMAND

WASHINGTON, April 22 (AP)—The bureau of mines estimated today a daily average production of 3,332,900 barrels of crude oil would be necessary to meet the nation's demands next month.

The estimate was 89,900 barrels higher than April and 300,100 barrels higher than a year ago.

The bureau said daily average crude oil production for the 4-week period, March 6 to April 3, was 3,428,000 barrels, the highest sustained production ever recorded. Stocks of domestic crude increased 7,061,000 barrels during the period.

The bureau estimated motor fuel demand next month at 47,650,000 barrels, 13 percent higher than a year ago and 9 percent higher than a normal figure for May.

Since 1917, 84,878,000 copies have been printed of books written by Lenin.

The Brute Instinct

JOE, I SAW AN E-NOR-MOUS
MOUSE IN THE KITCHEN TONIGHT!
I WISH YOU'D SET A TRAP FOR HIM

OKAY, I'LL
GO DOWN

HE RAN RIGHT OVER MY FEET
WHEN I WAS SHELLING THE PEAS

SO? I'LL TAKE A LOOK.
MAYBE HE'S THERE NOW

HELLO, KID! COME
HERE, BOY. DON'T
BE SCARED

YOU SAW HIM! AND YOU DIDN'T
SET THE TRAP? WHY NOT?

'CAUSE HE WAS A CUTE
LITTLE DEVIL AND TAME
AS A KITTEN. WHAT'S THE
IDEA OF ALWAYS WANTING
TO KILL SOMETHING?

PA'S SON-IN-LAW

GOSH, WHAT A MEAL HE
PUT AWAY! THE POOR LITTLE
THING WAS HUNGRY!
UH—WAIT A MINUTE, SONNY,
I WANT MATT HAVE A
LOOK AT YA!

COME IN THE KITCHEN—
ROOM A MINUTE, PA—
I WANT YA TO SEE A
GOOD-LOOKIN' LITTLE
KID I PICKED UP! AN
WHAT HE HUNGRY!

W-WH—
HE'S GONE!

WH—MY AND WHAT
ELSE IS GONE?

AH! YER BACK!
DID YA TURN THE
TRICK, ANGEL?

SURE! THERE'S THE PROOF
OF MY HUNGE WITH SOME OF
HIS WRITIN' ON IT, AN HERE'S
SOME OF HIS WRITIN' PAPER
WHAT I FOUND IN HIS
DESK!

Pickup Seen In Demand For Motor Fuels

Oil Leaders See No Ob- stacle To A Success- ful Season

TULSA, Okla., April 22 (AP)—Leaders of the oil industry who sought to gauge the future were agreed today that prospects for labor difficulties had them concerned but they saw no serious obstacles to a successful season.

The seasonal pickup in demand for motor fuel was becoming more pronounced and the market was strong. There were predictions of gasoline prices increases in the immediate future.

Most executives who had no already settled the problem through agreement with labor's representatives felt that organization of their employees either under the A.F.L. or the C.I.O. was inevitable following the Wagner decision.

They were quick to point out, however, that disputes between employer and employee never had created serious difficulties in the industry.

The rank and file of employees questioned here seemed satisfied with present working conditions and hours. Many field men and refinery workers in this area seemed proud of their work and evidenced confidence of fair treatment by their employers.

Marland's Statement
Oilmen were surprised at the statement of Gov. E. W. Marland of Oklahoma that they'd best get the price of crude oil up or face a severance tax. Independent producers who have contended all along crude was selling entirely too cheaply were cheered over his statement.

Many refiners, despite their stand that the price of refined products has not kept pace with costs of production were forced to agree that an increase in the price of crude oil seemed inevitable in the face of present conditions.

In this connection it was noted

Thompson Seeks Chance To Make Ryder Cup Team

By BILL BONI
NEW YORK, April 22 (AP)—Since only an accident of birth bars him from a place on the United States Ryder Cup golf team, burly, hard-swinging Jimmy Thompson would like to see something done about it.

The blond bomber with the wrestler's shoulders and Hollywood profile sat in a hotel coffee shop today, gazing at a stray cigarette ash that drifted down his cream-diluted java. He chased the ash with a spoon, then said:

"After all, except for the fact that we were born in Scotland, Harry Cooper and I are Americans. We came over on the same boat in 1921, when I was 12 and he was 15. We learned our golf here, we're American citizens, we play our trade here."

"Naturally, we'd like to try our skill—and that 'we' includes older foreign-born American pros like Tommy Armour, Bobby Cruikshank, Willie MacFarlane, Willie Hunter, Mac Smith and Phil Perkins—against the home-breds. But we can't play with 'em on the American team, and we can't play against 'em on the British side."

The obvious solution, Jimmy holds, is to stake a team match between the two divisions of American professionals. Approval and assistance would have to be given by the P.G.A. and the U.S.G.A. Thompson believes the match would have to be staged soon.

That the Oil and Gas Journal's price chart showed the mid-continent tank car quotation for motor fuel at six cents a gallon, the same as last year, while the crude price was slightly over \$1.20 a barrel average as compared with \$1.10 the same week last year.

An indication that a trend toward overproduction was being felt in Texas because of heavy drilling campaigns was seen in prospects for a reduction in the state allowable for May.

Chairman C. V. Terrell of the railroad commission noted the bureau of mines increased demand estimate for May, 1,340,800 barrels daily, an increase of 42,900 barrels daily, already had been absorbed by the production of new wells. He warned against excessive drilling.

Fairview News

W. H. Meadow of Sherwood is in the Fairview community visiting his daughter, Mrs. L. Hopper.

Mrs. D. L. Knightstep has been at the home of her sister, assisting in caring for a sick child.

Mrs. Melvin Griffith is planning on moving to Big Spring this week. Her husband is now working with the railroad.

Mrs. Curtis Gayler and son, Bud, spent Thursday evening in the J. W. Wooten home.

D. F. Bigony was in the community this week looking over his farm.

Regular church services will be held this Sunday. Rev. W. C. Williamson, pastor, will fill his appointment at the 11 a. m. service. Sunday school will be at 10 a. m. Everyone is invited to attend.

"Personal Grooming At Home and Abroad" was the subject discussed by members of the Fairview home demonstration club Thursday, meeting at the home of Mrs. W. A. Langley. The roll call was answered with bits of information on personal grooming, and this was followed by a talk by Miss Lora Farnsworth, home demonstration agent. Mrs. Ray Smith gave a report on the county council meeting. Announcement was made concerning the one-act play contest to be held in Big Spring on April 27.

Those attending the meeting were Mrs. W. H. Ward, Mrs. Ray Smith, Mrs. J. G. Hammock, Mrs. Cabot Hammock, Mrs. L. J. Davidson, Mrs. J. W. Wooten, Mrs. Roy Turner, Mrs. Charles Creighton, Mrs. Helen Davis, Mrs. Cletis Langley, Mrs. Morris Wooten. Refreshments were served at the social hour. The next meeting will be on May 6th at the home of Mrs. M. L. Roland.

PRIZE LETTER
Mrs. Ed Johnson of Fairview wrote the following letter to a farm magazine, with which she won a \$5 prize:
Some years ago my husband

bought me a Jersey milk cow costing \$40.
She then had a heifer calf five weeks old and from this source I have profited much. I have sold \$400 worth of cows and have two milk cows from the same cow now. I sold the mother cow for \$40 after keeping her eight years.

I have canned four beets valued at \$25 each after canning.

I gave my neighbor milk for a bunch of pigs and in return she gave me a pig that I raised to weigh 500 pounds. Milk was a big part of its feed. I sold cream and bought other feed for the pig.

With proceeds from my cow I bought 50 purebred Plymouth Rock chicks. I raised 40 of them and milk was the main part of their feed. From sale of eggs I got to furnish our table with what groceries we needed outside of my home-canned food.

Friends, you cannot eat cotton but you can eat milk and butter; so why not have a few milk cows that will profit you something instead of planting every acre in cotton?

ITEMS FROM MOORE

Mrs. C. C. Harris gave a party last Tuesday afternoon for her pupils. Each pupil brought a picnic lunch and following a short program they all spread lunch in Baker Merrick's pasture. Those present were the following parents and pupils: Mrs. W. P. Petty, Mrs. Curtis Wray, Mr. and Mrs. G. C. Broughton and son, Robert Wayne, Mrs. D. W. Adkins, Mrs. W. H. Ward, Mrs. M. E. Newton and son, David, Jim Smith, Miss Lois Fields, Miss Ruby Petty, Mrs. J. A. Farwell, of Stanton, Miss Mary Petty, Raleigh McCullough, Bob Fields, Edith Brunson, Margaret Adkins, Dorothy Jones, J. W. Payne, Alvin Hudgens, Billy Ward, Billy Sullivan, Clifford Stewart, Rosalia Wheeler, Cleo Hudgens, Rosalia Gonzales, Wayne Turney, Edd Burchett, Norman Newton, Johnnie Mae Digby, Delbert Shultz, Frank Goodman, Billie Snider, Dorothy Lee Broughton, Colleen King, Merle Wray, Jacqueline King, Alton Popham, Pauline Petty, Paul Fields, Dennis Brunson, David Wheeler, Bob Adkins, Cleo Carter, Jackie Watts, Viola Petty, Vera Dean Payne, Joyce Payne, Pauline Wileman, Eva Mae Turner, Dollie Jones, Bill Newton and others.

Miss Louise Douglas, teacher of the seventh and eighth grades, will present a play entitled "The Ranch On the Sunset Trail" here on Friday night, April 30. The cast will include Eva Mae Turner, Lovada Schultz, Jackie Watts, Helen Sulder, Dollie Jones, Cleo Carter, Pauline Wileman, Viola Petty, Leo Hull, Jim Grant, Victor Watts, G. C. Broughton, Lawrence Adkins, Asa D. Couch, Billie Bom Maramore, Jack Payne.

The Bluebonnet class of the First Christian church in Big Spring will bring a play here Friday night, April 23.

Ray Phillips visited relatives here last week. He has worked at San Antonio, Houston, Fort Worth and Phoenix, Ariz. in the past and has left recently for Shreveport, La.

Friends of Mrs. C. C. Harris regret to hear that her father who lives at Stanton, is seriously ill and has been in the hospital at Big Spring.

Mr. and Mrs. L. E. Lomax of the Lomax community visited their daughter, Miss Twila Lomax, last Wednesday afternoon.

Miss Margaret Wheeler spent last Saturday afternoon with Miss Marguerite Clendenning in Big Spring.

Mr. and Mrs. Joe Hull and daughter, Miss Gertrude Hull of Robey, visited Mr. and Mrs. Ed Hull and son, Leo, last week-end. Those coming with them were Misses Flora Mae Burke, Willis Deane and Glenda Jean Knox.

Mr. and Mrs. J. W. Payne and L. R. Gafford, Mrs. Payne's father, left last Thursday morning for Kress. They plan to stay a few days with relatives there.

Miss Ardith Eyrd, who is teaching school at Klondike school near Lamera, brought her harmonica band to Moore for a concert last Thursday afternoon. The band was composed of six harmonica players, the pianist, and Miss Eyrd, band leader. Band numbers were: "Old Folks at Home," "Rock of Ages," "America, the Beautiful," "Jesus, Lover of My Soul," "Oh Susannah," "Jesus Paid It All," and "Silent Night." The members were attractively costumed in blue and white military-style suits.

Teachers have been elected for next school term. They will be as follows: Miss Arah Phillips, Miss Twila Lomax, Miss Louise Douglas, and Mrs. Jack Edwards, all re-elected. Misses Arah Phillips and Twila Lomax have been teaching here for four years, Mrs. Edwards for two years, and Miss Louise Douglas taught here for the first time this year. Mrs. C. C. Harris, teacher of the fifth and sixth grades this year, plans to return to Brown next year.

Miss Marguerite Clendenning of Big Spring spent Saturday night with Misses Margaret and Callie Wheeler.

Mrs. W. P. Petty and daughters, Misses Mary, Ruby and Viola Petty, visited Mr. and Mrs. H. T. Burnett and daughters, Dorothy Mae and Mary Frances, at Richmond last Sunday.

Mrs. J. W. Phillips, who has been seriously ill for the past few days, is recuperating.

Rev. B. G. Richbourg will be at Moore Friday afternoon, April 23

at 2.30 to give a lecture on Milton's "Paradise Lost." There will be no admission charge. Rev. Richbourg gave a lecture here two years ago on "Ben Hur" and pupils and teachers are eager to hear him again.

Baker Merrick is having a paint job done on the roof of his home. C. C. Harris is doing the work.

Those from this community attending revival services at the Tabernacle Baptist church in Big Spring last Tuesday night were: Mrs. W. P. Petty, Mrs. J. H. Jones, O. A. Goodman, Mr. and Mrs. Davis, Sisson, Mr. and Mrs. R. M. Wheeler, Misses Lillian, Wanda and Gladys Goodman, Geneva and Irene Brown, Virginia Sullivan, Ruby, Mary, Viola and Pauline Petty, Patsy Sisson, Geraldine.

Jones, Margaret, Callie, Roberts, Dora Lee and Louise Wheeler, O. A. Jr., J. H. and Frank Goodman.

Miss Louise Douglas was in charge of chapel exercises last Monday morning. The time was spent in recitations from the various music classes, instructed by Mrs. Jack Edwards.

Mr. and Mrs. M. L. Rowland visited their daughter and her husband, Mr. and Mrs. Jack Daniels, and children, at Lomax last Sunday afternoon after song services there.

A bluebonnet bed is being cultivated on the school campus as one of the several campus beautifying projects now under way at Moore.

Teachers and pupils are planning

a Mothers' Day program for Mother's Day on the second Sunday in May.

The Parent-Teacher association met in regular session Monday night of last week with the president, Mrs. W. H. Ward in charge. New officers were elected for the next school session. Mrs. Dennis Hayworth was chosen president; Mrs. Doyle Turney secretary, and Mrs. Lester Newton vice-president. Present officials are Mrs. Ward, president, Mrs. H. M. Newton, secretary, and Mrs. J. L. Lusk, vice-president. The new officers will be installed on the next regular meeting night, May 3. The P-T-A has had a very successful year this session. Some of the outstanding achievements: Purchased saws, built a concrete tennis court,

paid off past due vouchers amounting to \$50 to the teachers, installed picture machine for visual education, lettered girls' basketball team supplied all playground equipment for school, installed heating system in gymnasium and purchased rhythm band instruments for primary grades. The following program was given last Monday night: Play—Mrs. Harris' students; lecture accompanying slides on Caribbea Caverns, Miss Louise Douglas; comedy lecture story on "Little Black Sambo," Miss Twila Lomax. Swagaters were presented by Miss Arah Phillips to the following basketball team members: Geneva Brown, Lois Fields, Callie Wheeler, Dollie Jones, Lovada Shultz, Irene Brown, Rosalia Gonzales, Dorothy Lee Broughton and the coaches, Misses Arah Phillips and Anna Smith.
