FHA SPONSORS TALENT SHOW TONITE IN WHEELER

Wheeler's Future Homemakers of America will sponsor a Talent Show tonight, April 18, 1991, at the High School Auditorium. The entertainment will begin at 7:00 P.M.

The event is open to anyone wishing to perform before the public. The talent includes songs, dance, comedy, piano, lip sync, etc.

Admission will be \$1.00 for adults and 0.50 for students. For an evening of entertainment for the entire family, be at the auditorium tonight.

CWE CHAT WITH EDITOR

By Louis C. Stas

Congratulations to all the students on their success in the District U.I.L., both academic and sports. We are proud of you. Good Luck to those continuing.

Plan to be at the Talent Show tonight; it promises to be entertaining. We have lots of talent in this area and some of the best will be on the stage.

The 0.16 inches of rain measured over the weekend was much needed, but that is the total for the month. The May flowers may be few and far between.

The ads are being sold for Wheeler's Ex-Student, Teacher handbook. Liz Shipp is in charge of the advertising. If you are not contacted, please give Liz a call at the First National Bank in Wheeler. Here is an excellent opportunity to greet your former classmates and teachers.

The event is scheduled for Saturday, June 8. You should already be making plans to be in attendance. Letters have been mailed to those outside the county and the locals are asked to fill in one of the forms found in the Times. A 'head count' is needed for the meal, so be sure to sent in your reservations.

Mobeetic Ex-Students are also working on their reunion, scheduled for September. An effort is being made to construct a list of all the former students and their addresses. This is quite an undertaking, since the school dates back to the 1800s.

And, who knows what the outcome of the new school finance law is going to be. The Chamber and citizens are always interested in attracting industry to the county; we are told time and time again to build on what we have. Have you stopped to think of the impact the loss of the small schools in the county would have on the economy?

The article intended for page 8 last week remained in the computer and in the haste to meet the deadline, was left in the computer. True, the legislature has passed a law to 'correct' the situation, but that is not the end of the story. We need to let the individuals in Austin know that we are not happy.

The Boosters Says THANK YOU!

The Mustang Boosters would like to thank everyone who contributed in any way to the success of the concession stand at the Wheeler Track Meet. A special thanks to the Boy Scouts for their building, to Steve Walker for his cooker and his help in assisting Larry Finsterwald and Kenneth Childress in cooking the hamburgers, to Beef Cattle for the donation of meat for chili, the Thursday Review Club for brownies and rice krispies, to all the workers and to all who supported the booster club by eating at the concession. If anyone has been left out accidentally, we apologize, and we do extend our thanks to everyone.

Hard backed books are from 10c to \$1.00. At these prices very nice additions to your personal library can be made for nominal costs. The public is also reminded that memorials may be sent to the library. Doner cards naming the sender will be sent from the library to the family of the bereaved. This is also a very nice way to honor someone still living.

This community is very fortunate to have a library as good as ours is. Your continued support and use of the facility make this program possible. We are grateful for your help.

Accreditation Team To Visit At Kelton

Members of an accreditation team from the Texas Education Agency will be available Wednesday, April 24, 1991, to meet with parents and patrons who have an interest in expressing their views and opinions about the Kelton Independent School District, according to Mr. Bill Crockett, school superintendent.

Interviews will be conducted by team members beginning at 6:00 p.m. in the cafeteria of the Main Building located at Kelton, Texas.

Every school district in the state is required by law to be visited by an accreditation team from the Agency to evaluate the quality of its educational programs and to determine what progress the school district has made since the last visit. During the interviews, emphasis will be given to the quality of instruction, and community support present on each campus in the district. Areas to be evaluated by the team include planning, curriculum, instruction, services to students, instructional resources, personnel, governance, community conditions, and physical facilities.

Psalm 27:1 The Lord is my light and my salvation, whom shall I fear?

Congratulations to Jimmy and Tammy Maddox on the birth of their new baby girl born about 3:30 Friday morning, April 12. Amber Dawn got in a hurry and was born about a month early, but she and her mom are doing great. We are so thankful! Amber weighed 5 lbs. 2 oz. and is 19 1/2 inches long. Remember them in your prayers. She is welcomed by a very proud big sister, Jennifer and grand parents Dean and Georgia Tipps and Bob and Alma Maddox of Panhandle.

Great grandmothers are Iona May of Wheeler and Lucille Tipps of California. Amber is a little cutie with short curly brown hair. Rita Pearson and Lindsey and David Helton and David Hale stopped by to visit on their way to Groom to the track meet Saturday. Willis and I also visited.

Got to brag a little: Our granddaughter, Lindsey Fillingim, won first in 400 and 800 meter runs at Groom track meet elementary Saturday. David Helton also ran the 400 and 800 meters, but didn't place. He's been sick.

Mary Lou Swigart won 3rd in 800 for Mobeetie. Jamie Trimble won 2nd in 100 meter for Allison and 3rd in 200 meter. Susan Davidson won 2nd in triple jump. All at the high school track meet at Groom Friday. Results in Saturday's Amarillo paper and Sunday's Pampa paper. First two places go to Levelland to regional.

Nice to have Jada Murray and Karla, Shelly and Buddy and Tommy Whitlow eat lunch with us Sunday.

Sunday dinner guests at Oden and Lois Hudsons were Ray and Pat and Mary Hudson.

So sorry to hear that Clay Adcock, Jr. was hurt pretty bad by a cow that he was trying to drive up the chute

and take to the vet. Edward was also hurt some, when he tried to help Junior, but was treated and released from Hemphill County Hospital. They took Clay Junior on to Amarillo to Northwest Texas Hospital Sunday night. Lois and Roy Meadows were visiting them Sunday afternoon when it happened, so they stayed awhile with Mrs. Adcock till Edward got back. Remember them all in your prayers. Junior has 6 broken ribs and one lung collapsed, but is inflated now. Edward is not able to drive. Jimmy Adcock and Jeremy Reames went up to visit Junior and took him some things Monday. her mom, Jewel.

We had a nice visit with a pleasant lady: Betty Dyer at Dr. Smith's office

Willa Fillingim spent Monday with her sister, Faye Sell, near Perryton. Tuesday she had a doctors appointment in Amarillo and was planning to visit Paula Reed and family. Willa planned to take her ferrets up to Canadian Thursday and visit Ruth Irvine's pre-first grade room and probably others.

Remember Mack Shields in your prayers. He's had a bad elbow and arm for over 2 months and has taken many antibiotics and had many treatments with little or no improvement. Thursday they did surgery to remove a vein that had lots of pus in it. Had a pretty long incision of several inches above his right elbow; stitched in the middle but ends open to drain. Amanda cleans the opening with a cotton swab and peroxide every day. Hope you are soon ok Mack.

The Briscoe School awards banquet will be Saturday, May 4 at 7:30 in the Briscoe Cafetorium. You may call Vickie Nelson, Rita Pearson, Sue Lehman or Gay Purcell at Briscoe school to reserve a plate so they will know how many to prepare for. Mr.

Kyleigh Trimble was a weekend visitor to Kirbie Kinnaman. Nice to have Kyleigh out to church with Debbie and Kirbie.

Bill Farnsworth is still improving. Expects to be taken out of critical care at High Plains Baptist Hospital and put in private room as soon as one available. Glad to hear Vinson Smith is doing well and in a room at Albuquerque Veterans Hospital following his by-pass surgery. Hopes to be home soon. Keep praying for Bill and Vinson.

Ray and Pat Hudson and Ma Mary hosted a fun 88-42 party Friday night with lots of delicious snack food. Guests were Roy and Lois Meadows, Edna May, Edith Donaldson, Doris Newsom, J.P. and Martha Meek, Gaye Hale, Evelyn Meek and Willis and Verna Fillingim.

Willis and I enjoyed going to the delicious community barbeque and supper at Allison Saturday night. So many friendly people to visit with, but too much good food for my limited will power. Big crowd there.

Had a nice letter from Cecil Reynolds. He has a nice garden going and will be teaching Drivers Education and coaching softball and baseball after school is out before coming to the panhandle to visit his mom, Lottie Reynolds and others. Cecil teaches math at Kopperl, Texas.

Heather Ratliff spent the weekend with Christy Flynn. Keith Ratliff was a weekend visitor to Granny Sue Reams in Canadian.

Nice to have Caaron Laverty, Jamey James, Sara Richard and Brandy Thompson eat supper at the Pizza Hut in Canadian Monday night to celebrate Caaron's 14th birthday a little early. Also nice visit with Brandy's mom, Mary Thompson. They are all real regular and active at the Church of Christ in Canadian. Nice to see Lacy Walker Horton working at the Pizza Hut. Glad to hear that Kyla and Misty Walker have moved back to Briscoe.

Virginia Aycock and Ronnie Hungate were married recently at Wheeler. Rev. Aaron Laverty performed the ceremony before family and friends. We pray God's best for you two.

Nice to meet Ray and Verline Currie and Tina and Maria Toten at Lone John Silvers for supper Tuesday night, celebrating the Curries' 17th wedding anniversary. Also there were Pat and Juanita Roberts from Canadian. At Wal-Mart we saw Margery Salmon, looking beautiful as always. She said Harrold was enjoying playing lots of

golf and had gained a little weight and was doing great. Also good to see Don and Cindy Zumstein and Carrie and William at Wal-Mart.

"A friend is there before you know it to lend a hand before you ask it and give you love just when you need it most."

Aaron Laverty's sister Mary and husband Bill Hooten from Heber Springs, Arkansas were visiting the Lavertys and other relatives. Nice to have them out to church Wednesday night.

Noticed a little crack in my dentures awhile back, so thought I'd better get more made before they came apart. I'd had my others over 31 years, so I'd forgotten how hard it is to get use to talking and eating with them. They are pretty and fit pretty well, but now I know why some people wear them in their pocket or a drawer somewhere. But I'm going to make it! Dr. Smith did a great job in spite of his hospital stays and other problems that were beyond his control. So if I look and talk a bit funny for a few days, bear with me!

Congratulations to Danny Nelson

for winning 3rd in Long Jump at Groom Friday. And to Dallas Fillingim for winning 3rd in 800 Meter run. Destrly James was second from Mobeetie. About 17 entries. Boyce Crownover won 3rd in High Jump for Kelton, Gary Bryant second in 3200 meter run for Kelton, and also 2nd in 1600.

The moment of truth has come. I'm very cold-natured so I've loved my warm, comfy (and concealing) jogging suits that I've worn nearly everywhere for months and going out to eat lots. But you wouldn't believe how much my summer clothes have shrunk just hanging in my closet!

Nice to have Tammy Francis and Michael, Justin, B. J. and Tamitha and Mary Jo Cotton eat at the Sonic in Sayre with is Thursday night. Justin will be 10 soon. Tammy is helping with laundry and greenhouse in Sayre.

Nice to have Sue Ratliff and Keith, Heather, Gabriel and Kevin and Pam come in for a visit Tuesday night. They were on the trail of a wayward cow. Good to visit with all. Gabriel is a beautiful baby with pretty red hair, fair complexion and big dark eyes, beloved by all.

Wednesday I was just starting to put broccoli cornbread in the oven, when I found that the bottom heating element in my built-in electric oven had burned out and wasn't heating. Didn't know where to find a G.E. replacement. A nice lady at Mel's Electric in Canadian thought she might have one if I'd bring the element in and would stay open till Willis got it out of the oven and we got up there. Nice of her! and nice of Willis to replace it. Also nice to see Warren and Valeska Harrington while looking for Mel's. They looked so well! I was back in business in little over an hour using my oven.

Nice surprise to have Jada and Shelly Murray drop in for lunch and a good visit Wednesday. They also visited some with kids at school and others. Jada and family moved to the old church of Christ parsonage in Briscoe Wednesday night from McLean. Some helping with painting and cleaning besides the family were Jimmy and Keri Nelson, Stacey and Jackie Dukes, Shawn Hunt, Tommy Whitlow.

SWEETWATER NEWS

By Mrs. Joe Flowers

Brendon Atkinson, Monte Tucker, Dustin Yowell, Monte Carlson, Jerry Robison, and Monte Sanders attended the FFA Speech contest last week. Brendon won first in the 8th grade group and will go to Lawton to compete in the district. Monte Carlson won 5th on his scrapbook.

Steve McCauley, weatherman from KVII, Ch. 7. Amarillo was to give a talk on storms and tornadoes last night but cancelled due to the area being under a tornado warning. There is a song "If We Make It Thru December". A better one might be "If We Make It Thru April". We elders all remember the Blizzard of 1938 that came howling in on April 6 to 8th. Then on April 9th, 1947 we blew away along with Woodward.

No one got very excited about our little tornado that began over by Sweetwater and ended near Grimes where it killed a Mr. Olson. We lost all our outbuildings and it moved the house off the foundation. We got one of our favorite family sayings then.

Those present at the club meeting were Birdie Whipkey, Loretha Roper,

Mary Bollen, Annis Hinchey, Clella Dye, Blanche Kuykendall and the hostess Leona Miller.

The Fabulous Strings and Things (The Erick Kitchen Band) had a busy Friday. Had lunch at Cheyenne with the Senior Citizens and entertained a while. Went up to the Nursing home for a program there and then back to the park where they were having the dedication of the Roll One Room School that has been moved to the park. Sure was a crowd. I didn't realize there were so many people in Roger Mills County that I didn't know. Sure was a nice day for a celebration.

Two members were absent due to deaths in their families, Jack Criswell and Margaret Boney. Basil Doss and

Hazel Francis were ill. Heard our friend J.B. Eakins is in. Heard our friend at OKC going to have bypass surgery Monday. Verna Ford wrote she was having knee surgery at McBrides Hospital.

Have you noticed all these pretty flower stamps with the capitol F honoring all the Flowers folks. That's probably the closest most of us will have a stamp named after us.

the St. Patrick's Day Parade at Shamrock and again at the Sayre Parade where he placed 1st in his division. Our firemen were very pleased to get some gravel around the barn.

Eva Cotts was out to see Dovie Wilson, and the Ed Logans. She stopped by in Erick to visit Mozelle Stanton.

We were pleased to see the Security State Bank got a five star rating. David calls it the Social Security Bank. Guess it is.

Saw Benje Burckhalter picture in the paper. Seems he is on an Intramural team playing at SWOSU.

We visited with Jack Wingfield, Julia Young, Beuna Davis, Mrs. Ples Kimberlin, and Jackie Wright in town. It's a sad fact that you have to go to town to see your neighbors.

Care Center Comments

By Lois

Sometimes it pays to share ideas to get out of a rut. It's good to visit with other Activity Coordinators from other homes and share successful projects that work for them. We're gonna try some new stuff!

Thank you so much to Verna Lanning for visiting the Care Center last Monday to serve juice and say hello to everyone. We certainly appreciate your time.

On Tuesday morning I spent some time decorating the dining room with ribbon and balloons for our party scheduled for later in the afternoon.

The First Baptist Church sponsored the April Birthday Party. Those having a birthday in April are Ed Walker, 1908 and Levie Sheegog April 30, 1905. Each received a brightly colored bunch of balloons. Thank you to Donna Velasquez and Beverly Bryant for being such nice hostesses. We all enjoyed delicious cake and punch and had a wonderful time.

Janice Sparlin and Peggy Hunt brought us a very good Bible Study lesson Wednesday morning. We enjoy their visits so much.

Our bingo volunteers on Wednesday afternoon were Doodie Phillips, Doraean Owen and Opal Hefley. We had lots of fun. Thank you to all these ladies.

Cledith Burrell and Francis Hefley were here also on Wednesday to serve juice and visit with everyone. Thank you both.

On Thursday morning Ila Collins, Fern Young, and Rozena Zybach came for their weekly Inspirational. Everyone always enjoys the music and fellowship. Thank you for coming.

Opal Hefley was so sweet to bring a special treat to some of the ladies last week. Callie Cabe, Zinnie Bailey, Ora Harcastle, Icyll Littrell and Lorena

Adams enjoyed homemade cornbread sticks, and egg custard. It fit so well with our noon meal and they loved every bite. Thank you for being so generous Opal.

Thursday afternoon Lajaune Alexander came to fix her usual delicious popcorn. Thank you!

Our good friend from Mobeetie Gladys Kysar brought a big bunch of lovely crocheted lap quilts. You can tell many, many hours went into making them. We appreciate them so much.

Part of Friday was spent writing letters for some of the residents who can't write as well as they used to. (Hope their friends can read my writing!)

Thank you to Mae Nash and Vida Brown for coming out on Friday afternoon to serve juice and say hello.

Sunday school was again presented by Jim and Melba Montgomery in the Sun Room. Thank you both.

Thank you also to Rev. Weldon Rives and members of the First United Methodist Church for providing afternoon worship at the Care Center on Sunday.

One of the suggestions for an activity that has been successful is coupon clipping so if anyone has any coupons you can't use send them to us, we'll clip them.

See Ya Next Week,
Lois

Mobeetie Ex-Students Hold Meeting
The Mobeetie Ex Students held their meeting and work day Sat., April 13 at the Lancaster Farm.
Supt. Gene Richards update the group on the school system as he knows it to be at this date. It doesn't sound too good for the smaller schools. He announced that April 22 Dr. Roberto Perez and Dr. Perry Spears of the State Accreditation Board will be meeting with the citizens of Mobeetie. They request that the school Supt. and school board members and teachers not attend. We found out that Mobeetie is classified as a rich school dist. He then had a question and answer period. One of the questions asked was about the trophies? Right now they are on display in the library over the bookshelves. We need a display case where they could be put on display better.
Waylon Newman President conducted the meeting. Minutes were read and approved.
Maurita Stribbling read a cute item for people born before 1945.
Wanda Williams Stringer gave a report on scrapbook committee. They need pictures and items for the scrapbook. It was suggested we have someone responsible to take pictures at the reunion.
It was voted to get our non-profit status and get our permit and stamp for mailing. It carried.
Ada Lou Lester was put on the mail out committee as chairman. We want to send out 1 letter before the reunion and one after the meeting.
Fund raising was discussed. We will have a jar for donations on the register table and the group voted to do a lone star quilt to sell chances on. Estella Hodges offer to put the quilt together and then the group will, quilt it at the Lancaster Farm later this summer. Bernice Hefley was put in charge of painting the plaques.
The group voted to have a special award to start this year and be carried on every year. If you want to know what it is attend the reunion.
Arica Lancaster is in charge of the door prize committee. Anyone wanting to donate a prize can get hold of her.
It was also suggested that we might want to start an Elsie Scribner Scholarship Fund but we need to wait till we learn more on the school bill.
We tabled on putting out a new permanent loose leaf book till next year.
Sallie May announced that the Senior class would be in charge of the meal again this year. It will be Barbeque and cost will be \$5 and \$2.50 12 and under.
The school will be open at 10:00 and classes ending in 1 will be honored and rooms will be available for classes.
We want this to be the biggest and best reunion yet. Also we want everyone to be thinking about the parade, dance and old settlers. It would be nice if every class honored was in the parade.
Those enjoying the salad lunch meeting and work day were Waylon and Nelda Newman of Lubbock, Ines Loveday of Tyler, Charlotte Hefley of Hedley, Wanda Stringer and Mary Sue Brewer of Amarillo, Tots Baird, Nathan and Nelda Glenn Lancaster, Betty Haines all of Pampa, Aline Corse,

Congregational Concerns:

This congregation will conduct the devotional at the Wheeler Care Center on this coming Sunday afternoon, April 21st. This devotional will be held at 3:00 P.M.
Elbert Zybach has been sick for several weeks. He is resting at his home.

From The Minister's Desk:
On April 2, 1981, this nation's third manned flight to the moon was launched. After a "hold" for the weather, Apollo 14 blasted toward the moon, carrying a crew of three spacemen.
After leaving the orbit of earth, the spacemen attempted to "dock" the command module with the lunar landing craft. But the first five docking attempts failed because the locking mechanism on the command module would not work. Then on the sixth attempt it worked and the "docking" was completed.
These first five failures of the locking mechanism on the command module almost aborted the moon landing phase of the mission. But after some study and experimentation at Mission Control in Houston, it was decided to "go" for the moon landing. And this decision was made with the complete knowledge that the reason for the malfunction of the locking mechanism was not known. According to one NASA official, the reason for the malfunction may never be known; it will probably remain an unanswered question.
My point is that an unanswered question did not abort a lunar landing. And it is a point that is also applicable to Christianity. There are some people who reject Christianity by saying: "There are too many unanswered questions about God for me to believe in Him." Yet the Apostle Paul emphasized that Christianity must be characterized by faith, not by sight: "We walk by faith, not by sight" (II Corinthians 5:7).
The success of Apollo 14 required that the gap between the known and the unknown be filled by faith. And an acceptance of Christianity requires the same element of faith. (Hebrews 11:6) It is true that there are many unanswered questions about God and life as He created it, but that does not mean He fails to exist. There is not a day that passes that we are not asked to live by faith. If we can do it with sophisticated space machinery, why should we think that the same principle is incredible when it is applied to Christianity.

Top 'O Texas Cattle Women's Meeting

The Top 'O Texas Cattle Women met at the Garretson Home in Panhandle, April 15, 1991, at 10:30 a.m. Carolyn Buckingham called the meeting to order, welcoming the group and thanking the administrator of the Home for their hospitality. Upon arrival, we were offered coffee, orange juice, and cookies.

The minutes of the previous meeting were read and approved as read. The treasurer gave her report of expenditures and receipts, with a total of \$3,489.18 in the treasury at present time.

Reports from the various chairpersons were given. Ravonda Hardcastle was unable to attend, but sent her report. She had received several short spot reports to use on radio ads for Beef for Father's Day promotion and other projects. The Father's Day promotion was discussed - a page of material is planned to be used in the Amarillo Paper, and Diane also moved that we encourage Beef Gift Certificates as gifts along with our other promotion. It was seconded by Nancy O'Neal and carried. It was reported that the Ag Day promotion Poetry and Posture contest that Ravonda planned had an Honorable Mention at the State Contest. The honor went to Destiny Swisher from Panhandle. Several poems and postures were received.

Anita Brown gave the Legislative Report, and urged the members to call their representative at Austin urging him to vote against the HB528, which gives total power over Texas Water to others than elected officials. Call your representative right away.

Nancy O'Neal announced a trip to Las Vegas had been secured for the Style Show to be held the first Saturday of September. After the discussion of the amended budget, Anita Brown moved we accept the budget, it was seconded by Barbara Meadows. It passed.

A Video, "The Changing Times" produced by the National Cattle Women was shown on the VCR that the Top 'O Texas Cattle Women had given the Garretson Home last Christmas.

We were adjourned to go to the Methodist Church where Dixie Surratt, a member from Panhandle had prepared a delicious meal for 14 members and 1 guest. Members attending were Carolyn, Diane, and Julia Buckingham, Vida and Anita Brown, Amy and Nancy O'Neal, and little Katie O'Neal, Mary Mitchell, Barbara Meadows, Lillith Brainard, Sandra Christner, Margaret Dauer, Bethel Robison, and Amelia Sims.

There will be at least three of our group going to help in the Texas Beef Cook-Off Contest in Kerrville, beginning April 25 through 27.

It's The Truth

By Ab Gunter

Was out in the yard trying to figure how where to start cleaning up so we could start mowing the grass. All the

flower beds are just full of sprouts of the different bulbs that have waited all winter to come out and bloom. Even the little Dandy Lions are getting ready to put on their show and the broken twigs of the maples are waiting

for someone to pick them up. I wuz sittin on a little bench under the leafless maple when I heard Mama (my little fat wife) yell to let me know it was nearly noon and for me to either get busy in the yard or get back in the

house, or get to work, she was tired of hearin me gruntin and groaning about the work that lay ahead.

I thought I was too old and feeble for all this heavy work and felt I should be sittin there restin so I could write this column. But the fifty 65 year old wife said I could either get to work helpin with the yard or get someone else to proof read this junk, fix my meals, do my clothes, clean up all the mess I usually leave behind the thousands of other things I had taken for granted that was what is called "Wife's work". Recon she's rite but I still don't like it. I could be down at the Freedom Mall gatherin news for my article.

We have had so much rain that our fence post around the Goat pen have started sprouting, and them post are made of iron. The other day Mama and I were going to Freedom and I mentioned the river was so full of

THE WHEELER TIMES

Wheeler, town of friendship and pride.

water it was just stackin up. Mama said what do you mean stackin up. I looked at her and said stackin up is when you put water on top of water. She didn't say anymore to me but looked at me as though I wuz a quart low. When we headed back home I thought of a way to show her that water did and could stack up. We got home and I got a big water glass and set it on the sink and filled it over full. Yep there it was she could see that water could stack up. This morning she still looks at me like I wuz a quart low, or one brick short of a load.

Back in the Panhandle of Texas and all the area around there the folks would have loved to have the overflow of our river water. It has been so dry there the folks call the conditions the Dirty Thirties. That was when it seemed the whole earth would blow away. Mama and I grew up in that area and we knew what it was like first hand. The dust would come in like a giant wall of earth. Honest you would see it rolling in from the North and the whole northern skyline would be black. Around you it would be so calm you couldn't believe such a storm just a few miles away just headin your way. It would engulf everything and was like night. Honest we would have to turn on the lights and even that hardly helped. The next morning everything would be covered with dust and sand, not just a little but a lot. I had dust pne (oh golly can't spell it) oh heck newmonia, twice and had to have wet sheet over the bed covering my head. There were several that died from it. That has been a mild dose of

what has been going on there at this time. Colie Parker's wife said they heard it was going to rain over at Reardon, OK and everyone planned on going to see it rain but was too much sand blowing and no one got to attend.

During the 30's I have seen many homes nearly covered by sand and wagons, plow tools, chicken houses and the Chick Sales were sort of under ground. Thousands of folks just up and moved to California with hardly enough money to get out of town and everything was piled in and on top of the vehicles. Nowadays folks would think it impossible but knowing the soil in that area, nothing is impossible. May the Good Lord let them have part of the moisture we had had.

Enjoyed the visit.
Love, Ab and Mama

LENINISM IS STIRRING IN TEXAS SCHOOLS

(Editor's Note: The following story was taken from the Phoenix Republic.) Leninism may be stone-dead in Eastern Europe, but it's stirring, blinking and scratching itself in Texas. Yes, good old freedom-loving, get-outta-my-way, blankety-blank-the-bureaucrats Texas!

What we're doing hereabouts is trying to uplift mediocre school districts by pillaging successful ones. These we've lined up against the wall, while the Legislature strip-searches them for property tax revenues. We're going to take the extra money they spend on their own pupils and pass it around to those who, sniff, sob, need it more. Who defines "need"? The state courts.

It's the educational equivalent of the Bolshevik revolution in Russia. It should prove just about as fruitful.

A certain degree of human sympathy is due the legislators, into whose chambers the state Supreme Court wheelbarrowed this noisome mess.

The Texas Constitution, 115 years old, says Texas must provide an "efficient" system of public education. No court for 113 of those years ever said this meant mandatory redistribution of local property-tax revenues.

Nevertheless, in Edgewood vs Kirby, decided in late 1989, the court pounced on the mathematically indisputable fact that districts with higher property values are able to raise more revenues than districts without.

Inefficiently! the justices hollered. In the next breath they told the Legislature to Do Something. The lawmakers voted \$2 billion over the next five years for poorer districts. These, unappeared, returned to court. The Supreme Court snarled again at the Legislature: Absolutely not; you have to redistribute.

This reminds us, I hope, that the nub of the school problem isn't lack of funds. Districts with less taxing capacity already receive compensatory monies from the state. (The spending gap between the "wealthiest" and the "poorest" districts averages less than \$1,000 per pupil.)

No, the nub of the problem is Envy—second of the Seven Deadly Sins. The litigants don't just want more for themselves; they want others to have less. Their spokesmen in the state capital are toiling to make sure this happens.

One reason they toil is that many of the "poorer" districts—including Edgewood, lead district in the lawsuit—are Mexican-American. Democrats, who presently control the state government, can't afford the appearance of "insensitivity". Anyway, Texas whites increasingly vote Republican. To hell with them!

The state Senate's creative plan calls for rolling the state's 1,052 local districts into 20 taxing regions for more efficient rapine and pillage. A more "moderate" plan passed by the House would do the same job, only at the county wide level.

The underlying principle is the same: Everybody taxes at the same rate; everybody spends the same. The more you raise; the more you lose. We might as well live on a collective farm in the Ukraine, so little respect the Legislature pays hard work and private initiative. Give us a few years, we'll settle down to sloth and comfortable mediocrity. Einstein? Yeah, some heavy-metal rock band, right?

The state's better districts, under the new dispensation, will have to reduce programs and staff. The Highland Park Independent School, one of the country's best, would have to double local school taxes just to stay even.

The profound irony here is that some of the "richer" districts serve large numbers of poor people. (Property rich Dallas has few white students, thanks to busing). Likewise some of the "poorer" districts serve large numbers of the affluent.

Here & There

It's sorry to have let you down last week. But something tripped me up. Could have been a bug—one of those invisible creatures that has a mighty wallop. But I'm feeling quite well now, and hope you will overlook the fact that part of this will be last weeks news.

One nice thing that has happened since you heard from me is having some dear friends from Santa Fe, N.M. stop by for a visit. Allamae Phillips, McCrohan Kennedy has been my friend for sixty one years. She came to Wheeler the same year we came and started her teaching career in Wheeler. My husband, Lee also began teaching in Wheeler that year. Our lives and activities became so entwined that it has brought about a binding, lasting friendship. She left Wheeler a number of years ago, pursuing her teaching in New Mexico and Colorado. She married Charles Kennedy in NM we have exchanged visits a few times and to know Charles has sealed another friendship.

The Kennedy's were here only a few hours, but Allamae had the pleasure of seeing a few of her dear friends—Reba and Mary Wofford, and Vida Brown. May be a few others.

Another good thing that happened to me that week was a phone call from Ida Farmer. Her friends here remember her for her many years of school teaching, her friendliness to every body and being a good neighbor. After her retirement from teaching, I enjoyed many an evening with her and Mary Finsterwald playing canasta or scrabble.

Another friend that contacted me, by letter, a few days ago is Oleta Carter Havenhill. She was only a young girl when she worked for us at the Rogue Theater. She loves the memories! Oleta now lives in Lorelei, CA. She sends greetings to anyone who might remember her.

Grandson Bobby Guthrie is back in the states now at his base in Fla. He is so happy to be with his wife and son, but doesn't know when he will get leave to visit us.

The facile assumption in judicial circles is that all these extra feathers plucked from the geese would adorn the instructional process. The reality is otherwise. Detailed studies in New York City and Milwaukee show that administration and maintenance account for more than half of total educational spending.

The Texas tourism industry could rescue itself from recession with an international advertising campaign: "Come watch the Texas Legislature destroy Texas public education. More fun than a zoo—assuming you can tell the difference."

Not bad advice for the county, actually: Watch what Texans are doing in the name of education and social progress. Watch—then go and do the opposite.

Dear Editor;
