CWE CHAT WITH EDITOR

By Louis C. Stas

The July Celebration is history; it was a success. A good crowd gathered at the Masonic Lodge early in the morning for breakfast and attendance was great all through the day.

The skydivers made their landing at the track for the enjoyment of the crowd gathered. The Model Air Show was a 'no show' much to the crowd's disappointment.

Chamber President David Wright deserves a 'Tip of the Hat' for all his hard work. He was making last minute checks Wednesday to see that everything was go for Thursday and was on hand through the street dance. Thanks, David.

The fireworks were fantastic as usual and Thanks needs to be expressed to Sheriff Jimmy Adams and the Wheeler Volunteer Fire Department for their part in making the fireworks display so enjoyable.

The crowd at the street dance gets larger every year. The music was provided by 'The Traveling DJ's' from Miami; they did a fantastic job, providing music for all ages. There were lots of pre-teen youngsters dancing this year. I also know why Bob McCain didn't wish to serve as DJ this year; he and Gwen had been missing out on all the fun.

Johnny Velasquez reported a record sale of cokes at the dance.

And, my contribution to the street dance was popular as always. The paperwork alone required about 21/2 rolls.

A 'Tip of the Hat' also to Paula Richardson, Tami Jo Childress, James Unsted, Monica (Taylor) Moore and Chandra Crockett for cleaning up the area after the dance. They were not ask to put forth this effort. Thanks!

And now for the apology. We made the deadline last week and the paper was printed on Tuesday afternoon and addressed on Tuesday night. I put the papers in the trunk of the car because of the possibility of rain during the night. Sure enough it rained and I forgot to take the papers to the post office. When the Post Office tried to reach me by phone to inquire about the delivery of the papers, I was not near the phone.

KPDR and The Christian Center has been in the process of remodeling their front office for the past few months. The project is now complete and it looks fantastic. You are invited to stop in and have a look.

Congratulations to Speedi-Mart on their Ninth Anniversary. Time does fly.

We left for Oklahoma Friday and enjoyed the company of kids, grandkids and other relatives for the remainder of the week at Hinton. The girls, Jennifer and Liz, returned to Sherman to spend the week. It surely is quiet at our house.

Remember the Council Meeting Monday evening, let's hear your views.

Happy Birthday, Mama!

Teen Center Is On Council Agenda

A Letter to the Editor was published in last week's Times in regard to the need for a Teen Center in Wheeler. The letter was written by Danny Flanagan. Since the publication of the letter, a meeting has been scheduled with the City Council for the discussion of the project; the discussion is on the agenda for Monday evening, July 15 at 7:30.

Flanagan adds this comment: "The Teen Center Project needs financial support by a community effort. To get the 'ball rolling' there are two good locations for possible lease: #1 is the old Thriftway Store. #2 is the Old Wheeler Co-op. Would all concerned parents, who would consider supporting this non profit organization, please attend the City Council meeting on July 15, 1991 at the City Office at 7:30 P.M. And voice your views and support in this matter."

In his letter, Flanagan expressed the need for a place for the teenagers to congregate instead of Main Street. He proposed a Teen Center which could be governed by the teenagers. Attendance at the council meeting will insure your opportunity to express your opinion.

Isn't It The Truth

By Ab Gunter

The seventy fifth Indy 500 is over and I recon all the folks are getting ready for another race next year. You hear pros and cons on the type of vehicles that are in the future and the cost of each of them and hardly any mention of the drivers that will handle these machines. I enjoy visiting with the drivers and crews and watch them day after day getting things tuned up to a fine degree in preparation of the big day. The closer to race day these drivers get the more serious they seem to get and every one of them are planning on being in the Winners Circle when the event is over.

One race day after the final lap had been run and the winner was in the Winners Circle I noticed one of the drivers standing by the pit wall and he was smiling and had tears in his eyes. They weren't tears of defeat though, they were tears of victory, not for him, but for his Dad who had won the race. Little Al Unser was so happy his dad Big Al had won another big one. Don't get me wrong as Little Al would have enjoyed the victory himself but since it couldn't be him he was pleased it was Dad. I'm sure the Andrettis are the same as the Unsers, each being competent drivers and racing to win and would give Mario a race for his money which they have and will do next race where ever that will be.

This year I was in hopes that A.J. would be in the winners circle when the race was over and when he hit the litter on the twenty some laps and had to pull out I sort of lost interest in who won. He came by us going to his pit area and the left front wheel was not even touching the ground and the nose of the car was smashed in, but A.J. climbed out under his own power. I know his wife, children and his father-in-law and all we fans were glad he wasn't hurt. We all like that Ole Coot and so do a million other Foyt fans.

Before the race I got to see all the dignitaries and the Vice Pres. and General Chairman Norman and Gomer Pyle do his singing and that Oklahoma bird that played Rockford and many more folks being honored such as the young lady from Anderson that sings so beautifully. But looking around I saw Charley and Bud and Carl and all the other boys that were there that actually make the thing happen. The emergency crews and the track sweepers and the security are there doing their job and if Bud or Carl would have gotten out there to take a bow I bet someone would have booted them in the fanny with a number 9 shoe.

Our son got me out of bed at 0300 the morning of the race and all I got for breakfast was a cup of coffee that the son had fixed for us. We headed for the track and started moving old pace cars out on the pit area of the track and you wouldn't believe how different each of the vehicles are. Where's the lights, where's the key, where's the starter. Golly I recon I had forgotten about such things but finally all the cars wuz moved and here we headed to another job and in high gear too. I wuz fun but when my belly told me it wuz past time to eat I sort of fell apart.

I got to visit with a friend of mine with the Scottish Pipers and even got to see the bagpipe he made the beautiful music on. As we visited I said, "Doc, when I kick the bucket I hope you are there to play Danny Boy over the grave." Doc looked at me and got out his little appointment book and thumbed through the pages and then said, "Ab, you goin to have to wait few years we are full up with appointments for the next few years."

He said we could get you in this next Tuesday at 10 o'clock if you hurry.

I'm going to watch that Ole Scotchman fum now on, he ain't goin to rush me into no sort of a hurry up deal like that. I mite get Mama to have an Elvis Presley tape to do the work.

Love To All,
Ab and Mama

MOTHER

My caring for her is no burden to bear
This is a labor of love I would not share
When I was a babe in her arms
She sheltered me from all harm.
Now her strength goes, she fails fast
Death bowed her down, she cannot last
With her dear arms she held me first
It is now my privilege to hold her last.
She goes on a journey she has not known.
My love will follow, She will not go alone.
I cannot go with her all the way
For I must wait another day.
But it seems her passing will help me think
And when my time comes will give me strength
Her love for me will make me strong
To go the path where she has gone.
I know that in the scheme of things
She must return from whence she came.
But the hurt does not slacken in my breast
To know that all must go to rest.

SWEETWATER NEWS
By Mrs. Joe Flowers

Shade warm, isn't it? Don't worry, it will get worse. I remember one year it was 108 every afternoon for weeks, Joe and I would leave the kids in the house and go hoe Johnson grass for dear life. I don't know why it didn't kill us. Sure dry. Saw the Marvin Harringtons in town. Said they'd washed the car and pickup and all those good things to make it rain. To no avail. We are going to have to practice on our rain dances.

Mr. and Mrs. Ray Smith visited Wed. with Pauline and Roy Whiteley. Pauline called to tell me they had a wonderful 50 anniversary. Lavelle and Alberry Webster surprised them with a dinner. Had a big album of cards, pictures and such for them to keep forever.

Bethel Davis is in McBrides Hospital with a broken hip. Ona Black has been in an Amarillo hospital. Johnnie Reed reports he is home from the Shamrock

hospital.

The Strings and Things, Ericks Kitchen Band had a busy week. Tuesday they went to the Erick Home. Visitors were Coy Pennington, Preston and Lois Wilson to see his mother, and Mrs. Tommy Copeland who was there to see his mother Esther Strickland. Seems she and Tommy are some of my readers and the gave her strict orders to meet Mrs. Flowers while she was there. We had a nice chat. I knew Tommy's family when he was small.

Friday the band went to the Bell Avenue Home. I call it BelAir. We have a number of friends there too. Mr. and Mrs. Orville Marriott, the Howard Metcalfs. Howard and Helen even danced a few times. Had a nice

party at each place. I don't know which can bake the best cookies. Marianne at Erick or Lillie at Bell. Band members going this week were Betty Brothers, Jack Criswell, Billy and Basil Doss, Rose Abba, Iona Miller, Hazel Francis, Chanda Abba, Mabel Holland, Roy Swagger, Richard Crawford, Leonard Taylor, Bess Perkins, We three and Ole Five Strings.

Our little 89 year old Margaret Boney who plays the wash board has been visiting in Canada. Iona Miller has been sort of crippled, Bess Perkins had surgery and all reports were good, Margaret Hiller spent a few days at Amarillo with her son Thomas and family.

James and Sue Keathley enjoyed the Thursday night fish fry at Maxey's.

Oh, yes, the four lane highway, Texas is building from Wheeler to the OK line is coming right along. Saw several cars parked at Lisa's Country Curls.

We got our CRP mowed and now 160 acres of grass hoppers are looking for a new home. I imagine our yard and garden will be it. Still have apricots, Plus onions, potatoes, cucumbers, squash and tomatoes. Those tomatoes were even tastier, Maynard, when we saw they were \$1.69 in the store. Will have okra and blackeyes this week. David also has some lovely kittens that he would give to a good home.

Johnny Smith has been out visiting his granddad Melvin McIntyre. He's lots of help.

Yes, that was our Gary Wilson that Amarillo kept talking about in the recent golf tourney. He came out pretty good. His folks are Jerry and Charlene at Erick. Gary and family live at Kingfisher. He's with United and Kenna is a registered nurse employed at OKC.

Janet Coffey of Kansas Beulah has been visiting her grandma Beulah Atchley a few days.

It sure is dry, we just water, water, water. My raincrow called all day Thursday but no results. Joe's sister Analou who lives in Santa Monica, CA said they had a water quota and if it was exceeded they were fined.

Charlene Carey was one of 25 teachers in Oklahoma chosen to attend a Childhood Mathematics Workshop.

I don't understand this 1017 bill but something needs to be done about the schools. It seems to me that partly, we need to have school the 6 hours the children are in school and let the extra activities be afterwards. Stock shows, 4-H, FFA, ballgames should not interfere with learning. Get back to the basics—phonics, ABCs, no calculators in school until the pupils can count to 100, make change for a dollar, and say the multiplication tables. No more of this getting out of high school and

even college and can't read or write. Lisa Tucker has been recipient of some scholarships on account of her outstanding work. She and Misti Keathley are going to summer school at OSU.

It seems we are about to go back to war again. The war clouds are beginning to roll.

Mr. and Mrs. Roger Stutzman, Mannsfield, TX and Susie Billingsley, Miami, have been to see Judy and Gerald Tipton and their mother Ruth Stutzman. Mrs. Stutzman has been taking treatment and seems to be doing well.

Care Center Comments
By Lois

We hope everyone enjoyed safe and enjoyable 4th of July.

We would like to congratulate George Parker. He was voted Resident of the Month for July by the staff at the Care Center. We enjoy having him here at the Care Center, he brightens our day.

We would also like to say congratulations to Gabe Pugh who was voted Employee of the Month for July. Now he can park in the "Employee of the Month" parking spot where he parks anyway. Just kidding Gabe.

Our American flags turned out so well. They were placed on each residents door. Thank you to all the residents who worked so hard to get them done by Monday.

We had several birthdays this past week. Jane Knoll celebrated her 86th birthday on July 3rd. Vena Hopkins (89th) and Marie Woods (82nd) celebrated on the 4th with a bang!

We've got several more birthdays coming up throughout the month.

We enjoyed our weekly visit from Janice Sparlin and Peggy Hunt. Joe Richardson, Doris Rusk, Ora Hardcastle, Janie Keelin and Iris Ingram attended this week. We always had a good discussion. These ladies do a super job.

Our bingo helpers on Wednesday afternoon were Rachael Montgomery, Katie Flanagan, Danny Flanagan, and Kim Flanagan. Mrs. Knoll was our big winner. What a birthday present. We had a big time.

Thank you so much to the kitchen staff who worked to make July 4th so special. Everyone enjoyed the pretty decorated dining room—Red, White and Blue balloons and ribbon on each column. Red and white table cloths, white place mats and new red glasses along with blue napkins. That's not all, a delicious meal was also served. BBQ on a bun, baked beans, potato salad, and flag cookies. Everyone had a wonderful time.

We are having a good time each morning with our "bigger and better" current events could. Everyone is welcome to join in.

We enjoyed a visit from the "Bear" on Friday. What is the "Bear" you asked, well he was a very well mannered cocker spaniel who is originally from Nebraska but makes his home in Wheeler now. Kathy Jacobite from Kearney, Neb. brought him by to visit. He said hello to each and every resident. Kathy works in a nursing home as a social worker in Kearney and just thought we would enjoy their visit. We certainly did and we hope they came by again sometime.

Jim and Melba Montgomery were here Sunday morning to teach their Sunday School class. Thank you so much for coming each week.

Rev. B.A. Hyatt gave the afternoon service at the Care Center. We're not going to let him go easily. Thank you. See Ya Next Week!

Lois

Extension Update

By Joan Gray
County Extension Agent

Taking certain food safety precautions is extremely important in keeping home canned foods safe to eat. Unfortunately most cases of botulism, a serious foodborne illness that can cause death, come from home-canned foods. While preventing chances of foodborne illness is important, those who spend time and effort canning foods do not appreciate losing them to food spoilage.

Follow the recommended canning procedures to control the processes and microorganisms that can cause spoilage and contamination:

*The first step is to choose only fresh produce that is free of signs of deterioration like bruises, soft spots or other blemishes. Canning does not improve the quality of food. Produce should be canned as quickly after gathering as possible.

*Proper equipment and procedures are essential. Only standard canning jars should be used. Jars should be clean and free of nicks or scratches. If a product is to be processed less than 10 minutes, the jars need to be sterilized by boiling for 10 minutes. New lids are required for each jar to assure an adequate seal. Metal screwbands can be reused if they are free of dents or rust.

*Use only researched and tested recommendations for time and temperature processing. The processing time and method depend on the type of food. A pressure canner is required for most vegetables and meats to reach the high temperatures required to kill harmful bacteria. Dial gauge pressure canners need to be tested for accuracy each year and the dial replaced if necessary. A boiling water bath can be used for foods such as fruits and tomatoes because of their high acid content. Other methods of canning such as in the oven or microwave are not safe.

*Do not try to create your own recipe or alter ingredients in a tested recipe. Processing recommendations have been tested only for the specified ingredients and may be unsafe if altered.

*The recommended headspace in jars is important to allow for expansion of liquid or food in the jar and adequate heat penetration during processing. Too little headspace can cause the food to bubble up and prevent a seal.

*Jars of food that do not seal properly may be saved if discovered and corrected no more than 24 hours after processing. The food can be refrigerated and used within a few days, frozen or reprocessed. Freezing and reprocessing do, however, result in a softer texture and reduced nutritional value. To reprocess, remove the lid and check the sealing surface of the jar for nicks or scratches that may have prevented the seal. If necessary, place the food in a new jar. Be sure there are no particles of food on the edge of the jar. Add a lid treated according to manufacturer's instructions and screwband. Reprocess the full time given in directions.

*Proper storage of canned products is important to prevent deterioration or spoilage. Food should be stored in a clean, cool, dark, dry place. The best storage temperature is 50 degrees Fahrenheit to 70 F. Foods stored in a hot place will lose quality fast and may spoil. Keep canned goods dry to prevent corrosion of metal lids, broken seals and spoilage. For best storage, use within one year.

Signs that indicate spoilage include a broken seal, bulging lid, leaking jar, spurting liquid when jar is opened, off odor, mold, sliminess or improperly colored food. In these cases, the safest policy is "when in doubt, throw it out."

Recommendations for processing and proper use of canning equipment can be obtained from the local Extension agent with the Texas Agricultural Extension Service.

BRISCOE NEWS

By Vetola Parker

Mattie Jackson called Monday afternoon, she was looking for a preacher Cox and his wife to come spend the night this Monday night they use to preach years ago at Zybach.

Zetha came down, she is piecing blocks, making lap spreads, they are pretty, double knit, top and bottom.

Tuesday afternoon rather cool, kinda hazy clouds.

Doc shopped some for us yesterday, brought them over.

Mattie said Rosalie played the piano her sister sang it was really pretty, Coxes had 2 girls think they were from Colorado City, Mattie didn't really know where they were from. They had called they were coming for the night and wanted to be ready for them.

Tuesday night we could see lightning a long time before we heard it finally came over, our electricity went off before the cloud got here, it put out quite a few blast, I never did hear rain, but it showered some.

Saturday came by on her way from taking Holly home to Dumas.

Eunice Edwards has that crowd of relatives she told me about last weekend, ones Marie named, Davis Edwards, Ocie Edwards, Kenneth and wife from Houston 2 granddaughters and families, Wayne Edwards and family, Marie and Steve Gergen and another granddaughter. Quite a bunch, I know she is enjoying every minute of it.

It's suppose to be one of those hot days today, hope not.

Anita, Daphne daughter brought her down Wednesday. Hoyle came over, Leroy and Janice came Wednesday night spent the night and day of the 4th.

Sure didn't seem like the 4th, in the past we had.

Mary Hudson ate dinner the 4th with Oden and Lois, Mary was sick with a head cold, she wasn't feeling to good she said. Hope she is soon feeling better. A summer cold hurts worse than a winter cold seems.

Dad always came down wanted to go to a lake, fish and picnic. I sure dreaded it cooking out in hot. I started to cooking here at home, let them go

on to lake. I would take food cooked on later. They would hallowice cream, Dad would always. I mixed it put it in freezer let kids turn it at lake, ha I got smart.

Daphne and Anita looked good, Anita stays with Daphne now, her mother. Her kids don't want her to stay alone.

Daphne has 2 grand boys and a tiny grand baby girl.

Mary went with Mae Welch this Saturday morning to Wheeler and shopped.

Shelly Ogle is going down to Dallas and go to Hawaii with Ed and Janice Sue and kids, and visit Jimmy Joe and Sandy and kids, Ed and family are going to spend their vacation over there. That will be nice for both families. Shelly is going to Dallas Thursday.

Maible is still weak and coughing some.

2 o'clock everyone is taking a nap or gone to town, Sat.

Talked to Oden Hudson, sounded like he was doing pretty good over there n.w. of Briscoe. Today was suppose to be our hottest day this year he said they had 102 degrees, so I think if you don't watch the thermometer you will do better I don't have a thermometer so I did not know it was that hot. Wind is blowing a little.

Hoyle brought us some peaches up, in the hot part of the day. Saturday. She didn't need to be out in it.

Heard something I never tried today Saturday, Janice and Leroy are freezing water in those big coke bottles and setting them in their turkey and chicken and rabbit pens to keep them cool. Now that takes the cake.

Talked to Marie Wright Sat., Essie is going in hospital Monday to have surgery. Mona and Don Reynolds are coming in tonight. Her visitors have been Rose Mary Vise, Katie Finsterwald, Clara Homes, Mary Margaret Dodd, Bettie Dodd, and Jeff Reynolds.

Sure hate to hear of a surgery. Hope she does ok.

Avis Parker called me yesterday, she is doing ok she sure goes outside walks to Charlenes 2 and 3 times a day. She had done extra well, she says.

Hope Avis continues improving sure hate to see her stay by herself, she close to Charlene and Zeland and has a phone by her bed helps.

Rosalie Keelin is going to write her reunion up for me.

Bettie's mother called her yesterday Saturday from Sedalia, Missouri, getting dry there.

Sunday morning, a beautiful day so far at 9 a.m.

Iolene Wilhelm was able to go to church at Shamrock this morning.

Darv and Sammie Atherton visited us Sunday afternoon, they were on their way to Eunice Edwards, they looked good to me. Oh yes one of their 4 year old granddaughters was with them.

Helen's brother David moved to Arkansas.

Recent visitors in the Travis Keelin home was pastor and Mrs. Chleo Brown, of the Nazarene church of Wheeler.

Kara Kay Keelin, of Wheeler, visited with her grandparents, Travis and Rosalie from Sun. to Thurs. evening. Daniel Keelin visited Tuesday and Wed. and helped his Grandpa cut and mow weeds, grass and sandburrs. Sylvia Brown from Wheeler visited from Sat. to Tues. Rosalie and her visitors went down the road and picked a few wild plums, one day. Most of the wild plums are not too good this year. Probably from the lack of rain.

Glen and Angela Keelin and daughters, Andrea and Megan and Kara Kay Keelin had lunch with their grandparents, the Travis Keelins, on July 4th Angela will soon complete her L.V.N. training. We will all be happy for her. She goes to school at Clarendon, but has done most of her clinical work at various hospital and nursing homes in Amarillo.

Rosalie shopped in Pampa Sat. It was a hot day and she don't advise people to shop at Wal-Mart on Sat. due to the large number of people in the store (much confusion!)

Gene and Norma, Kara and Daniel visited the Travis Keelins Sun. evening. They are going to Foss lake this week, on vacation. Travis and Rosalie plan to go down one day this week and visit them and Rosalie's brother Coy and Betty who live near by.

Cecil Pierce, from Lee Hardware, was at the Keelin's home Wed. to work on their washing machine, that was damaged by lightning. It's good to buy at home and get friendly and good service when you need it.

Some grocery stores do not have the prices on the items. This makes it very hard for people who can't see the little price signs below and especially when it's on the very bottom shelf. You would almost have to stand on your head and then it would be upside down. However it is nice to get your ticket and be able to read the names of the items you buy.

Mr. and Mrs. Wesley Bailey and their two daughters, Winone Pilly and Anita Johnson and her two daughters Jackie and Tracy and grandson of Dexter, N.M. attended the Bradstreet reunion in Skellytown. They spent two nights in Borger with Thelma's sister, Joy Garrison.

Bradstreet Reunion

Congregational Concerns:
At the conclusion of the evening worship service on this coming Sunday night, July 14th, this congregation will have an ice cream supper. If the weather is permissible, this ice cream supper will be held in the park. Essie Finsterwald is hospitalized in High Plains Hospital in Amarillo. She will have surgery in the next few days. Danny Dorman is recovering at home from his recent surgery. His condition is slowly improving. Benny Westmoreland had eye surgery in Dallas last week. He is now resting at home. Grace Pettit is in the Bivins Rehabilitation Center in Amarillo, recovering from a broken hip. Sympathy must be expressed to Euline Walser upon the death of her mother, Lela Sherrod Gaines. Her funeral was held last Tuesday in Pampa. Sympathy must be expressed to Ardie Martin upon the death of her sister, Mattie Hunt. The funeral was held this week in Portales, New Mexico.

From The Minister's Desk:
Theodore Roosevelt was the twenty-sixth President of the United States, serving from September of 1901 to March of 1909. Because of his warm personality, he was deeply admired by thousands of Americans who affectionately referred to him as "Teddy". President Roosevelt was a man who held some strong opinions. And he did not hesitate to clearly and forcefully state those opinions. For example, he once stated his opinion on foreign policy by saying: "Speak softly and carry a big stick." But perhaps his most astute opinion was the one that he expressed about critics, saying: "It is not the critic who counts, not the man who points out how the strong man stumbled or where the doer of deeds could have done better. The credit belongs to the man who is actually in the arena; whose face is marred by dust and sweat and blood; who strives valiantly; who errs and comes short again and again, who knows the great enthusiasms, the great devotions, and spends himself in a worthy cause; who at the best knows in the end the triumph of high achievements; and who at the worst, if he fails, at least fails while daring greatly; so that his place shall never be with those cold and timid souls who know neither defeat nor victory."

With this opinion, President Roosevelt made an important observation about critics. This observation is that critics are usually spectators not participants. And as spectators they do not contribute to the solution of any problem or to the improvement of any circumstance. Regardless of how imperfect the efforts of participants may be, they still seek to improve and to help.

Although I am probably not as astute as President Roosevelt, I think that there are two other observations that can be made about critics. These two observations are:

1. Critics are people who usually have an authoritarian attitude. Because of this attitude, such people believe that ideas, opinions, and suggestions are absolutely correct. And if their ideas, opinions, and suggestions are not followed or accepted, these people then become bitter and angry.

2. Critics are people who cannot be satisfied or pleased. Their reaction to any problem is very predictable. They will either find a flaw in the solution or they will uncover another problem.

I think that critics can be described like Jesus described the poor. He said: "The poor you always have with you." Like the poor, I guess that critics will always be with us. I just wish that they were quieter.

Sorry my news didn't get in last week.

My apologies to all, especially to Patricia Forrester who offered to come get my news last week. I was so sure that it would get there in time mailed at my mail box. But I was forgetting

Here & There

By Laura Guthrie
An article in a newspaper the other day caught my eye. It was speaking of a government program of weed control on unplanted land. The program was designated by initials—like WCP or some such. "Well" I thought, "why can't we have CWCP?" (City weed control program.) Now you may not to live in an area where the weeds are uncontrolled, but a lot of people in Wheeler do. Neglected lots and back yards are wild after all the rain we had in the spring. The government program had definite requirements. "Weeds will definitely need to be controlled" "....." could be fined. "When a field is heavy with a lot of weeds" (you should see the 6 ft. weeds on some city lots) "the chain of plant food could be cut off." "Weed control should be top priority to control mosquitoes." Isn't that enough? And it didn't even mention the unsightly part and how the seed could infect the neighbors gardens and lawns. How about it, Mayor and Councilmen and concerned citizens? Can't we have a CWCP.

My attention has often been called to the Commercial art in the Amarillo News, especially the full-page drawing on some pages, as the gardening section. Did you know that one of their artists grew up right here in Wheeler? Her parents and grandmother were early settlers. Her grandmother Minnie Farmer lived on 4th and Canadian. Her dad, Fred Farmer had a service station and garage on the corner of Hwy 152 and 83. Her mother Beatra was a fellow worker in the Wednesday Study Club and other city projects. Yes, Marceille Farmer Miller, with her husband Gene Miller recently retired from their job with the news. They were on the job there since 1948. Marceille's picture still shows her girlhood features—except the heavy black hair has turned white.

Wheeler can, and has, produced outstanding people. Would you like to exercise your brain and think back a few years?

Elva Wood has been on a very pleasant trip recently. She traveled with her cousins, Louise and Earl Wallace of Amarillo, to Aguilar, Colo., where they visited to relatives, Mr. and Mrs. Glenn Lane. Elva said she had to have several blankets at night to keep her warm. Whew!

Last weekend Adrian and Dorothy Risner enjoyed their grandchildren, Kari and Wade Childress who live in Okla. City.

James Hubble and family, they live in Dimmitt, TX, spent Sunday night with his mother Elva Wood. They were returning from a vacation.

Sammy and Darville Atherton were supper guests at Elva Wood's Tuesday night of last week.

Betty Hennard and granddaughter met other family members at Turner Falls, OK, last week.

Gerald and Harriette Forrester of Dallas were last week guests of his parents Mr. and Mrs. Otto Forrester, and his brother, Ed and Patricia Forrester.

Mrs. Annie Ruth Lee and her daughter Nancy Pierce has recently been to market in Dallas. They bought Christmas merchandise. Remember its only 166 days until Christmas.

Last Friday Melinda and Tim Whorton and I visited with Melinda's mother, Lydia Guthrie, in Fairview, OK. Lydia seems to be quite satisfied in Fairview. She has recently bought a house. She works at the local Nursing Home.

We did have a nice Fourth of July. Thanks to everybody that helped.

that Monday was the first day on the route for our new mail carrier by herself and that she might not know how to handle my news so would sure get there and was slower since she was new. LeTain Gober always made a point to hand my news to a clerk so it would be sure to reach there in time in the Times box.

Keep praying for our schools. The transfer of Briscoe Elementary of Mobeetie and Mobeetie sixth up to Briscoe will be before school starts, to the new Fort Elliott School, with two campuses. Kinda scary to the kids, and there will be "bones of contention." All will have to work together to make it work.

So scary to hear that a horse stepped on Scott Luttrell's face after throwing him three times, Wed. Sure hope he is going to be O.K. Scott did a great job covering our dump grounds with a cat on Monday. Scott's nose was broken and face pretty bunged up, but thankful that it wasn't worse.

So good to see Alisha Hefley from Buena Vista, Colo. out to the July 4th

celebration at Wheeler. She is spending much of the summer with her dad, Bill and Lisa and Russell at Amarillo. She is spending some time with Grandma Francis Hefley and visiting friends and other relatives. Alisha is a beautiful young lady, 14 years old.

Charlie Finsterwald and John David Wright went to Canadian and Wheeler on July 4th.

Some of Cecil Meadows' family took him out to eat at Maxey's Saturday night to celebrate his 27th birthday. (That's what he said) Others there were Jean Meadows, Dale and Shonda Meadows and Jennifer and Cassie from Pampa and Dean and Shannon Meadows and Megan and Michelle from Canadian.

We visited some Monday with Dale and Debbie Stinnett and Cuyler and Christian. Dale recently had extensive painful surgery on his toes and still has some pins in them. He is a janitorial supervisor for several buildings with several other guys working under him. Debbie works for Martin-Tipton Pharmacy. We also visited with

Deleise Quinton. She works in the pathology department at St. Anthony's Hospital. Her son Dave is gone to harvest, Matt is managing TSTI swimming pool and Jill baby-sitting.

There was a large group of family and friends at Wheeler Park Saturday night to celebrate Chyna Atherton's third birthday with birthday cake, balloons, etc.

Spending several days with David and Rita Pearson and Dallas and Lindsey were Pat and Christy Steffick from Hallettsville, Texas. Christy is Rita's niece. They all went to see "Texas" Friday night and to Wheeler Thursday.

Mack and Patty Ann Shields spent Friday night June 28 at Amarillo to celebrate their 25th wedding anniversary. Amanda Shields and Kerri Grayson spent Friday night with Amy and Clint Huff.

We hear Sandra and Andrew Wright have accepted teaching positions at Reydon. They have a house near there. Sorry to see them go but wish them good luck and God's blessings.

Nice to have Bertie Eudey and Travis and Trent home from Palestine and Chris Maddox from Panhandle come Friday night to spend a few days with us. They also visited Jimmy and Tammy Maddox and Jennifer and Amber and Art and Mary Taylor at Shamrock.

Nice to have them all out to church at Gageby. Other visitors at Gageby included Verline Currie and Tina and Dusty Reed from Pampa and Pauletta Thompson and Dustin and Randi from Canadian. Nice to have them all eat lunch with us at the Dairy Queen in Wheeler. Also there were Roy and Lois Meadows and David and Winnie Gilmer and Monty Hand. Enjoyed having Pauletta, sing Sunday morning at Gageby. Bertie and family also visited Mary Tindol Ford and family in Wheeler Sunday. We took Bertie and family to Panhandle Monday to visit her family Chris Maddox played in the High Plains West All Stars girls softball that beat Briscoe-Alison.

Nice to have Lynnita (Davis) and Jimmy Conway and Jason 16, Jo Ann 12, and Joshua 10 come for a visit Friday afternoon with Mary's family and us. We all went to eat at Maxey's. The Conways are from Marlow and were going on to Pampa to visit Richmond Davis and Burl, Bryan and Shawn and Jacque and Aaron Callen. They were all going on down to Greenbelt Lake where the Davises have a house for the weekend. Jo Ann brought her flute and played for us; she will spend next week at Weatherford practicing and working

with the honors band from different places. There will be a concert on Friday night.

Sue Helms had surgery at Woodward, OK, Monday. Matt, Cody and Samantha Helms spent Sunday night and Monday with E.G. and Willa Fillingim. Terri and Londa Crownover also visited and helped out. Remember Sue in your prayers.

Clint and Amy Huff hosted a family get together at their home Thursday night with ice cream and cake.

They played cards and visited. Others there were Boyd and Ellen Huff and Walker and Dan and Lisa, Mack and Patty Shields and John, Kevin and Amanda, Dean and Karen Keys and Toby, Tina and Terry, Leonard Jr. and Teresa Powledge, and Sara and Jody, Cindy and Johnny Grayson and Jeremy and Kerri.

Pray for Noveline Simpson. She was still in St. Anthony's Hospital Monday. She has had the flu in addition to her back problems. Hope she is soon o.k. Byron Simpson and Debbie McLaughlin and son were visiting her.

Dale and Lisa Helton and David, Doug, Matt and Mark attended a big Helton family reunion Saturday and Saturday night at the Wheeler Park and pool.

Larry and Vickey Nelson took a cousin Shannon Norwood to Oklahoma City Saturday to catch a plane back to Idaho after an extended visit with relatives here. They also ate supper with Steve and Christy Patterson and Jennifer and Jeffrey and spent Saturday night and Sunday in Oklahoma City.

Playing in a Senior girls All Star softball tournament at Childress Monday night were Lindsey Fillingim, Andrea Dukes, Rachel Smith, Sara Powledge, Corby Chick, and Stacey Maddox plus some Miami girls. They won over Memphis 15 to 13 and were going to play at least two more games. Others going were David and Rita Pearson, Leonard Sr. and Nova Powledge, Leonard Jr., Mary Cornell, Andrea Sims, and Roy Don and Dixie Chick, and Brandon and Liz Stiles. There was to be a men's game later.

July 4 was such a nice day at Wheeler Park with many activities for all ages. So peaceful to sit in your lawn chair under the shady trees and listen to the wonderful music and visit with friends and watch the fireworks when it got dusty dark. Many thanks to all who participated with music, fireworks, food and games. Wheeler has a very wonderful park, a natural amphitheatre and lots of fine people. We went to Canadian Thursday

morning and enjoyed the parade and greeting old friends at the delicious Bar-be-que at City Hall. We swung by home and took a nap and went on to Wheeler. We really appreciate all the work that goes into these celebrations to make it nice for the rest of us.

Cindy Sweet and Logan of Berger visited Ray and Pat Hudson Wed. and Thurs. and took Jessie back.

We enjoyed going to Senior Citizen meeting at Wheeler Monday night, but didn't stay to play games. We wanted to go to the school meeting at Briscoe about the consolidation with Mobeetie to have enough kids and enough money to run the school. Looked like about everyone was in favor and signed the petition, as did Mobeetie patrons in their meeting. Three Mobeetie school board members came over to meet with our board after the meeting. The name of the new school will be Fort Elliott Independent School District. Sixth through 12th grades would be at Briscoe. K through 5 at Mobeetie. Principal Carl Baker would be in charge of the elementary facility at Mobeetie. Some Briscoe Elementary teachers would drive over to teach there. Pray for our schools and school board members and superintendent Bob Downs and Carl Baker as they try to make it work and be compatible.

So nice to have Dick DeArment and grandson Brandon Chick and Liz Stiles come sing for us at Gageby Sunday night. We really enjoyed all the singing and appreciate those who sang for us. All very good. Some others singing were Aaron and Tamera Hartline, Trent Eudey, Chris Maddox, Lindsey Fillingim, Lois Meadows, Martha Meek and Evelyn Meek, Rita Pearson, Winnie Gilmer, Bertie Eudey, Tony Griffin, Patricia Hudson and Gladys Kysar. Harmonica solo by Willis Fillingim. Readings by Ray Hudson and Gladys. Others visiting were Tessie Clark and Choice Scott, Winnie Gilmer was in charge. Phyllis Hefley next.

Sue Ratliff and Keith Sue Reames and Melody Rodgers and Gabriel went to Hobbs, New Mexico Tuesday to visit Kevin and Pam Ratliff.

Melody and Tim Rodgers and Gabriel have moved to Amarillo and plan to go to work and school there.

Sincere sympathy to the family of Glenn Spruell, who passed away in Amarillo. He was 67 and lived in this community in the thirties and attended Briscoe School.

Psalms 126:3 The Lord has done great things for us; whereof we are glad.

You are not getting older, You are getting better!

And, it's backed by one of the strongest companies in the country. Southern Farm Bureau Life has been rated A+ (Superior) by Best, since the inception of this rating system.

The A.M. Best Company is an independent commercial insurance company rating organization and information used is based primarily on each insurance company's annual financial statement. Best assigns its highest rating to those companies which in their opinion have achieved superior overall performance when compared to the norms of the life and health insurance industry. Best ratings, however, are not a warranty of an insurer's ability to meet its contractual obligations.

Davis From Page 1

1979-1980, which is the highest degree on the state level, during an international convention in Los Angeles, Calif. her two year appointment to the International College of Regents Board came in 1984 in Chicago, Ill.

"It is an honor for me to represent not only my local chapter but my state in these international appointments," says Davis.

Davis, the daughter of Cliff (Bulldog) and Dorothy Walker of Wheeler, is married to Charles Davis, a fireman with the Pampa fire department for 34 years. Mr. Davis has been a member of the Loyal Order of the Moose for 27 years.

"Without my husband's support throughout the years," Davis added, "I could not have fulfilled the duties that each appointment requires. He has been in main support and someone to lean on. That takes a special person." The Davises have two sons and two daughters.
