

# Wheeler Co. Courthouse Rededication Is Sat. Stephen F. Austin Tree To Be Planted; Free Barbecue Dinner To Be Served

The Wheeler County Courthouse will be dedicated on October 16, 2004, following its one year restoration, made possible with a \$3,756,508.00 grant from the Texas Historical Commission through its Texas Historic Courthouse Preservation Program.

Work began on the project in August 2003 in an effort to return the 1925 Wheeler County Courthouse to its former glory.

"We are now seeing the results of the hard work that has gone into this program," said THC Executive Director Larry Oaks. "Counties completing their restoration work serve as inspirations and examples of what can be accomplished."

To date, the THC has assisted in 49 county courthouse restoration and preservation projects. The THC has received 120 master plans, the first step required in the assistance process. Of those 120 plans submitted, 104 have been approved, requiring approximately \$214 million in state funds to restore those courthouses.

In May 2000, the THC awarded \$42.2 million to 19 counties. In October 2001, the THC awarded nearly \$7 million to 28 counties, which was the remainder of the original appropriation from the 76th Stephen F. Austin Legislature. The 77th Legislature allotted an additional \$50 million dollars to the THC to continue the program that has now completed Round III, during which \$47.4 million was awarded to 22 Texas counties to help preserve their historic courthouses. The program received an additional \$45 million from the 78th legislature to continue the program. "We're excited with the overwhelming response the program has received throughout Texas," said THC Architecture Division Director Stan Graves. "We have laid a strong foundation on which to build an even stronger program." For more information, visit the THC web site at thc.state.tx.us, or contact the THC's Architecture Division at 51 463-6094.

## Tree To Be Planted

The tree being planted on the Wheeler County Courthouse Lawn on Saturday, Oct. 14, 2004 was grown from an acorn harvested from a live oak tree located on the site of Stephen F. Austin's death, near present-day West Columbia, Texas. Under this tree, a Texas Historical Monument marks the place where Austin died, on December 27, 1836.

The property has been transformed into a beautiful area dedicated to the memory of "The Father of Texas", a title given to Austin by General Sam Houston.

A Texas flag flies daily over the site of Austin's death, and every November 3rd, the date Stephen F. Austin was born, a ceremonial flag is raised in tribute to him, and he is honored by a celebration of his life and accomplishments. It was through Austin's tireless efforts and dedication that the state of Texas was created and the territorial size of the United States was increased by one-fourth.

Stephen Fuller Austin was born to Mary Brown and Moses Austin in Wythe County, Virginia, on November 3, 1793.

Special Acknowledgment

Special thanks go to Bruce R. Miles and the Texas A&M University System for their cooperation and assistance in growing the live oak trees from the acorns gathered at the Stephen F Austin site in West Columbia, Texas. Their efforts have made this first and future plantings of the Stephen F. Austin Tree possible, and we wish to acknowledge their contribution to the success of this project.

Wow!!! Our weather is something else. It started raining Saturday night and rained all day Sunday and Monday. But the sun is shining on this Tuesday morning. Most of the time it was raining it was just a good ole slow rain, but its sure getting soggy outside and the roads are very muddy. The temp has been really cool also. We know that fall is here for sure. Michael Brown of Yukon, Oklahoma visited his grandparents, Roma and Billy June Brown on Wednesday. Roma and Billy June and Michael Brown visited in the home of Opal and Juanita Boydston while he was here. Michael was working on Juanita's computer trying to get it up and

Tuesday night Allison received a good two inches of rain. We needed the rain and it came in a nice gentle way without storms.

Thursday, Vance and Carol Boydston, Glenn and Betty Boydston, Louise Boydston and Opal and Juanita Boydston visited in the home of Curtis and Lillian Boydston and enjoyed visiting and eating homemade ice cream. And of course two games of spinners were played.

Later Thursday night, Opal and Juanita Boydston went over to Roma and Billy June Brown's where Len and Betty Brown were already visiting and they all visited some more. Len and Betty left for Dumas, Texas the next day. So they had to get all the visiting they could in. Pearl Harrison accompanied Cheryl Dupont to Elk City, Oklahoma Wednesday where she stayed a couple of days with her daughter and husband, Jimmy and Vivian Wallace. Pearl returned back to Allison on Friday.

Friday evening, Pearl Harrison visited in the home of Lanora Morse.

Sunday dinner guests in the home of Louise Boydston were Pearl Harrison and Curtis and Lillian Boydston.

Tuesday morning, Louise Boydston and Pearl Harrison, Opal and Juanita Boydston and Lillian Boydston and Vance and Carol Boydston traveled to Wheeler to sing for the Wheeler Care Center residents.

Later Curtis and Lillian and Juanita and Opal traveled on to Shamrock, Texas where Curtis and Lillian attended to business and they all enjoyed a very tasty meal at McDonalds. They also enjoyed some shopping before returning home. Vance and Carol attended to business in Wheeler and Louise and Pearl went on to Canyon, Texas where Pearl had dental work done.

Was good to have Len and Betty Brown of Dumas, Texas with us for a few days. They stayed in their Allison cottage. They enjoyed visiting kinfolk while here.

Those visiting in the home of Opal and Juanita Boydston after church Tuesday night were Vance and Carol Boydston, Roma and Billy June Brown, Curtis and Lillian Boydston, Len and Betty Brown. Refreshments were served and lots of good fellowship was enjoyed by all.

Tuesday night, the Allison United Pentecostal Church enjoyed the preaching of Bro. Ben Corbitt of Pampa, Texas. He was by himself here in Allison this time as his little girl was sick and so his wife and family were unable to be here.

Sunday night after church, Curtis and Lillian Boydston, Louise Boydston and Opal and Juanita Boydston went to Glenn and Betty Boydston's home for homemade cake and Schwans ice cream and yes a game of spinners was played. Friday evening, Gary and Julie Boydston journeyed to Oklahoma City, Oklahoma and visited their daughter and son-in-law and grandson, Amie and Doug Purcell and son Ryne. While in Oklahoma City they also visited with Ernie and Sue Martin and Kristi Hansbro Contact...

# Wheeler Church of Christ

On our Wednesday night's at the Church of Christ in Wheeler, we have classes for everyone of every age. At the present time we have the men and women separate, discussing different subjects of relevance to each. We also gather at 7:00 for a few minutes of devotion to God. Usually our young men will lead us in a few songs, we will take care of a few announcements and pray together. Generally I also present a brief lesson (sometimes others do it, too) and lately what I have been presenting are correlations between the songs we sing and the scripture with which they have a connection. Frequently choose a song that we either rarely sing or are learning for the very first time. I also get to introduce a number of songs that might be more often sung by our young people.

For example, one that was recently presented was the song "Lamb of God." This is a relatively new song, and you

may have even heard it performed on a Contemporary Christian radio station. Twila Paris wrote this song in 1985 and it has a marvelous harmony part. Of course more important than the tune and melody are the words and the message. The song speaks of a sinless Jesus who was willing to be sacrificed for our sins. Because of this wonderful gift, our love is proclaimed for our Savior. In terms of where these ideas come from in scripture there are plenty of places to look. In John 1:29, John the Baptist pronounces Jesus as the lamb of God. In Isaiah 53, Jesus is prophesied to be the lamb that was led to the slaughter. From another perspective, we see Jesus being both the gate for the sheep and the shepherd in John 10. And of course who could forget the parable where the shepherd goes out in search of the one lost sheep from Luke 15.

It is a beautiful song, but it is also a wonderful thought.

Shawn D. Johnson

Sunday. Thanks!

Brad Chandler caught a shark about the size of Sue when fishing at Port Arthur. Brad wanted to bring it back, but Pete and Keith didn't want it in the boat with them. Some people are funny.

Nice to have a call from sisterin-law Elton. She and new husband, Pat Teeters, had been up to Providence, Utah and visited A. T. and Shirley Fillingim and family. They also saw Lynn Martin and Randi Jo, Sandy Fillingim and Talley and Frances Fillingim from Price, Utah and 4 grandsons, Dante, Brayden, Payten and Hayden. Elton and Pat still play lots of 42. Elton and Pat live at Prescott, Arizona.

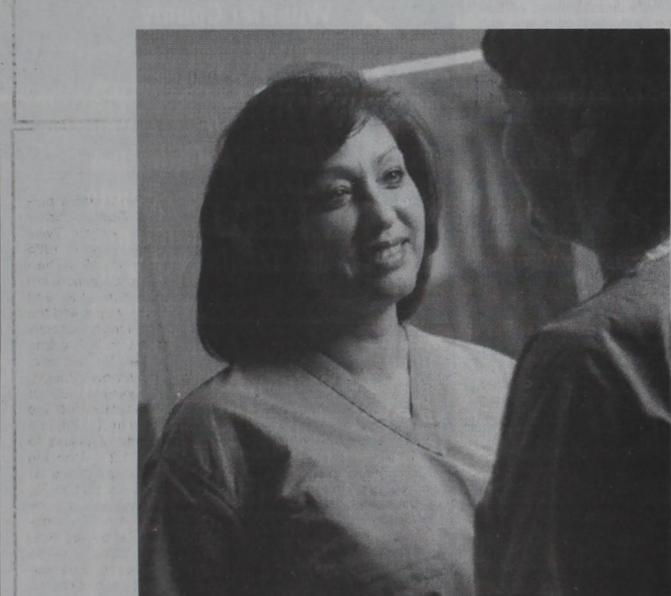

I was over visiting Willis Saturday afternoon when a friend from Childress came walking in Lilly Sumpter Harwell and husband and sons were in Wheeler for the boys to play football. So Lilly came over to visit a bit. Good to hear an update on all the family. Lilly still walks all over Childress on her mail route, even ten hours a day since they have been short of help. Mona (Sumpter) has moved back to Amarillo and is back working with the Heart Group. If you go there, tell Mona "Hello" for me.

Sometimes Lilly and husband and boys go to sand dunes where husband and one boy ride 4 wheelers. The other boy doesn't like to wreck.

Lilly Sumpter and sister, Sharon, stayed with us one year and went to high school at Briscoe and played basketball. Lilly was a senior.

Pete Gilmer and Brad and Sue Lucy Burrell (Mrs. Kelley) and Chandler spent last week visiting Kelleena and Louringa from Iowa Keith and Ann Boydston at Port Arthur. They did lots of fishing and Shrimp gathering and brought some back. Saturday night they hosted a fresh Shrimp boil to celebrate daughter, Bridget Weatherly's, birthday (23). Some others there were Shea and Bridget and Audra and Hagen and Joe and Mary Weatherly. They also had fried fish and lots of garden goodies fresh from the garden. Happy Birthday, Bridget. Saturday nice to see Shawna Joslin, who is very ill. Remember Hampton at Wheeler Care Center visiting her brother, Charlie Flanagan. Shawna and parents Kevin and Kim Hampton now live at Amarillo. They had to do a little work on their Mobeetie house that is rented out. Charlie lives in their Wheeler house. Shawna is growing up-now eleven and a beautiful Jennifer Maddox enjoys going young lady. Charlie works at Wheeler Care and does a great 100 Relatives and friends helped Davy and Shannon Gilmer and Adley move from the Horn house who helped were Mack Shields, John and Julie Shields, Kevin Shields, Richard Meadows, Monty-Hand, Walter and Patricia Hand, Bill and Tonya Finsterwald and Brandon, Patsy Smith and others. Keep praying for Davy and Shannon and expect a miracle. Davy is looking good and hopes to be able to eat soon instead of just having a feeding tube. Tonya took them to Oklahoma City for his check-up Monday. Keep praying for C. B Brotherton. He was having a check-up on his recent surgery at McBrides at Oklahoma City Monday. Surgery was on a foot, but can't put weight on it for a few weeks. We had a nice group out to Ladies Day Out at Maxeys Thursday. Some there were Lillian Lee, Shari Porter, Annie Ruth Lee, Nancy Pierce, Inez Wright, Sharon Wright, Katie Christie, Diane Sparks and Nicholas, Mary Margaret Dodd, Iona May, Marie Baker, Betty Howard, Leona Coates, Irene Rogers, Linda Hink, Ned Burrell, Martha Meek and Verna Fillingim. Good visits, good food, Next Ladies Day Out will be Thursday November 4 at Soto's at Hemphill County Farm Bureau had Appreciation Day Tuesday night Oct. 5 at the Pavillon north of Canadian. David Pearson and Jimmy Nelson cooked the delicious hamburgers. Rita Pearson is Hemphill County Farm Bureau Insurance Agent. Good group there.

Park came Sunday to visit Ned Burrell. Lucy also visited her parents at Shamrock. Girls spent Sunday night with Ned. Heather Schmitt and Quinlan and Emmi came over Monday morning and ate breakfast with them. Ned enjoyed seeing them all. The girls didn't have school Monday. They went back Monday

Wesley and Helen Steen went to Enid, Oklahoma over the weekend to visit Helen's brother, Olen Olen in your prayers.

So nice to have Lindsey and Ken Criswell and Blain and Dagen and Caroline Cornett eat lunch at Maxeys with me Monday. They also visited Willis. Thanks! They also visited David and Rita Pearson.

to the Cornerstone Church at. Wheeler on Sundays. On the first Friday of each month the 180 in Wheeler is open with different, games and a cafe for food. Jennifer likes to help with that. Ages 10. to Walter and Patricia Hand's rent and up are invited to come and house Sunday afternoon. Some have fun.

Weekend visitors to Mike and Beverly Bryant were Gary and Regina Bryant and Sarah and Cameron from Amarillo and Josh from Norman, OK. Good to see them all out to church at Wheeler Baptist. Also visiting and out to church were Greg and Jennifer Bryant from Oklahoma City, who also visited Louis and Barbara Stas who were keeping the grandpuppies. Best wishes to all.

We enjoyed the group from Allison Pentecostal church at Wheeler Care Center Tuesday. They really can sing and included Louise Boydston at the piano, Vance and Carol Boydston, Opal Boydston, Pearl Harrison, Juanita Boydston, Cheryl Dupont and Lillian Boydston. So good to have Pearl able to be out after some weeks in the hospital at Elk City and with her daughter, Vivian and Jimmy Wallace at Elk City.

Nice to meet Lillian Boydston, wife of Curtis Boydston. She has a house in Oklahoma City with lots of family there. Curtis lived in Allison. They met on a tour bus and got acquainted. Since she didn't want to leave her family at O.K.C. and he didn't want to leave his family at Allison, they spend 11:30 A.M. All ladies invited. about half the time each place. Best wishes! Lovely lady.

Bevard and Diane Dukes went to Amarillo Friday and spent the night with Deidre and John Paul Harris and Logan. Andrea and Tracy Auldridge and Tysen and Tayton spent Friday night in a motel at Amarillo and enjoyed the swimming pool. Carissa and Britt

We had a great group and very delicious food at Wheeler Senior Citizens Tuesday night Oct. 5. Birthday people for October were Charlie and Daphene Sullivan and Mae Brazeal. Happy Birthday, ya'll! Evelyn Meek baked the delicious Italian Creme Cake. Some others there were Wesley and Helen Steen, Ray Brazeal, Jo Redding, Joyce Perkins, Betty Howard, Mary Margaret Dodd, Martha Meek, Verna Fillingim. There was one table of 88 and one table of Chicken Foot, It was fun, but I don't remember who won. Next month. No-(Continued Page 12) ----

LARRY BAKER PLUMBING

> 2711 Alcock Pampa, Texas 79066 ... is proud to have had a part in the restoration of the

# Wheeler County Courthouse

The project required a replacement of the plumbing system throughout. A men's ADA toilet was located in the basement, the women's on the first floor, and an ADA toilet was located in the jury room on the second floor. Non-ADA toilets were restored on the second floor at the north end, off the Courtroom and individual room elsewhere in the facility. New drinking fountains were installed in three historical locations and other ADA drinking fountains were installed on each floor. Janitor closets were restored in the basement, first and second floors.

A new water service was installed from the north and a line was extended over to the 'old jail' at the southeast corner of the courthouse square.

#### Courthouse (from Page 8)

removes the runoff from the roof to the street

The Doric Ionic column capitals were replaced, using casting from the original capitals. One of the capitals had fallen as a result of a storm a year or two earlier. The columns on the east and west were stripped of lead based paint and painted to match the original historically determined color.

A new 25' flagpole was installed to replace an original flagpole, which had been removed several years earlier. Lighting was also installed to keep the flag lit.

Glass doors at each entry of the courthouse were removed and replaced with the oak doors to match those originally placed in the building. Interior doors were reworked and restored to match the original stained finish

New metal Venetian blinds were placed in all windows above basement level.

Restored also were five safes located in the courthouse. Three are located in the basement and two are freestanding. The removal of several layers of paint revealed beautiful gold leaf and artwork.

When a drop ceiling was placed in the courthouse, glass transoms were removed and replaced with plywood. New glass transoms and hardware were installed in the first and second floors. However the transoms are fixed in a closed position.

The courtroom had been made smaller and a row of rooms, including a law library were locatedon the east side of the courtroom. The courtroom was restored to the original layout with the jurors on the east side. Oak railing dividing the courtroom area was restored and where railing was missing, new railing was fabricated to match existing. On newel posts, a hand carved wood rosette as a feature in the courtroom and in the north and south stairs, was duplicated and installed where necessary.

The courtroom balcony, accessed from the north stair, was restored. This area had most recently been used for storage and ductwork. A glass rail was incorporated with the historic conditions to make the original low rail acceptable. Wood floors of the balcony were restored with matching wood installed from the mechanical room located on the third floor

All of the original oak wood benches for the courtroom main level were available; they were refinished. A juror's chair and a chairfrom the balcony were found; they were disassembled and all pieces replicated, complete with gold leaf applied on the end cast-

Floors, including the terrazzo on the first floor corridors has been restored. Linoleum was placed in the courtroom and the vestibule leading into the courtroom. All bathrooms, except the bathroom on the third floor are new ceramic tiled. Exposed concrete floors were covered with an epoxy coated floor finish to cover the obvious blemishes and give a uniform color as existed in 1925 when the facility was initially constructed.

The glass mosaic inlay exists at the intersection of the two corridors of the first floor. The Contractor manufactured matching glas

risers has been installed to meet code requirement. Hose cabinets are located on each floor at the north and south ends of the court-

Better Than a Full House !!!

The entire staff of Wharry Engineering appreciates the years of association with Wheeler County. We started with the Smart **Start II Program in April** of 1999, we then worked into the Master Plan and as most recently the construction phase of the restoration of **The Wheeler County** 

The first floor corridors of the Wheeler County Courthouse are terrazzo in the main corridors and concrete in the office areas. Portions of the terrazzo had been damaged over the years and needed repairs.

These repairs were made and we are very proud of the resulting floors.

Terrazzo, from the Italian word for terraces, was created several hundred years ago in Europe when Venetian workers discovered a new use for discarded marble remnants. Since that time, it has become a logical, practical solution for contemporary design and construction.

American Terrazzo Co., Ltd. 309 Gold Street Garland, Texas 75042 972/272-8084

tile to restore the color and integrity of this striking mosaic.

Restoration Associates Limited, LLC of San Antonio did a paint investigation. The courthouse had a rather limited color palette, consisting of four neutral brown/yellow, a gray for the interior and similar neutral colors for the exterior. The exterior Doric columns were returned to a cream color based upon recovered paint samples; the cornice and metal of the entablatures were also painted this same matching color based on the best existing evidence.

The gazebo constructed in 1996 in the southwest corner of the Square serves as a major activity center, and has been repainted to match the trim of the courthouse. Also on the Square are seveal monuments, a 1936 Texas Highway Department granite marker, a Wheeler County Veteran's Memorial, a Highway 83 Vietnam Veteran's Marker and a Military artillery piece.

A new smoke and heat detectors were installed to meet code requirement. New manual pull stations and audible strobe alarms were installed to meet code. The new fire alarm control panel is located in the mechanical room of the basement.

A complete new fire pump and

## Learn About Dreams And Visions Oct. 25

Are you experiencing dreams at night, or possibly visions in the daytime? Did you know that your dreams or visions may have a very significant impact on your future or the future of someone else? If you want to know more, come to this important teaching <u>"Dream Paral-</u> leling" by Pastor Ezra Randle on Monday, October 25th at 6:00 pm at the Senior Citizens Building, 916 South Main, Elk City. Pastor Randle has been instructed by the Holy Spirit from the age of 16 with over 30 years of training and experience. He receives calls from all over the country for dream clarification and understanding. Dinner will be catered by Buck's Lodge at a cost of \$5.00/plate. Reservations are required and must be made by October 20th. There will be a short time or worship before the teaching. Men and women are welcome. Call: 580/225-2959

Courthouse. As we celebrate the rededication of this historical courthouse, we would want to say that it has been our pleasure to spend the time with the many citizens and officials of this county.

**Wharry Engineering** again wants to thank all of Wheeler County for the last few years of work along with a labor of love.

**Congratulations on your** rededication.

Sincere sympathy to family and friends of Susie (Vaughn) Fulks, 92, in her death at Amarillo Thursday, October 7. The Vaughn family moved to the Briscoe area not long after our family did. I first met them in a cotton patch, maybe south of where Jimmy and Tammy Maddox live. Vaughn children still at home were Lawrence, Susie, Lois, Vada, Margie and E. T. They came regularly to Briscoe Methodist church where Susie led singing frequently. And I often went home with Margie after church and enjoyed the afternoon. We were all kinda stacked up in that little car. Farm kids frequently pulled cotton boles to make a little extra money for school clothes and food. Times were hard, but I was never hungry. If we had pinto beans and cornbread and fried potatoes and maybe a cobbler, what more could you need?

Reba Wofford enjoyed celebrating her 97th birthday Monday October 11 with lunch at Maxeys with Ella Mae Wood and Barbara Williams. Happy Birthday, Reba. Reba also got flowers and Rosalie played Happy Birthday on the piano.

So glad to hear that little McKaylee Swift is doing some better. Her kidney is working a little and she has eaten some solid food. And she enjoyed a ride

around the Childrens' Hospitalin a little wagon-like thing. She is no longer in ICU. Keep praying for McKaylee.

Saturday night supper guests at the home of Preston and Elsie Glazner were grandson Timm and Melody Rodgers and Gabe, Nikki and Allison and son Jerry Glazner. Timm's family is from Canadian.

Andrea Auldridge works for Wheeler Soil Conservation Office. Sandy Gaines keeps Tayton and other babies. Tysen goes to school at Fort Elliott.

Congratulations to Collin and Anna Belle McCurley of Empire, Nevada in the birth of their new baby girl, Elizabeth Jane, on October 3, 2004. She weighed 8 lbs. 15 oz. and is welcomed by big sister, Hannah. Grandparents include Randy and Carol McCurley. Greatgrandparents include Ted and Dortha McCurley of Wheeler and Pete and Sue Seitz of Mobeetie. Jane Seitz is the great-greatgrandma. God bless you everyone.

Thank you, Ed and Laurel Hershman, for that fine watermelon. You made my day! And several days! Very good.

Ed and Laurel and Evangeline and Bob Wills prepared the Wheeler Baptist Church supper Wednesday night, serving Indiana Chili (very good) and raw carrots, celery sticks, peppers and crackers. Others brought luscious desserts. Always good fellowship. Thanks to all. You are invited to Wednesday night suppers and Bible Study and prayers.

Ray and Glenda Hudson went to Perryton and Canadian Saturday and ate supper in Canadian with Ed and Brenda Graddy and Mike and Jennifer Graddy and Allison from Wichita Falls, and a grandmother and aunt.

Rodney and Keri Hudson and Hayden and Kailey have been staying with Sonya Hudson and Patrick until they find a house. The kids are starting school at Fort Elliott. Welcome to all. Rodney is working for Williams Welding out of Canadian. Best wishes. Welcome!

Bro. Aaron Laverty is home from the hospital after his back surgery, but is still having lots of pain. Remember him in your prayers. Claudetta is to have gall bladder surgery soon.

Tuesday Oct. 19 Paducah Junior High and High School Volleyball teams will come to Briscoe to play Fort Elliott starting at 4:00 p.m.

What a wonderful rain we are getting this early Wednesday morning! As Glenn Elmore used to say, "How sweet it is". And how sweet it must be for him to get to see loved ones in heaven and no pain, no problems! We are thankful for nearly 2 1/2 inches of rain sitters. Wednesday. Yea!

Good to eat lunch and visit with Irene Rogers and her grandson, Jason Hink, at Mel's Tuesday. Jason has a bachelor and masters degrees from WTAM. Right now he is starting a new job in the oil patch with a disposal well east of the old County Line store. Best wishes, Jason. Enjoyed visiting cast off, but can't play football this

with you.

Best wishes to Larry Dan Trimble and Linda Smith of Wheeler in their marriage.

Remember God loves you and wants you to pass his love on to all you meet up with. Me, too.

Larry Hampton was in charge of prayer time, business meeting and had some very challenging things to say at Wheeler Baptist Church Wedndesday night. Pray for our church and community and our country and our boys overseas and election coming up. "If God be for us, who can be against us." Lets make a difference in our world. We still enjoy Bro. John and Eulis Denton, but we do so need a full time pastor. Keep praying!

Best wishes and congratulations to Glenn and Tracy Keelin on the birth of their new baby boy, Braden Glenn. He is also welcomed by big sisters Andria, Megan, Marissa and Julie Keelin. Lots of good baby

Getting to be a rainy country. We are thankful to have nearly an inch of rain Thursday in addition to nearly 2 1/2 inches Wednesday. And more Sunday and Monday.

I talked to Spencer Ford on the phone. He is now 12. Some weeks ago he jumped off a 4-Wheeler and broke his arm. He now has the

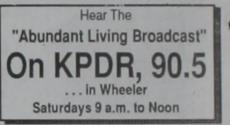

year. Hope you will soon be o.k., Spencer.

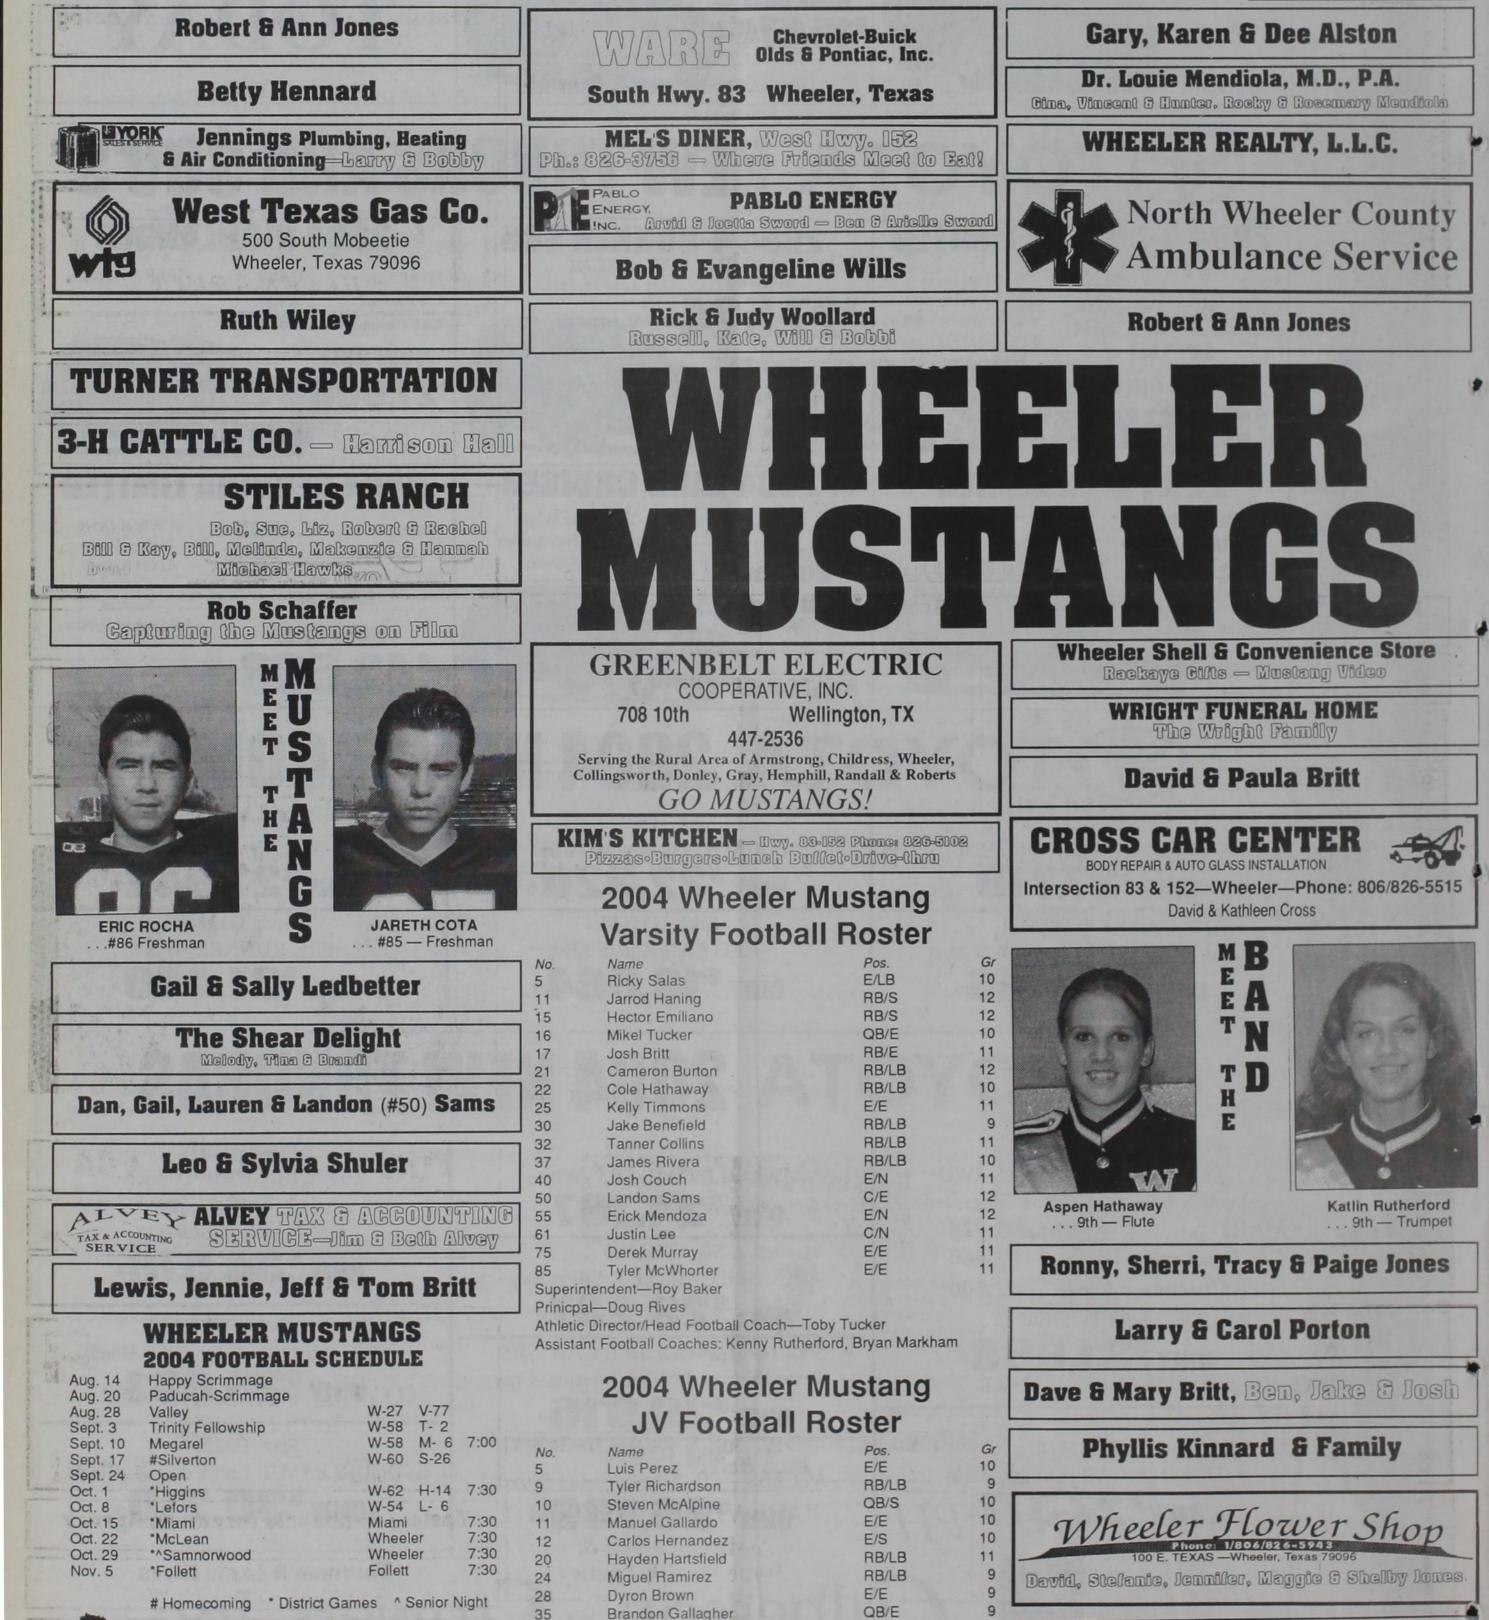

Sunday October 10 Vera (Moore) Barnes family honored her with a party for her 89th birthday. They had Birthday Cake and cokes and 43 there at the Bank Hospitality Room. Happy Birthday, Vera. Also someone sent flowers. They also had a pile-on-supper for everyone at Earl and Shirley Jolly's home after the party.

Congratulations, Rodney Weatherly. Sunday Oct. 3 Rodney was called to be pastor of First Baptist Church Dalhart. God bless you everyone. Rodney had been interim pastor there for awhile.

Rosalie Keelin enjoyed a visit from her twin sisters, Floy Larkin from Pampa and Joy Garrison from Borger Saturday afternoon. The twins sang while Rosalie played the plano in the dining hall at Wheeler Care Center. They do a good job and enjoy that. Rosalie's nephew, Larry Taylor, visited Rosalie Friday. We all enjoy Rosalie's music.

Praise God for all the wonderful rain. It's so good to see Patricia Corse out running around with just a brace on her wrist now. Praise the Lord! Her wrist is healing well and everything in place, which had been a big concern of the Drs.

Pat got the cast off Tuesday and can take the brace off a little while each day around the house. She really appreciates the freedom.

Thursday the Mobeetie Volunteer Fire Dept. and Briscoe Volunteer Dept, participated in National Fire prevention week. They hosted the Ft. Elliott Elementary School Kids at the Mobeetie Fire Station then they all loaded up and went backto the school on the fire trucks. A little later continued the parade of trucks back to the fire department.

All the children took their places on the trucks and did very well. Looked so cute. Lots of future firemen.

Thanks to all the firefighters that took time from their jobs to come help make Fire Prevention Week extra special and more meaningful to the kids. Always making memories.

Good to see Jim Batton out and about some after his neck surgery. Even though life's not too whoopee yet, but each day is a little better. Friday he took Kay out for birthday

lunch. Belated birthday wishes Kay! Hope you had a great day and many wonderful days to follow.

Hope ya'll had a great day out. Hope this finds Lorene Rector feeling better. She spent almost all day Thursday over at Elk City having medical tests run. Hopefully that will tell the Drs. how they can change her medication to get her to feeling better. Please keep her in your prayers.

Melba and Lorene had to go back again Fri. A.M. The weather was almost clear and pretty here. But when they got to Sweetwater, OK was foggy as ever, thick as pea soup in places off and most of the way to Elk City.

Nanny and Paw (Sallie and Tim Adcock) took the grandkids, Jayten, Garrett and Jarrett Childress, and went with son and family Jackie Don and Kellie May, Payton and Shelton and off to Red River, New Mexico they went Friday afternoon.

They arrived after dark so-Garrett and Jarrett kept asking when they were going to get to the mountains.

Sat. dawned a bit cloudy, but the boys could see they were finally in the mountains.

They all had a great time. Jeeping, lots of neat trails to explore, hiking, going out to Royal Gorge Canyon, shopping, eating at neat restaurants, enjoying the play ground and hot tubs. They even got to roast marshmallows in the fireplace and make simores. Yum!!

It was a wee bit chilly up there! Even for this time of year. They were even in snow at Taos. They had a blast!

The trees were gorgeous but just about gone, because everything seems to be a little ahead of schedule this year.

But they all enjoyed a well deserved get away.

Patty Kephart drove to North Richland Hills, TX to spend the night with her sister and family Friday and a short visit. Then Saturday on to Ft. Hood to be with husband, Jim, after he got off work at noon. Then home Monday for pounds 12 3/4 oz. and was 20 3/4" city meeting.

Jim's Army reserve unit was give her hugs and kisses. called back to active duty, for the second time, in August. He has to Iraq after the first of the year.

Ruth and Jasper Willaims, from May, Joe Atwood, McKaylee Swift, Wister, OK surprised us Tuesday evening when they stopped about 7:30 P.M. on their way home from ily, Jim Batton, Aaron and CA. They had been visiting their girls and families for the last six mary Dockins, Danny and Betty weeks. Rutha and Allen took them Rogers, Pierce Walker, Gladys home with them in Aug., so they could see all the kids, grandbabies and great-grandbabies and Jaspers mother, sister and brother. They had a real good visit. Then Allen and Rutha gave them a good dependable pickup to come home

# **Congratulations Wheeler County on your new Courthouse!**

Centramedia

One more reason for Wheeler County residents to be proud of Wheeler and their standing as a thriving community in the Panhandle. Your beautiful new Courthouse is a testament to your resilience and forward-thinking commitment to extending your heritage for generations to come. As Wheeler continues to grow and prosper, we know your Courthouse will stand out as a symbol of your success.

Centramedia Online Services would like to join the rest of the Panhandle in recognizing your achievement this weekend as you celebrate the rededication of your Courthouse. We know that everyone visiting and taking part in the festivities will discover what we know about Wheeler — it's a great place to live, put down roots and prosper. Hats off to Wheeler!

Centramedia is equally proud of our long-standing alliance with Wheeler County and its residents. We have been providing technological solutions for your county government for quite awhile now, including a completely revamped computer network for all County offices in the new Courthouse and state-of-the-art high-speed wireless Internet connectivity linking those offices to the world.

And our service doesn't stop at the Courthouse. We offer dial-up and high-speed Internet services to all residents and businesses in Wheeler and surrounding area, as well as computer network installations and Web site design and hosting for area businesses. Check out the highlights of our current promotion below, then give us a call to activate your service today.

## Wheeler County Courthouse Restoration Project Completed

house restoration has been completed to the point of a rededication program to be held Saturday, October 16, 2004.

The project began with the removal of county offices from the courthouse in May, 2002. Office space was rented in the downtown area and the offices have continued to operate out of these locations and will begin moving back into the courthouse after the rededication.

The courthouse, built in 1925, was in need of major and minor

The Wheeler County Court- repairs. Work focused on the repair and replacement of deteriorated elements of the building. The foundation walls were in need of repair and waterproofing in the basement. The main entry stairs on the east and west were replaced as well as the four porch skylights, located under the porch areas.

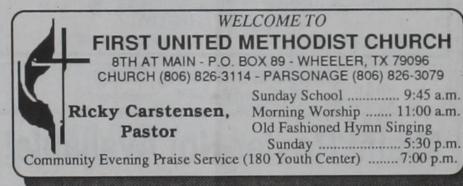

> The ramp for handicapped access consisted of a ramp on the east elevation of the building. This was replaced with a basement level entry on the north side of the building, which is almost level with the

handicapped parking area, also since the installation of heating on the north.

Added was the Geo-Thermal heating cooling system. A pent house was constructed on the roof over the ductwork for the new system.

The building was completely rewired, using conduit, consealed in the walls. A wireless internet system was added, as well as a speaker system for the courtroom and smoke and fire alarms.

The old elevator, installed in 1986, was removed and a new elevator is located at the north end of the building, near the handicapped entry. The moving of the elevator allowed the restoration of the courtroom, complete with the balcony seating.

The first phase of the project was the removal of hazardous materials. The contract was let in July of 2002 and completed in August 2002.

The Wheeler County Commissioners accepted a bid of \$4,100,000 and the county entered into a contract with Phoenix Restoration and Construction, Ltd. on August 11, 2003.

The Geo-Thermal heating cooling system required eight fields of wells, 8-14 wells perfield. A total of 86 wells are located on the lawn for the operation of the system; their depths are 250-300'.

A new electrical service was placed underground from the southeast. A new pad mounted transformer is located north of the 'old jail'.

Gas service was completely eliminated from the courthouse. The brick surfaces were pointed with mortar matching historic proportions, walls were cleaned, re vealing a rowlock course of brick at the top of the foundation-a feature that had been covered for years.

The plaster was removed, which had covered the basement windows and the windows are once again operational. Also restored were the eight wooden double hung windows at the east and west entrances.

A multi-layered PVC waterproofing system was installed on the below-grade foundation wall. A drainage system was installed around the entire perimeter of the courthouse to remove ground water via gravity through a drain to street level on the north side parking. A separate drainage system (Continued Page 9)

yesterday was the showdown! We were riding our ATV's to Curtis and Lillian's when Glenn Forrest Frosty ran over a huge snake. In fact he ran over it three times, but the dirt was soft from the earlier rain so it was not hurt. Then he motions me to come on past it as if it were safe. Well that huge snake struck out at me as I drove by. Think Glenn only make him mad and my boots looked like a good target! This sure was a first for me as I do no associate with snakes, much less get within striking distance.

Just talked to my daughter Laurah in Elko, Nevada and she wants an Armadillo when she visits in November. I am not sure, but think Glenn or Eddy killed the one that was here. Anyway have not seen it for a while and I know it lived in the wood pile out back. She is the animal lover of all time. Can not remember how many pets she brought home as a youngster and she is still doing it. Her husband wants a coyote skull - who knows why? - and also a deer to hang on the wall and the meat for his freezer. I told her that he could have one of Glenn's mounted deer heads as we do not need all of them. She said I had better ask Glenn as those trophies are a man's thing. I told Glenn before we married that those dead animals would have to come down off the walls and go into his garage. He agreed, but after we moved here, I relented and let him put up three of them - in his computer room. Then one did look pretty good over the fireplace, so the antelope went up too. The big bass found a spot on his wall too, but there are still a few leftovers in storage. Enough in the house. Now I see that we have

VOTE JOEL FINSTERWALD

> FOR WHEELER COUNTY SHERIFF **NOVEMBER 2, 2004**

If elected your next sheriff I will live by and act on these beliefs. Your vote and support will be greatly appreciated.

I want to serve as your next Sheriff.

 I believe peace officers are public servants and it is our duty to protect and serve the community.

 I believe that aggressive drug enforcement is essential. A good working relationship with other agencies, prosecutors, and the courts is very important. I believe that the Sheriff's office has a good record of arrests and convictions, but there is always room for improvement.

 I believe a good relationship with the community is essential. You are the best eyes and ears that we have, and information from citizens often leads to solving a crime or to arrests.

 I believe in an open door policy and that people's opinions are worth listening to and valuable.

# **Prairie Rivers Musical Opens**

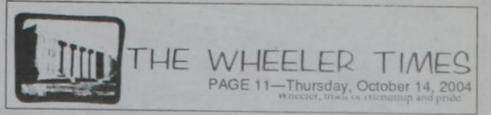

PRAIRIE RIVERS MUSICAL, the popular family oriented live music show, will present its season opener this Saturday, October 16, at Canadian, Texas Middle School Auditorium, 404 S. 6th Street. The music starts at 7:30 p.m. "This is the SIXTH season for Prairie Rivers Musical and we are looking for a great crowd, many of whom will be regular fans from past years" reported Jay Godwin, one of the original organizers. "We had between 400 and 450 people at the last two or three shows this past winter. We have lots of folks coming from Western Oklahoma, in addition to all over the Texas Panhandle. The music we play represents a basic way of life in this area and many of the people have become hard and fast fans." Classic country, western swing, rockabilly, and gospel are the basictypes of music that will be heard from the stage on Saturday night.

The show will continue a tradition of not charging any admission fee and provides very comfortable theatre type seating, with no smoking or consumption of alcohol.

"Prairie Rivers Musical presents avenue that is all live performance by musicians and singers who have a wide variety of backgrounds. We are a real diverse group in many ways, but all of us have one thing in common-we have a lot of fun playing and singing the music which is an important piece of our culture." Godwin mused. Many of those who have been regulars in the past are expected to perform Saturday, including Frankie McWhorter, Lonnie Cox, Phil Ridgway, Hank & Venita McPherson, Wayne Wright, Mary Lynn Schafer, George Briant, Dale Jenkins and daughter, Kayla, Pat Popham, Scott Campbell, and Jay Godwin. We are real pleased that steel guitarist Harold Studebaker from Alanreed will also be performing with us," added Godwin.

Canadian is hosting its annual Fall Foliage Tour this weekend. Lots of events are planned for both days. Jay Godwin is very convincing that Prairies Rivers Musical is the place to kick back, slap a knee, or, tap a foot after a busy and fun day. "We promise a great time for kids, both old and young!" he exclaimed.

# Wheeler County Ag Day Held

Wheeler County Ag Day was ton, wheat, and how agriculture held on October 7th. Youth from Fort Elliott, Kelton, Shamrock and Wheeler schools participated. The youth first learned about the process of making milk from the Dairy Classroom presented by Mike Reeves from the Southwest Dairy Farmers. The youth then rotated through exhibits which included: a presentation by Bart Wyatt from the Panhandle Groundwater Conservation District, Gene Franks from Farm Bureau presented a trailer with information about cot-

affects your life. Kenny Brdecko, AG-County Extension Agent presented a program about animals which included llamas, sheep, miniature donkeys, and baby pigs, and Karen Tellman, FCS-County Extension Agent presented a program showing the amount of sugar in drinks. Did you know that if you drink one 12-ounce cola a day for a year, you have consumed 64 pounds of sugar? (Can you picture 16 four pounds bags of sugar?)

## Trail's End Gourmet Popcorn Being Sold

On October 2, 2004 10,000 Cub Scouts, Boy Scouts and Venture crew members who belong to the Golden Spread Council of the Boy Scouts of America will be pounding the pavement as they kick-off their 22nd annual sale of Trail's End Gourmet Popcorn. The sale lasts through Friday, October 29.

Barry Oxley, Scout Executive for the Golden Spread Council indicated the Scout's popcorn sale helps to provide supplemental income to finance Scouting activities for the Council, as well as individual Scouting units. "Escalating program costs, the need for camp equipment and maintenance, as well as continued growth in youth participation, have prompted the Council to sell a great product like Trail's End Popcorn", said Mr. Oxley.

Council Executive Board President Bob Rathbun emphasized the primary income for Scouting activities will continue to come from community support through area United Ways and from the Council's annual Friends of Scouting campaign.

"Local scouts contribute a great deal to our area and by helping to support them, you are actually helping every community in the Texas and Oklahoma Panhandle," says Mr. Rathbun. "And what better way to help them than through the purchase of delicious popcorn."

Mr. Rathbun goes on to say, "When a Scout calls, we urge you to make a purchase," "All Popcorn sale proifits stay here and help provide the Golden Spread Council and Scouting units throughout the panhandle with additional funds needed to serve the 10,000 Scouting youth members of our area." "Last year local Scouts sold nearly 45,000 containers of Trail's End Popcorn, and this year the Council has set a goal to sell 25% more containers."

"We appreciate the support that our Scouting activities have received from our area's communities and wish to express our thanks to everyone who participates," says Council Scout Executive, Barry Oxley. "This is a great product and directly supports local scouts and local scout programs."

If you are not contacted by a Scout, please call the Golden Spread Council Service Center at 806-358-6500 to place all order. Thank you for your continued sup-

Remember God loves you unconditionally and wants you to pass his love on to others, especially ones who are hurting or ill or lonely. If you are staying out of church because someone said or failed to do something you 'thought they should, you are missing out on God's message to you and a blessing from the songs and sermon and fellowship with other Christians. God really, really loves you and wants to be your friend. Talk to him!
