MOBEETIE CITY COUNCIL

4 at City Hall with Mayor Dale Corcoran

The Mobeetie City Council met Jan.

We've Expanded Our Services AND CHANGED OUR NAME

Have you noticed we have a new name? Community Hospital has changed it's name to Great Plains Regional Medical Center in Elk City, Oklahoma. We've changed our name to reflect the many changes we've made over the past decade. Changes that have allowed us to quietly become this area's finest health care provider. Several factors have contributed to our recent progress. Foremost among them is our commitment to acquiring state-of-the-art medical equipment. Another reason is our continued expansion of services. WestOk is just one example of this.

Nearby Cancer Treatment

It's the fight against cancer that prompted us to form the WestOk Cancer Treatment Center, a world class cancer treatment center located next door to Great Plains Regional Medical Center, in Elk City, Oklahoma. WestOk is a fullservice, modern facility. Because people who need cancer care need ac-

cess to diagnosis and treatment without traveling hours to find it . That's why WestOk offers a full range of treatment for all types of cancer, including radiation and out-patient chemotherapy. We do this to offer you a better chance against cancer.

Medical Technology

At the core of WestOk's advanced cancer treatment technology is a new \$660,000 linear accelerator. Now, side effects are greatly reduced because the laser can be aimed with pinpoint accuracy. This eliminates damage to surrounding healthy tissue.

Great Plains Regional Medical Center in Elk City, Oklahoma, treats patients from all over Western Oklahoma and the Eastern Texas Panhandle. It is in recognition of our role as a leader in health care that we have changed our name. But even though we continue to

grow, we haven't changed our philosophy. We still think the most important people are our patients and their families. We're investing in tomorrow's technology, so you'll know you'll be treated right - today. That's the philosophy that has brought us to where we are, and will take us into the future.

age. *Save glass jars and plastic containers and use them instead of aluminum foil or plastic wrap to store leftovers.

*Take advantage of a crock pot, which uses little energy, for soups and stews or other dishes that takes a long time to cook.

*Cook with a pan that is the same size as the burner when cooking on an electric stove. If a six-inch pan is heated on an eight-inch burner, more than 40 percent of the heat generated by the burner is lost.

*When possible, keep the lid on a pot or pan during cooking. Spaghetti heated in a pot without the lid requires three times as long to cook as spaghetti heated in a covered pot.

*Keep metal grease-catching burner pans clean. Clean, shiny pans reflect heat up toward the cookware, whereas dirty, blackened ones absorb heat and reduce cooking efficiency.

*Turn off electric burners a minute or so before a dish is fully cooked; a red hot burner will continue to generate heat.

*Keep air circulating inside the oven by staggering pans on upper and lower racks. Good air flow allows for efficient cooking of foods.

*Make sure the inside of the microwave oven in clean to maximize its ability to heat food.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

CHEERS FOR THE NEW

We have elected a new President and many members of Congress that are committed to positions that are contrary to the Bible, and many Christian leaders expect that God's judgment will come on America. Gays in the military, unrestricted abortion on demand, and strong bashing of Christians and Christian ideals are some things we may see very soon. Those things will bring the judgment of God on a nation. However, those people that know God and have received Christ as Lord and Savior have reason for cheer.

Matthew 9:2, "Jesus seeing their faith said unto the sick of the palsy; Son, be of good cheer: thy sins be forgiven thee." The man of this story was in a bad situation. He was paralyzed. Yet, Jesus told him to be of good cheer because his sins were forgiven. Jesus healed him, but he was told to be of good cheer which means there was reason to rejoice even when the situation was bad because of sins forgiven. If you know that your sins are forgiven, BE OF GOOD CHEER!

John 16:33, "In the world ye shall have tribulation: but be of good cheer; I have overcome the world." We are going to have problems. There is no way to avoid that if we continue living. They happen. Sometimes, we also have troubles severe enough to be called "tribulation". However, Jesus said to be of good cheer. No matter what the next year holds, if you trust Jesus Christ and believe the Bible, BE OF GOOD CHEER!!

Acts 27:25, "Wherefore, sirs, be of good cheer: for I believe God, that it shall be even as it was told me." Do you believe that it shall be even as it was told you in God's Word? Your future is as bright as the promises of God. Christians have no reason to be discouraged or sad. God has given to us many amazing and precious promises. The Word of God says that all His promises to us believers are "Yes and Amen". They are all positive and good. We will be okay if we believe what He said. Take His promises to you and boldly proclaim that in spite of present circumstances, "I believe God that it shall be even as it was told me. Therefore, I will BE OF GOOD CHEER." Three cheers for new year!! People who love the Lord and are committed to Him have every reason to be cheerful. Our sins are forgiven, Jesus has overcome the world, and God will keep His promises. Have you put your trust in Jesus? Do you know God? Are you a child of His? If not, you don't really have a legitimate or real reason to be of good cheer. If you will turn your life over to Him though, He will give you a spiritual new birth and you'll really know how to BE OF GOOD CHEER.

In the consolation championship, Wheeler avenged an earlier loss to Sunray by pulling away in the fourth stanzabehind Joe Dan Ledbetter's 15 point quarter. Trailing by 4 after three periods, the Wheeler boys nearly doubled their score with 26 points in the final 8 minutes. Clutch free throws helped as the Stangs were 7 of 10 down the stretch. Ledbetter ended with 23 points and 9 rebounds. Wiggins chipped in 11 points and 8 rebounds. Baize added 7 boards. The final score

In another payback game Saturday, the Mustangs beat the Booker Kiowas, who braved the weather to travel for the game. Despite trailing at the end of each of the first three quarters, Wheeler was able to come away with a 9 point victory. Keys to the win were an improved free-throw percentage and gutsy defense by Joe Dan Ledbetter against Booker's Toby Wynn. Besides Stellar defense, Joe Dan added 14 points and 12 rebounds in leading the Stangs to a 58 to 49 win. Wiggins again led the scoring with 21 points. Here & There

By Laura Guthrie

Seems like I barely survived, because

I was ill all the next week. It really

wasn't work nor tiring details. Maybe

I enjoyed it too intensely. Melinda did

most of the work. Our family came in

shifts. Lydia, Melinda's mother came

early in the week and had to go home

on Thursday. Pattie and Steve Guthrie

from Austin came in sometime

Wednesday night. Bobby Guthrie and

family came from Amarillo on Satur-

day. So we had three Christmas din-

ners. Lydia had to have hers on Thurs-

day. Friday we were joined by Rose

and her girls, Traci and LaDonna and

Patti's three children Bobby, Ryan

and Kelly. We had gift exchange that

day. By Saturday we were pretty well

filled with turkey. Tim took over and

made enchiladas for our dinner that

Christmas morning people usually

have to be up and at it. But I just sat in

my rocking chair and listened to the

Today Show. All of their familiar char-

acters, including, Kathy Curic, Brian

Gumble, Margaret Lawson, Willie

Scott and his assistant All, Gene

Shallet and our old friend Joe Garaggio

(I can't spell his name). Mostly it was

a program of informal conversation

and music. The Bell Choir impressed

me. Handled right, bells can make

mellifluous music. Of course the pro-

gram was often interrupted by outsid-

ers. A few are: "I'm John Chandler",

So, we got through Christmas.

their granddaughter, Keri, popped in from Calif. That was a lovely surprise. On the way home the Risners stopped in Okla. City for a visit with their grandson, Wade Childress. They also visited in Longview with Adrian's brother, Scottie and his wife Betty.

Tim's sister Mary Kilgore and her children, of Dallas, spent Saturday night with us. She had been visiting in Dumas with her parents, Mr. and Mrs. Clyde Whorton.

Last week in the Good Morning column of the Amarillo Globe News we found a piece written by one Globe Staff which relates what an officer gets for excuses about their accident. Here is my favorite. "coming home, I drove into the wrong house and collided with a tree I don't have".

"It's down hill all the way", "Folgers mountain grown coffee, , Mylanta, alka seltzer, Hallmark, Puffs". There is no end to this sort of thing. I know it has to be this way. If there was no advertising, the broadcasting can't . operate without income. And we wouldn't have T.V. Of course there are those who think TV is all bad. There was an illustration of this somewhere in our panhandle recently. Seems that a pastor of a church doesn't like TV. So he gathers up some small boys and takes them out to shoot-up discarded television sets. That, in my opinion, was a real lesson in vandalism. Suppose those boys don't like school. By example they might set fire to the school house. the principle is the same.

But we have a choice-good or bad. The Holy Bible, Philippians that "whatsoever is true, honest, just, pure, lovely or of good report." we should "think on these things".

Now I'd better get onto some other subject. I don't know much about the neighbors. I don't get out much. Besides the weather hasn't been conducive to getting out.

Performance is the only proof of a cattle feed's value

You can tell something about a feed from the way cattle look in the feedlot.

But this doesn't tell you anything about what your total feed cost per pound of gain is going to be. Price per ton for the part of the ration you buy doesn't tell you much either. A cheap supplement often is anything but a good buy. The only real proof is in performance-low total feed cost. That's where the worth of Moor Man's® really shows up.

Let's do some feed-cost figuring. Your MoorMan Representative,

"Another year is dawning. Dear Father, let it be, in working or in waiting, another year with thee". by F. R.

Kenneth and Lou Dean Douthit had their family Christmas get-together on New Year's Eve weekend. Ones com-

said Merry Christmas to all not just to the few we normally greet but to everyone you see on your seasons rounds. A few nights ago Mama and I had to go to town and on the way out of town we stopped at the store for a few things.

As we browsed through the store we passed many folks who too were gathering some of those last minute needs and I, as usual was saying Howdy to this one and that one as we passed. Well, one gent and his wife looked at passed on by. By appearance I felt they could speak and comprehend our language and neither seemed to be a mute and as I walked along by Mama wondered if they were really Christmas shopping or just getting some grub to stuff their gut. Now forgive me by my impudence but honest just how much does it cost to be friendly or polite, not much to be sure.

What I am trying to say is we truly are our brothers keepers and in many occasions that person might be of vital help to you who ever you are. One time Mama and I were driving in some very desolate part of California and there were steep hills, narrow roads and durn few houses or people. We had just made a curve in the road and just ahead there was a big white cadillac that had just had a flat and had pulled off the narrow road. I told Mama and the kids that I was going to stop and see if I could help. We did and as I got out I could see the folks wuz fixing to go to some sort of a big shindig er meeting by their dress. I offered a handshake and told the man my name and was offering to help. He shook and introduced me to his wife who had gotten out. They in turn met Mama and the kids and this gent said Son I can't ind the jack or the tools to fix the situation. I saw the jack and tools as they should be in a little compartment under the mat. I got out the tools, unlimbered the jack and got the spare out of the car and got the car jacked up, changed the tire and told him not to get soiled as I could do all the dirty work, so to speak

I got the tire changed, the flat spare and tools back in the vehicle and the runk lid down and the man asked what he owed me. I assured him he owed me nothing and he sheepishly said Son I own the Cadillac dealership n Woodland and I assure you if you are by or are ever in the need of a new

things happen to us that made us realize this and now at this Christmas season we should show our true feelings about the meaning of Christmas. Mama and I wish everyone Merry Christmas and a Happy New Year and many more to come. .

Wheeler Junior Varsity Activities Over Holidays

The Wheeler JV Boys improved their record to seven wins against two losses with consecutive victories over Shamrock, Booker, Vernon and Booker again. The JV Mustangs return to action Tuesday, Jan. 5, against Shamrock.

In a game following semester tests, the Mustangs played a sluggish game against Shamrock, but held off a late Irish rally for a 33 to 26 win. Cobey Boedeker popped the nets for 15 points to lead the team.

The next night in Booker, the JV overcame one of the slowest starts ever to defeat the host Kiowas 32-26. Despite trailing 16 to 11 at the half, Wheeler overcame that deficit to take a lead they never relinguished. The use of an effective 1-3-1 trap aided in the come from behind win. Boedeker again led the scoring with 12. The JV traveled to Vernon and edged their 3A counterparts 39-37 behind Greg Bryant's 15 points. The Mustangs led almost the entire game and held off Vernon with some fine ball-handling against the press and a clutch 3-pointer by Bryant. Boedeker and Andy Francis added 9 points each in the victory Last Saturday, the Mustangs hosted the Booker Kiowas and applied a sounding spanking to the visitors by the score of 52 to 14. The full court press was more than Booker wanted as the Mustangs converted quite a few uncontested lay-ups. Heath Eliasen pumped in 13 points. He was joined in double figures by Boedeker with 10.

The New Year didn't start on a very auspicious note. At least the temperature stayed around 20 instead of the promised 9 degrees. Freezing rain covered the ground with ice, and then sleet most of the day makes us look like another snowstorm hit. This was one Friday that the sun never came out. You know the old saying. "The Sun always shines on Friday". Nearly 70 on Wednesday and 22 high on Thursday is hard on my equilibrium. I put my 12 onions pieces out with the thimble of salt in each. Only January had any moisture. 93 may be another dry year.

Mellie Stone had an early Christmas with John and Reba Greer. They went on to Washington to see their daughter and family. Mellie spent Christmas day with Waddell Davis and children at Shamrock. Mr. and Mrs. Paul Davis and children of Tulsa were there and also visited her folks at Pampa.

See Joe Mong and Richard McEntire had birthdays on the 1st with a national holiday. Joe's birthday is the ated the gifts from my papers and

the county are invited to participate.

The county winner will compete on April 17, 1993 in the 45th regional competition in Canyon. the top speller will receive an all-expense paid trip (for two) to Washington, D.C. as the area's contestant in the 1993 National Spelling bee this event begins on May

yesterday. Imogene had visited Erdice Nichols and Bertha Coffey this week. J.R. Coffey and Sue had been up from Burkburnett to see his mother Beaulah Atchley and aunt Bertha.

The Erick Kitchen Band went up to entertain their Texican friends at the Wheeler Care Center Tuesday. Had a nice crowd, Mr. and Mrs. Bill Connall (sp) were celebrating their 65th wedding anniversary. Little Felicia McCarty stole the show. She is such a lovely 18 month old girl. Dances like a pro. Harold Lee Jones shook my hand and said he'd renewed his subscription to the Wheeler Times just to read the SW news. Wasn't that kind of him? Band members were Basil and Billie Doss, Iona Miller, Rose Abla, Hazel Francis, Margaret Hiller, Betty Brothers, Jack Criswell, Murray Orgain, we three and Ole Five String. You ought to see the fiddle Santa (Joe Dale) brought Joe. All of 12 inches long, with case, bow, and rosin.

Billy tells me her uncle and aunt, Clyde and Faye Lewis were celebrating their 70th anniversary at the Sayre Hospital.

I loved everyone of my cards. Had one from a reader in Sweden, Bill Males. My Australian friend wrote she was taking chemo therapy. I appreci-

"DOTS" INCREDIBLE

Take a visit to a local clothing store or glance through some mail order catalogs and you will see that polka dots are still in fashion. Polka dots are seen in a variety of colors and sizes. Some polka dotted fabrics are washable. Others are dry clean only. Many of the dots are not dry cleanable especially on stencil prints. A stencil print has a raised surface design and is made by applying a lacquer to the fabric . ough a stencil template. The template can be made of cardboard, wood, or metal. Color is applied over the stencil by rollers, brushes, or sponges.

Stencil printed polka dots can be recognized by their glossy, paint-like appearance on the surface of the fabric. They often need a plasticizer to keep them soft and pliable. The plasticizer may be soluble in dry cleaning solvent. When the plasticizer discurl, shrivel, or crack. Stencil printed polka dots are usually used on rayon, acetate, polyester, nylon, or synthetic/ ally, stencil prints are seen in outerwear garments. When caring for polka dotted fabrics, follow the care label to avoid permanent damage such as bleeding of the color to your fabric and clothing investments.

Guess Mr. Bush is happy. He gave his One World a good boost by sending our troops to Somaila and threatening to send more to Bosnia to straighten them out. He'll be gone in three weeks and Clinton can worry about how to get out of it all. What I wonder is - They talk about taking these sacks of grain and giving each of the starving a cup of wheat. Are they just handing them uncooked wheat grains. Looks like they need more than raw grain.

Imogene Pickering said Cheryl and family from North Carolina visited them recently. They were looking for Floyds

readers. Am still writing thank you notes.

Harley Farmer and family from AZ visited his parents Andy and Dora mid month. Tommy and family were coming last Sunday from OKC. Larry and family from Kansas planned to come over New Years. Opal called from North Carolina.

Money used to be much scarcer when we were growing up. Joe, (about 9) said he went without lunch once and thought he was going to starve. No money of course. He remembered the Bible said "Seek and ye shall find." He searched and finally found a dime. Was able to buy some cheese and crackers and a candy bar at the corner store. Saved his life!
