### Coach Tucker Comments:

I was really proud of the way that our kids responded to some adversity the other night. You learn a lot about kids and yourself when put into tough situations, and we responded in a manner in which I was very proud of. We did some really good things defensively. I know it is tough to say that when you allow 46 points, but that was a heck of a ball team that we were

playing. We will continue to work on our running game in which we pride ourselves, but our passing game the other night really kept them off balance. We have to get ready for a tough team with Amarillo Trinity this week. They throw the ball extremely well and are well coached. We will have to be on our A game to be able to come home with a win. We just hope everyone will come out and support their Wheeler Mustangs.

## Wheeler Church of Christ

The book of Hebrews is such a pivotal book in the New Testament. In many ways, it seems like the explanation book for everything else. The other books of the New Testament tell stories, situation, issues, good and bad things both. But Hebrews offers the readers detailed lengthy explanations as to why those stories were important and how all of the other developments impact the lives of everyone. We know that Jesus died on a cross just from reading the gospels (Matthew, Mark, Luke, and John). But what does that death on a cross mean for us. Maybe you can decipher it just from reading the gospels. Maybe you can figure it all out based upon the letters that Paul wrote or from the details of the early church in the book of Acts. But if you want it all explained in black-and-white, then you need to turn to the book of Hebrews.

A few of the explanations you will find there are related to why we should follow the New Testament over the Old Testament, why we should be faithful in our worship attendance, and especially the enduring reason that Jesus was the perfect one-for-all-time sacrifice for our sins. The benefits that Christians in the first century had are the same benefits that extend over time, even to today. Hebrews 13:8: "Jesus Christ is the same yesterday and today and forever."

On Sunday nights at the Church of Christ in Wheeler, we have begun a study from the book of Hebrews. This study will probably take us through the end of 2005. We may not look at it every single Sunday night, but it will be a highlight for the rest of the year. You are invited to come and study this wonderful book with us.

Shawn D. Johnson

It is a good thing to give thanks unto the Lord, and to sing praises unto thy name, O most High: To shew forth thy loving kindness in the morning, and thy faithfulness every night, Upon an instrument of ten strings, and upon the psaltery, upon the harp with a solemn sound. For thou, Lord, hast made me glad through thy work: I will triumph in the works of thy hands. O Lord, how great are thy works! and thy thoughts are very deep.

**THANK YOU**

Thank you to everyone who sent out thoughts and prayers for our family's loss. I apologize for the "lateness" of the Thank You cards, but I wanted to add this note to them. Now that things have settled down, I look back and wish I would have had the composure to say a few words at James' service. If I would have been able, I would have said something like this:

When James and my mother met over 20 years ago, James was in his early 60's. He had already retired from the Navy, been married and widowed, and had raised and seen his only daughter married. He had also lost his oldest brother, his siblings were grandparents and his nieces and nephews were all grown with children of their own. However, at the time I was only 15 years old. So yes, we came along late in his life, but it was early in mine. I am now 36, so it is safe to say that James was a father to me for well over half my life. So, to say he influenced my upbringing is an understatement. James taught me many things while growing up. Here are a couple of examples:

**How to work:** James was my first employer. The first job responsibility I had was to feed and water worms. Although, I was not actually given a salary for this I was "privileged" to gain the knowledge and experience. My second job, which I was paid for, was picking okra - every 16 year old girl's dream job. After that, I was promoted to helping with the produce stand. I wasn't actually paid money for this responsibility, but was more than happy to be compensated with all the fresh produce I could eat. In this responsibility, I also learned how to sell. I was always amazed to see James in action. To see little gray haired ladies come up and want to buy just one home-grown tomato and walk away with \$20 worth of produce. Additionally, I learned to appreciate and distinguish good produce, which in fact, has ruined me. Store bought tomatoes are only purchased out of sheer necessity and there is nothing better than a good Black Diamond or Desert King watermelon. Which of course in East Texas are both non-existent.

**How to drive:** James taught me how to drive, and to my brother and sister's amazement, lived to tell about it. If anyone ever questioned James' patience, I can personally vouch that the man had more than any one person I have ever known. Enough said.

**How to relate:** James never ceased to amaze me on how he reacted to things. For example - I will never forget the very first time James and mother allowed me to drive my car out of town. It was to a football game in Fritch and, of course, I had a car full of girls with me. On the way home, almost into Mobeetie, I was pulled over and given a speeding ticket, which is what happens when you're too busy talking and not paying attention. When I got home I told them what happened and mother about went through the roof. James didn't say a word, but went on to bed and let mother say all the words she wanted. Of course I was grounded and was given a list of chores to be done early the next morning. When I sat down at the table to eat breakfast with James, I was just waiting for him to get his two cents worth in since he missed out the night before. After a few minutes of silence he said, "I remember when I got my first speeding ticket..." What relief. Instead of a lecture (which James was quite good at), I spent the morning laughing at the story of one of his many "adventures". I am proud to say, this was one of many times he made me feel better, rather than worse.

**How to cook a steak:** James taught me the proper way to grill a good steak: good cut of meat, certain mixture of spices, hickory chips soaked, coals just right, steak

cooked on one side so many minutes, turned and cooked on the other so many minutes - and all this had to be done while drinking a beer. We actually had several debates as to which brand of beer produced a better steak. If any of these key ingredients or instructions were not followed exactly, the steak just wasn't right. To this day, I can honestly say that James cooked the best steak I ever ate. In fact, I would eat left-overs cold, right out of the fridge. This is quite amazing for someone who isn't that crazy about steak.

I could go on, but won't bore you with the details. I know to others these examples may seem trivial, but to me they are more than meaningful. Looking back, I think how difficult it must have been for him to have raised one child and then gain three. Not only that, but to have a teenager in the house again (yikes!). Luckily, James and I always got along very well, and in fact, were very close when I was living at home and when I was in college. It wasn't until the last few years that we experienced some tense moments. Age playing against us both I think. Nevertheless, I never regretted one moment we were a part of each others lives. He was a wonderful grandfather to my children and to my nieces and nephews. In fact, except for the oldest grandson, James was present when each one of them was born. And, although I can not speak for them, I know that my brother and sister loved him dearly and that he played a very important role in their lives as well.

I would also like to say "thank you" to the Smith's for allowing us to be a part of their family.

Sincerely,  
**Aimee Dillon-Thompson**

**CARD OF THANKS**

So many thanks are due. The beautiful flowers, the food, the service, so many kind, gracious people. One special person I asked how do you say thank you to so many for everything they have done. She told me to pass it on and I am certainly going to try. Special thanks to our ambulance crew, the home health crew, and our hospital crew. As one of James' nephews said, "These guys are family". And they have seemed that way the last few months. I thank God everyday for our small hospital and a very special prayer for Dr. Mendiola. We are so very blessed to have them. So many thanks to all of you for helping us through this trying period.

and got Phyllis and Rick O'Quin to go to Balko, Okla., to the Baptist Church to the baptism of Donna's granddaughter, Rylee, daughter of Misty and Aran Stockton.

Many relatives and friends gathered at Wheeler Baptist Church Friday to pay last respects to Exie Jones. Stacy Horton sang 3 beautiful songs. Bro. Dennis Williams had a good message and paid tribute to Exie as he read several of her favorite passages as marked in her Bible. We know she had a joyous family reunion in heaven.

Went by to see Rhonda Ferguson at Wheeler Hospital. So good to see her looking and feeling so well Friday. She had been so very ill. We have an amazing God. Praise the Lord.

Charlotte Coward was also doing really well. It had been only about 2 weeks since she fell and crushed some bones in the groin/pelvic area. But the therapist has had her do lots of walking and she enjoys it. Charlotte is 93, but she has always been very active, enjoying her garden and flowers.

Nice to see Stacci Reis at Wheeler Care Center Monday to visit Opal Hutchison. Stacci and Brad Reis and son, Colby, and his friends, Michael, and Jayton Bell went to Foss Lake for an outing over the weekend. However, the

rain hampered their activities some.

We welcome new resident at Wheeler Care Center, Oneita Glasgow. She would like to visit with you. Oneita is from Shamrock.

Weekend visitors to Ned Burrell were son, Kelley, and Lucy Burrell and Kelleena and Louringna from Iowa Park and grandson, Clay Hawley. Clay has been in California visiting his mother, but may be working in Wichita Falls now.

Bob and Gena Zybach went to Clinton, Okla., for tractor parts Saturday. Had to get a new muffler and clips to hold it on. They got rained on.

Good to have Mack and Patty Ann Shields and three grandsons (Eric and William Shields from Elk City—Kevin and Heather's sons) and Andrew Huff—Amy and Clint Huff's son) come by for a visit Saturday night. They had been to Wellington to a 90th birthday celebration for an old friend, Shack Messer. They also stopped at Quail to visit Patty's brother, Don, and Bonnie Hall and let the boys get some exercise. Good to see everyone and visit.

Hear The "Abundant Living Broadcast" On KPDR, 90.5 ... in Wheeler Saturdays 9 a.m. to Noon

Bobby Ford will be driving a truck out of Canadian, starting in early September. Bobby and Sarah (Powledge) Ford and Ty, Tate and Madelyn will be moving into the Mobeetie area to Walter and Patricia Hand's house. Boys have already started school at Ft. Elliott Elementary and been staying with Teresa and Skeeter Powledge till the others get moved. Welcome back.

Fat and Wanda Childress and Pat Childress and Amanda went to Green River, Wyoming and enjoyed visiting Jeremy and Tonya Childress and Cody, 7, and Ashley, 3. The kids all went bowling one night. Amanda really enjoyed bowling with Jeremy and his family. They got back Saturday, Aug. 20.

I spent four wonderful years at W.T. at Canyon from 1938-42. I'm always glad to hear of the many area students attending there. Sorry to hear that W.T. president, Dr. Russell Long, will be stepping down as president of the college on Dec. 31, or sooner if they find a new president. He wasn't there when I was, but was there when Dallas and Lindsey were. Dallas especially felt close to Dr. Long.

Pray for our president, George W. Bush. Don't throw rocks at him. What responsibility he has to try to make our world safe from terrorism. A battle between God and the devil. Many relatives and friends gathered at City Drug Bed and Breakfast in Wheeler Saturday afternoon, Aug. 27, for a welcome baby shower for little Keegan Sullivan, son of Matt and Stephanie Sullivan. Great to see Keegan looking so good at 11 1/2 lbs. You'd never know he was born 3 months early at less than 2 pounds. He got an abundance of cute outfits and other necessities. Praise the Lord Keegan has done so well. Great-grandma Annie Ruth Lee was there to celebrate. Also great-grandma Sylvia Lee and grandma Tina Lee. Pictures were taken, but Keegan was too busy sleeping to care.

Good to see Jessica Ware and beautiful little Klaire, 4 months, there with Grandma Tera Ware. Robin Luna with two beautiful daughters and many others.

Better be watching for wasp nests. All of a sudden I had a big active wasp nest with many eggs just outside my garage door. I gave them a drink of Raid and stepped

on them when they fell. And Danny knocked the nest down.

Nice to have Lucille Helton's daughter, Lucy, back at Wheeler Care Center with a big smile. Welcome, Lucy.

Thought for the day ... Live simply Love generously Care deeply Speak kindly Leave the rest to God.

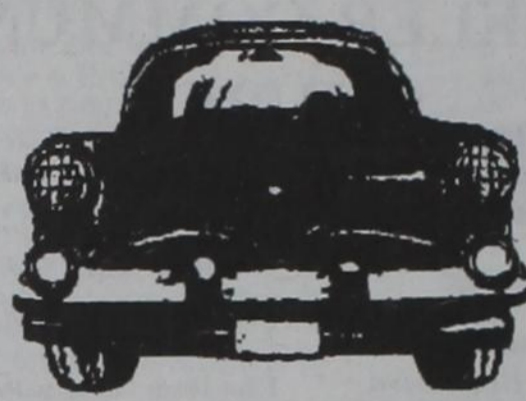

Nice to have Ed and Laurel Hershman back to Wheeler. They left late July 30 after Briscoe School Reunion and got together at Ray and Glenda Hudsons home west of Briscoe. They worked at Indiana State Fair and visited relatives and friends in Indiana. They got home about 6:00 p.m. Thursday, Aug. 25.

Saturday night's Billy Graham Crusade on TBN was taken from 1980 Crusade in Reno, Nev. Very inspirational. Every Saturday night from 9 to 10 p.m. Channel 20 on cable here in Wheeler.

From Wheeler Baptist Church at Wheeler Care Center Sunday afternoon for a church service were Bro. Dennis and Emma Williams and John, Sylvia and Leo Shuler.

**Marie Baker's Birthday**

Marie Baker had a wonderful 88th birthday. Son, Bobby Baker, and his son, Steve Baker, from South Carolina came Thursday to visit and stayed till Tuesday, Aug. 23. Marie had not seen him in 4 years. Saturday, Aug. 20, there was a special birthday party for Marie at son, Larry and, DeAnna Baker's, in Pampa with 78 family members there. They had hamburger and cake and other goodies and a great time together. Sunday many of Marie's family came and went to church at Wheeler Baptist Church with Marie and ate lunch together at Maxeys. After lunch they went out to Marie's house and ate watermelon and visited. Marie's birthday was actually Monday, Aug. 22. So sons, Bobby and Dewayne Baker, took Marie to Hilltop at Reydon for lunch on Monday. Marie thought she had a very wonderful birthday. Happy Birthday, Marie, and many more.

Getting together for supper at Maxeys Monday night to celebrate Virginia Puryear's birthday were Charlene Rainey, Virginia, Edna May, Irene Keys and Lou Dean Douthit. Happy Birthday, Virginia! God bless you.

I like to think of heaven as a home going. In the words of a song, "And never a care for Jesus is there." Jesus said, "Lo, I am with you always" and "I will never leave you or forsake you." Praise the Lord!

Pray for Billie Stuckey, who will be having surgery soon to remove an aneurysm. Scary, but we have a great God. May God be with you, Billie.

We can moan about our ailments and problems at any age, or we can count our blessings and be thankful.

Elva Wood and James Hubble have enjoyed visits from several cousins and included Joe and Milberr Myers and Juanita Garrett from Paris, Texas; Laverne and Deloris Roper from Henderson and David Roper from Houston; and Mr. and Mrs. Bill Willard from Cedar Park, Texas. James Hubble works for the Marble Falls School

system and will drive a bus. Nice to visit with Casey Tipps on the phone. She is a junior at Canadian High School. She plays a tuba in the band and enjoys marching at the games. Memphis came to Canadian Friday night to play football. Canadian won 47 to 14. Canadian will play River Road there Friday night September 2 in football. Good luck to you!

Adam Tipps is finishing up his paramedic training and will probably go on to be an R.N. He is at Tyler Junior College.

Zachary Tipps is going to Amarillo College.

Enjoying lunch together at Maxeys Sunday were Steve and Joyce Walker and Katelyn, Harold Jones and Steve's brother, Terry, and Fredia Walker and son B.W. Terry's family was going on to the Fort Cobb Lake to spend a week. Terry drives the UPS truck in this area.

Our daughter Mary's little Katelyn, 7, accepted the Lord and joined the Rolling Hills Baptist Church at Lancaster and was baptized last Sunday. Katie will be 8 September 3. Happy Birthday, Katie. God bless you! Katie goes to Palmer Elementary in the Dallas area to school. She enjoys riding the bus to school.

Pray for Debra Morgan, wife of

# Small Bodies, Special Treatment

Children have many problems with their ears, nose and throat. In fact, 75 percent of children will experience an ear infection by age 3. Often, these problems can be cared for by your child's physician.

Depending on the situation, your child may be referred to an otolaryngologist for specialty care. Otolaryngology is the medical specialty that focuses on disorders of the ear, nose and throat. They are also known as ENT physicians.

ENT physicians, like Dr. Pan, can help your child with certain problems such as ear infections, breathing problems, or sinus problems. Dr. Pan can help if your child needs ear tubes or tonsil surgery as well.

For an appointment, call 225-5365.

## Troopers Gear Up For Labor Day

Texas drivers will have plenty of company on the roadways over the Labor Day weekend.

All available Texas Department of Public Safety troopers will be on the lookout for speeders, seat belt violators and drunk drivers from Friday, Sept. 2 through Monday, Sept. 5.

"Voluntary compliance is always our goal, but your chance of getting a citation from DPS more than doubles over the holiday weekend," said Col. Thomas A. Davis Jr., director of DPS. "Driving drunk is a sure way to get a short vacation in jail, not to mention the hassle, embarrassment and costs that go along with DWI convictions."

Last year, DPS made 985 DWI arrests during the Labor Day holiday—59 percent more than the year before. The National Highway Traffic Safety Administration predicts 7 of 10 traffic deaths will be alcohol-related during the Labor Day weekend.

DPS supports the Drink, Drive, Go to Jail campaign, a nationwide anti-DWI effort aimed at reducing alcohol-related deaths and injuries during the Labor Day holiday period.

DPS also is a participant in Operation CARE-Combined Accident Reduction Effort—a nationwide effort by police agencies to reduce fatalities on major interstate highways.

# 4-H Awards Banquet Held

**DISTINGUISHED LEADER AWARD:** A second distinguished leader was a man that finds himself involved in everything. Maybe that's because he is inspiring, and a great motivator. Jerry Yarbrough has been a key to revitalizing the Shamrock 4-H Club by promoting strong, organized and fun horse project activities. He has been instrumental in securing support for Judging Teams, Trail Rides and Family BBQ. He has increased enrollment and visibility of 4-H Programs. Jerry has a genuine love for the 4-H program and the youth and strongly believes the programs impact on our youth and communities. We owe a great debt of gratitude to this outstanding volunteer leader.

**FRIEND OF 4-H AWARD:** Mel's Diner, a family business, was given this year's Friend of 4-H Award. They are very supportive of the youth and communities of Wheeler County. They generously give support to the Junior Livestock Show through donations and providing room and board to our Livestock Show Judge. They are also the key to the success of our rifle drawing fundraiser.

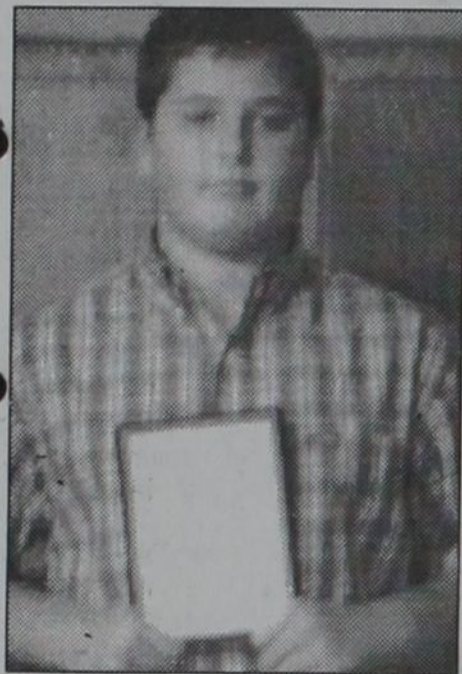

**HONORARY 4-H MEMBER:** Wheeler County 4-H Livestock Project would not get too far without the help and support of this year's Honorary 4-H Member, Mr. Shannon Monroe. He is full of knowledge and wisdom. If it happened to a show animal, you can bet that he has experienced it. He can motivate you with kind words of wisdom or the toe of his boot which ever you would prefer. He serves as unofficial Travel Agent for most show families, County Agents and Ag teachers.

**4-H COMPLETION AND PARTICIPATION AWARDS:** (Back row l. to r.) Nick Hardcastle, Braden Moore, Tommy Meek, Amber Oldham, Amber Maddox, Josh Hardcastle (middle row l. to r.) Kaylynn Kiker, Stormy Moore, Troy Miller, Payton Austin, Chase Miller, Alyssa Johnson, Cherith Gipson (front row l. to r.) Caitlynn Walker, Morgan Brdecko, Madalyn Brdecko.

THE WHEELER TIMES  
PAGE 9—Thursday, September 1, 2005  
"Wheeler, town of friendship and pride."

**SILVER STAR:** Josh Hardcastle received the The Silver Star Award which is given to the Junior 4-Her that has displayed outstanding leadership, citizenship and communication skills. Aristotle said, "We are what we repeatedly do. Excellence then is not an act, but a habit." In his 4-H career, this Silver Star winner has shown that being the best he can be is a way of life. His project in 4-H is Sheep. He now can add the Silver Star Award to his list of accomplishments. Along with his 4-H activities, he is active in his school, church and art work. He is a motivated young man, encouraged by dedicated parents. Josh is the son of Danny and Ravonda Hardcastle.

**OUTSTANDING FIRST YEAR MEMBER:** Stormy Moore received the Outstanding First Year Member award, which recognizes the 4-H member who excels in both variety and quality of projects carried; community service conducted and leadership positions held. It is very difficult to be able to excel in all three of those areas your first year in 4-H, but the 2005 recipient has done just that. Potential is a word used often in 4-H. This give kids tools and opportunities to reach their potential and become productive, responsible members of society. In her first year of 4-H, this young lady has proven that she has what it takes to be a success. She has participated in Kids in Business at Westgate Mall in

Amarillo, and had a booth at the Wheeler Centennial Celebration selling various projects that she has made. Beyond 4-H, she is active in many school activities. She is the daughter of Bret and Tammy Moore.

**DISTINGUISHED LEADER:** Laurel Hershman received the Distinguished Leader award for being very dedicated to 4-H and youth. Laurel was invaluable with the 4-H Clothing Project. She assisted youth on a one-on-one basis at her place of business. Even when ripping out seams seemed to be inevitable, she remained patient and encouraged the youth to complete the project. In 4-H they state, "Mrs. Hershman is a ray of sunshine like the lovely flowers she brings and is loved in Wheeler County."
