"Wheeler, town of friendship and pride."

School has started and once again, we wonder 'where has the summer gone?'

Football is also under way with a scrimmage with Paducah on Friday here at 5:00 p.m.

And, the annual Meet the Mustangs will be next Tuesday, August 23. Make plans to be at Nicholson Field to meet Wheeler's 2005-2006 athletes, band students and cheerleaders. -cwe-

Wheeler only received 0.52" of rain over the weekend with reports of 2" and 5" in the area. But, we appreciate what moisture we got.

Congratulations to Parkview Hospital on being named a Level IV Trama Hospital. This represents a lot of work on the part of Sue Stiles, Director of Nursing Services.

I had a request for the picture of the early Wheeler school picture which we ran a while back. I misplaced the email. Please email me again, I have the picture located in my files. The email arrived during all the confusion that went with the Centennial Celebration.

The Lord is my shepherd; I shall not want, He maketh me to lie downingreen pastures; he leadeth me beside the still waters, He restoreth my soul; he leadeth me in the paths of righteousness for his name's sake. Yea, though I walk through the valley of the shadow of death, I will fear no evil; for thou art with me; thy rod and thy staff they comfort me. Thou preparest a table before me in the presence of mine enemies; thou anointest my head with oil; my cup runneth over, Surely goodness and mercy shall follow me all the days of my life; and I will dwell in the house of the Lord forever. age of my grandchildren. It would have probably looked odd for a great-great-grandmother to go up there for a trophy and/or certificate. Naw, it was better left undone. Just maybe I will get another this year or maybe not, but remember I am married to a big time hunter. On the drive home Brad drove through some big time rain storms. Lots of thunder, lightening and a real downpour. It was so bad that he destroyed his windshield wiper on the passenger side. I took a picture of the rain from inside the van and everyone thought the lightening had hit us. I put my camera away for the night. Never a dull moment in the life of this southern woman.

With love to all, Betty Boydston.

It was so nice to Jim and Sharon Wright out taking care of business. Its so good to see Sharon back to her bubbly, happy self again.

Monday, Joshua Goodnature was a very big five year old and went to the dentist to have a tooth pulled. He did very well.

Tuesday, PeePaw (Fred) and Naw Naw (Jackie) Thrasher were in Amarillo on business. They went by to see Joshua, Jordan, Pat and Tony and be sure Joshua was doing okay. Joshua was already back to his old sweet self and hungry. So they ate at a wonderful place at 45th and Bell St. in Amarillo called Jorge's. Delicious food and great service.

Wednesday was a big day for the Mayfield clan and the Medley family. Judge Lee Waters finally got the chance to make it official, Erica Jeanine Saunstaire is finally Erica Jeanine Mayfield. Daddy Tim couldn't have been prouder, as was the whole family. Poor little Jayden has to wait a little bit longer for his name change so he was a little put out, because he couldn't do his the same day. But we'll have another reason to have a party just for Jayden Mayfield soon. Granddad (Nelson) and Nanna (Cindy) Medley were there for the ceremony and all of the pictures and hugs they had to go on and take care of business and meet Grandmama Kay, before heading back to Oklahoma, and brought us some very delicious apples for a yummy pie and several canna plants from their beautiful flower beds. Don't know what colors they are, but that won't matter. Any flower is beautiful and every yard needs a little variety. Our yard needs all the help it can get. Thanks a million for thinking of us and for your generosity. We really appreciate it.

It was good to see Jim and Kay Batton at the Cowboy Oasis on Tuesday for lunch. They stay so busy. Kay had just gotten back from business in Wheeler and a visit with Betty Rives.

Congratulations to Doug and Betty Rives on the birth of their first grandchild. Welcome to the wonderful world of grandparenting. Amanda and her husband presented them with a darling granddaughter named Ruby. She was born on Monday August 7, 2005 in New York. Grandma Betty was flying up to spend some time with Amanda and her new family.

What a nice surprise to see Reecie Simpson sashay through the Cowboy Oasis on Tuesday. Always good to see her. She and Jerry always brightened my day when they would stop in when I was substituting at the Skellytown post office. I really miss that.

It's certainly good to see Rhonda Gallagher looking like she feels better. Just wish the doctors could help her more so that she could feel better all the time. Hopefully her scheduled up coming tests will give the doctors alot of good information. Posssibly even a fix for her. Please keep Rhonda and her family in your prayers.

Rhonda has a young niece and nephew that have the same pancreatic disease as she does. Anything that Rhonda learns only goes toward making their lives better and easier maybe.

Congratulations and all of God's blessings to Mr. and Mrs. Stephen Bailey. Ashley Estes and Stephen were united in marriage Saturday August 13 at the home of her parents, Greg and Diane Estes, in old Mobeetie.

Retired Justice of the Peace Art Taylor of Shamrock did the honors. It was a special, touching ceremony on the patio. Everything was beautiful done in pink and white with silver appointments. The weather cooperated and everything went well with family and close friends present.

Mr. and Mrs. BBQ (Steve and Joyce Walker) of Wheeler served a fantastic chicken fried steak meal with all the trimmings. Another job well done!!

Congratulations to Shelton May for a job well done Sunday evening in Shamrock at the Relay for Life ceremonies and rodeo. Shelton's senior team consisted of Sallie Adcock, Gina Seitz, Caaron McNeely, and Evelyn Kincannon. They wore matching shirts of bright yellow (one of Shelton's favorite colors) with Viva La Shelton on the front and Tour De Shelton on the back. Shelton brought home the shirt that was on his chair, even though it was too small for him, and created his own Wall of Hope. The shirt, pictures, medals and other memorabilia How neat!! It was all his own idea.

Pokey the Clown kept everyone hopping and in stitches at the relay rodeo. He does an awesome job where ever he goes.

The Fort Elliott Lady Cougar volleyball team is off to a bit of a rocky start. Both th JV and the high school team played in Amarillo last Friday at Trinity Fellowship, They played both Trinity Fellowship and Borger while there. The JV girls lost both of their games. The highschool girls beat Trinity Fellowship, but lost to Borger. This week will be better. The first few games are always a little tough. They play Borger at Borger Tuesday night. Good Luck Girls!!!

While in Shamrock on Sunday Kellie, Shelton, Peyton, Sallie and Evelyn got to visit with Judy Hicks. Judy taught Jackie Don English here at Mobeetie. She is Dee Anna Vandiver's mother.

Orville Greenhouse was pleased to have her nephew and niece from Breckenridge, TX, Jerry and Annette Jones come by for a visit. They brought Aunt Alvern Hutchison over from the assisted living quarters at the Parkview Hospital. Orville had made a beautiful angel food cake and served some delicious ice cream with it.

What a treat! They had a great visit. Orville appreciates her family so much. She always enjoys their being together.

Speaking of appreciation, Diane Estes has five very special friends that came over on Saturday morning to help set up for the wedding. They were fantastic! All the decorating, seating and anything else that needed done was handled with great efficiency. All their help and organization made the whole day much more enjoyable. They didnt give up until the last dish was done and the kitchen shined. What treasure you are!!!

Thursday was Brianna Mayfields 11th birthday. She had a small party at the house with her friends, Tracy Winters, Dakota and Harley Jones, cousins, Jayden and Erica Mayfield and brother, Michael, along with Uncle Tim and Aunt Jennifer and Grandpa and Grandma. They had Oreo cream cake, ice cream and punch.

Afterwards they played games. Later Brianna spent the night with

Please keep Leola Stuart in your prayers. She has been having quite a time with her knee swelling more than was expected. She and Iva went to Dr. Ong in Elk City on Friday, he grounded Leola for four days and made her stay off the leg and no exercises. Keeping Leola still for that many days is almost impossible. But she is trying real hard to mind. Last week Mindy Duncan came by for a nice visit and brightened their day. Mindy and Leola go to the same church.

Jerry, Sheryl and Tyler Richardson have been taking turns weed eating the big weeds that are trying to take over the fence lines and yard. They really appreciate their Wheeler family helping out so much. Not only have they helped with the yard they've brought groceries and medicine while they have been out running errands. That has been such a big help to Leola and Iva. Iva has stayed busy the whole time she has been here. Along with her cooking, cleaning and working in the flower beds, Iva has been quilt-

week-end. The medeival club set up camp and cooked over open fires, had menus, and had activities of the old days, such as jousting. Their tents and camp were very interesting. They even had a "troll booth" for information and registration. They are a great group and are making this an annual event here.

Hope ya'll have a great week. As you are reading this our area student are back with their friends getting into the groove of the 2005-2006 school year. Hope it's a great one kids. Pray that our representatives can finally see the light and come to an agreement on funding

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT

PROPOSED AIR QUALITY PERMIT NO. 76545 APPLICATION W. B. Johnston Grain Company has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Air Quality Permit No. 76545 which would authorize continued operation of the Country Grain

Elevator located at 305 South Alan L. Bean Boulevard, Wheeler, Wheeler County, Texas. The facility will emit the following air contaminants: particular matter including particulate matter less than 10 microns in diameter. This application was submitted to the TCEO on August 04, 2005. The application is available for viewing and copying

at the TCEQ central office, the TCEQ Amarillo regional office, and the Wheeler County Courthouse, 410 Main Street,

Wheeler, Wheeler County, Texas. The facility's compliance file, if any exists, is available for public review in the

Amarillo regional office of the TCEQ. The TCEQ executive director has determined the appplication is administratively complete and will conduct a technical review of the application.

PUBLIC COMMENT/PUBLIC MEETING You must submit public comments, a request for a public meeting, or request a contested case hearing to the office of the Chief Clerk at the Address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline ot submit public comments is 30 days after newspaper notice is published.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application may be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

If only comments are received on the application, the respnse to comments, along with notice of the executive director's action on the application, will be mailed to everyone who submitted comments or is on the mailing list for this application.

If a hearing request is timely filed, the executive director will complete the technical review, issue a preliminary decision on the application, and a Notice of Application and Preliminary Decision will be published and mailed to those who are on the mailing list for this application. That notice will contain the final deadline for submitting public

After the final deadline for public comments following any required Notice of Application and Preliminary Decision, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or is on a mailing list for this application.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 30 days from this notice, the executive director may approve the application. If no hearing request is received within this 30-day period, no further opportunity for hearing will be provided. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission will only grant a hearing on those issues raised during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number, and fax number, if any; (2) Minimum wage rates are set out in applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions form the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; and (6) a description of how you use the property which may be impacted by the facility. If the request is made by a group or an association, the one or more members who have standing to request a hearing, and the interests which the group or association seeks to protect, must be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 30 days following this notice to the Office of the Chief Clerk, at the address

If a hearing request is timely filed, additional notice may be provided. Following the close of all applicable comment and request periods, the executive director will forward the application and any requests for contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact relating to relevant and material air quality concerns raised during the comment period. Issued such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application mailed by the Office of the Chief Clerk by sending a written request to the TCEQ Office of the Chief Clerk at the address below.

INFORMATION Written public comments or requests for a public meeting or contested case hearing should be submitted to the Office of the Chief Clerk, MC-105, TCEQ, P.O Box 13087, Austin, Texas 78711-3087. 2005 Property Tax Rates in PARKVIEW HOSPITAL

This notice concerns 2005 property tax rates for PARKVIEW HOSPITAL. It

presents information about three tax rates. Last year's tax rate is the actual rate the

taxing unit used to determine property taxes last year. This year's effective tax rate

would impose the same total taxes as last year if you compare properties taxed in

both years. This year's rollback tax rate is the highest tax rate the taxing unit can set

before taxpayers can start tax rollback procedures. In each case these rates are found

by dividing the total amount of taxes by the tax base (the total value of taxable

property) with adjustments as required by state law. The rates are given per \$100 of
