Chaudoin Re-elected Mobeetie Schools

County Superintendent Unanimously
Chosen to Head School System
for Another Year

Carl Chaudoin, who has been a member of the Mobeetie school faculty for the past two years, and was re-elected to head the schools another term. This is the first time since his promotion last year to the small district and a bond-pledgedness, the Mobeetie school

has been given Chaudoin for the splendid work accomplished in the Mobeetie schools, especially since his promotion last year to the small district and a bond-pledgedness, the Mobeetie school

CARL CHAUDOIN

Chaudoin had a full nine months before. Because of this fact, school has never been affiliated, and several attempts to do so have been made in the past. Immediately after Chaudoin was superintendent last year he went to the school board and participated in securing a nine-month term this year. Through the influence placed by the board in new superintendent, they gave practically free rein to develop in promoting the school and support in whatever course was taken.

The first step taken was to cut all the way down to the state aid schedule by making the school eligible for state aid. Chaudoin spent a summer in Mobeetie, donating his services to the goal he was working toward. During this time six schools, which had been teaching high school grades, were asked to ask the county school board to permit them to teach only the grammar grades, this arrangement permitting them to offer a better grade term, and their high school students to be sent to other schools.

The schools were: Union, Mountain, Spring Creek, Mt. Zion, and Dixon. Three busses were obtained to transport their high school pupils to and from the central school. Two extra teachers were added to the Mobeetie faculty and results began to materialize. Mobeetie schools have an enrollment of 178 in high school and 1,000 in the primary grades.

Approximately \$450 has been given in the community through donations. The library was augmented about 500 books; football, which had been discontinued, has been reinstated. The County Interscholastic League meet, for the first time in the history of the town, will be held at the school building this year.

Classification and affiliation has been completed by State Inspector E. J. Carver in 13 subjects; \$3,000 of state aid has been granted, and approximately \$1,500 will be received in fees from rural students. A very interesting round table discussion on Flower Gardening was given at the close of the business meeting.

Mrs. A. L. Bean and Mrs. J. H. Watts were co-hostesses and served refreshments to Mesdames W. M. McMurry, J. M. Lawrence, Roy Puckett, C. B. Witt, Fred Farmer, Jim Risner and the hostesses.

completed our task as yet; and assure the teachers, pupils and patrons that much more remains to be done before we will be satisfied with our school system."

COUNTY SINGING CONVENTION DRAWS LARGE ATTENDANCE

The Wheeler County Singing convention, held in the Baptist church at Briscoe Sunday, was well attended. Among those present from Wheeler were: Messrs. and Mesdames I. M. Passons, W. O. Pendleton, Cliff Redstreet, Jim Risner, T. C. Newkirk, W. O. Puett and daughters Anna Mae and Orveta; Mrs. J. W. Hooker, Mrs. Frank Buchanan, Mrs. Cordia Gill, Donna Henry, Dorothy and Mattie Greenhouse, Ineda Hubbard, Gladys Belote, Exie Creekmore, G. T. Phillips, Walter Flynt, Adrian and Henry Ford, Annie Crossland, Lillie B. Meadows and O. B. Miller.

The third quarterly meet of the association will be held at Shamrock on August 12, according to plans now under consideration.

Clay's Grocery Adds New Line

Believing the store will thereby be better enabled to serve its customers, the C. H. Clay Grocery has installed a new addition to its line this week. A complete produce buying department, operated in connection with the Wilson Packing company has been opened during the past few days and is ready for business.

A poultry pen has been erected back of the store and a cream room constructed in the rear part of the building. The new department will buy all kinds of produce, including poultry, eggs and cream, declares Mrs. J. A. Page, manager of the store.

GRAY COUNTY SHERIFF DIED LAST THURSDAY

C. E. (Tiny) Pipes, 56, sheriff of Gray county and widely known as the largest officer in the southwest, died suddenly at Pampa last Thursday as the result of an attack of flu and pneumonia. Although he had been ill since the previous Sunday, but few of his closest friends knew that he was seriously ill.

He had suffered from frequent colds this winter, some of them serious enough to cause him to rest in bed. His fatal illness was aggravated by his size. He weighed 375 pounds. Sheriff John Porter and J. I. Maloy attended funeral services for Pipes Sunday afternoon at the First Methodist church in Pampa.

MISSIONARY ELECTED FOR BAPTIST DISTRICT NO. 10

Rev. D. D. Sumner, pastor of the San Jacinto Baptist church, Amarillo, was elected at a meeting held in that city last week as missionary for District No. 10. The Rev. Sumner will retire from his pastorate and take up the new duties April 1.

The tenth Baptist district contains five associations: the Canadian, Trans-Canadian, Panhandle, Palo Duro and North Fork. Wheeler is located in the last named association.

Rev. Cecil Goff, pastor of the First Baptist church of McLean, is a representative of the North Fork association.

FLOWER GARDENING STUDIED BY DEMONSTRATION CLUB

The Wheeler Demonstration club met Wednesday at the club room in the court house with Mrs. Fred Farmer as chairman. During the business meeting the ladies decided to piece a quilt. The president, Mrs. Jess Carver was elected as a delegate to the convention of federated clubs, to meet in Amarillo on April 16-18. Mrs. Jim Risner was chosen as alternate.

A very interesting round table discussion on Flower Gardening was given at the close of the business meeting.

Mrs. A. L. Bean and Mrs. J. H. Watts were co-hostesses and served refreshments to Mesdames W. M. McMurry, J. M. Lawrence, Roy Puckett, C. B. Witt, Fred Farmer, Jim Risner and the hostesses.

Mrs. T. M. Johnston of Wellington came Sunday to get her husband, Rev. Johnston, who closed a very successful revival at the Methodist church. They returned Sunday night at the evening services.

Wheeler County Out of Drouth-Stricken Area

Conflicting Reports Make One Guess
Good as Another on Status
of the County

Apparently Wheeler county's status in the drouth-stricken area compares favorably with the celebrated report of a train wreck said to have been sent in by an Irish section foreman after he was chided for voluminous reports, which read: "Off again, on again, gone again. Finnegan."

Although both the daily press and other sources of information last week indicated that this county had been restored to the drouth-stricken classification, developments since show that it is not so listed. It is not known at this time whether or not a re-classification will be asked for.

Regardless of the county's status, CWA activities will soon terminate. Another set-up for work and direct relief is in process of organization, to supplant former plans. However, it is the opinion of parties thoroughly familiar with local conditions, that Wheeler county should be included in the drouth-stricken area.

For the present, the county administrator's office is preparing to comply with requirements under the new setup as rapidly as instructions are received.

Administrator Veale reports that approval has been received on a project to rebuild one and one-half miles of the water lines from the wells north of that town to the city limits of Shamrock.

Fifty more men are to be taken off the CWA force for next week, leaving a total enrollment of 160 for the last week under that relief system.

METHODIST GROUP PLANS SUNRISE EASTER SERVICE

Plans for a special sunrise Easter service, consisting of special music, songs and talks, are being made by the Young People's division of the Methodist church. The services will be held on the lawn just south of the church at 6:30 on Easter morning.

All young people are invited to make arrangements to attend the program, which will start the services of Easter Sunday. The program will be announced later, when the final arrangements have been perfected.

BRAZIL'S STORE STAGING BIG PRE-EASTER SALE

Brazil's 5c to \$1.00 store, successor to the Model Variety, purchased by R. E. Brazil some weeks ago, is staging a pre-Easter and formal opening sale of merchandise, according to an advertisement on another page of this paper.

Mr. Brazil has been busily engaged in making changes and alterations in fixtures, as well as the addition of a large stock of variety goods, including several new lines. The store and contents present an inviting appearance, while the prices offer additional inducements to the buying public.

MISSIONARY SOCIETY MEETS

The Missionary society of the Methodist church met Monday afternoon at the church with 19 members present. An interesting program on Social Relations was conducted by Mrs. J. D. Merriman. Assisting the leader were Mrs. Hall, with a reading on "Mother Love"; Mrs. Lawrence with an article from the pen of Mrs. Elinor Roosevelt on "Conditions of Local Prisons"; Mrs. Ed Cospier discussed "Race Relations and Race Pride."

Mesdames Lee and Clay reported a full quota of 40 members for Missionary Voice or World Outlook. Mrs. Robt. Bowers gave a splendid report on collection of dues and pledges.

Mrs. J. E. Cole was ready to pack a box of supplies for the orphans home at Valley Institute, Pharr, Texas.

JAMES CARTER MARRIED

James Carter of Sagerton, Texas, and his bride, to whom he was married last Friday at Olustee, Okla., arrived the latter part of the week to visit his parents, Mr. and Mrs. J. F. Carter, of Wheeler.

Mr. and Mrs. Terrell Kenneth, another newly married couple, accompanied the Carters. They all returned home Monday.

Legion Celebration Proved Gala Affair

Fifteenth Anniversary of National
Organization Observed Last
Thursday Night

Assembling at the American Legion hall in this city last Thursday night, a large body of Legionnaires, ex-service men and specially invited guests enjoyed a delightful program and banquet celebrating the fifteenth anniversary of the American Legion. The delicious dinner was served army style to about 100 persons. Following the eats, a large anniversary cake was produced. R. H. Forrester presided over distribution of the cake.

A varied program, including song numbers by ex-service men, and the principal address of the evening, delivered by Dr. H. E. Nicholson, brought to a close an exceptionally enjoyable affair.

Adjutant Jim Risner announces the enrollment of 16 new members in the local Legion post.

Their names and postoffice addresses are as follows: J. B. Calote, N. A. Dowdey, Edison Sorenson, Leslie H. Womack, Fred Farmer, Bob R. Rodgers, Leslie Roberson, G. O. McCrohan and Halbert Austin, Wheeler; C. H. Chandler, H. L. Flanagan, Ollever Elliott, W. E. Sivage, Grady Harris, Dr. Glen R. Walker and B. D. Jeffus, Mobeetie.

VICTIM OF AUTO WRECK REPORTED AS IMPROVING

S. T. Rodgers, who lives southwest of town, returned Tuesday from Vinson, Okla., where he visited his daughter, Mrs. Vinnie Talkington and family, and a cousin, H. L. Russell. It will be remembered that Russell sustained serious injuries in an automobile accident near Shamrock on Saturday, March 10, while on his way to Wheeler to visit the Rodgers families.

The injured man was reported as improving nicely but still far from complete recovery when Mr. Rodgers left him.

Myrtle Talkington, a granddaughter of Mr. Rodgers, accompanied him home for a visit.

REPRESENTATIVE PURYEAR VISITED HERE LAST WEEK

John E. Puryear of Wellington, representative from this, the 122nd district, and a candidate for re-election to that office, was a Wheeler visitor last Thursday. In his usual courteous manner, Puryear reminded several voters of his candidacy and stated that while it was yet early in the campaign, that he met with considerable encouragement throughout the district.

MOBEETIE COUPLE UNITED IN MARRIAGE LAST FRIDAY

The wedding of Ed Tarvin and Miss Mary Jane Fultz, both of the Mobeetie community, was solemnized at the home of Rev. and Mrs. J. E. Burgess on Friday morning, March 16, with Rev. Burgess officiating. Only a few friends of the contracting parties were present at the ceremony. Tarvin is a son of Mr. and Mrs. J. M. Tarvin, and the bride is a daughter of J. W. Fultz.

The newly-weds have many friends in and near Mobeetie, as well as throughout the county, who wish them a long and happy married life.

WHEELER COUNTIAN ENJOYS 85TH ANNIVERSARY PARTY

Mr. and Mrs. Ed Clay, who reside on a farm ten miles south of Wheeler, entertained with a birthday dinner on Friday evening, March 16, for his father, George H. Clay, who celebrated his 85th birthday.

Mr. Clay is a native of Georgia, although he has spent the past 20 years in Wheeler county, most of the time on a farm. A little more than a year ago he had the misfortune to fall and break his right hip. Since then he has been confined to his bed and wheel chair. Otherwise he enjoys good health, is fond of music, and likes to converse with his friends on the topics of the day. He makes his home with his children. One son, Tom, lives four miles north of Wheeler.

The birthday cake, decorated in white and blue, formed a centerpiece for the long dining table laden with delicious food.

Relatives and friends present were:

Messrs. and Mesdames V. C. Clay and children, Tom Clay and children, M. A. Pillars and children, John Hodges and children, Diana McDonald, C. C. Kelly and children, Jack Jolly and children, Bailly Burgess, Ray White, Elmer Hubbard and Brice Clay.

Music was furnished by an orchestra from Wheeler, composed of Tom Wood, Ray Pendleton, Tucker Veale, Melton Hubbard, Glen Lester and Miss Hattie Hubbard.

REVIVAL AT METHODIST CHURCH CLOSED SUNDAY

The ten-day revival meeting, which had been in progress at the Methodist church, closed Sunday night. Rev. J. Edmund Kirby, pastor of the church, reports five additions to the church and a renewed interest on the part of the membership to live more consecrated lives and work harder for the Lord in the future than they have done in the past.

Rev. T. M. Johnston of Wellington did the preaching during the revival.

Shamrock Texan to Become Daily

Publication of a daily paper will be started in Shamrock next Monday, announces Albert Cooper in this week's issue of the Texan. The last edition, continues the statement, of the weekly Texan, now in its 30th year, will be on March 29, and the first edition of the afternoon daily will come off the press the following Monday afternoon.

Such action has been contemplated for some time, the article declares, and the decision was reached this week after careful study of the field and its possibilities.

The Times wishes for Cooper and associates the best of luck in their new venture.

ASSEMBLY OF GOD ELECTS PASTOR THURSDAY NIGHT

Rev. Alvin Walls, formerly of Borger, who has been in Wheeler about a month serving the Assembly of God congregation as temporary pastor, was elected as permanent pastor at a business meeting of the congregation Thursday night.

According to Walls, an increased interest is being shown in the church and all departments are active.

MASONS VISIT CANADIAN LODGE LAST THURSDAY

In response to a special invitation, a group of Masons from Wheeler attended a session of the Canadian Masonic lodge on Thursday night of last week.

Among those who went were: Roy Puckett, H. E. Young, Joe Hyatt, Bronson Green, Glen Porter, C. B. Witt, O. B. Miller, Lee Guthrie, C. F. Pennington, J. I. Maloy, Nelson Porter, Louis McCollum, H. J. Garrison and Mr. Wood of Springfield, Colo.

EDUCATIONAL CONFERENCE AT CANYON ON MARCH 23 AND 24

Hundreds of citizens of the Panhandle-Plains section who are interested in the educational problems of the state will be in Canyon March 23-24 for the giant rally of the Northwest Texas Educational Conference which meets on the campus of the West Texas State Teachers college.

"An occasion for a heart to heart discussion of present day problems in the educational world", is the theme of the conference which has a speaking roster composed of talks by some of the foremost educators of the south and southwest.

Dr. W. B. Bizzell, president of the Oklahoma State University, will address the conference, as will Dr. J. A. Hill, president of the West Texas State Teachers college; Dr. Doak Campbell, of the George Peabody College for Teachers, Nashville, Tennessee; Dr. Fred C. Ayres of the University of Texas; State Superintendent L. A. Woods and L. O. Loftin, president of the Texas State Teachers association.

Short talks by city and county superintendents, members of men's and women's clubs, school board members, leaders of P.-T. A. work, ministers, and newspaper men will be features of the meet which opens at 9:30 Friday morning, March 23, and closes at noon the following day.

Many schools in Northwest Texas will close Friday to enable teachers and officials to attend.

Plans Complete for County School Meet

Interscholastic League Sessions to Be
Held in Mobeetie Friday and
Saturday Next Week

Directors in charge of preparations for the Wheeler County Interscholastic League meet, to be held in Mobeetie on Friday and Saturday of next week, March 30 and 31, announce that all plans for the event are practically complete.

This is said to be the first time in the history of the league that all arrangements have been perfected at such an early date. This accomplishment is due largely to the untiring efforts of the committee in charge of preliminary details this year.

B. T. Rucker, director general, has displayed zealous attention to his duties. Last Saturday, notwithstanding the miniature blizzard, Rucker brought copy for the league meet programs to The Times office, where 2,000 programs were printed Monday.

Mobeetie business houses and individuals have extended whole-hearted support to the meet. Approximately \$75 has been donated to defray cost of the programs, 10 pennants, the award ribbons and 25 officials' badges. Four large 14-inch trophies have been provided by teachers of the county.

In addition to the above prizes, the Mobeetie Civic club will give a valuable prize to the girl winning the most points in literary activities during the meet, and the Mobeetie faculty offers a prize to the boy scoring most points in the same line. The athletic fund of the host school appropriated \$25 for construction of hurdles and other necessary equipment.

The official league family is highly elated at the prospects for one of the best meets ever held in this county.

B. T. Rucker, of Magic City, has issued the following commendatory statement, which speaks for itself: "Teachers, Students, Patrons and Friends:

"I wish to take this opportunity to thank each and every one of you for the splendid co-operation and help which you so willingly give our Interscholastic League work.

"I have put forth every effort to the very best of my ability in order that this coming meet may be the best in the history of Wheeler county. It is my sincere hope that all concerned will spare no effort in making this meet a success. If you are pleased with our efforts then we as an executive committee are well paid.

"Wishing you much success and enjoyment at the meet, I remain, "Respectfully Yours, "B. T. RUCKER, Director General."

COLLEGE ENTRANCE EXAMINATIONS APRIL 25, 26, 27

County Superintendent O. B. Miller received this week a letter from the state department of education calling attention to the annual college entrance examinations, to be held on April 25-27.

In part, the communication states: "You will find enclosed blanks to be used in making requisitions for college entrance examinations. I am asking you to confer with the superintendent or principal of each non-affiliated school in your county and ascertain whether or not they wish to use the college entrance examinations given by the state department of education.

"Last year, after the examinations were over, various school teachers wrote me that they wished to have used the examinations, but did not know when they were given.

"The examinations will be conducted as they have for the last few years. The blanks enclosed are of two kinds, one for you to make application for any questions you wish to have sent directly to you, and the other to be used in making applications for questions to be sent to the teachers whom you wish to conduct the examinations.

"These examinations will be given the last week in April. Therefore it will be necessary that I have these applications back in the office by March 31. Please attend to this at your earliest convenience."

P. A. Clepper of Mobeetie was in Wheeler Tuesday in the interests of his poultry business.

AN INDEPENDENT OLD AGE

The American people, during Financial Independence Week, March 19 to 24, will have an unrivaled opportunity to learn how to solve one of the most perplexing and tragic of human problems—poverty-stricken, dependent old age.

The lessons that will be brought out then, if a wise public listens, learns, and remembers, will be of immense benefit to us all.

The present time is especially fitting for such a movement. We have had a chance to study what depression means. All of us have seen the tragic figures it produced—men who were once well off, with good jobs and seemingly sound investments, who have now lost everything. Many of them are too old or too broken in spirit to start in again. The future they face is black with uncertainty.

It has been truly said that "life insurance is the cornerstone of man's financial structure." It can guarantee the future so far as money is concerned, from a moderate sum set aside at regular intervals when earning capacity is good, to buy a definite income to begin at a specified age. The record of the past four years, from which legal reserve life insurance has emerged triumphant, is the best evidence that can be presented as to its safety.

In 1932, out of the hundreds of millions paid by life insurance companies, more than two-thirds went to living policyholders, in the form of matured endowments, dividends, annuities, etc. That is an exceptionally fine record.

Every individual owes financial independence to himself and his family.

CONSTITUTIONAL LIBERTY VS. STATE SOCIALISM

John Kelly, Washington correspondent of the Portland Morning Oregonian, recently wrote: "The United States is headed for state Socialism. . . . In all directions the federal government is now telling the people what they can do, what they should do and, later, probably, what they must do. . . ."

"Already the government practically controls credit, which is the lifeblood of commerce. Through AAA, NRA, the credit set-ups for farmers, stockmen, home owners, ownership by the government of capital stock of banks and other agencies, the administration has a powerful influence over credit. . . ."

Do the American people want Socialism? There is a vast difference, for example, between a law which enforces reasonable wage and working conditions, and one which hamstring business practices to the point where managements are simply figureheads, and government has the final word in all important matters. There is a difference between a law which eliminates crooked stock selling—and one which is so ambiguously framed and so inelastic as to make it impossible to issue stocks and bonds in basic, legitimate industries, which need and deserve capital. If we dry up the springs of private capital, there is only public capital (tax funds and public borrowings) left—and that is state Socialism pure and undefiled.

There is much to admire in what the heads of government have done during the past year. Much has been

achieved that will be permanently worthwhile. But it is only the part of wisdom and patriotism to analyze all governmental activities in the light of their effect on American principles of liberty, equality and democracy which have survived 150 years without a suitable substitute being offered.

CUT TO THE NUB

The Rankhead Bill or some similar one, undoubtedly will be adopted by Congress if there proves to be no way around it (possibly before this gets in print). The first thing that will be learned in Floyd County is that the allotment here will be reduced, likely, under 12,000 bales. Hundreds of telegrams from West Texans, who see the income from cotton gone a-glimmering under the Rankhead bill so far as this section is concerned, were fired into Washington the latter part of the week. The "base period" of 1929 to 1933 is a bad one for West Texas. Drouth and hail did a lot of damage in 1930-31 all over this section, and 1933 was a bad one, likewise, for scores of west Texas counties. Most any five years the Department or Congress could choose, would suit this section better, or a ten-year average would help.

Thus, sectional strife begins at once. In sections where cotton has been the only crop grown for half a century any five years will suit. Furthermore, a heavy cut in the acreage would still leave those sections with more cotton than they rightly should grow under a well-rounded farming system. Where the cut hits heaviest will be in West Texas counties where the country is new. In these counties—many of them at least—the cut is to the nub on any plan so far advanced that has any chance of getting through congress.—Floyd County Hesperian.

MOUSE, CAT AND DOG DESTROY HOUSE

This very curious incident was recently reported from Hazel Bar, Michigan:

"A mouse, a cat and a dog teamed up to destroy the house of Charles Gunisch. The mouse chewed on matches, setting the box afire. The cat chased the mouse, then the dog chased the cat and a can of kerosene was overturned. Mouse, cat and dog were burned, along with the house."

Quite contrary to this report, fire prevention authorities state that rats or mice do not chew on matches. Because this has been reported as the cause of so many fires, a test was made in which these rodents were confined in a glass without food for several days. A number of ordinary matches left in the enclosure were untouched.

There is a fire hazard in connection with matches and rodents, however, which is caused by the possibility of a match being set off in the wall of a house as the rodent carries it to his nest. Accordingly, these potential fire brands should be kept in tightly closed metal containers, well out of the reach of children, who are more likely to cause fires with matches, than mice or rats. For safety's sake keep kerosene in closed containers where it cannot be knocked over.

It is interesting to note that the National Board of Fire Underwriters reported a loss of almost \$30,000,000 during 1932 from the careless use of matches and smoking materials. Petroleum and its products caused a loss of \$11,500,000 during the same year.

Fire losses in general have been reduced extensively in the past two years of depression. Let's keep them down as better times return.

They laughed when I sat down to play the modernistic piano. How the mischief was I to know it was only a book case?—Chelsea (Mass.) Record.

Our Exchanges

Items of interest culled from newspapers on The Times' exchange list.

C. S. Seiber of Miami, let the contract Tuesday of this week to an Oklahoma City company, through their representative, D. I. Daniels, to resume the drilling of the test oil well, located on the Cunningham Section 74, three miles south of Miami.

The present depth of the well is 2,600 feet and the contract calls for a depth of 3,500 feet.

Drilling contractors are expected to begin work about the first of April, or as soon thereafter as arrangements can be made.

Hundreds of interested citizens will be pleased to learn that the necessary arrangements have been completed to resume drilling on this wildcat, as it is the opinion of geologists that oil in paying quantities will be found at this site when the required depth has been reached.—Miami Chief.

Judge R. H. Forrester of Wheeler was guest speaker at the Lions luncheon held Tuesday.

Judge Forrester said that towns that support a Lions Club are more worthy than towns without a service club. "No organization without the spirit of service has any excuse for being", said the speaker, "and no man has any place in a Lions Club who is not imbued with the spirit of service."—McLean News.

Indorsement of the move being sponsored by the West Texas Chamber of Commerce against the Rankhead bill, now before Congress, was given by the Clarendon Lions Club at their regular luncheon period Tuesday at noon.

The protest is being pushed because the bill would effect drought-stricken areas, it was noted in a letter from the West Texas regional body, adversely since the average for a 5-year period would include the bad years of 1930 and 1931.—Clarendon News.

In an attempt to destroy alleged evidence, George Mitchell, colored, smashed a bottle of something "smelly" on the bottom of his car Saturday night when Sheriff Pierce sought to inspect the car for booze. As a result, George went to jail with wet feet. His bond was set at \$500 on a possession charge, which he has not made. In the meantime, he is giving CWA a rest and has hooked up with JAIL.—Donley County Leader.

The Windmill with Outstanding Features
A strong wheel with only six bolts . . . Round tension wheel arms which screw into the hub—they will never work loose . . . Extra large wheel shaft . . . Removable bearings easily replaced . . . Quiet gears . . . Adjustable stroke . . . Adjustable brake . . . Self-oiling pump pole swivel . . . Smooth regulation in high winds.
The Auto-Oiled type of Aermotor was first made in 1915. It solved in a very practical way the problem of windmill lubrication. The general system adopted by the Aermotor Co. has never been improved upon, but some changes in details of construction have been made from time to time as experience has shown the way to betterments. The latest improvements are the most important that have ever been made and will surely make the Aermotor more decidedly than ever the outstanding windmill of the world.

The performance of a windmill depends much upon upon which it stands. In buying a windmill like the Aermotor is going to last for many years, it is important that it be on a strong, rigid tower which will last as long as the Aermotor Towers are wonderfully strong and durable.

Aermotor towers are made in various sizes to meet every need.

THE CORNERSTONE OF MAN'S FINANCIAL STRUCTURE IS LIFE INSURANCE

Do you know that during the past four years — the business history of the country — life insurance to serve in a larger way than ever in its history?

Do you know that during each succeeding year depression life insurance companies paid back more to the people than ever before?

Do you know that during 1933 alone, more than a billion dollars was paid back to those who had planned through their life insurance policies?

You will learn how such huge payments were possible, as well as many other things about life insurance you will get Bruce Barton's booklet, "What I Have Learned About Life Insurance." Ask me for a free copy or direct to your own life insurance company.

"Jumbo" Collars Famous the World Over

Consider the horse — how he toils and murmurs not! For his service, for his loyalty and devotion, he is entitled to every consideration. "Jumbo" collars are made to please the animal as well as the master. They are made to fit him; to make his task as easy and agreeable as possible. The economy of "Jumbo" collars is established by the way they treat the horse, as well as by their long wear. The "Jumbo" collar is a good investment because it is in its very nature a health and life insurance policy for the horse.

By a Rogue

My Lips Betray

Harken unto the magic spell! Come to the spot where the fairy elfins dwell! 'Tis the voice of Lillian Harvey and the gold-throated John Boles, playing the leading roles. And for comedy, well... there is El Brendel. The title is "My Lips Betray" and the time is Monday and Tuesday, March 26-27. Also, a two-reel musical comedy, "California Weather."

Rustler's Round-Up

Tom Mix and Tony, jr., come to the Rogue Friday-Saturday in what promises to be a real western plus lots of rodeo thrills. This will probably be the last Tom Mix picture until he has time to make some more. Those who admire Tom should take advantage of the opportunity to see this, the best of the Mix pictures. Then, too, Franklin Pangborn in a two-reeler, "Up and Down".

Coming

Mar. 30-31—Will Rogers in "Mr. Skitch".

April 2-3-4—Louisa M. Alcott's "Little Women".

April 6-7—"The Son of Kong".

April 13-14—"The Lost Patrol".

April 23-24-25—"Flying Down to Rio".

April 30-May 1—Kathleen Norris' "Walls of Gold".

Mr. and Mrs. Clyde Derryberry went to Ft. Worth Thursday to visit her parents and attend the fat stock show. They came home Sunday.

STATE LAW REQUIRES FOOD HANDLER CERTIFICATE

The following communication issued by the state department of health and signed by Chas. D. Reece, director of the bureau of communicable diseases, has been received by Dr. W. L. Gaines. The article, which is self-explanatory, is given space both to protect the health of the public and as a warning to those familiar with the law.

"My dear Doctor: I would like for you to bring to the attention of your medical society a matter pertaining to the 'Food Handlers Certificate' or 'Health Certificate.' Our state law requires every food-handler to have a health examination made every six months.

"Now, in some localities, a number of dairymen, cafe workers, and others are complaining that they do not see any value in getting a health certificate when their doctor merely signs a blank and charges them a dollar. In other localities, doctors are signing lists of names given them by telephone and charging 25 to 5 cents per person for certificates. I believe that you will agree with me that this is a reflection upon the entire medical profession. Such practices should be stopped and every food-handler should have a thorough examination and all suspected carriers of typhoid, diphtheria, amoebic dysentery, etc., should have adequate laboratory examinations.

"Please present this matter to your society and if possible secure the cooperation of every member in fighting such practices. I feel sure that your society will adopt some resolution as to the plan of handling such an important matter.

"Please advise what action your society takes in regard to this matter. By direction of the state health officer."

State Law Pertaining to Food Handlers

Art. 705. Sanitary Employees—No person, firm, or corporation or common carrier, operating or conducting any hotel, cafe, restaurant, dining car or other public eating place, or operating any bakery or meat market, public dairy or candy factory in this state, shall work, employ or keep in their employ in or about any said place any person infected with or affected by any infectious or contagious disease, or work or employ any person to work in or about any said place who, at the time of his employment has not in his possession a certificate from some reputable physician of the county where said person is to be employed attesting the fact that the bearer has been examined by such physician within one week prior to the time of employment, and that such examination discloses the fact that such person to be employed was free from any infectious or contagious disease; or fail to institute and have made a medical examination of all their employees at intervals of time not to exceed six months and after such examination promptly discharge from their employment in or about any said place any person found to be infected with or affected by any contagious disease.

Whoever violates any provision of this article shall be fined not less than \$5.00 nor more than \$100.00. (Acts 1921, P. 134).

was a Kelton and Texola caller Wednesday.

Olan Mitchell, J. D. Rutherford, jr., Miss Ina Mae Jolley, Mr. and Mrs. A. C. Brown and Mr. and Mrs. Tommie Isbell attended the show in Shamrock Tuesday night.

Miss Effie Rankin spent the week end with friends and relatives in Dozier.

Club Notes

Happenings of Interest by and for Home Demonstration Club Women of the County

By paying \$1.00 for wall board, using large Post Toastie boxes, a discarded organ, scraps of wall paper and some left over green paint, Margaret Kreamer, wardrobe demonstrator for the Heald 4-H club has a closet four feet long and two feet wide.

This closet has five shelves, a shoe rack, three hat racks, a rod for hanging her own clothes and one for her baby brother, who will let no one but himself hang his cap in the new closet. After the wall board gave out, three thicknesses of past board boxes finished the outside wall. When the papering is complete no one will ever be the wiser. The inside is lined with the heavy cardboard to cover up the old lumber used in the frame work and to keep out the sand, then this is covered with wall paper, which gives an excellent finish.

The shelves are made from the veneer of the organ and covered with green paint which blends with the paper. Margaret has her recipe file and sewing box of the same material and color. When the door and the outside of the closet is complete it will be ideal.

"I have derived more good from the 4-H club since Margaret has been a member this year than I have from all my club experiences," Mrs. Kreamer told her fellow club members who met in her home Friday, March 16. "When Margaret had to have help on her closet, I got interested. Besides having her closet this near complete, we have changed my own. We have added another door and five shelves."

During the regular monthly meeting of the County Home Demonstration Council Saturday, March 17, Mrs. Green Burkhalter was appointed manager for the meat show in Shamrock, April 7. Other helpers appointed were: Secretary, Mrs. Ivan Walraven; entries, Mrs. Bryan Witt; getting the exhibit ready for the judges, Louise Risian; arrangement of canned meats for serving, Mrs. Guy Hill and Mrs. A. O. Krug.

The following clubs were asked to furnish two helpers each: Shamrock, Twitty, China Flat, Bethel, Lela, Papan and Heald.

Paul Macina and Mrs. Amy Ashton will manage the cured meat division of the show. Mrs. Lena Harvey will be secretary.

All entries must be in by April 4, and all exhibits in Shamrock by 9 o'clock, April 7.

Dixon 4-H Club Meets

Dixon club met at 10:30 Thursday, March 15, with ten members and Viola Jones, home demonstration agent, present. The motto and pledge were repeated first followed by songs. Miss Jones distributed garden books. Lorraine Brown is the club's pantry demonstrator and she received a card for her garden next time. After another inspection of the wardrobe books, Miss Jones stated most everyone had them all right. Club adjourned at 12 o'clock.—RUBY BOREN, Reporter.

Free Rubber Balloons for the Children

FATHER OF RURAL MAIL

Rural free delivery of mail is now so generally established throughout the country that the farm boy and girl of today take it for granted, and a few of them know that its first beginnings were only 36 years ago.

Perry Sanford Heath, a newspaper man who died in 1928 at the age of 69, was the father of rural free delivery. Through his activity in behalf of McKinley's election in 1869, Heath became first assistant postmaster general in 1897. With only \$30,000 of an unexpended appropriation for experimental purpose to begin with, he established a few rural routes. The farmers liked the idea and through Heath's persistence Congress was induced to appropriate more and more funds for the extension of the service.

As a result of his vision and zeal, the system of rural free delivery, which now serves more than 30,000,000 persons, has become one of the greatest benefits which the government confers upon the public.

Every rural mail box in the land is a modest monument to Perry Heath.

On Texas Farms

By W. H. DARROW Extension Service Editor

Cooperative hog and cattle selling in Goliad county branched out to include turkeys last fall. Ordinarily a low market for turkeys, Goliad became one of the best markets in south Texas last fall.

The pit or trench silos that the county agent has introduced into Upshur county would pay his entire salary for many years, according to Louis F. Boyle, supervising principal of Kelsey-Enoch high school.

Thirty thousand poison baits have been put out for coyotes in Midland county in an eradication campaign with the county agent and U. S. Bureau of Biological Survey. Preliminary reports indicate a large kill.

Helping two neighbors make hot beds for early plants is the way Hazel McVay, a Wharton county 4-H club girl is making home demonstration work mean more to her community.

Records on 28 baby beavers on feed by 4-H club boys in Menard county show average daily gains of 2.4 pounds in 213 days—the best record in three years of feeding, the county agent says.

Thirty-one farms were surveyed for terracing or contouring in Wheeler county in February, all work being done by local committeemen, not a farm being run out by the county agent. As the committeemen needed instruction they came to the cotton office to get straightened out by County Agent Jake Tarter.

The plan in Wheeler county is, and has been for three years, that some local committeeman in each community helps the county agent run lines in his territory. Then, when a farmer is ready to terrace, committeemen can run lines when the county agent cannot get to all the terracing demonstrations. The farmers in turn give the committeemen a day or two days in exchange for the work of running the lines.

NEW KIND OF INNER TUBE

TOUGHER, BLACK TEAR-PROOF RUBBER TOP

WON'T EVEN TEAR WHEN RUN FLAT AFTER A PUNCTURE

Here's Proof Look at this test!

Actual Photograph

Goodrich made a lot of special tubes. One half of each tube was made of the new Gold and Black construction; the other half of the best old-style compound. Then they put them on cars and purposely ran them flat.

The old-style construction was torn to shreds. Ripped and cut to pieces in less than a mile.

Yet the Gold and Black half was sound and unharmed by this terrible punishment.

Here's positive proof that this new tube is many, many times tougher. Put these new tubes on your car today.

Shows Need Texas Farm Homes

Water Supply Greatest
Better Roofs Next on the List of Needs

Conveniently located and in large quantity, is the most pressing need of farm homes in Texas according to the findings of the rural survey recently conducted in the CWA project supervised by the extension service under the leadership of Mrs. Bernice Clayton home improvement agent. Curiously enough the next need may be roofs that will stand out of the houses.

Reports from the 25 areas in which approximately 2,500 homes were visited by enumerators schedule of points to be sure nearly all in, but have not been completely tabulated; the supervisor of the survey area sent with the schedules summary of high points in each area and practically all of these stress the need for more water supplies for rural areas. Several counties reported only with open earthen

water piped into the house was so found as to be a rarity. In many it is estimated that owners of their water an average of 32 mile tenants carry it an average feet. Another county superintends that owners carry it 40 feet and tenants about 400 in another county the estimate for the 2181 homes visited did not have water piped in (did) the combined carry 533,848 feet. And in other county it was 1,790,295 1345 homes, while 1304 had piped in. Improved outdoor toilets are a need, too, it was found, with repaired screens in the homes demand also. The need of water was so great as to be almost universal and the proportion of not in need of some repair small as to be negligible. All reports reported practically the same in regard to the small amount of money that has been spent

Birthday Party

Mrs. E. W. Carter charmingly entertained with a birthday party in honor of her daughter, Joy Marie's sixth birthday Wednesday, March 21, from 3:30 to 5 o'clock at her home two miles east of Wheeler. After the reception of many beautiful gifts, the little guests, under the supervision of Mrs. Clarence Robison and Miss Ella Pearl Starkey, played a number of outdoor games.

As the children gathered around a table where two birthday cakes decorated with lighted candles formed the center piece, they wished Joy Marie many happy birthdays.

The hostess assisted by Mrs. C. A. May served oranges, Easter eggs and cake to the following: Arlie Ruth Waters, Evelyn May, Loveta Newsome, Laverne and Louise Gill; Marie Herd, Margie Esslinger, Imogene Crowder, Ineta Maxwell, Ruby Mae Roper and J. B. and Malcom Crowder, J. W. and F. A. Starkey, Babe Robison, C. W. May, Kenneth Crowder and Leroy Herd, and Mrs. Rob-

ison, Mrs. May and Ella Pearl Starkey.

STUDY CLUB ENJOYS PROGRAM

The Study club met Tuesday in the women's club room at the court house, with Mrs. Floyd Pennington in charge. After the business meeting a very interesting program was rendered.

Club members sang "Texas, our Texas"; Mrs. Lee Guthrie gave current events; Mrs. Pennington related the life and works of Chas. Dickens, and Mrs. Cora Hall outlined her favorite poet, Joyce Kilmer, and read one of his poems.

The program committee for next month is Mrs. Guthrie, Mrs. Puckett and Mrs. Maloy. Dates of the meeting will be on the second and fourth Wednesdays in each month.

Those present Tuesday were Mesdames Bronson Green, Tom Britt, Buck Britt, C. B. Witt, Jim Trout, Lee Guthrie, J. M. Porter, Cora Hall, Fred Farmer and Mrs. Floyd Pennington.

Mrs. Porter is Hostess

Members and guests of the Contract Bridge club were very delightfully entertained by Mrs. Nelson Porter at her home Thursday afternoon of last week.

The St. Patrick's motif was carried out in the delicious refreshments served by the hostess to the following guests: Mesdames Buck Britt, H. E. Young, Jimmie Mitchner, Lee Guthrie and Mildred Watts; members, Mesdames Ed Watson, Deward Wolford, Al Watson, Bronson Green, Roe Green, Clyde Fillmore, Cora Hall, Gordon Stiles, Worth Beal, Robt. Stiles and Reba Wolford.

Guest prize went to Mrs. Britt for high score, and Mrs. Worth Beal won the membership prize.

STATE-WIDE CAMPAIGN ON TO COLLECT DELINQUENT TAXES

Salvation of state and local government by collection of delinquent taxes, not by imposition of additional levies, forms the keynote of a state-wide campaign which is being sponsored by the Texas Junior Chamber of Commerce in an effort to restore the efficiency and solvency of all governmental agencies.

A committee composed of Junior Chamber members from all parts of the state has been appointed to direct the educational program during the week beginning March 19. Newspaper articles, editorials, radio speeches

and luncheon club meetings will be employed for the purpose of selling the delinquent taxpayer on the necessity of paying back taxes to forestall additional levies when the legislature meets again in Austin. The committee is headed by Victor Bouldin of Mineral Wells.

Mr. Bouldin pointed out that persons who are financially unable to meet their taxes are not to be pushed for payment, but every effort is to be made to encourage those who can pay to send their checks to the tax collectors. As a part of the campaign the governor has been asked to set aside the week of March 19 as "Delinquent Tax Week", and every mayor in the state will be requested to issue a proclamation in his city asking persons, where possible, to meet their unpaid tax obligations.

"Texas today has over 120 million dollars in delinquent taxes", Bouldin said. "If this were paid our state and local government could operate for an entire year without levying any ad valorem tax."

"Unless some of this old tax assessment is paid up it appears certain that the near future will see greater tax burdens placed upon us in an effort to make up for loss of the past few years."

"The Texas Junior Chamber of Commerce realizes that something should be done immediately to reduce

the outstanding tax debt and has adopted this method of showing the people of Texas why delinquent taxes must be paid to save Texas from a situation that will endanger the future welfare and development of the state."

Bouldin pointed out that the program would not touch upon tax reform measures and that the Junior Chamber would not take part in any political movement for collection or assessment of taxes.

J. O. Gillham of Pampa and Monte Wolford, Borger, are members of the state committee which will direct the campaign.

"LONG BALL", "LINER", ETC. CONFUSE DUMB REPORTER

This game called tennis surely funny. Just the other afternoon I watched a group of "kids" playing and they said some of the most unreasonable things. Why, one of them hit (guess that's what it is) because he certainly socked it a ball over the net and his opponent yelled "ball long". I was certain that it was a round ball they were hitting and besides who ever heard of a long ball. I may be dumb, but I never did. Another time someone said "net ball" and then I knew that he was crazy because I looked at one of the balls and it was round and also made of white rubber. They said something about a "liner". I thought that was a big ship on the ocean but perhaps I'm not yet educated.

I think they said something about 5 love and as much as 40 love; what these are about I have not yet learned. I always thought that "two's company and three's a crowd"—well, what in the world are you gonna do with 40 or even 5?

I thought that there must be some sense to what was being said because everyone but me was having lots of fun. I finally asked some questions and learned that all these amusing sayings are part of the tennis game. I guess as everyone else gets such a kick from playing tennis that I shall have to learn to play and then I can tell you more about the game and its funny words.

ARE YOU CONSIDERING SUCCESS?

Courage and ambition are the two most important things that makes a school a success. It takes an ambitious person to get started and to keep going. Cooperation must play an important part for the success of the school mostly depends on this.

If the entire student body would strive to make the school one large family and all work together, then success can be obtained. Success is one thing which all, rich or poor, must put forth some effort to achieve. If it comes at an early age for some folk, it is because they have superior talent and exceedingly good training. Some people consider it "just good luck" if one achieves success without a very hard struggle but he could not be in that position if it were not for some extraordinary experiences and talent.

One must work with his leader and fellow-men in order to make a success of an organization, which calls for time and patience. One striving and working just to make a name for himself will generally break a well organized club and will be a nuisance to society. Let it never be said that you are this kind of a person.—H. G.

CLEVER USE OF NAMES MAKES THRILLING STORY

Balch and McClain were sent to town in their old model T Ford to get some Dill pickles, Beans and Cole for the family use. On the way they picked up two country Hixs. One was talkative and Young but the other was a Meek and Coy Guy. Balch was driving rather fast on approaching a Conner, one of the Hixs yelled Turner quick and he did. Before they reached the store all of the air got out of one of the tires. "Good Scotts this is just like A-dam Ford". Finally the flat was fixed and they Stark-eyed on. The journey was long and they had to travel through a Forrest which took many Weeks. On crossing a river McFalls in. All were Cowards, so he almost drowned. All at once the sky grew dark and it began to Hale. Soon the engine stalled and they had to call someone to Ficke it but the car was so Badley wrecked that they had to call for a Traylor. While in their trouble a Black man passed by and asked them where they wez Guynes and Passion on. They sat there Tillman came and helped them. After all trouble was over they passed a Creekmore and Moore often. It began to rain and the men wished for Noah's ark instead of the Ford but soon they came to a Clay road and everything was Farris and they reached the store. When the boys started home a man asked, "May my wife ride?" "Yes, if you can Crowder in," was the reply.

Going home they got lost and asked a Miller where they were. They found that they were near Austin. They were very disgusted so they went to the Greenhouse and bought some roses to freshen things up a bit. A terrible storm caught them before they reached home and they got stuck in a Sanders bed. Deering the time one member of the group Carver some Wood and made a Hawk-ins. Owen to the terrible Weather-ly they stopped on a Bradstreet for the night. A Witt invited them to spend the night with him. The wind was so strong that it Joss-ed them around very much. After the storm Balch discovered that he had to Gilmore gas as the tank was empty. They bought some candy for the ladies Son which Addison pleasure to the trip. When they reached home they felt Tolliver well. It was so near Christmas that they sang Chistmas McCarrols and lived happy ever after.

HIGH SPEED TUBES MADE BY GOODRICH

Inner Tubes Are Designed for Small Wheels and New High Speeds

A tear-proof inner tube designed for use on modern high speed automobiles using smaller wheels and drop center rims is announced by Harry Garrison of Garrison's Service Station, B. F. Goodrich Company dealer in Wheeler.

"Changes in wheel and rim construction brought many inner tube troubles and Goodrich engineers set out to perfect a tube which would resist pinching, cutting, tearing and abrasion," Garrison said.

"The new Goodrich tube is made of especially compounded black and gold rubber in two sections. First, the entire tube is made of one tough stock then a layer of abrasion resisting rubber is placed over the inside periphery of the tube.

"This base strip is made to give resistance to chafing at points where the most action takes place in a tire and affords double protection from the common causes of tube failure.

"When a flat tire occurs, the tube is usually cut to ribbons before the driver can stop his car, but with the new tube this will not occur, according to Goodrich engineers.

"During the period the new Goodrich product was being tested a number of inner tubes were built using ordinary tube design in half of each tube and the new construction in the other half.

"These special tubes were then run flat on rims for considerable distances. The old style sections were speedily torn and ripped to shreds while the new part of the tubes stood up under this brutal punishment.

"The new tube will be sold at prices competitive with standard first line inner tubes," Garrison declared.

and his summons by the butler. This was a visit of ceremony and must be treated as such. "The front door-bell will ring in a moment or two, Daly," he said to his butler. "There are two youngsters there. Treat them as if they were entirely grown up, understand? Take their cards, show them into the parlor. There they are now. Bring the cards to me. I'm anxious to know who they are." The butler returned, consumed with laughter. "Ye'll learn little from them cards, sir," he said, holding out a salver on which reposed two imposing looking pasteboards. "I can tell you who the little devils are."

"Let them tell me in their own way," Stone picked the cards up. One was engraved MRS. RUTHERFORD MADISON MADISON THE MISSES MADISON Middleburgh, Virginia. The other MRS. CONNISTON COULTER Tar Hill Plantation And once again Stone asked himself if he was being made the butt of a joke? However he went to greet his visitors, their cards in his hand. "I'm delighted to see you," he said. "Did you like our tickets?" the boy asked. "We picked the very nicest, biggest ones in the card basket," the girl interposed. "Toddy's a stupid little boy. They aren't tickets. Tickets are what you have when the circus comes. These are cards—for visits, you know. You have to have 'em when you make real visits. We never did before."

"What am I to call you," Stone asked, flicking the pasteboards with a finger. "The names on these are so formal." "I'm Patsy Culpeper," the little girl said distinctly. "What?" Stone cried explosively. "Who sent you here?" "Gran," said Patsy, "and she gave me a message. And I've forgotten it." "So have I," said her brother. Suddenly his sister began to paw all over his inadequate attire. "There was a letter," she declared, "what did you do with it, Todhunter Culpeper?" "I had it when we laid down on the steps to think because we were so exhausted. Toddy wrinkled his brow. "I know," they both cried together, "the puppy has it. He took it to give his master."

Retrieved from the steps where Beaucaire had dropped it on Stone's appearance, the note was reclaimed. It proved to be a few lines from Mrs. Culpeper: "Dear Mr. Nesbit: "Will you take a dish of tea with me tomorrow afternoon? I shall be all alone save for the twins. "Cordially yours, "Mabel Todhunter Culpeper." "Who is Mabel Culpeper?" he asked the two. "My sister," Patsy told him. "She's a horrid little girl. She's got whooping-cough." Stone essayed another tack. "Who wrote this note?" "Let me see it, old man," Toddy suggested, holding it upside down and examining it with interest as if he had never laid eyes on it before. "From that blob," he put a finger on the seal. "I'd say Gran—only she usally puts a stamp on when she writes to my mother."

"The angular handwriting also pointed to old Mrs. Culpeper. Stone wrote her a short note of acceptance but was disinclined to trust it to the twins' tender mercies. "How did you come here?" he asked. "We left our carriage at the gate. We needed fresh air," Patsy asserted primly. So Stone walked with them and handed his note to the old colored coachman who was drowsing on the box of the Culpeper victoria. Stone was amazed and somewhat distrustful on receipt of Mrs. Culpeper's message, yet to his mind he had no alternative. He must accept an invitation coming from an elderly lady. The more he dwelt on the thought the more distasteful it became to him but go he must. (TO BE CONTINUED)

BRISCOE ECHOES

Sponsored by the Senior English class: Tommie Cates, Birdie Lee Helton, Joe Puryear, B. F. Crossland, Pauline Higdon, Harriet Alice Meadows, Pauline Evans and Tamsey V. Riley. This class is instructed by Mrs. Allen Smith.

EDITORIAL What can be more sickening than dirty, unkept yards, houses, school grounds and towns? The one remedy for these ills is a Clean-Up Week, and while we are cleaning our homes and schools, let each of us endeavor to burn all trash which our minds may have accumulated during these years. By having a clean-up week we can install a cleanliness in our homes which will be coveted by all who enter them. Remember, this is America, whose standard of living we are to raise; to begin our better living campaign let's have a Clean-Up Week!

The Result of the One-act Play "Father's Day or Mothers' Day Off" is the name of the play to be presented by Briscoe at the Interscholastic League. Fourteen characters entered in this event. The play was given in the Briscoe high school auditorium, Friday night, March 9. It was presented twice to select the best individuals. Miss Addison, Miss Adams and Mrs. Meek from Wheeler were chosen as judges for this occasion. The winners of the one-act play are: Faye Wilson, Clyde Wadsworth, Mardell Tipps, Arvada Persons, Dorothy Lohberger, Gene Evans, Ocie Pace and Daphne Young. Mrs. Allen Smith is sponsoring this event.

Track and Field Events Briscoe students are now spending many laborious hours on track and field events. There are several entries in tennis, both singles and doubles. There are some 20 entries in the different races and also contestants in high jump and broad jump. The playground ball team is organized and well under way. Mr. Montgomery and Mr. Dodd are directors of these athletic events.

Results of Essay Contest Several entered high school essay writing this year. Those who entered were Grady Dodd, B. F. Meadows, Dottie Bell Cowan, Faye Wilson, Tamsey V. Riley, Maudell Tipps and Birdie Lee Helton. Tamsey V. Riley won first place in high school essay writing and Birdie Lee Helton won

second place. Those who entered in the seventh grade essay writing were Dorothy Rogers and Laverna Evans. Laverna Evans won first place and Dorothy Rogers won second place. The winning compositions were read to the English classes.

SENIOR ROSTER Pauline Higdon was born March 11, 1917, near Twitty, Texas. Pauline went to Center school all during her school days excepting her senior year, when she enrolled at Briscoe. She has been a member of the basketball squad for several years, playing on the Center senior girls' team for three years, and on the Briscoe team her senior year. She also has played a great deal of volley ball, winning a ribbon at the Interscholastic League at Wheeler last year. She has also been a member of several literary clubs during her school life.

When asked what she intended doing in the future, she said she was planning on entering Baylor University for Nurses, at Dallas. Keep trying, Pauline; we hope you succeed! Pauline Evans was born near Wheeler. She spent most of her grammar school days in country schools of Wheeler county. She went to high school three years at Wheeler and one year at Briscoe. She is an English student and spends all of her spare time in reading English literature. Perhaps she will make an extra good English teacher.

WHAT IF— Ruby wins over Birdie in declamation? Winnie could talk baby talk? Pauline Higdon and Mardell Tipps were quiet in Spanish class? Pauline didn't get a letter every morning? Mr. Montgomery didn't keep a study hall? Tommie Cates "pestered" the girls? Birdie Lee Helton wasn't "fisty"? Grady Dodd went to the library at 1:45 every day? Joe came to school every day? Tamsey V. became an author? Mrs. Smith went home for the week end? Pauline Higdon and Bessie Waters

didn't like to go to Wheeler? Mary Margaret took care of Grady? J. R. sung love songs to Valoise? Wiley stayed away from Maudell a whole week? Dorothy wasn't inquiring about the Allison boys? Harriet Alice wasn't in a hurry?

Why We Should Be Kind to Animals When we are kind to animals, it makes us form a kind disposition. If we are kind to animals, we will be kind to other things. We should not beat animals. Animals do not have the knowledge of human beings and they sometimes do not know why we are beating them. An animal will not love his master or mistress if he is mistreated and will not obey them. If an animal is beaten every time he does something wrong, he will leave home. When an animal is not taken care of he will not be valuable.—Geraldine Wadsworth, age 13, Seventh Grade.
