METHOD OF RETIRING LAND IN RELATION TO TERRACES | Produce.

Cotton, corn and wheat acres contracted for retirement in government contracts this year may be taken out of production in strips along terraces or contours, Jake Tarter, county a gent, has been advised by the Agricultural Adjustment Administration.

The contracted acres need not be in one solid block but may be scattered in these strips, he says. This gives the famer the opportunity to lay out a complete terracing or contouring system for his farm, and to complete the work of building terraces in his spare time during the year. If there is no legitimate use for these strips within the terms of the contract, they may be left bare during the growing season and sowed down to small grains in early fall to prevent winter blowing, he adds.

A simple way of fitting the contracted acres to the terraced strips is to first measure the total length of the terrace lines. Multiply his distance by the average width of the strip to be left out along the terrace, say at least 30 feet. Divide the sum thus obtained by 43,560 (square feet in one acre) and you have the acres taken out by the terraced strips. If the farmer desires to take out more land than this, he may increase the average width of strips to suit. If these strips take out more land from production than he has contracted or can spare, he may plant on enough of the terraced strips to get the de-

Announces New Relief Set-Up

Great Oil Play Due **Soon In this County**

New Producers Recently Brought In Look Encouraging-Several Locations Staked

Writing in Sunday's Amarillo News N. D. Bartlett, oil editor of that publication, has the following to say in regard to the oil and gas situation in Wheeler county:

that Wheeler county is slated for Mr. and Mrs. C. B. Witt had for one of the greatest development profamilies of Texas on a new set-up gton Friday to visit her parents, Mr. their Easter Sunday guests Marl grams ever launched in the Panhandle under supervision of the Texas Rel and Mrs. M. C. White, returning Sun- Jaco and family and R. D. Under- oil field, just take a drive down there and have a look-see.

"Little can be seen from the traveled highways, but when once you get over into the section of the county near the North Fork of Red River your eyes will be opened sure enough.

"Strange as it may seem, oil development at almost opposite sides of the county are responsible for this new deal for Wheeler. Along the western edge of the county, the drilling has been developed along with the discovery of the Webb pool in Gray county. It has been found to extend Miss Peggy Page came home last into that part of Wheeler county and an intense drilling campaign is in the bud there. In the past week two wells have come in the trend there that are sizable wells in any oil field. One, tested for five days, averaged 1,700 barrels a day and the other, just into the pay, promises to be almost as good.

"At about the time this new development was started in the far western part of the county, an old gas well in the eastern part was deepened into a producer of 400 barrels of high grade oil. This started things moving in that area and the drilling of new wells and the making of new locations and lease deals in these two areas started things going with a vim in the middle sector of the county, or in the old Magic City pool.

"There are now 24 drilling wells in the county and only a few weeks ago there were three. So far only one or dacy for commissioner in precinct two dry holes have been found. The county is a natural for a wildcatter and this year will see a great change in daily oil production of the district.

"In addition to the oil development, Wheeler county has some of the largest gas wells in the entire field and, while the gasoline content is not high, at ordinary prices the extraction plants will harvest fortunes. One big plant, with a daily capacity of 125,000,000 cubic feet of gas is just getting into full operation and another of like dimension is now building. These are giving land owners revenue in sizable amounts that will be used by the club to finance is coming in very handy right now at the end of a three-year depression.

"The resources are there, and just watch Wheeler go."

Mr. and Mrs. Ed Strentz and son Lloyd Gayle visited Thursday with Mrs. May Hyde in Erick, Okla.

County Gets Heavy Rain Tuesday Night

Downpour Moderate Here --- Panhandle Area Soaked-Streams Go On Rampage

Accompanied by some wind and hail in parts of the region, a general rain soaked the ranhandle and Western Oklahoma Tuesday night. Four inches of moisture or better is reported in the southern and western sections of Wheeler county, where considerable hail was noted.

Estimates of precipitation in this city vary from one and a half to two inches. In communities only a few miles distant the fall was much heavier. Little if any hail damage resulted in this county, according to the best information available.

Fed by the torrential downpour, streams throughout the area went on a rampage. Sweetwater creek, north of town, was higher than for years, while the North Fork, between here and Shamrock, reached a flood

These streams ran down quickly after doing slight damage.

Hammon, on the Washita River, 18 miles north of Elk City in Western Oklahoma, suffered heavy loss of life and property as the stream inundated the lowlands adjoining the town. Homes in the flood's path were swept away, endangering the occupants. Latest reports say that nine persons were drowned.

With rescue work hampered by continued high water, fears are entertained that more than the nine known dead will be discovered later.

Railroad tracks were torn out, fences demolished and many head of livestock destroyed.

Although havoc resulted in some localities from the storm, Tuesday night's rain was welcomed throughout this region. Short on moisture for many months, Wheeler county farmers were anxious to see sufficient rainfall to permit spring activities. Now with the mild weather "If there is any doubt in your mind for more showers, agricultural interests assume a more optimistic outlook.

PANHANDLE DAIRY SHOW AT

When the Panhandle Plains Dairy Show opens in Plainview April 16 for the seventh annual four day show. most of the old exhibitors and many new ones will be present with their best dairy animals, according to Grady Shipp, secretary-manager.

The dairy show itself will not be overshadowed with outside attractions but there will be more to entertain the visitor than ever before. Officers and directors are putting forth every possible effort to make this year's exhibition one of educational interest, according to Dr. Geo. P. Grout, Panhandle, president of the dairy association. A splendid educational program has been arranged under the direction of Frank P. Phillips, head of the agricultural department of West Texas State Teachers college, Canvon.

A horse show will be held, to which many of the breeders and exhibitors of the Southwest will be attracted.

TEACHERS MEETING CALLED AT COURT HOUSE SATURDAY

County Superintendent O. B. Miller has announced a teachers meeting to convene at 2 p. m. in the county court room, Saturday, April 7, and asks all teachers who can possibly do so, to be present.

Miller calls attention to the law which requires all principals under supervision of a county superintendent to attend at least one meeting during the year.

PIE SUPPER AND POLITICAL MEETING AT ROGUE THEATER

Miss Blanche Adams, president, announces that the B. & P. W. of Wheeler is sponsoring a pie supper and political speaking at the Rogue theater next Thursday night, April 12. Proceeds from the sale of pies some form of civic improvement project to be announced later.

Mrs. John Ficke and daughters Bessie Mae and Marguerite and Mr. and Mrs. Clifford Hall and daughter Wilma Levern of Shamrock attended services at Rock school house Sunday.

A JOB FOR STATESMEN

Many experienced observers of over the present outlook. Some go so far as to predict that another European war is inevitable, and perhaps optimistic agree that a serious situation exists.

This, we believe, is not because any nation really wants war, but it is because economic conditions are so desperate in most European countries that the governments in power are unable to satisfy the demands of their own people for a chance to earn their daily bread. There is suffering in America-real suffering - among a large element of our population. son with what is being experienced in some other parts of the world.

The pitiful paradox is that there is enough food and clothing and raw materials in the world to make everyone fairly comfortable if some means could be found for their rational dis-

The granaries of the United States and Canada are fairly bursting with surplus wheat while millions go hungry; there is an immense cotton surplus while millions go unclad; other basic commodities go begging because those who need them have no money with which to buy.

Will the statesmen and business leaders of the world be able to avert the crisis which these conditions threaten to bring about?

IS THE HOMESTEAD DOOMED?

In a recent address, Norman Thomas predicted that the next ten years will see this nation under either Socialist or Fascist rule.

Thomas said he abhorred the possibility of violence and revolution and urged a peaceful drifting into Socialism. If it were possible, he said, he would advocate immediate confiscation of all industry and business and the vesting of title in the commonwealth. However, with this esation plus taxation" for the commonwealth to follow in assum-

Thomas' opinion seems to be that said his party, if given power, would run lines.

strive to socialize banks, railroads coal mines, power, and next would monopolize all industry for the benefit of the commonwealth. Taxes would be revised - the inheritance tax being increased-and allowances made for farmers to be allowed to abandon their titles to property with a guarantee that they could remain on property and work their farm. Commonwealth councils would direct the new enterprises and furnish ma chinery and materials.

It is pretty hard for American citiens to understand that doctrine.

The United States was established as the land of freedom and encouragement of individual initiative and enterprise.

It is difficult to conceive of a world affairs are greatly alarmed farmer, a "freeholder" being ready to turn his land in to the government for some allowances that might be made for him, as a "tenant". Also not a long way off. Even the most it is difficult to imagine the American farmer, a free man, taking his orders from commonwealth councils and having machinery and materials handed out to him at the will of the

At the present time the drive for socialization is against the big industries, but the fact that the plan includes the farm and public ownership of homes and the direction of the people by councils which would be nothing but a rnling class under a But it is relatively slight in compari- different guise, shows the necessity for studying this situation carefully.

You can't have a nation half socialistic and half individualistic any more than you can have it half slave and half free. If industry is socialized and its right to private ownership denied, agriculture will be socialized as the sun rises and sets and the old homestead, which has been the rallying point for family life and patriotic ideals in America, will be destroyed

A few months ago "everybody" was forecasting that this Congress would be as rubber-stamp as the last-that the President would have no trouble in running the show. 'Everybody' was wrong. The St. Lawrence Waterway Treaty is near to the heart of the Administrationand the Senate turned it down. And House and Senate have refused Presi lential decrees opposing the soldiers bonus and restoration of federal workers pay-cuts-both are contained in the Independent Offices Bill.

Much of the opposition to the president comes within his own party and whip snapping by Democratic floor leaders is losing some of its effectiveness. Result will doubtless be strong pressure to jam most import- day. ant bills-especially those containing appropriations necessary to the continuance of present recovery plansso difficult, he suggested the plan of through Congress, and get an early

Club Notes

Happenings of Interest by and for Home Demonstration Club Women of the County

would like to give plenty of room for quilts, but it is just os high as the room," Mrs. Lena Harvey told the home agent March 29, as he showed her new closet. Mrs. Harvey, who is Class 1 Wardrobe Demonstrator for the Bethel club, continued: "Son and I will use this while my husband will continue to use the chiffirobe which formerly served for all of us.'

She has one long shelf, four shorter ones, a shoe rack made from an apple box, three hat racks, a rod for hanging her own clothes and one for sonny boy, who thinks it great to have a special place it the new closet. A little more paint will complete the closet.

The Davis Home Demonstration club, under the direction of their Recreation chairman, Mrs. Mary Wright, give two numbers on each program of the school Literary Socety. This organization is sponsored by the teachers, Mr. and Mrs. George Weems, and meets every two weeks on Friday night. They have given songs, readings, stunts, gossip and musical numbers. For April 6, they

will give a 30 minute one-act play.

"Daddy will build another section of shelves, and buy 600 more fruitjars, if we make a fruit crop", Ollie Marie Erskine said to Mary Clemmens and the home agent as she showed them her 130 feet of new shelves that were filled with more than a 1,000 quarts of canned foods.

Ollie Marie is food preservation demonstrator for the Plainview 4-H club. Most of the food displayed was canned during last year, but for this club year she has canned 18 quarts turnips, 65 quarts pumpkin, 20 quarts greens, 290 quarts meat; making a total of 393.

Choose the varieties of fruits that are suited to this seciton of the state when planning your fruit crop. The following varieties have been tried and found successful. Apples-Yellow Transparent, Jona-

than, Bledsoe, Delicious, Grimes, Golden, Missouri Pippin.

SMILERS

Yes, do! Look on the bright side of life and everything will turn out all right. No one likes a pessimist, because each person has enough of his own troubles to think about; why worry with yours? A person who always has a frown on his face generally lacks friends, which is one of the most vital things in life. Remember the old saving:

Laugh and the World Laughs With

The same can be said about being 'grouchy." You may think the world is a tough old place and you get all the "bad breaks," but look around. There is someone just a little worse off than you. Keeping the mind employed promotes optimism. Education is teaching man how to think and what to do with his leisure hours.

So "git along" and smile all those tears away .- H. G.

Marilyn Wiley, C. I. A. Talks to Senior Girls

"There are many advantages of a woman's college," stated Marilyn Wiley, a sophomore of C. I. A., Denton, Texas, in a talk to the senior girls Monday afternoon in the high school auditorium.

"C, I. A. is less expensive and is more practical than any other college in the state," she said. "It is the only woman's college in Texas that is supported by the state. The best training available in physical education, art, and home economics is given in this school. There is a strong relationship among the girls at C. I.

She stated that the greatest objecand Parilee Clay placed first tion most people had to C. I. A. was the uniforms. "In having uniforms, City and Twitty. The volley however, no girl dresses better than ls won third after being beaten the others," she said. "After you have worn the uniforms, you learn to like them, and you can bring out colored ties."

> She said that employment is given to girls who wish to work their way they should know. through school.

CAUGHT in the LASSOO'S NOOSE

Why all the new dresses Sunday? Girls, can't you catch a feller?

Willie Mae must'a hired her boy friend out Sunday evening, or at also wear your white shoes and sumeast it looked like it.

It looks as if Glynn rushed back into church Sunday night with two girls following him.

The Juniors must be growing up. They didn't play hooky Monday. It is a wonder that Miss Williams didn't yell for Twitty at the track

Ray don't stay all night in Shamrock too much.

Chief, quit making eyes at the girls; you are interfering with the

I think some Seniors just nearly missed a good scolding in Miss Addison's study hall Monday.

Beulah wants to start a senior play ground ball team so they can match games with Twitty, or some

Don't let the girls fight over you, Wallace. It has been rumored that night. some of the "Fish" are falling for you. Now, isn't that fun?

Watch out, J. D. don't let the big Shamrock men run over you. C. L., what's the matter? Do you

have the moveble mumps? (Meaning a hunk of tobacco) Wonder why all the students make

such dumb answers to some of the questions that they are asked in the class room? It must be Spring. Ruth and Mary Eunice have lower-

ed their reputation by sitting on the back seat in English IV class. Girls, explain such conduct

Miss Adams: I get tired of saying be quiet one hundred and eighty

Hazel: Is that all you have said Monday after being absent several

Senior Class Takes Trip to New Mexico

This morning at five o'clock the senior class and their sponsor, Miss Winona Adams started on an excursion to Carlsbad Caverns at Carlsbad. New Mexico. This trip will take the place of the annual Senior Day. The group will return Sunday. Enough food to last three days was donated by members of the class and the business men of the town gave money to the class in order to make this trip possible. "This is a wonderful opportunity for each member of the class," says Miss Adams.

Those who went on the trip are: Bill McCarroll, Velma Pillars, Chris McLain, Raymond Creekmore, Florence Callan, Earl Sivage, John Ficke, Inez Shipman, C. L. Balch, John May, Dewey Vice, Earl Farris, LaVita Mc-Fall Anna Mae Puct, Doraeen Wood, Coy Hix, J. C. and A. B. Mary Eunice Noah. Turner, Mary Eunice Noah, Walter Adams, Exie Creekmore, Augusta Guynes, Ruth Dill, Thelma Bradstreet, Joe Field Meek and sponsor Miss Adams.

HONOR ROLL CONTAINS SEVENTEEN STUDENTS

There are seventeen students on the honor roll for last six weeks. Ruth Dill made a straight A report card, those making A's and B's are Willie Mae Hollabough, Mary Eunice Noah, and Velma Pillars. There is no one in the junior class making all A's; La-Veau Cole and Theodore Connor made all A's and B's. No Sophomores made straight A's. Those making A's and B's are Faye Ficke and Marvin Montgomery; Ruth Faye Garrison made all B's. Of the Freshmen class Parilee Clay made all A's. Bonnie Adams, Orveta Puett, Martha Alice Wiley, Beatrice Miller and Geneva Jones made A's and B's.

Spring is Came

Spring is came, Spring is came, and all the little birdies go "tweet, tweet, tweet." I mean that I think spring is came because I saw one wee flower with it's head peeping through never can tell when it will snow. Almost every time I go and get all inspired to write and tell you all about the beautiful weather it goes is the laziest time of the year for the industrious students because they take the "Spring fever" and sorta neglect to study. Of course some are your personality by wearing different not affected because they never study any anyway. I mean that is what the teachers say and I guess maybe that I heard some of the "big kids" say

that Spring is a splendid time for romance but I'm too little for anything of that sort because mamma told me so. Well, I guess that since Spring is came if you have been studying hard you can take a nice rest and sleep for awhile. You can mer dresses.

Now don't feel badly if the question that the teacher asks you is answered incorrectly because we understand that you may have a new 'crush" on some young hero; maybe that the profs will understand and you will make an A in spite of the fact that yor are romantic.

RAMBLINGS ON THE RANGE

Billie McCarroll and A. B. Turner attended the prize fight at Shamrock Thursday night. Curtis Weeks and Earl Sivage were

in Miami Friday night.

Marguerite and Bessie Mae Ficke, Earl Farris and J. C. Turner attended the show at Shamrock Saturday

Mrs. C. J. Meek and Joe Field went to Abilene Friday to bring Wendell home for the Easter holidays.

Jacqueline McCrohan, who is home from C. I. A. at Denton, visited school Thursday afternoon.

Harmon Weeks visited school Monday afternoon.

Earl Sivage and Charlcie Austin have withdrawn from school.

Orveta and Anna Mae Puett and

John Ficke were Shamrock visitors Saturday night. T. J. Clay, Walter Adams, and Charlie Hix were in Canadian Mon-

day night. Dewey Vice returned to school

Ruth Dill Wins First In Clothing Contest

Ruth Dill won first place in the second year home economics class dress contest held Tuesday afternoon, April 3, in the high school auditorium. She, together with Orveta Puett, winner in the first year class, will be given a trip to Austin for having the best made dress. Mary Eunice Noah won second place and Helen Gilmore, third. Others who received honorable mention were Willie Mae Hollabaugh, Velma Pillars, Elizabeth Joss, Adell Hampton and Mazie Bean.

The following people entered dresses: Gladys Warren, Cholorene Morgan, Ruth Faye Garrison, Dorothy Burgess, Lorene Roper, Ruth Mae Conner, Florine Wright, Willie Mae Hollabaugh, Mazie Hampton, Velma Pillars, Elizabeth Joss, Helen Gilmore, Ruth Dill and

Miss Ester Sorenson, home ecoomics teacher of Shamrock high school, and Mrs. Glen Williams of Wheeler selected the winners of the ontest. Both judges stated "it was very difficult matter to choose the winners."

In judging the dresses, general appearance counted 50 points. Under reneral appearance was appropriateess, 15 points; which included maerial, design, color and accessories; suited to personality 5 points; length points; effect of underwear points; neatness 5 points; and pressng 71/2 points. Construction counted 35 points. Under it was the seams and hem. The cost counted 15

Freshmen Give Fake Track Meet at Chapel

Presenting a fake track meet the reshmen class entertained in chapel Wednesday morning in the high chool auditorium.

Pay McCollum acted as announcer or the second meet and the contestants were; Herbert Whitener, James Passons, and J. N. Tucker, Shot Put; J. D. Badley, Olen Maxwell, and Marion Moore, Mile Race; Raymond Badley, H. E. Young, and Emmett McFall, High Hurdles; Luther Lee Owens, J. N. Tucker, and Dudley Callan, Pole Vault; In the literary events there was: Declamation for boys, Everett Cole, Raymond Bradev. and J. N. Tucker: Girls Decla mation, Elva Willard, Dorothy Burgess, and Aline Buchanan; Tiny tot story telling. Bonnie Adams, Parilee Clay, and Dorothy Lee Burke, and for boys story telling, Guy Robison, Bob Tillman, and Virgil Greenhouse. Those entering Extemperaneous speaking were Edgar Flynt, Troy Lee Carver, Ray McCollum, Nell McPherson, Ferrol Ficke, Duvil Lee Norment. A motion song was sung

by the freshman girls. Another feature of the program was a talk given by Willie Mae Holabough, Secretary of the tacket ball tean. Then captain Anna Mae Puett presented an appreciation of coach Winona Adams; she also stated that he wished to thank everyone who has helped to make this basket ball season

Ford handed in his examination paper, the other day and it said, "Please ee Willie's paper for my answer."

AERMOTOR

A strong wheel with only six bolts . Round tension wheel arms which screw into the hub-they will never work loose . . . Extra large wheel shaft . . . Removable bearings easily replaced . . . Quiet gears . . . Adjustable stroke . . . Adjustable brake . . . Self-oiling pump pole swivel . . . Smooth regulation in high winds.

The Auto-Oiled type of Aermotor was first

made in 1915. It solved in a very practical way the problem of windmill lubrication. The general system adopted by the Aermotor Co. has never been improved upon, but some changes in details of construction have been made from time to time as experience has shown the way to betterments. The latest improvements are the most important that have ever been made and will surely make the Aermotor more decidedly than ever the outstanding windmill of

The performance of a windmill depends much upon the tower upon which it stands. In buying a windmill ake the Aermotor, which is going to last for many years, it is important that it be erected on a strong, rigid tower which will last as long as the windmill. Aermotor Towers are wonderfully strong and durable

Aermotor towers are made in various sizes to meet every need A Superior Windmill at a Price You Can Afford to Pay!

Interested parties are advised to write to Sgt. Forsythe, Army Recruitng Offce, Amarillo.

Movie Chatter

"Son of Kong'

Did you see King Kong? If you did you will never forget the 50 foot ape. You knew, of course, that it was all impossible, but would you have willingly left the theatre without seeing it all? If you did not chance to see King Kong there is all the more reason why you should see "Son of Kong." This type of picture will hold your interest when all others fail. It is a successor to the first picture.

After Kong had practically wrecked the city of New York and was finally killed the lawsuits began to pile in for damages caused by the big beast. The owners of the ape, in order to keep from standing these lawsuits, take to their ship and return to the island where they captured Kong. There they meet up with the Son of Kong and finally succeed in capturing him and-well come and see it-Friday, Saturday and Saturday matinee at the Rogue theatre. "If I Were Free"

Irene Dunne and Clive Brook come to the Rogue Monday and Tuesday in thei latest success, "If I Were Free". Neither of these stars needs any introduction to this community. All will remember Irene in Cimarron and many other pictures. And who has ever seen Clive Brook make a lousy picture? This picture is not big, but is one of those kind that will entertain you. You are assured of being pleased, since the program Canyon, spent the week end at home is rounded out with a two-reel music-"Walking Back Home

would you think of Rockne drawled. "This isn't the not care who knew it.

Then, into this contented household burst Miss Martha Washington Mercedes.

Miss Martha Washington Mercedes in what amounted to a new incarnation. Dressed, as Smif at once realized by Madame Georgette, with a taste and a restraint that threw a new light on that forceful woman's influence, she was at once pretty and striking.

"I heard Johnny had a party over here," she began. "Well, when the cat's away, the mouse will play. But I didn't expect to find you here." She addressed Smif pointedly.

"Miss Lovely and Mr. Nesbit are cousins," Susan told her.

"Miss Lovely?" She spoke interrogatively, feeling the news unwelcome although she did not yet know why. "Don't tell me you didn't know she

was one of the Lovely ladies of Lovelylea?" "I didn't know it and I do not un-

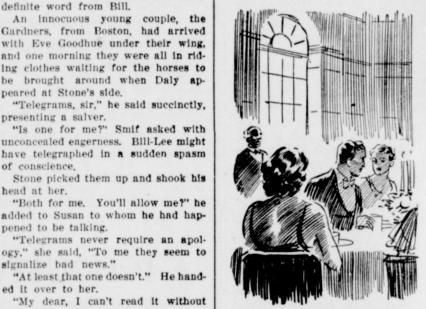

derstand people with two names," Mercy said crossly. This was not welcome news to her. Plainly Johnny was escaping from her clutches. She must consider what steps she had better take. Yet, after

all, the road to man's heart was well known. She would invite them all to dine, although she heaved a sigh at thought of the good things she ought not to touch.

Smif looked forward to that dinner with unconcealed interest and carefully concealed contempt. The food, of course, would be unimpeachable, she had Stone's assurance of that, but the lady of the house-

As a matter of fact, Smif was destined to be surprised in more ways than one. Mercy made no parade of her dieting. She toyed with her food, making a pretense of eating but never letting a morsel pass her lips, and Smif, who had expected to see her fall before such a temptation, felt like clapping her hands in generous applause, and shot a glance down the table to Stone.

She was accustomed to find his eyes ever ready to meet her own. Now, with a sinking of the heart which she did not attempt to deny to herself, she saw that he was concentrated on Mercy. Again and again she glanced down the table at him--always with the same result. She told herself, she ought to be glad. She ought to rejoice that since Stone was set on this match, his future wife promised to be more suited to the position than she

With a Sinking of the Heart She Saw That He Was Concentrated on Mercy.

had believed possible. Why should she be selfish about it? It need not

rob her of her friend. But in her heart she knew it would, and when Susan's car drew up, she

put her hand on Charlie's arm. "Do you mind staying and riding home with Stone?" she asked. "I'm terribly tired. I'd like to go with

Susan.' "Certainly not, certainly not," said Charlie fussily, "get right in, my dear, get right in. Where is Stone anyhow? Where is he, does anyone know?"

And as the door was closed on Pam and Paddy Miles, who had turned down one of the little seats, Eve Goodhue's rich voice answered:

"He stayed behind to say something

to Miss Mercedes." (TO BE CONTINUED)

BRISCOE ECHOES

Helton, Joe Puryear, B. F. Crossland, Pauline Higdon, Harriet Alice Meadows, Pauline Evans and Tamsey V. Riley. This class is instructed y Mrs. Allen Smith.

Courage

Without courage there cannot be truth; and without truth there can e no other virtue."

Courage is the ability to do that which is right regardless of criticism. Do you know that courage is the foundation for the building of a great and noble character? Consider the statesmen of America, their virtues and faults. Did they stand back in the face of harsh and unjust criticism? They did not; for if they had what would our land be today? Courage, it seems to me, is the most important of all traits; for unless you are a courageous person you have broad mind or a strong body. You, who are the high school students, in the face of the most severe criticism. People are tempted each day by some evil, but some of them do because they have courage. An individual is like a grain of sand in a sandstorm unless he has an outstanding personality. With this idea in mind I urge you to strengthen that foundation of all character, courage. F. V. R.

School Term

The school board at Briscoe has een informed by O. B. Miller, county uperintendent, that they will be able to maintain a nine months school this term. By winning nine months this term, Briscoe may be able to affiliate a small part of the credits offered here the following year.

Chapel Program Our chapel program for last Thursday, March 22, was of a slightly different nature, but was highly interesting. Mr. Marx, one of the famous Marx brothers we see on the stage and in pictures, gave us a very interesting lecture on life as a whole, as well as in Hollywood. His lecture gave us courage to have higher aims and aspirations for the future. Although he caused many of us to change our minds concerning a movie career. He gave us many starling facts about the overcrowded conditions of our great movie producing city.

State Examinations

Since many students from Briscoe school hope to enter college soon they are planning to take the state examinations in order to affiliate their credits. Those who are taking these exams are Joe Puryear, Tamsey V. Riley, Clyde Wadsworth, Birdie Lee Helton, Harriet Alice Meadows, Fay Wilson, Pauline Evans and Beryl Helton.

Senior Roster

Birdie Lee Hilton, daughter of Mr. F. L. Hilton was born July 14, 1917 in Canadian, Texas. She has gone te high school in Amarillo and Briscoe no ability for the development of a She played basket ball two years and was leader of the pep squad one year. She has entered in Interscholastic realize the value of doing right even League work ever year, being mostly interested in Declamation and Essay writing. She won third place in Wheeler county in Senior Declamanot fall in those chasms of temptation tions in her Freshman year; she also won first place in class B schools in Essay writing in her Junior year.

Her favorite subject is English and ner hobby is dancing.

Birdie Lee plans to go to Oklahoma University, Norman, Okla. She is going to mojor in English.

Senior Roster

B. F. Crossland, son of Mr. and Mrs. B. F. Crossland, was born Deccember 27, 1916, in Wellington, Tex. He has spent all of his high school life at Briscoe.

B. F. has been a member of 4-H club and he has also participated in track events.

His favorite subject is mathmatics and his hobby is swimming.

B. F. is an excellent sport and everyone enjoys his company. He is liked by all the students and the fac-

He does not plan to enter college; his future career is undecided so far.

Tennis Try-Outs

The Mobeetie Tennis Players, both boys and girls, came to Briscoe Tuesday afternoon at 1 o'clock to have the try outs. The first game played was the boys doubles. Lewis Cain and Ocie Pace from Briscoe played Roland Dison and John Jefteries from Mobeetie. The champions were Cain and Pace. The next game played was the girls singles. Arlie Lee from Mobeetie took the championship from Ruby Hefley from Briscoe. The last game was the boys singles. Again Briscoe was victorious. Lewis Cain was the champion. The girls doubles was not played because Mobeetie did not bring a sufficient number of players. These games were the first of a series of try-outs for the Interscolastic League Meet.

nat of Our Schools

To all good citizens, the three most important institutions of a community are: the government, the church and the school. It is through these institutions that our well rounded citizens must be developed. Which of these institutions should give the mother, father and their children the greatest concern? Each of us want our children to be law abiding, religious and cultured. Therefore, it behooves us to be concerned about the environment that is helping to form the habits or character of our boys and girls.

The following questions should arise in the mind of each parent: What of the daily report my child makes? It is my duty to show some concern about the activities of the child at the end of the day, if nothing more than to ask a few questions. This manifested interest should help to spur him on in his activities and give the parent a chance to direct and mould his ideals. What of the monthly school report my child brings home each six-weeks period? To most parents a failing grade should give the deepest concern, and the child should know this at a very early time in his life. The absent and tardy marks on the report card should cause alarm if they are unaccounted for.

Finally, what of the whereabouts of my child after school and after supper? Too many of the children of Wheeler can be seen wandering on the streets at times when they should be forming habits that would better the community and home in some way. Have you ever gone through town on a school night and seen boys and girls on the streets? We might wonder if that is the best training the home and community can give.

Fellow-citizens, only three children from our city were on the Wheeler County League track team. This was due, in most cases, to failing grades in school. The boys who come to school from the country made up the track team with the above exceptions. The children of today are to be the citizens of tomorrow. The good influence that parents and teachers exert on them now will make us happy tomorrow, for in proportion to their good training will be their success as men and women. Let us co-operate in teaching them, that we may well be proud of them when they are grown up. Why not teach them the divine command: "Study to show thyself approved . . ."

In Texas there are 728,000 more boys and girls in high school this year than there were last year, and that means 728,000 more opportunities for us to make good citizens of the young of the land. Our responsibility is growing. Let us teach our youths to:

> Redeem the time while it is yours, 'Tis gold that will not rust; So squander not life's ore of hours But hold in sacred trust.
