

Road Plan Agreement Completed

Agreement for a road building and maintenance program in conjunction with the state was completed by the Howard county commissioners court in session Wednesday afternoon.

Formally adopted was the state's so-called "75-25" road program, and the court signed final agreements and issued a check covering its share of approved projects in the amount of \$73,500.

School Board Ready To Fix New Tax Levy

Fixing of a school tax levy for the year—expected to be \$1.50—will be done at meeting of the school board as soon as tax rolls are completed.

Trustees of the district agreed on this at a session Wednesday afternoon, at which returns from Tuesday's tax election were canvassed and the result certified. The official result was found to be 1.185 for the proposal to authorize a tax increase, and 711 against.

That the maximum rate will be necessary this year was indicated by board members in pointing to the necessity of making building repairs and of refunding excess taxes collected under the voided tax rate of last year.

Meanwhile, trustees heard further distressing reports on the crowded conditions throughout the elementary system. There are currently 34 double day sessions, Elementary Supervisor Dean Bennett reported, and four sections of the first grade, in East, South, Central and North wards, are so crowded that further division may be necessary.

The board voted Wednesday to reject "under-age children" (those below the scholastic six-year level) because of the crowded conditions. There have been 27 of these accepted into various ward schools so far, but enrollment was not completed, Bennett said, pending the decision of the board.

A jam-packed fifth grade at College Heights—56 in the room—is demanding attention, Bennett reported, and in an effort to avoid a double-day session there, the trustees plan to seek use of a Scout hut recently set up by the school. This building belongs to the troop sponsored by the Rotary club, and the matter will be put before that organization. Some renovation will be necessary to make the building suitable for classroom use.

The board approved employment of two new teachers, Mr. and Mrs. O. D. Adair, and voted to increase pay of substitute teachers from \$5 to \$8 per day.

Rubinoff Kin Dies In Apartment Fire

PITTSBURGE, Sept. 16. (AP)—Robert R. Klamon, 34, son-in-law of Violinist Dave Rubinoff died today after his Beechwood apartment was swept by an early-morning fire.

His wife, the former Rudy Rubinoff, 29, daughter of the violinist, suffered only minor burns but was reported near collapse from shock.

Textile Union Will Back Harry Truman

NEW YORK, Sept. 16. (AP)—Endorsement of President Truman for re-election was announced yesterday by the executive council of the CIO Textile Workers Union.

The union, which claims 450,000 members—a fourth of them in the southern states—said it will back up the endorsement with "intensive ward and district work in all textile areas."

Movie Actress Remains In Coma

HOLLYWOOD, Sept. 16. (AP)—Movie actress Rita Johnson was in a coma for the tenth day at St. Vincent's hospital as her personal physician Dr. Lee Siegel, declined to comment on her chances for recovery.

Miss Johnson is suffering from a brain injury, and an operation was performed to remove a blood clot. She suffered the injury, police believe, as a hair drier fell on her.

BOYS' TOWN HEAD COULD BE POPULAR

BOYS TOWN, Neb., Sept. 16. (AP)—The Rt. Rev. Msgr. Nicholas H. Wagner began his tenure as head of Boys Town by declaring a holiday here today.

Almost half a day was consumed with the welcome for the successor to the late Father Flanagan yesterday, so he decided to postpone the holiday until when the boys could have a full day off.

PRESIDENT TO VISIT TEXAS

Truman And Dewey Jotting New Stop-And-Talk Dates

President Truman and Gov. Thomas E. Dewey jotted down new stop-and-talk dates today as they put finishing touches on their cross country campaign plans.

Mr. Truman, who leaves tomorrow on a 16-day transcontinental trip, scheduled a three-day stay in Texas on the way back from the Pacific.

Coast. He will return to Washington by way of Missouri, Illinois, Kentucky and West Virginia—all key states in his presidential election drive.

Gov. Dewey meanwhile disclosed plans to take in the northwestern states of Montana, Idaho and Wyoming on his way back to Albany, N. Y.

Both men are due to make major speeches a day apart in Los Angeles.

Gov. Earl Warren, the No. 2 man on the Dewey team, meanwhile headed east from California on the start of his 30-state tour. He will spend most of the next two days campaigning in Utah.

Sen. Alben Barkley, the democratic vice presidential nominee, was due to return today from Rome, where he has been attending the inter-parliamentary conference.

Dewey scheduled a conference today with two key GOP congressional farm leaders—Rep. Clifford R. Hope of Kansas, chairman of the House Agriculture Committee, and Sen. George D. Aiken of Vermont, acting chairman of the Senate Agriculture Committee.

The New York governor will talk with a group of farm editors Saturday at his Pawling, N. Y. home. Farm problems are expected to occupy a prominent spot among the general topics to be discussed in Dewey's opening campaign address in Des Moines Monday.

Henry A. Wallace, joined the mounting word battle over farm price supports following a Chicago session with 40 third party workers from 15 states. The former agriculture secretary said he will make a "special appeal to the farmers that the ever-normal granary was my baby, and now it is their baby."

Romania Requests Removal Of Four U. S. Diplomats

WASHINGTON, Sept. 16. (AP)—Soviet Russia's ambassador demanded today that the 11-nation Far Eastern Commission reverse Gen. Douglas MacArthur's policy banning strikes by government employees in Japan.

The ambassador, Alexander S. Panushkin, is Russia's representative on the commission, the top allied policy-making agency for the Pacific.

Panushkin charged in a statement, which was carried out by the Japanese government violated the 1945 Potsdam declaration and existing policies of the FEC.

The Soviet delegation considers that the Far Eastern Commission cannot bypass such a gross violation by the supreme commander" of FEC decision, Panushkin said.

Reds Ask End To Strike Ban

WASHINGTON, Sept. 16. (AP)—The State Department disclosed today that four members of the American legation staff of Bucharest, Romania, have been recalled on the demand of the Romanian Government.

Romania had accused the four of taking photographs in a forbidden zone.

The United States rejected the accusation and declared that the Romanian Government's complaints "do not conform to the facts."

This assertion was made in a note which was delivered by Minister Rudolf E. Schoenfeld to the Romanian Foreign Ministry yesterday.

The note, released by the State Department today, accused Romanian police in the city of Giurgiu of having detained the two men and two women clerks of the legation staff for 17 hours incommunicado.

It charged that that "for 16 hours no member of the group was allowed water."

Poultry Group Will Conclude Meet Today

GALVESTON, Sept. 16. — The Texas Poultry Improvement Assn. was to end its silver anniversary convention here today with general session and business meeting.

W. G. Griffin of Santa Anna yesterday was elected president.

Other officers chosen are J. K. Williams of Denison, vice president; W. T. Jones, Jr., of Coleman, state director of the international baby chick association, and T. A. Hensarling, executive secretary-treasurer.

Johnson Files For New Suit

Seeks To Get Certification On Demo Slate

Action Taken To Counter Coke's Move

AUSTIN, Sept. 16. (AP)—Attorneys for Lyndon B. Johnson today asked the State Supreme Court for permission to file suit mandamus forcing Secretary of State Paul Brown to certify Johnson's name as the Democratic nominee for United States senator.

Petition asking permission to bring the suit was filed by Atty. James V. Allred, John Cofer and Avin J. Wirtz. The high court must first grant permission for the filing of the mandamus suit before it may be presented to the court.

The action seeks to nullify efforts of attorneys for Coke Stevenson to prevent the certification of Johnson's name for printing on the November general election ballot.

The petition also sought permission to file for injunctive relief to prevent Stevenson from interfering with the certification.

Supreme Court judges immediately took the petition under consideration.

Allred, Cofer and Wirtz waited in the Supreme Court clerk's office while the judges deliberated.

Earlier today, Brown said that Johnson's name would be on sample ballots that go to official printers Saturday unless he is stopped by an official court order.

"Certification of Johnson was received in my office at 11:29 a. m. yesterday," Brown said.

He said certification of Johnson and the other democratic nominees for state offices for inclusion on the November general election ballot were delivered by messenger.

"Were they accepted and filed?" he was asked.

"Certainly," Brown replied. Brown returned here late yesterday from Fort Worth where the State Democratic Convention certified Johnson as the winner in the second primary. The canvass showed him to have led opponent Coke Stevenson by 87 votes.

Federal Judge T. Whitfield Davidson yesterday granted attorneys for Stevenson a restraining order aimed at halting certification of Johnson pending a hearing Sept. 21 at Fort Worth.

Brown had set tomorrow as the deadline for certifications. He said he planned for the official state printer at Comanche to start work on the ballots Monday.

Oil Tank Blast Spews Flames On Trailer Camp

INGLEWOOD, Calif., Sept. 15. (AP)—Two persons were dead and a third lay critically burned today from flames spewed over a trailer camp by an oil tank farm explosion. Seven others were scorched less seriously.

Mrs. Lillian Reynolds, 35, and three-year-old Judy Ziegler, residents of the camp, died of their burns. Judy's mother, Mrs. Olive Ziegler, 38, was reported near death.

The chain explosion blasted 12 of 16 tanks at the Basin Oil Co.'s five-acre tract yesterday.

George Synold, assistant superintendent for the oil firm, said he saw big blobs of flaming oil flash across a street to the camp where some 56 trailers were parked. All of seven trailers were destroyed, a half-dozen others scorched.

Preliminary investigation disclosed, Synold said, that the first explosion and fire followed a "boiling over" in one of the tanks where 1,300 barrels of crude petroleum was being heated to remove impurities.

Synold estimated the company's damage tentatively at about \$117,000 in the loss of the tanks and 9,000 barrels of oil they contained.

French Regime Is Again Tottering

PARIS, Sept. 16. (AP)—France's five-day old government bludgeoned from the extreme right and left, teetered perilously today.

While Premier Henri Queuille's cabinet wrestled with emergency financial measures, a wave of strikes, many of them Communist-led, spread through the nation. On the right, followers of Gen. Charles De Gaulle pushed a campaign for national elections.

FIRE IN BUSINESS DISTRICT — Firemen battle a spectacular blaze in Louisville, Kentucky's business district. The fire hit two paper box companies housed in the same building. Damage was estimated unofficially at \$250,000. (AP Wirephoto).

HOPES BRIGHTER

Phone Strike May Yet Be Avoided

Hopes appeared brighter today of averting a threatened nation-wide strike by some 25,000 CIO Telephone Equipment Workers.

The strike deadline is 5 a. m. EST Friday, but a federal mediator said after all-night negotiations in New York he was "very optimistic" about a settlement of the wage dispute.

Representatives of the CIO Association of Communication Equipment Workers and the Western Electric Co. planned to resume sessions this afternoon.

The union, whose members install and maintain central-office telephone equipment in 43 states and the District of Columbia, called the strike in support of a 31 cents an hour across-the-board wage increase. Later it was reported to have cut its demand to 11 to 16 cents an hour. Current wages average \$1.15 an hour.

In one of the nation's major strikes — the two-week-old work stoppage by CIO longshoremen — the Army prepared to use troops, if necessary, to handle military cargo at strike-bound West Coast ports.

In the CIO Oil Refinery Workers Union strike on the Pacific Coast, negotiations were resumed in San Francisco between the union and one of the six major struck companies.

Hugh E. Sheridan, a special mediator, continued efforts to settle the 16-day trucking strike in New York City by AFL teamsters. After meeting with the city's three key locals of the AFL International Brotherhood of Teamsters Sheridan said prospects were "not bad" for getting the unions to unify their varying wage demands and present a single set of terms to employers.

The train robbery was re-enacted yesterday to get the celebration off to a whooping start.

The real Bass met desperate resistance when he fielded Texas & Pacific Coal burgh here in 1878. But his counterpart, Cattleman C. C. McNally, had the help of the railroad's president, W. G. Volmer.

Volmer ordered the sleek T&P Eagle, which usually tears through at a 70-mile-an-hour clip, to stop five minutes in this Eastern Dallas County town.

The Pseudo Bass and five henchmen took Volmer, Atty. Gen. Price Daniel, Mesquite Mayor Sam Rutherford and a dozen other off the train as it rolled to a stop at the depot.

Later, Daniel officially opened 20th annual fair.

The town's history was depicted in a pageant on the school ground. For the old timers, there will be a homecoming program and basket supper at 6 o'clock tonight varying wage demands and present a single set of terms to employers.

Republicans had pre-empted the bowl for Thursday night also to test electrical installations and refused to give up the date.

Not so, retorted the local Dewey-Warren committee. The GOP signed a standard contract with the bowl, but offered to vacate if the President really wanted it.

Anyhow, the Democrats grabbed Gilmore Stadium, whose management persuaded an auto race group to cancel its program.

While Republicans said the bowl was now clear for Thursday, the Demos said they were no longer interested.

Somebody, it seems, discovered that the bowl, whatever its cultural advantages, seats less than 20,000. Gilmore can accommodate 27,000.

All This And Movies, Too

POLITICS REARS ITS CLAMORING HEAD IN HOLLYWOOD BOWL FIGHT

HOLLYWOOD, Sept. 16. (AP)—Politics reared its clamoring head today amidst the cultured surroundings of Hollywood Bowl.

Los Angeles Democrats claimed President Truman has been shut out of the bowl and will make his local campaign address next Thursday at Gilmore Stadium, instead.

But Republicans replied it is not a case of freeze-out.

The GOP standard-bearer, Gov. Thomas E. Dewey, will speak Friday night in the bowl.

From New York, Democratic National Chairman J. Howard McGrath accused the Republicans of "leasing an empty stadium to deny the use of the Hollywood Bowl to President Truman."

World Citizen Still At U. N. Doorstep

PARIS, Sept. 15. (AP)—Garry Davis announced he will take up his stand for world government today on the doorstep of the United Nations Assembly building here.

The 26-year-old American wartime bomber pilot and son of Orchestra Leader Myer Davis, who gave up his citizenship to plug for a stateless status, has been camping since Sunday morning on the steps of a restaurant in the inviolable UN assembly area around the Palais de Chaillot.

Davis' move across the street from the restaurant would come as the Security Council meets on the Hyderabad question.

Davis crossed the street from the restaurant to the palace yesterday but was stopped at the door by a guard, but hundreds of other persons were permitted to go in and out without passes. The UN Assembly convenes in the palace next Tuesday.

Davis said he will pitch his tent on a narrow strip of grass in the shade of Eiffel Tower, which stands across the Seine River from where the delegates will enter the General Assembly.

He said he had decided to attempt his new step after reading headlines in this morning's papers.

"The world is falling apart," Davis said, "and I am going to try my best to see that we have an international government."

Davis seemed very tired after his fourth night in a sleeping bag at the UN restaurant.

Mexicans View Military Might

MEXICO CITY, Sept. 15. (AP)—Mexicans by the thousands lined the streets today for a display of national military might on this 138th independence anniversary.

The capital, like other cities throughout the nation, was decorated with flags. Parades, participated in by troops, sports organizations and unions, drew throngs.

Drive On Bicycles

ST. BONIFACE, Man., Sept. 15. (AP)—Police have opened a blitz on law-breaking bicycle riders in St. Boniface. The drive began when they found six cyclists on one bike.

ETHIOPIAN THROWN OUT

Scientists Regret Affront To Guest

"Profoundly humiliated," an organization of scientists has expressed its great regret to the Ethiopian minister for a "shocking" affront it said the minister suffered at its meeting Monday night.

The diplomatic official, Minister Ras H. S. Imru, was invited to

the centennial meeting of the American Association for the Advancement of Science at Constitution Hall, but left after an usher asked him to move from a section reserved for diplomats.

The association said it was unable to determine responsibility for "this grave occurrence." The manager of the hall declared that the "Daughters of the American Revolution—which owns the auditorium—had nothing to do with the usher's action."

The hall has been the center of previous controversy over a policy which bans concerts by Negro artists except for charitable affairs, but Manager Fred Hand pointed out that the D.A.R. does not segregate audiences in the hall.

The scientists' association said the incident was brought to its attention by a Yugoslav diplomat, who had witnessed it. The letter to the Ethiopian minister spoke of the association's "acute embarrassment" and "deep chagrin."

"We were entirely unaware of this grave occurrence, which is the more shocking since it violates all the traditions of science and of our organization and so profoundly humiliates us."

San Antonio Man Is Killed, Son Wounded

HALLSVILLE, Sept. 15. (AP)—A San Antonio man was shot to death and a father and son were wounded in a business dispute here late last night.

Harrison County Sheriff Barry Rosborough said the dead man, shot eight times, was identified through papers as Finely Jack Graves, 35, of San Antonio.

The sheriff said Jack Stockton, Sr., 41, of Longview shot Graves in self defense. Then he said, Stockton and his son, Jack, Jr., 23, were ambushed and wounded.

The sheriff said the Stocktons were planning to exhibit some animals to attract customers to their new sweet cider stand here. He said the other men, who operated an animal exhibit on the east side of Marshall, objected to the Stocktons' plan on grounds it would hurt their business.

No One Blamed In 'Holy Spirit' Death Of Girl

PALMER RAPIDS, Ont., Sept. 15. (AP)—A coroner's jury refused last night to blame any one for the "Holy Spirit" death of Violet Gogolin.

Witnesses testified at the inquest that Violet, 18, walked into the Madawaska River and drowned Aug. 22 because she was impelled to do so by the "Holy Spirit."

"I guess," her father told the five-man jury, "it was pleasing to God that way."

The witnesses said Violet's death occurred at the height of a night-long family religious service at Violet's farm home near here. They told the jury she walked into the river after "receiving the blessing" at 4 o'clock in the morning, at the end of seven hours of "praising the Lord."

Badly Decomposed Body Is Believed To Be Dallasite

CAMDEN, Tenn., Sept. 15. (AP)—Officers were trying today to identify beyond doubt a badly decomposed body they were "pretty sure" was that of Jack Rose of Dallas.

The body was found last night in a shallow grave on the shore of Kentucky Lake near here. Officers began searching for Rose's body about a week ago when two men accused each other of shooting their one-time friend.

Sheriff Ray Lewis said an inquest determined that the cause of death was unknown but that the man "was killed by human hands."

He said Jim Corbett, 33, of Dallas, who was brought here by Jacksonville, Fla., police, led authorities to the crude grave.

Jacksonville police reported earlier that Corbett and Frederick E. Miller, a 24-year-old ex-convict from Syracuse, N. Y., had told officers that Rose was shot in Dallas, the body put in Rose's automobile and brought here.

Decapitated Body Of Man Is Found

DALLAS, Sept. 15. (AP)—The decapitated body of James Otto Meyers, 32, of Dallas, was found early today on the Missouri-Kansas-Texas tracks south of Carrollton.

Deputy Sheriff Howard Miller said a .38 caliber pistol was found near the body with one bullet discharged. Miller said there appeared to be a bullet wound in the head.

Justice of the Peace W. E. Richburg ordered an autopsy.

Richburg said there appeared to be powder burns on the head.

Crewmen of a northbound freight train first saw the body and notified the sheriff's department.

The identity was established through papers in a billfold and through relatives.

Real Estate Firms Apologize To Yanks Over Cemeteries

BRUSSELS, Sept. 13. (AP)—Two real estate firms which demanded the evacuation of an American war cemetery have apologized, the U. S. Embassy says.

The two firms recently served a legal process requiring that the cemetery at Neuville-En-Condros, near Namur, be evacuated "within eight days." The cemetery contains 12,000 American war dead.

The summons caused such a storm of indignation in Belgium that two government inquiries were ordered after representatives of the corporations were alleged to have refused to apologize.

A Belgian government spokesman said at the time the government might expropriate the land in order to make sure that American military government authorities remain in undisputed possession of the cemetery.

SAVE \$4.00 with the New MERTOX

• Make Your MEDICINE DOLLAR do the WORK of \$5.00

Get the NEW Mertox. Add a quart of water and you have a quart of medicine for a dollar.

Full directions on each package. Now better health for less money.

- Mertox goes to work quickly to overcome the torturing pains of rheumatism.
- It tones the bowels into a more rhythmic action. Excess waste matter that may have been in your system over a long period of time, causing many days, weeks and months of misery.
- Gas and bloot, indigestion, sour stomach are quickly relieved.
- Kidney and bladder troubles are helped so that the annoying, broken rest from having to get up frequently at night is lessened.
- Dizziness and run-down feeling is overcome quickly so that you feel, look and act like a different person.
- Helps to build rich, red blood—creates a better appetite so that you have a real zest for food.

Mertox may be taken by every member of the family. It contains no narcotics, opiates or calomel and will not make you sick, gripe, or nauseate you in the slightest degree.

Here is the way you save \$4.00 with the NEW Mertox package:

The 8-ounce bottle of liquid Mertox (or any other 8-ounce bottle) — \$1.25
4 bottles cost you (4—8-oz. bottles 1 qt.) — \$5.00
1 package of the NEW Mertox (makes 1 qt.) — 1.00

YOU SAVE \$4.00

Just a few minutes' work. Simply add the contents of the NEW Mertox package to a quart of water. Take according to directions.

Be patient. All wholesale drug houses in Texas have been stocked with the NEW Mertox. Your favorite drug store can get the NEW Mertox quickly from his wholesale house. You will probably find some drug stores sold out of their initial supply. Be patient until he can get in a new supply.

Coolies Carry Rich To Resorts In India

Mussoorie, India, Sept. 19 (AP)—Slender little coolies with over-developed legs—ragged, underpaid and poorly fed—are the heroes of this story of life in a resort for the wealthy.

Without them—and the scores of donkeys who provide the rest of the transport facilities—the little city of Mussoorie could not survive as a refuge for the heat sufferer.

Perched 6,800 feet above sea level in the foothills of the towering Himalayas, Mussoorie bans all motor vehicles because the slopes are too dangerous. Vehicular traffic stops a mile outside that city's steel gates. Supplies and travelers are transported mostly by coolie-power from that point.

In 100 pound packs on the backs of deceptively frail looking bearers are carried most of the food, fuel, and other supplies needed to sustain a city of several thousand. Donkeys carry the rest.

The traveler rides a rickshaw over slopes so steep it takes two men in front and three in the rear to propel it. Where the slopes are even steeper, the passenger transfers to a sort of land-going boat called a dandi (it rhymes with candy). Looking much like an eskimo kayak, this boat-like contraption is slung from the shoulders of four sure-footed bearers.

The coolie suspends his 100-pound load from a strap across the forehead that deposits most of the weight upon his back and bunched legs. He is limited by law to a wage equal to 12 cents (American) per hour. Legally it can cost no more than \$1.25 for three hours to hire the five rickshaw pullers who will transport two passengers. It costs a little less for a team of dandi bearers.

While the populace of New Delhi, 175 miles to the south, fries in 115 degrees heat, the resorter at Mussoorie sleeps comfortably under blankets. Rumors have it that the town may become the summer capital of India.

Tiny Flowers And Insects Cast In Gold

AUCKLAND, New Zealand, Sept. 16, (AP)—A retired Auckland dentist, C. E. Clark, says he has been reproducing flowers and insects in gold for 15 years.

Clark has a secret trick in working with gold, silver, and aluminum. He works on the principle of gold inlay modelling in dentistry.

First, he says, he places the flower or insect in a mould of plaster of paris and marble dust encased in a steel cylinder. Then he removes the flower, but keeps the mould intact. How he does this through a hole the size of a pin head is his big secret.

With the flower removed Charles comes to his second stage of moulding. He puts some gold in the depression at the top of the mould, melts it with a blow torch. Then he presses a wet asbestos pad on the molten gold. This creates steam, and its pressure forces the gold through the tiny hole into the mould.

Clark first tried his method in reproducing a centipede. The result was a golden centipede. Even the hair-like antennae were faithfully cast.

He is proudest of a sprig of golden elderberry leaves, as thin as tissue paper. A sprig of English nettle moulded in aluminum has spikes so tiny that they can be seen only under a magnifying glass.

SHOVEL and HOE

A Garden Column by Virginia Scott. Presented by the Big Spring Garden Club.

This is the month for planting Narcissus and the minor bulbs such as Grape Hyacinths, Scillas and Crocus. Madonna Lilies should have been planted when dug, but if they have been in cold storage they are not damaged. Philippine and Regal Lilies may be planted.

Good growing conditions are essential for success with any plant. Bulbs are no exception. It is true that they store their energy within themselves, but they must have good soil, moisture, drainage and food for best development.

When Narcissus bulbs are to be naturalized, it is well to destroy weeds then broadcast four pounds of good fertilizer per 100 square feet of planting area. Special directions may be found on plant food package. Plant bulbs from four to six inches deep then seed the plot with a pasture type grass seed.

Narcissus grown in beds or borders are always pretty. The soil should be spaded to a depth of twelve inches. Rotted manure may be placed in bottom of the bed if a two inch layer of soil is laid between the manure and the bulbs.

Four to five pounds of 5-10-5 fertilizer per 100 square feet can be mixed into the soil. Be sure that your bulbs do not come in contact with manure.

In naturalizing any kind of bulbs, it is well to avoid planting under shallow-rooted trees which rob the bulbs of moisture. Oak and Birch are deep-rooted. Bulbs are very attractive when planted around natural rock formations. The shading afforded by trees is especially good for the red-cupped varieties of Narcissus.

Pansies and Violas are also pretty when used in a wooded section. They do not bloom as long as they do in sunny beds, but they are so dainty for a while that it is not wasteful to try a few.

HARDY ANNUALS AND LAWNS
If it is not too hot and dry, Hardy Annual seeds such as Poppy Larkspur, and Cornflower can be planted in prepared beds. In the Deep South, half-hardy annuals like Candytuft, Calendula, and Gypsophila may be broadcast.

Now lawns can be made in the Mid and Upper-South this month. Five pounds of grass seed per one thousand square feet are recommended. Soil should be well rolled after planting. Winter Rye Grass can be planted on Bermuda lawns.

SEE THESE ROSES
Here are some good varieties that you may wish to try this fall. They may be blooming now in nurseries and gardens. Taffeta, semi-double, rose shades; Pinkie, miniature in clusters; San Fernando, red; Nocturne, dark red, fragrant; Diamond Jubilee, deep apricot-pink.

Meat, Milk Boycott For Cedar Rapids

CEDAR RAPIDS, Ia., Sept. 16. (AP)—A group of housewives voted last night to launch a citywide meat and milk boycott but their M-day is a "deep, dark secret."

Mrs. Mervin Myers, at whose home representatives of several

auxiliaries met, said final plans would be laid at a Sept. 23 mass meeting.

Birds are internally air-conditioned, with every wing beat they empty heated air from the air sacs that are attached to their lungs and replace it by new, cool air.

British Students Plan Debate Tour

BRISTOL, England (AP)—Two British students are setting out in October on a 10,000 mile trip which will take them from coast to coast in the United States debating at American universities. They are

James Anthony Cox, 24-year-old ex-marine and son of a Bristol lawyer and Reginald Galer, historian of Birmingham University.

The tour, arranged by the English speaking Union and the Institute of International Education in the United States, calls for 23 debates, mostly in political subjects

at the Universities of California, Oregon, Washington, Wyoming, Nebraska, Iowa, Kansas, Oklahoma, Indiana and Ohio.

Birds are very well insulated in their dense plumage and have no sweat glands.

Central Ward P-TA Discusses Its Project

Plans for the project for the year were discussed at the first meeting of the Central Ward Parent-Teacher Association Wednesday afternoon.

It was decided that the unit would purchase a set of aldes and the holder for the primary grades.

Mrs. J. E. Parks gave the devotional on "Need For Christian Homes".

Resignation of Mrs. Albert McGeehee as vice-president and Mrs. Roy Tidwell as secretary were accepted. Mrs. Al Coffman was elected as vice-president and Mrs. L. E. Hutchings, secretary.

New chairmen were introduced by the president, Mrs. Alton Underwood and new teachers, by E. B. Blackburn, Jr.

Attending were Mrs. A. C. Latson, Mrs. Arthur Caywood, Mrs. L. A. Webb, Mrs. J. S. Parks, Mrs.

Harry J. King, Mrs. Elvis McCary, Mrs. Olen L. Puckett, Mrs. M. F. Summar, Mrs. W. A. Graham, Mrs. T. M. Lawton, Mrs. Elmo Phillips, Mrs. Harold Parks, Mrs. M. T. Peters.

Mrs. Erwin Daniel, Mrs. Ocie Henson, Mrs. Chester Cluck, Mrs. H. L. Derrick, Mrs. A. B. Brown, Mrs. F. H. Kinkley, Mrs. J. E. Duggan, Mrs. Roy Odom, Mrs. T. A. Stephens, Mrs. Jimmie Mason, Grace Mann, Katherine Adams, E. B. Blackburn, Jr., Mrs. R. M. Parks, Mrs. W. H. Bain, Mrs. J. C. Harmon.

Mrs. Douglas Boyd, Mrs. Sam Bloom, Mrs. E. A. Turner, Mrs. A. J. Brinkoeter, Mrs. Al Coffman, Mrs. Paul Holden, Martha Hall, Mrs. James Wilcox, Mrs. L. E. Hutchings, Mrs. Roy Tidwell, Ruth Burnam, Mrs. Ray McMahan and Mrs. Alton Underwood.

Stanton Pep Squad Elects Officers

STANTON, Sept. 16 (Sp)—Jo Anne Jones was elected Monday as president of the Stanton High school pep squad. Betty Carroll Bennett is vice-president.

Other officers are Patsy Kelly, secretary-treasurer, and Leslie Jean Tom, reporter. Pep leaders are Sarah Standefer, Anita Shankle, and Betty Burchett. First appearance of the pep squad will be Sept. 17 at Coahoma.

The Stanton Parent-Teachers association had its first meeting of the fall Sept. 14.

Mr. and Mrs. Morris Zimmerman are spending a few days in Austin this week.

Going to San Angelo Sunday were Mr. and Mrs. William Henson and son, Guy, and George Peters.

Mr. and Mrs. Jack Jones took their daughter, Belle, to Canyon Sunday. She is a student at WTSU there.

Mr. and Ms. Finley Rhodes accompanied their daughter, Frances, to Lubbock Sunday. She is entering Texas Tech for the fall.

Ms. Dewitt Sneed and son, Debo, Mrs. Jim Kelly and her grand-daughter, left Tuesday for Austin where Debo will enter Texas university. The others were to go on to Corpus Christi.

Mrs. Zetta Hoeff and son, Edwin, of Fort Stockton, spent Sunday with her brother, R. A. Bennett, here.

Mrs. Clayton Burnam entertained her Sunday school class with a barbecue dinner at the Stanton city park Tuesday night.

Mr. and Mrs. Frank Free of Abilene visited recently with Mr. and Mrs. John Atchison.

Ada Arnold Discusses State Democratic Meeting at Auxiliary

Mrs. Ada Arnold spoke to members of the Ladies Auxiliary of the B of L F & E Wednesday evening on the Democratic state convention held recently in Fort Worth. Mrs. Arnold attended the convention.

In business matters full reports were heard on the railroad brotherhood barbecue and dance Tuesday evening.

Appointed to the refreshment committee for the next meeting were Edna Casey, Ann Pearce and Evelyn Anderson.

Attending were Leah Brooks, Alice Mims, Ada Arnold, Minnie Gill, Rebecca McGinnis, Helen Gill, Irene Parks, Theresa Anderson, Billie Anderson, Stella Johnson, Ann Pearce, Gladys Davis, Corinne Cunningham, Gladys Slusser, Annie Wilson, Louise Cunningham, Marva Louise Williams, Evelyn Anderson, Willie Pyle, Ina Richardson, Sarah Griffith, Jewel Williams, Minnie Skalkicy, Edna Casey and Beatie Power.

Is Shower Honoree Mrs. Charles Dickson

A gift tea at the S. R. Nobles home Wednesday evening complimented Mrs. Charles Dickson. Entertaining were Mrs. Nobles, Mrs. C. O. Bledsoe and Mrs. Hack Wright.

Mrs. Wright was at the refreshment table. A large bouquet of pink dahlias was set in a crystal bowl and flanked by single candelabra holding white tapers at the buffet. Centerpiece for the dining table was a white bird surrounded by pink roses. Double candelabra holding pink and white tapers were at either side.

Mrs. Bledsoe displayed gifts. Approximately 25 persons called during the tea hours, 8 to 9:30 p. m.

Events OF THE COMING WEEK

FRIDAY

Lakeview P-TA Has Its First Meeting

The Lakeview School Parent-Teacher Association convened Tuesday evening at the school.

New officers and committees were named. The organization consists of the following committees, executive, social, program, membership, budget and finance, room representatives, school lunch room, hospitaliry, and parliamentary procedure.

All parents are urged to attend the sessions.

Mrs. Fred Roman, Mrs. Curtis Hill and sons, and Mrs. E. L. Roman and Judy visited Thursday with Mr. and Mrs. E. L. Roman's parents, Mr. and Mrs. Jack Curry of Tahoka.

J. F. Airhart, Mrs. Elsie Smith, Mrs. Hershel Smith and son, Oliver, visited Thursday with their sisters and other relatives in Spur.

Mr. and Mrs. Harrison Woods and Brinda have returned from El Paso where they were called to the bedside of her father, who is ill.

Sorority Will Sponsor Local Variety Show

A variety show employing local people in its cast—"Fun For You"—will be presented at the municipal auditorium in Big Spring Sept. 23 and 24 under auspices of the Delta Omicron chapter of the Beta Sigma Phi.

Proceeds from the show, the sorority has announced, will go toward financing a mobile tuberculosis unit.

There will be ten scenes in the show, casting for which is start-impersonations of such radio programs as the Quiz Kids, singing commercials, Barn Dance and Grand Ole Opry. Dr. I. Q. Tom Brennan's show, and the patriotic Treasury Star Parade.

The presentation is built for variety and comedy, and will dwell heavily on audience participation. Those attending "Fun For You" will have opportunity to compete for cash and merchandise awards.

Special costumed choruses will add color and glamor to the show. Tickets for the two evening programs and being made available, and may be obtained from Mrs. Mattie Bell Tompkins (phone 1874) or from several downtown merchants who are cooperating in the show. First ticket for the production has been sold to Mayor G. W. Dabney, who has lauded the charity cause behind the sorority's efforts. "Fun For You" has been presented successfully in a number of cities.

U. S. Official Faces Charges

WASHINGTON, Sept. 16.—Robert C. Alexander, who resigned as Secretary of State Mitchell over the danger of ar-trolling Communists to this country through the United Nations, has been charged with misconduct and neglect of duty.

The State Department has presented the charges in a letter to Alexander, who is assistant chief of the visa division.

Officials said the action is the first of a series of steps which could result in disciplinary action, possibly including dismissal.

Alexander and two other visa division officials testified before Senate Judiciary Committee investigators two months ago that there was a threat to the national security in the admission into the U. S. of aliens from Communist-controlled countries as employees of the United Nations.

Subsequently Secretary of State Marshall told a news conference he knew of no case in which investigation had shown that there was any such threat.

Marshall named a committee of three Washington citizens, however, report presumably lays the basis for some of the charges which the department has formally brought.

Mrs. Keaton Hosts Music Club Meeting

Mrs. H. G. Keaton entertained at her home Wednesday afternoon with an informal tea at the first meeting of the fall for the Music Study club.

Yellow assorted autumn flowers were used in household decorations.

In a business meeting preceding the tea, the club voted to change its setting time from 3 p. m. to 3:30 p. m.

Attending were Mrs. J. F. Neel, Mrs. J. E. Hardesty, Roberts Fay, Mrs. Barnes, Mrs. Pittman, Helen Duley, Velma Griesse, G. T. Hall, C. C. Jones and Mrs. Keaton.

Mrs. Graves Wins High at GM 42 Club Wednesday

Mrs. G. C. Graves won high score at the G M 42 club Wednesday afternoon in the home of Mrs. J. D. Benson.

Mrs. Grace Adams, a guest from Kansas City, Kans., received the low prize.

The next meeting will be with Mrs. George Hall, and will be a covered dish luncheon.

Attending were Mrs. George Hall, Mrs. Tom Rosson, Mrs. Wyatt Easton, Mrs. Graves, Mrs. R. D. Ulrey, Mrs. George Dabney and Mrs. Adams.

Mrs. E. W. York Hosts Palette Club In Her Home

Mrs. E. W. York was hostess Wednesday afternoon to the Palette club which met at her home. Sewing was entertainment.

Mrs. C. C. Aaron will be next hostess.

Present were Mrs. N. L. Kirby, Mrs. I. W. King, Mrs. L. P. Trammell, Mrs. Polly Smith, Mrs. F. D. Williams, Mrs. C. C. Aaron and Mrs. L. W. Grice.

Recent visitors in the D. F. Bigony home were Bigony's parents, Mr. and Mrs. W. M. Bigony of Commerce, and Mr. and Mrs. Ira Bigony and daughters, Ariene and Joan of Corsicana. The group made a trip to Carlsbad Caverns.

Hyderabad Case Is Before U. N.

PARIS, Sept. 16. (AP)—The United Nations Security Council voted 8 to 0 today to look into the war situation in Hyderabad. China, Soviet Russia and the Ukraine abstained in the vote placing the Indian invasion of the princely state on the agenda.

The council met in the Pal de Chaillot.

Hyderabad is seeking a cease-fire order, withdrawal of Indian troops and mediation by the UN.

Sir A. Ramaswami Mudaliar, representing India, told the press his country contends "this is strictly a domestic affair" and is outside the province of the council because Hyderabad is not a sovereign state.

A Chinese motion to defer action on the agenda until Monday was defeated by 10 abstentions against China's single affirmative vote.

Change of Life?

Are you going through the functional "middle age" period peculiar to women (38 to 52 yrs.)? Does this make you suffer from hot flashes, feel nervous, high-strung, tired? Try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic tonic effect!

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drug store and ask for 4 ounces of liquid Barcoferrate. Pour this into a quart bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle takes two tablespoonfuls twice a day, you'll lose bulky fat and help regain slender, more graceful curves! If you lose pounds and inches of excess fat, don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, but return the empty bottle for your money back.

Lost 47 Pounds
"When I commenced to take Barcoferrate, I weighed 212 pounds. I now weigh 165. I lost 47 pounds on the first two bottles. I feel so much better after losing that weight. I think it is a wonderful medicine and thanks to Barcoferrate."—Mrs. George Young, Chambers County 4, Apr. 1, Austin, Texas.

Lost 20 Pounds
"I lost 20 pounds taking four bottles of Barcoferrate and I feel fine."—E. H. Gibson, 213 21st Street, Corpus Christi, Texas.

MacARTHUR MAKES CHARGE

Red Spokesman Denies Japanese Being Used As Slave Laborers In The Soviet

TOKYO, Sept. 16. — A Russian spokesman denied today the charge of Gen MacArthur's headquarters that Japanese prisoners of war are being used as slave labor by the Soviets.

N. I. Generalov, political adviser to the Russian mission to Tokyo, was quoted by the leftist newspaper, Nimpo, as saying there was "no profit" to Russia in keeping the prisoners.

"It increases expenses, the newspaper quoted him further.

MacArthur's headquarters on Sept. 8 accused the Russians of using Japanese war prisoners as slave labor to build air fields and to bolster the Russian war potential.

Mimpo, quoted Generalov, as he talked with a delegation of 12 Japanese Communists, attributed this further statement to the Russian:

"I shall not go out of my way to deny these reports. A solution can be reached at once if repatriates are asked if forced labor exists."

Only Japanese permitted by the Russians have been repatriated. MacArthur says some 500,000 of them are still held in Russia. Some of the repatriates have complained of their treatment by the Russians. Others have praised the Soviets.

Generalov told the Japanese that the repatriation issue is being used for Anti-Soviet anti-Communist propaganda.

The Japanese delegation called on Generalov to discuss repatriation and the seething Japanese labor problem.

Mimpo said Generalov explained that the Russian attitude on the ban of strikes and collective bargaining by government workers "had not changed." The Russians charged that the ban violated the Potsdam declaration and Far Eastern Commission policies. The Russians have insisted that the ban be revoked.

Hedy Lamarr Picks Up Divorce Decree Three Months Late

LOS ANGELES, Sept. 16. — Two months late, Actress Hedy Lamarr has picked up the final divorce decree from her third husband, John Loder.

Hedy got her interlocutory decree July 17, 1947. Her lawyer said, however, there was no particular reason for the delay in obtaining the final yesterday.

Hedy, 33, charged that the 48-year-old Loder became completely indifferent to her. She received custody of their three children and \$300 monthly support. Fritz Mandl, Austrian munitions maker, and Gene Markey, film writer, were Hedy's other husbands.

SCHOOLING PHASE WILL BE DROPPED

TOKYO, Sept. 16. — Municipal authorities this summer rounded up Tokyo's street urchins, taught them to swim and put them on an island off the waterfront.

Today six of them used their new found knowledge: They swam away from the island to freedom.

Said one city official:

"We will have to reconsider swimming next summer."

The Communist delegates, the newspaper said, told Generalov that Japanese police were interfering with workers—as the Russians charged in the allied council—and that the government was pursuing "Fascist trends."

"Keep bringing us these reports," Generalov told them. "We want to continue extending our efforts for you, the workers of Japan."

ITALIAN COLONY DISPUTE

Reds Blast Allied Aims At Conference

MOSCOW, Sept. 16. — Pravda, Communist Party newspaper, said today "Anglo-American colonizers exposed themselves" at the big four meeting on Italy's prewar colonies this week in Paris.

The article said that in the refusal by the British and Americans to consider new Soviet proposals, "the people of the world received the possibility once again to convince themselves what are the intentions of the advocates of the imperialist world." It accused the Western Powers of "doing everything in their power to postpone a decision on the Italian colonies."

"It is by no means by chance," the Pravda article said, "that during the long night session of Sept. 14 and 15, representatives of France, England, and the United States stubbornly resisted a proposal by the Soviet delegation that the conference appeal in the name of the four governments to the secretary-general of the United Nations with a request to include the question of the fate of the Italian colonies in the order-of-the-day at the third session of the general assembly of the United Nations opening Sept. 21."

(The colonial question was referred to the United Nations, without the Italian Peace Treaty.)

The article claimed that when Andrei Y. Vishinsky, deputy Soviet foreign minister, introduced the new Russian proposal for United Nations trusteeship over the former Italian colonies, "a confused silence reigned around the conference table" and that (U. S. Ambassador Lewis W. "Douglas" demanded an intermission in the session.

Pravda added it was possible to sympathize with Douglas "for he had to find an argument to refute proposals made not long ago by his own government."

Big Spring (Texas) Herald, Thura., Sept. 16, 1948 5

Hugh Herbert, Wife May Get Divorce

LOS ANGELES, Sept. 16. — After 28 years of marriage Movie Comedian Hugh Herbert and his wife, Rose, have separated and one of them may institute divorce proceedings soon.

Abram Robert Simon, attorney for the 61-year-old actor, said negotiations were under way for a property settlement. Mrs. Herbert, he said, is in Fort Worth, having gone there last year. The Herberts have no children.

Victim Identified

MOCKSVILLE, N. C., Sept. 16. — One of two truck drivers killed in a head-on collision near here has been identified by the highway patrol as Tommie Thornhill of Whitewright, Tex.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 million tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function prevents you from sleeping, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Chisox Could Spoil Boston Hope In AL

Leaders Have Fared Poorly In Windy City

By the Associated Press
The Boston Red Sox inability to hold their own with the cellar-dwelling White Sox in Chicago this year could cost them the American League pennant.

Murdered in Boston's Fenway Park where they dropped 10 of 11 games, the White Sox have whipped the league leaders in 7 of 11 games at home. Ted Lyons' crew yesterday added insult to injury, by handing Joe McCarthy's outfit its worst beating of the season. The White Sox exploded for ten runs in the seventh inning to blitz the Red Sox, 17-10.

The defeat melted Boston's margin over the runner-up New York Yankees to a game and a half. The third place Cleveland Indians who like the Yanks were idle also picked up a half game and they now trail by three and one-half games.

Taft Wright was the big noise in the White Sox rally. The veteran outfielder went to bat twice in the big seventh inning and drove in five runs, four of them on a grand slam homer which climaxed the uprising. Thirteen White Sox went to bat against Dave Ferris and Earl Caldwell.

Despite the savage attack against Ferris and Caldwell, starting Pitcher Jack Kramer, winner of 16 games, was charged with the loss, his fifth. Kramer was shelled from the hill in the third when the White Sox tallied four times to take a 4-1 lead.

The only bright spot as far as Boston was concerned was the hitting of Ted Williams. Williams collected five single in six trips to boost his league-leading batting mark to .377.

While the White Sox upset the Red Sox, Chicago's other last place entry in the majors, the Cubs, continued to act as "outsiders" for the National League's pennant bound Boston Braves.

The Braves aided by four errors, clipped the Cubs, 5-2, in their final meeting of the season. The triumph was their 16th over the Cubs in 22 outings this season.

Lefty Warren Spahn scattered nine Chicago hits in winning his 14th game of the year. The Braves for four runs in the first six innings.

Philadelphia, 2-0, while the Dodgers split a twin bill with the Cincinnati Reds. After the Reds edged the Dodgers, 3-2, in the opener behind the six hit pitching of Howie Fox, Brooklyn grabbed the nightcap, 2-1 as Lefty Preacher Roe spun a seven hitter for his tenth victory.

Big George Mungler straggled the Phils under the lights at Philadelphia on three hits as the Cards blanked the Phils for the second straight night. Harry Brecheen shut out the Quakers on three blows Tuesday evening.

Stan Musial, with two singles and a triple, led the Card's eight hit attack against Rookie Robin Roberts.

In the other American League games, the Detroit Tigers beat the Washington Senators, 4-2, and the Philadelphia Athletics nipped the Browns, 8-7, in 12 innings in a night game at St. Louis.

Rookie Lou Kretlow, signed by the Tigers for \$35,000 in 1946, scattered nine Washington hits in his first major league start of the season. The loss extended Washington's losing streak to 15 games, its longest in modern American League history.

Ferris Fain doubted home Eddie Joost with the payoff run in Philadelphia's victory. Dick Fowler went the distance for the A's to rack up his 15th triumph. Gerry Priddy sent the game into extra innings with a homer in the ninth for St. Louis. Rookie Hank Arritt poled a three-run four-bagger for the Browns in the seventh.

Entries Posted For Cycle Races

Advance entries indicate that a huge field of competitors will go to the post here Sunday for motorcycle races sponsored by the Big Spring Cycle club, officials reported this morning.

Well known riders from Amarillo, Lubbock, Wichita Falls and Waco already have signed for the event, and a flock of others from throughout the Southwest are expected. Also, several nationally known performers who competed at Peoria, Ill., have indicated that they will invade this section and participate in the competition here.

Members of the Big Spring Cycle club were feted at a barbecue Wednesday night at Moss Creek lake by Tootie Witt.

Those attending were Jack Ewing, Garner Thixton, Bobby Wilks, Bill Henley, Millie Jackson, Tootie Witt, Jettie Witt, Juanita Witt, Joe Rogers, Helen Witt, Jack Stubbs, Moon Mullins, Mr. and Mrs. Cecil Thixton and Elliott Yell.

City Bowling Association Plans To Organize Winter Leagues Here

The Big Spring Bowling association will make plans for leagues to function here during the fall and winter at a meeting scheduled for 8 o'clock tonight in the Settles hotel.

Six teams have already completed their respective rosters for the Men's classic loop, and indications are that at least two more circuits will be organized in the near future, spokesmen for the association said.

The Men's Classic group is the oldest established organization of its kind in the city. The city association also will elect officers and adopt rules, regulations and by-laws for all local leagues.

Co., G. G. Runyan; Nathan's Jewelers, J. D. Robertson; Club Cafe, J. Petroff, J. J. LaBleu, Coeden distributor, will captain his own aggregation.

The Farwell Construction Co. also has completed organization of a team, but the roster has not been announced. All local bowlers have been invited to attend tonight's session at the Settles.

will be facing a rugged test in Odessa, always a power in class AA ranks.

Brackenridge, which last year won the state championship when there was no division between conferences, will clash with an Abilene eleven that beat a highly-regarded Breckenridge team last week. Brackenridge was showing it would be about as strong as usual with a 20-7 trimming of Austin.

Other stand-out games over the state this week-end have Corpus Christi at North Dallas, Corsicans at Forest (Dallas), San Angelo at Lubbock, Denison at Wichita Falls, Denton at Gainesville, Kerrville at Brownwood and Austin at Waco.

Cash Balance Is \$11,309.20 For Big Spring

Big Spring's general fund had a cash balance of \$11,309.20 at the close of business on Aug. 31, according to the city secretary's monthly report.

Revenue for the month, however, amounted to \$3,882.88 less than expenditures, due chiefly to a decline in water consumption. Distribution records showed \$7,600.100 gallons of water metered during the month, a decrease of 11,573,000 from July and 2,231,300 from Aug. 1947.

Water and sewer bills for August amounted to \$3,131.77 less than those of July. Principal revenue surces for the month included \$31,100.5 for water, sewer and garbage service; \$1,175.84 for occupation taxes; \$1,866.50 for fines and court costs; \$1,371.52 for the gas franchise. Transfers from other funds amounted to \$10,000.

Harley Sadler Stage Show Here Next Week

West Texas' famed showman, Harley Sadler, heads up an organization currently offering a repertory of plays in a tent theatre, and his McKennon stage show comes to Big Spring for a week's stand beginning Monday night. The tent theatre will be located on the Read showgrounds on West Third.

In addition to presentation of popular plays, the nightly programs will have specialty acts, including Turnip Green and his Stardust Ranch boys and girls. Dude and Gerrie Little Giner, and the dancing Allens.

The opening night will be special ladies' night, and an amateur night is scheduled. Plays on the schedule include "Toby is Called to Washington," "Sainted Hypocrites and Honest Sinners," "Ten Nights in A Barroom," "Jesse James," "She Could Not Mary Three," "Turn to the Right" and "The Haunted Hour."

The week's engagement is under local sponsorship of the American Legion.

Then they scrambled into a refrigerated van for a trip to their hotel. "I am going to get into a tub of cold water as soon as I get there," declared Mrs. Gray, a native of Kotzebue, Alaska.

Horne said he would take the girls with him to Dallas, Houston, Tyler, Mission, San Antonio and Midland to pick up his winnings.

Horne said that when he was in Flathead he called Dallas to place some baseball bets and wound up by wagering he could bring Eskimos and a penguin to Texas.

He said he has bets with bookies, oil men, and real estate operators. Horne said they amount to more than \$20,000. Associates said \$100,000 would be a more accurate figure.

All the women were wearing modern clothing. "His Blatchford, who was born at Golovin in Alaska's far north, was wearing a parka when the plane landed, but she quickly shed it to reveal an up-to-date dress."

Pravda Says Reports Red Planes Fly Over Bornholm Nonsense

MOSCOW, Sept. 16. (AP) — Pravda described as "nonsense" today recent reports that Russian planes had flown over the Danish island of Bornholm.

A dispatch from Tass, the Soviet news agency, said Soviet planes were training in the Southern Baltic, but kept outside of Denmark's territorial waters. They kept at least 15 miles away from Bornholm the dispatch said.

Two Die In Wreck West Of Seminole

LUBBOCK, Sept. 16. (AP) — Two men were fatally injured late last night when a panel truck overturned several times nine miles west of Seminole.

Weldon Oscar Elliott, 25, who lived near Rising Star, was killed almost instantly. The other, Harold Eldon Thomas, 21, of Hobbs, N. M., and Oklahoma, died at 7 o'clock this morning.

HE COULDN'T WIN NO MATTER WHAT

MANILA, Sept. 16. (AP) — Postmaster Andres Abella of Cebu had an intricate problem.

He ran out of one cent stamps but he had plenty of two cent stamps. The problem was whether to sell two cent stamps for one cent or force people who needed only one cent stamps to buy two cent stamps.

Abella solved his problem; he cut the stamps in half.

He lost his job.

Longhorns Hold Busy Sessions Wednesday

The Big Spring High school Steers, who play their first game before the homefolks tomorrow, put in a busy afternoon on the practice field Wednesday and then recessed for some two hours before reporting back to the field house to study their plan of attack in classroom fashion.

The Cisco Lobes, who oppose the Longhorns in the home opener, have experienced their lean years and are rated somewhat short of the "power" class this year. However, the visitors will parade a squad that is liberally sprinkled with veterans on the local turf, a fact that has caused Coach Mule Stockton and his staff no little concern.

The field session Wednesday afternoon was devoted chiefly to work in plays. Some general mix-ups on assignments were costly in the Brownwood game, and Stockton has been concentrating on a program of improvement in that department all week.

Blame for such a condition cannot be placed entirely upon the boys, however, as the coaches readily admit. Changes which have sent linemen and totally inexperienced men into the backfield in an effort to strengthen the front line attack have given some of the boys little opportunity to learn plays from any certain position.

The fact that a majority of the time during earlier drills was consumed by work on fundamentals, also has constituted a handicap. Such a procedure was necessary because experience was manager, which required that the coaches build from the ground. Time simply did not permit any early work on finer points of the game.

Apparently the entire squad is in good physical condition, however, which may give Stockton a chance to begin applying some polish in the near future. To date injuries have been few, except for the usual bruises. All but two are expected to be in good shape for Friday night's encounter. The exceptions

are Don Williams, tackle, and Kelly Lawrence, back, who both sustained some cracked ribs in the Brownwood game. Both probably will see plenty of action Friday night, however.

Others who are figured as front-runners at the present time are Aubrey Armstead and Culin Grigsby, ends; Billy Cunningham and Billy Van Pelt, guards; Kimbell Guthrie, center; Richard Laswell, Paul Fortenberry and Lee Axtens, tackles; Arless Davis, Virgil Roundtree, Ben Boadie and Donnie Carter, backs. Several others may be dispatched to the fray Friday night but 11 men from that list probably will draw starting assignments.

FOREST HILLS, N. Y., Sept. 16. — It was California against the world today in the men's singles division of the National Tennis Championship.

Five days of play had chopped an original field of 91 to nine survivors—seven from California and two from foreign countries.

The last of the seeded Easterners, Davis Cup Star Gardner Mulloy of Miami, Fla., and Vic Selixas of Philadelphia, were pushed to the sidelines yesterday in a continuing progression of upsets.

Two quarterfinal matches on today's schedule sent Harry Likas, of San Francisco against Herbie Flam of Beverly Hills, Calif., and Earl Cochell of San Francisco against Eric Sturgess of South Africa.

Top-seeded Frankie Parker of Los Angeles and Richard (Pancho) Gonzales, 20-year-old Los Angeles youngster, reached the quarterfinals against each other but will not play until tomorrow.

Flam, 19-year-old former junior champion, kept his hopes alive yesterday with a stirring exhibition that blasted Mulloy out of the tournament, 6-4, 7-5, 2-6, 4-6, 6-3.

Likas, 24-year-old national intercollegiate title holder, took out the best of five seeded Australians, Davis Cup Captain Adrian Quist, 6-2, 6-3, 4-6, 6-4.

Grapple Show Plans Complete

THE MASK

The Big Spring Athletic Club has moved its regular wrestling program up to Saturday in order to present one of America's outstanding figures in the field of sport.

That would be Jack Dempsey, former world's heavyweight boxing champion, who will appear as the third man in the ring for the two Saturday night bouts. Pat O'Dowdy, the local wrestling promoter, lined up an appearance here for the former KO specialist as soon as he heard that Dempsey would be making a tour through this section of the state.

Chances are that Dempsey will not steal all of the thunder, however. O'Dowdy has booked a grapple foursome that should enliven proceedings considerably. Of particular interest will be the return of the Masked Marvel, who will challenge George Curtis in the main event. The opener, which brings on an argument between Rod Fenton and Rex Mobley, could be just as interesting.

Texas Loop Teams Change Sites Today

The Texas League play-off shifted locations today with Tulsa boasting a two-nothing lead over Houston and Ft. Worth and Shreveport all-square.

Tulsa whipped Houston 5-3 last night to put the Buffs in a hole but they'll have the chance to dig out in three games scheduled at home starting tonight.

Ft. Worth and Shreveport hooked up in the second 11-inning battle with the Cats winning this one 4-3. Shreveport had taken the opener 1-0.

Houston planned to use little Pete Mazar, a 15-game winner, in an effort to get back into the series while Tulsa will call on Bud Byerly, who has a 10-7 record.

As Fort Worth and Shreveport rolled into Shreveport to resume the series, the Cats called on Ed Chandler (12-13) to oppose Garth Mann, who has won 10 while losing 16 this season, or Warren Hacker, with a 16-14 record.

Kim Avrea and Mike Schultz turned in strong relief pitching in the ninth to shut off a determined Houston rally as the Oilers put the Buffs two-down. Avrea fanned two and Schultz the third after the Buffs had sent Harry Perkowski, the league-leading pitcher, to the showers with four straight hits and a couple of runs. Perkowski had allowed only six hits until the last-frame flare-up.

Ebble Flint's two-run homer in the sixth provided Tulsa's ultimate winning margin.

Pitcher Dwan Sloat scored the winning run for Fort Worth as a force play at second base went wrong. Sloat had doubled and was on second with George Smees on first through a base on balls. Walt Flala grounded to third baseman Vern Petty who threw to Al Mazur at second but the latter stumbled and fell wide of the bag. Smees was safe and Sloat rounded third and beat Mazur's throw to the plate by inches.

A total of 13,810 saw the two games last night with 7,925 at Fort Worth.

Coahoma Host To Buffaloes

COAHOMA, Sept. 16 — Coahoma will entertain the Stanton Buffaloes here Friday night in the second home game of the season for the Bulldogs.

The Stanton aggregation will be performing for the first time this year.

A spirited contest is in prospect following Coahoma's 12-0 victory over Wiley here last Friday night in the season's opener. That outing was the first 11-man game ever played by the locals, and the Bulldog attack showed surprising strength.

Although their power has not been tested this season, the Buffaloes are expected to field a sharp aggregation. Their line-up probably will include some five men who won letters in 1947 and several other experienced squadmen.

Also for pleasure and low through with a Y-B. You're a winner every time because Y-B Cigarettes come from the most famous tobacco that comes from only the best Puerto Rican plantations. Try a Y-B today. BUY AND BUY Y-B'S

LOOKING 'EM OVER

With TOMMY HART
By WACIL McNAIR
For Tommy Hart

How's this for a complex situation: The Big Spring Steers might muster some power if they had enough candidates for positions in the line, but the chief scarcity of material has been in the backfield. Such a condition arose when Coach Mule Stockton surveyed his squad and found only one man who had ever performed in the secondary. That prompted some changes which moved some of the more promising forwards to the ball carrying department. In view of the small number on the squad, it goes without saying that any problems solved by such shifts created others. When equipment was issued for training, Virgil Roundtree, a 149-pound lad who carried the ball some last season on the "B" team was the only man on deck who had ever performed in a backfield. It was then that such candidates as Arless Davis, Donnie Carter and Kelly Lawrence were transferred from the forward wall. Latest addition is Ben Boadie, who was pulled out of a guard slot last Monday. Stockton hopes Boadie will develop into what he is looking for in the way of a blocking back.

Add to that list the name of Amos Jones, a tackle who will be on the sidelines for another month and a half, and you can get some idea of the problem. Jones, who was counted on to fill a tackle post, underwent surgery recently.

MORE MEN REPORT AFTER SCHOOL OPENING

Some new additions to the squad since the opening of school have served to elevate hopes, however. One welcome newcomer is Lee Axtens, a 165-pound Junior who seems inclined to win a place at tackle. Although he has no previous experience, Axtens is regarded as a bright prospect. Howard Washburn, a back who also was eliminated temporarily by a trip to the hospital, may be back in uniform in about 10 days. His return will bring some experience to the secondary.

CISCO TO START AT LEAST SEVEN VETERANS

Starting line-up of the Cisco Lobes, who meet the Steers here Friday night, probably will include at least seven men who won letters last season. Most experienced is Robert Rendall who has won three numerals at guard. Coach John Hansard apparently has made some shifts also, however, because Rendall is listed as the first-string fullback this year. All others on the Lobo first string have either won letters or been on the squad for two years or more, with exception of Norman Boggs, 182-pound tackle.

COLEMAN ACCUSED OF DOCTORING BASEBALLS

Merle Coleman, the Odessa baseball manager, has been accused of roughing balls with emery in the Midland-Odessa game last Sunday. Tanner Laine, the Midland sportswriter, reported that umpires took several of the balls and pocketed them to use as evidence when they filed a report on the incident. It seems that they failed to locate and seize any, however.

CITY HOPES TO BOLSTER MOSS LAKE FISH POPULATION

City officials are investigating possibilities of purchasing fish from commercial hatcheries to help re-stock Moss Lake. For the past two years they have used as many as state hatcheries would supply, but the fish population at the lake appears to be dwindling. Incidentally, crapple have been biting consistently at the city reservoir, for the past few weeks, although most of them have been small.

Coast Netters Dominate Play

FOREST HILLS, N. Y., Sept. 16. — It was California against the world today in the men's singles division of the National Tennis Championship.

Five days of play had chopped an original field of 91 to nine survivors—seven from California and two from foreign countries.

The last of the seeded Easterners, Davis Cup Star Gardner Mulloy of Miami, Fla., and Vic Selixas of Philadelphia, were pushed to the sidelines yesterday in a continuing progression of upsets.

Two quarterfinal matches on today's schedule sent Harry Likas, of San Francisco against Herbie Flam of Beverly Hills, Calif., and Earl Cochell of San Francisco against Eric Sturgess of South Africa.

Top-seeded Frankie Parker of Los Angeles and Richard (Pancho) Gonzales, 20-year-old Los Angeles youngster, reached the quarterfinals against each other but will not play until tomorrow.

Flam, 19-year-old former junior champion, kept his hopes alive yesterday with a stirring exhibition that blasted Mulloy out of the tournament, 6-4, 7-5, 2-6, 4-6, 6-3.

Likas, 24-year-old national intercollegiate title holder, took out the best of five seeded Australians, Davis Cup Captain Adrian Quist, 6-2, 6-3, 4-6, 6-4.

Governor Sides With Federals

ATLANTA, Sept. 16. — Georgia's governor, M. E. Thompson, sided with Georgia's doves today. He jumped into the controversy between the U. S. Wildlife Service and the Georgia Game and Fish Commission over the dove hunting season by declaring:

"I think it is absurd for any Georgia board to pass regulations in conflict with federal laws."

The chief executive of this deep South state referred to the 11-man constitutional board which fixes the rules governing hunting and fishing.

The board fixed the season for shooting mourning doves for North Georgia from Sept. 15 to Sept. 20 and from Dec. 15 to Jan. 31. The federal agency set the season from Dec. 15 to Jan. 21.

"I hope the board will meet and immediately rescind its action," Gov. Thompson said, adding he had unsuccessfully tried to communicate with board chairman Guy Rutland.

Neither could the governor find the state agency, who has said Georgia hunters could shoot doves beginning yesterday. The U. S. unit retaliated by moving in.

Burglary Charges Filed At Texarkana

TEXARKANA, Sept. 16. — Charges of burglarizing Red Bank Community homes near here were filed yesterday against two Texarkana negroes.

They were Prater Willis, whom officers said is an ex-convict, and Bessie Hill.

Deputy Sheriff J. Frank Riley of Bowie County said Willis offered him \$4,730 for his freedom, pulling 47 \$100 bills from beneath a rug in the house.

Ackerly To Meet Bobcats Friday

ACKERLY, Sept. 16.—Coach K. J. Baggett takes his Ackerly Eagle gridders to Union on Friday afternoon where they will do battle with that community's Bobcats.

The Eagles, who boast a squad, of veterans will be favored to cop the decision.

Returning lettermen on the Eagle squad include Gerald Rogers, Pete McKee, Darrell Crass, Pitman Lauderdale, Gale Batson, L. D. Seely, Waymon Etheredge, Clint Lauderdale, Dick White and James Billingsley.

EVEN DEMOCRACY DOESN'T HELP

OSAKA, Japan, Sept. 16. — Mrs. Hisao Hashimoto tried twice today to break a thousand-year old ban on women climbing the sacred Buddhist mountain of Nara Omine.

But each time irate men forced her down before she realized the top.

Ancient monks barred women as unclean from the mountain centuries ago.

Said Mrs. Hashimoto: "I can't understand how in this day of democracy they do not grant equal rights to women. I believe, however, the time is coming when women will be able to climb this mountain openly."

Jeered the men: "Even democracy does not make women clean."

No 'Contender' For Louis' Title

PHILADELPHIA, Sept. 16. — The National Boxing Association said today there is no "logical contender" for Joe Louis' heavyweight title.

Following its usual custom in rating fighters the NBA divided each weight division into four groups—champion, logical contenders, outstanding boxers and honorable mention.

At least one logical contender was listed in every division except the heavyweights. Among the heavies, the NBA named Jersey Joe Walcott, Ezzard Charles, Joe Bakst and Lee Lavold as outstanding boxers.

Although Louis has until Dec. 25 to officially notify the NBA whether he'll retire, Abe J. Greene, who yesterday was named to the newly created position of commission of boxing, said the association shortly will announce plans to provide either a new champion or a logical contender for the bout next Tuesday at Jersey City between Walcott and Gus Lesnevich will play an important part in the plans of the NBA to develop a possible successor to Louis. Lesnevich was rated as the logical contender for the light heavyweight title, stripped from him by Freddie Mills of England during the summer.

The normal temperature of most birds is between 104 and 108 degrees.

MEN! FEEL YOUNG AGAIN

Have the passing years left you tired and uninterested in the joys of life? Do you feel old at 40, 50 or more? Don't let the feeling of advancing years make you discouraged. You may once more enjoy the joys of living as you did in former years. Reclaim the pleasure of youth. Go to your druggist and ask for a bottle of Caltron Tablets. Take as long as you feel you need them. You will be amazed at the difference it will make in your entire outlook on life. Women too find Caltron beneficial. Get Caltron from your druggist at the new reduced price.

Taft Charges Defiance Of Law By Labor Pushed By Truman

CINCINNATI, Sept. 16. (AP)—President Truman has encouraged the International Typographical Union, AFL, engaged in the open defiance of the laws of the United States, now engaged in by some of the Taft labeled labor bosses, "merely an attempt to curb Robert A. Taft (R-Ohio) declared today in favor of the labor bosses yesterday.

BRIDE WORE SLACKS

Wealthy Hitchcock, Coal Miner's Daughter Elope

FOLKSTON, Ga., Sept. 16. (AP)—The last legal barrier to the wedding was removed Tuesday at West Palm Beach, Fla., when circuit Judge C. E. Chillingworth granted a divorce decree to Mrs. Marie Grammer Hitchcock, the groom's second wife, on her counter suit. Hitchcock, however, still faces the possibility of a perjury investigation directed by the court at the time the decree was entered. The question raised was whether Hitchcock had perjured herself in obtaining a Florida marriage license by saying he was divorced.

Visual Education Class Is Possible

Homer Milliken of the Texas Tech extension department will meet here Monday night with teachers interested in joining a class on visual education. The session is scheduled for 8 p. m. Monday at the Howard County Junior college library. Several teachers in this area requested such a class last year, and organization will be made immediately if current interest justifies the course.

Bicycle Boom

LONDON (AP)—The biggest bicycling boom in Britain's history is now under way. The Cyclist Touring Club reported it has new members coming at the rate of 500 to 600 each month, and its membership has risen from 3,000 to 47,000 in the past year. An official of the C. T. C. said shortage of money, higher railway fares and "queues for almost everything" at coastal resorts are responsible for the new generation of cyclists who want the C. T. C. to arrange for them cheap, open air holidays. The C. T. C., which plans cycling tours for its members, either singly or in parties, hopes to have 80,000 members by 1950.

Fined \$100, Costs On Charge Of DWI

On a plea of guilty to a charge of driving while intoxicated, James Henry Watkins, Negro, was fined \$100 and costs by County Judge Walton Morrison Wednesday afternoon. Watkins' license was suspended for six months. On file on the county court docket was a charge of driving while license was suspended against Eulis Bolton. Charges of driving while intoxicated have been filed against Terrell Walter Keen, Jr., and Pauline Runyon.

Weather Forecast

RIO SPRING AND VICINITY: Fair this afternoon, tonight and Friday. Warmer this afternoon. Not much change in temperature Friday. High today 81, low tonight 67, high tomorrow 82. Highest temperature this date, 101 in 1911; lowest this date, 48 in 1925; maximum rainfall this date, 3.18 in 1918. WEST TEXAS: Partly cloudy this afternoon, tonight and Friday. Not much change in temperatures. EAST TEXAS: Partly cloudy this afternoon, tonight and Friday. Widely scattered showers in southeast and extreme south portions. Fresh to occasionally strong north-easterly and east winds on upper coast and moderate north and northeast winds on middle and lower coast.

LEGAL NOTICE

THE STATE OF TEXAS: JOYCE PRYOR, GREENING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 60 days from the date of issuance of this Citation, the same being Monday the 11th day of October, A. D., 1948, at or before 10 o'clock A. M. before the Honorable District Court of Howard County, at the Court House in Big Spring, Texas. Said plaintiff's petition was filed on the 20th day of May, 1948. The file number of said suit being No. 8713. The names of the parties in said suit are: J. H. PRYOR as Plaintiff, and JOYCE PRYOR as Defendant. The nature of said suit being substantially as follows, to wit: Plaintiff is an actual bona fide inhabitant of the State of Texas and has been a resident of Howard County for more than six months. Plaintiff and Defendant married Dec. 10, 1946, and separated May 3, 1948, because the course of conduct of the Defendant was of such a cruel nature as to render Plaintiff living with her further unbearable and impossible. Plaintiff prays for a divorce and restoration of the Defendant's former name of Joyce Norrel. If this Citation is not served within 60 days after the date of its issuance, it shall be returned unserved. Dated this 25th day of August, A. D., 1948. Given under my hand and seal of said Court, at office in Big Spring, Tex., this 25th day of August, A. D., 1948. GEORGE G. CHOLATE, CLERK, District Court, Howard County, Texas. (SEAL)

and National Labor Relations Board officials last July 28, in a statement that said in part: "During the 10 minutes I was present at the meeting, I made a general statement relating to the importance of prompt action in cases of this kind if the prosecuting division of the board found that the facts justified it. I urged that there be no delay simply because of Mr. Denham's (Robert Denham, NLRB general counsel) absence, which might be prolonged because of his illness. I did not purport to pass on the facts in the case, except to say that the publishers seemed to me to have made out a prima facie case.

"Of course, I have a special interest in the enforcement of the national labor relation act, as a chairman of the labor committee and as a member of the special committee to study the enforcement of the act. "The President in his letter says that he does not expect to interfere in the internal affairs of the National Labor Relations Board. If he finds that any branch of the executive department is failing to do its statutory or constitutional duty, it is not only his right but his duty to call them to task for such failure.

"The truth is that President Truman, by the veto message accepted so largely from the Communist Sympathizer Lee Pressman, and by other public statements, has encouraged the open defiance of the law not engaged in by some of the more radical labor bosses."

Markets

LOCAL MARKETS No. 2 Milo \$2.00 cwt. FOB Big Spring. Kafir and mixed grains \$1.95 cwt. Eggs candled at 50 cents dozen. Cash market: sour cream, 75 cents lb; fresh 60 cents lb; butter 28 cents lb; roosters 18 cents lb. COTTON NEW YORK, Sept. 16. (AP)— Noon cotton prices were 30 cents a bale lower to 18 cents higher than the previous close. Oct. 31-35, Dec. 30-33 and March 30-75. LIVESTOCK PORT WORTH, Sept. 16. (AP)— Cattle 1,800; calves 1,000; trade slow; cows and slaughter calves steady to 50 cents lower; other classes unchanged; common to medium steers and yearlings 18.00-27.00; medium to good cows 18.00-21.00; canner, quarter and common cows 11.00-18.00; bulls 16.00-22.00; good and choice fat calves 24.00-28.00; common to medium calves 19.00-23.00; culls 16.00-18.00; stocker steers and yearlings mostly 19.00-25.00; few steer calves and yearlings upwards to 27.00; stocker cows 15.00-20.00. Hogs 700; trade active; butcher hogs and sows 25-30 above Wednesday; stocker pigs steady; top 29.50; odd head to 29.75; most good and choice 190-240 lbs butchers 29.25; good 185-240 lbs. and 250-325 lbs. 27.50-29.00; sows 22.00-24.00; stocker pigs 22.00-27.00. Sheep 4,000; slaughter ewes weak to 50 lower; slaughter lambs strong; other classes poorly tested; good and choice slaughter spring lambs 25.50; medium grades downward to 23.50; common and medium yearlings 18.00-19.00; common to medium slaughter ewes 8.50-9.50; culls 8.00; feeder lambs 21.50 down. WALL STREET NEW YORK, Sept. 16. (AP)— Trading on the stock exchange was measured in dribs and drabs as prices moved irregularly. Changes in either direction were in small fractions. For a few minutes the aircraft shares appeared to be establishing some healthy plus marks, but they soon quieted down to the same narrow range of the general list. Some saw an influence coming from the London market which was featured at the opening by firmness of aircraft shares as the government carried out plans for stepped up production. The almost routine character of the stock market this week indicated it was a professional trading affair dominated by caution over potential international changes.

AIR FORCE GROUND CREWMEN ARRIVE IN ENGLAND — U. S. Air Force ground crewmen line the rails of their transport as the ship moors at Liverpool, England. Two army transports brought 2,500 men to service Super Fortresses based in Britain and transport planes of the Berlin airlift. (AP Wirephoto).

NO KISSING IN TWO YEARS

LOS ANGELES, Sept. 16. (AP) Mrs. Lorraine Rubin, two years without a kiss she says from her husband, has her divorce today. Mrs. Rubin, 32, won a bitterly contested suit with testimony that Dr. J. Salgm Rubin, 48, a urologist, maintained kissing was unsanitary—but spent considerable time with an attractive baby sitter. After studying the suit six weeks, Superior Judge Otto Emmet ruled in favor of Mrs. Rubin and gave her custody of the two sons, the family home, \$27,000 worth of community property and \$700 a month support.

Nine Youth Week Events Established

Nine events have been established definitely for Big Spring's "Salute To Youth" which will be conducted next week, committee officials announced this morning. Solicitation of entries for the doll style show for girls will begin tomorrow, and youngsters may begin signing for participation in other features immediately. The doll style show will be held from 7 p. m. to 9 p. m. Thursday at the Settles under sponsorship of the High Heel Slipper club. Members of the sponsoring organization will visit elementary schools tomorrow to announce rules and receive entries. The show will be divided into three divisions. Other features for the week will include a speakers contest, to be broadcast over KBST from 4:40 p. m. to 4:45 p. m. on Tuesday, Wednesday and Thursday; a bicycle race sponsored by the Salvation Army; a ping-pong tournament at the YMCA; a bicycle parade; a "youth in government" day. The observance will begin officially with a youth day in churches of the city on Sunday. The Ritz theatre will show a free movie to youngsters at 9 a. m. Saturday at which time announcements of the various activities will be made. The observance will close with an amateur program Friday night at the High school gymnasium. GREEK ARMY BACKED ATHENS, Sept. 16. (AP)—High military sources said that today the Greek Army has pulled back along the southern side of the Vital Triangle in the face of a strong Communist counter-attack.

Parade Marks Latin Fiesta

Local observance of Mexico's Independence Day was to continue at 3:30 p. m. today with a parade through the business section of Big Spring. The procession was to start at the Kate Morrison school and reach the south side of town over the Gregg street viaduct. Route designated for the line of march was Gregg street to Third, then east to Runnels, north Second and west back to Gregg. Coronation of Elvira Puga, Independence Day queen selected by local Latin-American citizens highlighted ceremonies Wednesday night. Mayor G. W. Dabney officiated at the coronation, which was followed by patriotic ceremonies and dances. The queen and her court were to appear in the parade this afternoon.

HOW TO STAY PALS WITH YOUR CONSCIENCE!

(IN 1 EASY LESSON)

- 1. EVALUATION! "Ah, woe is me! Here I am—getting no younger and have never saved enough to put in your eye! By golly, I'm going to get smart and start salting something away."
- 2. TEMPTATION! "Gosh, I sure could use one of those. I could charge it and pay for part of it later... out off saving for a month or two."
- 3. ILLUMINATION! "Nuts to that stuff! You've put off saving long enough. If you don't start now, you may never get around to it! Now look here..."

4. INSPIRATION! "Buy U.S. Savings Bonds! Sign up for the Payroll Savings Plan. Then, every 8 dollars you save will be worth 4 dollars in ten years... and you can't help saving!"

5. FELICITATION! "Hot dog, I feel better already Now, no matter how I spend the rest of my dough, I'll be saving, regularly... every single payday."

Bonds are the safest, best investment you can make, too!

a. If you're on a regular payroll, your money can be put away for you... every payday... in bonds on the Payroll Savings Plan! b. If you're not on a regular payroll, your bank can purchase bonds for you every month... out of your checking account... on the Bond-A-Month Plan!

AUTOMATIC SAVING IS SURE SAVING — U.S. SAVINGS BONDS

LITTLE TRANSATLANTIC TRAVELER — Eight-months-old Roelina Sykens looks curiously from her sleeping basket after her arrival by plane from Holland with her parents, Mr. and Mrs. Home Sykens, enroute to live in Grand Rapids, Mich., where Mr. Sykens is to work on a dairy farm. (AP Wirephoto).

SOIL CONSERVATION

Meet Is Scheduled At Hillger Ranch For New Prospects

Farmers who are interested in a coordinated soil and water conservation program in cooperation with the Martin-Howard Soil Conservation District will meet Thursday at 8:00 p. m. at the ranch of Mrs. C. R. Hillger twelve miles northwest of Garden City, G. R. Hillger, Jr. announced this week.

At the meeting the district conservation program will be discussed and plans made for working together in planning and applying conservation measures on their farm and range land. Assistance will be furnished to the group by the Soil Conservation Service.

Steve Calverley, Jr., rancher co-operator with the district in the Garden City soil conservation ranch group has arranged for a tour of his 4-section ranch east of Garden City Thursday afternoon at 2:00 p. m. for ranchers in the group. On the tour the ranchers will observe the different kinds of grasses growing on sites in fair to good condition, the relative production of forage of the different sites and effects of drought on the range.

Clipping studies made last week on the Joe B. Calverley ranch 8 miles northwest of Garden City showed that drought cut the production of forage on good condition range in half last year. Areas clipped in April 1947 were growing around 4,000 pounds of green grass per acre. The same areas produced only 1960 pounds per acre this year. The clipping studies were made on side oats grama and buffalo grass which had not been grazed.

Location for construction of a 4,000-cubic yard stock tank has been made on the B. and J. Fisher ranch three miles south of Big Spring. Boring tests were made by the SCS to see if the soil was suitable for building the tank. When constructed the tank will furnish a better water supply for the livestock and protect the range by giving better distribution of grazing.

A. E. Merworth has 12 acres of Abruzzi rye coming up on his farm in the North Big Spring Soil Conservation group. Merworth, who made out a conservation plan on his farm last week, planted the rye on a "blowed out" area of sandy land for a cover crop to control blowing. He plans to plant about 80 acres of rye cover crop in strips on his feed stubble this fall and rotate the strips each year. Leaving feed stubble and planting cover crops are only two of the measures which Merworth plans in his coordinated soil and water conservation program.

District supervisors approved two plans at their regular meeting in Stanton last week. The plans approved were on the farm of T. E. Stovall in the Creek soil conservation group and the ranch of Donald Lay east of Coahoma. Also approved at the meeting were applications for assistance on the farms of A. E. Merworth and Edwin G. Schwarz.

Potomac Beetles Are Bass Fare

HAGERSTOWN, Md. (AP) — The Japanese beetle, whose life in the U. S. is made pleasant by an often-bemoaned lack of natural enemies, has found a deadly foe in the Potomac.

Fishermen here reported that Potomac bass are gorging themselves on the pests falling into the stream from trees alongside it. At least one local angler, Roy Hurd, said he had been using beetle bait with success.

Autopsies on captured bass performed by other fishermen curious to find out why the fish weren't striking well have disclosed bellies full of beetles. Which might give a clue to Japanese beetle control strategists. All they have to do now, it seems, is to find a way to get the beetles into bass-filled rivers or bass into beetle-filled trees.

General Showers Slow Field Work

AUSTIN, Sept. (AP) — General rains over Texas the past week slowed field work but the extra moisture and lower temperatures benefitted growing crops and pastures.

The low rolling plains, the southern high plains and some northern and northeastern areas remained dry, the United States Department of Agriculture said today in its weekly crop and weather report.

Showers interrupted the cotton harvest in Northeast and East Central Texas, and general rains halted the harvest in southeastern counties.

Grain sorghums were reported heading out well and making excellent growth in the Northern Panhandle area. The corn harvest remained active in northcentral counties but was stopped by rains elsewhere.

The rains in South Texas greatly improved prospects in all fall and winter vegetable areas, the USDA said.

Fall range and pasture feed prospects improved over southern, coastal and most plateau counties. More showers are needed over the northern half of Texas. Range feed was good in northern plains counties and in upper coastal and some southcentral counties, but was short in most other areas.

The volume of cattle and calf marketing was small for this season while the volume of marketing shorn goats from the plateau was unusually heavy.

FIELD DANCING CAUSES DISPUTE

MIKAMO, Japan, Sept. 15. (AP) — Police tried to stop farm boys and girls from dancing in the fields.

"It is indecent," said the cops, "for young folk to clasp each other in their arms in the open like that."

One youth retorted that policemen "have heads as tight as stones."

The issue was taken before the police chief, who said: "If the couple close their eyes and hug each other it is but natural they should get excited. It is dangerous."

In any age," they chorused, "the pioneers must follow a thorny path."

NOTICE

WE HAVE PLENTY OF STORAGE SPACE FOR GOVERNMENT GRAIN

The Storage Situation over the state is very.. critical, but fortunately we have ample storage room due to the help of our city and county officials.

WE HAVE A GOOD STOCK OF WHEAT, RYE AND BARLEY SEED.

The First National Bank has been authorized as the lending agency for those who have the warehouse receipt on government grain and necessary papers from the AAA office.

New Cosden Station Will Open Today

Cosden Petroleum Corp. is announcing the opening Thursday of its newest service station in Big Spring.

John C. Thomas is to be lessee for the new unit, which is just completed at the corner of State and Eleventh Place. It is conveniently located to serve the southeastern quarter of the city, no matter which route residents are taking to and from town.

Latest type equipment is employed in the new station, along with modern lines in design, including curved corners with glass brick.

In addition to Cosden's higher octane gasolines, Thomas also will offer other products handled by Cosden outlets, and will provide expert washing and lubrication service. Some youngsters who visit the station on the opening day will be given a bicycle.

Angelina Dam Funds Sought

WASHINGTON, Sept. 16.—Funds to start work next year on the proposed \$40 million McGee Bend Dam on the Angelina River in East Texas are being sought, Rep. Pickett (D-Tex.) said today.

A member of the House Public Works Subcommittee on Waterways Improvements, Pickett is here for a round of conferences with Army engineers and Budget Bureau officials.

"Congress won't be considering these matters for several months yet," commented the Texan, "but I want to put in some spare work early for a number of projects in the Southwest."

"I hope information I can furnish the Army engineers and the budget officials will convince them of the justification for funds to begin work next year on the McGee Bend Dam."

McGee Bend Dam was authorized by Congress in 1945 and is part of a comprehensive flood control and water conservation program for the Neches-Angelina River watershed.

Last session funds were provided for work on the so-called DaDm B. project on the river below the confluence of the two streams.

When completed, the McGee Bend Reservoir of 4 million acre feet capacity would be the largest lake wholly within the State of Texas, said Pickett. It would be about 25 miles southeast of Nacogdoches and spread over parts of four counties—Nacogdoches, Angelina, Jasper and San Augustine.

HEADQUARTERS IN BIG SPRING

John B. Moore New Telephone Manager

The growing importance of the Big Spring telephone exchange was recognized this week by the Southwestern Bell Telephone Company in the appointment of a full-time manager for the office here.

Herb Fox, district manager of the company, announced the appointment, effective September 15, of John B. Moore, as manager of the Big Spring exchange. Telephone affairs here formerly were handled by manager D. N. Gaither, whose office was in Midland.

In addition to Big Spring, Moore will also have supervision over telephone affairs in seven other exchanges in this area, Fox said. These will be Seminole, Stanton, Fort Stockton, Crane, McCamey, Iraan and Rankin. Moore's headquarters will be in Big Spring.

Moore comes here from Fort Worth, where he has been employed by the telephone company since 1948. He has held the positions of business representative and communications engineer in that city.

The new manager spent most of his life in Fort Worth, receiving his education there. He is a graduate of North Texas Agricultural college, having finished his work there in 1941 and volunteered soon afterward for service in the navy air corps. He took flight training and took part as a bomber pilot in several major campaigns in the Pacific during the war. He was attached to Patrol Bomber Squadron 106, flying four-engine bombers. In connection with his service he was awarded the American theatre ribbon, Asiatic-Pacific ribbon with two battle stars, the Philippines Liberation ribbon, the Air Medal with four gold stars, and the Distinguished Flying Cross. He left the service with the rank of lieutenant, senior grade.

Moore is married, and he and Mrs. Moore will make their home here as soon as they can find a place. They have no children.

Cigarette Found
BERWICK, England (AP)—A conspicuous sign in all tobacco shops says, "No cigarettes," but sometimes there are some under the counter. So the talents of Robert Beasley's dog are extremely useful in these days of tobacco famine. He has learned to "retrieve" cigarettes, going right back of the counter to forage. Beasley is smoking regularly.

Police Have Busy Month
August was one of the busiest months of the year for city policemen according to the regular report of Chief Pete Green.

Listed were 214 arrests which accounted for fine assessments in corporation court totalling \$3,463.50. Twenty-three prisoners were transferred to other authorities.

Some of the heaviest fines involved traffic infractions. One person was fined \$100 on a charge of reckless driving, while two others drew similar assessments on charges of failure to stop at the scene of an accident. Another subject charged with drunkenness and resisting arrest, also was fined \$100.

Of the total assessment, \$1,850.50 was paid, \$1,452 was laid out, \$75 was appealed to county court, \$50 was suspended and \$161 was pending at the end of the month. Fifty-two parking tickets were issued to cars from out of the county and 556 issued to Howard county vehicles. Of the Howard county group, 307 were paid, 40 excused and 209 were pending, while 18 from out of the county paid, seven were excused and 27 were pending.

Synthetic Food Seen In Future

WASHINGTON, Sept. 16. (AP)—People 100 years from now may be munching food made out of wood and seaweed—or even food produced without growing any plants at all.

That's what Dr. Farrington Daniels, University of Wisconsin chemist, told a meeting of scientists today.

The energy of the sun, he related to the American Association for the Advancement of Science, can be used to produce a wide variety of foods and fuels from unsuspected sources.

Dr. Daniels found that "comforting," in the light of current "unequal distribution among the nations of the world due to war and political short sightedness."

These are some of the things he foresees: Fuel alcohol from wood and corn stalks, sugar from seaweed, motor fuel from a combination of carbon monoxide and hydrogen obtained from waste products.

It may even be possible, he said, to produce food by placing carbon dioxide and water in shallow tanks and setting the mout in the sun. No living plants would be involved in the process.

"We must learn," he said, "how to use our rich heritage of sunlight more efficiently so that we can be prepared against such catastrophes as war, over-population, exhaustion of oil and coal, or the return of the glaciers."

COLE BROS. COMING

Circus Pageantry To Return Saturday

If a circus is for kids, then everybody turns into a child for the day when the circus arrives. The blare of the band, the daring aerialists, the performing elephants and the frolicsome clowns—all appeal to any and every age.

Coming Big Spring's way Saturday for afternoon and night performances will be Cole Bros. Huge Combined Circus, second largest in the world, whose trains roll in for unloading early in the morning, and whose big tents will go up out at the air field.

Performances are at 2:15 and 8 p. m. Tickets may be had in advance at Anthony's and at Cunningham & Phillips No. 1.

Among the outstanding features to be shown, and a favorite with the children will be three herds of ponderous elephants, with trunks full of new tricks, presented under the personal direction of Eugene Scott, assisted by three beautiful ladies of the circus, putting the pachyderms through their spectacular "Ballet of the Elephants."

And for lovers of horses, Capt. John Smith will stage a boxing match between "Easter Cloud" and "Easter Boy." This is a new and novel display aimed to capture the hearts of even the most blasé circus fan.

To add variety to the circus, Cole Bros. introduces an "all American Wild West Show," a congress of real cowboys and cowgirls from Texas, Arizona and the Powder River Country, augmented by a troupe of famed cowgirls from "down under," Australian lassies, famous for their rope spinning and whip-cracking.

For side-splitting laughter Cole Bros. has an army of clowns, fifty of the most Joeys from every clown alley in the world to entertain circus patrons. These funsters not only have their own routines but participate in the magnificent spectacle, "Ponce de Leon," which opens the performances. It is said to be the last word in circus pageantry with hundreds of animals and over 356 arctic stars and other performers. Florence Tennyson, noted opera star, and a ballet of beautiful girls are featured in the display.

Cooky Season Is Here Again With The Coming Of Lunch Boxes

By CECILY BROWNSTONE
Associated Press Food Editor

The cooky season has opened officially now that lunch boxes have to be packed again and cooky jars filled to satisfy after-school appetites. The following recipes tuck good nutrition in along with delicious flavor and fine texture. Rolled oats, molasses, dates—are some help to make the cookies nutritious. Helpful, too, these recipes for moderate budgets.

There's extra good news for mothers of young cooky-salers in the way these cookies are made. Quick-mix and one-bowl methods for cakes inspired a friend of mine, head of a large test kitchen, and she saw no reason why these short-cut mixing ways shouldn't be applied to cookies. I had been having the same ideas so that I was delighted to try her recipes and to pass them on to you. No need to do laborious creaming of shortening and sugar and separate beating of eggs when you use these rules—all the ingredients go into one bowl and one good beating does the trick.

Picture here is a delicious Date Oatmeal Cooky made by the following recipe:

Date Oatmeal Cookies
1 cup sifted enriched flour
1/2 teaspoon baking powder
1/2 teaspoon salt
1 teaspoon cinnamon
1/4 teaspoon cloves
1 cup firmly packed brown sugar
1/2 cup shortening (at room temperature)
1 egg
1 1/2 cups quick-cooking rolled oats
1/2 cup chopped dates.

Sift together flour, baking soda, salt, cinnamon and cloves into mixing bowl. Add brown sugar, shortening (it must be at room temperature), egg and milk. Beat with electric mixer at medium speed for 2 minutes, or by hand with large wooden spoon until smooth and well blended. Fold in rolled oats and dates. Using a round-bowled measuring tablespoon take up a tablespoon of the mixture and level it

off against the side of the mixing bowl; turn out onto greased baking sheet with a small spatula or knife. Leave at least an inch between each cooky for spreading. If thin crisp cookies are desired spread slightly with spatula or knife before baking; if a softer cooky is desired do not spread. Bake in a moderate (350 F.) oven for about 10 to 15 minutes. Remove at once and cool on rack. Makes 3 dozen (36) cookies.

Spicy Molasses Cookies
2 cups sifted enriched flour
1/2 teaspoon baking soda
1 teaspoon salt
1 teaspoon cinnamon
1/4 teaspoon nutmeg
1/2 cup shortening (at room temperature)
1/2 cup firmly packed brown sugar
1 egg
1/2 cup molasses

Sift together 1 1/2 cups of the flour, soda, salt, cinnamon and nutmeg into bowl. Add shortening (at room temperature), sugar, egg and molasses. Beat with electric mixer at medium speed for about 2 minutes, or with large wooden spoon until smooth and well blended. Add remaining one-half cup flour and mix well. Chill dough for at least one-half hour. Roll out to one-quarter-inch thickness on lightly floured board. Cut with floured cooky cutter. Place on greased baking sheet and bake in a moderate (350 F.)

Bicycle Race Draws Interest

Considerable interest has been generated in the bicycle race for boys Tuesday through Thursday in connection with Youth Week observance.

Boys from six to 12 years of age who wish to participate are to register at the Salvation Army youth center Saturday from 9 a. m. to 12 noon.

Capt. Olvy Sheppard said that he hoped to have one elimination Tuesday with five groups, those from six to eight and those from nine, 10, 11 and 12 years of age. A similar elimination is set for Wednesday and the finals would be unreeled on Thursday.

The course will be on three blocks of Ayford from Fourth to Seventh. The time will be 5 p. m. each day.

Cooperating with the program, the city will block cross streets at 5 p. m. each day until the races are over. This means that Fourth, Fifth and Sixth streets will be barricaded from Bell to Douglas.

Prizes will be given winners of the first three places in the finals.

Special Scrambled Eggs For Sunday Morning

Ingredients: 4 eggs (well beaten), 1/2 cup thick sour cream, salt and freshly ground pepper to taste, 1 1/2 tablespoons butter or margarine.

Method: Add the sour cream and salt and pepper (to taste) to the well beaten eggs. Melt the butter or margarine in the top of a double boiler. Pour the egg mixture into the double boiler and cook over hot water, scraping gently from bottom of pan as eggs cook. Serve immediately. Makes 2 or 3 servings.

Spareribs Are Easily Barbecued In A Casserole In The Oven

SPARERIBS FOR DINNER
If your family likes fresh pork spareribs there's an easy and delicious recipe for barbecuing them in a casserole in the oven. Cooked this way, the meat between the

breast and rib bones is tender, flavorful and lean, and there's a rich reddish sauce. The whole dish can be prepared ahead of time, if you like, and reheated just before serving. If you prefer the sauce with less fat, skim it off.

What to serve with these Barbecued Spareribs? Mashed potatoes, of course, as an accompaniment for the good sauce. A succotash of green lima beans and canned whole grain corn, if you like. A plate of lettuce and cucumber strips served plain with just salt and freshly-ground pepper. A simple dessert to finish—fresh fruit or a sherbet.

Oven Barbecued Spareribs: Ingredients: 4 pounds (about) fresh pork spareribs, 1 1/4 cups (about) onion strips, 1/2 cup tomato catchup, 1 tablespoon Worcestershire sauce, 1/2 teaspoon chili powder, 1 cup water. Method: Have the butcher cut the ribs in serving size pieces. Place them in a wide casserole with a tightly fitting cover. Arrange the onion strips over the ribs. Put the catchup, Worcestershire sauce, chili powder and water in a small bowl and mix well; pour over the ribs and onions. Cover the casserole and place in a moderate (350 F.) oven until ribs are tender and browned, and sauce is very thick. If desired, cover may be removed the last 15 or 20 minutes of cooking for extra browning of the ribs. Makes 6 generous servings.

Salvation Army Youth Center's Hours Are Changed

Now that school is in full swing, hours for the Salvation Army youth center are being changed, Capt.

Olvy Sheppard has announced. On week days the hours will be from 3:30 p. m. to 7:30 p. m. The Saturday schedule calls for the center to be open from 9 a. m. to 12 noon.

Next week, said Capt. Sheppard, it is hoped that organization plans can be completed and officers elected by the young people. Regular daily attendance is holding steady between 30 and 40 youths.

Polio Cases Up In Texas

AUSTIN, Sept. 16. (U)—Polio took a slight upward trend in Texas as the past week, 57 cases being reported from 36 counties.

Five counties had their first polio case of the year. These were Blanco, Callahan, Crockett, Grimes and Kerr. Polio has now stricken persons in 146 of the state's 254 counties, the State Health Department reported yesterday.

Texas cases total 1,986, an all-time high for a single year.

Tarrant County reported the most new cases, six, the past week. Harris and El Paso counties had five new patients; Nueces County, three; Baylor, Bexar, Denton, Guadalupe, Hidalgo and Wichita, two each; and Bee, Bell, Brazos, Cameron, Dallas, Deaf Smith, Falls, Fannin, Fort Bend, Gray, Gregg, Hockley, Lamar, McLennan, Midland, Milam, San Patricio, Tom Green, Travis, Victoria and Wharton, one each.

Oklahoma Solon Reveals Marriage

ALTUS, Okla., Sept. 16. (U)—A war-time marriage to a Bavarian nurse has been revealed here by Rep. Preston Peden (D-Okla.).

Peden married Ursula Wendt, a nurse, while he was assigned to military government forces in her home town.

The congressman said he was ordered back to the United States for discharge and to protect Mrs. Peden, who could not be brought out of Bavaria at that time. did not reveal the marriage.

His son was born shortly after his return and he did not see the boy until he returned to Bavaria on his visit as a civilian.

He brought them to the United States 16 months ago and the family has been living at Falls Church, Va. He brought her to his home here about three weeks ago and announced the marriage Tuesday.

Peden was defeated for re-election by former Congressman Victor Wickersham in the July 27 Oklahoma primary. He plans to re-open his law practice here.

School Fire Inspection Shows Need For Safety Bars On Exits

Fire safety conditions in Big Spring's school buildings are, in the main, in top shape, but some improvements need to be made, it is shown in a report made to the city commission by Fire Marshal F. W. Bettle and Fire Chief H. V. Crocker, following an inspection of all school buildings.

In summarizing their findings, the officials pointed principally to the need of panic bars and locks on all exit doors and fire escapes. "We understand these are on order," the report said, "and will be installed as soon as received."

The report concluded: "In general we wish to state that a substantial improvement is noted in the condition of all buildings in the matter of fire hazards as compared to a year ago, and the school management is due commendation for this excellent showing."

By schools, the report found: Administration building—in good shape. Storage room has been cleaned up. Boiler house—contains a considerable amount of rubbish and must be cleaned up. Central Ward—exit doors need panic bars and locks, otherwise in good shape. High school building—water heater in cafeteria should be vented, fire escape door latch in room 304 is in bad order.

Gymnasium—in good shape. South ward—trash and rubbish in boiler room should be removed.

College Heights—remove trash and rubbish from boiler room in basement. East ward—in good shape. West ward—Building in good shape but panic bars and locks needed on exit doors. North ward—same condition as to exit doors. Kate Morrison—same condition as to exit doors. Lakeview—same conditions as to exit doors, toilet rooms in separate buildings should be cleaned.

Problem Of Flying In Arctic Is Licked

WASHINGTON, Sept. 16. (U)—The United States bomber force has licked the problem of operating in the stormy but strategically vital arctic, its chief disclosed yesterday.

Gen. George C. Kenney, boss of the strategic air command, said crews have now learned how to fly B-29s "with high efficiency" in the bitter cold up near the top of the world.

Library Group Polishes Book Review Plans

Friends of the Howard County Free Library association Tuesday polished plans for a book review next Tuesday and joined ranks on the Town Hall movement.

Mrs. B. L. LeFever is to be presented by the association in a book review in a no-charge affair Tuesday at the Settles, with Betty Smith's "Tomorrow Will Be Better" the review piece.

At the request of Mrs. Roland Schwarzenbach, the Friends agreed to sell tickets for the Town Hall series.

Lee Milling and Mrs. Matt Harrington, together with her committee, were named to serve with group, pointing for a showing of Texas artists' works in November.

Mrs. Knox Chadd reported on successful summer children's activities and said that the story hour could not be continued as a regular winter feature. However, there are to be special programs for youngsters during national book week, in October, and at Christmas.

G. E. Gilliam presented the county's library budget for 1949. The document showed \$9,982 revenues, including \$1,800 carried over. Allotments were made for a like amount including 4,200 in salaries of a librarian and assistant, \$1,315 for repairs, shelving, etc., \$400 for stationery and supplies, \$3,800 for books and periodicals and \$400 for bookbinding and freight.

New members announced were Mr. and Mrs. Worth Peeler, Adolph Swartz and Mrs. Edward Straus.

MORE C-54's TO GERMANY

WASHINGTON, Sept. 16. (U)—The Air Force is sending about 40 more C-54 four-engine cargo planes to Germany to reinforce the 105 C-54s flying the airlift to Soviet-locked Berlin.

The planes, going over yesterday, will use expanded airport facilities which have been constructed to handle the task of supplying Berlin.

The Air Force said it will continue to meet such requirements as may be laid down by Gen. Lucius Clay, U. S. military governor.

Food Index Turns Upward Once Again

NEW YORK, Sept. 16. (U)—The Dun & Bradstreet Wholesale Food Index turned upward on Sept. 14 for the first time since the peak of July 13.

The index at \$6.95 on Sept. 14, compared with \$6.86 a week earlier, \$7.12 a year ago and \$7.36 on July 13. The index represents the total cost of a pound of each of 31 foods in general use.

Noted Oil Man Dies In Dallas

DALLAS, Sept. 16. (U)—Funeral services were planned yesterday for William Vanderburgh Lester, who was credited with discovering the world's largest shallow oil pool.

Lester, 69, died at his home here Tuesday after a brief illness.

He was president of the Trico Oil Co. and had been in the oil business since 1914.

It was in 1926, while operating in Brown County in Central Texas that Lester discovered the Fry Pool, for which he became famous. The pool produced 44 gravity oil at a depth of 1,300 feet.

Lester was born in Chicago. He first became an independent oil operator in Kansas and Oklahoma. Two years later, in 1918, he settled in Dallas.

His first operations in this state were in the West Texas fields and in fields around Mexia, Wortham and Powell in Central Texas.

When the East Texas field was brought in, Lester extended his operations into that section.

Before entering the oil business, he was a member of the Chicago Board of Trade and the Chicago Stock Exchange.

Rainbow Girls Name Eva Smith President

Evva Smith will be installed as Worthy Advisor of the Order of the Rainbow Girls Sept. 28. Miss Smith was elected head of the organization Tuesday night at the Masonic Hall.

Vevagene Apple will take office at that time as Worthy Associate Advisor. Other new officers include Joyce Howard, Chantey; Floyce Brown, Hope; Peggy Lamb, Faith; and Jean Robinson, treasurer.

Details were discussed for the Order to keep concessions at the football game Friday evening and to sell programs.

Patsy Maddux will be initiated Sept. 28 as a new member.

Approximately 40 members attended.

Pampa Fire Chief Heads Association

PAMPA, Sept. 16. (U)—The Pampa Firemen's Assn. was headed yesterday by Ernest Winborne, Pampa fire chief.

He was elected at the association's 28th semi-annual convention Tuesday to succeed Clay Floyd of Dalhart.

War Vets In Meet

KIAMESHA LAKE, N. Y., Sept. 16. (U)—The 53rd national encampment of the Jewish war veterans of the United States opened here yesterday.

Quality Tested To Give You PERFECT PASTRY EVERY TIME

It's convenient and simple to add cold milk or water to Aunt Ellen's Pi-Do for baking. And beginner or expert, you get tender, flaky pastry every time. Your baking ease and success lie in our choice of fine ingredients. In Pi-Do the ingredients are "measured" in absolutely accurate proportions by the unique scientific blending of the carefully controlled Pi-Do Process. Then we actually blemish-test Pi-Do to be positive of your baking success. This matchless combination of ingredients and skill leaves little work for you... no guessing, fuss or fuss.

You Simply Can't Fail!

Howard Carries \$167,453 Balance

Howard county still carried a \$167,453 balance at the end of August, although expenses exceeded income by about \$1,800. Of the total amount \$3,084 was set aside for a lateral road program. Another \$16,700 was in bond funds leaving about \$92,700 for operational funds. Receipts for the month totalled \$5,618 of which \$2,377 was in the road and bridge, \$582 in the general and \$2,532 in the officers salary fund.

by funds was as follows: Jury \$2,617 and \$2,681; road and bridge \$2,717 and \$30,992; general \$2,902 and \$12,245; officers salary \$4,979 and \$7,161; permanent improvement \$242 and \$2,404; special road bond none and \$3,088; road and bridge special none and \$3,105; viaduct warrant none and \$889; series of 1945 road bonds, none and \$33,084; interest and sinking of same fund none and \$5,653; lateral road \$4,530; library fund \$205 and \$5,036; road machinery warrants none and \$7,276; total \$17,215 and \$187,453.

A pearl oyster reaches maturity during its fourth year of life. Pearl oysters may live from 12 to 15 years.

FAVORITE Quick MENU SAVORY HASH SEASONED with MEXENE

To increase your family's enthusiasm about hash, season it with MEXENE All-Purpose Seasoning, the secret blend of peppers and spices that gives Austex flavor to all Walker's Austex foods.

IT'S AUSTEX Good!

MEXENE ALL-PURPOSE SEASONING

Raisin Bread Pudding Is Delicious Dessert

Ingredients: 1 1/2 cup raisin bread cubes (about 4 slices raisin bread), 1 egg, 1/4 cup sugar, 1/4 teaspoon vanilla, 1/4 teaspoon salt, 1 1/4 cups steaming hot milk, 4 teaspoons shredded coconut, nutmeg.

Method: Raisin bread cubes should be about 1/2-inch square; crusts not to be removed. Divide cube evenly among 4 small-sized custard cups. Beat egg slightly. Add sugar, vanilla and salt and beat enough to mix well. Add milk (heated until it begins to steam) slowly to egg mixture, stirring vigorously as you do so. Pour over bread cubes in custard cups. Sprinkle each cup with a teaspoon of shredded coconut and dust with nutmeg. Put cups in a pan of very hot water (water should come up as far as possible) and bake in a moderate (375F.) oven for about 45 minutes or until a knife inserted in the center of the pudding comes out clean. Serve with thin cream if desired. Makes 4 servings.

Dabney Proclaims Employ Physically

Two transcriptions heralding the observance of National Employ the Physically Handicapped week are slated to be broadcast over KBST this weekend.

At 3:30 p. m. Friday, "The Case of the Handicapped Hero," a David Harding Counterspy rebroadcast is scheduled, and at 5:15 p. m. Saturday, "Disabled Veterans Make Good" with Capt. Eddie Rickenbacker, Paul H. Griffith, past national commander of the American Legion, and others will be featured.

These are pointing to observance from Oct. 3-9 of the special week. Because the "purpose of NEPH week is to stimulate widest possible interest in employment of handicapped workers and to encourage a more widespread understanding of the problems of the handicapped worker and disabled veterans." Mayor George W. Dabney urged the public to develop attitudes of acceptance of disabled workers and their abilities which most often are of exceptional benefit to employers.

In proclaiming the special week, the Mayor said that "all handicapped persons, including disabled veterans, deserve self-supporting and self-respecting jobs in which they can make useful contributions to our communities, state and nation."

He not only asked all groups and businesses to make special note of the week and the problem, but urged employers to place job orders with the Texas Employment Commission for handicapped workers.

Static originating in the sun has a much shorter wavelength than those received on the ordinary radio set.

Stuffed Tomatoes With Tuna Fish

TUNA-STUFFED TOMATOES

Ingredients: 4 medium-sized tomatoes, salt, one 6-ounce can grated tuna, 1/4 cup finely diced celery, freshly-ground pepper, 2 tablespoons creamy-type salad dressing, 2 teaspoons lemon juice, 2 teaspoons sweet pickle relish, parsley, shredded lettuce.

Method: Wash tomatoes, drain and cut slice off stem end. With small sharp knife cut a large cone-shaped plug out of each tomato. Sprinkle inside of tomato lightly with salt. Turn contents of tuna can into a bowl; add celery, freshly-ground pepper (to taste), salad dressing, lemon juice and pickle relish. Mix thoroughly. Fill a one-quarter cup measure with the tuna mixture, level off and turn out into large tomato hollow; fill remaining tomatoes the same way. Cut through pointed tip end of each cone-shaped tomato "plug" in criss-cross fashion so that there are four openings to garnish. Serve tomatoes on bed of shredded lettuce topped with additional salad dressing if desired.

Stuffed Squash Is Tasty Vegetable

STUFFED ACORN SQUASH (For Two)

Ingredients: 2 medium-sized acorn squash, 3 tablespoons butter or margarine, 2 tablespoons (about) firmly packed brown sugar, salt and freshly-ground pepper (to taste), 1/4 cup salted cracker crumbs.

Method: Wash squash and wipe dry. Put on rack on a moderate (350 F.) oven until soft about an hour. Cut in half so as not to tear or jostle skin. Scrape out seeds and membrane with a tablespoon and discard. Scoop out fleshy inside of squash carefully so as not to break skin and put in mixing bowl. (Reserve 2 of the shells). Add 2 tablespoons butter or margarine and brown sugar (to taste) to squash and mash well. Add salt and freshly-ground pepper to taste. Melt remaining tablespoons of butter or margarine in a small skillet, add cracker crumbs and stir to coat well. Sprinkle top of the squash with the crumbs and reheat in moderate oven or under broiler.

Cream Of Celery Soup Adds Variety To Menus

Ingredients: 1/4 cup finely cut celery (use narrow top stems below leaves), 2 cups water, leaves from 1 bunch celery, 4 tablespoons butter or margarine, 4 tablespoons flour, 2 cups milk, 1/4 teaspoon salt, freshly-ground pepper (to taste).

Method: Put the finely cut celery in the bottom of a medium-sized saucepan and add the water. Now place leaves in saucepan carefully so they will float on top. Bring to a boil and simmer until celery is cooked about 10 minutes. Meanwhile melt butter or margarine, add flour and blend well; remove from range and add milk slowly, stirring until smooth after each addition. Skim out celery leaves from saucepan with a spoon or fork. Add celery and liquid to white sauce along with salt and pepper and mix well. Return to range and stir constantly over moderate heat until soup thickens and boils. Serve hot. Makes 4 servings.

Cereal Cookies Are Tasty For Any Meal

Ingredients: 1 1/2 cup sifted cake flour, 1 teaspoon baking powder, 1/4 teaspoon salt, 1/4 cup shortening, 1 cup firmly packed brown sugar, 1 egg, 1/4 cup ready-to-eat whole bran cereal, 1/4 cup grape-nuts or contents of 1 one-ounce box.

Method: Put cake flour, baking powder and salt into sifter. Cream shortening and sugar until light and fluffy; beat in egg and add to fat-sugar and mix well. Add bran, grape-nuts and other dry ingredients and mix well. Take a level teaspoon of the mixture up and turn out on greased cookie sheet with a spatulate knife, leaving at least 1 1/4 inches between each cookie for spreading during baking. Bake in a hot (425 F.) oven for about 7 to 10 minutes; allow to stand for a second before removing to cookie rack with spatulate knife. If cookies get too crisp to remove easily put back in oven to soften for a second, then remove at once. Makes about 80 thin crisp cookies.

Molded Prune And Cottage Cheese Salad

Ingredients: 1 package lemon-flavored gelatin, 1 cup boiling water, 1/4 cup cold water, 12 pitted stewed prunes, 1/4 to 1 cup creamy cottage cheese, salad greens.

Method: Put lemon-flavored gelatin in a mixing bowl; add boiling water and stir until dissolved. Add cold water and mix. Pour into 6 individual molds or into a shallow square pan. Chill until gelatin begins to thicken. Meanwhile stuff prunes with cottage cheese. When gelatine has thickened somewhat press prunes down into mixture in even rows, so that when the salad is cut into 6 squares each person will have 2 prunes in his serving. If molds are used put prunes in each mold. Chill until firm and serve cut in squares on salad greens. Makes 6 servings.

Steals Ambulance

SYDNER, (U)—A young Sydney-sider, injured in a traffic accident, stole the ambulance that took him to the hospital. The youth, name unknown, drove off while the ambulance driver was looking for a doctor to patch up his cuts and bruises. Police later found the abandoned ambulance. They are still looking for the youth.

FAB with SUPER-WETTING ACTION

washes everything **FASTER, CLEANER, WHITER, BRIGHTER** than any soap... in hardest water!

DIRTIEST WASH GETS CLEANER!

WHITE WASH GETS WHITER!

COLORS BRIGHTER... NO SOAP SCUM!

Newest miracle from Colgate-Palmolive-Peet laboratories! Gets even grimeiest overalls cleaner faster... Rich suds with no soap scum in hardest water!

Super-Wetting Action is a new scientific washing principle that brings you extra dirt-removing power for extra-dirty wash, like overalls and play clothes. When you wash, FAB penetrates materials faster and more thoroughly than soap... pushes dirt out!

FAB with Super-Wetting Action gives rich suds with no "graying" soap scum in hardest water. Washes clothes whiter and cleaner!

New Ingredient Gets White Wash Whiter, Colors Brighter! And FAB leaves no dulling soap scum.

Deaf-Blind To Be Aided

AUSTIN, Sept. 16. (AP)—An intensified effort to locate and help persons who are both deaf and blind was under way in Texas Wednesday.

Mrs. Dorothy Bryan of the American Foundation for the Blind, Inc., and Miss Julia Lawson of the State Commission for the Blind began a tour of six Texas cities where home teachers already are assigned to aid the deaf-blind.

They will spend 16 days with these home teachers, going with them to visit deaf-blind cases and giving them pointers on how to help such persons gain self-reliance and a fuller enjoyment of life.

Mrs. Bryan is director of services for the national foundation's deaf-blind program which she started in 1946. Miss Lawson is supervisor of industries and home teachers with the state commission for the blind.

They know of 40 deaf-blind cases in Texas but believe there is a considerably larger number.

The two began their tour yesterday and will observe the following itinerary: Houston, Sept. 15-16; San Antonio, Sept. 17-20; Waco, Sept. 21; Fort Worth, Sept. 22-23; Dallas, Sept. 24-27; Austin, Sept. 28-30.

They will spend 16 days with these home teachers, going with them to visit deaf-blind cases and giving them pointers on how to help such persons gain self-reliance and a fuller enjoyment of life.

AA Engages Yale Speaker

Alcoholics Anonymous locally has announced the engagement of Horace Fort of the Yale Foundation for Studies of Alcoholism to make a public address here Oct. 7 at the municipal auditorium.

Fort is assistant director of related studies being instituted now at Texas Christian university. He is nationally renowned.

Due to appear with Fort will be either a nationally known psychologist or the daughter of an ex-senator who made her recovery through the AA.

Last year some 400 persons heard the AA's lecture at the city auditorium; an even greater crowd is expected Oct. 7. Alcoholics Anonymous is making a renewed effort to contact alcoholics here and introduce them to the cure advanced by the AA.

Don't Neglect Slipping FALSE TEETH

Do false teeth, drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. **PARTENTH**, an alkaline (non-acid) powder to sprinkle on your dentures, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, sticky, sticky taste or feeling. Get **PARTENTH** today at any drug store. Adv.

Pilots Launching Torpedos In School

ALAMEDA, Calif., Sept. 19 (AP)—The Navy has unveiled a complex supergadget for teaching pilots how to launch aerial torpedoes.

With utter realism it simulates with movies every element of actual combat except the danger and the noise.

In the vast Naval Air Station here, there is an air-conditioned training area where the Crall (after the first model in Scotland) Aerial Torpedo Attack Trainer is set up.

Sitting in its cockpit, a student pilot sees his target rush toward him as the torpedo bomber which he is theoretically piloting approaches at attack speed. He must steer his "plane" so as to "lead" the target which moves through the water, as a hunter leads a flying bird.

He "drops his pickle" after estimating range and speeds. He watches the wake of his own torpedo as it plunges toward the target.

Over his earphone comes his instructor's approving "bingo" or explanation that he has aimed too far ahead or behind, and how he has miscalculated.

Lt-Commander Charles W. Rich, aviation training officer in the ground school says her training actually gives the pilot an experience that he would otherwise get only in actual combat.

The whole set-up including the air-conditioned arena on which the complicated synchronized images of target, sea, weather, and torpedo wakes are projected, has cost about \$875,000. But Rich says it results in "tremendous savings in planes, gasoline, and torpedoes, not to mention human lives."

The student sits in an ordinary pilot-trainer, with its cockpit and controls just like those of a torpedo bomber, mounted high in a circular pit.

On the walls of this pit are projected moving images of the sea and weather conditions such as cloud formations, and motion pictures of various targets which the instructor can vary from a tugboat to a battleship. He watches from an observation-control room at the side, and sets up the problem for the student pilot by flicking switches much as an organist operates a console.

Dials tell him exactly what the student is doing and how things are going to come out and why. He relays this information to the student over the intercommunication system.

The student, from his cockpit, has a complete illusion of flying over the ocean. The sea surges beneath him and the target foams across his field of vision exactly as it would look from a plane. This is because he actually is looking at motion pictures taken from combat planes which were executing the exact maneuver he is simulating.

When he presses the release button on his control stick to drop a torpedo, this starts another motion picture sequence which shows the course of his torpedo according to the aiming he has given it. There is a breathless moment before he can tell whether his aim was good or not.

In the meantime he has to be flying his "plane" properly or it will misbehave like any training device that is carelessly piloted.

The complicated electronic equipment which controls and synchronizes all these processes is housed in air-conditioned quarters so that heat will not throw its delicate mechanism off balance.

Bad Credits Usually Formed At Sale Time

The vast bulk of bad credits are bad at the time the merchandise is sold, Sterling Speake told Lions club members Wednesday.

Here to conduct a credit course as a Texas University representative, he pointed out that close study should be made of applications for credit and sound judgment exercised in the extension of it. From that point on, prompt billing, etc. usually gets results. In business of any appreciable size, he advised, some one person should be made responsible for credits and have a sound understanding with patrons.

Looking toward National Youth Week, J. H. Greene gave a salute to youth and Boone Home outlined some of the highlights of youth program here next week. Rev. R. Gage Lloyd, president, announced that the club would cooperate in the undertaking.

Following the meeting, directors endorsed the projected soil conservation field day by the Martin Howard conservation district and voted to serve the meal for the occasion in December. Music was furnished by Harry Echols at the piano, some of the selections being his own compositions.

Samoans Prepared To Govern Selves

PAGO PAGO, American Samoa Sept. 19 (AP)—The two Samoans, under New Zealand and United States administration, are taking their first step towards self-government.

Western Samoa convened its new legislative assembly June 2, with a Samoan majority for the first time since Germany took possession in 1900 and New Zealand later took control on a League of Nations mandate.

Eastern Samoa, an American possession since 1900, also has a new type of legislature consisting of an upper house of 12 hereditary titles and a lower house of 54 members. It will meet for the first time briefly in November to consider legislative needs and reconvene in January to act on legislation.

The changes, slight as they are, were slow in coming. New Zealand was forced to alter its structure of government in western Samoa when that area passed into trusteeship status. A United Nations mission supplied the prod. And apparently the pressure of American public opinion, critical in some respects of naval rule over a friendly people, has caused the Navy to encourage creation of a legislature closer to Samoan desires.

Administrators of both Samoas, the high commissioner in western Samoa and the naval governor in American Samoa, retain a large measure of control including absolute veto. Nevertheless, Samoan leaders consider the changes significant and have greeted them with highest acclaim.

Naval Gov. Vernon Huber, in a report on American Samoa, said: "The Samoan people consider the establishment of this legislature a matter of utmost importance in their quest for ultimate self-government. They feel that this is the event of greatest importance since the flag of the United States was raised over these islands."

Under the new western Samoa setup, the assembly may consist of six official members appointed from the New Zealand administrative staff; five elected European (half-caste) members; 11 Samoan members, either elected or appointed as determined by the governor-general of New Zealand; and three *fautua* or paramount chiefs.

The high commissioner may veto in event of a tie. He has veto power; may change any bill and send it back for reconsideration, and may change without legislative approval any bill altering revenues.

The assembly may not make laws on defense, external affairs or affecting the title of crown lands, and other lands which passed into New Zealand ownership.

Profits from crown lands, however, now are used for the benefit of Samoans.

American Samoa's legislature replaces the old *fono*, which consisted of about 50 Samoans, named by districts.

The new house of all, or high chiefs, consists of the 12 highest hereditary titles, but its powers are subordinate to the lower house. Lower house members are chosen by villages in public discussion.

From where I sit... by Joe Marsh

"Farming" Versus "Ranching"

Talked to some editors who run my column in their papers—in states where there's mostly cattle and sheep raising—about the differences there might be between farming and ranching.

And they told me: "Joe, there's no real difference between cattlemen and farmers. We make our living from the land like your folks do; we have the same 4-H Clubs and Granges; the same problems of prices and marketing."

"When it comes to recreation, we have the same liking to get together now and then for a barbecue and a friendly glass of beer."

And from where I sit, that about sums it up. Ranchers may have different names for things or grow different crops. But all over America folks who work the land share those common traits of hard work, sober moderation, and good fellowship, whether they're growing cattle for beef, or barley for good American beer and ale.

Joe Marsh

You just *know* it's a Packard!

There's a story of exclusive values behind these exclusive lines. Come in—see for yourself!

When you point to this proud, glistening grille, any schoolboy can tell you it's a Packard... the car that still looks like itself!

That's because the Packard radiator grille, for nearly 50 years, has been a trademark of precision-built character.

Packard, for example, has always meant precision-built engines. And Packard today is winning new fame with the amazing economy of its new "free-breathing" straight eights!

Packard has always meant masterful roadability. And Packard leads again today—with a "self-controlling" suspension system.

Packard has always meant precision workmanship. And today's Packards are the finest-built Packards ever to bear the name!

It all adds up to a story we'd like to tell you in full... and soon!

KEYED TO BETTER LIVING—

Better Lighting

Now that students are starting another school term, it is vitally important that they have enough of the right kind of light for easy seeing.

All lamps used by children for home study should have at least a 100-watt bulb—150 watts in many cases—to provide good light to make their homework easier and to prevent undue eyestrain. Lamp shades, too, are important—they should be wide enough to spread the light evenly and keep glaring, unshaded light from striking the eyes.

A LESSON TO REMEMBER—
BETTER LIGHT PLUS BETTER SIGHT EQUALS BETTER GRADES

Lamps and Lamp Bulbs are Available Now — See Your Electrical Dealer
