Wheeler Youth Wins Chicago Club Trip

James A. (Pete) Morgan to Visit Windy City in December-Two from Panhandle

The announcement reached Wheeler Monday that a local young man, James A. (Pete) Morgan had been declared a winner of a trip to Chicago, given by the Santa Fe railroad to 4-H club members for outstanding accomplishments in club project State winners, probably not more than three in number, will attend the boys' and girls' 4-H club camp in the Illinois metropolis from Dec. 2 to 8.

Morgan won his award on a calf club project, in which he has been engaged for the past three years. This year he has seven young cattle, one baby beef and six bulls. Heretofore he has shown stock at Amarillo, and this season plans to exhibit at Amarillo and during March, 1935, will show his stock at Fort Worth.

Winning this award brings more than passing honor to Morgan and considerable distinction to the Panhandle, which proves able to compete with the entire state served by the Santa Fe railroad, to which this competition is restricted.

"It is a well-merited honor," asserted Jake Tarter, county agent, Morgan's outstanding record in livestock work."

One other young man, Curtis Schaffer of Gray county, will represent the Panhandle at the club camp. His project is reported as crop work. The fact that Schaffer is a cousin of Morgan might be called a coinci-

A letter from College Station, dated Nov. 8, was received by Morgan. He was informed that detailed instructions concerning the trip would be forthcoming shortly, when he will be told where and when to meet the party, which will travel in Pullmans. They expect to leave for Chicago

SAYS KELLERVILLE FAST GROWING TOWN - CHER-RIES AND BLOOMS PROOF

Declaring "Kellerville is the fastest growing town in the Panhandle," Sheriff John Porter brought back from that locality today twigs from a cherry tree bearing both full grown ripe fruit and sweet-scented blossoms as proof of his statement. The mid-November freak exhibit was found on the Keller place which gives the town its name. Sheriff Porter made a business trip to that section.

Extend Closing of Cotton Pool Date

The national pool for cotton tax exemption certificates will close Saturday, Nov. 24. This is according to information made public Wednesday by H. M. Breedlove, assistant county agent. It had previously been announced that the pool would close on Nov. 10. Reasons given for the time extension is to permit those producers participating in the 10 per cent to benefit from pool advantages.

It is understood that the national pool will accept certificates forwarded by assistants when the envelopes bear original postmarks not later than Nov. 26.

Final date for sale of pooled cerand is only just recognition of Pete tificates will be announced later, it

Breedlove stated that approximately five million pounds of Wheeler county lint had been pledged for sale in the pool through his office.

GUTHRIE'S BUY SHOW HOUSE IN OKLAHOMA

Purchase of another picture theatre by the Guthrie interests, owners of the Rogue theatre, Wheeler, was announced this week when Lee Guthrie closed a deal Monday for the show house at Tipton, Okla. The new purchase will be known as "The Rogue, No. 3," it is understood. No. 1 of the group is located here and No. 2 at Matador, Texas.

Lamar Guthrie, manager of the Plan Contest Entries Matador house for the past 18 months, will take charge at Tipton. His place will be taken by Mr. and Mrs. L. H. Derickson. Mrs. Derickson is a sister of the Guthrie boys.

Lee and Lamar went to Oklahoma City Monday to purchase additional equipment for improvement of the Tipton property.

The home agent is anxious for every club member to attend the council, since a big day is planned.

Annual Red Cross Drive Starts Soon

Membership Roll Call Campaign for Funds Will Be Conducted in Community

According to F. B. Craig, chairman of Wheeler chapter of the American Red Cross, the annual membership roll call

drive will start here within a few days. It is necessary to complete the local campaign organization before undertaking the enrollment drive.

No explanation nor apology is necessary here for the American Red Cross organization in its scope and humane ministrations to those in distress. Its importance is growing yearly. In times of disaster it is in times of prosperity and in days of depression it has never failed to respond.

Every person who is in position to contribute to the Red Cross may do na Adams. so with the assurance that the largest

Conference this Week

Meeting at Abilene Nov. 14-18-Local Church Advanced With Rev. Kirby, Leader

Wednesday, Nov. 14, at 8 o'clock p. m., in the First Methodist church, Abilene, Texas, the Northwest Texas conference of the Methodist Episcopal church, South, will convene for its annual conference. Rev. J. Edmund Kirby, pastor of the local church, Mrs. J. Edmund Kirby, T. M. Britt and Mrs. J. M. Porter will attend from Wheeler.

Rev. Kirby has been pastor of the Wheeler church for one year and seven months. During that time 83 have been received into the membership of the church; 30 of these 83 have joined on profession of faith. Eleven hundred and thirteen dollars has been paid on benevolences and somthing like seven thousand dollars has been raised for all purposes during these months.

The missionary society, under the presidency of Mrs. H. E. Nicholson, has furnished the parsonage with a beautiful living room suite, and an Electrolux refrigerator. A circle of the younger women, under the direction of Mrs. Ernest Lee, furnished the parsonage guest room with a beautiful bedroom suite, springs,

shades and curtains. During this past year the Sunday school, under the superintendency of Dr. H. E. Nicholson, has been responsible for a Victor talkie-movie machine, which is the most up-to-date portable sound equipment which can be bought. The Sunday school has also been responsible for the purchase of three lots back of the church, which will be equipped as a playground by Mrs. J. M. Porter.

At the conference last year at Clarendon, the Wheeler church was one of 20 out of 199 charges to pay all claims in full.

The following make up the board spontaneously looked to for help, and of stewards for the coming year: T. M. Britt, Alfred Bryant, C. J. Meek, C. C. Crowder, J. E. Willard, I. L. Boaz, J. W. Barr, Mrs. J. M. Porter, Mrs. J. D. Merriman and Miss Wino-

PEOPLE DIES AT McKINNEY

Word reached relatives here Monday of the death on Sunday of Mrs. John H. Lewis at McKinney. She was the mother of the late W. J. pastor for the invitation to that Lewis of Wheeler, and grandmother place for worship and presentation of the four Lewis children living here. John and Chester Lewis, acis also deeply appreciative to the companied by their mother, Mrs. W. Legionnaires and other veterans for J. Lewis, left Monday afternoon to

attend the funeral. The deceased was 90 years old and had made her home in McKinney for some 50 years.

Mrs. F. B. Craig, who was visiting in Fort Worth, went to McKinney turned to Wheeler with her mother and brothers Wednesday evening.

LOCAL ORCHARDISTS TO PLANT 1,200 TREES

Joe W. Barr and E. T. Cosper, owners of the large commercial orchards a short distance west of Wheeler, are making preparations to put out 1,200 new peach trees this fall or next spring. These trees will represent the very best varieties of peaches, such as early and late Elberta, J. H. Hale and Redbird Cling.

The planting is a replacement program for old trees which were damaged in the March blizzard four years ago and which suffered severely during the drouth this summer, greatly impairing their usefulness.

If weather conditions are favorable a part or all of the new trees will be planted this fall, otherwise the task will be postponed until spring.

Messrs. Barr and Cosper are experienced fruit men, who have profit-ed in the past from their efforts, and who have unbounded faith in the future of Wheeler county and the possibilities of fruit growing in their particular locality.

BIRTHS

Mr. and Mrs. Jeff Green of Allison, are the proud parents of a son, born Friday, Nov. 9.

"L" IS FAVORITE LETTER IN THE GUTHRIE FAMILY

Apparently, some member of the Guthrie family is partial to the letter "L," especially as the initial of their first name. Beginning with the parents, Lem and Lena Guthrie, who live in Wheeler, the children's names are: Lemmie, Lilly, Lee, Lovena, Lloyd and Lamar. Lee is a resident of this place while the other children reside at Matador.

More Cattle to Be **Bought In County**

Word has been received this week by county authorities that another 500 head of cattle will be purchased in Wheeler county under the federal drouth relief program. Officials to make the purchases are expected here the latter part of this week. Only a day or two will be required to complete the job, it is said.

Some weeks ago the cattle buying program was stopped throughout the state when funds became exhausted. With the pressing need for further relief in the drouth-stricken area. an additional sum was made available with which to buy more cattle.

REORGANIZE COUNTY RELIEF BOARD

At a session here yesterday, the Wheeler County Relief board was reorganized and new officers elected. H. B. Hill of Shamrock was chosen chairman, with O. W. Elliott, Mobeetie, vice chairman, and D. O. Beene, Wheeler, secretary. The other members are J. B. Clark and Paul Macina, both of Shamrock.

The reorganization follows appointment, by the state board of control on Nov. 8, of Hill as a new member and reappointment of the others. D. O. Beene, former chairman, resigned that post some time ago.

The county board acts solely in an advisory capacity, yet its recommendations and advice is sought by the state board on questions pertaining to county affairs.

MRS. ED WATSON HOSTESS TO CONTRACT BRIDGE CLUB

Mrs. Ed Watson was a charming hostess to the Contract Bridge club Friday afternoon at her home. Bridge was played at two tables with Mrs. Worth Beal winning the prize for high score.

Members present were Mesdames Glenn Williams, Worth Beal, Cora Hall, Roe Green, Glen Porter and Miss Reba Wofford, Guests were Mrs. Roy Puckett and Mrs. A. B. Crump. A patriotic motif was carried out in the decorations and score cards in courtesy to Armistice. Refreshments of sandwiches, tea and individual pumpkin pie with whipped cream were served.

Grand Jury Returns Eight Indictments

First Report Made Today-District Court Disposes of 29 Civil Cases

In its first report, made this afternoon to Judge W. R. Ewing, presidng over the current term of district court, the Wheeler county grand jury returned eight bills of indictment, according to records in the district clerk's office, where the indictments have been filed.

During the week's session, which began Monday, the court has disposed of 29 civil cases without juries. Approximately one-third of these were divorce suits. The remainder consisted of partition suits and actions on

paving work in Shamrock. Next week, Judge Ewing will be absent from the county. He will exchange places with Judge E. J. Pickens of the 84th district, where court

is in session at Perryton. Because of Judge Pickens' interests in several civil cases docketed in his court, he was disqualified and Judge Ewing was delegated to exchange places with him.

AUTO RACES BILLED FOR ELK CITY NEXT SUNDAY

Touted as one of the biggest auto race meets in the southwest, a full afternoon of speed events is scheduled at Elk City, Okla., Sunday, Nov.

The first race is billed to start at 2:30 o'clock, with the time trials beginning at noon. Moderate admis-

sion rates will obtain. Knights of the roaring road from many mid-continent states will compete. Heading the list of drivers will be the diminutive Pat Cunningham of St. Joseph, Mo. Others expected to do their stuff are Ted Davis, Junction City, Kans.; Dick Mc-Closkey, Kansas City; Eddie Kriject, Omaha; Posey Reeves and Carl Mayfield, Sooner state title holders; Oran Golden, Elk City; Chas. Should unfavorable weather prevail Sunday, the races will be held on Sunday, Nov. 25.

Was Very Successful

Given Saturday Night Before Large Audience-Proceeds Totaled About \$30.00

Despite the fact that it was necessary for the Briscoe performers to give the play "Auntie Up" on Saturday night, their auditorium was filled with friends, patrons, and visitors; and the results of the play were most gratifying. Something like \$30 was taken in. This money will be used to pay for various athletic equipment and school supplies which have been purchased. Those concerned with the production of "Auntie Up" were most pleased with the outcome. They again wish to express their sincere appreciation and thanks to each and everyone who helped in making the production of this comedy possible.

Between acts of the play the audience was entertained with readings by: Oleta Dickerson, M. W. Graves, these numbers and thanks each who participated.

A brief sketch of the cast follows: Bernard Wilson, who played the part of President Graves, the new president of Elmhurst college, is a senior this year. Bernard has been in several school plays before and is member of the Scribblers club. He is a nephew of O. B. Miller.

Clyde Wadsworth, the "Auntie" of the play, plans to become a lawyer or a second Will Rogers; he is undecided which. Clyde is a junior, a Scribbler, and a lover of acting. He is also something of a history "shark." Some day you may be listening and learning from this scion of the Wadsworth family.

Grady Dodd, who was "Slick" in the play, the son of the new president of Elmhurst college, is a senior this year. Grady is the son of Joe Dodd, one of the Briscoe teachers, and the brother of Earl, who is a senior in Texas Tech this year. It is not known whether Grady wis to become a math. prof. or a horse wrangler, but wish him the best any-

GOAD BACK FROM TRIP TO OLD HOME IN ANDERSON CO.

J. C. Goad, farmer living northwest of town, returned last Thursday from a two weeks visit at his old home in Anderson county, the first trip back there since July 20, 1900. He visited a brother, W. F. Goad, who owns a 14,000-acre ranch in the Bethel community of the Tennessee colony, a settlement established by Tennessee folks many years ago. J. C. said he found many changes had taken place during the past 34 years. Some of the old landmarks were still there, including a store building now 90

He reported that feedstuff is very scarce in that region, due mainly to the severe drouth of the past season. He found cotton growers divided about 50-50 on the reduction program and Bankhead Act.

GIRL SCOUTS TO REPAIR

As a part of their community service, the Girl Scouts of Wheeler ask all people having discarded or broken toys or dolls which can be repaired, to please notify Mrs. C. J. Meek or Florence Merriman, right away. The items will be called for.

The girls plan to repair the toys, put new dresses on the dollies and otherwise freshen them up for distribution at Christmas time to needy children of the community. There are a number of children, it is said, who, through lack of work for their fathers or other causes, will have but little Christmas joy and very few gifts.

Through this meritorious effort, the Girl Scouts hope to spread a bit of happiness and cheer to unfortunate boys and girls during the holi-

WHAT THE PEOPLE THINK

A short time ago the National Industrial Conference board, a factfinding institution established in 1916, sent a questionnaire to more than 12,000 American newspapers, large and small, in which it asked editors to report on the state of public opinion in their localities on a number of questions of national interest. Answers were returned by editors of 5.050 newspapers with a gross circulation of 24,843,677.

The board has published an advance summary of the survey, affording an exceptional cross-section of present-day public thought. An overwhelming majority of the editors said that the people in their localities were opposed to government price fixing of both farm and factory prices. Eighty-nine per cent were opposed to increasing the national debt; 94 per cent were against government competition with industry and 74 per cent opposed the redistribution of wealth by taxation. A majority of the public, according to the editors, favored government fixing of minimum wages and hours, and compulsory old-age pensions.

The board also asked editors to tell what factors would, in their judgment, contribute most to increasing business confidence. Seventy-two per cent favored decreasing government control of business: 71 per cent mentioned decreasing government expenditures; 66 per cent asked for a stabilized currency, and 70 per cent favored a balanced budget.

YOUR BUSINESS MAY BE NEXT

In commenting upon government competition with the power industry, J. E. Callbreath, Secretary of the American Mining congress, recently said: "The writer has no brief for the power companies of the country, but he does believe that this interference with private enterprise is not only an outrage upon investors but will prevent future development; prevent the creation of new property subject to taxation, and gradually break the country down to the leve of reliance upon the government for its daily bread.'

Those who think that destruction fect their businesses and their interests are due for a sad awakening. What must be constantly remembered is that, even though power is the political target now, those who are fighting it will not long be satisfied to do battle on a single front.

The fact of the matter is that a determined demand is being made to revolutionize our entire principle of government in its relation to private industry. Under proposed theories, individual initiative would be suppressed. Enterpise would become a crime against the state. The government would be all-powerful-and the politician and civil servant would be no longer the servant of the people, but their master.

Every American has a direct and personal interest in the power fight and in seeing that politics is not allowed to destroy this great industry -and destroy with it hundreds of millions of dollars in invested savings.

TEACH AUTO DRIVERS

High schools throughout the country are being called upon by leading educators to enact a major role in solving the automobile accident problem. Theirs is the task, it is said, to put a more careful and competent generation of motor car drivers on the streets and highways by making instructions in safe driving a credited part of the regular scholastic curriculum.

As a contribution to this cause, and to give the schools definite tools with

which to work, the Education Division of the National Safety council in New York City has prepared a textbook on the subject called: "Good Driving-a Manual for the High Schools." The book was prepared under the direction of a secondary school committee consisting of such men as Dr. Thomas Gosling, director of the Junior Red Cross; Francis L. Bacon, principal of the Evanston, Ill., ownship high school; Prof. E. K. Fretwell of Columbia, and Prof. Roboins B. Stoeckel of Yale.

In brief, the manual attempts to describe what an automobile is and now to operate it. It is illustrated with charts and photographs and contains a list of reference material for those who wish to develop special topics. Six units of instruction are outlined: Automobile in modern life, the automobile, the driver, the operation of an automobile on the highway, accidents and accident preven-

The importance of this work is mphasized by the fact that in some states there is no law to prevent a hild from stepping from the tiller of his kiddie car to the wheel of a high powered automobile. In no state is there any legal provision requiring pre-license instruction. Last year automobiles killed nearly 30,-000 persons.

The opportunity for high schools to perform an invaluable service to humanity could hardly be greater.

In view of the accident reports appearing in practically every newspaper one picks up, The Times believes that a driver's license system, imilar to that in use in other states, would be a good thing for Texas. Apparently, some auto drivers can't or won't learn anything and a driver's icense system might keep that class from operating a car.

YOU PAY THE BILL

According to a recent survey, the total cost of government in the United States during 1934 will be bout \$17,000,000,000. Seven bilion of this is being spent by the federal government, \$2,000,000,000 by the states, and \$8,000,000,000 by ocal governments.

In 1933, the total national income was slightly in excess of \$40,000,-000,000. Most economists believe that the 1934 figure will be about the

As a result, government spending for the current year will amount to 42 per cent of all the money we re-

The fact that part of the expenditures are being made with the aid of bond issues, which will not have to be paid until some future date, does not affect the principle at stake. The main fact is that cost of government is reaching the point where it will exceed the ability of the public to pay. A substantial part of the cost of everything we buy is represented by taxes. Taxes are part of the cost of a glass of beer or a galon of gas; of a fur coat or a pair of hoes, of a town-car or a coffee pot. The manufacturer who makes an article, the middleman who distributes t, the dealer who sells it-all are neavily taxed, and each must pass his taxes on to the ultimate consumer

It is to your interest, whether worker or employer, to demand that all branches of government cut expenses, precisely as business and individuals have been forced to do in order to survive.

SMALL HOMES NEEDED

There are two crying needs in this country. One is particularly the problem of the towns and the other applies to both towns and rural areas. During the last few months there have been a score or more of persons in this office inquiring for a small modern house. Most houses are too large for the average salaried man. These larger houses were built in every country town a few years ago when building costs were less. The smaller houses built at that time were largely of cheaper construction and often were not, and have not since been made modern. If rents ever reach a point where they will pay the landlord even a small return on his investment, there should be a splurge of modernizing of small houses and the remodeling of larger houses into compact, livable apartments. One must remember that an automobile, radio, iceless refrigerator and a few other modern inventions are a necesary part of the salaried man's house nold equipment. He cannot afford a large home. Further, and mighty significant, we believe, there are more and more salaried men coming to live in rural centers like Wheeler. They like the environment. They believe it is a wholesome and healthy place to rear and educate their children. They tell us they have more real friends and more real enjoyment in smaller cities. They mention our schools, our hospital, our golf course the park and the reasonable prices charged by merchants. This we believe is one of the very outstanding needs-more small, modern living quarters for small families.

The devil don't ask folks if they want to go with him, but he holds the lead of the devil, they should not be surprised if they go to the devil. a pity," the face of Satan will be all er.-Higgins News.

Voice of the People

The Times invites contributions for publication under this heading. Publication, however, does not necessarily reflect the attitude of the paper on questions discussed. One rule applies to all, that is articles submitted MUST bear name of writer or contributor. The name will not be printed if request is made to not do so. But all articles must be signed.

I, as a farmer, have wondered just where we are headed, with the farm plans as they are today. It seems to me that we should look farther ahead than 1935. And not continue to curtail production of farm commodities to home consumption alone and not have a surplus that we can sell on exchange with a trade value with foreign countries.

Has it come to the point that we feel we have grown to such proportions that we can live within ourselves, and tell the rest of the world to go to thunder, as some of the supporters of the New Deal would have us believe? The people of this nation should realize that a great portion of the wealth of these United States has been obtained through our trade with foreign countries, yet some persons have gone so far as to say that we must maintain our high priced dollar and the high price of all we have to sell to the outside world, regardless of the price quoted by other

Are we not cutting our own throats, when we think that the rest of the world has to come to our terms in the matter of trade relations? If we continue to curtail production, and produce only enough to supply the home market, will we ever again have our high place in the world's commerce? Far from it. We should keep our production in this country to the highest standards of efficiency and thereby place ourselves in the highest rank with our surplus in farm commodities and then we will be in a position to once more take our place in the world's com-

If there is anyone who does not think that we have lost our export trade, they have only to listen to the market report each day, and after the price quotation, and amount of imports to other countries and then the announcement, "No American imports." This condition should ever exist and what has caused it is attempted to raise the value of their dollar and also the price of American cotton and other farm commodities to their terms of commercial exchange and have just awakened to the fact that they cannot do this, as there are so many other nations bidfor this same world trade and are getting it.

As I sat in the court house at Wheeler last Saturday and listened to the plea for government control of cotton, I thought of the thousands of men, women and children who have been driven from the cotton fields and farm work by government control. Heretofore they have been given a chance to earn an honest living and comfortable clothing to protect themselves from the cold winter. Now they have been placed on the relief rolls, with nothing but government relief in sight for the future. I wonder how long the government can continue to care for these people and if they are always to have to exist on charity and is this a just situation?

Instead of honest employment for these hard working, thrifty people, thousands of high-salaried positions have been created for persons able to make a comfortable living in the channels of commerce, to engineer this controlled production program. It has accomplished nothing more than driven one class of labor to the relief rolls and placed another class on the government payrolls, at an increased cost to the taxpayer, for after all our government is the paid

ervant of the American people. This program has not only driven labor from the farm but also from the entire cotton industry, such as gins, compresses, oil mills, truck and railroad shipping and thousands of textile workers will be out of employment when the cotton mills are forced to close down because they cannot find a market for their finished product among the unemployed thousands who have no purchasing

Does it not look as though the answer to our problem is not curtailed production but more production, with a better distribution and a better trade relation with the outside world and less government expense?

These temporary relief measures will serve as a substitute but will they get us back on a sound business basis? How long can we exist as a nation without a sound business foundation? How many farmers are ready to continue for years to come under the present conditions? It might be well for all of us to give serious thought to what the future has in store before they cast their out inducements. If folks follow in vote for or against the Bankhead bill and government control in the coming election. The announcement that we While other folks are saying: "What will be held to our 1935 contracts that we have signed, will no doubt smiles. He has landed another suck- have a tendency to boost the vote for the Bankhead bill and government

control, but let us study both sides of the situation and see if it is what we want in 1936 and the future. -A FARMER.

Listen world, the ole Rogue may have told you lots of lies, but here is one time that you will have to take your hat off to him and make a bow-'cause when you see Laurel and Hardy in their latest full feature "Sons of the Desert," you will acknowledge that it really is something. You will perhaps recall seeing these boys last year in "The Devil's Brother," and you well remember that it was the biggest bunch of laughs ever assembled in one picture. We are telling you that "Sons of the Desert" is equally as good. Also, a good hot orchestra number for a short subject. Coming to the visited his mother, Mrs. O. C. Come Friday to see the Mustangs and Muskrats

TWO PRESS ASSOCIATIONS

Wheeler to Play Texola Muskrats

By CARLISLE ROBISON Sports Editor

Tomorrow afternoon (Friday) the Wheeler Mustangs will play their last game of the season when they clash with the Texola Muskrats at 3:30 on the local gridiron. This game promises to be a good one, Texola having defeated the Mustang second string by a large score earlier in the season.

The Mustangs won their fifth game of the season last Friday when they defeated the Kelton Lions 12 to 0 on the Kelton gridiron.

Going into the game with over confidence the Mustangs failed to play their usual type of football and played poorly, according to fans and spectators.

Weeks received the opening kickoff on the 20 yard line and returned it to the 30 yard marker. The Mustangs then marched 10 yards to a touchdown, Weeks passing to Shirley for the counter; Weeks' pass to Lewis for the extra point was blocked. The Mustangs failed to score again until the second quarter, Weeks plunging across from the 3 yard line to score.

Early in the third quarter Kelton threatened to score. A pass from Davis to Mullins placed the ball on the 6 yard line. Here they were held for downs and lost 15 yards on the four downs.

Davis, with his passing, was the outstanding player for Kelton. Conner was outstanding for Wheeler.

The starting line up Friday was: le, A. Weeks; lt, Newkirk; lg, Conner; c, Deering; rg, Sherwood; rt, Tillman; re, Shirley; qb, Weeks; hb, Robison; hb, Lewis; fb, Tate.

Sport Slants

The Mustangs are working hard in preparation for their game with the Texola Muskrats, which is to be played Friday on the local gridiron.

O. D. Conner and Cecil Sherwood, the two guards on the Mustang football squad never saw a football game until this year. Sherwood is a junior and Conner a freshman in high school. We will hear more about these boys next year. Mark my word, folks, and see if I am not

That bunch of Texola boys are Since they defeated Shamrock's second string last Friday, this game should be taken seriously. Although the Mustangs beat Kelton, that is no sign of an easy victory. Believe me, those Kelton boys were tough. If the Mustangs will show a little of their fighting spirit Friday they should take Texola to a "cleaning." They have a fight on their hands at I will bet my bottom dollar that it is a tight game Friday.

With all but four lettermen back next year the Mustangs should have a better team than they have had this year. Several of the second string will be regulars next year. They were a trifle small this year but they are growing and should be plenty good next season.

I believe that it was stated in this column last week that the Mustangs were going to show Kelton a new brand of football. They must have forgotten which brand to use or else

did not try any. girls lost their games. The girls are working hard and will try to make a

better showing in the next game. The Colts are having tough luck in their games. It seems that they can't "click" just right. They are learn- ney. ing and should be good players when they get into high school.

GRAMMAR GRADE BOYS LEARN FOOTBALL TRICKS

The grammar grades, with their yells of "I'll back it," (I'll throw it back) seem to be thoroughly enchanted by the football tricks of Coach Clark. Every grade has its team with a heady quarterback. At noon and recess the little fellows grab a football and play as fast they

When a game is not in progress they throw passes to each other. Some of the boys who are the better players have played in games with fin and Tris Hooker. Mobeetie and McLean. They want to be great player, so "I'll back it" is their start.

This Time Last Year-

Playing the best game displayed by them this year, the Wheeler Mustangs lost to the Lefors Pirates, 13 to 0. The game was played on the local field Friday afternoon. Wheeler men that played an extraordinary game were Farris, Balch and Newkirk. Bagwell was the best offense of the Pirates.

Seven straight A cards were made by high school students for the second six weeks. Twenty-three made an A and B card. This is an increase of 75 per cent over last six weeks.

ATTITUDE

What is your attitude toward your chool work? Do you take it as a oke or as a serious business? The way you feel about school and its functions determines a great deal of your future life. A modestly studious pupil is a help and joy to a school. One who considers his school work before other activities can be ounted upon to be a leading citizen.

What if everyone in a school took t as a huge joke, as some do? It would be a complete failure as a modern institution of learning and would become a disgust to students. Why not change your attitude toward the school and think of it as a second nome?—T. C.

HIGH SCHOOL GIRLS ARE IN POPULARITY CONTEST

Two high school girls, Nerine Young and Helen Gilmore, were among the contestants in the popuarity contest sponsored Wednesday and Thursday nights by the Business and Professional Women's club.

In spite of the new ruling that a student can hold only one class or club office during the year, these girls have proved their popularity among their school mates by various activities.

Helen, a senior, is vice president of the Home Ec. club. Last year she was editor of the Corral and had the leading role in the junior play. Nerine, a junior, is one of the Pep

Squad leaders and is chairman of the program committee of the Home Economics club. Nerine is also a member of the Spanish club.

SENIORS TO GIVE PLAY "HERE COMES CHARLIE"

"Here Comes Charlie," by Jay Tobias, is a play to be presented by December. The play books have arrived and the actors are all ready to start practicing, states Miss Winona Adams, director of the play.

The characters will be: Helen Gilmore, Charlotte; La Veau Cole, Uncle Aleck Twiggs; Mack Shirley, Mortimer Smythe Kersey; Mamie Lee Starkey, Mrs. Fanny Farnham; Nettie Vee Jamison, Vivian Smythe; Theodore Conner, Larry Elliot; Carlisle Robison, Ted Hartley; Travis Jones, Tim McGrill; Loula Clarke, Caroline Kersey, and Florine Guynes, Nora

Since nearly all the above students have been experiencd in other plays they are offering a play that will be full of fun and laughter according to Miss Adams.

(Editor's Note: This is one of the est themes submitted by the seniors on the topic, "What is Best in My School?", suggested by Education Week sponsors.)

What is Best in My School?

I believe that the most important thing in our school is the recreation period. We have physical education period from 10:15 o'clock until 10:45 o'clock, every day except Wednesday. Each Wednesday we have assembly.

The recreation period is important because it gives the required amount of fresh air and exercise. The majority of the school pupils do not arise early enough in the morning to take exercise and in the afternoons they prepare their lessons for the following day. After taking exercise one's mind is naturally keener because it has been relieved of studies. All great men have some kind of exercise which they resort to when they are tired and their minds will not function properly. It steadies one's nerves to take exercise. Exercise in their knowledge of history and will adds strength to one's body. By adalso serve to stimulate interest in the ditional strength, the pupils are more prepared to fight off disease.

Our recreation period, like every-Miss Kathryne Bowers gave each thing else, has room for improvements. The tumbling girls need a larger mat so all of them can pracchart to go by. The one that wins tice at one time. The baseball girls and boys should have more bats and balls. A gymnasium is needed for Those who visited the grammar the basketball girls and boys to pracand tumbling girls would also have a better place for practice.

HOME EC. GIRLS ATTEND YATES COOKING SCHOOL

Since the Home Economics II class has been studying cooking they went to the cooking school that is being conducted at Shamrock by Mrs. Beulah Mackey Yates. After a lecture by Mrs. Yates, there was an auction sale for the prize winning pies and cakes. Shamrock merchants gave prizes of groceries to the ones holding the lucky tickets. Several of the local girls drew lucky numbers. Mrs. Yates gave each girl a list of recipes and a sample sack of Seal flour.

"It was very educational and I feel that it will be of great help to the class in their cooking," states Mrs. Gordon Whitener, home economics teacher.

Those who made the trip were: Bonnie Adams, Ruth Barr, Ida Belle Davis, Dorothy Lee Burke, Loula Clarke, Lillie Mae Crofford, Ferrol Ficke, Verna Greenhouse, Zinna Mae Holley, Ella Pearl Starkey, Dorothy Tolliver, Laney Mae Tillman, Maxie Lee Wilson, Elva Willard and Dawn Weatherly.

BOB COX LECTURES TO STUDENTS ON FOOTBALL

The comedy will be "Little Orphan Annie," and perhaps another. There was a nice sized crowd at the other, we hope there will be more this time. The admission will be 10 and 15 cents.

Stage Scenery in Place

The new stage scenery has been installed in the Briscoe auditorium. It's wiser always to act blind E. W. Gammon of Dill City, Okla., collected the advertisements, and Mr. Breashears, also of Dill City, did the painting.

There are three drop curtains. Two are back curtains, one exterior and one interior scene, and the drop curtain in front with the advertising

on it. There are also reversible wings. The Briscoe school wishes to express its sincere appreciation to all those who made it possible for us to have this beautiful scenery. Those furnishing the advertising were the

PLAY SATURDAY NIGHT A GREAT SUCCESS

If you didn't see "Auntie Up" Saturday night, you certainly did miss the big event of the year. People from Allison, Mobeetie, Wheeler, Canadian and everyone from our own district attended; all reported

it a real "blow out." The proceeds were about \$30, even if the admission was only 10c and 15c. We feel that this play wouldn't have been near the success it was if all concerned had not done their parts so well. We wish to express our appreciation to Mr. Russ, who helped build our scenery, to all those who lent articles and properties to the players; to Mr. Graves, who also helped us and especially to our sponsor, Mrs. Smith, who was so helpful and patient with us.

We also thank all those who attended the play; because it would not have been so pleasant to have gotten up a play and not had any

The P.-T. A. meets the second Thursday in each month.

Pampa Band and Lecturer

Youth! Don't we wish we were young again? Yes, after being entertained by the Baker school band last Friday night, Nov. 9, we wish we were small again ourselves. For an hour, some three dozen white-clad figures, grammar school pupils, played to a crowded auditorium of silent listeners in the Briscoe high school. Much credit is due their able director and also their school principal, Aaron Meek, for being able to bring such a well-trained, well-behaved group to entertain their neighboring school.

Besides enjoying several numbers by the entire, band which has received only a little more than a year's training, the audience was entertained by two quartets known as the Bakerettes and the Bakerines. One young "Miss" displayed unusual skill in her performance on the accordion. Among the numbers rendered were Carry Me Back to Old Virginia, The Rosary, The Old Spinning Wheel, Down in the Valley and the Baker school song.

Following the entertainment by the band, Mr. Todd, also of Pampa, delivered an excellent patriotic lecture dealing with Old Glory. His statements concerning our flag, state and country were truly instructive, and we feel sure that we have a far deeper knowledge of and appreciation for our flag than formerly.

In speaking for the patrons, faculty and student body of Briscoe, we wish to express sincerest thanks to our Pampa friends.

J. R. Hendrix, the hero of the play, came to the Briscoe community last year from Commerce, Texas. J. R. is a senior, a musician, an actor of long standing (having taken part in some nine school plays) and a rather popular young man in general. It is understood that J. R. plans to go to college next year.

Fay Wilson, Gussie's mother, Mrs. Augustus Throckmorton Jones, etc., etc., is a junior this year. Fay is editor-in-chief of the Scribblers club, a volleyball player, an honor student in English and a general favorite with both old and young. Perhaps it was noticed how "Mrs. Jones" (Fay) and "Dean Blimp" (Clyde) quarreled! It was quite natural for them to do so, as they practice little word-battles in class and out, daily.

"Miss Sally," the favorite of the boys at Elmhurst college, is Mardell Tipps, senior, a favorite of the boys in B. H. S. Mardell is a Scribbler, a volleyball player, leader of the pep quad, librarian, and (sometimes) an 'A" student. Mardell, like Dorothy, hopes to become an efficient housekeeper before long.

Dorothy Lohberger, the Babe Warren of the play, is another junior. She also is a Scribbler, a volleyball player, and hopes to be a first class cook someday. Dorothy and Mardell, known as "Puss' and "Poodle" are a modern David and Jonathan.
