## County Canneries to Relieve Workers

### Needed On Farms—Producers May Use Plants for Canning

Canning plants located in and Shamrock will not book products to be canned by labor after this week. This is according to a statement issued by W. Veale, county administrator, under authority of instructions from the state relief commission. The action is taken in an effort to divert relief workers to the where aid is needed in harvest.

Relief office has been receiving daily for cotton pickers and cannery workers employed in the farmers for help and thereby bringing in outside labor. It is out that those now on the farms who are temporarily suspended for harvest will not be re-employment at any future date if they work at a fair rate of pay.

The demand for farm help is meantime, states Mrs. C. B. county supervisor, the plants equipment will be available for all producers who wish to produce, furnishing their own plant supervisors have been and they will superintend work. Those who wish to can on farms are advised to communicate with Mrs. Witt.

One of the fact that vegetables are now beginning to come in, Witt felt that complete closing of canning plants would work a considerable hardship. She was greatly pleased when arrangements were made to keep the kitchens in operation on the plan outlined above. A toll schedule prevailing for who wish to use the equipment, bringing their own cans and labor, 10 per cent of vegetables and 80 per cent of meats. The toll is retained by the canneries for use of equipment, water and lights. Those furnishing products and labor, with relieving cans, will receive 55 per cent of fruits and vegetables and 70 per cent of meats.

## Beauty Shop Opens Saturday

Announcement is made by Mrs. W. Courtney that Saturday is the opening date for a new beauty shop she expects to operate in the just east of The Times office building. Mrs. Courtney was a beautician, until recently, of Kansas, she had three years experience in beautician.

## HALL HOSTESS AT THURSDAY DINNER-BRIDGE

Corra Hall was hostess to members of the Contract Bridge club and husbands and friends at a dinner-bridge at her home Thursday evening. Bridge was played at five tables, with Mrs. Worth Beal receiving high for ladies and Buck Britt winning the prize for high score for men.

## TARTER BRINGS COTTON EXEMPTION CERTIFICATES

County Agent Jake Tarter arrived this afternoon from College Station, where he had spent the past two weeks on work in connection with the cotton reduction program and other matters.

Tarter brought with him 1,828 cotton exemption certificates for Wheeler cotton producers. This represents all the certificates except those applications who get their allotment out of the 10 per cent reserve.

## Harness Thefts Occur In County

Operating upon a rather extensive scale, thieves have made way with harness belonging to several farmers in the Mobeetie community during the past week or ten days. Among the losers were D. J. Tubbs, about \$35.00 worth of harness; B. F. Morgan, \$40.00 worth, and O. E. Red and Mr. Wright, value of property not known.

Sheriff Porter made a trip Tuesday night to Cheyenne, Okla., where he took into custody Chris Bowers of Woodward, and Clifford Frey, Fairmont, Okla., who are charged with the thefts. It is alleged they disposed of the harness at Woodward, Okla. Both men were brought here Wednesday and lodged in jail. The robberies occurred over a period of two or three weeks.

## STATE SCHOOL MAN WILL COME TO COUNTY OCT. 1

County Superintendent O. B. Miller announced today that Bryan Dixon, deputy state school superintendent, will come to Wheeler county on Oct. 1, for the purpose of checking rural aid schools for classification and affiliation. While in the county, Dixon will visit all of the schools.

During his stay here, which may cover several days, a county-wide teachers and trustees meeting will be held in Wheeler. All teachers in the common school and rural aid districts are required to attend. The public is invited. Definite date will be given later.

Wheeler is one of a group of Texas counties in which a survey is being made and conditions studied with a view to working out suggestions and changes for improvement of the school system.

## LEGION POST SPONSORING ALFRED'S COMEDIANS SHOW

If a change of pasture is good for the cows, so is a change of amusement for the people, and local folks have a treat in store when Jack and June Alfred's comedians open a week's engagement here next Monday night. Headed by Jack (Toby) Alfred, June, the Texas blues girl, and assisted by a company of talented artists, Wheeler will witness one of the best attractions of the season.

No sex nor gangster plays will be presented, Alfred realizing the ill effects these plays have on children. The opening play will be "Flowing Gold," a delightful comedy drama in three acts, with vaudeville specialties between acts.

Whether in a local theatre or under a tent, give stage shows the preference says the troupe's advance man. At the present time there are at least a million actors and musicians unemployed. The stage comes in the flesh. These people are good spenders and patronize local merchants. The average travelling company carries from 15 to 25 people.

You may bring your children and they will leave this show without any tendency to commit a crime for the thrill. The local Legion post is sponsoring the Alfred shows and will receive a percentage of the proceeds.

## Farewell Party

Thursday afternoon, Sept. 6, Mrs. Irma Richardson, who recently left for Altus, Okla., was pleasantly surprised with a farewell party. Mrs. Ennis Lee, Mrs. Arganbright and Mrs. Butler were hostesses for the occasion.

A pleasant social afternoon was spent, after which delicious refreshments were served to Mrs. Richardson, Mrs. Ray Brown and daughter, Dona Jo, Mrs. Carl Levitt, Mrs. Carl Owens, Mrs. Ches Martin, Mrs. A. B. Simpson, Mrs. Dillon, Mrs. Abernathy and Mrs. Hickerson.

## Allison Crowd Hears Veale Monday Evening

### County Administrator Outlines Past, Present and Future of Relief Program

Accompanied by Dr. F. N. Reynolds and C. R. Weatherly, County Relief Administrator W. Veale went Monday night to Allison, where he addressed a good sized crowd which had assembled to hear his discussion of the relief program, past, present and future, in Wheeler county.

The speaker presented an array of facts and figures, as well as offering observations of his own concerning the subject.

It was shown that since the inception of the relief program in this county, on Nov. 16, 1933, a considerable amount of money has been received for relief purposes. The total sum for all purposes—under CWA dispensation and TRC direct and work relief—is \$81,172.25. Of this amount, \$70,004.27 had been disbursed up to the first of the present week. The money has come from federal and state funds.

Taking the average number of families receiving aid as 400 (estimate supplied by Veale) gives figures on which to base a little calculation of the amount received by needy families during the past 10 months.

In his talk, Veale declared that every one who could possibly manage otherwise, should avoid getting on the relief rolls, since the trend is now too strongly toward the "dole." The administrator has stated that it is his belief that the county which depends least upon relief and most upon its own initiative will be the first to recover from the slump.

## Feed Loan Allowances To Cover Wider Scope

### May Be Obtained for Young Stock Retained for Breeding Purposes

Beginning Nov. 1, 1934, farmers and stockmen in the primary drouth areas may get feed loan allowances for this year's heifer calves, ewe lambs, and female kids in addition to the allowances being made for mature stock, according to Charles W. Sherrill, regional manager of the Emergency Crop and Feed Loan office at Dallas.

Sherrill said that feed loan allowances will be made only on such stock which are retained primarily for breeding purposes; and in no event will allowances be made to feed a larger number of young and mature stock in their respective classes than the number of mature stock which were owned and possessed by the borrower on April 1, 1934, or on sheep owned within six months prior to that date.

The emergency feed loans which are being advanced in the primary drouth areas are disbursed from the drouth relief appropriation approved June 19, 1934, and made in monthly allowances. Applications are received by the local crop and feed loan committees operating in counties throughout the drouth area. Begun early in July, to date more than 32,000 of such loans and supplemental advances have been made for over \$2,000,000.

Confirmation of seed loan time extensions, published in The Times last week, is contained in the following letter from the Emergency Crop Loan office in Dallas, and addressed to field supervisors and committee clerks:

The time for considering applications for loans for planting forage crops under the act approved June 19, 1934, authorizing emergency drouth feed loans, has been extended to the close of business Oct. 15, 1934.

You understand there is no closing date for loans for purchasing feed.

The letter is signed by Charles W. Sherrill, regional manager.

Mr. and Mrs. Otis Ford and his mother, Mrs. C. F. Ford, and Mrs. C. A. May and baby motored to Belco, Okla., Sunday to visit Mrs. Frank Thompson and children, returning that night.

Mr. and Mrs. G. B. Cole came home Saturday from Springfield, Colo., where they spent the week with their sons, Bun and Lance Cole, who brought them home and visited here until Sunday afternoon.

## Relief Corporation to Accept All AAA Cattle

### Although Buying Program Is Halted Purchases Already Made Will Be Received

Elaborating somewhat upon the brief dispatches issued Sept. 11, by C. Z. Crain and printed in The Times last week, a letter has been received from Austin concerning cessation of the federal government's cattle buying program in Texas. The letter says Crain was informed of the action in a telegram from George W. Barnes, representative of the Agricultural Adjustment administration at College Station.

Cattle have been bought by administration representatives, turned over to Texas Relief commission county administrators, who, as representatives of the Federal Surplus Relief corporation, have been responsible for shipment of the livestock from concentration points out of the state and to processing plants in the state.

The wire explained that the order was issued to permit AAA officials at Washington to make an audit of all operations. It did not say when buying will be resumed.

Crain hastened to assure ranchmen that all cattle bought by AAA representatives will be received by the Federal Surplus Relief corporation, even though they may not reach government pens for several days. He estimated that perhaps 20,000 head will be so received. These will not be shipped out of the state but will be processed for canning in Texas plants.

With approximately 2,000,000 pounds of boned meat on storage at Fort Worth and San Antonio, it was believed the 19 government plants in Texas can be kept busy until buying is resumed. There are some 8,000 persons employed at these plants and, with cattle distributed in the fresh meat program, the state itself is able to consume some 3,250 head per day.

Crain estimated that between \$00,000 and 1,000,000 head of cattle have been bought and that the government has expended approximately \$25,000,000 in the program in Texas.

In a clean-up shipment from this county, W. Veale, county administrator, shipped 59 head Sunday from Shamrock. This stock was sent to the Amarillo canning plant, and was the last stock received by the administrator under the stop-buying order.

## ASSEMBLY OF GOD CHURCH TO GET GIRL EVANGELIST

Members of the Church of God in Wheeler are looking forward with great interest to the coming of 9-year-old Charlene Pugh, the noted child evangelist, who will lead the congregation in a revival meeting. Original date for starting the revival was Sept. 18, but due to the illness of her mother, Miss Pugh has been delayed. However, she is expected any day now, and Rev. Alvin Walls, pastor of the church, is confident she will arrive by Sunday if not before.

The church extends a cordial invitation to the general public to attend the services and hear the young girl who has made a marked success in evangelistic work.

## Jury List for County Court

Monday, Oct. 1, is the date set for opening the fall term of county court, according to C. J. Meek, county clerk, who has announced the following list of jurors for the term.

## RELIEF MEETING HERE SATURDAY AFTERNOON

Attention is again called by The Times to a meeting which will occur in the district court room in Wheeler Saturday afternoon at 3 o'clock. County Administrator W. Veale will discuss local relief accomplishments and measures at the gathering, which every relief client in the county is urged to attend. The general public is also invited.

## Honesty Letter Awards Made

Although unavoidably delayed considerably beyond the date first set for making awards, The Times is pleased to announce the winners in a letter writing contest sponsored by the paper last June in conjunction with an advertising campaign conducted by the churches of Wheeler. A committee was appointed the latter part of last week to pass upon the merits of articles submitted on the question of "Does It Pay to Be Honest?"

After careful consideration of the entries, first place and an award of \$5 was given Mrs. P. E. Lowrie, Wellington. Second place was won by Dr. F. N. Reynolds of Wheeler, who will receive \$2.50, and O. J. Richardson, Allison, placed third, winning the \$1 award. Checks have been mailed out to the winners.

## Action Taken to End Gambling In County

### All Lottery Devices, Suit Clubs, Slot Machines Must Be Discontinued

Declaring that all lottery and gambling schemes in his district are in violation of the law and as such must be discontinued, District Attorney Lewis M. Goodrich, supported by County Attorney Clyde Fillmore, has started a drive to rid Wheeler county of such practices. Goodrich issued an ultimatum last Friday, giving operators and promoters fair warning.

Suppression of theatre gift nights, suit clubs where drawings are held and all gaming devices and slot machines is the objective of the campaign which will be waged by Goodrich in the four counties of his district.

The district attorney asserted that "gaming machines and lottery devices are in direct violation of the law and officers will be forced to arrest all parties participating in their use. This is a final warning," concluded Goodrich.

Operation of gaming devices and lottery schemes has grown to a point where the morals of the community are endangered, it is said.

But few machines of objectionable type have been operated in Wheeler during recent months, and these were of a mild nature, yet under the law must be banned. It is understood the new order has met with ready compliance here.

## FEDERAL LAND BANK LOANS TOTAL A HUNDRED MILLION

"Loans totaling more than one hundred million dollars were closed by the Federal Land Bank of Houston, for itself and as agent for the Land Bank Commissioner, during the 12 months ending August 31, 1934. At the close of business August 31, the Federal Land Bank and the Land Bank Commissioner had outstanding loans totaling \$252,394,176.82 on Texas farms and ranches," says the Texas Farm Credit News.

Agnes Reynolds is local secretary and correspondent of the Federal Land Bank and has handled loans here in a highly efficient manner.

Mr. and Mrs. Frank Cock of Shamrock, have rented the Clay property, first door north of the C. H. Clay home on south main. They will move in the last of the week.

Mrs. Wm. I. Joss and Elizabeth Joss left Sunday night for Denton, where Miss Joss will attend the Industrial Arts college this year. Mrs. Joss will visit relatives and friends at Commerce and Greenville, for about 10 days. Dr. Joss took them to Childress, returning Monday.

## County Club Folks Win Heavily at Fair

### Take 10 Firsts in Clothing and Home Dept.—38 Firsts in Home Demonstration

Wheeler county club members and 4-H girls won many awards at the Tri-State fair, Amarillo, the latter part of last week and the first of this week. In clothing and home improvement department contests, 10 firsts and a number of second and third places fell to Wheeler women and girls.

During the judging of women's home demonstration club work and girls 4-H club entries, on Friday and Saturday, the women won 17 firsts, 13 seconds and 11 thirds, while the girls captured 21 firsts, 10 seconds and 11 thirds, out of a possible 33 entries. This is according to figures supplied by Miss Viola Jones, Wheeler county home demonstration agent. Miss Jones was one of the judges this year.

The following are the prizes won by this county: In Women's Home Demonstration work: Mrs. H. H. Herd from Busy Bee club won 2nd in canned peas and Mrs. H. ## Penney Store In Shamrock Robbed

Following notification of the crime, local officers were on the alert Saturday night, watching for three men who hi-jacked the J. C. Penney store in Shamrock around 10 o'clock that evening. The robbers escaped with approximately \$300, it is reported.

Entering through the front door, the thugs herded store employees and several customers to the rear of the building at the point of guns. One of the men opened the cash register and scooped up the contents. They then left the store by the front way. J. C. Stribling, manager rushed to the door in time to see the robbers enter a car and drive off.

Officers were quickly apprised of the deed and nearby towns were notified to be on the lookout for the men. No advices of their apprehension has been received.

## UNREST IN POLITICS

For the last hundred years or so voters have gone to the polls and found two lists of candidates on their ballots. One bore the name Republican, the other Democrat. Today both major parties are torn and battered, mainly because of internal dissension. Authoritative observers are forecasting that we are on the verge of a political realignment that will mean the death of the old parties, the birth of new ones.

If that realignment comes, it will have the support of logic and reason. In the old days a political party stood for definite things and every candidate who ran on its ticket gave them his allegiance. At the present, neither party has a program that a majority of its members honestly support; neither can consistently obtain the allegiance that is essential to party discipline. In the Republican party, for example, are such diametrically opposed men as Senator Reed of Pennsylvania, and Senator Norris of Nebraska; it would be hard to think of a single issue on which they agree, yet each carries the same party label. In the Democratic party, a conservative such as Senator Glass of Virginia is faced with a radical such as Senator Bone of Washington—while the head of the party, President Roosevelt, maintains a middle ground between these opposing attitudes. The titular leader of the Republicans is former President Hoover—yet close to half of the party's members in the senate oppose his principles, and many of them, such as Johnson, Norris, LaFollette, and Borah refused to support him when he ran for re-election in 1932.

New parties, when and if they appear, will be definitely opposed in principle as well as name. One will consist of conservatives, the other of liberals and radicals. It is a noteworthy fact, as the always astute Frank Kent of the Baltimore Sun recently pointed out, that President Roosevelt did not once mention the name "Democrat" during the speeches he made on his tour of the United States and territories. Many persons close to Washington affairs think that the president is seeking to effect the realignment now, that he wants to do away with the Democratic party and start a new one made up of people who believe as he does when it comes to national policies.

A more concrete illustration of the current trend is afforded by the California primaries. In that state, Republican Senator Johnson filed for both nominations, carried them both by heavy majorities. And Upton Sinclair, a life-long Socialist, but a Democratic candidate, rode easily into the gubernatorial nomination over all "regular" Democratic candidates. In many states party lines have been destroyed in this manner.

There will be no new major party in 1936—but 1940 may tell a different story. By that time, President Roosevelt, if he is re-elected, will have come to the end of his presidential career, and will have to seek perpetuation of his policies through other men. There is no telling what the issues of that year will be—but it is forecast that within the next six years there will be a blow-up within the existing parties which will result in decisive change.

## MEANING OF LIBERALISM

No term has been subjected to greater misinterpretation in recent years than the ancient and honorable word "Liberalism." A multitude of men, some holding official positions of great importance, have used it to justify attempts to foist foreign theories of government upon our people, to restrict their liberties and their rights, and to excuse political quackery of the worst type.

In truth, Liberalism is best exemplified in fundamental Americanism—old fashioned Americanism, Constitutionalism. The genuine Liberal strives to free the people, not to bind them with the chains of bureaucracy. He seeks to give them the widest possible scope for their abilities, not to restrict them with laws and pronouncements. The right to work, to save, to own property and have it protected by the government, to prepare for one's old age, to assure the welfare of dependents—these are tenets of real Liberalism, Constitutionalism.

Throughout the world we have witnessed what happens to great nations when this type of Liberalism is crushed beneath the iron heel of bureaucratic dictatorships. Germany, Russia, Italy—here are prime examples of what political "isms" can do to a people. Free speech, freedom of the press, freedom of action, liberty—all are outlawed and punishable offenses. If it were possible, freedom of thought would receive the same treatment.

The American people should hold tightly to their constitutional heritage—it has been tested by the years, and has been found good. If the people fail to do this, all that our forefathers gave to us will be destroyed.

During the summer months those warnings you see on country roads and in city streets, "School Ahead—Slow Down!" or "School Ahead—Watch Out!" mean little to you. You know the buildings are closed and the youngsters scattered to all points of the compass, and you continue your speed without slackening.

Now, however, those signs have a grave significance. Throughout the country, 30 million children have again picked up their textbooks and readers and are busy at their school-work. The signs are a vital warning to all motorists to watch out for the youngsters.

In spite of the efforts of school authorities and safety workers, automobile casualties still account for more child fatalities than any other accidental cause. Last year, 4,100 boys and girls of school age were killed in such mishaps, and many thousands more were injured, according to figures supplied by the National Bureau of Casualty and Surety Underwriters.

The evidence underlying the statistics appears to place the blame heavily on motorists, for the youngsters have shown a remarkable ability to watch out for themselves by observing safety rules and principles. In five years, for example, while motor vehicle accidents involving adults have increased 34 per cent, those involving children have decreased 20 per cent.

It has been said that the achievement in the schools is the brightest spot in the entire safety movement. Children can be taught to respect and obey the rules of governing their own conduct in traffic, but they are helpless if careless motorists refuse to co-operate.

Motorists, take care for school children. The sign: "School Ahead—Slow Down!" is a driving commandment.

## TAXES AND CAPITAL

In a recent address on "Our National Wealth and National Income," Dr. Virgil Jordan, president of the National Industrial Conference board, blasts the old and ever-recurring belief that redistribution of wealth, accomplished through taxation or any other means, would be of benefit to the masses of people.

Jordan points out something that should be thoroughly understood—that national wealth is simply a name for the things people use for land, houses, machinery, furniture, gold, silver and so on. In themselves, these things are mostly worthless—a steel factory, for example, may cost many millions of dollars but if it stands idle it is entirely without value. The only measure of value is production of articles which people want, need and will buy. To produce such articles, men and materials must be brought together in one place, headed by management competent to distribute and sell their products.

As a consequence, every citizen has a much larger share in the national wealth than he realizes. The man who earns a hundred dollars a month, to use an illustration, has at his disposal 25 or 30 thousand dollars worth of the national wealth. Someone has given it to him to work with—and all reap the benefits. Had it not been possible for someone to have saved and invested the capital that produces this worker's income, he would be out of a job.

Those who wish to tax capita; out of existence, in the Utopian hope that this would bring prosperity to the workers, should think that over. The prosperity and happiness of the worker is absolutely dependent on concentrations of capital which he may use—capital which produces the wealth that feeds and clothes and shelters him and his family. And in this connection, no conclusion could be more fitting than Jordan's statement: "In no country have the savings of the people—rich and poor together—been returned so rapidly to the service of the community."

Publishers of small town weeklies may get several valuable ideas from the study of the other fellow's publications published under similar cir-

cumstances. As a basis of comparison we recommend the following Texas weeklies of the Panhandle for general appearance and publicity value: Miami Chief, Groom News, News of Silverton, The Times of Wheeler, News of Dumas.

Then to get a slant on a brave little country weekly that has survived hell and half way back again in the middle of the desert in South Dakota, you will want to see the Bristol, S. Dak. New Era. Please enclose postage because the paper is worth a dime any time, drouth or no drouth.—Donley County Leader.

## WHY NOT HAVE A HOBBY?

For spare time why not have a hobby? It will occupy leisure hours that would otherwise be wasted, because it can be made so interesting and worthwhile one might want to follow the hobby in place of his vocation. Many people have turned their hobbies into practical ideas that earned large sums of money, such as the finding of rare old stamps.

A hobby could become so interesting to anyone that it would last all that person's lifetime. Friendship, that is particularly desired by one person, could spring up by use of interesting hobbies. Almost every great man had his hobby. Franklin took daily observation of his habits and proceedings.

Some "collecting bugs" gather autographs and photographs of movie stars, football players and radio performers. Other people like to gather knick-knacks such as pitchers, china dogs, vases, old pottery and perfume bottles. Collections of objects of nature would make an interesting hobby. Among these could be rocks and insects; making rock gardens and lily ponds and practicing taxidermy.

A high school student could collect stamps, postmarks, and poems by favorite authors, or sheets of music and paintings. Those interested in farming might join 4-H or F. F. A. clubs. Get yourself a hobby.—T.C.

## Hunting Cover

Who said these Wheeler Mustangs aren't swell and can't stampee? You may not think so, but if you listen to this, surely you will be convinced. Last Thursday afternoon, just after football practice at the field, about 25 strong galloping Mustangs came trotting across the pasture in a heavy run.

Now to tell where I came in. I know the Mustangs are so swell, because I was coming from calling the cows home, and, believe me, when I saw that herd of huskies coming, I certainly did get under cover and I mean in a hurry.

## DOROTHY TOLLIVER WILL HELP LEAD PEP SQUAD

Because of the resignation of Doris Tolliver Crowder, her sister, Dorothy Tolliver, sophomore, was chosen Pep Squad leader Monday afternoon. She will assist Nerine Young.

Dorothy is a member of the Home Economics club and was co-captain of the junior basket ball team last year.

## SPANISH CLUB MEMBERS CHOOSE YEAR'S OFFICIALS

During the physical education period Tuesday morning, the Spanish club met in the home room of their sponsor, Mrs. J. L. Gilmore, to choose officers.

Evelyn Balch was selected president; Rutha Mae Conner, vice-president; La Veau Cole, secretary, and Laney Mae Tillman, treasurer.

The three girls are juniors and are members of the Home Economics club. Rutha Mae and Laney Mae are also in the Pep Squad. Laney Mae has played on the basketball team for three years. La Veau, a senior, is the joke editor of the "Corral" and comes out for football.

## TEN NEW PUPILS ENROLL SINCE SCHOOL STARTED

Ten new pupils have enrolled in the high school since school began Sept. 3.

Among the freshmen are: Loretta Badley, Amarillo; L. C. Calhoun and Ray Mason, Pleasant Hill; Raymond Holley and Huffman Walker, Locust Grove; Mary Bell Johnston, Sweetwater; and Fern George, Pleasant Valley.

Mack Shirley who comes from Magic City, is a senior. Mack was vice president of the junior class last year. He has been in track three years, and is coming out for his first year of football.

Those not yet classified are: Chandos Robertson and Zinna Mae Holley, Locust Grove, and Loula Clarke, Barksdale.

## Students Elect "Corral" Staff

Fay Ficke was elected editor and Theodore Conner assistant editor of "The Corral" by the journalism students Monday afternoon at class time.

Other officers chosen were: sports editor, Carlisle Robison; exchange editor, Loula Clarke; and joke editor, La Veau Cole.

Fay is a junior now but will classify as a senior at mid-term. She was president of the sophomore class last year. This year she is in the Pep Squad and the Spanish club. Theodore is president of the senior class and a member of the Spanish club. He was vice president of the junior class of '33.

Carlisle is vice president of the senior class this year. He plays football and belongs to the Lettermen's club. Loula is a senior. She is a member of the Home Economics and the Spanish clubs and the Pep Squad. La Veau is a senior. He is in the Spanish club and plays football.

Other members of the class who will act as reporters are: Ruth Faye Garrison, Dorothy Burgess, Jack Guynes, and Travis Jones.

## GRADE SCHOOL OFFICERS CHOSEN FOR THIS TERM

Class officials have been chosen in most of the grammar grades and organization of work is under way.

Learning about Indians seems to be the objective of the first three grades this year.

First grade students have made an Indian sand table, and the second grade is planning an Indian play, along with making of Indian rugs, a blanket, in which each child will color a square, dishes, and other pieces of pottery. Third grade pupils are studying the life of the Indians. Original stories and poems, picture writing, designing, and a scrap book are being made.

The fourth grade is preparing a scrap book of educational events and is planning to organize a club Friday by the name "Tell a Tale and Listen a While." They also have a Health Squad for each week with a captain and six guards who inspect each row. All the children are inspected on these points: clean teeth, hair brushed, clean clothes, and shoes neat. Edwina Flanagan acted as captain last week; the captain this week is Emily Lou Ahler.

Mrs. G. O. McCrohan, the fifth grade instructor, has planned a class program every two weeks in order to give training and to discover the talent of each child. Speed tests in reading will be given once each month to improve the students reading. Class officers for this year are: President, Wayne Rogers; vice president, Adrain Risner; secretary and treasurer, Dorothy Lee Watson.

"The sixth grade class of this year is wide awake and great things are expected from them. You'll hear more of what they do later as they plan to be the leading class this year," states Miss Ruth Ewing, home teacher. The following officers were elected: President, L'Ombre Brazzil; vice president, C. W. May; secretary and treasurer, Presley Guynes. Program committee: Malcolm Crowder, Leona Brigman, Tris Hooker and Louise Schulze. Entertainment committee: Aline Coleman, Silva Louise Ficke, Theodore Cooper and Carroll Adams.

R. E. Clark sponsor for the seventh grade, says that this group is expecting to accomplish more this year than any seventh grade class that has gone before them. The officers selected are as follows: President, Geraldine Lewis; vice president, Earl Howard Gilmore; secretary and treasurer, Jackie St. Clair; program committee, Albert Gunter, Johnnie Fay Templeton and Harrison Hall; entertainment committee, Arlie Cole, Alvern Hampton, Helen Flynt and Caroline McBee.

## MUSTANGS INTRODUCED IN CHAPEL BY CAPTAIN

Both high school and junior high students met in the auditorium last Friday morning for a pep meeting. The assembly was opened by the Pep Squad who gave several yells and songs.

Coach Bob Clark then gave a short talk. Curtis Weeks introduced the football boys who in turn told their weight, position they play and the number of years they have come out for football. The meeting was closed with yells given by the Pep Squad.

Boost for Wheeler High School.

## Lewis Gives Party to Pep Squad, Mustangs

To show his appreciation to the football boys and the Pep Squad girls, O. Lewis entertained these groups with a party at the Lewis Cafe Friday night.

After playing several games, refreshments of ice cream and cake was served to the following: Nerine Young, Nettie Vee Jamison, Ruth Faye Garrison, Dorothy Tolliver, Laney Mae Tillman, Parilee Clay, Geraldine Lewis, Janette Hale, Ella Pearl Starkey, Fern George, Louise Craig, Aline Buchanan, June Ashley, Jonnie Lewis, Imogene Jamison, Bonnie Adams, Orveta Puett, Lavelle Jacob, Bobbie Joe Hyatt, Dawn Weatherly, Bonnie Rice, H. E. Young, Curtis Weeks, Derwood Lewis, Mack Shirley, R. J. Puckett, Bob Tillman, Boh Clemens, Junior Jamison, Buster Callan, Charley Hix, Ford Newkirk, Charles Red, O. D. Connor, Clifford Tillman, Alton Weeks, Cecil Sherwood, Billy Noah, Carlisle Robison, Jack Tate, La Veau Cole, Amos Page, Coy Hix, and J. R. Burke.

## GROUNDS ARE LEVELLED WITH TRACTOR-GRADER

Work was begun Tuesday morning cleaning and leveling the school ground to make a gridiron for the junior boys and to provide space for other games to be played. A tractor and grader belonging to precinct No. 1, is being used, with Commissioner D. G. Sims supervising the work. The work is being donated free of charge.

"This will add greatly to the appearance of the school," states Supt. J. L. Gilmore.

## CAUGHT in the LASSOO'S NOOSE

Wonder why a certain senior girl is so downcast? Maybe a sad farewell in Childress Saturday night is the cause of it.

We hear that La Veau is learning to flirt. Be careful, La Veau. You might get a fall.

Am I the only one that saw Bonnie and her boy friend Friday night? That Mobeetie boy friend might get jealous.

Ruth Faye, better leave the fences alone. I know a girl that got hurt one day trying to jump a fence.

Come on Mustangs, you must beat those Irishmen Friday night.

Derwood, when did you move over beside Nettie Vee? Curtis might not like it.

Where was Fay Saturday night? How about it, Fay?

I heard that Rutha Mae likes red hair.

Wonder why some of the senior girls seem so excited? Maybe the new classmate from Magic City is the cause of it.

Be careful, football hero, some of the girls don't like to be twotimed.

## Warriors Defeat Mustangs 6-0

Miami Warriors defeated the Mustangs 6-0 on the local Friday afternoon. Coach Clark says that most of the boys seen but they played good.

The Warriors outweighed the Mustangs by about five pounds and which gave them an ad-

vanage. The Warriors gained yards over every play. The Mustangs' passing attack went over nicely. The Warriors completed three nice ones. The Mustangs caught a pass that almost was impossible, jumping high into the air and bringing the ball in. Curtis Weeks made a fifty yard dash to Miami's one yard line. The ball was brought back. Weeks was excellent punting the entire game. According to football fans, the Mustangs' score for the Warriors came in the third quarter when a visitor out twenty-five yards for a touchdown.

Starting lineup for the locals:  
 —Mack Shirley.  
 —Clifford Tillman.  
 —O. D. Conner.  
 —Lowery Deering.  
 —Cecil Sherwood.  
 —Ford Newkirk.  
 —Charles Hix.  
 —Carlisle Robison.  
 —Derwood Lewis.  
 —Jack Tate.  
 —Curtis Weeks.

## Artist Lectures to High School Students

W. Ninninger of the Ninninger studio, Denver, Colo., who visited the school last Wednesday, was out the route of a meteorite he thought landed somewhere in the Panhandle. The fireball passed through Hutchinson, Kansas, Thursday, Sept. 13, at 8:00 p. m.

While discussing the subject, Mr. Ninninger, who is also connected with the Smithsonian Institute, stated that meteorites travel 25 times as fast as rifle bullets and that out of 100 meteorites, there is an average of 1000 iron and 480 stones.

An Arkansas meteorite was found after it landed that weighed 1000 pounds. A meteorite was found in the state of New York, which was the size of an automobile and weighed 36 tons.

Ninninger laboratory will pay \$100 for pieces of meteorites at any time. Among the high school students who saw the meteorite passed near here were Curtis Weeks, Herbert Whitener, and Nettie Vee Jamison. Ninninger interviewed each one and gathered information about the meteorite.

## BOYS GIRLS CAN—CORN, BEANS, PEAS, TOMATOES

The second year home economics class are canning, this week, various fruits and vegetables which will be in the preparation of break-luncheons, and dinners throughout the year. Corn, peas, beans and tomatoes are being canned.

Last Thursday these girls with their teacher, Mrs. Gordon Whitener, visited the Wheeler cannery where they studied methods of canning and preparing foods.

## FOOTBALL EQUIPMENT IS ORDERED FOR MUSTANGS

New football equipment, which included three pair of pants, six der pads, two dozen work shirts, two wraps, seven pairs of shoes, three footballs are being used by the Mustangs. One dozen jerseys have been ordered and expected soon.

Coach Bob Clark states that the equipment is fairly well equipped for the Mustangs, but that more supplies are expected to be ordered soon.

Happenings of Interest by and for Home Demonstration Club Women of the County

Joy Bill Riley, food preservation demonstrator for the Dixon 4-H club, has not only planted a spring and fall garden, but she has canned 211 quarts of five varieties of foods and set out 20 trees, 100 berry vines and 300 grape vines this year.

Joy Bill says about her garden: "I broke my garden early in the spring. I made my hot bed and planted tomatoes, potatoes, peppers, cabbage and collards. My plants came up and were growing nicely, when it came a sand storm and covered them up head and ears. I got a shovel and cleaned the sand off of them. Just as they began to grow again, our dog got in and scratched part of them up. My plants grew well until time to put them out. I then planted corn and Irish potatoes. My garden grew rapidly until the drouth struck and I had only one mess of roasting ears; got enough beans off my vines to can 14 quarts and the corn and beans both died.

"My tomatoes are beginning to ripen. I have some pretty sweet potato vines. I have planted turnips and mustard in my fall garden. I expect to can greens enough for my family from these."

Joy Bill did not sell any vegetables but she sold five bushels of peaches and 15 gallons of berries, making her a profit of \$11.00.

In conclusion she says: "Club work has meant much to me; I have learned to can, sew and cook. I won a trip to A. & M. short course this summer and learned many interesting and helpful things I shall not soon forget"

Ruby Boren, co-operator in food preservation and clothing for the Dixon 4-H club, has already canned 323 quarts of 11 varieties of foods this club year. She has canned 102 quarts of meat and vegetables, 15 quarts of peach pickles, six quarts of plums, 116 quarts of grape juice, three quarts of grape jelly, quart of peach butter, quart of cucumber pickles, and a quart of piemelone preserves. She won second place on her canned peaches and third place on her cucumber pickles in the county fair.

Ruby says: "The drouth killed my garden so all it produced was radishes and swiss chard and I planted okra over in the beginning of the drouth, but it did not come up for lack of moisture. Since the rain on the 23 of August, it has come to a stand. I planted beets, turnips, mustard and cucumbers. I had cabbage left and they will have a chance for making."

The total value of sewing that Ruby has done this year amounts to \$59.35. She has made three quilts, eight cotton dresses, two nice dresses, two smocks, four aprons, eight cup-towels, 12 undergarments, one child's dress, three hats, one pair of curtains.

Ruby is a second year club girl and she expresses her desire to continue the work and make each year better until she is unable to do 4-H work any longer.

**Allison Club Notes**

**MAY USE AAA DAIRY COWS FOR REHABILITATION AID**

Dairy cows bought in Texas by the Federal Surplus Relief corporation under the AAA cattle buying program, will, in many cases, be turned over to the Texas relief commission for distribution to rural rehabilitation clients, it has been announced by J. E. Stanford, head of the department.

Rural supervisors, Stanford said, will, wherever possible, select within the county such cattle as they require to meet the needs of clients. This will permit hand-picking the livestock and insure the receipt of desirable cattle by the client.

Stanford instructed rural supervisors to be careful in their selection of cattle. When it becomes necessary to buy in carload lots, the office here will locate cattle through the Federal Surplus Relief corporation and advise the nearest rural supervisor to go to that point and select the carload of cows.

The cows will be sold to the clients in the usual manner at a price in keeping with the average price of dairy cows in the county in which they are bought. The sale will be effected through use of a relief commission disbursing order together with a regular note and chattel mortgage. Supervisors were urged to determine immediately the number of dairy cattle they will be able to use in their program.

Grainger McIlhany and Tom Wood left Saturday for Stephenville, where they will enter John Tarleton.

At the Churches

FIRST BAPTIST CHURCH  
REV. ALAMO STARKEY, Pastor  
Sunday school begins at 9:45 a. m. Preaching services both morning and evening. The B. T. S. meets at 8 p. m. Women's Missionary union at 3 p. m., each Monday. Prayer meeting each Wednesday evening. We urge all to attend these services.

ASSEMBLY OF GOD CHURCH  
REV. ALVIN WALLS, Pastor  
Sunday school at 10 a. m., preaching at 11 a. m. and 8 p. m.  
Christ's Ambassadors Tuesday night, 8 p. m. Regular services Thursday and Saturday night.  
A hearty welcome awaits you at this church. The whole Gospel for the whole world.

METHODIST CHURCH  
J. EDMUND KIRBY, Pastor  
A good place to go every Sunday morning at 9:45 is to the church. Why rob your own soul and the soul of your family by denying them this spiritual food which is necessary for man if he is to live in the fullest sense? This church welcomes you to its services. The tragedy is that so many of you never fully appreciate the value of these services enough to be present for them. The services of this CHURCH are for YOU, and unless you are present the value is lost for you. Make us glad by your presence at Sunday school and church Sunday.  
Preaching at the morning and evening hour by the pastor. Morning service at 11 o'clock. Evening service at 8 o'clock.  
Every Wednesday evening at 8 o'clock we have for you an hour of

entertainment and inspiration through moving pictures and Bible study. We keep you only one hour. All people of the community are invited and welcome at these mid-week services. Next Wednesday night we will show in addition to the two educational films; "The Tower of Babel." Read the Biblical account of this tower and be present next Wednesday night.
