THE COUNTY SEAT NEWSPAPER

Briscoe Lady Heads County Club Council

Mrs. Candler Elected Chairman at Regular Meeting Here Saturday

During the regular meeting of the county club council, held at the clubrooms in Wheeler last Saturday, Mrs. C. H. Candler of the Briscoe Home Demonstration club, was elected chairman of the group for the ensuing year. Other officers chosen included Mrs. Tyson, Mobeetie, vice chairman; Mrs. Jim Risner, Wheeler, secretary-treasurer, and Miss Zura Bullock of the Davis club, reporter.

Due to an error in consulting a calendar, it has been reported that the meeting date in December would be changed from the third Saturday to the second to avoid conflict with another meeting. This is incorrect. The December meeting will be held on the third Saturday as usual, which will be Dec. 15. At that meeting, the new officers will be installed. A program, "America, Let's Choose," will be presented by different clubs.

With Mrs. C. B. Witt, chairman, presiding, discussions of the AAA program and Bankhead bill were heard.

Arrangements were made for a tea to be held in Wheeler next Saturday, Nov. 24, beginning at 2 o'clock in the afternoon. Each club is to send two delegates to the event, which will be in the form of a demonstration. Several members of the Shamrock club are expected.

Plans were also completed for a series of mattress schools, at which Miss Viola Jones will give demonstrations on the making of a mattress. Shamrock will have an all-day session for this purpose on Tuesday, Dec. 4, at the Odd Fellows hall with the Three Leaf club as hostess. Members of Lela, Heald, Ramsdell, Bethel, China Flat, and Pagan clubs are invited. Each lady is asked to bring a covered dish of food for the noon luncheon.

On Thursday, Dec. 6, a school is scheduled at Briscoe, for members of the Allison and Briscoe clubs.

Friday, Dec. 7, is the date of the Wheeler demonstration. Members of the Busy Bee, Wheeler, Magic City, Mobeetie, Twitty, Davis and Kelton clubs are expected to attend this school.

According to Miss Viola Jones, the finished mattresses will be turned over to the ladies selected as bedroom demonstrators for the coming year. They are: Mrs. Howard Leake of the Shamrock club; Mrs. J. E. Willard, Busy Bee club, and Mrs. Jewel Shaffer, Twitty club.

Cotton Pool to Close Saturday

According to information obtained at the county agent's office the national pool for tax exempt cotton certificates will positively close Saturday, Nov. 24. All producers wishing to pool certificates must get them into the agent's office not later than Saturday.

Many cotton growers have listed their certificates during this week, at times taxing the force to capacity in handling the business.

Around five and a half million pounds of lint certificates had been pledged early this week, announced H. M. Breedlove, who is in charge of the work.

Loyse Bolton has been ill since Sunday with the flu. He was able to be up some Thursday but was not able to be at the City Market.

NOTICE, ADVERTISERS AND TIMES NEWS GATHERERS

With Thanksgiving coming on Thursday of next week, the usual press day for The Times, all advertisers and news reporters are requested to co-operate with us getting material in as early as possible for next week's issue of the paper. The management hopes to get the paper out of the way in time for a few hours off Thanksgiving day, yet we do not want to neglect our valued advertisers nor leave out news. Your co-operation to that end will be greatly appreciated by The Times force.

Date of Bankhead Vote Not Set Yet

Despite an erroneous report circulated by a certain newspaper, the date has not been set for cotton producers to vote on the Bankhead Act. This is according to Jake Tarter, county agent, who declared Wednesday that he did not know when the referendum would be held, but thought it would be during the first week in December. He promised to notify The Times just as soon as a date had been chosen so the paper may inform its readers.

During this week, beginning Wednesday evening at Twitty, a series of educational meetings to discuss the world cotton situation before the referendum vote is taken, are being held throughout the county.

This afternoon a meeting was held at Shamrock, attended by Jake Tarter and H. M. Breedlove from the agent's office. Another meeting will be held at Kelton tonight.

Tomorrow, Friday, morning at 10 o'clock one of the discussions will be heard at Allison; another at Mobeetie at 2:00 p. m., and the series will close with a session at Heald in the evening.

Efforts are being made to fully acquaint producers with the merits of the Bankhead Act. It is thought that during this series of meetings, places for voting will be designated; then the date will be announced as soon as decided.

FATHER-SON BANQUET AT MOBEETIE

Plans are complete for the Father and Son banquet to be held at Mobeetie, Tuesday night, Nov. 27. The event is sponsored by the Bluebonnet Study club of that city. Proceeds will go to the new Home Economics department of the high school.

Preparations are being made to accommodate about 125 men and boys at the dinner and program.

Among the speakers already arranged for are W. C. Perkins, superintendent of the Shamrock schools; M. W. Graves, superintendent of the Briscoe schools; Rev. J. Edmund Kirby, pastor of the Wheeler Methodist church; O. B. Miller, county superintendent of schools, and several others.

MOBEETIE ATHLETES ARE BUSY

Basketball season opened in Mobeetie this week for the coming year. According to Supt. Carl Chaudoin, 52 huskies reported for work-out the first day and others are expected to be in line soon. Four of last year's first stringers will be on deck this year. The two Hicks boys from Twitty are expected to make good players; Adkins from Oklahoma is showing up as one of the best guards in this section, and Crump, a new man from Dimmitt, looks good at center. Several other men look like real first stringers. Mobeetie expects to have at least five good senior boys teams this year.

Coach Fowler is working hard to get a team in good shape for the Allison tournament next month. Mobeetie defeated Canadian last Friday, 6 to 0, in their last football game of the season. Mobeetie played nine games this season, winning five and losing four.

HOW DOES APPARENTLY DETACHED LAMP BURN?

That is question asked by many people who have stopped to look at the electric lamp burning brightly in the Panhandle Power & Light Co. window. Hanging by a shoestring from a small wooden bracket, the light shows no visible connection with a source of "juice." One lady was heard to remark: "Well, if lights will burn like that, why have a lot of expensive wiring in the house?"

Manager I. L. Boaz would probably reveal the secret if coaxed a little.

Local Methodist Pastor Returned Another Year

Northwest Texas Conference Returns Rev. J. Edmund Kirby to Wheeler Charge

According to reports from the conference, an optimistic attitude pervaded the gathering. Considerable encouragement was derived from the healthy membership gain reported throughout the conference. A summary of statistics shows a total membership now of 68,894, with 319 church buildings valued at approximately four million dollars. This year, presiding elders were paid a total of nearly \$34,000 and preachers something over \$234,000. The conference raised \$724,000, an increase of slightly more than \$20,000 over last year.

POPULAR YOUNG COUNTY COUPLE WEDS SATURDAY

A wedding that will be of interest to people of Wheeler and vicinity was celebrated Saturday evening, Nov. 17, when Miss Vinita Mae Creekmore, oldest daughter of Mr. and Mrs. J. H. Creekmore of Mobeetie, and Mr. Elton Myers, son of Mr. and Mrs. A. W. Myers of Mobeetie, were married at the home of the groom's parents. Rev. A. C. Wood of Wheeler read the beautiful ceremony in the presence of the immediate family.

Mrs. Myers attended high school in Wheeler, graduating in 1930 with honors. She entered Amarillo business college that fall and completed her stenographic course in less than a year and secured a position at the Amarillo hotel as public stenographer, where she remained until last year when she accepted a position at the FERA office in Wheeler, where she is certifying officer. She is a member of the Baptist church, where she takes an active part. She is also a member of the Business and Professional Womens club.

Mr. Myers is a young business man of Shamrock, where he is employed as manager of the Superior Dry cleaning establishment. He has many friends in Wellington, where he graduated from high school. After working a while he attended business college at Lawton, Okla., graduating in 1929. Since then he has made his home with his parents at Mobeetie, where he has been working until recently.

Mr. and Mrs. A. W. Myers served a delicious wedding dinner to the bridal party and guests. Mr. and Mrs. Myers left immediately following the dinner for a honeymoon trip to Amarillo. They returned Tuesday to Wheeler, where they will make their home for the present.

Wheeler Scouts Now Have Live Program

Troop Meets Each Monday Evening—Members Passing Tests Regularly

Increased interest and activity is reported in the Wheeler Boy Scout organization by supervisors directing the work. To date 26 boys have been registered and three patrols formed. Members are passing tests regularly.

The Scouts meet at the Methodist church each Monday evening at 7 o'clock.

Officials extend an invitation to all boys between the ages of 12 and 21 in Wheeler and vicinity, who are interested in Scouting, to meet with the troop next Monday night. It is pointed out that only six more boys will be admitted to Troop 77, and those who wish to join are asked to act immediately, since 32 is the maximum number for this troop. Of course, if enough boys show a desire to enroll, another troop can be formed after No. 77 has its full quota.

Citizens of Wheeler having odd jobs of work to be done will confer a favor on the Scouts and be of considerable help by getting in touch with Rev. J. Edmund Kirby, who will provide a Scout to do the work.

In this connection, as well as in a general way, the following expression should become a slogan: "Help build good citizens by helping the Scouts."

Those supervising Boy Scout work in Wheeler are: C. J. Meek, Rev. H. V. Hendry, Coach Bob Clark, Bill Miller and Rev. J. Edmund Kirby.

PROGRAM AND BOX SUPPER AT TWITTY

APPLE TREES PRODUCE SECOND CROP OF FRUIT

Another of the season's freaks was brought to The Times office Tuesday by R. L. McClain, who lives two miles north of town. It was a fully matured, though small, apple from the second crop on a 30-year-old Ben Davis tree at his place. The tree bloomed as usual in the spring and set on fruit. During the hot, dry summer the apples shriveled and fell off. After the rains began late in August two of the trees again bloomed and developed a sprinkling of fruit, which is now ripe and well-colored.

District Court Ends Week of Civil Cases

Monday Marks Start of Criminal Term—Judge Ewing to Occupy Bench

With the return of four more bills by the grand jury in its report Tuesday, indictments for the term total 12. Following its report, the grand jury was adjourned until Monday, Dec. 10.

Among the civil cases heard during the present week was a compensation suit by Ernest Cooper vs. Texas Employers association. The matter was settled by agreement.

In the case of the Texas Bitulithic Co. vs. W. R. Williams, a decision was rendered for the plaintiff.

An injunction suit, Ernest Lee vs. George Albert Brown, et al., was being heard by a jury this afternoon. No decision had been rendered late in the afternoon. The remainder of the jury panel was dismissed for the rest of the week.

Monday marks the beginning of the first week of criminal court for the term. Judge W. R. Ewing will resume the bench at that time. He has presided over the 84th district court sessions at Perryton this week, while Judge E. J. Pickens of that district, who had exchanged with Ewing, presided here.

The entire criminal docket will be called Monday, at which time the cases will be set.

WHAT CREATES WEALTH?

Government cannot create wealth. It can only spend it.

That economic axiom was recently pointed out by B. C. Forbes, in commenting on the delusion that government has a limitless purse, that it can pull bundles of cash out of a magic hat, that "a day of reckoning comes."

Every cent spent by political organizations must be supplied by the taxpayer. And that term, "taxpayer," means every person in the country who has a job, any savings, a piece of property, a business, or a dollar to spend. It means the day laborer as well as the bank president—the clerks as well as the executive. In fact, the clerk and the day laborer have the most to lose from tax extravagance and the most to gain from tax economy. Government cannot be supported by taxing men of wealth—there aren't enough of them to make a dent in the budget. The great bulk of its revenue comes from indirect taxes on clothes, food—all the necessities and luxuries which the average man and woman of small income buys.

Wealth is created when capital is used to provide facilities with which men can work to produce goods and commodities and services that the people need and want. Potential wealth is lost when the burden of taxation makes impossible this capital investment—when it stifles at the source the jobs and opportunities that would otherwise be provided.

Tax reduction is the interest of every worker, every farmer, every business and professional man. It would produce jobs, develop industries—and make more taxable wealth. And there is only one way we can have tax reduction—by spending less tax money.

USE TAX WHERE INTENDED

The American Road Builders association recently announced a drive against diversion of gasoline and automobile taxes from highway purposes. In support of the drive, the aid of the public, legislative bodies and chambers of commerce will be sought.

The association contends that gasoline tax diversion—whereby the motorist is made to pay for something he doesn't get—is one of the biggest obstacles to the maintenance of an adequate program of highway construction in this country. In order to give the public the complete facts, the association plans to gather nation-wide information concerning the amount of gasoline tax funds diverted, and the purpose for which they are used.

It is doubtful if any tax has ever been so abused as that levied against gasoline. The tax was initiated some twenty years ago in order to make the good roads movement possible. It was predicated on the theory that motorists, who receive the principal benefit from fine highways, would not object to contributing, through the tax, a special fund for their construction and maintenance. The average motorist did not object—he was even eager to pay the tax, believing it to be equitable and just.

So it was—when it was used exclusively for road work. But during recent years more and more states have come to depend upon the gas tax as an inexhaustible source of

revenue for the general fund. The tax rate has been upped time and again—and less and less of the revenue has gone to highway departments. As a result, whenever the motorist takes his car out he is forced to pay a special, class tax much of which is used to defray the cost of things which should be paid for by a tax equally affecting all people.

The motorist has stood for this "tax racket" long enough. It is a pretty safe forecast that he will rally with cheers behind the new drive to use gasoline taxes only for the purposes for which they were originally intended.

OUR LIBERTIES AT STAKE

In one of his books, the late ex-President Wilson said: "I do not want to live under a philanthropy. I do not want to be taken care of by the government. . . . I want only to have right and justice prevail so far as I am concerned. Give me right and justice and I will undertake to take care of myself. I will not live under trustees if I can help it. I do not care how wise, how patriotic, the trustees may be. I have never heard of any group of men in whose hands I am willing to trust the liberties of the American people."

Woodrow Wilson, before he became president, was a distinguished educator and historian, and in that statement he ably reflects the true American spirit—the spirit that won our independence, wrote our constitution, and gave us democratic government. That spirit is the direct antithesis of paternalism. Its base is in the solid rock of individual self-reliance. Its image is the typical American who, like the war president, wants no one to determine his destinies, and wants only, under fair conditions, to carve out his own future.

If we, as a people, lose that spirit, the word Democracy will ring hollowly indeed. The nation abounds with those who would have us accept paternalism, fascism, communism—one form or another of dictatorship. They would have us surrender our liberties to a group of public trustees. And by doing that we would, in the fine words of the old saying, be trading our inheritance for a mess of pottage.

THEY DON'T MIX

Whether you are a "wet" or a "dry", this fact will interest you: Repeal of prohibition has resulted in a tremendous increase in drunken driving, according to reports of police bureaus, safety departments and similar organizations. No one knows whether this is due to people drinking more now than during the prohibition era—but it is a fact that more people are taking drinks and then getting behind the wheels of their cars.

A driver does not even have to be noticeably drunk to be dangerous. Investigations show that very moderate doses of alcohol produce the following effects on the average driver: Slower reactions, less uniformity in response, a narrowing of the field of attention, a rise in self-assurance which breeds recklessness, and a general decline in mechanical efficiency. The change occurring may be relatively slight—but when the driver is in sole charge of a hurtling mass of metal, it becomes important indeed. A man who shows few signs of his drinking, and is a pleasant and rational companion, may become a menace to the public in his car.

The "wets" of the country should take the lead in discouraging the drunken driver. He is one of the worst dangers to the cause they espouse—"alcohol on the highway" is certain to be used as a potent argument for prohibition. Today, with liquor legally on sale in the bulk of states, legislation to curb drunken driving should be made even stiffer than in the past—and should be enforced to the letter. Alcohol and gasoline don't mix.

AS THE BURDEN GROWS

There seems to be no doubt in Floyd county, for an instance, the burden of relief measures for the protection of life against hunger and want will grow as the winter comes on.

Already there are ample proofs that the list of relief cases will get bigger and bigger for the next several weeks. Doubtless the same is true all over the country. There is no doubt that something must be done, of course. It is unthinkable to let women and children go hungry and cold.

But there must be a realization that the bill must be paid, too. Property, credit of which is now furnishing the means for feeding the needy, also has rights. It has a right to expect that no fraud be practiced, that none are fed who could be providing for themselves. \$13,000 was expended in one month in Floyd county recently to provide work and relief. We think of it as coming out of our rich Uncle Sam's pocket. How much would have been expended had the money come out of the pockets of Floyd county people, either through a direct tax or a bond issue? But, after all, the money will come out of Floyd county pockets sooner or later, directly or indirectly.

And thus, one can realize how desirable, in fact, how necessary it is

that the relief commission have the sympathetic aid of the people in their work of feeding the needy, of providing jobs, and also in the recently announced plans to comb the rolls and eliminate those who could be helping themselves.—Floyd County Hesperian.

Some Day

—By—
F. M. MONTGOMERY

Some day, when I have learned
The hardest lessons in the school
of life,
I'll then forego this petty strife
And find the joy that I have
earned.

Some day, when I can see
The future before me unroll,
And I can read the mystic scroll
My soul will revel with the free.

Some day, I'll see with clearer eyes
That out of unrest comes peace;
That out of sorrow comes release;
Out of ignorance is born the wise.

Some day, when my ship puts out to
sea,
As the land fades out of sight;
Then my soul will take its flight:
It will enter into vast Eternity.

O when my ship sets sail
Out on an unknown sea;
Would it ever return to me
Over the rainbow trail.

It is coming back, some day,
Freighted with joy divine;
O, blessed ideal of mine:
Then from God I'll never stray.

The Wampus Cat

(Apologies to O. O. McIntyre)

Looking over the study hall, one takes heed to the dignity of the seniors. Perhaps they should be more reserved; they will have had four years of high school experience this year when they are graduated in May. There are some who still hold to their childish pranks and fantasies. Did you know the old saying: "When one graduates from junior high he knows everything or thinks he does; when he graduates from high school he knows much less and the more graduations in which he partakes, the less he knows."

Putting two and two together, the new girls, Julia Lou and Wilma Tiney, look like twins. J. D. and Raymond Badley, ditto, and Clowes and Travis Jones, likewise.

Oh! Yes, there's something I forgot. The seniors are holding their hands high in the air. The affliction is due to new rings, just recently received.

One generally finds Carlisle Robinson and Wallace Pendleton very, very friendly now. I think it's because they sit close together most of the time in the study hall.

BUZZ! BUZZ! BUZZ!
PLAY! PLAY! PLAY!
WHAT IS IT NOW!

What's all the droning and whispering on the senior row for? When those kids (seniors) start anything it is hard to stop them. This seems to be different, because when a senior is asked why the noise, the only reply is "play." That's enough talking on his part, and the droning starts again. Hard work, eh, what?

Well, it is serious business to them all the way through the play, but when the night comes to present it the audience will laugh as they never laughed before. The poor

kids will have to work for weeks, but they will enjoy the crowd that comes to see them. So the buzzing of the seniors learning their parts goes on.

Why has Dawn been so happy the last few days? Is it because Warren has come back?

Fiery Mustangs Beat Texola Muskrats

Last Game of Season Won by Brilliant Plays, Passing of Backfield —on Local Gridiron

The Wheeler Mustangs defeated the Texola Muskrats here last Friday, 26-0. This was the last game for the Mustangs and the season's standing shows six games won and four lost.

Texola kicked to Wheeler. Robison, playing halfback, received the ball and was tackled hard. On the last down Lewis punted to Texola's ten yard line. Here the line made some very good tackles and forced the opposing team to kick. Robison made the first first and ten for the Mustangs, after Weeks had received the kick on the thirty-five yard line, placing the ball within three yards of the goal line. Tate plunged the line, netting two yards. A pass from Weeks to Lewis accounted for the extra point after Lewis plunged the line for the first touchdown.

For the second touchdown Hix made an end run, scoring standing up. Weeks failed at a place-kick for the extra point.

After the second touchdown Coach Bob Clark started sending in substitutes by putting Cole and Young in for Robison and Weeks. Shirley made a good tackle just as the first quarter ended.

The second quarter started with the Muskrats having the ball on their own thirteen yard line. After receiving a punt the Mustangs started plunging the line for good results. During the latter part of this quarter the local boys made some pretty tackles.

The Muskrats started the third quarter by punting. Tate made the third touchdown and Shirley caught a pass for extra point. During the rest of that quarter the Mustangs were held, and the Texola boys made some good plays.

Lewis snagged a pass from Weeks crossed the goal line for the fourth touchdown, and again the place-kick failed. The Wheeler coach again sent in substitutes. Red fell after receiving a pass from Weeks on the one foot line.

All the squad played some in this game. Deering, center, who was replaced by Tucker in the last minute of the game, believes he played more than any other boy on the team. He has been in all of every game except the last minute of the Texola scuffle.

SUPT. J. L. GILMORE IS ON S. T. C. COMMITTEE

Coming as a distinct honor to Wheeler high school is the announcement that Supt. J. L. Gilmore has been chosen as one of the ex-students to represent Canyon at the State Teachers' convention.

Five other members of the W. T. S. T. C. alumni were also designated to act in behalf of this institution at the meeting, which will be at Houston on Nov. 29-30 and Dec. 1.

Mr. Gilmore has been a member of the W. T. S. T. C. Ex-Students association for four years, having received his B. A. degree from there in 1930 and his M. A. in 1931.

Mr. and Mrs. Gilmore and family plan to attend the convention; Miss Kathryn Bowers and Miss Ruth Ewing may also go.

Faculty members who went to the State Teachers' meeting at Austin last year were Mr. and Mrs. J. L. Gilmore, Principal C. B. Witt, Miss Kathryn Bowers, Miss Winona Adams and Miss Bernie Addison.

RECITAL TO BE GIVEN

Because Thanksgiving is getting near, Miss Willetta Templeton will present her expression pupils in a recital in the high school auditorium Wednesday night, Nov. 28.

This program will consist of Thanksgiving readings, songs and one play entitled, "John Alden." The entertainment is free and everyone is invited to attend.

THIS TIME LAST YEAR—

The galloping Mustangs were defeated by the Miami Warriors on the Wheeler field, 13 to 0, Friday afternoon. Savage, Adams and Turner were Wheeler's best players. Bennet played a good game for the Warriors. Stunts, performed by the tumbling girls under the direction of Miss Bennie Mae Williams, was the main feature between halves.

The high school classes met during physical education period to select candidates for the election of the best all-around boy and the football queen. Those chosen were as follows: seniors, J. C. Turner and Ruth Dill; juniors, Jack and Florine Guynes; sophomores, Warren Mitchell and Nerine Young; freshmen, H. E. Young and Orveta Puett.

The senior class is selling advertisements to the local business men in order to improve the appearance of the stage.

LET US BE THANKFUL

It was more than 300 years ago that Governor Bradford made plans to set aside a day for the purpose of giving thanks to God for the small harvest and for the lives that had been spared through a year of toil and trouble. Fifty-five white men and women, all that remained of a large band of people, met on Dec. 13, 1621, and celebrated the first Thanksgiving Day. A feast was given for the friendly Massasoit and 90 of his brave warriors who were painted and wore many feathers. The Americans felt as if they had very much for which to be thankful.

In the slums of a large northern city a mother and her two small children were wandering wearily in a great snowstorm, dirty, bare-footed and ragged. They had not had food for two days. Presently, somewhere in the slums, the mother spied an old cellar door which she placed up by the side of a little tumble-down shack. After the three had crawled under the door, which was to be their shelter during the cold night, the mother began to bewail their ill fortune. "But, mother," one of the children said, "what do little girls do who have no cellar door to crawl under?"

Whether the above is true is uncertain, but it helps to give an idea how all of us should be as this most distinctively American holiday approaches. We may have a very meager meal on the Thanksgiving table this year, but many people have a great deal less. For our blessings let us be thankful.—F.F.

SAGE BLOOMS

THE DISCONTENTED WORKMAN

I see him as he slowly munches his cold bread and meat. The expression on his face shows that he is tired and very discontented as he sits on the side of his almost worn-out wheelbarrow. His face is dirty and unshaven. He has a far away look in his eyes and at times he mutters to himself. He loudly sips his black coffee from an old canteen. Now he has finished his lunch and wearily arises to resume his tiresome work.

SCIENCE CLASS PROVES INTERESTING EXPERIMENT

An experiment in Coach Bob Clark's general science class is attracting the attention of the school. The purpose was to show that plants give off oxygen and take up carbon dioxide.

A one gallon jar with bottom off was cemented to a flat board with a well-watered plant and two candles inside it. One candle was lighted until the oxygen was exhausted and the flame became extinguished.

The jar was set aside for a few days. A candle was connected to a battery by a wire. When the electric current was set off the candle burst into flame showing there was oxygen in the jar. Thus the experiment was a success.

COLTS

"Although some of the students have withdrawn from school, there seems to be a gradual increase in attendance in the grade school," stated many of the grammar grade teachers last Monday afternoon. Among the new students are Joe, Odell and Iva Jean Rhine, who came from Kelton.

The grammar grade students are preparing for their second six-weeks tests which will be given Friday. According to Mrs. G. O. McCrohan the pupils are studying very hard.

The second grade and their teacher are planning to present a Thanksgiving program in their room some time next week. They are also making scrap books to illustrate many of their reading lessons.

C. W. May, one of the sixth grade students, is slowly recovering in a Wellington hospital. He is suffering from an infected knee.

REYNOLDS GIVES LECTURE

"Life is what you make it," was the topic Dr. F. N. Reynolds discussed in chapel Wednesday morning.

He said, "Wisdom comes when we learn we are not smart." He also stressed the importance of honesty. Dr. Reynolds said that honesty would do away with war, depression and crime, and would preserve financial institutions. "Honesty and common sense are the most worth while practices in life," he said in closing.

Supt. J. L. Gilmore and Prin. C. B. Witt commented on Dr. Reynolds' talk.

TESTS TO BE GIVEN FRIDAY

According to Supt. J. L. Gilmore, the second six weeks tests will begin Friday morning at 8:45. Each examination is to be given at the regular period. No one will be excused from his study hall periods for most of the students need all the time to make preparations for tests.

Seniors to Sell McCall's Magazine

For the purpose of raising funds, the senior class are selling subscriptions to the McCall's magazine. The rate is \$1.00 a year and the class receives 50 cents of each sale.

Miss Winona Adams, sponsor of the class, states that it is a bargain not to be missed.

Relief Clients May Operate Automobiles

Restrictions Imposed Upon Use of Car for Pleasure Purposes, Says Johnson

Destitute persons who own automobiles will not be denied relief so long as funds granted them are used for subsistence needs, Adam R. Johnson, state relief director, has announced. At the same time, Johnson said county administrators will not grant funds when it is evident that an appreciable part of them are being used to operate automobiles for purposes of pleasure. The director stated the policy toward automobile owners as follows:

"No county relief administrator is to demand from the owner of an automobile his license plate and/or key as a conditions to receiving relief.

"It is the desire of the Texas Relief commission that no relief funds be used for the purpose of operating passenger automobiles in a manner not strictly and entirely in conformance with the subsistence needs of the clients. It is recognized that many clients must use their cars to go to and from work relief employment. It is recognized also that in some instances cars are necessary for the clients to reach headquarter offices where they may secure relief grants.

"It is not the desire of the Texas Relief commission, however, that any county administrator continue giving relief to any client when it is evident that the client is expending any appreciable amount of his relief funds for operating expenses of an automobile used for pleasure purposes.

"It is within the discretion of the county administrator, after considering each individual case on its own merits, to deny relief to any family which persists in expending relief grants on the operation of an automobile which is not essential to their welfare."

BRISCOE NEWS

(By Times Correspondent)

NOTE—Since the Briscoe schools are taking a two weeks vacation for cotton picking, the usual run of school news is much shorter than usual. The following poems were held over from last week's contribution.

Home

When the evening shadows fall, And the crickets send their call To their mates on yonder shore, Whom they've left to meet no more.

When the owls are hooting loud, And we've left the madding crowd, We are weary of our toil, Working in the untilled soil.

All our thoughts go to the place, Where we see our loved one's face, Though we hardly see it now 'Tis my mother's worried brow.

I can see her sweet face still As she slowly turns the mill, And the time when we were gay We would slide on stacks of hay.

When the evening stars first play, I am thinking of that day, And the love that I have had From my mother and my dad.

When life's race has once been run, By mother's love I've won, In the future where I roam I'll be thinking of my home.

—GRADY DODD

My Mother

My mother comes at close of day To make us children stop our play, I look into her dear old face And see no one can take her place.

I often see my mother stop; I know she's tired enough to drop, And in her face I read her love For all her children up above.

My mother always strengthens me; The love that's in her face I see, I love my mother best of all; I know she's waiting for our call.

My mother loves our childish fun; She loves to see us play and run, I hope when work on earth is done, That she in heaven's race will run.

—English III Class, Co-operative Poem.

At the Churches

THE CHURCH OF CHRIST

H. V. HENDRY, Minister

Considering that several of our members were out of town last Lord's Day, our crowds were fine, both morning and evening. Visitors were present at each service.

The young peoples' classes in the evening were especially well attended and a fine interest in song and Bible study was manifest.

The usual services are to be held throughout this week. On Sunday, Nov. 25, the preacher will speak upon the following themes: At the morning service, "Be Ye Thankful," using Phil. 4:6 and similar passages. At the evening service, "The Divinity of Christ."

Visitors are always welcome, and we strive to help you in return for your coming.

METHODIST CHURCH

J. EDMUND KIRBY, Pastor

Sunday marks the beginning of a new conference year. We have just closed one of the most successful years in the history of this church; with all financial obligations met in full, and an increase in membership.

Let us begin the new year right by all being in our places next Sunday morning and night. Now would be a good time for those of you who are members of this church who have not been attending its services to begin. Also, it would be a good time for new members to line up and help put over the work of the church.

Sunday is the Sabbath before Thanksgiving. We invite you to our services. They are as follows:

Sunday school at 9:45, morning worship at 11, young people's services at 6:45, and evening worship at 7:30. The order of worship for the morning hour is:

Voluntary Miss Addison
Call to Worship Choir
Hymn Congregation
Morning Prayer Pastor

The sermon topic for Sunday night is "Men of the Pilgrim Heart."

Next Wednesday night is "Bible night." There will be a unique display of Bibles. If you have an old Bible, large Bible, or small Bible you are asked to bring it, and be prepared to tell something of its history. Also, there will be a movie picture entitled, "What the Job Pays." All people of the community are invited to these Wednesday night services. Time, 7:30.

BAPTIST CHURCH

Sunday school at 9:45 a. m. E. W. Carter, superintendent.
B. T. S. meets at 6:45 p. m.
Prayer meeting services each Wednesday evening at 7:30.
All who are not attending services elsewhere are cordially invited to come and worship at this church.

TO CONTINUE REVIVAL AT ASSEMBLY OF GOD CHURCH

According to Rev. Alvin Walls, pastor, the revival series in progress at the Assembly of God church here will continue for another two weeks period. Mrs. Allene Stephens, evangelist, will close a two weeks engagement Sunday night. Fourteen have been saved and nine have received baptism of the Holy Spirit, it is reported. Mrs. Stephens has proven a great speaker, addressing large congregations each night.

Immediately after Mrs. Stephens is through, Rev. J. P. Mason of Bentonville, Ark., will begin a two weeks series. Rev. Mason, declares Walls, has been a Baptist minister for 34 years, and since receiving the Baptism of the Holy Spirit says he loves the Baptists more than ever, because he has more to love them with.

Pastor Walls extends a cordial invitation to the general public to attend all services at his church.

'Come up and see me sometime'

Movie Chatter

By a Rogue

Tarzan and His Mate

"Daddy, let's go to the show. Mummy, let's go to the show. I'll promise to be a good boy for a whole month if you will take me to see "Tarzan and His Mate" at the Rogue Friday-Saturday or Saturday matinee." Little Johnny and Mary will be saying. There is no need to try to explain this picture to anyone, because it is a show that everyone knows about, from two-year-old Johnny to grandmother. And, what is more, it will please all ages. Just make your plans now to be there. Also, a good short, "Minors."

Take a Chance

Come on, folks, and take a chance. The price is only 25 cents. And just think what you get for your money's worth—James Dunn, June Knight, Buddy Rogers and Lillian Roth. What more could you want in one picture? It's light. It's catchy. It's fascinating. It's tuneful. It's what you want. It's got everything. It's a wow, and how! Look that cast over again. We know, we have seen it. Coming Monday-Tuesday, Nov. 26-27. Also, "Buddy's Adventures."
