The Shamrock Police Department, headed by Chief Art Taylor, and Jerry Bob Jernigan, and the Wheeler County Sheriff's Office are as one big unit. We have found that working together as one department we can do a better job in Wheeler County in catching these kind of people.

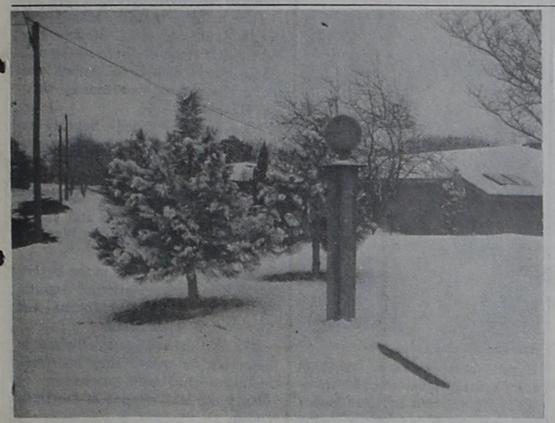

In the month of January we have cleared up "37" Felony cases by arrest. We also have had a normal amount of civil papers to serve. The Wheeler County Jail has had an average of "6" people in it, every day to be fed and cared for.

We have worked hard and have had a very productive month.

Any time you need help, contact any one of the three departments and the other will be notified and will jump in to help in any way possible.

Come by my office in Wheeler or in Shamrock and visit me, I will be glad Ray Giddens will be superintendent to talk to you and help you in any way. LONNIE MILLER,

THE BIG SNOW BY IDA FARMER

Oh! See the pretty Snow, You can really watch it blow.

But here comes Mr. Sun To ruin all our Fun.

The beautiful snow glistens There is no use to listen. It falls so quietly On each house top so nicely.

The children are sking, The bells are ringing, We will have a big Snow, With all the pretty Snow.

The main thing that happened at W.H.S. this past week was watching the snow come down which provided for a few extra events for the week such as a couple of snowball fights and people being rolled in the snow. Oh, well everyone had fun with it at one time or another.

The snow also provided an interesting backdrop for the color pictures of the Senior Class for the inlay of the annual. Every group had their choice to go outside and have their picture made in the snow or not each group choose outside in the snow. I think everyone will find that it made quite an interesting setting for the pictures. The really great picture was taken inside in the auditorium. The class made a pyramid that was ten people wide and five stacks high and held it up. The bad part of the story is that after the first picture our photographer, Anne Coates, ran out of film in her camera. This meant the fall of the pyramid so Anne could get more film and we could get mats to fall on next time. All in all the pictures were exceptionally fun to do.

The Wheeler Mustangs and Mustangettes had four more great games this last week as both of the teams easily defeated Kelton on Tuesday and Mobeetie on Friday. The teams round out their district play by playing Miami this Friday and then playing Allison the following Monday. So far both of the teams are undefeated in district play and are on their way to the playoffs. The boys are also undefeated on the season for a record

First day of Feb. warming up some. Well the old ground hog saw his shadow here this morning. But I don't put to much belief in that old hog theory. I had rather see bad weather now and early Spring. Easter is real early this year 7 April. I checked 1983, 3 April. So may not be so early.

We did not make it to church again today. 40 degrees in these rooms till 11 a.m. We had butane stove in bath going, butane stove in our den going 3 burners on cook stove going and I got all my flowers froze. Colie got up and built a big fire in wood stove, really heated things up. Now that sounded like what we had back in 1930.

That wind blew a gale all night out South and I don't think it was one of Matties Chinook winds. Because we still have our snow.

I heard on TV. this morning our government is 220 Billion dollars in the Red.

Schoffield Alabama had 8 inches on their ground, so that made me feel

Mary Hudson and Mrs. Welch shopped in Wheeler last Tuesday and visited Lester in Rest Home. They went to Mobeetie Saturday to get their hair fixed. Mary ate dinner Sunday with Ray and Pat Hudson. Others there were: Joe Woodall a teacher at Briscoe.

Mark and Annette and children ate dinner Sunday with Evelyn Meek.

Talked to Wanda Childress Monday morning. She was pretty choaked up and coughing. I can really sympathize with her I been right their when you don't have any wind, you've had

Talked to Willene Waters morning 11 a.m. they had 41/2 inches snow going for 5 that will be some moisture.

Tobeetie By Goldie Gordon

I apologize for not having more news but Mobeetie has had lots of flu and the rest are staying in out of the cold. Monday morning we had a lovely 4 in. snow with the biggest flakes I've ever seen. Our wheat pastures sure did need it.

Sympathy to Bob and Bessie Galmore on the death of Bob's oldest brother, Forrest in the Houston hospital. The funeral was held at 2:00 P.M. on Feb. 2nd, at St Joe, Texas.

Elaine Whaley, Lawton Okla., has spent a week visiting with her parents Doug and Doris Whaley.

Doyle and Bulah Grimes visited with Mary Brewer Tuesday in the Coronado Nursing Center. Mary is doing fine.
