One of the other activities for the weekend was the rodeo. Attendance and participation at this event was not too great a number. The Kiwanis Club was the co-sponsor in this event with the Wheeler Riding Club. As a member of the Kiwanis Club, I reported for duty Friday evening and was told my duty was helping cook the hamburgers and hot dogs. Now I don't mind cooking, but I like to do it inside with the air conditioning turned on. I also like to have a little bit better control of the heat. Jim Wright, Mark Gill and I got the cooking done and Karen Gill and Cathy Miller sold them, with the help of Cathy's sons.

Letter To The Editor

The new improvement to our Parkview Hospital is real nice.

I am sure the people will enjoy this new addition. The patients and employees I was told by the Administrator and Dr's some 2 years ago when they completed this work it would take care of the smoking problem. And here they go and designate a smoking area in the middle of hallways. Why?

The sick people in our hospitals still have a right to fresh air. I haven't found a place in our hospital where United Methodsit Church and Rev. breathe Tobacco Smoke. We could have one of the cleanest hospitals in U.S. If we would get the filthy smoke out. I understand the Su: geon General Report states smoking in bad for the sick people.
