THE COUNTY SEAT NEWSPAPER

Short Finances to Cramp Relief Work

County Administrator's Funds Cut Two-Thirds—No Work Relief Possible Now

According to information obtained today from County Relief Administrator C. W. Wells, a rather serious condition prevails in relief circles here. Wells is in receipt of advices from the state relief office that his help from state sources have been curtailed one-third. Whereas some \$9,000 in money for direct and work relief was available last month, the program will have to be carried on with only slightly more than \$3,000 this month.

The administrator is directed to exercise the utmost caution in disbursement of funds. At the present time, no work relief at all is possible. And direct relief, due to scarcity of funds, must necessarily be extremely limited. Because of delay in passage of relief measures in Washington, only state relief funds are now available, it is said.

A letter received at this office today from Representative Marvin Jones holds scant encouragement concerning federal funds. In an anxious program with which Jones is connected, is listed home owners' an corporation, crop production plans, public works and state board projects. Jones expresses belief that past forms of relief should be continued for this year. The communication concludes with the statement that "funds for the works program will probably not be available until July 1." Continuing, he says: "The measure provides for a continuation of relief funds until July when it is hoped the funds will be available for the works projects."

Some changes and additions to personnel have been made in the local office since Wells assumed his duties on Jan. 25. Mrs. Mary Lee Tucker, case supervisor, has been transferred to the Shamrock branch office for the same work. Miss Leona Rossland has been employed as case officer.

F. A. F. Page of Shamrock has been engaged as commodity disbursing officer in charge of distribution of canned goods and supplies, keeping a card of all disbursements. He is at the Wheeler office three days per week and at the Shamrock office five days.

F. L. Beasley has been appointed to handle emergency feed loans, with quarters in the administrator's office, where his spare time can be utilized in other departments when needed.

Wells has several projects approved and ready for operation when chances will permit. These include serving hot meals to children attending the Shamrock schools. All children who care to partake of this service may do so, regardless of condition. Another project is renewal of a sewing room set-up in Shamrock.

Organize County Planning Board

Meeting at the court house Tuesday, a group of county men acting on a suggestion made by state authorities, organized a county planning board to study needs of the county and submit ideas for PWA projects, and expenditure of funds there, when the money becomes available. The action is purely preparatory and is taken in anticipation of the relief funds which congress is expected to provide.

Officers and members are: W. O. Puett, chairman; C. C. Fillmore, secretary; Guy Hill, J. B. Clark, Shamrock; O. W. Elliott, Mobeetie, and four county commissioners, W. J. Adams, Jim Trout, R. W. Grisold and G. W. Heffley.

Judge Puett said Wednesday that regional board, comprising all the counties in the 31st senatorial district, is to be organized in Amarillo. County boards throughout the district will likely submit propositions to the regional group, which will turn will co-operate with the state planning board.

ARTER'S MOTHER DIED LATE TODAY

Jake Tarter, county agent, received word late this evening that his mother, Mrs. J. B. Tarter, 64, had passed away in Wellington from the effects of gonorrhea, from which she had been suffering for several years. Tarter had planned to meet Shamrock this evening a sister, Mrs. C. C. Hiett of Midland and another, T. B. Tarter of San Jallevo, Tex., who were called because of the serious condition of their mother. Funeral arrangements have not been announced.

KELTON HAS SUCCESSFUL BASKETBALL TOURNAMENT

Kelton's new gymnasium was inaugurated by a basketball tournament which began Thursday, Feb. 7, and extended to Saturday night. Thirty-two teams entered and much interest was shown by large crowds who attended.

In the senior boys division, Kelton won first, Mobeetie second and Wheeler third. Other teams entered were Shamrock, Magic City and Lone Mound.

First place in the senior girls division went to High Point; second, Wheeler; third, Shamrock. Other teams were Lela, Kelton, Magic City, Liberty and Mobeetie.

Kelton junior boys won first in their section; Lela, second, and Magic City, third. Other entries were Davis, Twitty, Shamrock, Mobeetie and Wheeler.

Allison junior girls won first place; Kelton, second; Wheeler, third. Other teams entered were Shamrock, Mobeetie, Lela and Magic City.

The committee in charge considers the tournament a huge success, and thanks all who helped to make it so.

MRS. CASE DIES MONDAY FOLLOWING LONG ILLNESS

Mrs. G. L. Case died Monday, Feb. 11, at the Gaines hospital, following an illness of several months. She underwent a major operation last Wednesday and apparently was recovering nicely until a short time before she died.

Florence Walker was born Sept. 1, 1889, in Tennessee and died Feb. 11, at Wheeler, Texas, at the age of 45 years, five months and 10 days. She had lived here for five years, coming from Baylor county, where she had lived for 22 years.

In September, 1906, she was married to G. L. Case and to this union five children were born, all of whom survive. They are Mrs. Bertha Hoverson and W. L. Case of Montague county, Mrs. Beatrice Smotherman, Lenna Vee and Opal Case, Wheeler. Other survivors are her husband, mother and two brothers and two sisters, Mrs. N. W. Walker and her daughter, Mrs. Mabel Fuller, Sayre, Okla., Mrs. Mattie Fuller, Roswell, N. Mex.; brothers, Charley and Tom Walker, Vernon, and a number of distant relatives and friends.

Funeral services were held Tuesday, Feb. 12, by Rev. H. V. Hendry at the Church of Christ, with interment in the Wheeler cemetery.

AUNT OF MRS. HERB COLE DIES SATURDAY IN PAMPA

Mrs. H. A. Gillespie of Laketon died Saturday, Feb. 9, at a Pampa hospital following a mastoid operation. She is an aunt of Mrs. Herbert Cole and will be remembered as Rose Turcott.

Rose Turcott was born Sept. 24, 1899, in Wheeler county where she made her home with a sister, Mrs. A. Converse, until she married. She died Feb 9 in Pampa at the age of 35 years, four months and 16 days.

She is survived by her husband and three children, Ralph Haggard, Harry Manson and Venice Ann. Other survivors are four sisters, Mrs. A. Converse, Mrs. Herman Jones and Mrs. J. C. Farrington of Pampa and Mrs. Geo. Benton, New Laguna, N. Mex., and three brothers, Ralph, John and Dave Turcott of Pampa.

Funeral services were conducted Monday afternoon in the central Church of Christ, Pampa, by the pastor, Rev. E. M. Borden, assisted by a minister from Laketon, with burial in Fairview cemetery.

Among those from Wheeler who attended the funeral were Mr. and Mrs. Herbert Cole and sons, LaVean and Everett, Mr. and Mrs. Earl Hathaway, Mrs. A. Finsterwald and sons, Will and Herbert, and Mrs. Ray McPherson.

CONTINUE SHAMROCK BANK AS COUNTY DEPOSITORY

When bids were opened this week, it was found that the First National bank of Shamrock had submitted the most satisfactory offer as depository for county and common school district funds, and was accordingly designated as the successful bidder. That bank has been county depository for several years.

"DEPRESSION'S OVER"

"Well, the depression's over," chortled O. Lewis, popular cafe man, Wednesday.

"How do you know?" asked a Times reporter.

"Because two of the 'tightest' men in town have bought new cars this week," responded Lewis.

"Who's that?" was asked.

"Oh, their initials are J. C. M. and C. H. C.," laughed Lewis as he turned away.

Interesting Address Given by Mrs. Porter at BCD Banquet Friday Eve.

(Editor's Note: Foremost among the talks given Friday evening at the Board of City Development banquet was one by Mrs. J. M. Porter. Through the kind co-operation of Mrs. Porter, The Times is enabled to pass her remarks along to its readers in the following article).

"Familiar as we are becoming with the Centennial subject; regardless of appropriations and of how or where expended, we are benefited by it because we have become more Texas-minded and have a greater appreciation of our heritage. Our greatest regret is that we did not begin thinking and talking 25 years ago and thereby save many of our old relics and landmarks.

"I have in mind what was known as the 'twin hackberries'; two large hackberry trees growing out of the same hole—or Jacob's well as they were called—on the high divide north of the present site of Shamrock. They could be seen for miles, and many a lone cowboy had sighted them and taken his bearings across the trackless prairies.

"I know they must have been old for they were the largest I ever saw growing as they did far from water, but the hackberry is so sturdy, without disease or enemy of any kind, the chances are they would have stood for a century. But someone who had no more right to them than I had (perhaps not as much, because I had eaten their berries and with my sheep had rested in their shade) cut them down. If it had been necessary or of great benefit to the individual who destroyed them it would seem different, but it was not. A few loads of 'prairie coal', free to everyone, would have served him just as well.

"Five years ago a council met in Amarillo at which 38 states and eight foreign countries were represented. Because of all the Panhandle counties, Wheeler was organized first and had jurisdiction over 26 counties, we asked to represent her by giving an old-fashioned cowboy dinner at which was displayed representative things, among them a small adobe house about three by four feet by two feet high. We thought it would be fine to get the adobe from old Fort Elliot, but it had all been plowed under. To the late F. P. Reid, who was not even a native of the United States, and who came to Mobeetie not a young man and after the fort was moved to Fort Sill, Okla., we owe the only marker we have of that famous fort except the flagpole bought by the late J. J. Long and presented by his wife to the Mobeetie schools.

"The first school building in the county, of native stone and well put together and which with care would have stood a century, was torn down. If shedding tears would bring these precious things back we would shed them freely, but they are gone beyond all recall. But there are a few left which we can make an effort to save. One of them is the old rock school house on Sweetwater now known as 'Rock'. It is well built and the first rural school building

in the county. Just how old it is I do not know. I taught there 41 years ago, and it was not new then. That was the only time I ever heard of woodpeckers going to school. They pecked a hole in the upper panel of the door, through which they entered the room.

"Let us make a real effort to save what few places of history we have left. We, who were richer in the matter of such things than any other county of all this Panhandle, now find ourselves the poorest.

"Now let us turn our eyes from the past to the future. They may celebrate the sesquicentennial 50 years from now, and we know they will celebrate at the end of the next century. What are we building for our children and our children's children against that day? Merely a business or golf course—temporary things that perish with the using—or are we, as the poet expressed it, building bridges so strong that they may safely cross them in 'the twilight dim?' So many need to be built!

WHEELER DENTIST DIES IN ARKANSAS

Friends here learned today with deep regret that Dr. A. C. Reed, for many years a dentist in Wheeler, died Wednesday at Prairie Grove, Ark. Dr. Reed had suffered with arthritis for some time and left Jan. 31 for Arkansas to take treatment. Surviving members of his immediate family are Mrs. Reed (nee Bess Tomlins), and two sons.

Funeral services for Reed were held today at Prairie Grove, where interment was made.

BAPTISTS MAY CALL PASTOR SUNDAY

Announcement has been made this week that a special conference of the local Baptist congregation will be held Sunday morning for the purpose of calling a pastor for the church. The pulp committee, consisting of Jim Risner, I. M. Passons and R. A. Lille, has recommended three men for consideration. They are: L. B. Smith, Winters, Texas; J. B. Owens, Oilton, Okla., and V. M. Lollar, Shamrock. Each of these men have been heard by the congregation during the past few weeks.

The pulp committee urges every member of the congregation to be present and take part in the conference.

Mr. and Mrs. L. A. Parks and son, Garland of Granite, Okla., came on Saturday to visit J. B. Roper and family and J. E. Willard and family.

FUNERAL HERE SATURDAY FOR MERCER INFANT SON

Willmer Lee, infant son of Mr. and Mrs. Willmer Mercer of McLean and grandson of Mrs. Sadie Pollard of Wheeler, passed away Thursday morning, Feb. 7, at the Methodist hospital in Fort Worth, where he had been under a doctor's care since birth, Jan. 11.

Funeral services were conducted at 10:30 Saturday morning by Rev. J. Edmund Kirby with burial in the Wheeler cemetery.

ANOTHER FUNERAL HOME FOR WHEELER

Preparations are going forward rapidly this week toward the opening of another funeral home in Wheeler within a short time. The new enterprise will be known as the Clay & Beasley Funeral home, and will be located in the C. H. Clay building, just west of Houston's Cash Grocery. Extensive alterations are being made in the room, including arrangements for display quarters, embalming room and guest lobby.

Clay brothers, Mat and Bass, proprietors of the Pampa Mortuary, together with Clarence E. Beasley, who will be local manager, are installing the funeral home. A complete stock of caskets will be featured, as well as a resident ambulance-hearse which will be stationed here.

According to Mr. Beasley, a formal opening of the home will occur in about two weeks.

The manager is not a stranger to Wheeler county citizens, having lived here and in the Shamrock community some 24 years. He has moved this week to Wheeler, where for the present he will reside with his mother, Mrs. A. J. Beasley.

WELCOME RAIN VISITS COUNTY

Preceded by a week of more or less threatening weather, an exceedingly welcome rain visited this area Tuesday afternoon and night. Coming without wind or bluster and in a slow drizzling fall, every drop of moisture soaked into the ground for the best possible benefit. Estimates of the amount range from one-half to an inch of precipitation.

SURPRISE BIRTHDAY DINNER HONORS J. M. HERD FEB. 3RD

J. M. Herd was honored Sunday, Feb. 3, when Mrs. Herd and children planned a surprise dinner, the occasion being his 71st birthday. A huge birthday cake, adorned with the proper number of candles, formed a centerpiece for the dining table, laden with delicious food.

Seven children, 12 grandchildren and two great-grandchildren and several other relatives and friends were present.

They included Mr. and Mrs. S. A. Maxwell and children, Olen, Norma Lou, Annetta and Furman; Mr. and Mrs. E. H. Herd and daughters, Marie and Maurine; Mr. and Mrs. Roy Herd; Mr. and Mrs. L. T. Crowder; Mr. and Mrs. J. M. Anderson; Mr. and Mrs. H. H. Herd and sons, J. D., Waymon and Leroy; Mr. and Mrs. Elwood Shira; Mr. and Mrs. Leon Jenkins; Miss Bessie Herd; Mr. and Mrs. Elmer Maxwell and son, Vandell.

Friends were Mr. and Mrs. J. B. Roper and daughter, Lorene; Mr. and Mrs. J. T. Crowder and son, Malcolm; Mr. and Mrs. J. L. Ashley and son, Mac, and Mr. and Mrs. Amos May and children, Lois, Melba and Melvin.

BAPTIST WORKERS MEET DRAWS GOOD ATTENDANCE

The North Fork Baptist Workers meeting, held Tuesday at the First Baptist church in Shamrock, attracted a large attendance. Those present from Wheeler were Mrs. Minnie Farmer, Mrs. Ernest Dyer, Mrs. Raymond Waters, Mrs. W. O. Puett, Mr. and Mrs. Tom Montgomery and E. W. Carter.

The next meeting will be held in Twitty on March 12.

Miss Bernie Addison went to Amarillo Saturday to visit her parents, Rev. and Mrs. O. M. Addison.

PAPER SHORT THIS WEEK

The Times management regrets having to issue a smaller paper than usual this week. Unforeseen mechanical difficulties encountered while installing a large, modern typesetting machine seriously handicapped the force and consumed considerable extra time. It is hoped to have the trouble smoothed out by next week, when "the county seat newspaper" will be back to normal again.

CLUBS TO OBSERVE STATE BIRTHDAY

March 2, birthday of Texas, will be observed by the 4-H Club Council during one of its regular quarterly meetings.

Stunts of an historical nature will be the first program 4-H clubs of the county will present in a series of 15 programs being planned by individual clubs for the Centennial celebration. Prizes of \$2.00 for first place, \$1.50 for second and \$1.00 for third will be awarded.

Members will meet at 10:30 a. m. in the Legion hall, where recreation and amusements will be enjoyed until picnic lunch time at noon. The afternoon program will be held in the district court room.

All parents and sponsors are invited to attend the sessions.

Civic Club Banquet Proves Big Success

Approximately 100 Guests Present at Board of City Development Function

Attracting the attendance of 100 guests, the annual Wheeler Board of City Development banquet, held Friday evening, Feb. 8, proved to be a successful affair from several angles. Dinner was served by the home economics department of the high school, under the supervision of Mrs. Gordon Whitener, instructor in that department. The organization realized a nice profit from the undertaking.

During the informal program, with Dr. F. N. Reynolds as toastmaster, a number of interesting and enthusiastic community booster talks were made.

After group singing, led by Mrs. C. B. Witt, the first speaker was Mrs. J. M. Porter. Her address will be found in another column of this paper.

Miss Melba Wiley sang a German song in a highly pleasing manner. Eloise Reid gave a snappy song number, with mandolin accompaniment. G. O. McCrohan delivered a peppy talk, taking as his theme for the first part of the address, "reviving the dead," with reference to community spirit. Warming up to his subject, McCrohan certainly revived the spirit—at least so far as those present were concerned. His reference to building an auditorium and gymnasium in Wheeler brought forth hearty expressions of approval from his hearers.

Misses Helen Gilmore and Dawn Weatherly, with Mrs. G. O. McCrohan at the piano, favored the assemblage with delightful violin duet numbers.

Supt. J. L. Gilmore, presenting historical facts and data concerning early-day organization of civic bodies, passed on to present-day needs for community groups. He strongly emphasized the need of belief in one's community and of working together for mutual growth and progress.

Substituting for C. C. Fillmore, who could not be present, County Judge Puett brought information and suggestions from the Texas Centennial commission. Among other things mentioned were suitable markers for places of historical interest and compilation of a complete county history. This document, said Puett, should be prepared in duplicate, a copy to be placed in the state museum and one deposited for safekeeping locally.

C. G. Miller, Rev. H. V. Hendry and others offered brief remarks appropriate to the occasion.

A clever program of magic and illusions, presented by Bob Clark, coach in the Wheeler schools, completed a well-rounded and highly enjoyable evening's entertainment.

Move Feed Loan Office Location

Announcement was made this week by C. Hogan, field supervisor, that the emergency feed loan office has been moved from its former location in the Citizens State bank building to space in the county relief administration building. C. R. Weatherly, who had been in charge of loans since August, tendered his resignation when it became known recently that the office must be moved to its new quarters. Weatherly's other duties would not permit his moving to the new location.

Hogan, in speaking of the change, declared that Weatherly's management of loans had been most satisfactory and that he was sorry to lose his services.

F. L. Beasley will handle the loan business and devote spare time to other work in the administrator's office.

Willards Enlarge Their Farm Home

Mr. and Mrs. J. E. Willard, who live on a dairy ranch two miles east of Wheeler on Highway 152, have been improving their home. A work room and breakfast nook have been added to their six-room modern house, with a new paper and paint job throughout, including installation of weather strips on all window and door casings.

The outside is finished with stucco and the job will be complete in a few days.

Jack, little son of Mr. and Mrs. Jake Tarter, who has been quite ill the past week with tonsillitis is improving satisfactorily this week.

THE VANISHED BUFFALO

The buffalo hunters from 1871 to 1877 got rich quick killing the millions of American bison and selling their hides. For six years the apparently undiminished herds made big wealth for the men who trailed the herds over the plains and shot them down in heaps. In three years from 1871 to 1874 over five and a quarter million buffalo were killed from the Texas border to the Canadian in the coastal plain lying west of the Mississippi.

Then in the spring of 1878 the end came with suddenness. The buffalo hunters were caught unawares. There were no more buffalo. Their bonanza had faded before their eyes. And so it may be with the vast natural resources of the country today, oil and particularly gas, and the virgin soil. Our ability to destroy quickly has been demonstrated. We can do it quickly, ruthlessly, on an appalling scale—and have, for the immediate profit. But we may wake up again with as sudden amazement as the last generation did when their buffaloes were gone. And find ourselves picking up the bones to eke out a livelihood, when the fat pickings have been dissipated.

ALL MONEY IS GOOD MONEY

We have just discovered that it is now legal to pay a bill of \$100 with ten thousand pennies. We haven't yet discovered where to get the ten thousand pennies, but it is cheering to know that if we had them we could use them to pay for anything that costs \$100, if we knew of anything priced at \$100 that we were willing to spend the ten thousand pennies for.

David Lawrence pointed out the other day something that most folk had overlooked in the so-called "Thomas Amendment", enacted in April, 1933, which gave the president authority to cut the gold content of the dollar and to remonetize silver. That is a clause which says that "all coins and currencies" shall be legal tender for all debts, public and private. It used to be that you couldn't compel a man to take more than 25 cents in pennies, nor more than \$10 in silver.

Now all that is changed. If the government offers us a million dollars all in dimes we'd be obliged to take it. Likewise, we can think of circumstances under which it might be a real pleasure to pay off, say, a mortgage on the old home or the last installment on that last year's car, all in nickels, and put the other fellow to the trouble of counting them.

The only fault we can find with the Thomas Amendment is that it didn't tell us how to get the pennies and dimes.—Tulla Herald.

WILL OIL BE NEXT?

The politicians seem to have about worked themselves out in their attacks on railroads and public utilities. They have taxed and regulated those industries to death, and caused the investments of millions of stockholders to become valueless in many instances, and of little or no earning power in a majority of cases.

Now oil is to go on the rack. The demand has already been made in official circles that it be declared a public utility. If regulation of price

could be kept on a business basis, it might be a good thing. But to illustrate how gasoline price-fixing is based on political expediency, several different states are simply demanding reductions of from one to five cents a gallon on the retail price of gasoline. These demands are not made as the result of any method of fact-finding, but are based on opinions of interested gas users, or vote-gatherers. In other words, the stage is being set to inflame the public against the oil industry, just as it has been set in the past to inflame it against other industries in order to gain public favor, irrespective of what the facts in the case may be.

It will be interesting to watch the crusade. The stock arguments against so-called "big business" will be used. The only change in the formula will be to substitute the word "oil" for the name of the last industry attacked. Countless candidates for the people's favor will float into office over oceans of oil. The fact that thousands of investors in the oil industry may suffer, or workmen lose jobs, will be lost sight of while the torch of destruction is being applied to the gasoline industry.

TAX ROLLS VS. PAY ROLLS

The moment a tax becomes excessive it limits the activities and opportunities of every business and individual. It strikes a blow at purchasing power and private employment. It is a barrier to investment and industrial development.

The perfect government would be a government which cost nothing—which did not need to levy taxes at all. That Utopian ideal is unobtainable. But we should confine government expense to the cost of governing. We should make governmental operations efficient and non-wasteful. We should keep government out of business projects and confine it to governmental functions as outlined in the constitution. When government goes into business it not only spends tremendous sums of tax money—but inflicts great damage on the individuals and industries with whom it competes, while taxing them to maintain that competition as well as to keep government going.

The foregoing principles apply to all units of government, federal, state and local. Political power stems directly from the people. If the people demand economy and retrenchment they will get it—if they permit government extravagance, and sanction government competition in the business field, they will have no one to blame but themselves for high taxes and lost opportunities for individual enterprise.

The great need of the hour is for employment, investment, industrial expansion. Exorbitant taxation is their bitter enemy. A drastic cut in the cost of all government would be the greatest contribution to recovery, for the simple reason that billions now taken by the tax-gatherers would be spent by individuals and industries for a thousand purposes which would create jobs, purchasing power and new taxable wealth.

Our Exchanges

Items of interest culled from newspapers on The Times' exchange list.

One thousand acres of terrace lines have been laid in Hemphill county, according to H. M. Cantrell, county agent. County road machinery is being used to speed the work along. It is the hope of the county agent to have 40,000 acres terraced in this county.—Canadian Record.

There is considerable demand for a club which will bring the men of various interests and occupations together in Lefors and surrounding territory. Such an organization is

indispensable to any progressive town. The promotion of civic interest, pride and development should be one of its major objectives. Committees have been appointed to make arrangements for bringing together, next week, the men of this territory for the purpose of organization.—Lefors News.

Much is made of the fact in some quarters that some half millions of dollars has been paid to the state from horse racing, since it was legalized in Texas, but nothing much is said of the 22 million bet on the races and lost to legitimate channels of trade. Business men near the big racing tracks know how business is lost to the races and are squarely behind the movement to outlaw the so-called "spot".—McLean News.

Since burglars dragged that 600-pound Piggly Wiggly safe out the front way in Amarillo Sunday morning, the city dads may pass an ordinance against Sunday burglaries. Church people are said to be of the opinion that such practice would eventually lead to a disturbance of public worship.—Donley County Leader.

The drouth is over. It is going to rain right away. As a matter of fact the Panhandle is going into a wet spell of two years and nine months duration, beginning Feb. 14. The depression will definitely end next November 19 and there will be employment instead of unemployment rolls as the county embarks on its greatest era of prosperity. All this and many more things were told to 80 Lions and ladies Tuesday evening by James Harvey, Chicago Astrologer.—Hereford Brand.

Another reason why we had rather have a newspaper than a postoffice is because few postoffices are a success, financially. Once in a while we hear in some newspaper that a postmaster has been on the job fifteen or twenty years, but in most instances postoffices change hands too often to build up much business.—Clarksville Times.

McCormick-Deering No. 411 or 111

You want the bottoms of you lister to scour readily so little power is required to turn the furrows. But, most of all, you want the lister to be an accurate, dependable planter. Then you are sure of the best possible stand and profit.

If you are particular, you'll like the No. 411 or 111 McCormick-Deering two-wheel planter for use with 4 horses. No. 411 with combination cotton and corn hoppers, and No. 111 like 411 but with flat-drop corn mechanism. These listers are mighty popular abouts. You'll like their light draft and accuracy.

Come in, look them over, and see what they'll do. They may just what you need!

Three Wheeler Teams Win Places in Tourney

Senior Girls Receive Trophy for Second Honors—Junior Girls, Senior Boys Get Third

Three Wheeler basketball teams won trophies at the Kelton tournament that was held there last Thursday, Friday and Saturday. The senior girls won second, the senior boys third and the junior girls, third.

Friday the Wheeler senior boys won a game from the Kelton second team 23 to 8. In the game with Kelton the junior girls had their positions changed some. They won from the Kelton's junior team by a score of 14 to 4.

The junior boys lost to Kelton 16 to 4. Coach Bob Clark made a complete change in the junior girls team in the next game and they showed great improvement because they ran up 18 points against the Kelton first string. The senior boys were helped by working on the indoor courts last week as they held the strong Mobeetie Hornets to a 16 to 23 score. The senior boys then came back and beat the Kelton all-stars 13 to 8.

This ended the games with the Wheeler teams except the senior girls who went to the finals against the Highpoint girls. That team is probably the strongest team in the country says Coach Clark.

The Highpoint girls won the tournament, with the Wheeler girls as runners-up. Kelton senior girls won the consolations.

Kelton senior boys won first, Mobeetie second, and Wheeler took third place. In the junior boys race Kelton took first place, Lela second and Magic City third.

The Allison junior girls won first, Kelton second and Wheeler third.

The cups were awarded to the captains. Laney Mae Tillman received the senior girls cup, O. D. Connor the senior boys, and Dorothy Tolliver the junior girls cup.

The senior girls who played in the tournament were: Julia Lou Tinney, Wilma Tinney, Laney Mae Tillman, Gladys Warren, Clarice Robertson, Nerine Young, Fay Ficke, Beatrice Miller, Dorothy Mae Burgess and Zinna Mae Holley.

Among the senior boys in the tournament games were A. B. Turner, Carlisle Robison, O. D. Connor, Earl Sivage, Jack Tate, Amos Page, Curtis Weeks, Derwood Lewis and Marvin Montgomery.

SENIORS ATTEND SHOWS IN SHAMROCK WEDNESDAY

The seniors gave a theatre party on bargain night at Shamrock last Wednesday. Some went to see "That's Gratitude" at the Texas, while others saw "Lightning Strikes Twice" at the Liberty.

The group gathered at the City Drug Store corner and left in cars about 7 o'clock. Those who went to Shamrock were: Wilton Callan, Ford Newkirk, Curtis Weeks, LaVeau Cole, Fay Ficke, Florine Guynes, Helen Gilmore, Travis Jones, Jack Guynes, Ruth Belle Farris, Laney Mae Tillman, Theodore Conner, A. B. Turner, Mamie Lee Starkey and the sponsor, Miss Winona Adams.

NICKNAMES SEEM TO BE POPULAR IN HIGH SCHOOL

By LaVeau Cole

Evidently the people of this community do not know much about naming their children, as about half of the pupils in high school have a nickname and in most cases more than one.

The football boys have queer names. Some of them are: Dirty, Windy, Anna Bell, Tilly, Puney and Lefty. Some of the funny names are: World Series, Scoots, Cotton, Polly, Toots, Lopie, Jitters, Pap, Chestie, Pee Wee, Cowboy and Snuffy.

Charles Hix claims the record for nicknames, and no one disputes it either. A few of his names are: Charlie, Knothole, Rosie, Archie, Rosebud, Archieball, Water Lily, Charlie, Race Horse, Snocabod and Ignoramos. He boasts a grand total of 55 names but he could not think of all of them at the time of the interview.

All of the nicknames sound fairly

well with the last name: Doc Conner, Chief Turner, Jack rabbit Guynes, Lopie Flynt, Jew Jamison, Peach Tree Tate, Tillie Tillman, Red Newkirk, Buster Callan, Dobin Trayler, Pap Puckett, Dirty Lewis, Dutch Robison, Jitters Pendleton, Junior Smith, Pollie Pollard, Zeck Red, Turnip Tanner, Chestie Nations, Cotton Womack, Printer Robison, Ivanhoe Badley, Snuffy Deering, Spuds Moore, Jimmy Passons, Jonesy Jones, Son Denham and Ebner Cole.

A few of the girls are: Fuzzy Garrison, Cowboy Burgess, Jitters Jeter, Mae West Hunt, Pee Wee Scott and Tootsie Young.

These names originated in various manners: by the real name, clothes, habits, actions, ancestors, size, shape, friends, disposition, hair and just 'cause.

One of the most common ways of naming a person is by his or her boy friend or girl friend.

Declamation Work Begins This Week

Work was begun on both high school and grammar school declamation this week. Mrs. Lloyd Davidson will have charge of the boys and girls of the grammar school. Both junior and senior boys and girls will be coached by Mrs. J. L. Gilmore.

Johnnie Faye Templeton, Jackie St. Claire, Melba Wiley, Billy Wiley, W. E. Pennington and Charles B. Sandifer are entering as grammar grade juniors.

Those who will compete in high school declamation are—junior girls: Delilah Montgomery, Ruth Faust, Nelle McPherson, Irene Hunt and Imogene Jamison; junior boys: Aubrey Warren and Howard Nations.

Senior declaimers will be: Ferrol Ficke, Jonnie Lewis and Ruth Faye Garrison, senior girls; Billy Noah, Theodore Conner and Curtis Weeks, senior boys.

Students will be chosen from this group to represent Wheeler school in the Interscholastic League meet.

TWENTY YEARS FROM NOW

Mr. and Mrs. Carlisle Robison spent the week end with Mrs. Robison's parents. Mr. and Mrs. C. G. Miller. Mr. Robison is the Sports editor of the New York Times.

Wheeler "Mustangs" took the all-state football championship from the Shamrock Irishmen Saturday night with a score of 7-6.

Miss Dorothy Burgess, beauty operator, has opened a beauty shop in Dozier, Texas.

The U. S. most noted detective, G. Travis Jones, killed two unidentified gunmen in a blazing gun battle near Twitty today.

Theodore Conner, who is owner of the Kellerville steam laundry, received injuries on the head and feet

when a steam boiler used in the laundry blew up. The loss was estimated at one million dollars.

Miss Helen Gilmore, latest Hollywood star, now appears in a new picture, "Are Blondes Made to Boss".

Believe it or not, Miss Bernie Addison, instructor of English in the Wheeler high school, has been telling one certain Derwood Lewis to get his English lesson for the past 23 years.

Ford Newkirk, an all-American football star, has accepted the position as coach in the Kelton high school.

C. B. Witt, a popular scientist has, after 30 years of experimentation, succeeded in growing a second head of hair.

Son Denham will likely be nominated as a candidate for president at the next Republican national convention.

Teams to Enter County Tourney

Friday the Wheeler boys and girls senior basketball teams will go to Mobeetie for the Wheeler county basketball tournament. The junior teams will not go because their tournament will be held in Shamrock at a later date.

Due to the fact that the teams have been working on the floors of nearby gyms they have improved considerably, states Coach Bob Clark.

The teams of the county who will attend the tourney are: Kelton, Briscoe, Magic City, Shamrock, Mobeetie, Lela and Wheeler. The winner of the boys tournament will win the championship of the county, and they will represent this county at the district meet to be held in Pampa.

Some of the boys who will probably see some action in the tourney are: Weeks, Lewis, Connor, Montgomery, Tate, Page, Robison and Young.

Games will start on Friday and the finals will be at 7:00 o'clock

Faculty Will Present "Fullers Folly" Feb. 21

Mrs. C. J. Meek and Mrs. G. O. McCrohan to Furnish Comedy Roles in 3-Act Farce

Next Thursday night at 7:30 the high school auditorium curtain will rise on act one of "Fuller's Folly". This three act comedy-farce promises to be a real laugh-getter. Mrs. C. J. Meek, playing the role of a sharp-tongued matron, and Mrs. G. O. McCrohan, a society lady from the east, are the characters that produce the more amusing scenes.

The plot is centered around the wealthy retired rancher and judge, Mr. Fuller. This part is played by Principal C. B. Witt. Supt. J. L. Gilmore takes the role of Broncho Bright, a dried-up character with a red nose; Broncho is the confidential friend of the judge. Broncho's pretty, bright-eyed daughter is impersonated by Miss Ruth Ewing. She is a girl of the range with an education.

The great social worker, Miss Mary White, is a sweet woman who can laugh at life and enjoy its little pleasures. Miss Kathryn Bowers has this part.

Four of the judge's relatives are after their share of his vast estates. The character Mrs. Scotty, one of the relatives, is taken by Mrs. McCrohan. Mrs. Scotty is a large matronly woman unaccustomed to the wild and wooly West. Mr. Scotty, played by C. J. Meek, is a successful small town business man. Like his wife he is new to the West.

Mrs. Meek is in the role of Mrs. Bittlepop, a sharp-tongued, soured-on-the-world woman. The other relative is Walter Davidson. Walter is a pleasant young man interested in life. Coach Bob Clark is that gentleman.

The time required to present this play is one and one-half hours. Several interesting features are to be given between acts.

Mrs. McCrohan and Mrs. Meek contend that the acting of other characters will cause riots.

GIRLS PRACTICE AT KELTON

The senior and junior basketball girls went to Kelton last Tuesday night to play in practice games. Both teams were defeated by the Kelton girls.

The seniors who made the trip were: Laney Mae Tillman, Wilma and Julia Lou Tinney, Beatrice Miller, Gladys Warren, Dorothy Burgess and Zinna Mae Holley. The juniors were Dorothy Tolliver, Ferrol Ficke, Margie Bowers, Bonnie Adams, Geraldine Lewis, Martha Jane Shipman, Lillie Mae Crofford and coach Miss Winona Adams.

Saturday night. Schedule for the boys is: Wheeler vs. Briscoe at 4:00 p. m. Friday; Lela vs. Shamrock at 7:00 p. m. Friday; Kelton vs. Magic City at 9:00 p. m. Friday; Mobeetie has a bye.

The girls schedule is: Kelton vs. Briscoe at 3:00 p. m. Friday; Wheeler vs. Liberty at 5:00 p. m. Friday; Mobeetie vs. Shamrock at 8:00 p. m. Friday. Lela has a bye.

SCOUTING HAS AN ANNIVERSARY

Celebration of the twenty-fifth anniversary of the Boy Scouts of America, numbering more than a million, began last Friday, Feb. 8, and will be continued through today (Thursday) with special events scheduled for each day, including the celebration of Pioneer Day, Feb. 12, Community Service Day, Feb. 9 and Scout Day, Feb. 11.

This semi-military organization was founded in England in 1910 and was introduced into the United States the same year. Lieut.-Gen. Sir Robert Baden-Powell was the father of the Boy Scout movement in England and Ernest Thompson Seton, in the United States. The unit of organization is the "patrol", made up of six or eight boys; the "troop", is comprised of two or more patrols and the "scout master" is the officer in charge of the troop.

The Boy Scout law is "To do a good turn daily." This motto has been carried out with success all over the entire country, with the home town, Wheeler, included.

A Boy Scout is required to learn the fundamentals of nature, to care for sick people, to administer first-aid treatments, to cook, to have a thrift deposit in some bank, and to raise one farm animal.

Boy Scouts, as a general rule, lead cleaner and better lives than boys who do not belong to this organization. Very seldom is a Boy Scout imprisoned, because he is taught at an early age that clean lives are best of all, and he learns to live this kind of life. He is taught to think of others and to do good to others at all times. Scout work helps boys to become better citizens for America.

The troops in Wheeler have gathered clothing and bedding for the relief of the poor. The Boy Scouts were given the job of handling the crowd when Christmas packages were given to the kiddies last Christmas. The troops have had one Boy Scout banquet.

The main object of these organizations is to develop patriotism, discipline, courage and self-control in boys, as well as to put the Golden Rule into daily practice. May Scouting enjoy continued growth and success.—F. F.

A WELCOME "FOLLY"

As everyone knows that rip-roaring comedy play put on by the faculty will be presented Feb. 21. The teachers with parts are Principal C. B. Witt, Miss Bernie Addison, Miss Kathryn Bowers, Miss Carlisle Robison, Miss Dorothy Burgess, Miss La Veau Cole, Miss Mazie Bean, Miss Ruth Faye Garrison, Miss Jack Guynes, Miss Travis Jones, Miss A. B. Turner, Miss Fay Ficke, Miss Theodore Conner, Miss Carlisle Robison, Miss Dorothy Burgess, Miss La Veau Cole, Miss Mazie Bean, Miss Ruth Faye Garrison.

O. McCrohan, Miss Kathryn Bowers and Mrs. C. J. Meek. C. J. Meek is also in the cast. Mrs. J. L. Gilmore, director, said, when the cast was being selected all members of the faculty offered their services, but because only eight characters were needed not all could be used. They have helped in every way possible and their work is appreciated.

The proceeds are to be used in building up the high school and grammar grade libraries and to help buy the football sweaters. Due to efforts of the teachers we will soon have a fully-equipped library.

Do you like to read good books? Of course you do! Well, if you and all your friends come out to see "Fuller's Folly" and support the teachers there will be plenty of good books in store for you. The football boys will be indebted to these teachers, as part of the money used in the buying of their sweaters comes from the proceeds.

Come to the faculty play.—T. C.

SAGE BLOOMS

THE GOOD THAT PEOPLE DO

The good people do lives after them. All great people are remembered for the good they did. George Washington was revered for leading the United States to freedom. Abraham Lincoln's name lives on for holding the United States together during the Civil War. David Livingstone has not been forgotten because he gave his life to teach the Africans about God and what was right and wrong. Thomas A. Edison gave the world electricity and many other useful things. Louis Pasteur worked out the germ theory of disease. All these things show people that they are remembered by the good things they do.

SCHOOL PAPER MAKE-UP CRITICISED BY LEAGUER

In the Interscholastic Leaguer for February a criticism of The Corral was printed. This article discussed the one page that was used until Jan. 4 of this year.

Since the make-up of the school paper has been changed, most of this advice does not now apply to The Corral.

Below is the comment from the Leaguer:

"The best-looking page can be prepared when the entire page is reserved for the high school material, as is true of The Eagle's Tale, The Corral and The Hi Times.

"The Corral plans its page with the smaller heads toward the right, as for the inside page of a paper. We think the page would be more attractive if the title plate were placed in the center of the page, if a column were reserved for editorials and the editorial matter, and the rest of the page planned in front page style. Larger heads should be used at the tops of columns, probably two-deck heads."

GIRLS TO DANCE AT PLAY

Under the supervision of Mrs. C. B. Witt and Miss Bernie Addison, high school girls will present a Spanish dance and a folk dance between acts at the faculty play on Feb. 21.

Some of the girls to take part are Miss Kathryn Bowers, Miss Carlisle Robison, Miss Dorothy Burgess, Miss La Veau Cole, Miss Mazie Bean, Miss Ruth Faye Garrison, Miss Jack Guynes, Miss Travis Jones, Miss A. B. Turner, Miss Fay Ficke, Miss Theodore Conner, Miss Carlisle Robison, Miss Dorothy Burgess, Miss La Veau Cole, Miss Mazie Bean, Miss Ruth Faye Garrison.

«The Wampus Cat»
 (With Apologies to Odd)

Thoughts while strolling: I guess it's a pretty good thing to check up on these boy friends or it seems to be the case with Curtis. Now what could he have done to make her come over to see him Monday... An ex-student, now attending college, carried a rubber mouse to church with her one Sunday and while the preacher was at a very serious part of his sermon, this girl showed the mouse to a girl friend. Result: one of the most blood curdling yells a person ever heard. Where is your dignity? I won't mention her name.

A few of our tall Romeos... Mansel Womack, R. J. Puckett, Huffman Walker and Clowes Jones... Fern George looks like Pert Kelton of the movies... A walking advertisement for the Rogue theatre—Ford Newkirk and O'neil Jones... Like to see Nerine Young wear brown... Am I glad "bright" red fingernails are going out of style... Wish La Veau Cole would wear "peach" colored shirts all the time... Only two married students attending school right now—Ida Belle Davis and Charlie Gilman... Twist my mouth in all directions saying Mincher... Here's guessing that the faculty play will be a "scream". It should with the characters selected to play in it. Say, a person almost starves to death just before noon every day when the home economics students are preparing their lunches. The aroma is more than one can stand for so very long a time.

One word description of Martha Alice Wiley... "graceful".

NAMES IN JACKET CAUSE COMMOTION

"Whose jacket is this? Did you write all the names in it, Carlisle?"
 "No, sir, Mr. Gilmore, I found it and those names were in it. I think that it belongs to Lorene."

"Well, she knows all about you and Curtis. Both of you graduated in '35 I see."

Curtis: "Is my name in there too?"

Mr. Gilmore: "She seems to have got acquainted pretty quick."

Curtis: "Mr. Gilmore, I..."

Mr. Gilmore: "She has Carlisle spelled Carlisle."

Curtis: "Mr. Gilmore, I..."

Mr. Gilmore: "Now she seems to be right neat for all the writing is on the inside. Most of them put it on the outside."

Curtis: "But let me ex..."

Mr. Gilmore: "Pass to the board and take this problem."

Curtis (to Theodore): "Can you beat it, Doc? I have known that girl four years but he wouldn't..."

Carlisle: "Aw, work that problem."

CURRICULUM DISCUSSION LED BY J. L. GILMORE

Supt. J. L. Gilmore led the round table discussion of "Planning the Curriculum" at the meeting of Wheeler county teachers Tuesday night in the grammar grade building.

In spite of the rain, approximately 40 teachers were present. This is the first of a series of five gatherings required of the teachers of this county by Bryan Dixon, district deputy state supervisor.

The schedule for these meetings is as follows: Feb. 26, "Trends", led by...

MRS. G. O. McCROHAN NAMED CHORAL DIRECTOR

At a banquet held Thursday night in Kelton for the superintendents, principals and directors of the Interscholastic League meet, Mrs. G. O. McCrohan was appointed director of choral singing in Wheeler county.

She is the third teacher from Wheeler to be named county director of league work. Mrs. J. L. Gilmore, declamation director, and principal C. B. Witt, athletic director, are the other two. Mrs. McCrohan was appointed by Supt. W. C. Perkins, director general of the county Interscholastic League.

The next meeting of the directors is to be held at the regular superintendents and principals banquet on the first Thursday in March at the Plainview schoolhouse.

SIXTH GRADE STUDENTS GIVE P.-T. A. PROGRAM

The sixth grade history club students presented the main feature at the P.-T. A. meeting last Thursday afternoon. The program was as follows: Origin of February, Melba Wiley; Valentine's Day, Louise Genthe; Important Events in February, Tris Hooker; the Life of Thomas A. Edison, Theodore Cooper; the Life of Abraham Lincoln, L'Ombre Brazil and life of George Washington, Joyce Faust.

A business meeting was held after the meeting. Miss Bernie Addison, Mrs. C. J. Meek and Mrs. H. M. Wiley were chosen to meet with the American Legionnaires to see if the school could have school parties in the Legion Hall.

The parent teachers decided to buy six pencil sharpeners for the high and grammar school rooms.

The next meeting will be Feb. 21 in the high school auditorium.

BOYS RUSH TO RESCUE GIRLS FREEZING CREAM

"I scream, you scream and we all scream for ice cream." "What's it all about?" asked someone. Well, here is the answer.

The other day a feminine voice was heard calling for help down towards the home ec. room. Several brave boys ran to the rescue and what was the matter? It was Mrs. Whitener wanting someone to turn the crank on a large ice cream freezer. There were several smaller freezers going also.

The boys gladly went to work when they were told that the pay would be a dish of cream for each freezer of cream they helped freeze. They labored with much vigor and pep until the cream began to harden and then as one boy gave out another would be called in to take his place.

After about 30 minutes had passed this same group of boys was seen in the hall asking the other boys if they were not hungry for ice cream. They would grin from ear to ear and say "Don't you wish you had a dish of ice cream? Now tell us the truth." This made all the other boys mouths water and they had to acknowledge they were hungry for ice cream.

Oh, well, the person who does the work is the one who receives the pay.

Sport Slants

By a Mustang

Wheeler finally took some honors at a tournament. In the Kelton tournament last Friday and Saturday Wheeler won three places, entering four teams. Not so bad after all. The senior girls received the highest honors for Wheeler by winning second place. They played three games, losing the last one to High Point in the finals. The senior boys won third place and the junior girls won third. The junior boys lost to Davis in the only game they played.

The game between Wheeler and Kelton senior girls was the best one played in the tournament. It was close and hard fought throughout. When the final whistle blew the score was tied 14 and 14. Three extra minutes were played and at the end of the extra period the score was 15 to 14 in Wheeler's favor, Julia Lou Tinney making the only point of the extra period just before it ended. The crowd was on its feet all the time during the last part of the game and they really saw some good basketball played.

Wheeler winning three places in the Kelton tournament has not changed my opinion a bit. We still need a gymnasium and will until we get one, no matter how many tournaments Wheeler wins.

Another interesting event of the tournament was the game between the Kelton All-Stars and the Mustangs. The All-Stars are a group of ex-high school and college boys who have played basketball all their lives. Several ex-Mustangs play on the all-stars line-up. The game turned out to be an upset, a very surprising upset. Wheeler jumped into the lead early in the game and kept it the rest of the game. The Mustangs were victors by a 13 to 5 score.

Friday and Saturday of this week Wheeler will play in the county tournament at Mobeetie. The senior boys will play Briscoe senior boys for their first game and the senior girls will play Lela for their first game. Both teams have a fair chance of winning the tournament and are working hard in preparation for their games.

HIGH SCHOOL RECEIVES 3 TROPHIES FOR SPORTS

Wheeler now has three new trophies. The second place trophy, won by the senior girls basketball team, is a silver figure of a girl basketball player standing on a black iron pedestal with "Kelton '35" inscribed on the front plate. The player is holding a basketball in one hand high above her head.

The third place trophy, won by the senior boys is just like the senior girls' only it is about one-half as large as the girls' and the figure is a boy.

The third place trophy that the junior girls won is a silver cup with a gold lining. It has the same engraving as the other trophies.

Journalism Class May Hear "Tack"

If arrangements can be made with the Fat Stock show officials of Shamrock, the Wheeler and Shamrock Journalism classes will hear Gene Howe, "Tackless Texas," on

HOME EC. CLUB RECEIVES 3 SETS OF SILVERWARE

Mrs. Jim Porter gave the home economics department three sets of silverware Friday of last week.

There were 36 knives, forks and spoons. If possible enough silver will be added before long to serve a complete banquet, according to Mrs. Gordon Whitener, instructor.

Mrs. Whitener added, "I wish to thank Mrs. Porter for the gift, which was certainly appreciated by the home economics girls."

BOYS JOIN TENNIS CLUB

At a called meeting of the Tennis club last Tuesday after school, the girls voted to let the four high school boys who are coming out for tennis join their club. These boys are Earl Sivage, H. E. Young, Curtis Weeks and Theodore Conner.

Dues of 50 cents are to be paid by all the girls. This money will go to improve the court. Instead of paying dues, the boys will get the court in shape by leveling and rolling it. With the dues paid tape has been ordered for the court.

GLARE FROM "RED-HEADS" RESEMBLES PRAIRIE FIRE

Fire! Fire! Where is the fire? There is no fire. It's just the glare from all of those red-haired women. One day none of the girls could be called "red". The next day half of the school had hair as red as that ole cow of mine.

Even some of the senior boys are trying it now. The president of the seniors musta run out of coloring because he got part of his red and the other part pink.

A sophomore and a junior girl look like the prairie afire. A senior girl has a duke's mixture: red, blonde, dark brown, black and muckledy dun.

What caused all this hair to change color? Did the girls do it in order to keep warm? Maybe they thought it would improve their looks and p'rhaps they were right—it's a matter of personal opinion, more'n likely.

HOME EC. GIRLS CLEAR \$12.76 FROM BANQUET

COLTS

Valentine Day was featured in the first grade by a valentine box and a party. Suckers in the shape of a heart were served and many games were played. An A, B, C book is being made by the first grade students. "Friends To Make", a new reader, was given to the class Wednesday. Abraham Lincoln and George Washington have been the chief subject of study in the first grade this week. "New work books have been ordered", states Miss Kathryn Bowers.

Valentine boxes were made and names were drawn in the first through the sixth grades.

The seventh grade class was entertained with a picnic Thursday at the home of Monroe Scott, a member of the seventh grade class.

Willodean, Paula Jane and Marvin Mincher enrolled Monday in the sixth, fourth and second grades respectively.

Fay Morris of Briscoe entered the fifth grade class Tuesday morning. Abraham Lincoln and George Washington booklets are being constructed in the second grade.

Mrs. John Ficke, Mrs. C. B. Witt, Mrs. Ernest Carter and Mrs. Tobe Giles are the mothers who visited school last week.

Peggie Nell Badley has been absent two weeks from school on account of illness.

VALENTINE DAY WAS IMPORTANT TO ROMANS

To most of us, St. Valentine's Day doesn't have a very important meaning, since we have grown up, but to the old Romans it was as important as Christmas or Easter is to us. The Romans celebrated this day as a feast for lovers because Valentine was regarded as the patron saint of love. Hence arose the custom of sending valentines or tokens of love on Feb. 14. The practice is a pagan survival.

A word to the boys: If you want to make some sweet girl happy, just send her a lacy valentine with "I Love You" or "Be Mine" on it. But be sure to send it by mail or have someone else deliver it because if the girl saw you blush she might even look at you.

Wheeler had several good rooters at the game Friday night, especially some of the boys whose girl friends played on the team.

METHODIST CHURCH

J. EDMUND KIRBY, Pastor.

"I say no man has ever been half devout enough:

None has ever yet adored or worshiped half enough:

None has begun to thing how divine he himself is, and how certain the future is."

—Walt Whitman.

This church challenges you to devotion and the living of a devout life. It provides services at which you may adore and worship God. It offers opportunity for you to think upon a life lived with God; the kind of a life God intended that we all should live. It calls your attention to the certainty of the future; It points out to you the way of life.

Your soul demands spiritual food. Come to the services of this church Sunday, anxious that you may receive spiritual food for your soul, and you will go away filled.

At the evening hour, 7:30, there will be shown on the screen scenes from the last days of our Lord, with special music. At the conclusion of this picture the pastor will preach a sermon on the subject, "Is It Nothing to You?"

* * *

CHURCH OF CHRIST

H. V. HENDRY, Minister.

Regular services throughout the week.

Sermon subjects for Feb. 17:

Morning—"Excuses".

Evening—"Excuses".

In discussing excuses it is not our intention to play the role of "fault-finding fairy", but it is our intention to show from the Scriptures that most so-called reasons for neglect of Christian duty and for not being church members is but camouflage to conceal the real issue.

Study your excuses with us.

BRISCOE TOOTERS

Briscoe School News, compiled by the Scribblers Club, with the following staff: Vetha Carver, editor; Beryl Helton, assistant editor; Fay Wilson, miscellaneous reporter; Joy Bill Riley, club reporter; Dottie Bell Swan, high school notes reporter; Geraldine Wadsworth, joke editor; Unifred Barnes, personal reporter; Lois Riley, athletics reporter; James Harold Sivage, power plant reporter.

Handicaps

The general knowledge, respective abilities, and physical characteristics of the great group of people considered as a whole represent a heterogeneous combination of qualities which cover a vast scale in size and opportunity. Although these qualities are never the same in any two individuals, a law of compensation is evident.

That this is practically true of high school students is obvious. One student will find a certain subject easy while another will be impressed with the difficulty to a greater or lesser degree, which the same subject affords him. However, where one may be deficient in one thing he usually has the ability to make it up in another way. Thus, if he is unable to excel in sports he may spend time profitably improving his mind or vice versa. The most important thing for the individual to consider is that he should not become pessimistic concerning his weakness, but make an effort to overcome it or concentrate his energies along a line of endeavor which will make accomplishment possible. I am reminded of a girl that contacted infantile paralysis at an early age and upon recovery learned that she must wear steel braces on her legs and use crutches the remainder of her life. It was not easy for her when she grew older to watch the other children run and play, and still harder when in young womanhood she was forced to sit by while her younger sister had dates and enjoyed the activities to which only a normal, healthy young person can have access. Finally, she decided that the difference between physical and mental, and she resolved that she should excel her in the cheerful, alert quality of her mind. She found happiness.

Perhaps your handicap is not at all like the young woman referred to above, but maybe you should be able to profit from the attitude that she adopted concerning her handicap.—B. H.

Hair Demonstration Given

at 4-H Club Meeting

The Briscoe 4-H club met Feb. 5 with the president occupying the chair. After the motto, pledge and prayer were repeated, Miss Jones started her demonstration on Repeating Chairs. She showed several types of materials used for reseating and several stools and chairs that she had reseat. Each girl helped weave on the chair she was reseating.

The club is going to put on a one-act play and a minstrel on March 1; at this time the 4-H club quilt will be given away. The parts have been selected for the play and the minstrel and practice will begin soon.

Those present were Mary Margaret McCarroll, Fay Hammer, Joy Bill Riley, Valoise Evans, Winnie Barnes, Nellie B. Candler, Dorothy Lohber, Lorene and LaJuana Treadwell, Letty Riley, Mabel Barnes, Alma Waters, Gertrude Hudson, Cliffler Sivage, Margie Vaughn, Arline Ritchie, Oleta Dickinson, Mrs. Vise, Miss Jones and Miss Ashley.

School Notes

The fifth grade English class, under direction of Miss Ina Scott, has been making a study of birds. The class room contains a cabinet which they have built to hold the collection of bird's nests which they have been collecting and bringing to school. Next study of this group will be on spiders. Here's hoping that any spiders brought to school will be kept in a safe place.

At a P.-T. A. meeting, to be held at the school auditorium on Thursday night of this week, pupils of Miss Riley and Miss Carmack will present most of the program. Talks will be made by Mr. Graves, Mr. Barnett, and Mrs. Candler.

The American history classes are planning to contribute to a chapel program on Washington's birthday on Feb. 22, and the Texas history classes in both junior and senior high school are discussing plans for a Texas history program at the chapel hour on March 1. Announcement will be made later concerning various numbers for the two occasions.

The impossible has really happened—the floor of the gymnasium has been completed and we are now enjoying basketball on the home court. First games on the new floor and under the new lights were played with the Lela boys and girls on Wednesday night. Owing to "sweating" of the concrete, the floor became so slippery before the games were over that it resembled a skating party more than it did a ball game. The Briscoe teams seemed to be able to hold their footing to a better advantage, however, and were victorious in both games, the girls winning 27 to 7 and the boys 15 to 10.

On Friday night Mobeetle reserves, not entered in the Kelton

tournament, came to Briscoe for return games played on the Mobeetle court earlier in the season. Briscoe girls led throughout the game, and with Aderholt scoring 16 points and Treadwell 19, succeeded in winning by a score of 39 to 13. Briscoe boys did lots of shooting for the basket but it seemed impossible for the ball to enter the rim and they went down to defeat 20 to 11.

Murder in the Clouds!
It's murder in the clouds! The story of a daredevil pilot who can't keep out of trouble in the heavens, or on the earth. A human bird of prey streaking through the heavens on an errand of doom—striking out of the clouds like lethal lightning. You've been thrilled, shocked, terrorized before; but save your shrieks for the moment you meet this winged monster whose unholy hobby is Murder in the Clouds. Hold on to your seats as you watch this human rocket nose his mighty plane into the ether; as you watch him put her through death-defying stunts in the air; as you see him streak through the heavens at unbelievable speed! Live through a thousand breathless moments with Lyle Talbot, Ann Dvorak, and the world's greatest stunt flyers when they come to the Rogue theatre Friday and Saturday and Saturday matinee in the mighty airplane picture, "Murder in the Clouds". Also two good comedies will be shown in connection with this attraction.

Circus Clown

Says Joe, "If you want to do something big try running over an elephant". "And if you want to do yourself a treat", says manager Lee Guthrie of the Rogue theatre, "take my advice and see Joe run over the elephant in Circus Clown". With all its color, its action, its blare and heraldry, the circus—both as seen in the ring and as lived behind the tent drops—will be shown on the screen of the Rogue theatre, where Joe E. Brown will appear in the First National picture "Circus Clown" on Monday and Tuesday, Feb. 18-19. One of the greatest comedians in

the history of filmdom, who has actually lived the life he depicts, for Joe E. Brown was a circus acrobat as a boy. Brown has been given a vehicle that allows his marked talents full sway. He is supported by an exceptionally capable company,

including the entire cast of G. Barnes circus. He brings an audience a screamingly funny comedy that is replete with the best, thrills and action which has touches of pathos that laughter with a hint of
