A large crowd was in attendance at the barbecue and stock show Tuesday evening in Wheeler. I appreciate everyone's cooperation in getting the pictures at the sale. Once again, it is so nice to have a facility such as the Wheeler County Show Barn. Sand storms come to mind when I think of past shows, but I am sure we had some cold days for the show also. **Continued** Page 4

Ain't It the Truth BY AB GUNTER

Got up this morning and Mama turned on the durn T.V. first thing it said was "Good Morning, this is your weather man, temperature, wind chill and all it is 50% below zero". Well now that sure put the quietas on my working outside er anywhere else. Who in the world would want to work in that kind of weather. Wonder when the weather men got the idea of windchill, they never had that back when I was a kid, we had to gather the eggs, feed the stock and bust the ice on the water trough and bring in the coal every day no matter how cold it was. Then when we got breakfast et we had to get to school.

My problem was getting to school, I had so many places that I had to go such as Woffords Dry Goods, Mcllhany's Grocery and other places to check with the pulse of the merchants, then as I would head for school I would have to see what Hawk Mayfield was doing over at Mr. Crumps Service Station and he and Percy Farmer would hustle me on my way to school. Either Mr. Sampson or Mr. Green greeted me at the door (of the high school building) and headed me in the right direction of grammar school where I belonged.

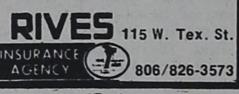

Vertilee Page and Bob Clark seemed to be handy when I entered the building and maybe Lois Kirby or Ruth Ewing would be lurking in the background to try and corner me for a shot of Education, golly what an effort just for one kid. I never could figer why they would ask me so durn many questions if they wuz smart enough to be a Teacher. I had known Vertilee all my life and her folks and wondered why she found it necessary to dust my britches for some slight infraction of the rules, such as puttin a Horned Toad in her desk er some innocent thing like that. Mrs. C. J. Meek always let me do those things in the Fourth Grade, I sort of wondered if she didn't let me get away with it as she knew they wouldn't keep me in the fourth grade for the third year. Bless them, I don't know how they survived puttin up with my nonsense. I think down deep I loved all of them and just wasn't interested in an education, don't you recon.

Why won't you marry me? Is there someone

The Jail Museum **Has New Caretakers**

The Old Mobeetie Association met Thursday, 6th of Feb. at 6:00 o'clock State Bank in Mobeetie.

This was a very special meeting as we welcomed our new hostess and caretaker of the museum, Gene and Toni Wilson who came from Council Bluff, MO. to join us in keeping the museum.

At 6:00 the meeting was called to order by Pres. Sallie Harris who opened with a prayer led by Louise Hogan. Austin Caldwell read the minutes of Dec. meeting as we had no meeting in January. The minutes were approved as read and the Treasurer report presented by Bernice Caldwell were accepted as read, Louise made a motion it be accepted and Austin Caldwell second motion and the vote was unanimous.

Sallie reported that Gene Wilson had painted the screen porch floor, after removing the damaged linoleum that rain leaking at connection of porch and trailer home. Duane Bradford had examined the need of repair of porch roof and said he would furnish repairs and do the work for \$50.00. Austin made a motion that he be employed and Jap second, it carried unamiously. Louise had noticed some of the slats on back of Blue Grass Stage were slipping and out of place and Gene and Toni agreed they could take care of repairing that. Henry Johnston ask if the Masonic Lodge could get the bookcases in second floor of the old lodge building that had been purchased and moved to museum area, after a discussion, Mrs. Turnbow made a motion that the decision be postponed until members could examine the case to be sure the removing of cases would not damage the walls of the building, it was seconded by Bernice Caldwell and votes carried. surprise pounding at the last of the Calif. meeting and they were really surprised. Sallie asked Jap if he brought it. something for Gene that he wanted to use at museum and he said he brought it. Gene said, " I hope he did not bring that wheel barrow in his car. Each one brought their sack of groceries from their cars just to show the Wilson how much their presense was appreciated as we were glad to have them as friend, neighbors, and to care for our beloved Museum. Meeting adjourned. Present were: Leona House, Bob Galmor, Jap Bailey, Austin and Bernice Caldwell, Lousie Hogan, Jack Finsterwald, Mr. and Mrs. A.B. Turnbow, Henry Johnston, Gene and Toni Wilson, Sallie Harris, and a guest Nellie Horton. Remember we meet now the 1st Thursday of each month at 6:00 o'clock. We welcome each one in Mobeetie to come and be active in helping us make decisions and do go see the new caretakers and see how the museum is being kept clean. Jim had taken the baby up to Dorothy. Kellie thought baby was in the fire. I know that was a horrible feeling. When our barn burned we could not find Weldon thought he was in the barn. Willie had come by and he had gone to town with them. Years ago our grand kids, Kim and Ricky around 6 or 7 got little cold outside, and build them alittle fire beside our hay stack, when the fire got away from them began to spread and burn wild, they ran and hid in some lilac bushes, we hollered, called and ran here and there, was that an

3 p.m. Thursday our icicles, one is right close to 6 ft long is not getting any longer, or shorter it is cold out of hospital. Brother Dave isn't doing so the south.

We had some visitors from Nebraska this morning, Mr. and Mrs. Bill Haskel. We rented this place in January 1934 from Mr. Haskel in Nebraska, he passed away, then his son Glen and 2 girls Hazel and Margie, the three took over. Gas was found on this section they said 1/2 of their mineral then in 1972 they came down and sold the land. Now in little over 10 years Hazel and Margie are dead, Hazel had MS, Margie cancer, now Bill is totally blind, he had a blind eye now a golf ball hit him in his good eye, he is blind. Bill, Hazels husband married again, they said it was getting pretty cold in Nebraska they were going to Arizona to visit and where it was warmer. Last night Thursday night my 6 foot icicle fell cut our TV leade wire into, so only Cheyenne, Okla. now. Colie went out knocked my 5ft one down and out, he was afraid it would fall and cut hole in our gas line. So no icicles to watch today, ha. Correction, Mattie Jackson friend Leta Ruskin can walk now after 2 hip breaks, she learned again by holding to the rails on side halls, now that is wonderful.
