CWE CHAT WITH EDITOR

This weather has been something else. I believe the temperature reading at the bank reached 76 for Monday. A front moved through Tuesday and the temperature Wednesday morning at 6:00 was 26. Let's hope the change was quick enough to prevent any damage to trees and shrubs.

Mrs. Guthrie sent the office a bouquet of forsythia and others reported seeing the srubs in bloom. I am talking about the bush which is usually covered with the yellow blooms in the spring—in case one of us don't know the correct name.

The political arena increases in activity as the time arrives for individuals to file for those high paying jobs on the city councils, hospital board or school boards.

The Wheeler city council will be filling three positions, Wheeler I.S.D. has three places and seats held by the representatives from Wheeler and Kelton are to be filled on the Parkview Hospital board.

Now is the time to either encourage your representatives to seek re-election, urge someone else to file or run yourself. Remember, these are high paying jobs that somebody has to do.

-cwe-

No, I didn't take advantage of the warm weather and get the English peas in the ground. I had good intentions, but just didn't get the job done.

-cwe-

I made comment on our sick people in Amarillo hospitals last week. It was good to see Cecil Pierce back on the job, when I made my rounds Tuesday. Dick DeArment has some further treatment to undergo and Madge Porter remains hospitalized. There may be others in Amarillo, but I was aware of these three.

And, on the subject of hospitals, I

WHEELER COUNTY APPRAISAL DISTRICT

Homeowners May Postpone Payment Of Property Taxes Friday

By simply filing a sworn affadavit with the Wheeler County Appraisal District, homeowners age 65 and over in Wheeler County can defer payment of property taxes on their homesteads.

If an elderly taxpayer has already been sued to collect delinquent taxes on his homestead, he can still take advantage of the "over-65 tax deferral" by filing an affidavit with the court in which the suit is pending.

Marilyn Copeland, chief appraiser of the Wheeler County Appraisal District, explained that once an over-65 taxpayer properly files the tax deferral affidavit, state law prevents taxing units from initiating or pursuing delinquent tax suits on the homestead for as long as the applicant owns and lives at that property.

Copeland said that elderly homeowners can obtain forms for the deferral affidavit at the Wheeler County Appraisal District office. The homeowners should fill out the form and have his signature witnessed by a notary public or other official authorized to take oaths, she added.

Copeland stressed that the tax deferral only postpones tax payments, it does not dismiss them. "Elderly homeowners should understand that the taxes, penalties and interest will continue to add up," she explained. "Once the homeowner no longer qualifies for the deferral--that is, if he no longer owns or resides at that homestead--all those deferred amounts must be paid. At that time taxing units may sue to collect the delinquent taxes, penalties and interest, and foreclose on the property."

More information is available by contacting the Wheeler County Apprasial District at 826-5900.

Underground Water Conservation Meeting

Conservation tillage and water management are innovations in farm management that may be practiced separately, or combined in a farm management system that can increase farm profits.

Producers with hands-on experience in these techniques will discuss their ideas, insights and practical experience at the High Plains Conservation Tillage and Water Management Conference, February 13, 1986, at the Hale County Agricultural Center in Plainview.

The conference will provide participants information on adapting conservation tillage techniques into farming operations to cut over head expenses and increase net returns. Water management techniques which hold irrigation costs down and help improve the profit potential of farm operations will also be discussed. Additionally, conference speakers will explain the problems they have encountered in implementing these new techniques.

The conference begins at 9:00 a.m. and will end about 2:30 p.m. Equipment, chemical and informational displays will also be available for inspection by conference attendees.

CHRISTINE GILMER

The heaven's declare the Glory of God: and the firmament sheweth his handiwork. Psalm 19 and 1.
We cannot change yesterday, that is quite clear,
Nor begin tomorrow until it is here...
So all that is left for you and for me,
Is to make today the Best that can be.

It's really a little hard to believe this is the month of Jan. One of the coldest month's of the year, it is so warm the grasshopper's and wasp are venturing out to see what it's all about.

The Singles Club had their monthly meeting last Friday night, getting together in the home of Julie Dillon, those there to enjoy the delicious evening meal, was Bill Miller, Edith Donaldson, Doris Newsom and Ona Black, they had a good time visiting and enjoying other entertainment. Edith Donaldson will be hostess to their next meeting, next month.

Mary Ann Ault the daughter of Mable Parker, is the proud grandmother of a baby boy born 14th of Jan. to Kristy and Leonard Elick of Los Angeles, Calif. the baby weighed 7 lbs. 9 ozs., name Leonard John, Mary Ann's first grandchild, and she says its a beautiful baby, sounds like a proud grandmother.

Ruben and Edna May took Doris Newsom back to the doctor in Cheyenne Friday afternoon, hope she is soon feeling better.

Bruce and Pearl Harrison, Lucille Mails and Vivian Wallace, went to a U.P.C. rally in Borger Friday night, and they also visited Elmer Lee and Peggy Sanford and Jack and Freddie Lou Moon while there.

Bro. and Sister Johnson and Gwen had as their Sunday dinner guest, Bro. and Sister Terry Boughman and children and Bro. and sister Alvin Crosson from Elk City, and Becky Lucius and Kendall. Bro. Boughman preached both services Sunday. Bro. and Sister Johnson and Gwen also attended the rally Friday night at Borger. Eddie and Wanda Walker spent the weekend in Amarillo, just the family enjoying themsleves and being together, Eddie took Jonathan and Justin to a tractor pull Sunday afternoon.

Vance and Caroline Boydston and Kyle went along with Kevin to Lubbock over the weekend to get him settled back in college after the holidays.

The U.P.C. ladies aux. had a quilting at the church last Wednesday, hard work, and all was tired by the time we got through at six o'clock, had a good time working and visiting. Also had lunch at the church, Vestal Estes, and Bro. and Sister Carl Milstead were on their way from Dalhart to Arkansas, they dropped in and visited just a few minutes. It was good to see them, Nan Milstead had been taking care of her sister Alice Frank's who broke her ankle a few week's ago.

Edna May enjoyed a little plane ride Sunday afternoon. John R. Peterson from Reydon, had promised her a ride in his private plane. Sunday afternoon was a beautiful day for the occasion. Mike and Teresa Dyer and family was Sunday dinner guest in the home of Teresa's grandparents, Mr. and Mrs. George Parker.

Can you remember when: People fasted so often that they didn't have to be concerned about Weight Watcher's, carbohydrates, Ayds or staples in their ear? People walked to the grocery store, the church, to visit and hung out clothes on the line to dry, pushed a lawn mower, painted and cleaned the church, played ball, jumped rope, rode a bike and raced with the kids so that there was no need to pay the spa fees, nor rush to the car, almost backed over the youngster's, then fight traffic to get to the Spa to make certain they got some exercise?

Ain't It the Truth
BY AB GUNTER

This durn weather has played whaley with my loaffin time. I have put off every thing till it got cold and now its cold and Mama said "Papa get on with all them things you keep puttin off till winter". I had to go down to the neighbors and cut a load of wood that he and I had drug down from the hills and I thought it would only take a few minutes, boy was I fooled, that durn Red Oak ain't the easiest thing to cut when its aged, as they call it and when I got it cut I had to split it and there wasn't a soul to visit with so I had to cut, split and load it. Now I ain't askin any of you to come help but looks like Mama could have a little mercy on me in this cold weather.

I just glanced down at an ad in the "Times" of Hyland's Pharmacy, it says a 10% discount on perscriptions if you are over 65. Sucks I would give him a 10% increase if he could keep me under 65 wouldn't you. Will Burke and his wife laughed at me when I told them next birthday I would be attaining that age and they laughed at me and said "Ab your still a kid and I guess they're right. I always thought when you were 21 that you were a man and now I find that ain't the truth and the older I get I see it more. A friend in Washington State is still building Totem Poles, I mean big ones and he is near 90 and has been crippled for many years. Guess I had it all figured wrong, I thought I could sit on my er ah Back Side when I got to the retiring age, Terrell and Mr. Smith, there in town seem to think its more like a Hundred when you can sort of set down and Take It Easy. I don't really mind to much I'm having fun and enjoying life visiting friends and seeing the beauty that the Good Lord has given us. Hope you are. See you soon, **Ab and Benita.**

CARD OF THANKS

We wish to extend our sincere thanks for the many Prayers, Cards, Flowers, and Memorials extended us during the illness and loss of our beloved father Oscar Pitman.

A special thanks to Dr. Larry Barbour and the nurses of Parkview Hospital, the Wheeler Care Center Nurses and Staff, for the many hours of Tender Loving Care each gave to him. May God richly bless each of you.

CARD OF THANKS

Accept this dual note of thanks from my husband, Bob, and me covering his recent stay in Parkview Hospital. To Dr. Mendiola because of your ability and skill as a dependable doctor sanctioned by the guiding hand of God Almighty, Bob is home. "I kaw nui tao, Mahaol". To the nurses capable and calmly doing jobs, all with such devoted assurance.

A special feeling of gratitude to the Masonic Lodge, the same to the Eastern Star. I am convinced NO WHERE in the world can you find a group who are wise to the needs of a fellow-man, more than our Brother's and Sister's. They go quietly about their benevolent deeds, not out of pity, but because they care.

To many other friends we thank you for flowers, cards, good groceries, meals on wheels, visits and offers to help aplenty. But, most of all, we value your sound advice and promise not to let troubled waters drown us. To look to God to relieve our anxiety and heal broken bodies.

P.S. To Jimmy Earl Lewallen, III, I will forever remember the dark night, you, with one hasty leap, resembling the swift cheetah, retrieved my door keys dropped by me under door steps. Known facts: Cheetah's can be trained to hunt. I challenge you to touch off a startling venture, a teach-in class for cheetah's at the elementary level. WHY NOT?

HOW MUCH FAT?

Diet, fitness and fat just don't seem to go together. Yet nutritionists and medical authorities agree that some fat is a necessary part of the balanced diet.

The question is, how much fat is too much?

Many health organizations recommend that we should get about 30 percent of our calories from fat.

So if you require, 2,000 calories to maintain your weight, about 600 of those calories should come from fat. About ten percent of that fat can come from saturated fat sources.

Saturated fats come from meat fat, chicken and turkey skin, whole milk, hard cheese, cream and butter, plus certain vegetable oils including palm oil, coconut oil, and hydrogenated shortening.

Here are some suggestions for ways to keep your fat consumption below the 30 percent mark:

* Bake, broil, boil, steam, poach, or stir fry with little or no added fat.
* Trim any visible fat from beef, veal, pork, and lamb. Remove the skin from turkey and chicken.
* Refrigerate gravies, stews and soups — then skim off the hardened fat.
* Drain the fat from cooked foods.
* Select low-fat dairy products, such as skim or low-fat milk, low-fat cheese, low-fat cottage cheese and low-fat yogurt.
* Read the labels on processed foods to determine their fat content.

What's A Three-Ounce Serving of Meat?

The USDA dietary guidelines recommend eating six ounces of cooked meat, or an equivalent protein source, each day.

You can get this amount of meat by eating one six-ounce serving of meat at one meal, having two three-ounce servings at two meals or having several small servings during the day that provide the total six ounces.

If you plan to serve a three-ounce portion of meat, remember that cooking losses and the part you discard, like bones and fat trimmings will affect the final weight of what you consume.

One-fourth pound (4 ounces) of ground meat will yield about three ounces of cooked meat. A raw, center loin pork chop, cut 1-inch thick, weighs about 8 ounces. But once it is cooked and trimmed with bone removed, it weighs about three ounces.

Meat is a major source of high quality protein and iron as well as other important nutrients. By learning to judge the recommended serving size, you can serve nutritious meals that are also low in calories and fat.

DANGER AHEAD

The most dangerous time of any time in the history of the World is gradually creeping up on us, even now the whole world is in turmoil, terrorist activities on the increase, attempts to overthrow governments, assassinations and many other crimes to numerous to mention, in Daniel Chapter 8 verses 23 thru 27 speaking of a Kingdom or empire that is yet to form in Europe says that when the transgressors are come to the full a King of fierce countenance and understanding dark sentences shall stand up, the world is about ripe for the prophesied world dictator to come on the scene, better wake up the 3½ years World War 3 that will end with the second coming of Christ can begin in a very short time, every one that can use a weapon should own one and some ammunition and know how to use it, during the next war our enemies will fight us in our own nation and maybe fight us here in our area, better prepare for the worst and hope for the best.

When you have a group this size, no matter what you do, you have fun, but this night was exceptional we all had a blast.

We assembled back at the church around 10:00 pm, for a devotional and prayer. We appreciate all those who provided us with transportation, and helped provide extra money for those who otherwise could not have gone.

Thank you for your love.

reported last week that Mother was on the road to recovery; that was true at the time. You will find her name listed in the 'Hospital Notes'. Dr. Mendiola gave a good report Tuesday, so once again, she is on the road to recovery.

The explanation: My sister-in-law, Darla, and niece, Alicia, brought mother to see the Wheeler Care Center. Mother had an appointment with Dr. Mendiola and he found a new development which needed some attention.

-cwe-

I am very proud of both Parkview Hospital, our doctors and Wheeler Care Center and try to brag on them and their staffs from time to time. I may be a little prejudice, so it makes me feel good to hear the same comments from 'outsiders'. All three passed family inspection and were complimented.

-cwe-

We had a fun weekend, Mom; sorry you had to miss some of the activity.

Darla and Alicia stayed through Saturday morning and returned to Bartlesville. Melba, Gene and Neil arrived Saturday evening and brought Gene's mother with them. In between trips to the hospital, we ate. I found Darla some toasted coconut ice cream in the 'deep freeze' and had to bring the freezer 'out of retirement' to make butter pecan Sunday evening. Yes, we shared that with mother. And this means I will have to get the freezer out again this weekend so Raymond and Darla will not feel slighted.

sent to the Panhandle-Plains Historical Museum, where it will become part of a 30-block Sesquicentennial Quilt. Each of the top 26 counties will have a representative block, with the remaining 4 blocks representing the museum, the Extension Service, the Sesquicentennial and the quilt project itself.

The museum and Extension Service are planning a "quilting bee" for February 22-23, according to Jo Ann Arasin, the museum's curator of textiles. Area quilters will come to the museum to actually finish the Sesquicentennial Quilt, and the public will be able to view and participate in the work as it progresses.

Once the Panhandle's Sesquicentennial Quilt has been assembled and finished, it will be on exhibit at the museum in conjunction with "Lone Stars": A Legacy of Texas Quilts, 1836-1936", a major exhibit of the best quilts in Texas. This display will have a premiere at the Panhandle-Plains Historical Museum on April 26, 1986 and will be on display through June 8, 1986.

face. Joining in are all the atheists, consenting with a nod, that's right, they say, there is no God. I hear the evolutionist as he claims he understands, and in the distance I hear the mockers as they scoff the Christian plan. They say our faith is simply blind emotion and what we believe is based on some outdated devotion. But to all of these who laugh and scoff at God's eternal plan and consider His word, conceived in the minds and hearts of weak and ignorant man, I answer you with sympathy and I answer you direct. My faith in God is not blind as I am sure you have presumed for I've seen Him face to face, right here in this very room. His hands are gentle, His voice one of great cheer and everytime I've needed Him, He's always been near. I see Him hanging on the cross some 2,000 years ago, sacrificing His life, that to Heaven I might go. Today as we pause to remember this one we called Grandma, with her I rest my case. For anyone whose seen her life has been touched by His amazing grace. Yes, I've seen God, in the face of my Grandma.

In memory of my Grandmother,

Looking Back

In 1936, "The Wheeler Times" was in its third year of publication. Wheeler has had publications from as early as 1905, but the "Times" was established in 1934 and has been in continuous publication since. In checking the old files, we find these items of interest.

-lb-

In the **December 26, 1935** edition we find the "Schedule of Games with First Pairings in the Wheeler Basketball Tournament, Jan. 3 and 4". The brackets show the girls and boys teams play as follows: Kelton vs. Mobeetie, Miami vs. Shamrock, Smanorwood vs. Allison, Briscoe vs. Lela and Wheeler vs. Magic City.

The **January 9, 1935,** edition showed Canadian boys defeating the Mobeetie boys for first place. The Wheeler boys place third in the tournament. The Mobeetie girls won over the Canadian team by a wide margin. The Allison girls defeated the Wheeler girls in the semi-finals for third place honors. Wheeler county coaches selected the All-star teams; the paper only lists last names of these individuals and their teams. Among the boys named were Dyson and Moore of Mobeetie and Connor of Wheeler; Gunter of Allison and Lee and Dysart of Mobeetie were named to the girl's All-star team.

A bridge party honoring the college students with Miss Helen Gilmore as the "charming hostess", as reported **January 2, 1936.** Bridge was played at five tables, with Miss Florence Dorsey of Cameron, Mo., receiving the cut prize. Those present were Misses Marilyn Wiley, Texas Miller, Mary Lou McIlhany, Annie Mae Green, Helen Green, Anna Mae Puett, Marguerite and Bessie May Ficke, Rose Bowden, Mary Eunice Noah and Florence Dorsey and Messrs. Max Wiley, Kilborn Bowers, Wendell Meek, Paul Wiley, Joe Field Meek, Harold Nicholson, Bill Miller, Grainger McIlhany, Lindsey McCasland and John Ficke".

In the "Professional Column" of the **January 2, 1936** paper we find where Willard's Dairy delivers good fresh milk, cream, butter and buttermilk twice daily. L. C. Laflin guaranteed all his work in Radio Repairing.

In the **January 9, 1936** issue of the Times, February 8, was the date set for the first Annual 4-H Club Calf Show.

Briscoe High School teams were host to Kelton Monday night for two good close games. Kelton girls took the lead in the first quarter. Briscoe caught up and was nip and tuck with Briscoe four points ahead at times. But 3 of our starters fouled off and we lost by one point: 50-51. But we were and are proud of our girls and boys. Our boys defeated Kelton 77 to 66 without one of our main players, Mitch Reynolds who injured his knee at Mobeetie last week.

Many Briscoe parents and fans journeyed to Higgins Friday night. Most were pretty upset at the rough way our players were treated. Most of our girls were knocked down, hard, more than once and shoved around but few fouls were called on our opponents, girls and boys. Final score was girls Briscoe 43, Higgins 59. Boys: Briscoe 62, Higgins 70.

OUR RESIDENT
GUESS WHO?
BY MARIE FULKS

He must have been an Old Time Cowboy
His legs are bowed, I mean
He is the kindest gentle man
That I have ever seen.

There is a little woman here
I'd like to call my friend
I can say no more for the mystery
Would be "Gone with the Wind".

I love our little monitor
She guards us every day
To see that we observe the rules
And walk the narrow way.

"Our ambassador of good will"
He has an Indian name
"Man who Walks sitting down"
But Diplomacy is his game.

There's one dark man of mystery
He never says a word
He doesn't yell nurse do this or that
That I have ever heard.

CARD OF THANKS

A special thanks to everyone who made this time in our lives a little bit easier! Also thank you for the prayers and donations. God bless you all.

Mrs. Joe Flowers

Sure will be wonderful when all these famous people quit being born on holidays, and Monday at that. If I had my way all holidays would be on Sunday when they wouldn't interfere with important things. Just go to church and celebrate them.

The weather has been wonderful. So nice that aunt Emma Perry and Wilma Fowler walked from her house to see Junior and Louise Perry.

We take our Dawg for a walk each pretty day to his delight. He won't go unless both Joe and I go. Then he takes off like a streak. Those little short legs cover 5 miles to our one, gives all the rabbits and squirrels an interest in life.

Some folks abandoned him when the oil bubble burst. We watched him stand by the vacant house a couple of days. Couldn't stand it any longer. Bought some BowWow and had oursleves a faithful friend.

Juanita Coffey was out to see Hortense Madden Tuesday. Juanita spent the holidays in Wyoming visiting Denzil and family. Lots of snow up there. She rode the snowmobile to help feed the stock and found it exciting.

Gas is down and coffee up. We had a terrible time buying 6 cans of coffee to store for emergencies before all the hoarders stocked up. No kidding, the shelves were getting bare.

Barry and Lori Richmond have a little girl born January 12 at Sayre. They named her Brittany Dawn. She has a brother Brett. Barry is foreman of the 2 B Ranch (once Christener Ranch) now owned by T Boone Pickens.

The Kitchen Band went to Town Hall Estates Monday. They were short a few things as Troy and Velma Gibson were ill an some others failed to show. We three and Clarence and Althea Sanders went by to see the Gibsons. Rosetie is visiting the John Francis family at Erick.

Members going were Bertha Coffey, Betty Brothers, Basil and Billie Doss, Joe Flowers, Roy Swagger Richard Crawford, Agnes Francis, Clarence and Althea Sanders. Cheering section was Jack Criswell, Ida Mae Rutherford, David and me. Visited with Belo Puryear, Esther Allison, Mr. and Mrs. Henry Howard, Dean Perkins. Among guest were Ed Thompson, Lillian Foshee, and Flossie Thompson, Mr. and Mrs. Glen Moore. Flossie tells me she is a cousin of Virginia McCathern at Hereford.

The Bird Lady, Ina Brown tells me she has a little great grandson, the first, born November 27 at Altus.

Troy and Iona Miller are very happy to be home from the hospital in Amarillo. Netty McMullan came home Monday.

Funeral services were held at Snider, Texas last week for Netty's sister, Lela Carmichael. Mr. and Mrs. Marion Hughes were up Tuesday to see the McMullans.

Virgie Webster and Alvin Marshall were married January 4 at the Baptist Church in Erick. Virgie beats a mean washboard with the Band. We are hoping Alvin will join.

We lost a friend last week with the death of Buster Wood. Only last week we told him see you next month but it isn't to be. Funeral services were Monday at the Reydon Baptist Church with Burial in the Fairview Cemetery near Durham.

The Mayfield EHC met last Tuesday with Mary Bollen. Thirteen members present.

Clarence and Paulie Gee came by today. They had been to Cheyenne on business and visited Denzil's family. He brought a friendship quilt to show that was pieced in the '30s. Had my mother and grandmother's names plus many more that I knew. Their kids are Schermans moved to Enid in Nov.

I learned something today on Jeopardy. They gave a quotation," I've never been to Heaven but I've been to Oklahoma."

Sam Tignor, Debra Hill, and Lisa Anderson were on the Dean's Honor roll at SJC. Our granddaughter Melissa writes she was on the Dean's list at Hannibal and made an A in chemistry.

Our other granddaughter Ginger went with her boy friend when he took the test for the service. She took it too and did so well they tried to get her to join.

This fine weather makes people think about cleaning the premises. Don't forget to leave the brush piles and dead trees for the little animals and birds. They need homes to. Don't burn the fence row. It provides food and shelter.

The derrick is down on the Long well, we hear, and has moved somewhere near Sunny Point.

Been a lot of anniversaries lately. Pat and Debby Anderson, Gerald and Judy Tipton, Howard and Inez Fuchs, J. B. and Carolyn Barham this week. Our number two son Joe Dale and Esther will celebrate theirs the 23rd.

The 15th was the deadline on the estimated tax for 85. Sure comes regular.

Quite a few farmers and unemployed would say that things aren't quite as rosy as painted. Tinker Field whispered softly that they had 600 jobs coming up. There were over 5,000 people in a long string, scuffling and fighting, trying to be the first to sign up.

Heard someone say they didn't vote for some of these taxes but guess someone did. There is a large number in office that you can't get any one to admit they voted for, but someone must have.

The jails and prisons are so full that they turn some loose to make room for more. Just the other day the big riot was caused because the jail didn't have satellite TV.

Instead of giving the two bit prisoners room, board and TV they ought to figure out how to make them work and repay these they have robbed and injured. Some of it might stop.

The Winter Westview is out. Alvanita North had a nice poem about a famous Oklahoman Quanah Parker. There's another about a Chapman. I have a set of great great grandparents named Chapman. Wonder if this one and Johnny Applesseed are kin too.

My dentist and friend Jack Morri-
