Congratulations to the Wheeler Mustang Football team for an excellent year of football. We are sorry we didn't win state, but there is always next year. We switch now to basketball and expect great achievements by all our teams.

Snow and 20 degree weather December 14. greeted me Wednesday morning when I reported to work to do this bit of writing. The snow is very fine and dry enough that it just brushed off the windshield and was drifted.

After a beautiful Saturday and Sunday, the weather changed Monday morning and 26 was the high for the day Tuesday. We shouldn't get bored with the weather.

For an example of how beautiful the weather was Saturday, when the Arnolds arrived Saturday evening, a freezer of homemade butter pecan ice cream was setting on the patio. Mother accompanied the Arnolds, and we all enjoyed the ice cream.

I failed to tell you last week of my successful elevator ride'. While we were 'running around' on Friday after Thanksgiving, Mother chose to ride the elevator instead of the escalator. Darla, my sister-in-law, was on the elevator with mother and I before having second thought about the ride

either.

The weather and road conditions did not stop Lonnie and Tommie Kenney; they left Monday for the National Finals Rodeo in Las Vegas. A report about the rodeo on the radio brought that statement to mind.

I recently reported on the use of a micro-wave candy thermometer in making Post Toastie candy. Faye Sparlin ask why I didn't put the recipe in the paper; so here it is.

orginate the recipe, but this is how Mother had titled it in making her recipe files.

As an added bit of information, Grandma Tilley always made a lot of many different kinds of candy at Christmas. This art was passed on to Mother and our teachers always looked forward to a box of homemade candy at Christmas. Mother made candy for a number of years after we were all away from home and about the first stop on a visit to Calumet was the bedroom to sample our favorite candies. The spare bedroom was not heated and the candy was stored in a cool room.

Roy Robertson was by the office Monday. He was in Wheeler to check on Wheeler Care Center.

One of the nicest presents I've got is that Joe pitches in and washes the dishes. We have a dishwasher but it has to be loaded and unloaded. Just as easy to wash by nand.

I was the only girl. We had lots of company. Mama would say now all of you come into the front room and visit. We'll wash the dishes later. 'We' meant Lois. Lois would wash dishes and bawl. I wanted Frank to help. Mama would say "Boys don't do housework" and I'd bawl louder. Daddy would come over and dry them and that really would kill my soul.

Then I didn't have any girls. SO on to a life of dishwashing.

To the Editor The Wheeler Times

Dear Editor,

Recently, one of your townspeople was in Shamrock and was dog bit. It was my dog, and I am sorry he was dog bit. She is a family pet, and I have had her for nearly four years. She has had her shots, goes everywhere, and is well-liked by everyone.

I feel that she was justified in her biting the man. The man, a complete stranger, approached my kids while they were waiting for the school bus. He was trying to talk to them, and they were afraid of the man. He had no logical reason to be at the bus stop. There is a vacant house on one corner and the back of the garage of the other

I do not like a dog that bites. I do not like a man approaching my kids when no other adult is around. I would rather pay for a dog bit than have my kids kidnapped, molested, or worse yet, killed. The dog was protecting my kids from what she probably thought was an attacker.

While browsing through a book today I came across this, "commonsense in an uncommon degree, is what the world calls wisdom". Think of that for a minute.

Speaking lightly I've been wise enough to stay inside this foggy, icy, weather. I don't see many people. Maybe they are also being wise.

But ahead of this weather Mona Guinn and her mother, Nettie Luttrell, took off for a Thanksgiving trip. They went to Hagerville, Texas to visit Iclaures. And that they that, 39 of them. Nettie got to see four of her brothers and sisters as well as neices, nephews, etc. Coming back by Austin they visited with two of Mona's sons, David and John Paul. They not only visited but they kept children while the parents took one little one to a doctor in Houston. Reports were encouraging. Then the two women drove to Walters, Okla. where they spent a short time with Mona's other son, Stanley Baker, and family. They have returned two weeks later happy to have seen so many family members and to be home safely.

Can I be cited if there are more people riding in the front seat than there are belts for?

No. The law states that each person occupying a • seat equipped with a safety belt must be secured

As an example, if three persons are riding in the front seat and three belts are provided, all must be buckled in. If only two belts are provided, the two persons in the belted positions must be secured by the belts.

Can residents of other states be cited for breaking Q. this law?

A • Yes. The statute applies to anyone riding in the front seat of the specified vehicles while they are being operated on roads, streets or highways of Texas.

What if the belt doesn't fit?

Auto manufacturers have made belt extenders available for larger persons.
