## Officers Get Name of County Suicide

### Fingerprint Records Identify Man as J. W. Quinn, Oklahoman, With Jail Record

Sheriff Raymond Waters this morning received a wire from the Bureau of Identification, Washington, which tentatively reveals the name of a man who died in the Okfuskee community Sunday from self-inflicted wounds as J. W. Quinn. Fingerprint records further show that Quinn spent time in the Oklahoma penitentiary, McAlester, and the reformatory at Granite. When in the McAlester institution, Quinn gave his address as Ardmore, Okla.

Efforts made so far by county officers have failed to locate any living relatives of the dead man. The body is being held at Shamrock while definite identification is completed and during the search for relatives.

Sheriff Waters declared today that unless someone with lawful claims upon the body are located in the meantime, burial will likely be made Saturday.

Quinn (assuming the identification to be correct), is said to have shot himself through the heart late Sunday afternoon in a thicket in the Okfuskee community, southwest of this city. It is alleged Quinn had entered the Paul Risian home in that locality Sunday morning, while the family were at church services, taking some food and a shotgun after missing the house. Discovering an intrusion upon returning home, Risian notified neighbors and a search was made for the miscreant.

John Hruelar, Jr., Miro and Edward Chan and Paul Macina joined in the hunt. Later in the afternoon, Risian discovered a man's tracks leading away from the house across a pasture and followed them. He met Paul Macina, on horseback, who joined in the tracking. Following the footprints to a thicket, Macina came upon a man sitting down with a shotgun across his knees. Not receiving a response to his greeting, Macina continued to question the stranger until he aimed the weapon toward his interrogator, who retreated.

Officers were soon called to the scene. In the meantime several men of the community kept a sharp lookout for the man. When Sheriff Waters, Deputy W. W. Davis and W. O. Deweese arrived they surrounded the thicket and ordered the man to come out. Receiving no response, they entered the copse and found him dead.

A verdict of death from gunshot wounds, self-inflicted, was returned at a coroner's inquest before Justice B. B. Walker in Shamrock Sunday night.

The man is described as about 45 years old, slightly over six feet tall, and heavily built. Examination of the body disclosed a five-inch gash on the back of the neck, about half an inch deep, and a lesser cut downward from the ear on the right side of the neck. These injuries apparently had been received two or three days previous to his death. He was clothed in rough outdoor garb without a trace of anything in his clothing that might indicate who he was.

## College Extension Meeting Postponed

Because Prof. L. F. Sheffy, W. T. S. T. C. instructor, was called away by an emergency, the college extension class meeting scheduled for tonight at the high school building here has been postponed until 7:30 p. m., Monday night, Oct. 21. According to the publicity bureau of the Canyon school, adjustment will be made with those who came considerable distances for the session.

## MRS. THURMOND IS HOSTESS TO CONTRACT BRIDGE CLUB

Mrs. I. C. Thurmond entertained with a luncheon and bridge for members of the Contract Bridge club at her country home, Friday, Oct. 11. Bridge was played at three tables, with Mrs. Don Fisher winning high score; Mrs. Worth Beal, high cut, and Gladys Gunter, guest high. Guests were Mesdames Cora Hall, Ed Watson, Glen Porter, Worth Beal, Nelson Porter, Alford Watson, R. J. Holt, Don Fisher, Roy Puckett, T. S. Puckett and Misses Reba Wolford and Gladys Gunter.

## NEW ENTRIES IN THE TIMES WINDOW

Among the new exhibits in The Wheeler Times office window display since last week are:  
Two fine ears of white corn, grown by E. E. Farmer on the M. M. Craig farm, five miles west of town. Mr. Craig brought them in Saturday and said: "Here's a sample of what Wheeler county soil produces."

G. W. Simmons, living five miles east of Wheeler, also stepped in Saturday with a selection of half-and-half heads and declared: "Shucks, you haven't seen anything yet until you look these over." And it is good grain for any old country in any old year, and especially a dry season like the one just passed.

The fruit (?) collection now includes a hedge apple or Osage orange—bois d'arc—sent to A. B. Griffin by Sam Turpin of Lingleville. Next!

## County Man Attends Memphis AAA Parley

### M. A. Pillers, State Cotton Committeeman, Returned Monday from Tennessee Meeting

Accompanied by C. H. Day, Plainview; B. G. Glenn, Collingsworth county, and Mr. Hamilton, Briscoe county, M. A. Pillers, Twitty, member of the state advisory committee, returned Monday from Memphis, Tenn., where the party attended Friday and Saturday a conference called by the secretary of agriculture on cotton and its relation to the AAA. Pillers states some 400 producers from all sections of the cotton belt were present for the parley, which was held as an open meeting for all parties interested in cotton. In addition to the producers, cotton factors and consumers were represented at the meeting, where all evidence was heard under oath.

Four principal points were considered, namely: Present parity prices of the staple; whether this parity is likely to exist in the coming year; whether the secretary of agriculture, through delegated powers, would effectuate bringing about a parity, and whether or not it is administratively practical to exercise those powers under voluntary agreements with producers to reduce production in order to bring about normal relations between supply and demand.

The bulk of evidence submitted, declares Pillers, tended to show social, economic and general conditions as greatly benefited by the program. This condition is reflected, it is said, in an increased buying power by consumer, increased sales by producer and wholesaler, and a sounder credit situation.

## Full Week Program for Rogue Theatre

Beginning Wednesday and Thursday, Oct. 30-31, the Rogue theatre will include another picture in its schedule for mid-week showings and will continue throughout the fall months with three programs per week. This is in response to a public demand for more pictures in Wheeler, declares Lee Guthrie, manager of the Rogue. The opening picture will be Will Rogers in Judge Priest and a Laurel and Hardy comedy.

Guthrie also announces that since the Trades Day event has been moved up to 4 o'clock on Saturday afternoon, the regular matinee for that day will be moved up if those who wish to attend will get to town earlier so they may see a complete show before the Big Event takes place.

## BRIDE OF WHEELER TIMES MAN TO ARRIVE SATURDAY

Mrs. Edward R. Owen of Charles City, Iowa, expects to arrive here Saturday to join her husband, Edward R. Owen, Intertype operator on The Wheeler Times. Mr. and Mrs. Owen were married at the Gospel Tabernacle in Omaha, Neb., on March 21 of this year. Mrs. Owen continued in her position with the Iowa Public Service company at Charles City, while Mr. Owen returned to his work here at The Times office. She recently resigned her position for the purpose of joining her husband and setting up their home here.

## HEDLEY YOUNG MAN TAKES POSITION AT CITY DRUG

Ray Culwell of Hedley is the new clerk at the City Drug store. He began his duties there Tuesday of this week. Culwell takes the position held by Paul Farmer, who resigned and returned to the farm to assist his parents.

## Grim Reaper Takes Wheeler Young Man

### Austin Jaco Succumbs Wednesday Following Operation for Appendicitis

When Austin Jaco answered the summons of the grim reaper, death, early Wednesday morning, Wheeler lost one of its promising young men. He had been ill about two weeks, his condition becoming serious Friday, when he was taken to a local hospital where he submitted to an appendicitis operation. Owing to the advanced stage of the malady, relief came too late to save his life.

Mr. Jaco had spent most of his life in Wheeler, where he graduated from high school in 1931. The following year he attended Amarillo junior college. For several months he had been employed in the county agent's office. Previous to that he was connected with the Doris Forrester insurance agency of this city.

In 1926 Austin obeyed the Gospel and joined the Church of Christ where he continued a devoted member until his death. He was quiet and reserved, a young man of fine character; deeply devoted to his parents and loyal to his friends, who admired and respected his upright life.

E. Austin Jaco, jr., was born at Marlow, Okla., July 9, 1912, and died at Wheeler, Texas, Oct. 16, 1935, at the age of 23 years, three months and seven days. Surviving him are his parents, Mr. and Mrs. E. Austin Jaco; a brother, M. C. Jaco; two sisters, Mrs. Ayner Cole and Mrs. Dollie Goad; one uncle, Neil Jaco, and several other relatives and a host of friends.

Funeral services were conducted by W. B. Andrews, minister from McLean, assisted by Rev. J. Edmund Kirby at the Church of Christ, Wednesday afternoon. Rev. Taft Holloway directed the song service.

Flower girls were Doris Hooker, Berga Goad, Ineta Hubbard, Clara Finsterwald, Juanita Stone and Ruth and Madge Richardson. Pall bearers were Gordon Whitener, Buford Conwell, Milton Hubbard, Bill and Albert Owen and Temple Hooker.

Interment was made in the Wheeler cemetery under direction of the Wheeler Funeral Home.

## State Cotton Crop Forecast Is Lower

### Statewide Production Figures 5.5 Per Cent Below Sept. 1 Estimate

A 1935 cotton crop of 3,275,000 bales of 500 pounds gross weight is forecast for Texas, based on condition as of Oct. 1. The present forecast is 192,000 bales or 5.5 per cent below the forecast made on Sept. 1, and compares with 2,406,000 bales produced in 1934 and 4,642,000 bales the 10-year average (1924-1933). The Oct. 1, 1935, condition, at 60 per cent of normal, compares with 47 per cent a year ago and a 10-year average of 57 per cent. A condition of 60 per cent on Oct. 1 indicates a lint yield of 142 pounds per acre. The yield in 1934 was 112 pounds per acre and the 10-year average is 144 pounds. The area remaining for harvest is estimated at 11,084,000 acres, which compares with 10,297,000 acres in 1934 and 11,488,000 acres in 1933. The forecast of yield and production is based upon the present condition of the crop. However, the final outturn of cotton will depend upon whether the various influences affecting the season are more or less favorable than usual.

In the high plains and the area immediately east of the high plains, present prospects are for a crop slightly larger than was indicated on Sept. 1. Most of this area had ample rainfall during the month. However, in the eastern and north central areas, especially in the blacklands, the prospective size of the crop has been further reduced by continued insect damages.

Ginnings in Texas prior to Oct. 1, 1935, are reported by the Bureau of the Census at 927,000 running bales. This compares with 1,721,000 bales ginned to the same date last year and 2,345,000 bales in 1933.

## Royal Drug Offers Nyal 2-for-1 Sale

Among the merchandising events of interest to every Wheeler shopper is the Nyal 2-for-1 and special sale now on at the Royal Drug store. This sale offers some splendid values to economical buyers. On another page of this paper will be found the listing of scores of items; look it over.

## Kelton Community Fair On Saturday

### Exhibits, Music, Entertainment to Feature All-Day Picnic—Football Game

With George Henderson, J. L. Henderson and Walter Davidson as directors, plans are complete for a rousing community fair at Kelton all day next Saturday, Oct. 19. A complete array of exhibits of all kinds, including livestock, grain, cotton and other farm products as well as canned goods, needlework and household achievements are assured.

The Shamrock Municipal band has been engaged to furnish music for the occasion, beginning at 10 o'clock in the morning. At 3:30 o'clock in the afternoon a football game between the Kelton squad and a team from Oklahoma will get under way.

Among the speakers to be heard during the day will be M. A. Pillers, who will report the AAA cotton conference held last week at Memphis, Tenn., where he was a delegate from this county. Efforts are being made to have Judge J. B. Clark of Shamrock present for an address.

Promoters of the fair had hoped to secure Congressman Marvin Jones as the principal speaker, but were keenly disappointed today when it was learned that Jones would not be able to attend.

The community fair embraces, besides Kelton, the following school districts: Center, Rock and Davis.

W. A. Purnell of Kelton, another enthusiastic booster for the fair, was in Wheeler today and expressed the wish that as many as possible of the business and professional men and women and other citizens of Wheeler and vicinity would make a special effort to attend the fair.

## COUNTY COURT ENDED OCTOBER TERM TODAY

Resuming sessions Tuesday morning, county court continued to this morning, when adjournment was made for the term. Among the cases heard were the following:

The State of Texas vs. C. O. Killingsworth, barbering without a certificate. Tried before a jury, the verdict was guilty, carrying a fine of \$25 and costs.

The case of A. B. Crump vs. W. J. Warren, suit on note, resulted in a judgment in favor of the plaintiff for \$322.37, plus interest and costs.

A suit on debt action by H. E. Tolliver vs. R. B. Leonard and J. W. Mayfield was dismissed on a joint motion by plaintiff and defendant, at defendant's cost.

Oliver Elliott of Mobeetie, was in Wheeler Monday on business.

## COMMUNICATIONS MUST BE SIGNED

Again The Times must call attention to a requirement which MUST be observed by contributors to this paper. Unless given in person to some member of the news staff, articles submitted for publication must have the writer's name signed. This is required as a matter of protection against misleading or possible mischievous statements that might appear in print. The writer's name does not necessarily have to be printed in connection with the item sent in, but we must know the contributor to be a responsible person. The Times appreciates all the news items possible to obtain in a legitimate and reliable manner and does not feel that anyone, when familiar with the foregoing rule, will object to making themselves known to the publisher of the paper.

## Delinquent Wheeler Taxes Must Be Paid

### Council Employs Legal Assistance to Collect Overdue City Tax Accounts

Meeting in a called session, Monday of this week, the local city council decided to bring to a head long-deferred plans for collection of delinquent city taxes due the municipality.

The governing body employed Attorney E. T. Scott of Amarillo to direct a drive to round up the outstanding accounts, which will afford funds for operation and improvement of the city. It is said that some \$5,000 is now due on taxable property within the corporate limits of Wheeler.

## Study Club Sponsors Educational Lecture

The Wednesday Study club sponsored a lecture presented by Mrs. Robert Malloy, state chairman, on Nature study for the federated clubs, at the Rogue theatre Thursday afternoon, Oct. 10.

This illustrated lecture was given for the benefit of the grammar school pupils and club members.

Mrs. Malloy accompanied the club members to the court house for a social hour.

The club colors, red and white, were emphasized in the refreshments while the club room was artistically decorated with red and white roses. Mrs. G. O. McCrohan favored the guests with several piano numbers. Mrs. Cora Hall presented Mrs. Malloy with a lovely gift in behalf of the Study club.

## Wheeler Man Leader of Interscholastic

### J. L. Gilmore Named Director-General County School League Group Last Week

Responding to a call issued by County Superintendent B. T. Rucker, principals and superintendents of Wheeler county schools met here last Thursday night to elect officers for the Interscholastic League and make preliminary plans for what is hoped will be an exceptionally successful spring meet of county schools. J. L. Gilmore, superintendent of the Wheeler schools, was chosen director-general of the organization.

Selection of the following staff to assist Gilmore was made: Athletics, Noah Cunningham, Mobeetie; Declamation, Gordon Gatewood, Lela; Debate, O. C. Evans, Briscoe; Extemporaneous Speaking, W. C. Perkins, Shamrock; Spelling, Miss Mary Herriague, Kelton; Essays, Miss Naomi King, Magic City; Music Memory, Miss Rachel Shields, Rock; Picture Memory, Mrs. Sam White, Gracey; W. W. Brister, principal at Gracey, first chosen as director of picture memory, resigned the post in favor of Mrs. White because of his other activities.

At the suggestion of the county superintendent, the position of director of rural schools was delegated to A. L. Jones of Center. Rucker requested this action because of the heavy duties devolving upon the superintendent during the spring and early summer as the school term nears its close.

The meeting was attended by 28 educators of the county. As soon as sub-committees have been named meetings will be held to discuss arrangements for the interscholastic meet, which it is expected will be held in Wheeler this year. Recent completion of a flood-light stadium, erection of a fine new gymnasium, a home economics cottage and other additions to the Wheeler school plant will provide ample accommodations for the league gathering. Its central location in the county makes Wheeler the ideal location for such gatherings, offering as it does, easy access for attendance from all parts of the county.

## PUBLIC SCHOOL MUSIC PROGRAM

### Plans Include Organization of Huge Chorus, Bands, Orchestras, Glee Clubs as Feature of Centennial.

Announcement has just been made by the State Department of Education that in view of the great Texas Centennial observance to be held in the spring of 1936, that body is launching a public school music program which will startle the nation. To that end it is requesting the co-operation of every city and county superintendent, principal and teacher in the State of Texas.

The schedule includes a huge singing chorus of school children of grades one to eight; credited bands and orchestras and glee clubs.

County Superintendent B. T. Rucker has recently received a letter from J. D. Wilson, deputy state superintendent at Canyon, outlining principal points of the program.

Wilson declares the department hopes to assemble in one choir at the Centennial 50,000 school children. June 13, 1936, has been set as the date for the schools to put on their mass singing number. No definite date has been set for choral clubs, glee clubs, orchestras and bands, but this will possibly be some time during the latter part of October or the early part of November during Centennial year.

Rucker has received detailed instructions covering the great undertaking. This information is being communicated to local teachers and pupils that due preparations may be made to uphold the reputation of Wheeler county for pride and participation in laudable state enterprises and maintain its record for progress.

Further bulletins relative to growth and development of the program will appear in these columns as released by Rucker or the state department.

## REVIVAL STARTS MONDAY AT ASSEMBLY OF GOD CHURCH

Announcement is made by Rev. Pete Love, pastor of the Assembly of God church here, that a week's revival series will start at that church Monday night, Oct. 21. Rev. Clyde C. Gore of Amarillo, a former pastor of the local congregation, will lead the services. Preaching hours, 7:30 each evening.

## SO LIVE THAT WHEN—

Some wag recently wrote, "So live that when the minister has concluded his remarks, those present will not wonder if they have attended the wrong funeral."

Most men, and possibly some of the ladies, fall short of perfection. In fact the too perfect individual is viewed with no little suspicion by those ordinary mortals who recognize their own shortcomings. The man who is too good to be true may have admirers but his intimate associates are few.

This, however, is no bar toward earnest endeavor to build character, to act with integrity and to combine high principles for one's own conduct with tolerance toward the seeming faults of others.

In no place more than in business dealings do we have the opportunity to demonstrate real character. The unselfish at home are often the greedy and grasping in business. Those who give readily to the poor are sometimes not beyond driving a hard and unfair bargain in trade.

## SHALL WE "SOAK EVERYONE"?

When we "soak the rich," we "soak everyone."

This is especially true of proposals to levy exorbitant taxes on our great corporate enterprises. Demagogic politicians point to the fact that some of these corporations have gross incomes running into the scores of millions—and they attempt to reason from that, that they should be taxed to the point of confiscation, in order to benefit people of small and average means.

What the politicians overlook is that most of these great corporations, far from representing a few vast fortunes, represent the accumulated savings of hundreds of thousands of investors.

The largest American business enterprise, for example, is the American Telephone & Telegraph company. It has a stockholder list of about 670,000 persons. Not a single one of these stockholders owns as much as one per cent of the company.

A representative enterprise is the General Motors Corporation. It has a market value of one billion seven hundred million and is owned by some 415,000 stockholders. More than 150,000 of these stockholders possess ten shares of stock or less—a maximum investment interest, on the average, of \$350. Where are your great accumulations of capital here?

Taxes and legislative policies that punish enterprise, merely because it is conducted on a large scale, strike directly at the jobs, savings and pocketbooks of millions of ordinary citizens—who are far from being rich. The savings of the great masses of Americans are represented, directly and indirectly, by our large corporate businesses—and on the future of these businesses, the future of the average individual citizen depends.

lessly or recklessly driven motor vehicles, comes readily to mind. Not long ago, Colonel T. E. Shaw, the famed "Lawrence of Arabia," was killed when he fell from his motorcycle, which he was driving at 80 miles an hour. Only a week or two ago the wife of the secretary of interior perished when the car in which she was riding at high speed skidded in loose gravel and overturned. Just before, the beautiful Queen Astrid of Belgium met her death—when her husband, driving the roadster in which she was riding, looked away from the highway at a road map, and ran headlong into a tree.

These tragedies become known in a million households, because of the prominence of the victims. But they are no worse, no more tragic, than the thousands of similar deaths which occur annually and make, instead of headlines, a mere item on an inside page of the newspapers. Recklessness, carelessness, incompetence—these are the scarlet trinity, which cause so much needless grief, so much unnecessary suffering, so great an economic waste. When one of them takes the wheel, death rides, too. The Dark Angel does not always strike—but there is a limit to how long he can be withheld.

Care, caution, competence—these constitute the trinity which can prevent automobile accidents, major and minor ones alike. The issue must be put squarely up to each driver—it is purely an individual problem, and will always remain so. Traffic laws and enforcement can do nothing if the public will not co-operate. Will you?

## WHY BOYS GO WRONG

Of the 317 boys whose delinquencies brought them to the attention of the juvenile officer in the past 12 months, none belonged to the Boy Scouts; only four were high school students; and a large majority were from broken homes, asserts the Wichita Falls Times, which proceeds to offer the following sage observations on the situation:

There are lessons to be drawn from each of these figures. The fact that they are obvious lessons doesn't lessen their force.

One is that the boy who is given a wholesome outlet, such as Scout work, for his energies, is almost certain to steer clear of unwholesome ones. Another is that the more education a youth is given, the less likely he is to become delinquent. The third is that the home influence is the biggest factor of all and will continue to be; that when the home is disrupted its influence wanes to the vanishing point.

Perhaps it all gets back to the saying that somebody, perhaps it was Judge Ben Lindsey, uttered; that there isn't really any juvenile problem at all, just a parent problem.

## Our Exchanges

Items of interest culled from newspapers on The Times' exchange list.

Two deer caused almost as much excitement among a group of Canadian young people en route to attend the Perryton-Canadian football game as did the results of the game itself. Mrs. Ed Payne was driving her car in which were Mrs. Ray Hopkins, Willa Jean Payne, Virginia Lee Tepe, Earl Lee Wilbur, Jim McMeans and Joslin Hopkins. A short distance the other side of the Young park two deer ran out, just in front of the car. The deer did not seem to be in any hurry, but hopped over a fence just in time to avoid having the car overtake them.—Canadian Record.

Approval at Washington of a Works Progress administration project for seven miles east of Panhandle toward the Hobart school was announced Wednesday afternoon. Information was received here by

County Judge J. C. Jackson and Dave Warren, editor of the Herald, in a telegram from Congressman Marvin Jones, who stated that he had been authorized to make the announcement for the WPA.—Panhandle Herald.

They say it is the last straw that breaks the camel's back. But I just knew it would happen sooner or later. Flour is selling at \$4.50 a hundred here now. The pioneer idea is gone. Next thing, we will be carrying home a small paper sack of wheat flour for the sick only. In war time we had a fill of kafir bread. It may be that again after cutting down the crop to raise the price while thousands went hungry at that very time.—Donley County Leader.

Construction work on the Ochiltree state park has been delayed by the fact that the number of CCC enrollees has not come up to the total estimated by the administration. The enrollment of young men in the CCC has not reached the figures set by the government even though the age limitations have been extended to include both younger and older youths and restrictions on length of enlistments have been removed.—Ochiltree County Herald.

A city ordinance, No. 82, appearing in this week's issue of the Chief, puts a ban on the operation of public dance halls in Miami. This move on the part of the city council is to be commended, as this sort of amusement in Miami in the past has not been such that any town or community could uphold as being clean and unwholesome pastime. Past experience has brought out the undeniable fact that out-of-town patrons of these public dance halls have made them degrading, and a public nuisance.—Miami Chief.

The American housewife must pay \$1.59 today for food that she could have bought for \$1.05 two years ago—regardless of the fact that times are not better in the same proportion; however, the blame for increased food costs cannot be laid at the door of retail grocers, for their costs have risen along with the retail prices. The government's crop restricting as a matter of farm relief has had a lot to do with the present situation, but there is still a wide gap in what the farmer receives and what the consumer pays.—McLean News.

Regardless of how one feels over the matter of the approaching invasion of Ethiopia by the Italians army no one can blame Ethiopia for resisting the aggressor to the last ditch—and we might add the desire of everyone is that in some manner Ethiopia will whip the eternal day lights out of the Italians.—Lefors News.

Quite a number of Clarendonites have been observed suffering from the "sniffles" lately, which reminds one that the season for colds and "flu" is drawing near. All of which brings to mind the parody on an old favorite, which goes like this:

DANGEROUS DAN McROBE  
A bunch of germs were hitting it up  
On the bronchial saloon;  
Two bugs on the edge of the larynx  
Were jazzing a ragtime tune—  
While back of the teeth in a solo game,  
Sat Dangerous Ack-Kerchoo;  
And watching his pulse was his lite o' love  
The lady known as Flu.  
—Clarendon News.

It is a strange thing to me that some people who want an editor to be so plain about expressing his views don't want to sign their names to what they want published. If it is worth writing it is worth signing. A few people simply forget to sign their names. For this reason, I generally try to find out who each contributor is. I am very glad to have various people's opinions, but the readers as well as I, want to know who is saying what. But articles intended for publication must be signed, although the signature does not necessarily have to appear in print.—Wellington Leader.

Perhaps WPA means, "wait patiently associates." The president decreed WPA should become effective two months ago minus all red tape. But when his hirelings took charge there seems to be as much or more red tape than ever existed in relief measures.—Canyon News.

Leaf tobacco being sold to highest bidder

United States Treasury Building

From 1900 up to 1934 the leaf tobacco used for cigarettes increased from

13,084,037 lbs. to  
326,093,357 lbs.;  
an increase of 2392%

It takes mild ripe tobacco to make a good cigarette.

During the year ending June 30, 1900, the Government collected from cigarette taxes \$3,969,191

For the year ending June 30, 1934, the same taxes were \$350,299,442

an increase of 8725%  
—a lot of money.

Cigarettes give a lot of pleasure to a lot of people.

**More cigarettes are smoked today because more people know about them—they are better advertised.**

But the main reason for the increase is that they are made better—made of better tobaccos; then again the tobaccos are blended—a blend of Domestic and Turkish tobaccos.

*Chesterfield is made of mild, ripe tobaccos. Everything that science knows about is used in making it a milder and better-tasting cigarette.*

**We believe you will enjoy them.**

### CHAPEL

A circus came to town in our chapel program last Friday, given by the seventh grade. Plenty of laughs were furnished by a clown, Douglas Groves; the barker, Harley Holland; the two fastest women in the world and other things including an elephant race, a peanut race and the trained dog. Last, but not none the least, was a short mystery play entitled, "Of Course." (I'm not sure it means of course we're scared of course it's just like a girl to be scared.)

### News Flash

We saw Bobby Groves and Modelle Lollar very interested in typing lesson last week.  
Lois Bernice Walker was minus a good red hat Friday night.  
We wonder why a certain group had two flats Friday night.  
We wonder what happened to Ray Turnbow's tooth.  
We heard Florette Miller singing, "Everyday I'll fall in love all over again with you." We wonder why.

### SPORTS

The local footballers played a hard fought, spirited game against the Wheeler Colts but were defeated 6-0. The team started on a quick brilliant offensive in the first quarter and was in scoring position, but when hard pressed the ponies held firm. Defense of the Eagles, as usual, was splendid, but pass defense was ragged at times.  
The passing attack started by the high soaring Eagles in the last quarter carried the porker's epidermis to the 15-yard line of the Colts and if football games were made to extend, the outcome would have been changed.

But due to the outcome of the game there has been radical changes in the lineup and when Lefors visits the local gridiron Thursday, the score will not be against Magic City Eagles because the Eagles can be beat in scores but not in their flying spirit.

Lineup for Wheeler game: Calvin Harmon, c; Roger O'Gorman, g; Leonard Roach, g; Jesse Coker, t; Tackle Harmon, t; Ivan Burns, e; R. B. Stephens, e; Bobby Groves, qb; Troy Derryberry, hb; Herbert Green, lb; Buford Emler, fb.

Changed lineup for Thursday? R. B. Stephens, c; Roger O'Gorman, g; Leonard Roach, g; J. W. Johnson, t; Tackle Harmon, t; Ivan Burns, e; Buford Emler, e; Troy Derryberry, hb; Floyd Crow, hb; Bob Groves, fb; Calvin Harmon, qb.

### Magic City Represented

Magic City was present with six representatives and the superintendent, A. S. Wharton, at the county trustees meeting at Wheeler, Oct. 12. The first song on the program was "The Isle of Capri" by Edna Ruth Shankle, Irene Derryberry and Alice Hardin. Next, "When I Grow Too Old to Dream" by Florette Miller, Lois Walker and Edith Voyles. With votes from the other schools present we six were requested to sing "Beautiful Texas." After hearing two songs and one expression piece from Gracey, we departed.

### Theatre Party Sponsored

The high school is very grateful to G. T. Phillips, the football coach. To show the football boys and pep squad girls that "his heart was in the right place," he sponsored a theatre party for their benefit. The group saw "Fighting Youth" at the Liberty theatre. We also are grateful to Clarence McCoy because of his help in getting the football boys in without charge.

### Grade Reports

## How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.  
How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.  
Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.  
Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

### Home Economics Club Organized

The home economics girls elected as officers for their club: Genevieve Britt, president; Morene Clay, vice president; ETTIE MAE SHADDEN, secretary, and Bobbie Nell Henderson, treasurer.

The club has worked out several projects to raise money for the department. The members have sold ice cream, cookie sandwiches, and punch at the school building and at football games.

The girls enjoyed a trip on one of the busses to Shamrock, Oct. 8. They visited Snell's Grocery store, Piggy Wigly and the Shamrock bakery. They feel that a great deal of benefit was derived from the trip.

### Rucker Speaks at P-T. A. Program

At the regular meeting of the Kelton Parent-Teachers association, Thursday evening, Oct. 3, the following program was rendered:

Song—America, assembly.  
Prayer.  
Entertainment, Primary Room.  
Parliamentary Drill—Miss Ozella Hunt.

Talk—The School Needs and How to Meet Them, B. T. Rucker.

Round Table Discussion, C. C. Brown.

The rhythm band, sponsored by Mrs. Brown, and a vocal duet by Little Fern Carver and Leola Mooney were enjoyed very much.

A good representation of patrons was present. Everyone is invited to attend the next program.

### Notice Concerning Faculty Play!

The Kelton faculty play, The Gate to Happiness, which was scheduled for Friday evening, Oct. 18, has been postponed until a later date. Watch for announcements concerning the play in the near future.

### Laugh a Bit

And then there was the case of Aubrey Buice, John Henry Carver and Curtis Reese shipwrecked and set adrift in a lifeboat. John stood up to pray for deliverance; Curtis removed his hat in reverence, and Aubrey jumped overboard, thinking Curtis was going to take up a collection.

Miss Hicks (in geography class): Thurman, what is a volcano? Thurman Lee Rives (after chewing his pencil for a while): Well, a volcano is a mountain with a hole in

the top, and if you'll look down in that hole you'll see the Creator smoking.

Elvyn Clemens: L. D. did you make the football team? L. D. Whiteley: No, the school already had one.

### Honor Roll

High school pupils making the honor roll the first six weeks are:  
A Honor Roll—Imogene Beaty.

### Junior Business Training Class

The Junior Business Training class of 1935 has organized a club, and named it The Business Research club.

They elected Mildred Eubanks, president; Lois Meek, vice president, and Elsie Robison, secretary-treasurer. They found for a motto: "The road to success." They also elected Mrs. Grady W. Harris as sponsor.

The Junior Business Training class visited the post office Friday, Oct. 11. They learned about various types of mail, how it is handled, the laws of handling mail, and several other interesting things about mail.

They will study the business places in the near future.

### Photographer Visits Both Schools

Friday of last week a photographer visited the grade school and took a picture of each grade with their respective teachers. After having done that he took a group picture of the whole ward school. He returned Monday and a large number of the students purchased pictures.

Monday the same photographer came to the high school. After some difficulty, he managed to take a group picture of the high school, using the stage in the gym as a background. Other groups, including the senior class, home economics

### Play Given at Ward School

The ward school gave a play last week to raise money to buy playground equipment. Each grade took part in the play. Three prizes were given to amateur performers; the first grade won the first and second prizes which were \$10 and \$5, and the second grade won third. The community showed their interest in the school by providing a good attendance.

### School to Give Carnival

The annual school carnival will be given Friday, Oct. 26, at the ward school. The proceeds of the carnival will go for building up the library in both the high school and ward school.

### Basketball Girls in Hard Training

The senior girls are in hard training for the year. They said they couldn't play football, but they could show them how to play basketball. We're backing the girls in all games to the fullest extent.

### Texas History Class to Visit Old Places of Interest

The Texas History class is still enthusiastic over Texas; and plan to visit the monument of Buffalo Wallow battleground, Thursday. They have been studying about the battle

of Buffalo Wallow and decided it would be more interesting to study at the place where the battle was fought. They are also planning other trips of equal interest.

### PERSONALS

Miss Kathryn Sims visited in Amarillo Sunday and Monday.

Mrs. F. H. Rathjen and Miss Thelma Ford of Tacoma, Wash., M and Mrs. C. W. Zybach and family, Harry Rathjen and children of Canadian, Mr. and Mrs. J. F. Rathjen and son of Wheeler, and M and Mrs. Bill Beck were Sunday guests in the D. G. Sims home.

Miss Kathryn Sims visited in Canadian the latter part of the week.

D. G. Sims transacted business in Dalhart Sunday and Monday.

## Cool Weather Appetites

It's a well known fact that cooler weather brings increased appetites in connection with more vigorous activities than is found during hot summer time. This store has made careful preparation to meet the demands of increased appetites by stocking a choice selection of fresh seasonable groceries. An inspection of the price tags will prove a pleasant surprise, especially when the high quality as shown by standard brands is taken into consideration. Let us convince you of the savings possible here on everything needed for the table.

## Needed Supplies Arrive this Week

Chemistry Classes Get Laboratory Equipment—Music Students Receive New Books

Needed supplies for two courses that will enable students to do their work more efficiently has arrived. The equipment for the chemistry class and the music books for the music classes came Tuesday and Wednesday of this week.

The new chemistry apparatus consists of test tubes, flasks, Bunsen burners, glass tubing and rubber hose.

The music books are "The Music Hour Series." The books to be used by the sixth and seventh grades are entitled "The Upper Grade."

Those to be used by the high school are entitled "Music of Many Lands and People." This book is arranged so that it may be correlated with history, English or social science. The students paid for their own books.

The laboratory equipment has been incomplete for some time, but with the addition of the new materials, the science classes will be able to perform difficult experiments.

It was necessary to purchase song books for the music classes in order to make the course an affiliated credit.

### REV. TAFT HOLLOWAY ADDRESSES ASSEMBLY

The Rev. Taft Holloway made a speech Wednesday morning during assembly period. The theme of the talk was, "Success or happiness is where you find it."

In illustration of the topic, stories about "The Holy Grail," "The Prodigal Son," and a lesson in the obedience of a servant to his master were told. In each instance the person who sought after happiness or was in quest of a certain thing searched the world over and when returning home found it there where it had been all the time.

### THREE NEWS RACKS PLACED IN HIGH SCHOOL LIBRARY

Three news racks were made last week and placed in the high school library. These holders, which are similar to library reading room newspaper racks, are to be used for exchanges, this week's section of the Dallas Morning News, and several daily papers such as the Pampa Daily News, the Forth Worth Star Telegram, and the Amarillo Globe-News.

The racks were made by H. E. Cole, janitor, and the Rev. O. M. Addison. Miss Iernie Addison's father.

### SIX WEEKS TESTS ARE HELD

The first six weeks examinations were given last Friday for the high school students. The regular schedule was followed, using one period for each test.

The honor roll for this six weeks will be announced in next week's Corral.

### Many Happy Returns to Parent-Teachers

Saturday is the birthday of the Parent-Teacher organization in Texas.

On Oct. 19, 1909, a representative assemblage of men and women outstanding in religious, educational and social affairs responded to the call of Mrs. Ella Caruthers Porter, Dallas, Texas, to organize a branch of the national congress. So began the Texas Congress of Parents and Teachers, and on Saturday the local groups of Parent-Teachers association over the state will be called upon to celebrate the birthday of the Texas congress.

Mrs. W. R. Jones of Brownsville, state chairman of Founders Day and Texas Congress Birthday, urges every local association to participate in commemorating this day. Mrs. Jones says, "A fitting annual celebration of this day should give to every local association a closer touch with the state organization. It is very valuable to set aside a special time, when the ideals and purposes of the founders may be better understood through programs especially prepared for the occasion."

On the state birthday, gifts are made for the extension of congress work. As there are at present more than 5,000 schools in Texas that are not alligned with the congress, it is evident that extension work is badly needed.

Since Texas congress dedicated itself to child welfare every day in the year, it seems that local associations could at least give one day to the proper celebration of so great an organization.

The local Parent-Teacher organization has certainly aided the Wheeler schools during the past three years. They deserve much praise for their splendid co-operation in buying needed school equipment and supplies.

The following things have been done for the schools by the Parent-Teacher group: Kalsomined the halls, bought song books, purchased balls and bats each year, purchased a javelin, paid Legion Hall expenses for parties, bought grammar grade medals last year. The newest project of this organization is the purchase of a much needed piano.

From the students and faculty of W. H. S. goes this greeting to the Texas Parent-Teachers: "Many happy returns of the day."

### Ten Pep Squad Girls Attend Party

Among the many guests attending the party at Opal Shumate's last Saturday night the following Pep Squad girls were present: Dawn Weatherly, Bonnie Adams, Wave Wallace, Orveta Puett, Aline Buchanan, Ferrol Ficke, Ruth Faye Garrison and Imogene Jamison. They went in Dawn Weatherly's car.

### Reference Books Arrive for Library

Several reference books were received last Thursday for the high school library. The books were paid for out of the library fund and will be used by the history, commercial law and economics students.

The following is a list of the new books: Medieval Civilization, Practice of Citizenship, Ashley; Outlines of Ancient History, Outlines of Greek History, Outlines of Roman History, Morey; Fifteen Decisive Battles, Creacy; History of Greece, Middle Ages, Eastern Nations and Greece, Myers; History of Texas, Pennybacker; Roman Constitution, Tighe; History of Babylonia and Assyria, Goodspeed; History of the Hebrews, Knott; Throne Makers, Thayer; Roman Antiquities, Wilkins; Problems in American Democracy, Burch; Citizenship Through Problems, Edmon; Advanced Civics, Forman; Everyday Problems in American Democracy, Greeman; Citizenship Plays, Hubbard; Living and Working Together, Morgan; Tragedy and Waste, Chase; Economics of Citizenship, Moriarty; Retail Selling, Norton; Agriculture Economics, Taylor; Short History of England, Cheyney; Introduction to the Study of Economics, Splawn and B.

### White Deer Asks to Exchange Papers

The journalism class received a letter the past week from the exchange editor and also one from the librarian of the White Deer high school asking to exchange school papers. Because of the limited supply of papers available, The Corral staff cannot exchange.

### MUSTANGS, COACH SEE SHAMROCK PLAY SAYRE

A group of the Wheeler Mustangs and Coach Bob Clark saw the football game Friday night between the Shamrock Irishmen and the Sayre Eagles. The score was 6-6, with Sayre having the most first and 10 and penetrations.

Those making the trip were O. D. Connor, Lowery Deering, Clifford Tillman, Bob Tillman, Lewis Cain, Herbert Whitener, Wallace Pendleton, Ford Newkirk, J. N. Tucker, Hubert Sims, Curtis and Alton Weeks, James Passons, Troy Shipman, Olen Maxwell, Ocie Pace, Junior Jamison, H. E. Young, Cecil Sherwood, W. J. Ford and Jack Tate.

## Speed Ball Teams Organized by Girls

Those Who Ride Bus Play at Noon, Others at 3:15 on Mondays, Wednesdays, Fridays

The girls who are interested in speedball met last Monday at noon and at 3:15 in Miss Winona Adams' room to discuss ways of playing the game.

Because the busses leave so early in the afternoon the girls who ride on them will play during the noon hour. The others will play at 3:15 on Mondays, Wednesdays and Fridays for at least 30 minutes.

After Miss Adams explained the ways of dribbling the ball with the feet, the girls practiced for 10 minutes in front of the high school building that afternoon with the new ball that arrived during the week end.

Those attending the meeting at noon were: Ruth Coward, Helena Jones, Eugenia Mae Durham, Geraldine Porter, Arlie Cole, Alvern Hampton, Chlorene Morgan, Julia Lou Tinney, Wilma Tinney, Norma Lou Maxwell, Elsie Newkirk, Wilma Riley and Helen Flynt.

Those at 3:15 were: Mazie Bean, Naomi Johnson, Bonnie Adams, Nerine Young, Jonnie Lewis, Jaunell Perryman, Beatrice Miller, Mary Genthe, Lois Ficke, Martha Alice Wiley, Ruth Faye Garrison, Irene Hunt, Lavell Jaco, Geraldine Lewis, Ferrol Ficke, Orveta Puett, Dorothy Tolliver, Rutha Mae Conner, Dorothy Burgess, Cossette Crofford, Gladys Warren, Lilla Mae Crofford, Aline Buchanan, Johnnie Faye Templeton and Laney Mae Tillman.

### Work On Outside of Gym Progresses

With the present rate of construction continuing on the gymnasium, it is expected that it will be completed by Dec. 1.

Plans were made to finish the back part of the building so the showers could be used for the football game this week, but fearing bad weather would ruin the wall construction, work on the inside was discontinued so that the walls might be finished ready for the roof trusses to be put up next week.

The shower part will be finished next week because one-fourth of the cement has already been laid. The roof will be put on in two weeks and then inside work will be practically all that remains to be done.

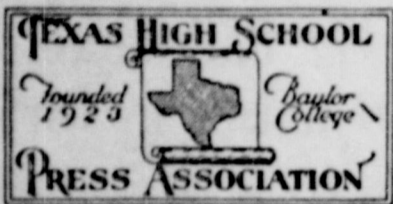

Supt. J. L. Gilmore Goes to Austin Friday afternoon, Supt. J. L. Gilmore left for Austin to attend to school business there. Saturday he met with the State Board of Education. He returned Sunday night.

### SUPPORT FROM THE SIDELINES

School spirit has its place in the winning of every football game. Yells from the pep squad and cheers from the spectators encourage the players in every gain or touchdown made.

It is a generally accepted fact that football teams of colleges where co-education is not taught are not as lively as those where the boys are strongly supported by a girl's pep squad. The Wheeler Pep Squad, through organization, can give different yells, but applause from the on-lookers at the crucial moment is just as important to the attitude of the team. If the Mustangs feel that their efforts are being appreciated, they will aspire to do better playing.

So, through loyalty, attend the football games when Wheeler plays and give your support to your school team from the sidelines.—B. M. M.

### \$36 WORTH OF THANKS

When a student starts to cover a book he possibly doesn't realize that someone has to pay for this seemingly valueless sheet of paper. Book covers do not "grow on trees" as the saying goes. The Wheeler public school students are indebted to the Shamrock Cotton Oil company for presenting book covers to them this year.

There are 186 high school students in Wheeler. Averaging four subjects to each student and one book for each subject would make a total of 744 book covers to be obtained for the high school students alone.

At approximately 1c per cover, that would be \$7.44. At \$9 per 1,000, 4,000 covers would be \$36.

Thirty-six dollars worth of thanks to the Shamrock Cotton Oil company, accompanied by the personal gratitude of each student of the Wheeler school.

### AFTERMATH OF SIX WEEKS TESTS

"Oh-h, I'm certainly going to study next six weeks!"

"I never heard of such crazy things in all of my life."

"Personally I think that teacher is just a wee bit dopey."

These are some of the remarks heard by students after taking their tests.

If pupils would only stick to the resolutions they make after the tests each six weeks their exams would probably never bother them.

### J. L. GILMORE TO HEAD INTERSCHOLASTIC WORK

Supt. J. L. Gilmore was elected director-general of the Interscholastic League last Thursday night at the court house by the superintendents and principals of Wheeler county.

This is the second time Gilmore has been elected to that office since 1931. Supt. W. C. Perkins of Shamrock held the position last year.

### Two Examinations Given Monday

Because of the illness last week of Miss Bernie Addison, the examinations for her classes were not given with the other six weeks tests Friday. Tests for English IV and journalism were given Monday of this week and those for the two sections of English III were given Tuesday.

### Seventeen Juniors Order Jewelry

Bonnie Adams, secretary-treasurer of the junior class, sent the jewelry deposits, which amounted to \$18.50, to the Star Engraving company last Wednesday afternoon. There were 17 juniors who ordered pins and wristlets.

### BONNIE ADAMS ENTERTAINS

At her home Friday night Bonnie Adams entertained a group of girl friends. Singing popular songs was the main entertainment. At a late hour refreshments were served to Dawn Weatherly, Orveta Puett, Martha Alice Wiley, Ruth Faye Garrison, Rutha Mae Conner, Dorothy Burgess, Margie Bowers, Ferrol Ficke, Aline Buchanan, Lois Ficke and the hostess, Bonnie Adams.

### Dear Aunt Susie:

Dear Aunt Susie: What do they mean by girls "running" after football boys? I haven't seen a case like this.

Sincerely,

Wave Wallace.

Dear Wave: Don't believe all you hear, nor what you see, either.

Yours,

Aunt Susie.

Dear Aunt Susie: Is it fair that Miss Addison gets five days from school and I only had three?

Puzzled,

Mrs. Whitener.

Dear Mrs. Whitener: Go home and get sick—stay away for two days and you'll be even with Bernie Addison. (Oh, these teachers).

Yours truly,

Aunt Susie.

Dear Aunt Susie: My problem is how I can learn more chemistry?

Your problem,

Mazie.

Dear Mazie: Take your teacher an apple and study harder.

Try it,

Aunt Susie.

Dear Aunt Susie: Since I am a new girl in this school I want to know why everyone is so anxious to beat Shamrock next Friday night?

Sincerely,

Mildred.

Dear Mildred: Did you ever have a girl take your best boy friend away from you? Didn't you just hate her? Stick around and you'll learn more.

Yours truly,

### "PHOOIE POEMS"

The football boys, of any school,  
 Are very popular as a rule;  
 And are always being entertained  
 By some little ol' high school  
 dame.  
 But in our school it's different—  
 Our superintendent won't permit  
 it,  
 'Cause he says that during the games  
 Those crazy guys can't think of  
 nothing but us dames—  
 can you beat it?

### MEMORY LANE

#### This Time Last Year

Bryan Dickson, state supervisor for District No. 1, visited the Wheeler school Thursday of last week. Accompanying him on his tour of inspection were County Supt. O. B. Miller and Tom Britt, county school board member.

With 40 students enrolled, the sophomores have the next to the largest class in high school. Mrs. G. O. McCrohan is sponsor; Bonnie Adams, president; Guy Robison, vice president; Orveta Puett, secretary-treasurer, and Chandos Robertson, sergeant-at-arms.

The junior class was entertained at the Legion hall Friday night. This was their first entertainment for the year.

The Mustangs defeated the strong White Deer team here to the tune of 13 to 7, Friday.

#### This Time Two Years Ago

The Mustangs will go to Canadian Friday to play the Wildcats in a conference game.

With the \$7 received from the magical program, the Home Ec. club has improved the home ec. room and will buy table linen with the remaining money.

### WHERE'S THE FIRE?

"Whee—! Where is everyone going? What's it all about?"

"What?"

"Why the stampede?"

"Say you had better hurry."

"Why?"

"Three short rings by that bell means a fire alarm. You had better hurry or we'll be burned alive. No; no use to hurry now. That teacher just said to take your time."

"Gee! I wish I had my new jacket out of there."

"I hope my books burn."

"Oh, well, it wasn't even a fire after all. Maybe those teachers are just trying to scare us so if we ever have a fire we will know what to do."

### FROM OTHER BRANDING IRONS

"Remember that there are no teachers to guide us along life's pathway to correct our mistakes, or to aid us over crossroads. Since there are no teachers to guide us, let's practice some of the important principles of conduct, such as courtesy, self-respect, honesty and reliability."—Says the Buck's Tale of White Deer.

Lovelle, who is always getting mixed up in what she is saying, saw a pig with a pumpkin in his mouth. She yelled loudly, "Oh, daddy, daddy, run in the gun and get the house! Yonder comes a pumpkin with a pig in his mouth. (My, my!)—From the

Some of the radio orchestras are employing sound men to produce the right mood for a song by little additions to the music.

Rutha Mae Conner is saving pennies to pay for her senior ring. . . Apparently Harry Clay's palate has a weakness for frog legs, especially if the bones accompany them. . . Black and gold, the high school colors, will be worn by the Cow Girls Friday night.

Alligators are considered the "cutest little things" by Dawn Weatherly. I've a sneaking idea that she'd start a farm to raise them on if she had room. . . Miss Bernie Addison was given a potted plant while she was ill last week.

While writing this column my subconscious thought has been that we really must beat Shamrock. . . Here's a bunch of hopes that we do.

### Girls Quartet to Sing at Church

A quartet composed of Nerine Young, Beatrice Miller, Orveta Puett and Martha Alice Wiley will sing "In the Garden" Sunday night at the Methodist church for sophomore night.

### SPARKS FROM THE CAMPFIRE

A friend is the first person to come in when the whole world has gone out.

Be not simply good, but be good for something.

Carve your name on hearts and not on marble-(desks).

Eat less, chew more; ride less, walk more; worry less, work more.

Falsehood may have its hour, but it has no future.

Caught in  
**The Lasso's Noose**

Whew! Talk about bees buzzing. You should have heard the girls going around saying:

"Please write your name here."

"I am getting all the football boys autographs, will you write your name here?"

"Now write the position you play by the side of your name."

These are some of the requests that were buzzing around over the study hall, class rooms and the school grounds last week when the girls took their little blue books which contained a place for autographs around to the Mustangs to get their signatures. These football schedule books were given to all the students by Supt. Gilmore.

Come on, seniors; let's see more attending church Sunday night.

Miss Adams (in civics): "Dudley, take the next question."

Dudley: "What do you want me to do with it."

Wallace (at the show): "Do you know what rides in that kind of car?"

Irene (after making several guesses) said: "No."

Wallace: "Passengers."

It is rumored that Ruth Faye Garrison met a boy from Allison Saturday night whom she liked extremely well.

Skating seems to be a popular pastime among some of the high school students.

Evelyn seemed very happy Monday morning. It is rumored that the boy from New Mexico came to Wheeler Saturday.

Miss Addison found out that those "snooping" journalists aren't so observing when it comes to being asked on six weeks tests how many banners are hanging in the hall, the number of wastebaskets in the study hall, or how many flood light poles there are on the football field.

Miss Adams: "I'll surely be glad when Miss Addison gets back to school."

Cecil: "Why?"

Miss Adams: "Because these English IV students make so much noise in my study hall."

Cecil: "Oh."

Harry: "Miss Clark, am I a tenor, alto, soprano or bass?"

Miss Clark: "You are a wart; be quiet."

Wonder why everyone was so happy last week before the exams. I suppose that the rain softened the rust on all the students brains so they could think.

Can you imagine 10 high school Pep Squad girls showing off at an old-time country party Saturday night? They surely wanted the gang to know they were from Wheeler.

Wonder why several of the high school girls go to Briscoe every Sunday? If you must know, ask Ocie and Lewis. They might be able to tell you more about it.

Mildred Landress, the new sophomore, seems to be getting the rush. (Especially from the football boys.)

**Sequoia**

Listen, folks, you may have seen animal pictures, but you have never seen one like Sequoia because it is the only one of its particular kind that has ever been made. It is an

played against a background of savage nature. The various animals take on real characters and enact a story, the like of which has never been visualized by mankind. A young and beautiful girl has been brought up in the fastnesses of nature; the fierce mountain lion and the timid white-tailed deer, alike, are her friends; risking their own lives to protect this frail girl whom they love.

Sequoia comes to the Rogue theatre for Friday and Saturday. It took more than two years to make the picture. A number of Wheeler people have seen this masterpiece, and each and everyone of them proclaim it to be one of the best pictures they have ever seen. Coach Bob Clark of the Wheeler schools said that he wanted to be quoted as saying the picture, in his opinion, was the very best; and it was his desire that every child attending his school could see it. Also, another two reel short subject of the "Crime Doesn't Pay" series will be shown. The title is Alibi Racket.

**Ginger**

Little Jane Withers is the latest find in pictures. You will remember her as the little "meanie" who played opposite Shirley Temple in Bright Eyes. You will also remember how she made you despise her for the way she treated Shirley. But know ye that she was only acting her part, and that after the acting was over she went to Shirley and begged her pardon for the way she had to treat her? It was according to the story, and not according to her own wishes that she was the little "meanie." And know ye also that she can be, and is, just as sweet and lovable in Ginger as she was hateful in Bright Eyes. She will be at the Rogue Monday and Tuesday in Ginger and she will prove to you that she is a great little actress, and you will go home loving her. Also, Thelma Todd and Patsy Kelly in a two reel comedy.

**Coming**

Fri.-Sat., Oct. 25-6, Will Rogers in Steamboat Round the Bend; Mon.-Tues., Oct. 28-9, Shirley Temple in Curly Top; Wed.-Thur., Oct. 30-1, Will Rogers in Judge Priest with a Laurel-Hardy comedy.

## Wheeler Mustangs to Battle Shamrock Irishmen on Local Field Friday Night

Stage Is Set for Annual Classic Between Old Gridiron Rivals

**EXPECT BITTER STRUGGLE**

Mustangs Reported In Best of Condition—Large Attendance Anticipated

The romping Mustangs will clash with their old rivals, the fighting Shamrock Irishmen, tomorrow (Friday) at 8 o'clock on the local field.

This game has caused much interest and comment since the Mustangs and Irishmen are competitors of many year's standing. The wild horses have been unable to win over the Irishmen for the past six years.

LET'S GO, MUSTANGS

This year Wheeler has more material for a team and most of the men are experienced players, so they have a better chance to win. Last year Wheeler had only twelve men capable of playing ball against such a team, but the Mustangs now have some reserve strength that will likely see service Friday night.

The team will be in the best of condition tomorrow for the battle, since they had no game last Friday and have had two weeks rest. The Mustangs saw the Irishmen tie the strong Sayre, Oklahoma team, 6-6, Friday night on Denver Field at Shamrock.

The Mustangs have played four games, winning three and losing one. The Irishmen have played four games, winning three and tying one. Shamrock has a heavier line than Wheeler but the backfields of both teams are about equal. The Mustangs have three passers and three punters in their backfield. One man, fullback, weighs 195 pounds, while the rest are not so large.

Coach Bob Clark has not made any comment on the game tomorrow night except that the boys are in excellent condition for the game and that he is ready to pick someone or get picked.

Looking at the game in comparison with enrollment of the schools in the conference, we see Wellington with an enrollment of 1,400, Memphis, 1,250; Shamrock, 1,050, and Wheeler, 595. It is evident that a school of more than 1,000 can pick

a squad better than that of a small school of 500.

Coach Bob Clark said that he expected a very large crowd present at the game tomorrow night and that since there will probably not be enough seating space, many people will have to stand. If there is anyone admitted inside the inclosure, he must not run up and down the side of the field, but will have to sit still and not be moving about. Penalty for violation of this rule is 15 yards.

Irishmen of Shamrock, down the Bronchos of Clarendon, 25-0.—From the Broncho Range.

### COLTS OUTPLAY MAGIC CITY 6-0

Twenty Yard Pass from Norman to Pendleton Makes Possible Lone Counter

The Wheeler Colts took to the air last Friday afternoon to defeat the Magic City Eagles 6-0. A 20-yard pass from Norman to Pendleton made possible the lone counter.

The Colts outplayed the Eagles in every way. Wheeler piled up 20 first downs and 228 yards from scrimmage to 11 first downs and 89 yards from scrimmage for Magic City. Both teams weighed about the same and were clicking. Although the Eagles could not stop the colorful little halfback, Norman, and the fast Pendleton, they fought to a finish.

The Colts scored on the Eagles in the third quarter. Magic received the ball on the 20 and ran it to the 35. After four downs in which they could not gain over the fighting Colts, they punted to Wheeler's 30. Pendleton made a sweeping right-end run for an 8-yard gain.

Norman made a crashing off-tackle hit for a first and ten. A long pass to Maxwell put the ball on the Eagles' 30. Maxwell completed another pass for 11 yards. A pass from Norman to Pendleton put the pigskin over for a touchdown. Neither team was able to score during the remainder of the game. Coach Bob Clark declared that the Colts showed up very well.

The starting lineup for the Colts was: Maxwell, le; Shipman, lt; Passons, lg; Tucker, c; Simms (H.), rg; Tillman (B.), rt; Page, re; Norman, lb; Pendleton, rh; Pace, qb; Young, fb.

For the Eagles: O. Stephens, le; H. Harmon, lt; R. Roach, lg; C. Harmon, c; R. O'Gorman, rg; J. Cocker, rt; I. Burns, re; Green, lb; Derryberry, rh; Groves, qb; Ember, fb.

That surely was some game last Friday night between Sayre, Okla., and the Shamrock Irishmen. The teams met on Denver Field undefeated. Shamrock even boasted that their goal line hadn't been seriously threatened this season. Well, the Sayre Eagles scored on the Irishmen and the Irishmen scored on the Eagles, 6-6. From the looks of the way the Irishmen fought, the Mustangs are going to have to play real football Friday night to beat them. Here's luck to the Wild Horses!

Speedball! Speedball! Well, folks, it's here at last. Miss Adams can now start the eager girls to work. The first real playing came at noon, Wednesday. If you care to see some snappy action, come and watch these girls go. Adios. I'll tell you more about it next time.

The Wheeler Colts and the Magic City Eagles clashed at the local stadium last Friday. The Colts defeated the fighting Eagles 7-0 in a thrilling game packed full of action. This was the Colts' first game of the season.

The Mustangs are in prime condition and are all set and ready to meet the Irishmen tomorrow (Friday) night on the local field. The Wild Horses have recovered completely from a few petty bruises and scratches they received in the Mobeetie-Wheeler game. With two weeks rest, they are living for the Shamrock game tomorrow night.

The Memphis Cyclones defeated the Lefors Pirates last Friday night. From the "dope bucket," the Mustangs are supposed to beat the Pirates, also. Well, here's hoping. "Get the Irishmen first."

The Mustangs will not get to use the showers tomorrow night in the new gym since they are not yet completed. Some of the material necessary for the gym did not arrive and therefore the workmen were prevented from finishing the showers. Mr. Robison, contractor, has done his best and the Wild Horses are very proud.

The conference race is surely getting in a tight place. At this writing McLean and Shamrock are going good, but after Friday it might be different. We are in the same standing as our friend Memphis over in Hall county. We are tied with them for second place. Then we have Lefors, Wellington and Clarendon close to the second place standing.

A former Wheeler High star who is a freshman at Canyon says they will break the Butler Field tradition. More power to those fighting Calves or any one else that thinks they can break the tradition. Not that I'm for the Sandies, necessarily, but they are the best clicking ball club in the country. They are just another Panhandle football team that will spot any south team (Oklahoma) 20 points and scrimmage them for the title.

Bill Cherry of Shamrock, was chosen president of the freshman class Monday morning.—States the Hardin-Simmons Brand of Abilene.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS  
To the Sheriff or any Constable of Wheeler County—Greeting:

You are hereby commanded to summon Jane Warren by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Wheeler County, to be holden at the Court House thereof, in Wheeler, Texas, on the 2nd Monday in November A. D. 1935, the same being the 11th day of November A. D. 1935, then and there to answer a petition filed in said Court on the 10th day of October A. D. 1935, in a suit, numbered on the docket of said Court No. 2609, wherein W. D. Warren is Plaintiff, and Jane Warren is Defendant, and a brief statement of plaintiff's cause of action, being as follows:

That plaintiff was married to defendant, then a single woman, by the name of Jane Easley, in Clovis, New Mexico, on the 8th day of May, A. D. 1934 and lived with her as man and wife until November 21, 1934. During such period defendant was guilty of excessive cruel treatment and outrages, consisting of cursing, fighting, and abusing plaintiff, spending most every night away from home and plaintiff and on such occasions coming home intoxicated, which cruel treatment is of such a nature as to render their further living together insupportable, a divorce and cost of suit being prayed for.

Herein fail not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Wheeler, Texas, on this 10th day of October A. D. 1935.

**Service Means Something**  
**at This Home-owned Wheeler Institution!**

The word service may mean a little or a lot; it all depends. But at this plant it means much—it means a convenient market for cottonseed grown by farmers throughout this region. It means the processing of the cottonseed right here in Wheeler, affording employment to several workmen. It means that farmers and stockmen can buy—right here at home—top quality

**Whole Pressed Cottonseed Cake and Meal**

As a feed for livestock, the above products afford the most economical and convenient method of handling cottonseed.

**Another Service Feature**  
**An Exchange Account**

Those who did not open an exchange account of seed for meal and cake here last year during our first season, are invited to come in and learn how convenient it is to put seed on deposit, drawing the manufactured products against this account just as they are needed. It's handy, convenient and affords a real service.

When in the market to sell cottonseed or to buy its processed products, let us quote you prices less transportation charges to some distant mill. We only ask a chance to serve you.
