"Wheeler, town of friendship and pride."

This week I get to report two showers and a rain. However the amounts varied greatly over the immediate area.

-cwe-

On Monday of last week we had a shower; this is supposed to mean rain two more days in the week. This was true. On Sunday 0.26" was measured and on Monday 0.13" was measured. Rainfall is to be measured at 7:00 a.m. each morning.

-cwe-

The rain received Monday evening measured 1.59" in Wheeler. Mobeetie received about 1/2" and the same was reported in the Kelton area.

-CWe-We will see if it rains two more days this week.

Sister Melba informed me that I had a major mistake in Chat last week. I do know that Ronal Jr. passed his state boards-not pasted.

Vance's Wife Rattles Hello! No we haven't moved away! Vance and Carol are right here in Allison. Just bubbling over about the upcomng revival at Allison United Pentecostal Church! Pastor Johnson said it will be August 20th thru August 27th. He has a different preacher (speaker) each evening. This will be powerful! Do you remember those old time revivals years ago? Many, many, many would come to the Lord. There on their knees they made peace with the Lord. It was eighty years ago E. A. Stewart brought the truth preaching Acts 2:38 and 39. It wasn't easy in those days. He and his eldest daughter, Lanora (you knew her as Lonora Morse) had to walk to many of the services. Sister Stewart and the nine or ten other children would stay at home. A great help to Brother E A. Stewart was Sister Lanora and she would play the piano, if there was one available and sing praises unto the Lord Jesus. Many times they carried the accordian wherever they went. Most of the Stewart family have gone on now to meet their

maker, but His (Jesus) word is true today just as it was back in 1926. So many have started in this church over the years, and now they are living to please our Jesus all over the world! Have you ever been in service here? Well, now's your chance! Vance thinks you should come every night because, "If you don't like one preacher, you might like another one. Carol agrees because you don't want to miss anything. It will all be good! An endtime revival because this is truly the end of time. The world is so full of sin and hatred! My family got back from its We spent nine days away from Wheeler, mostly enjoying the mountains in the Ruidoso, New Mexico area. Mornings with temperatures in the lower 50's. We did some fun things in the area, too: explored Cloudcroft, went to White Sands, shopping on the Main Street. A little time going through Albuquerque, Santa Fe, even stopping over to watch the Texas pageant at Palo Duro Canyon for the first time in my life. What a great vacation.

.... Southern California that is.

Martha called and ask if we brought them all the way from Lubwanted 2 more guinea hens. Her father-in-law needed to find a other is just like Knothead and home for them and Martha knew knows we have 2 noisy roosters. Yes, Henry is not the only one now. One of our 4 colored-egg layers One clutch had about 50 and the can now crow, so do not think he will lay eggs like the other 3. Well,

The other day my neighbor said "sure" so Mr. Gardener bock. One hen is white and the White Feather, so we cannot tell we had some guineas and she them apart very easily. He did say they were hens and both had laid eggs and I do mean lots of eggs. other nest was a bit smaller. This was not real good news as we do lask Glenn Forrest Frosty and he not want that many chicks running

stayed in the yard near the chicken pens and never left this 3 1/2 acres. Now the two new ones are roamers and are always on the go looking for bugs so now Knothead and White Feather realize they were missing something in life so off they go with the other two. In the front yard, in the back yard, under the barbed wire fence into the tree row. Think I need a sign on our highway saying something like "Guinea Crossing - drive slow!". All we can do is hope for the best for them. The colored-egg laying hens lay two colors. Blue and rose. That is it. I also bought a white hen so we could have white eggs. Wrong!! Honey lays brown eggs. Guess I should have taken a college class on poultry when I was out in California instead of the classes I chose, but who would have guessed that would trade the sunny shores of San Clemente for the Texas Panhandle. People still ask me if it was a culture shock. But no, not really. When you love someone, nothing else matters. Besides he would not have lasted long out there on the beach and in the traffic. He belongs here and I belong with him. Enough said.

Got a letter from California about my high school reunion in October. Now Glenn and I have to decide if we want to fly out there and see people that I either do not remember, do not care to remember or would love to see again after all these years. Most of my class do not live in California anyway. With the airline scare going on right now, maybe it would not be a good choice. I know we cannot go during dove season or deer

Glenn's brother Curtis bought a Magellan that tells you where you are going in the car and he needed some guidance on how to operate it, so I volunteered Glenn to show him how. Glenn is the one that got one first so he is an old hand at operating it. This was the perfect time to get to eat Chinese food in Pampa at Buffet City. Lil and I like Chinese food, but Glenn and Curtis would rather have Sonic "anything". After (and before Glenn worked in China, he has acquired a dislike for their food. Wednesday, Aug. 9, Wheeler Baptist Church youth and friends enjoyed a Back to school Pool party at the Swimming pool. Then they went to Fellowship Hall at Wheeler Baptist for watermellon and other goodies. Big crowd there, but couldn't get all the names. Next day Abby Bond and mom, Tina, took chunks of left over watermellon to some of the Old Timers. Thank you. It was very good.watermellon. So thoughtfull

With love until next time,

Betty Boydston.

Coming to Wheeler Car Center for Sunday afternoon church were Bill and Kay Stiles and Nadine Lane. They also went to Assisted Living at Parkview Hospital for good singing and visiting. Allison Baptist church had bought new song books for both facilities. The ones they had were getting old and ragged. Thanks, Allison Baptist! So Nice!

Ex-Briscoe girl, Iona (Bruton) Reed sent me two of her favorite recipes you might want to try:

Iona's One Dish Dinner 1 pkg. Eckrich Beef Sausage cut in 1 inch slices. 3 or 4 potatoes peeled and sliced. Small head of cabbage shredded.

Salt and pepper to taste. Combine all in large skillet. Add about 4 cups water. Cook with lid on slowly until all is tender. Makes

"For He is the living God and He endures forever. His kingdom will not be de-

stroyed His dominian will never and He rescues and He saves. He performs signs and wonders In the heavens and on the earth He has recued Daniel from the

power of the lions." Daniel 6:26-27 (And he saves us.)

J. P. and Martha Meek August 19th would have been J. P. and Martha Meek's 51st wedding anniversary. She graduated from WTAM that day as did her brother, Garland. Martha and J. P. were married in the Baptist Student Union Building by John Petree. Some there for the occasion were J. P.'s parents, Edward and Ether Meek, Clinton and Wave Meek, Martha's parents, Perry and Addie Fort, Martha's children, Mack and Suzanne Sides (her husband was killed in an accident) and others. The date was August 19, 1955. They were married 45 years and some months. They made their home in the Gageby area and attended Gageby church. Willis and I enjoyed playing many games of 42 and visiting with them. Willis and I moved to Wheeler Sept. 14, 2001. Think J. P. died in December. J. P. played football for W.T. and graduated in the spring of 1942, when I did. W. T. was called West Texas State Teachers College, but has mostly been just W. T. until it was affiliated with Texas A&M. J. P. had a degree, but just farmed and had

Sincere sympathy to family and friends of Velma Forbes of Ackerly, Texas, in her death. Graveside funeral will be at Mobeetie, Thursday, Aug. 17, at the cemetery. Ray and Velma lived at Mobeetie some years and attended Gageby Church. Ray pastored Gageby at one time. Ray and Velma were both in poor health and lived with Tom and Wanda Forbes for some time. Neither was able to get around or do much. Praise the Lord that they will have new bodies in heaven. I got a nice newsy letter from Velma July 22. Wish I had answered it.

Nice to know our drier climate helps some people with breathing problems. It also seems to help the grassburrs grow good too. I sure don't like to let them go to seed. I try to dig them up and put in dumpster.

I am so thankful for the nice rain Monday night, Aug. 14. Over 1 1/ 2" rain in my gauge. Yea!

I am so thankful for all the wonderful little showers. Most of the grass all over town is pretty green,

"We projected to have started 50 chapters in the first year. We hit 50 Quail Forever chapters in just six months. And, on top of that, we started over 30 new Pheasants Forever chapters this year, which was the biggest chapter-start year for PF in de-

cades." Empowering Local People to be Conservation Leaders

QF applies the successful PF model of empowering local chapters with the responsibility to determine how 100 percent of their locally-raised conservation funds will be spent. QF and PF are the only national conservation organizations that operate through this truly grassroots structure. This lo-

The commissioners agreed to accept the STEP Grant. It helps pay the deputies hours worked on holidays, etc.

The court voted to change employee rules concerning time off. A Wheeler volunteer fireman does not have to take vacation or time off to attend fire school. Allowances will be made for other county employees.

County Sheriff Joel Finsterwald ask the court's approval to remove Paula Parsley from the payroll as full time employee effective 7/31/ 06. She will continue to work on a part-time basis. The request was approved.

Sheriff Finsterwald also ask court's permission to employee Cory Robles full time, effective 8/ 01/06. Approval was given.

County Attorney Misty Walker requested commissioners' approval to hire Teresa Rose as a part-time employee effective 8/14/ 06 to 8/31/06. Approval was given.

Misty Walker ask that Patricia Bradstreet be removed from the payroll as full time employee effective 08/31/06. She will take retirement.

The court approved the hiring of Teresa Rose full time effective 9/ 1/06 to replace Patricia Bradstreet at a salary of \$17,419.33.

The commissioners voted to allow Brigham Oil & Gas, L.P. to cross Co. Rd. 11, Couny Line Road to the East and County Line Road to the South, Wheeler County Road for the laying of temporary cable.

Items 17 through 20 were road crossings. The court approved the pipeline crossings of Co. Rds., D, J, 19, and 7 by Enbridge Pipelines (Texas Gathering), L.P.

The opening of bids for the purchase of a 2006 or 2007 3/4 ton, 4-wheel drive 4-door pickup with a diesel engine was tabled.

cal control allows members to see the fruits of their chapter efforts in their own communities, while belonging to a national organization with a voice on federal conservation policy in Washington D.C. Since inception in 1982, PF's locally driven model has generated over \$195 million in habitat and conservation education expenditures. In turn, those funds have completed more than 300,000 habitat projects, benefiting nearly 4 million acres for wildlife. PF is also rated a 4-star charity (the highest possible) by Charity Navigator, a non-profit charity watch

*Our locally driven model resonates with conservation-minded folks across the country," explained QF's Director of Field Operations Jim Wooley. "In the Quail Forever chapter system, local people that work so hard to raise funds do have the ability to make a positive impact for wildlife in their own communities. Providing a National Voice

Perhaps PF's most significant contribution to pheasant habitat conservation has been PF's efforts in Washington D.C. on the Federal Farm Bill. Specifically, PF has been a champion for the Conservation Reserve Program (CRP) and its positive impact on wildlife populations. CRP is budgeted for 39.2 million acres nationwide and has been credited with doubling and even tripling pheasant populations in someme regions. According to the Northern Bobwhite Conservation Initiative (a landscape-scale recovery plan for quail created by the Southeast Quail Study Group), America's agricultural lands comprise over 70 percent of the acres targeted for habitat improvements to bring quail populations back to their 1980 levels

In fact, PF has worked on behalf of quail in Washington D.C. prior to the launch of QF. In 2004, PF was instrumental in the creation of CRP's CP 33 practice. Commonly referred to as Bobwhite Buffers, CP 33 is a conservation practice available to landowher enrollment targeted at improving bobwhite quail habitat through the creation of habitat buffers along row crops. There are 250,000 acres available for enrollment nationwide.

Just the Start of a Big Task The U.S.'s quail populations are in trouble. Bobwhite population losses over the past 25 years range from 60 to 90 percent across the country. The reason for the quail population plunge is simple - massive losses of habitat suitable for quail. There are five major factors leading to the losses

Country (from Page 5) even tho not watered, like mine. Monday was a rainy, stormy night.

Lajo Crownover spent three days at Amarillo baby sitting her youngest granddaughter, Madison Striley, 5 months, daughter of Kenney and Jodie Striley. Lajo enjoyed her and spent one night with Londa Crownover and also saw daughter, Terri. Seems Madison's baby sitter was not available. Lajo also saw her aunt, Fay Sell. She lives in a nursing facility, but has tall tomatoe plants growing in her patio.

Monday, Velma Forbes, 83, had a sudden stroke and died nearly instantly at Ackerly. What a great way to go. Burial will be at Mobeetie cemetery Thursday, Aug. 17, with Aaron Laverty, former pastor, offi-

Kenney Trip

Lonnie and Ruth Kenney enjoyed a trip to Angel Fire, N.M. They visited Ruth's son, Mike and, Sharon, Miles. Also there were granddaughter, Marcie Cook and Cody, 6, and Kyler 1 1/2. Mike and Sharon have a little cabin up there that they got reasonable and are working on it. Beautiful country up there and cool. One day they all went to Taos for lunch and looked around and shopped a little. Marcie and boys are from Canyon. Her husband, Travis Cook, had to work and couldn't come.

Mobeetie Baptist Church will host the Sunday afternoon sing-along and church next Sunday, Aug. 20, at 3:00 p.m. Visitors always welcome at Wheeler Care Center. Irvines to Alaska

Dick and Ruth Irvine enjoyed a

sightseeing trip to Alaska. They left their car in Amarillo and flew to Dallas. From Dallas they flew to Fairbanks, Alaska, and spent a few days. Nice and cool there; they wore coats some. And it was very beautiful there with many trees and some light rain. They rode a train to Denali National Park Resort area. They went south to Anchorage, Alaska. It was a pretty town and some warmer there. They left Amarillo on July 23. They rode a ferry boat on the Alaska Marine Highway inside passage. Grandson Phillip Dennis and some of his family from Olympia met them at the Seattle airport. They spent 2 nights with Phillips' family. It rained a lot. Phillip took them back to the airport and they flew to Dallas and then to Amarillo and got home Monday afternoon, August 14. They enjoyed their trip, but glad to be home. Irvines felt that every where in Alaska, everyone treated them fine and showed them a nice time. They value the tourist trade.

"God be with you till we meet

of quail habitat; intensified farming and forestry practices, succession of grassland ecosystems to forests, overwhelming presence of exotic grasses like fescue that choke out wildlife, and urban sprawl. "We are off to a great start with 64 chapters, but that's just the tip of the iceberg," added Wooley. *Turning the quail population slide around will take decades, hundreds of chapters, and thousands of local grassroots habitat projects. But, it can be done and we are here for the long haul to be a part of the quail solution."

QF has aggressively added wildlife biologists to service all the new chapters. Sara Bales Lyda left the Oklahoma Department of Wildlife Conservation to join QF last September. Bales Lyda is now QF's regional biologist for Oklahoma, Texas, Arizona, and Nev Mexico. PF biologist Andy Edwards moved back to his hometown of Pulaski, Tennessee to be QF's regional biologist for Tennessee, Alabama, Arkansas, and Mississippi. PF biologist Tim Caughran moved from northern

Free and Reduced-Price Meals for Children

The Wheeler ISD, the Kelton member, and the social security ISD, and the Fort Elliott CISD today announced its policy for providing free and reduced-price meals for children served under the National School lunch and School Breakfast Program. The central office of each school has a copy of the policy, which may be reviewed by any interested party.

The household size and income criteria below will be used to determine eligibility for free and reduced-price benefits. Children from households whose income is at or below the levels shown are eligible for free or reduced-price meals. Foster children who are the legal responsibility of a welfare agency or court may also be eligible for benefits regardless of the income of the household with whom they reside, Eligibility for the foster child is based on the child's income.

See Chart Below

Application forms are being distributed to all households with a letter informing households of the availability of free and reducedprice meals for their children. Applications also are available at the office in each school. To apply for free and reduced-price meals, households must fill out the application and return it to the school. Applications may be submitted anytime during the school year, The information households provide on the application will be used for the purpose of determining eligibility and verification data. Applications may be verified by the school officials at any time during the school year.

For school officials to determine eligibility for free and reducedprice benefits, households receiving food stamps or TANF only have to list their child's name, food stamp or TANF case number, and an adult household member must sign the application. Households who do not list a food stamp or TANF case number must list the names of all household members, the amount and source of the income received by each household
