The View of a Southern Woman

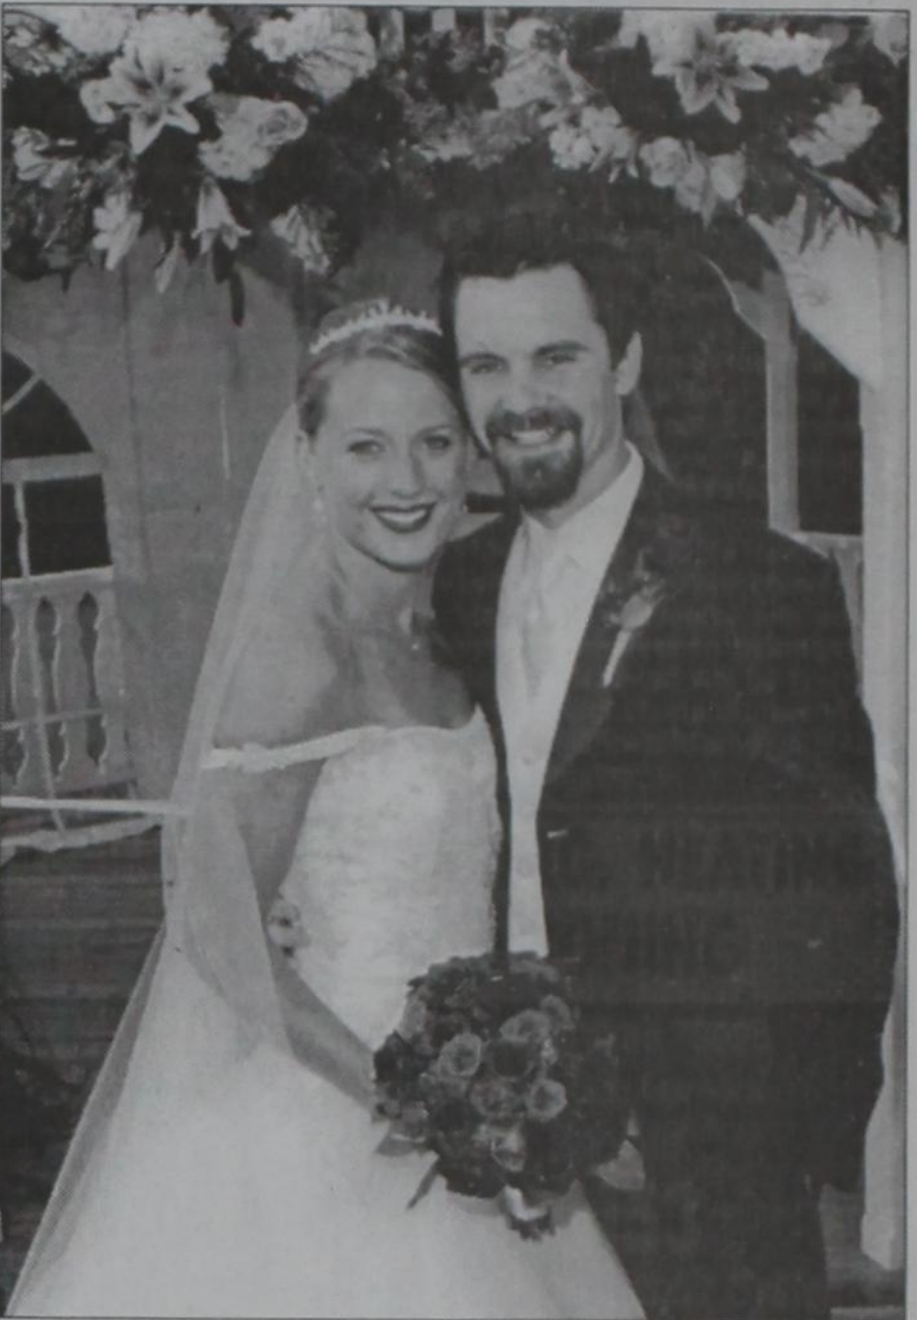

... Southern California that is.

For some time we have been having a terrible time with gophers, those little rat-like animals. Not only do they make big mounds of dirt on our lawns, they also are very prolific so this town has been overrun with them for a long time. Ol' Shorty took care of them until he left this earth but for over the past two years Glenn Forrest Frosty has been taking care of ours and others. He found a sure way of controlling them. I think he kills them. Anyway we have been gopher free for a long time, but now Eddy Walker seems to be importing those little critters onto his property. Glenn likes to get them when the mound is fresh so he can find their run with his probe. He told Eddy to call when he gets a fresh mound of dirt as it will be easier to get rid of them. Since we get frequent calls from him, I have been accusing him of importing those gophers from somewhere else. Now I am almost sure of it. For their one year anniversary, Eddy took his wife Sheila on a honeymoon to Vail, Colorado. We watched his yard for new gophers for over a week and no new mounds. What happens as soon as he gets home? New mounds of dirt all over his yard. He must have imported a few from Colorado, but how he got them on the plane is beyond me with all the new regulations on planes now. I would think he would be in trouble trying to get one on board. Or maybe it was in his yard all the time and was just waiting for him to come home before he make his Texas size mound of dirt on the lawn. Those gophers must know how much Eddy dislikes them, so maybe it has turned into a game with those furry little things. Anyway, I think it is a losing battle with Eddy's gophers but do not think he will give up without a good fight.

Called my daughter Lurah and she said her hen caught another mouse right in front of her. Now I do not think this is normal unless this chicken is a reincarnated cat or roadrunner. She said the hen stabbed it with her beak, picked it up and ran away with it. I told her to keep a video camera handy and maybe get that on film. Would like to know if anyone has ever heard of a mouse exterminator chicken. I also have found out that my bantams are meat lovers. When they get table scraps, it is the meat they go for. It use to be that they love any kind of lettuce and would fight over it, but now things have changed. In California, my bantams never ate meat, but then everything is different here.

Phoned a wonderful friend in California today and we spent probably 45 minutes catching up on things or at least until my cell phone's battery ran down. Pat Heuneman helped me through one of the most difficult times in my life and I will always be grateful for her care and support during my late husband's last days of life. Her husband George was Joe's best friend and the four of us went to dinner and the theater many times. She is now waiting for their second grandchild so she can help spoil that one too. Some people come into your life and you will never forget them. Others are just passing through. Pat is one I will never forget.

With love to all of you from the southern woman, Betty Boydston.

The bride wore a white hand embroidered Eve of Milady dress with a cathedral length veil. She carried a bouquet of dark pink roses. Micah Griswold, sister of the bride, was the maid of honor and Lori Fisher was the matron of

honor. Other bridesmaids included Abigail Griswold, sister of the bride, Amanda Carter, Tabatha Stevens and Erin Stevenson all friends of the bride. The bridesmaids wore magenta colored long gowns and carried pink bouquets of roses. Flower girls were Lydia Griswold, sister of the bride, Abby Bryant and Hayley Barron both cousins of the bride.

The groom was accompanied by his brother, Jason Morris as best man. Other groomsmen were John Hope, Tyler Hoffman, Eli Grimes, Aaron Lepley, friends of the groom and Timothy Morris, brother of the groom. Eli Phillips was the Bible and ring bearer, Isaac Griswold and Josiah Griswold both brothers of the bride were ushers.

The church was decorated with candles, pink hydrangeas and roses down the aisle. Pillars cascading with ferns adorned the front along with a magnificent center floral arrangement of various shades of pink flowers. Micah and Isaac Griswold sang the opening of the service with the duet of "The Prayer". Micah also sang "God Bless the Broken Road" as the unity candle was lit and "Redeemer" as the couple committed their lives to follow the leading of the Lord in their marriage.

After a two week honeymoon in Hawaii, the couple resides in Lynchburg. Brian will be pursuing for Liberty University and working his masters in business finance. Rebekah will be finishing her undergraduate degree in exercise science and physical fitness programming.

Grigori Potemkin was an adviser to Russia's Catherine the Great. His job was to help maintain the political aspects of her reign in good standing. Periodically, Catherine would want to inspect various towns throughout Russia. She would tell Potemkin to arrange these inspections. What she meant was for him to organize these trips so she could see how people were living. What he did, however, was send advance workers ahead to the poorer villages where they would spend a little time fixing them in superficial ways (putting a fresh coat of paint on the buildings, run the wino's out of town, encourage the people who remained to be enthusiastic). So when Catherine would finally come through the towns she would never see grimy buildings or crumbling bridges. All she ever saw were positive things. So she would always declare that "Russia is prospering and thriving." She believed it. And her words

were broadcast to the capital cities throughout the world causing leaders worldwide to believe Russia was thriving. Yet the citizens of Russia knew the truth: things were not going well at all.

Potemkin villages hide the truth. Things look good on the outside, but are quite problematic on the inside. Unfortunately, that description works for a number of people as well. Jesus confronted some of these people in Matthew 23:27-28, warning them "Woe to you, scribes and Pharisees, hypocrites! For you are like whitewashed tombs which on the outside appear beautiful, but inside they are full of dead men's bones and all uncleanness. Even so you too outwardly appear righteous to men, but inwardly you are full of hypocrisy and lawlessness." The types of changes we undertake must not just be superficial outer changes, but rather positive changes that cut all the way to our hearts.

Celebrating Our ... 100th ANNIVERSARY

ALLISON NEWS

By Juanita Boydston

I will lift up mine eyes unto the hills, from whence cometh my help. My help cometh from the Lord, which made heaven and earth. He will not suffer thy foot to be moved: he that keepeth Israel thee will not slumber. Behold, he that keepeth Israel shall neither slumber nor sleep. The Lord is thy keeper: the Lord is thy shade upon thy right hand. The sun shall not smite thee by day, nor the moon by night. The Lord shall preserve thee from all evil: he shall preserve thy soul. The Lord shall preserve thy going out and thy coming in from this time forth, and even for evermore. Psalm 121:1-8 I was glad when they said unto me, Let us go into the house of the Lord. Psalm 122:1

Praise ye the Lord, Praise ye the name of the Lord; praise him, O ye servants of the Lord. Ye that stand in the house of the Lord, in the courts of the house of our God, Praise the Lord; for the Lord is good: sing praises unto his name; for it is pleasant. For the Lord hath chosen Jacob unto himself and Israel for his peculiar treasure. For I know that the Lord is great, and that our Lord is above all gods. Psalm 135:1-5

Allison is receiving beautiful weather. It has cooled off some and I appreciate that very much. We are still receiving rain along too and that helps keeping things around green and beautiful. We have been having pretty nice weather in all. Praise God for that!!

MOBEETIE NEWS

By: Sue Mayfield

Please keep our friends and neighbors in your prayers: Don and Mary Edwards, Lonnie and Debbie Hendrix, Andrea Aldridge and family, Todd Stuart, Leola Stuart, Peggy Dunn, Rhonda and Gene Ferguson, Leonard and Bertha Hollis, Doyle and Bulah Grimes, Clinton and Maurita Stribling, Bill and Patsy Caswell, Penny Summers, Chuck and Louise Hogan, Virginia Murray, Alvern Hutchison, Gary Morris, Lorene Rector, Orville Greenhouse, Charlie Brown, Earl and Leola Farris, Dick and Ann Graham, Iva Richardson, Dale and Barbara Richardson, Sidney Maham, Mrs. Bulah Stuart, Addie Swift, Jackie and Fred Thrasher, Chuck Carl, Mandy Wilson, Scott Corcoran and family, Carlos Soto and family, Aaron Hartline and family, Mr. Curtis Hendrix, Jack and Bernice Hefley, Louis and Barbara Stas' brother-in-law, Marsha Richardson, Iona, Martha Meek, Elva Wood, Louise Shorter, Rev. Tom and Janet Wilson, Jim Batton, Logan LaRue, Shirley and Bill Dyson, Kellie May and Shelton, Lou Dean Douthit, Peyton Sorensen, Walt Mussleman and family, all the survivors and the families of the victims of the tragedies of Sept. 11, 2001.

What a wonderful late spring or early fall we are having. Don't know what to call it with all of the beautiful yards. The cooler weather and all of the moisture has been greatly appreciated. Every thing is just beautiful. Our city water had just kept our morning glories alive, not a bloom one on them. Since we have been blessed with all the wonderful showers and cooler weather they are vining like crazy and have some very pretty blooms. The moon flower is finally blooming too. Our crepe myrtle tree is prettier than it's been all year. Everybody just thought they had mowed their lawns for the last time this year. They are having to mow just about once a week now. Tony and Pat Goodnature and Joshua came to spend the weekend with his parents, Jackie and Fred Thrasher, on Saturday. Tony and Joshua were a big help and mowed for Fred. Joshua went and picked up all of the trash he could handle and Tony got the vacant lots mowed. Eventually, Fred wants to build a big shop over there. Thanks Tony and Joshua. It looks so much better. Joshua took a break and went with Naw Naw and Mom to Pampa. Dad managed to get it all mowed by himself. Jordan is always a big help to Jackie, so Naw Naw really missed her and her singing. Jordan spent the weekend with a friend in Amarillo and got to go to a football game. She usually gets most of the dusting caught up and cleans the refrigerator and mops the floors. She even shines up the bathroom. Pee Paw got the new sink and cabinet in the bathroom, so Jordan makes sure it stays looking great. Really missed you Jordan. They are terrific kids for Joshua only being 6 and Jordan 12, they are a big help. They always have something new to show Naw Naw and Pee Paw. Fred, Pat and Jackie work well in the kitchen together and prepare quite a spread. The only way Tony can get any time with his family is to turn off the phone or leave town. He is the manager of the Fly'n J on the east side of Amarillo on 1-40 and the airport road. It doesn't bother his crew at all to call him at home. Emergency or not. Jackie took Pat and Joshua to Pampa to do some shopping. They enjoyed lunch together. Joshua got a water gun and first thing he did was find Tony out on the lawn mower and "cool him off".

It was very nice to visit with Augusta Brown on the phone Sunday afternoon. Really appreciate you calling. She and several friends quilt every Thursday at the Totty School house east of Mobeetie. They furnish a quilt every year for the school reunion. Each year is a different pattern or theme. They have even used class pictures of several graduating classes. Those are probably the most cherished and biggest fun raisers. They sell chances on it for

several weeks prior to the reunion. The money made from it goes toward the materials for the next years quilt and up keep of the Totty School. Last Thursday Sidney Lynch and Augusta Brown of Pampa, along with Betty Rodgers, Audrey Seitz and Jane Seitz worked on a quilt of Betty Rodgers. It is a darling Fisher Boy quilt. She does exceptionally good work at piecing her quilt tops. Makes it so easy to quilt and looks beautiful. They would love to have some more help with the quilting and some new friends to visit and laugh with. New members are always welcome. They have such a good time when they get together. Come by for a visit on any Thursday. Sydney and Augusta are usually at the school by 8:45. You are more than welcome to come when ever time it fits into your schedule. They all take a sack lunch and the person whose quilt they are working on is considered the hostess and she furnishes the desert. Every extra pair of hands is appreciated and just puts that much more love into each quilt. Come join the fun. They will be more than glad to teach the art of quilting. Practice makes perfect you know. Hope to see you soon. Augusta got to attend the Mobeetie Ex-Students Reunion on Sept. 2nd. It was a great day, even though not many of her class were there. She graduated in 1943. The showers didn't dampen any ones spirits. The evening meal and meeting were so enjoyable Mr. and Mrs. B.B.Q., Steve and Joyce Walker and Caitlyn, of Wheeler, always serve a delicious meal. (The only reason some of them come, to hear some of the partakers say.) Steve and Joyce are just like family and we've enjoyed watching Miss Caitlyn grow up.

I got a chance to visit with Chereese Mussleman of Weatherford, Ok. Her husband Walt is serving with the army in Iraq. This is Walt's third tour over there. He was injured in a roadside bomb accident. He was very lucky and just had his knee tore up. They could handle his injuries there in Iraq until they can get him to Walter Reed Hospital near Washington, D.C. They didn't know when they would be able to fly him back. They are hoping that he can have the surgery done at Walter Reed and then be transferred to Fort Sill, Ok for his rehabilitation. Other wise they are saying it will 18-24 months before he can come back to Fort Sill. The military doesn't make travel allowances for family even if they are going to be with the soldier for surgery. That's really rough. That really doesn't seem fair. Chereese is teaching the gifted and talented classes in Weatherford. Shayla and Brianna like school there in Weatherford much better this year and don't really miss OKC, just a few class friends. They were next door neighbors to Michael and Brianna in the trailer park. We didn't have to worry quite so much about the grand kids when Chereese lived next door. She taught in OKC the first year that they lived in Weatherford, so she would often meet us in Clinton with Michael and Brianna. We appreciate her so much.

It sounds like the big dove hunt weekend in Shamrock was a big success. Lots of participants. Hunting wasn't quite as good as usual though. The hunters that went out east of town had the most luck this year. Everybody had a good time though and are already making plans for next year. Lou Dean Douthit was out of pocket a couple of days last week having tests in Pampa. So glad everything went well and you are home recuperating. Hope it's all good news and you will soon be feeling much better. Hope they have good news for you at your check up next week.

Here it is 9/11 again. Five years later and the memories are just about as vivid as that day in 2001. There are so many heroes from that week, just can't name all of them, as I would surely leave some one out. Our prayers are still with the families left behind and survivors.

So many people are suffering with hay fever and colds already this fall. Lorene Rector got to enjoy her company over the Labor Day weekend, before it got her. She has really felt rough this week. Hope your soon up and feeling perky.

It was so nice to visit with Doris Finsterwald. She spent most of Saturday visiting with her dear friend and neighbor, Shirley Dyson. It's good to hear that Shirley is doing so well and in good spirits. They have moved Shirley to the Coronado Health Care Center in Pampa. It is right across the street from the Coronado Nursing home. Shirley is making good progress, but is going to be a long haul and lots of hard work ahead of her. Shirley doesn't have a telephone in her room. Makes it kind of hard for her. Her friends can't call into just visit. Bill is doing quite well at the Wheeler Care and Rehabilitation Center. He is making a lot of new friends as well as enjoying visiting with some old acquaintances. He worked with or for many of them through the years. Hope you are both having a great day. We sure miss you Shirley and Bill. Shirley had a doctors appointment in Amarillo on Monday. Everything went quite well and the doctor told her just to keep doing

what she had been doing. She doesn't have to go back to see him for 3 weeks. That is encouraging. It's quite a chore, just to go to the doctor. Shirley isn't used to having to have so much help and depending on some one else to go somewhere. She is handling it all very well. She is such a sweet lady. Doris said they got 1.3 inches of rain very early on Sunday morning. We had a shower in town, but Leta Mae Gatlin lives southwest of Mobeetie and they didn't even get a sprinkle. We've certainly been getting the spotted rains that the meteorologists have predicted. When they said scattered, they really meant it. We are thankful for any moisture that we get.

Things have been very quiet for Orville Greenhouse. She is hoping that the "bad winter" some people are anticipating will be only wishful thinking.

We were in Amarillo for doctors appointments on Wednesday. Other than the wind, it was a very nice day. Had hoped to have lunch with our niece, Lori Sorensen, but that didn't work out. She is a nurse at BSA. Monday her mother-in-law called us to let us know that their 18 month old daughter, Peyton, had pulled a bowl of hot macaroni and cheese off on herself. (She has always been an inquisitive child and a little dare devil.) Some of it had gotten in her eye, so they got to fly down to the burn center at Lubbock. (Peyton won't even remember getting to ride in the helicopter. Maybe she will remember that when Mom says "No, hot, she means hot." Sorry she had to learn the hard way. The ophthalmologist assured them that there will be no permanent damage to her sight. The red in her eye will probably last a week or two. Her

SILVER STAR AWARD: The Silver Star Award is given to the Junior 4-H'er that has displayed outstanding leadership and citizenship skills. In his career, this Silver Star winner has shown that being the best he can be is a way of life. His 4-H projects are Sheep and Swine. In addition to 4-H activities, he has helped with the ATV Safety day camp, and is involved with his church and many school activities. He is a motivated young man, encouraged by dedicated parents, Bret and Tammy Moore of Wheeler. The 2004 Silver Star winner, Braden Moore, received his award from Josh Hardcastle.

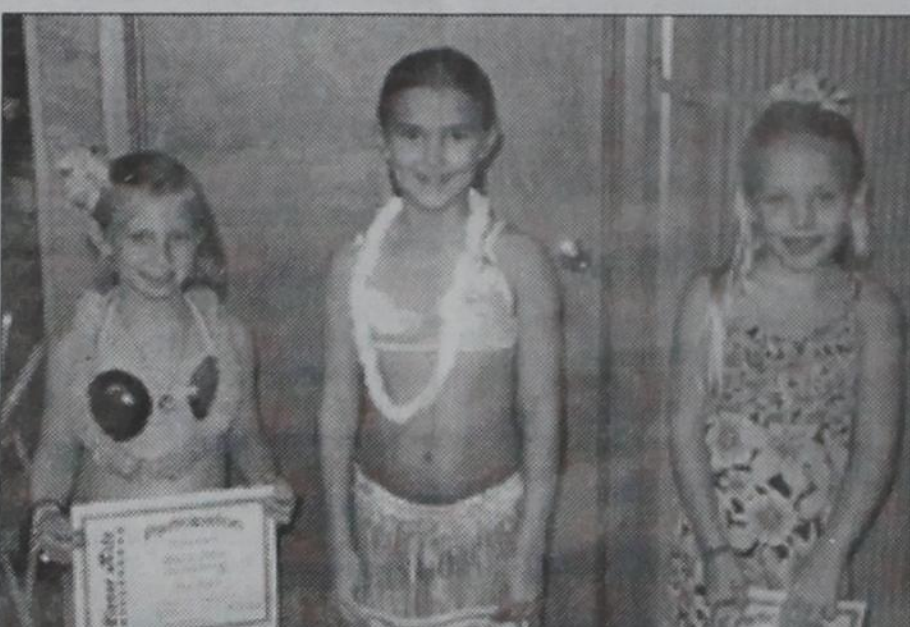

OUTSTANDING FIRST YEAR MEMBER: Madalyn Brdecko was recognized at the Wheeler County 4-H Achievement Banquet on Monday, Sept. 11, 2006, as the Outstanding First Year Member. The award recognizes the 4-H member who excels in both variety and quality of projects carried; community service conducted and leadership. It is very difficult to be able to excel in all three of those areas your first year in 4-H, but Madalyn achieved this goal. She has been very active in many projects including sheep, swine, leadership, veterinarian science, the horse project and started the dog project. She has participated in fund raising and community service projects such as assisting with collecting money for a fellow 4-H'er and collecting crayons for Hurricane Katrina victims.

DISTINGUISHED LEADER AWARDS: Each year the Wheeler County 4-H Council recognizes individuals who have given of their time and worked with the organization. This year Joe McQuay (left) and Clifford Oldham are the recipients of the District 1 4-H Distinguished Leader Award. Clifford discovered the Wheeler County 4-H once had a strong shooting sports program and was determined to see that happen again. He recruited a group of leaders to be trained and coordinated their schedules and travel to ensure that the training wasn't a hardship for anyone. Once they were trained he has been a driving force of encouragement and key to developing resources for the 4-H Shooting Sports Program. The development of the 4-H Shooting Sports Program has been dependent upon Joe. He has met this challenge with enthusiasm and keen foresight. He understands how instrumental his role is and has taken many precautions to build the Wheeler County Shooting Sports program right.

PARTICIPATION: Recognized Monday evening at the 2006 Wheeler County 4-H Achievement Banquet were Payton Austin and Amber Oldham for having participated in a project.

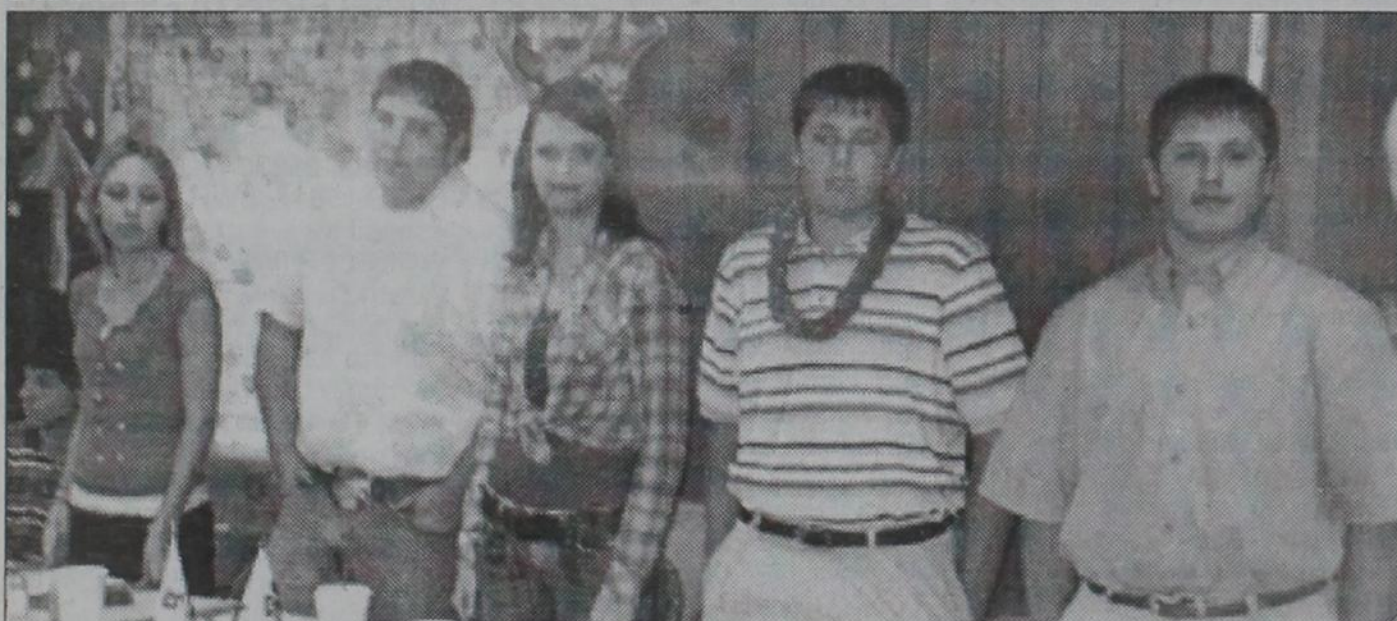

CLOVER KIDS: The youngest group of 4-Hers are Clover Kids. Recognized at the 2006 Wheeler County 4-H Achievement Banquet were (l. to r.) Morgan Brdecko, McKayla Bailey and Caitlyn Walker.

FRIEND OF 4-H AWARD: Russell Gaines was the recipient of the Friend of 4-H Award for 2006. He has quietly provided support to the 4-H program for many years. He is a strong swine project leader, providing assistance and advice to any youngster that would ask. He has been gracious enough to assist by providing an outlet for hog feed by opening his barn and storing feed. He is owed more than the plaque could ever repay. The award was presented by Tommy Meek.

RECORD BOOK WINNERS: Record keeping is a big part of 4-H. These young people were recognized for their record books. They are (back l. to r.) Braden Moore, Tommy Meek, Nick Hardcastle and Josh Hardcastle, (front) Stormy Moore, Justin Hardcastle and Madalyn Brdecko.

2005-2006 4-H COUNCIL OFFICERS: (l. to r.) Amber Maddox, secretary; Tommy Meek, president; Amber Oldham, vice president; Josh Hardcastle, 2nd vice president; and Nick Hardcastle, treasurer. burns were only first degree so there should only be some light scarring that may disappear as she grows. We are so thankful that it wasn't any worse. Thank God that Lori's nursing experience paid off. She kept Peyton in a tub of cool water and kept rinsing her eye, face and upper torso, while she waited for her mother to arrive and take them to the emergency room. They weren't going to let Lori fly with Peyton, but her being a nurse really worked out well. Peyton did very well as long as Lori was holding her. Dad, Aaron, was on his way in the expedition. Only got to Dimmitt and some bearing went out. Of all the times for that to happen. He got a friend to drag his car back to Hereford and another friend loaned him another vehicle. They didn't even keep Peyton in the hospital overnight. Just eye drops and salve for the blistered spots. She is doing very well. Will just have to go to her pediatrician later in the week.

Saturday, Kenneth and Doreen Mayfield, Helen Cooper and Dora Faye Tolle, all of Arnett, Ok came by for a visit. It was so good to see them all out of the house for something other than doctors appointments. We had a nice visit. They were out trying out their new, used pickup. It works real well for
