"Wheeler, town of friendship and pride."

Wheeler was saddened Saturday with the news of the death of three young men. Our sympathy to the families.

We enjoyed the unusually warm weather during and after the Thanksgiving Holidays, allowing

Monday evening we had a spring thunder storm with bright

outdoor activities.

flashes of lightning and loud Thunder. We only measured 0.06" of moinsture, but that was appreciated. The annual Chamber of Com-

merce Christmas Open House was well attended and enjoyed by those attending and exhibiting/ selling. This activity is the result of a lot of hard work by too few chamber members. Many thanks!

A 'tip of the Hat' to those responsible for getting the Christmas decorations in place on the courthouse square. They really look nice.

Take some time and take a tour of Wheeler. There are a lot of pretty decorations.

We went to OKC on Wednesday evening and spent the night with Greg, Jennifer and Ronal Jr. On Thursday, we went to the Arnold home for Thanksgiving with our extended families.

-cwe-On Saturday, we were back in Wheeler for Thanksgiving at the Meriwether Ranch with the Meriwethers. Rhonda's nieces joined us in the afternoon.

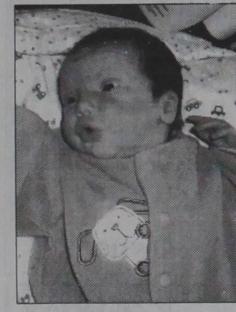

-cwe-The 'Cash' drawings will be at 3:00 p.m. again this year. They are held earlier when the Mustangs are in football playoffs.

--cwe-Remember to get your tickets when you make a purchase in Wheeler and get those names in the hopper. They may be worth up

to \$100.

We managed to play cards Monday evening. Rhonda and Leroy were the winners of both games. I cost Bob and I the first game with an error, but luck cost us the second game—or the lack thereof.

# **Appreciation Shown Vol. Fire Departments**

Newfield Exploration Mid-Continent would like to thank all of the area Firefighters for all of their hard work and dedication.

With the dry conditions this year the area has depended on the men and women who volunteer their time and put their lives in danger to help save lives and property. We at Newfield Exploration realize that volunteer firemen do a great service to our community with little thanks.

This year the Wheeler and Kelton Fire Departments have responded to several emergency situations on or near Newfield property. As a token of our appreciation we would like to make a donation of \$3560.00 to each department.

Make a joyful noise unto the Lord, all ye lands. Serve the Lord with gladness: come before his presence with singing. Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture. Enter unto his gates with thanksgiving, and unto his courts with praise; be thankful unto him, and bless his name. For the Lord is good: his mercy is everlasting: and his truth endureth to all generations.

When Glenn Forrest Frosty first brought me to Texas to live, my thoughts on wildlife were 160% different than they are now. I was still living under the influence of Walt Disney's Bambi effect and thought all wildlife was a most wonderful sight. Now it is more like in my sight as in rifle. Now what could have ever changed me so much? One of my California friends called the other day and ask what we had been doing and I said, "Hunting." The response on the other end of the phone was more like shock and disbelieve that I could or would do such a thing. Then I explained that it is a bigger shock to see 50 or more deer in a farmer's field of wheat,

people, there would be another whole story. This costs the farmer thousands Pete Gilmer accompanied his of dollars a year. Now to the other part and that is the cost of getting

hoods or windshields. That can also cost; you your life as well. We also photographed the deer as they fight each other and I do not think we have a deer left that has a good rack of horns. They fight until they break off and then try to fight again with a half a horn. There are way too many bucks this year and two few does, which may be a good thing. The worse thing is that we can only shoot one buck and two does this season which runs from November to January. Well, enough said on the thousands of deer in the Texas Panhandle and on to the good stuff. Such as bobcats and coyotes! Now there is our problem on the farm. I will not go on those 160 acres without a weapon as I do not want to be a meal for some huge cat. We have photographed them as they lay in wait for dinner or on the prowl and they are Texas size bobcats and coyotes.

As our Christmas season approaches, I do not feel the pressure of the Christmas rush here as I did in California. Seem like we were rushing to buy things, rushing to give parties or go to one and trips out of town for one or the other reason. Here it is different and I will probably give one party and do very little shopping. In fact I have not thought of a thing to get Henry, Goldie, Red, Honey,

Jackie and Kellie May finally got Amarillo as Anna and Wesley were at the hospital awaiting the arrival of the newest little Stribling. They had gone to the hospital early on Tuesday morning as Anna was scheduled to have a C-section early the that morning, because the baby was breach. The good Lord and baby Stribling had other ideas. The baby was in a perfect position and Anna was having contractions on Tuesday morning., but by about one o'clock they had stopped. They hadn't sent Anna home yet so Clinton and Maurita were going by to check on them before going on to Happy to Tom and Debbie's. Good luck and much happiness to all.

> We are very lucky to have 2 birthdays in our family on Nov. 23. Bob's brother, Ralph, turned 79 and our granddaughter, Harley, is officially a teenager. Harley was bom on Thanksgiving day 13 years ago. She was bom in Plano, Tx while an ice and snow storm was raging. The Striblings were pleasantly surprised when they got to the hospital and were greeted by one happy daddy and other relatives. Little Miss Kelsy Joe Ann Stribling had arrived around 5:00 on Nov. 21. . Their sweet little angel weighed in at 6# 4 oz. And is 19 '/2inches long. A beautiful new addition to the family. Little Cory Hamilton was so proud of his "Baby Cousin", he wouldn't call her Kelsy. Kelsy's middle name came from her great grandmother on Anna's fathers side of the family.

Clinton and Maurita went on to Happy to spend the night with Tom and Debbie. Then on to Brandi and Craig's on Wednesday to help Brandi prepare for the family dinner. Tom and Debbie came on down on Thursday afternoon, after the boys got done with football practice. They brought their camper down and spent the night so they could go on to the "big ball game". The Happy boys met Rule at the Floydada football field in what turned out to be the final game of the season for the Happy football team. Sorry boys. We are still very proud of all of your efforts. Peggy Dunn and Leola Stuart went to Ronnie and Tanya Stuarts for Thanksgiving. They had a very enjoyable time. They got to visit with Todd and Jarrid, but Chad couldn't make it. Peggy and Leola enjoyed the shopping available to them . While they were their they got the biggest part of their Christmas shopping done. Thats quite an accomplishment. They also played "the good little elves " and baked lots of yummy cookies, breads, and cakes for the Christmas parties for the Merry Maids and the Wal-Mart staff. They certainly made a big dent in getting Ronnie and Tanya closer to being ready to do their Thank You parties, Of course they had to make a few extra for the sampling at

Glad to hear that Todd went to a new doctor that changed some of his medicine. He seems to be feeling fairly well at the present time. Sure hope that it continues. His migraines are some better, and not near as disabling, since he got some new medicine to take right at the onset of them. What a relief I don't wish a migraine on anybody. Todd wants to be pharmacist. Next year he will he taking some college hours since he only will have to take 2 or 3 classes to graduate. He's going to get a jump start on some of his college courses to get the basics out of the way. Very ambitious.

Our sympathy goes out to the family of Mauro Rodriquez Lopez, JR. 19, of Pampa. He was killed in a one car accident north of Pampa on highway 70, near the river bridge. He worked with our daughter-in-law, Jennifer, at Fluid Compressors in Pampa.

Pam Thompson spent the Thanksgiving holiday in Dallas with her son, David Wilcox, and nephew, Curtis Pigg.

Tim and Jennifer came down after work on Tuesday to bring Erica and Jayden for a little extra visit. We found plenty to do the first couple of days but by Thursday Jayden was tired of cooking and cleaning and even the games. He had thought that Michael would be here to play football and baseball with him. Instead he got stuck with Grandma and Grandpa. They were sure glad to see Granny Orthman, she arrived later Wednesday afternoon. Jayden and Erica made their favorite pumpkin pie, helped with the rolls and made some yummy sausage balls, along with "buried treasure"

Our Thursday dinner guests were: Ralph Mayield of Chevenne, OK. Kenneth and Doreen Mayfield, Helen Cooprider, and Dora Faye Tolle, all of rural Arnett, OK., Jeff, Sky, and Harley Mayfield, Tim and Jennifer, Erica and Jayden all from Pampa and Carol Orthman of Dumas. it was a very enjoyable day and we had so much to be thankful for.

Orville Greenhouse got to enjoy the holiday in Dumas, with her daughter and grandson. He came and picked her up on Wednesday and brought her home on Friday. It was good to see Virginia doing so well after her heart surgery. The weather staying so nice made the trip even more enjoyable.

Belated congratulations and all best wishes to Carol Stribling of Pampa and Johnny Chatham from Ok. In their recent marriage. They make a wonderful couple and Johnny fits right in to the Stribling family all the way around. They are making their home in Pampa.

Nov. 4 all of the Stibling family were out at Clinton and Maurita's to celebrate her birthday. Hope you have a great one Mauria and many, many more. Roy Lynn and

"Wheeler, town of friendship and pride."

Roy Lynn and Cindy weren't gong to be able to be with the Striblings for Thanksgiving as they were already committed to Cindy's parents, as they were initiating their new home.

The new bam for the volunteer fire department is coming right along. Must be really good as it with stood all the high winds last week, while they were trying to get the steel building all framed in to finish. Will really be nice and handy with all the new equipment. They are always working on something to be sure they are ready for the next problem. Here it is Tuesday morning already . At this rate Christmas will be here next week.

We were pleasantly surprised to get a nice shower last night. And that was all it was, but sure did smell good. Hope you had a great week and are ready for old man winter to raise his naughty head. Stay safe and warm. Have a terrific week.

## Info On Leasing Land For Quail Hunting

Josephine Walker

Leasing land for quail hunting has a positive impact on many rural economies in the state, said a Texas Cooperative Extension

The economic impact of hunting in Texas exceeds \$1.5 billion annually," Jason Johnson, Extension economist based at Stephenville. He addressed a capacity crowd at the recent Red River Quail Symposium in Wichita

"Quail are the third most hunted species of game in Texas, ranking behind deer and dove, based on the number of active hunters," he said. "But quail rank fifth behind deer, dove, duck and wild turkey in terms of the number of days spent hunting. This suggests that insufficient quail habitat or the distance to suitable quail habitat restricts hunting activity for this game bird."

The recent Red River Quail Symposium included two ranch tours and a one-day seminar on landowner resources for habitat and hunting management.

Hunting's economic impact reaches beyond landowners and into other sectors/businesses that cater to the hunting and travel industries. In many areas of Texas, hunting is second only to Friday night football in terms of visitors and money drawn in to local communities, Johnson said

"Approximately 65 percent of Texas hunters come from urban areas, so this economic impact is essentially a urban-to-rural transfer," he said. "According to a United States Fish and Wildlife Service survey, the average Texas hunter spends more than \$1,300 each year on hunting and travel amenities."

A 2001 survey of Texas Quail Unlimited members revealed more specific information about avid quail hunters in Texas, he added.

"The typical Quail Unlimited member responding to our Texas survey was a middle-aged, affluent white male," Johnson said. "Most were college graduates, and 42 percent reported household incomes above \$125,000. They lived in rural areas, small cities and medium- and large-sized urban areas.

"The relevant point is that the average expenditure per hunter responding exceeded more than \$10,000 each year on quail hunting," he said. "That's money spent on lease fees, dogs, vehicles, transportation, feeds/feeders/food plots, lodging, guns and ammunition, meals and other expenses.

These hunters listed 79 Texas counties among their favorite hunting destinations.

He could not find it last year, so why should it be different this year. I believe he put it in a black trash bag and forgot what was in there, so off it went to the trash pickup. Our first year, we bought a live tree, but between the furnace and fireplace, they just sucked the life out of it by the middle of December. The next year, we bought the beautiful fake one that disappeared last year. In fact I do not remember if we had one last year and it really does not matter anyway.
