Four Seasons Memorial Room The Wheeler Cemetery Association is asking for donations from local citizens and families of the deceased who are buried in the Wheeler Cemetery to help fund a project called the "Four Seasons Memorial Room." The project will be constructed on the north side of the cemetery near the flag pole. The 12'x 24' building will be in a sun room style and will house a map of the cemetery and an index of the names and locations of those interred in the cemetery. There will also be seating for those who need shelter from the sun, rain, wind and cold while visiting the cemetery.

The building will be constructed by Four Seasons Sunrooms Designs & Remodeling Center of Amarillo. The company is a sunroom specialist and has been in business continuously for over 30 years. Mathew 6:31-33 Therefore take no thought, saying, what shall we eat? or what shall we drink? or where withal shall we be clothed? For after all these things do the Gentiles seek, for your heavenly Father knows that you have need of all these things. But seek ye first the kingdom of God and His righteousness and all these things shall be added unto you.

Thanksgiving is this Thursday. We have so many things to be thankful for. The poet Helen Steiner Rice penned the poem "A Prayer of Thanks." In it she says "Thank You, God, for everything I've experienced here on earth -- Thank You for protecting me from the moment of my birth - And thank You for the beauty around me everywhere. The gentle rain and glistening dew, the sunshine and the air, The joyous gift of 'feeling' the soul's soft whispering voice That speaks to me from deep within and makes my heart rejoice - Oh, God, no words are great enough to thank You for just living. And that is why every day is a day for real Thanksgiving."

with joy, that my heart may sing to you and not be silent. O Lord my God, I will give you thanks forever" (30:11-12). Or "Blessed is the man you choose and bring near to live in your courts! We are filled with the good things of your house, of your holy temple" (65:4). Or "I will praise you, O Lord, with all my heart; before the 'gods' I will sing your praise. I will bow down toward your holy temple and will praise your name for your love and your faithfulness, for you have exalted above all things your name and your word. When I called, you answered me; you made me bold and stouthearted" (138-1-3).

Good poem, but you don't have to go to a modern poet to hear words of thanks. I'd jump to the book of Psalms and find phrases like "You turned my weeping into dancing; you removed my sackcloth and clothed me

Now it is our turn. You can do it more often than this, but at the very least, when you sit down for a huge meal on Thursday, offer sincere appreciation in your words of Thanksgiving, because God has indeed blessed us so richly. Have a great Thanksgiving!

Shawn D. Johnson

O Give thanks unto the Lord; for he is good: for his mercy endureth forever. O give thanks unto the God of gods: for his mercy endureth forever. O give thanks

to the Lord of lords: for his mercy endureth forever. To him who alone doeth great wonders: for his mercy endureth forever. To him that by wisdom made the heaven: for his mercy endureth forever. To him that stretched out the earth above the waters: for his mercy endureth forever. To him that made great lights: for his mercy endureth forever. The sun to rule by day: for his mercy endureth forever. The moon and stars to rule by night:

for his mercy endureth forever. To him that smote Egypt in their first-born: for his mercy endureth forever. And brought out Israel from among them: for his mercy endureth forever. With a strong arm, and with a stretched out hand: for his mercy endureth forever. To him which divided the Red sea into parts: for his mercy endureth forever. And made Israel to pass through the midst of it: for his mercy endureth forever. But

overthrew Pharaoh and his host in the Red sea: for his mercy endureth forever. To him which led his people through the wilderness: for his mercy endureth forever. Who remembered us in our low estate: for his mercy endureth forever. And hath redeemed us from our enemies: for his mercy endureth forever. Who giveth food to all flesh: for his mercy endureth forever. O give thanks unto the God of heaven: for his mercy endureth forever. Psalms 136: 1-16 & 23 - 26

## The View of a Southern Woman

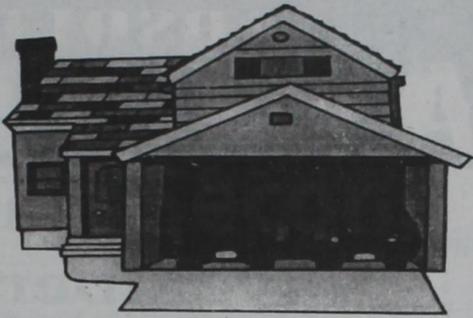

... Southern California that is.

Glenn Forrest Frosty and I have wanted to put all our chickens in the new chicken pen, but since they do not like each other, we thought it would be dangerous to combine their living quarters. After Big Al died suddenly of lead poison, things have been more peaceable between the bantams and the Aroucanas, but still not safe enough to join the two groups. Then all of a sudden when we were herding them into their prospective pens, the bantams decided to go into the new hen house with the Aroucanas. This was a great surprise as they always go into their old pen. We decided to see if it would work and after a little bickering and squawking, things settled into a mixed, happy bunch with the exception of Goldie. She has decided to set on three eggs she hid in a nest in the old pen. Now she is stuck alone in the old hen house with those three eggs that probably will not hatch, but I am just letting her do her thing and get it over with, but I wish she would hurry up so we can move the old pen out of the yard. Guess those things take time.

We have been on the run lately and I told Martha, our neighbor, that I would love a few days at home. If it is not a trip to Amarillo, we are on the road to Canadian, Pampa, Wellington, Elk City or Oklahoma City and we went to all those towns last week plus Binger, Oklahoma to see our kids. SaRita and Robbie wanted us down there for a couple of days to celebrate Glenn's birthday. Robbie's parents and the rest of his family are really wonderful people and so very friendly. It was so nice to see all of them again. We had spent many hours and several days together in Fort Worth when Crissy had brain surgery last year. Anyway they had a big dinner that we were invited to which was a pre-Thanksgiving and birthday party. Then it was on to Oklahoma City. If you remember from my earlier columns where Glenn gets lost a lot and always winds up at Bass Pro Shop (which he can always find), well this time he got so lost trying to find the Academy, that he never did find the Bass Pro Shop. Now that was something I never thought was possible. But I was lucky enough to find a few antique shops as we tried to figure out where we were. Now that was fun and even Glenn is enjoying looking at things of yesterday. He is amazed at the prices of things that we had and threw away when we were young. Just hope he does not start saving any and everything in anticipation of an antique sale someday in the future. That is how you accumulate junk. Must get busy as the Corbitts will be here for lunch (or dinner) and then we are going hunting. Another busy day, but it will be fun.

Love from Betty Boydston.

Happy Thanksgiving!! We all have so much to be thankful for. So many blessings that the good Lord has bestowed upon us all year. Not just the big things in our lives, but all the little things that we just seem to take for granted. Enjoy your families and be safe in your travels.

Jim and Kay Batton are expecting all of their children and families in for Thanksgiving. The first time in many years that this has been possible. Thank goodness the weather is supposed to stay nice for all of our travelers. Jackie Thrasher had a stitch taken out of her knee while she was in getting her flu shot. The nurses that have worked with her and her doctors so closely over the past year were amazed that she is healing so fast and how well she is getting around. Jackie didn't even mind getting her flu shot since she got to see all of her friends and got caught up on things.

Fred and Jackie are expecting son, Tony Goodnature, and family to come celebrate over the weekend as they will be with Pat's family in Stratford for Thanksgiving Day. Since Fred has to work on Thanksgiving that works out real well. Jordan is hoping that NaNa and PePaw will be able to come to Amarillo to her Christmas concert. (No more so than NaNa.)

Jackie Don and Kellie May are waiting impatiently for their new home to be delivered. It was due on Saturday but as of Monday they are still waiting. They have had the yard all torn up and are living in the east yard in the old house on top of the moving truck. They are all ready for the house to arrive, even though they won't have it ready by Thanksgiving. They are hoping the new house will help a lot with part of Shelton's asthma and other health problems. It has all been a challenge.

Hope this finds Sallie Adcock feeling much better. She certainly gave every one a scare last week. We thought she was having a heart attack, went by ambulance to Parkview Hospital in Wheeler on Tuesday night. After all the test and some rest they still didn't have a definitive answer as to what caused all the pain. They released her on Saturday to get more rest at home. She was trying to recuperate from her surgery, but had gone back to work after only 3 weeks. She is over worked and exhausted. Get well soon and let some other people take some responsibility and take up the slack. We want you around for many more years.

It was good to visit with Lorene Rector. She is anticipating a quiet Thanksgiving at her house. Usually she has part of the family the following weekend for a nice visit.

It was nice to visit with Shara Bell. Her family is growing up way too fast. Michael is already a junior. Jayton scared his folks pretty good. He had broken his collar bone and not told his folks he was even hurting. It had happened when the kids were horsing around after school. By the time his Mom noticed his collar bone was raised up it had been almost a week or more. They had to go to an orthopedic surgeon to have it checked in Pampa. The bones had already started to heal in the wrong position, but they didn't want to have to rebreak it. If all continues to go well he won't have to have surgery. Of course he doesn't get to play any more football this year, but at least he played one really good game for the opening of the season. Hope you get released in time to play some of the basketball season. Jayton accepts not being able to play right now, he said he would do anything so he wouldn't have to go through surgery. The swelling has gone down some, but the doctor said it might take as long as a year for all

the swelling to go out since it 'is healing out of it's normal place.

Heather is getting so independent since she has started school. Her picture last week is proof she is enjoying school. Shara is battling a cold and studying hard for a test in calculus. Shara is working on getting her nursing degree. It will take a little longer since she is trying to work her schedule around the kids and Keith's schedules. She got an A in algebra last year, but calculus is another story.

Thanksgiving at the Musselman home is going to be different this year. Walt is still in Iraq, but is supposed to be on his way home on Nov. 29th. They are all so excited. Cherise and the girls will have a real Thanksgiving when Walt gets home, after 18 months. This was his 3rd tour in Iraq. Your in our prayers.

Saturday the Fort Elliott Senior class hosted a basketball tournament for the junior high schools. The Fort Elliott girls took home the first place trophy. They all played some very good high pressure games. Lots of good athletes out on the floor. Congratulations to all.

Sorry to hear that Jimmy Maddox is having some health problems again. Jimmy refereed part of the basketball games on Saturday, then went to eat at Maxey's before going home. Jimmy and Tammy are always so good to help with anything the kids have going at the school. Even if their girls weren't directly involved. Jimmy laid down to watch TV when he got home. Tammy thought he had just gone to sleep, after the day that he had. She couldn't rouse him when he got a phone call. Tammy made sure that it wasn't his blood sugar. They called the ambulance and after being checked out at the Wheeler hospital and Life Star was called. Sunday, Jimmy was out of his coma and couldn't remember any of it. They have run a whole battery of tests and still have no answers. Hope this finds you home and feeling much better Jimmy. Your in our prayers.

So sorry to hear that Jim Batton is having so much dizziness and some pain his heart and skipping so many beats. He got to feeling worse during church on Sunday. He had been singing with the choir, but had to make his way out the side door. Kay took him straight to the hospital. They were waiting to hear from Dr. Cabrera on Monday morning. Certainly hope they can find the answer to Jim's mystery and get him feeling much better soon. They'll be able to write a whole book on the identity, progression and the fix for his problem. Our prayers are with you.

Aaron Lancaster had 4 by-pass surgery done on his heart in Amarillo on Nov. 3. It's amazing how fast they send them home after having so much done. He and Arica were managing quite well, since they got to come home Nov. 8. I tried to call them on Monday but got no answer. Hope they were at a doctors appointment, just for a check-up. Dennis, Vanessa, Garrett and Braydon Stuart came to visit with Granny and the rest of the family for the weekend. Garrett has learned to play hand and foot. He makes a good little partner.

They had a family get together with family from the area. They always have a good time with lots of good food and tons of visiting when the family gets together.

Dennis and the his family had to go back home on Monday. Dad had to go back to work. The rest of the family has a nice long vacation and will be going to visit Vanessa's mother in Lubbock at the end of the week.

Sorry to hear that Todd Stuart is still having so many health problems. He missed school last week because of what they thought started out to be the flu virus, but now they are running tests for gall bladder and hernia. They were hoping it was the gall bladder, since it's a fairly easy fix now days, but the doctor told them it wasn't that. So they will do more testing this week. Todd is keeping up with his school work and getting good grades, but the days absent are a challenge to get through. He has a really great tutor, which makes a world of difference.

Orville Greenhouse is looking forward to her grandson, from Dumas, coming to get her for the Thanksgiving holiday. She can see for herself how her daughter, Virginia, is doing following her heart surgery 2 weeks ago in Amarillo. Virginia had both valves replaced in her heart at the same time. She is home and still very weak but doing as well as can be expected at this point. Hope your feeling much better soon. Your in our prayers Virginia.

Word has it that Carolyn Corse has sold the Western Sizz'n in Dumas. That will make her life so much easier. No more having to hurry and get things done at the ranch so she can get back up there to keep things going. The new owners will be keeping the buffet style at the restaurant.

Sorry this was a bad week for so many. Wish I had lots more good news. Sure makes us re-evaluate our life. Another of those wonderful blessings. Hope every one has a better week and a wonderful holiday. Drive defensively. Hope all of our friends get well soon. Have a great week.

## Xi-Upsilon Sorority

XI-UPSILON-BETA is a very active group in the Wheeler county areas, the chapter has help raise money for several families in our county and help out with many other activities where they are needed. Other members of our local chapter include, Sallie Adcock, Dena Brown, Jane Dukes, Cathy Hunt, Jackie Lane, Sheila Mick and Gina Seitz. We are very happy to include our new members. We are proud to announce that this is our 75th Anniversary for Beta Sigma Phi International. The organization was started during the depression by Kansas City native Walter W. Ross. His goal was to provide women unable to attend college with a social cultural intellectual outlet.

Members are dedicated to service, social and cultural projects, donating thousands of hours and an equal amount of dollars each year to worthy service projects. But Beta Sigma Phi is first and foremost a friendship organization where lasting friendships are made.

Our International Endowment Fund has awarded more than two million dollars to health research and charitable efforts and our Breast cancer Research Fund has donated more than one million dollars to breast cancer research. We also have a scholarship fund for members and their children and grandchildren. The Beta Sigma Phi Disaster Relief Fund has provided more than \$250,000, to date, to the victims of Hurricanes Rita and Katrina. Our organization has more than 160,000 members in several countries. Beta Sigma Phi welcomes Women from all walks of life, is non-sectarian and non-political.

## Notice of Drinking Water Nitrate

The Texas Commission on Environmental Quality (TCEQ) has notified the City of Wheeler water system that the drinking water being supplied to customers had exceeded the Maximum Contaminant Level (MCL) for NITRATE. The U.S. Environmental Protection Agency (U.S. EPA) has established the MCL for NITRATE at 10 mg/L. And has determined that it is a health concern at levels above the MCL. Analysis of the drinking water in your community for NITRATE indicates a level of 18.6 mg/L.

Infants below the age of six months who drink water containing nitrate in excess of the MCL could become seriously ill and, if untreated, may die. Symptoms include shortness of breath and blue baby syndrome. If your child is under the age of six months, the child must be given an alternative water supply for any consumption. Boiling the affected water is not an effective treatment for nitrate removal.

Most consumers do not need to use an alternative water supply. However, if you have health concerns, you may want to talk to your doctor to get more information about how this may affect you. At this time, the health effects to fetuses of pregnant women is unclear. If you are pregnant, you may choose to use an alternative source of water for drinking and cooking purposes.

We are working to correct the problem.

WE NO LONGER USE THE AFFECTED WELL. Bottled water is available at no cost for the affected populations at City Hall. We are working with the City Engineer and getting technical support from TCEQ for an alternative water supply.

Please share this information with all the other people who drink this water, especially those who may not have seen this notice. You can do this by posting this notice in a public place or distributing copies by hand or mail.

For further information contact: Claudine Finsterwald, City Secretary Frank Clymer, Water Superintendent 806-826-3222 505 S Alan Bean Blvd. Public Water System ID# 2420002

Sue Chandler made a motion to pay the bills. Thomas Helton seconded the motion and the motion carried unanimously.

Ms. Fagan Cook presented financial statements, investment report and statistics for the month of October. She also reported that the cost report settlement has not been paid, but should be received in the next few weeks. James Batton made a motion to approve the reports as presented. Thomas Helton seconded the motion and the motion carried unanimously. Bad debt and charity write-offs were presented. Discussion was held regarding several accounts. James Batton made a motion to approve the write-offs. Dale Garner seconded the motion and the motion carried unanimously.

Ms. Fagan Cook stated that the MRI was in place with scans to be done on Friday afternoons. She also reported that we have spent \$5,000 getting all of the electrical and internet connections installed. Original projections were \$10,000-

\$15,000 for the work.

She also requested that the annual Christmas bonus be paid at the same rate as last year and be paid on the December 14, 2006 payroll. Thomas Helton made the motion that was seconded by Dale Garner. Motion carried unanimously.

Ms. Fagan Cook reported that we will have one more flu clinic on Friday, November 17, 2006. We will receive 800 more doses of flu vaccine and will continue to provide pneumonia vaccine as necessary.

There was a general discussion of food costs by the Board. Ms. Fagan Cook stated that food costs were down in September, but back up in October with average cost over \$8.00 per meal. After further discussion consensus was to leave the cost per meal at \$4.00 for employees and \$6.00 for guests. This still causes us to operate at a loss for meals.

Chairman Tipps asked if there was any new business. Ms. Fagan Cook stated that the renewal for insurance for the two ambulances had come in November 13, 2006 and requested that this be approved for payment. Dale Garner made a motion to pay this bill. Sue Chandler seconded the motion and the motion carried unanimously. Ms. Fagan Cook also reported that Southwest Medical, who provides physicians for ER coverage, had requested a slight
