## Wheeler County Man Loses Life In Flames

Tuesday Night Blaze Burns Farm Home—Woody Green Was Alone In House

Fire of undetermined origin, which destroyed the ranch home of Mr. and Mrs. Woody Green in the Heald community, southwest Wheeler county, about midnight Tuesday night, claimed the life of Woody Green, sole occupant of the premises. Mrs. Green had left that day for Fort Worth on a business trip, leaving her husband alone on their half section ranch.

Efforts are being quietly made by investigators to learn the cause of the fire and why Green was trapped in the house. Among the first to reach the scene was C. A. Myatt, neighbor living some two miles distant, who noticed the fire and hurried to the scene. Such headway had been made by the blaze that nothing could be done to check it. Rescue of the unfortunate man, even if still alive, was out of the question by that time, since the frame stucco building was a roaring mass of flames, the roof having already fallen in.

The charred remains were brought to Wheeler Wednesday. Funeral services were conducted at 6 o'clock that evening from the Methodist church, with the pastor, Rev. J. Edmund Kirby, in charge. Rev. A. C. Wood, Baptist minister, assisted with the rites.

Pall bearers were Floyd Adams, H. E. Young, Glen Porter, Robert Stiles, Joe Hyatt and Al Watson. Flower ladies were Mesdames Floyd Adams, Robert Stiles, Al Watson and Jim Hyatt, and Misses Beth Stiles and Reba Wofford.

Interment was made in the Wheeler cemetery, under direction of the Hunt Funeral home.

Woody Green, son of Mr. and Mrs. J. P. Green of this city, was born Sept. 3, 1905, on a ranch seven miles north of Wheeler, and came to his death March 18, 1936, near Heald, at the age of 30 years, six months and 14 days.

He was united in marriage with Miss Willie Lee Bailey of McLean on Dec. 20, 1930. After spending two years in Wheeler, where they operated a grocery store, Mr. and Mrs. Green moved to the ranch and had been engaged in farming.

Besides the faithful wife and loving parents, Woody Green is survived by five brothers, Stanley, Holt, Bronson, Roe and Morris, and two sisters, Misses Helen and Annie Mae Green; a grandmother, Mrs. E. E. Holt, and a number of other relatives, and a host of friends.

His sudden and tragic death brought great sorrow to relatives and friends throughout the community, and words of deepest sympathy are extended to the bereaved ones in the loss of a loving husband, devoted son and loyal brother.

## B. & P. W. Banquet Held Monday Night

"Public Relations" was the theme of a Business and Professional Women's banquet at the Lewis cafe Monday night, held as a feature of national Public Relations week of the organization, Miss Lett Womack presided as toastmistress.

Rev. Taft Holloway, accompanied by Mrs. G. O. McCrohan at the piano, rendered two vocal numbers, "Trees" and "Lights Out." Miss Viola Jones talked on "Women's Responsibility for Adequate Recreational and Educational Facilities for Children." Harry Garrison sang "A Little Bit Independent" and "Rhythm in My Nursery Rhymes," accompanied by his mother, Mrs. Inez Garrison, at the piano. Miss Nell Adams of Shamrock, manager of district 1, spoke on "Unity in the Community." Miss Willetta Templeton gave "Blind Date."

Those present were Mesdames Grayce Couch and R. H. Forrester, Misses Hattie Womack, Juanita Stone, Clara Finsterwald, Blanche Grainger, Willetta Templeton, Doris Hooker, Viola Jones and Lett Womack, members; Mesdames Frank Buchanan, Inez Garrison, C. G. Miller, Neva Sampson, E. W. Carter, J. H. Watts, Floyd Pennington, Misses Bessie Mae and Marguerite Ficke, Ruth Ewing and Winona Adams, of Wheeler; Miss Nell Adams, Miss Blanche Adams, Mrs. Stella Hise and Vesta Lee Purcell, of Shamrock; Rev. Taft Holloway and Harry Garrison, Wheeler, guests.

Preaching Sunday at Sandy Basin. The Rev. Nuttie Frost, Missionary Baptist preacher of Brinkman, Okla., will preach at the Sandy Basin school house on Sunday, March 22, at 11 o'clock. The public is cordially invited to hear him.

## DISTRICT GOVERNOR LIONS VISITS CLUB ON TUESDAY

Paying the local Lions club a surprise visit, Ralph E. Randel, district governor of District 2-T, from Pampa, was a guest of the club at its luncheon Tuesday. Randel, a former teacher in the Wheeler schools and fluent speaker, brought a message sparkling with optimism and good cheer.

Routine business included reports of committees and disposition of other details of activities sponsored by the club.

## EMERGENCY LOANS CAN BE OBTAINED

Applications Will Be Issued by C. R. Weatherly, Wheeler—Limit Is \$200

Emergency crop and feed loans for the year 1936, as authorized by the president's executive order of Feb. 28, are now available. Regulations governing the loans have been issued. Loans will be made through the same channels used in previous years. Farmers eligible may obtain applications from C. R. Weatherly.

Loans will be limited to the minimum amount necessary to meet the immediate and actual cash needs of farmers who are unable to obtain credit from any other source, and in no instance exceed \$200 to one farmer. Applicants who can get credit from any other source, including a production credit association, will not be eligible for emergency loans, it is said.

Loans will be made for the production, planting, cultivating and harvesting of crops; for summer fallowing; for supplies where they are necessary for production of 1936 crops, or to produce necessary feed for livestock.

Preference will be given to applications of farmers whose cash requirements are small, and no loans may be made for purchasing livestock or machinery or for payment of rents, debts or taxes.

The loans will bear interest at the rate of 5½ per cent a year and be secured by a first lien, or an agreement to give a first lien, on all crops financed in whole or part with the proceeds of the emergency loan. Where loans are made for the production of feed for livestock, they will be secured by a first lien on the livestock to be fed.

Where farmers applying for emergency loans are the tenants of a private landowner or concern, the maximum amount of loans to the tenants of one landowner in one county may not exceed \$500. The maximum amount of loans to members of one household who are occupants of the same farm is \$200.

T. L. Miller, district supervisor from Amarillo, was here Tuesday making final arrangements for Weatherly to handle the loan setup again this year.

Mr. and Mrs. Lem Guthrie, Mr. and Mrs. Nelson Porter and daughter, Frances, and Mr. and Mrs. Lee Guthrie and son, Marion Lee, motored Sunday to Tipton, Okla., and spent the day with the former's son, Mr. and Mrs. Lamar Guthrie.

## First National Bank Gets New Neon Clock

Installation of a new Neon illuminated dial electric clock is being made this week at the First National bank. The time piece will be placed where it is easily seen from inside or outside the bank. It will also light up the front lobby at night.

## COUNTY CLUB BOYS WIN FINE RECORDS AT LIVESTOCK SHOW

That Wheeler county—and in the immediate vicinity of the county seat—can produce prize-winning baby beeves and has the boys who know how to shape these animals up to "get in the money" was gloriously demonstrated this week at the Fort Worth Fat Stock show.

James Passons, son of Mr. and Mrs. Ira Passons, living four miles northeast of Wheeler, and Pete Morgan, son of Mr. and Mrs. W. T. Morgan, two miles north, are the boys who made fine records with their entries at the big show. Passons is a 4-H club member and Morgan is a recently an ex-member that the effects haven't worn off yet.

Passons entered his black Angus calf "Jimmie" and won the following awards and money:

First in Angus 4-H club class, \$30.00.

Grand champion, club class, \$20.00.

Third in open competition, all breeds, \$15.00.

## County Court Term Set for April 6th

Fairly Heavy Docket Faces Two Weeks Session—Jury to Be Used First Week

Monday, April 6, has been set as the opening date for the regular two weeks term of county court, it was announced yesterday by County Judge W. O. Puett. He also stated a fairly heavy docket is in prospect, including several criminal cases.

Because of the proximity of district court, which convenes on March 13, and a consequent overlapping of the two tribunals, the jury will be called for the first week of county court. The second week will be principally, if not wholly, devoted to non-jury matters.

The jury, therefore, is expected to report for duty at 9 o'clock Monday morning, April 6. So states the office of County Clerk F. B. Craig.

On Tuesday morning the jury commission, composed of J. W. Anglin, C. R. Weatherly and B. F. Kersh, selected the following list of 18 men to serve as petit jurors in county court for the approaching term:

Melvin Braxton, Oliver Elliott, J. A. Bryant, Ed Johnston, J. B. Harvey, T. M. Dickey, Jack Miller, G. R. Isaacs, B. F. Crossland, J. Walter Anglin, J. C. Berry, N. M. Hunt, J. M. Morgan, Lyle Holmes, Harvey Close, J. A. Moore, Henry Sims and Don Rives.

## Sharp Reduction WPA Working Forces Soon

Increase of Seasonal Employment Reason for About 38% Cut by May 31

Instructions to reduce the 120,482 persons now employed on Texas Works Progress administration projects to 101,650 by March 31 and to 84,650 workers by May 31 were sent to district directors by State Administrator H. P. Drought this week.

Increased employment opportunities, growing seasonal employment demands, and the approach of the June 30 completion date for the Works Progress administration program were given as the reason for the quota cut prescribed for Texas by federal authorities.

Issuing instructions to district directors, Administrator Drought said: "Happily it is unnecessary for me to emphasize to any Texas district director that any choice between workers shall be on the basis of efficiency and relative need and that discrimination on any basis—personal, political, or otherwise—will not be tolerated."

"Nearing the end of this work program, we are in a position to finish all projects of integral units of all projects now in operation with the reduced quota of workers," Drought declared. "District directors have been instructed to plan their work so that all projects, or useful parts of all projects, will be completed by June 30."

Total number now working in the 20 districts of the state is 120,482. The March 31 quota has been set at 101,650, a reduction of 18,832. The Amarillo district, of which Wheeler county is one unit, has 3,153 persons employed. The end of this month quota is 2,561, a reduction of 592. Exact figures on the number working in Wheeler are not available but an estimate gives about 150. A 38 per cent reduction by March 31 would take off 57, leaving less than 100 on the county rolls.

The above awards, amounting to \$65.00, when added to grand champion place at the Wheeler 4-H club show on Feb. 8, \$20.00, and reserve champion at the Shamrock show on Feb. 22, \$15.00, gives a neat total of \$100.00 in prize money.

Morgan, exhibiting "Don Paladin," Hereford youngster and worthy representative of the splendid herd developed by the Morgans, father and sons, took fourth place in open class competition against all fat stock at the show. His award carried with it a \$15.00 cash prize.

"These winnings are noteworthy," enthusiastically declared Jake Tarter, county agent, "since it is the first time such entries have been made from Wheeler county, at least during my residence here. Now that the boys see what can be done with Wheeler county calves," he concluded, "it is reasonable to expect other club members to try to equal or exceed these records."

## Churches Unite In Co-operative Effort

Baptist, Methodist and Church of Christ to Join Forces In Unique Services

Beginning with a personal workers' survey on Sunday, March 29, an unusual religious revival effort will be participated in by three Wheeler churches, the Baptist, Church of Christ and Methodist. Termed a co-operative revival, the two weeks period will be devoted during the first seven days to personal work and prayers. The second week will consist of evangelistic preaching in each church at 8 p. m. and joint services at the Rogue theatre at 10 o'clock each forenoon.

Principal objective of the revival is announced as "the church revived; the lost brought to Christ for salvation. Special endeavor will be made to reach every man, woman and child."

This, say its sponsors, is a series of services planned for everybody; and everybody will get interested and a great revival will result.

Preaching services start Sunday, April 5, and come to a close on Easter Sunday, April 12.

## Club Women and Men Form Organization

Home Demonstration Recreation Committee Is Sponsored for Social Group

"That planned recreation is more beneficial to humanity than non-directed amusement and entertainment was learned by a gathering of club women and their husbands on Friday night in the Wheeler gymnasium," declares a communication from the office of Miss Viola Jones, home demonstration agent.

This meeting, sponsored by the recreation committee of the Home Demonstration council, composed of Mrs. Hester Dodson, Mrs. J. R. Jackson and Mrs. Winnie Kiker, was opened with a series of songs, led by Mrs. C. B. Witt. This was followed with games, directed by John Wenmohs and Viola Jones.

After a social hour, the group perfected an organization to be known as the Wheeler County Recreation club. Officers named are: Mrs. Hester Dodson, president; C. B. Witt, vice president; Mrs. Annabelle Abernathy, secretary, and Hester Dodson, song leader. Mrs. J. H. Watts, Mrs. R. D. Underwood and Mrs. Jim Risner comprise the committee appointed to write a constitution and by-laws for the organization. These will be adopted at the next regular meeting on April 10. The Briscoe community folk will have charge of the program for that meeting.

Those present Friday night were Mr. and Mrs. Hester Dodson, Mr. and Mrs. Bob Greenhouse, Mr. and Mrs. G. H. Burkhalter, Mr. and Mrs. J. R. Jackson, Mr. and Mrs. L. R. Pike, Mr. and Mrs. C. B. Witt, Mr. and Mrs. J. H. Watts, Mr. and Mrs. Abernathy, Louise Risian, Christina Pakan, Christine Poole, Tamsey Riley, Beulah Mitchell, Ruth Trout, Mrs. R. D. Underwood, Mrs. Clyde Merrick, Dusan Pakan, John Hrncair, pastor of the Pakan church, John Wenmohs and Viola Jones.

## Shower for Baptist Pastor

Circle No. 2 of the W. M. S. of the Baptist church met Monday afternoon at the home of Mrs. Floyd Pennington. Mrs. Bessie Kennedy conducted the Bible study taken from Matthew, chapters 22 and 23.

During the business meeting the ladies voted to present Rev. Taft Holloway with a handkerchief shower in honor of his birthday on Tuesday, March 17.

Those present were Mesdames M. Burgess, Jim Risner, Robert McClain, A. L. Bean, Bessie Kennedy and the hostess.

## SHELTERBELT IDEA HITS COURT HOUSE LAWN

Well, perhaps it isn't the official shelterbelt planting campaign "come to town," but it's a good idea, anyway. And that is the removal this week of several trees of slow growth from the court house lawn, and their replacement with better ones. American elms will be used where the "runty" trees had stood; also several additional trees will be set within the next few days.

This improvement, in conjunction with shrub and bulb plantings made by a local ladies club, should make of the court house square a beauty spot in years to come.

## LOCAL METHODIST PASTOR SPEAKS AT PAMPA BANQUET

Rev. and Mrs. J. Edmund Kirby and son, Jamie, Hobby Kirby, Rev. Taft Holloway and Bill Miller motored Tuesday evening to Pampa, where Rev. Kirby was the main speaker at the Men's Fellowship banquet in the First Methodist church.

Mrs. Kirby and son were guests of Mrs. Lance Webb, wife of the pastor of the McCullough and Harrah Methodist churches, while the remainder of the party attended a show.

## WORK DELAYED AT NEARBY OIL TEST

Lost Underreamer and Broken Drill Stem Slows Digging at Porter No. 1

Loss of underreamer lugs in the hole last week started a series of delays at the Porter No. 1, Wheeler oil test well, 6½ miles south of here. New equipment was obtained Sunday and an effort made to drill past the lost tools, but with only moderate success.

While trying this week to overcome that trouble, a broken drill stem is said to have added to the difficulties. It is reported that a fishing job should clear up the situation shortly.

Sunday afternoon, the hole had reached a depth of 2,002 feet. Drilling slowly and letting the 12½-inch down a joint at a time through caving formation added another 100 feet by today, it is announced.

## BROTHER OF KELTON WOMAN PASSES AWAY IN OKLAHOMA

Dan Leuch, 76, died Thursday of last week after a brief illness from pneumonia, at Mountain View, Okla. His sister, Mrs. A. F. Stovall, and Mr. Stovall, Mrs. Lula Cross and Miss Olie Baird of Kelton were called to his bedside early last week and remained for the funeral Friday. Mr. Leuch is survived by his wife and five children and a host of other relatives and friends.

## WHEELER GAS CO. IS LAYING TWO MORE MILES 4-INCH PIPE

The Wheeler Gas company construction crew is busy this week laying two additional miles of 4-inch supply lines in the region south of town. The new lines begin at a point near the cemetery and extend southward toward the point of supply.

This installation is being made, according to H. M. Wiley, manager of the utility company, to meet increased demands for greater pressure in the north part of the county. It will also insure an adequate supply of fuel when extra loads are encountered or emergencies arise.

## SPRING TERM DISTRICT COURT CONVENES ON MONDAY, APRIL 13

District Clerk Holt Green Issues List of Names Drawn for Jury Service

Convening on Monday, April 13, the regular April term of district court for Wheeler county will start its seven weeks session. Judge W. R. Ewing of Pampa will preside, with Holt Green, court clerk in attendance.

Preferential settings and other data regarding procedure is not available at this time. However, it is known that the first week will be non-jury, as usual. Also the list of names of those who will serve as jurors during the term have been made public this week. They are as follows:

**Grand Jury**  
W. A. Scribner, A. B. Lancaster, C. C. Dyson, W. H. Taylor, J. F. Haning, White George, Paul Macina, Emil Seedig, L. E. Davis, E. C. Hunter, George Henderson, Howard Sherwood, Ernest Lee, L. W. Purcell, A. N. Williams and Ben Trout.

## Cotton Growers Get \$21,682 This Week

Payments Resumed on Old Triple A Bring Rental and Parity Checks Tuesday

Arrival on Tuesday of 548 checks, valued at \$21,682.70, in payment of contracts made with Wheeler county cotton producers under the old AAA crop control program, is announced by the county agent's office.

Of the whole number received, 73 were rental checks, amounting to \$3,228.74.

The remaining 475 were parity checks, totaling \$18,453.96.

According to information received by The Times, this consignment represents about 55 per cent of the grand total due Wheeler county farmers on contracts made with them by the government before the triple A was invalidated.

It is not known when the remaining 45 per cent, aggregating some \$16,000, will be paid, although it is reported that the outstanding balance may be expected most any time.

## Demonstration Club Met Here Wednesday

"Old Tascosa" was the subject of a program presented by the Wheeler Home Demonstration club at its meeting in the club room Wednesday, March 18. Mrs. Jim Trout was leader of the program.

Roll call was answered with "A custom, mannerism—good or bad—contributed to us by the pioneers." "Early days in Tascosa" was given by Mrs. Lula Mae Farley. "Boot Hill cemetery and stories of men who died with their boots on," was rendered by Mrs. Jess Carver. "The life of Billy the Kid, pioneer public enemy No. 1," was sketched by Mrs. W. O. Puett. "Last days of Tascosa" was contributed by Mrs. J. H. Watts and Mrs. Jim Risner.

During the business session the ladies discussed Short Course at Canyon, to be held some time this spring. A report from the club recreation committee was submitted by Mrs. Watts.

Those present were Mesdames T. C. Newkirk, Bessie Kennedy, J. E. Cox, John Ficke, Jim Risner, J. H. Watts, Jess Carver, Jim Trout, W. O. Puett, Lula Mae Farley and A. L. Bean. The next program on "Kitchen Windows," directed by Miss Viola Jones, is dated for April 1 in the club room.

Miss Annie Mae Green was called home Wednesday from Denton, where she is attending C. I. A., to attend the funeral of her brother, Woody Green.

### SIT OVER, YA BIG STIFFS!

Those who have doubted the success of the Texas Centennial may now bury their skepticism. When Fort Worth and Dallas become rivals in providing splendor, we may know that the whole nation will be amused. . . Now if Amarillo starts something in rivalry with the Pampa Centennial, nothing will be lacking in the entertainment field.—Pampa Daily News.

Now you big boys just sit over and let Wheeler, capital and early-day legal center for most of the Panhandle, take a hand in the festivities.

### COTTON PRICES AND LABOR

While The Times does not claim originality for the idea, it does consider the following plan of cotton price stabilization worth thinking about.

Just supposing that, instead of reducing acreage—or production—cotton growers were encouraged to make every acre produce the largest possible crop. Then, at market time, enable the government to purchase a sufficient amount at a price, even 40 or 50 cents a pound, to afford the grower a fair return on his investment, labor, etc.

Then dump the remaining portion of the crop on the world market at any price, one cent a pound, if need be.

Why this suggestion? First, because cotton is a peculiar crop in regard to the amount of labor it affords from planting to spinning. Can anyone find fault with a plan that would provide work at a time when unemployment is the big problem of the day; a problem upon which billions have been spent without appreciable amelioration? The cotton reduction program of the past two years has been a big factor in creating unemployment in the cotton growing states.

A huge amount of labor is required to plant, chop, cultivate, pick, haul, gin, compress and transport the staple to the mills. Not to mention the side issues involved in the manufacture of bagging, bale ties and other incidentals. The amount of labor required to prepare cotton for the final processing exceeds, probably, any other American crop.

The money for such a plan; how would that be raised?

Well, the government can and does raise money for purposes of much less benefit to the masses. A way can be found to do the job.

"Oh, but foreign countries wouldn't like the idea of 'dumping' our surplus on the world market at a ridiculously low price." Now isn't that nice! Just who's running these United States, the citizens thereof or some foreign power? Those same foreign countries didn't ask permission of the United States to increase their cotton acreage during the past two years and gobble the world markets, did they?

Nor does it hardly seem reasonable for a group of foreign powers, some of them sorely pressed in the World War and who were only too ready to accept military assistance and financial aid—and have long since forgotten the lads in Flanders Field and repudiated their honest debts—to tell the United States what it shall grow or what to do with it after it is grown.

Because The Times believes sincerely that the agricultural interests (upon which the greater part of our prosperity in every line rests) should have a fair return for effort expended, this suggestion is made. This paper believes the farmer should have the comforts of life, even most of the luxuries. At the very least the farmer has a right to a decent place in which to live, plenty of substantial food and ample clothing.

Twenty-five years observation has shown the writer prosperous times when cotton was produced plentifully and sold as low as 5 to 8 cents a pound. Everybody had work and everybody had money. But return to such a price scale is not advocated; hence the plan crudely outlined above.

When it is remembered that for many years those not financially able to operate farms for themselves, and were not trained for other work, found a means of subsistence for themselves and families in "cotton picking" and thereby escaped the present "made work" rolls with their bare existence wages, it looks like a revision of the present scheme is imperative.

What do you think?

### DEATH ON THE HIGHWAY

The Travelers Insurance company has issued a book entitled "Live and Let Live." It deals, through statistics and graphic illustrations, with the traffic accident record in 1935, when 36,100 lives were destroyed by automobiles. It would be a great thing for the cause of safety if every citizen could read the booklet, meditate upon it, and act upon the lessons it gives and implies.

What caused serious accidents last year? As in the past, excessive speed was the undertaker's best friend, accounting for 31 per cent of all accidents in which persons were killed and injured. A heavy foot on the accelerator smooths the path to the morgue.

Next came driving on the wrong side of the road, the cause of 17 per cent of the accidents. "Keep to the right" seems to be a laugh to many drivers.

Cars not having the right of way caused 15 per cent of the accidents. Their drivers saved a second or two—at the expense of life and health.

Fourteen per cent of the accidents occurred when cars drove off the roadway. Many causes may enter into this type of accident—and drunken driving, which seems to be on the increase, is among them. A substantial portion of motorists must be taught, no matter how roughly, that alcohol and gasoline make a poor mixture.

Reckless driving caused 13 per cent of the accidents, with the remaining 10 per cent laid to miscellaneous causes.

Think over this list. How often have you been guilty of one or more of the violations listed? Sure, you got away with it last time—but remember that next time you may not be so lucky.

### HARK FROM THE TOMB

From the musty leaves of ancient lore one gathers that for every nation born, with it has grown up the germ that ultimately caused its downfall.

Perhaps the United States, which has grown up like a green bay tree and flourished into a magnificent thing in the brief period of 160 years may be "too sappy" and the fatal germ working on it now. Does anyone know?

Greed and avarice and love of soft living and few hours of labor and short cuts to riches which have spelled downfall for other nations are in evidence on every hand.

Allow yourself to brood over some of the things you see with your own eyes and read in the newspapers and it does indeed make a doleful picture.

### TAXES AND DEFICITS

A recent tabulation in the United States News, comparing the relation of taxes to the national income, shows that the problem is growing constantly more serious.

In 1929, the national income touched its all-time high of \$79,800,000,000. Taxes took \$9,800,000,000 of it—12.4 per cent.

In 1933, the national income went to its post-war low of \$43,600,000,000. Taxes took \$8,100,000,000—18.6 per cent.

Last year, national income was \$53,700,000,000. Taxes reached the highest ratio on record, taking \$10,250,000,000—more than they took in the boom years—or 19.1 per cent.

Some apologists for the rising tide of taxation pointed out that, fast as government levies are rising in this country, we do not yet pay out as much to the tax collector as do the burdened citizens of some foreign countries. The English, for example, pay about 25 per cent of their income for government. There is, however a vital difference between this country and England! The latter now has a balanced budget, and her taxes pay all the cost of running the government. American taxes pay but part of the cost—billions in deficits are being created and charged against the future.

Some day these deficits must be faced—and when that day comes, the ratio of taxation to national income, even if substantial business revival occurs, must greatly increase. It is no secret that if today's taxes were sufficient to pay all government costs, "extra-ordinary" as well as ordinary, the ratio would be well above 20 per cent—and would perhaps be the highest in the world. Most experts believe that the public spendings of the last few years make higher taxes absolutely inevitable—the best we can hope to do is to force economy and retrenchment on government, to the end that tax increases be limited as much as possible, the budget balanced, and the national debt reduced.

### Our Exchanges

Items of interest culled from newspapers on The Times' exchange list.

Suppose that war does come to the distressed countries that lie beyond the sea. We may sympathize with them in the unbearable horror which is their lot. But is our sympathy any justification for joining this blood bath and making it worse? We entered one war in 1917 to make the world safe for democracy. Look at democracy now. Having once contacted the century old hates of an older continent, we may be invited to sacrifice our best young men again. If the purposes of the last war were so noble, why is it that another—far more horrible—threatens us now?—Wellington Leader.

At a meeting of the Ochiltree County Agricultural council at the courthouse Wednesday afternoon details of administering the emergency wind erosion program in Ochiltree county were perfected and county-wide and community set-ups made. W. M. Deck, president of the county council, presided at the meeting.—Ochiltree County Herald.

Governor James V. Allred Thursday assured a delegation of Pampans he would give the Pampa-Borger road his full support. He explained to the delegation, which included several citizens of Borger and Panhandle that conditions in the highway commission made it difficult to get any action at present. The Pampa man received definite promises, however, that every effort would be made to get this highway.—Pampa Advocate.

Notice of a \$9,672 allotment for the Clarendon school improvement project has been received at the district WPA office in Amarillo, according to advices received by the News from that office Wednesday. The project calls for the remodeling of the interior of an existing dormitory building at Clarendon into a classroom building, the report said.—Clarendon News.

Evidently some thieves are making a specialty of collecting caps off the gas tanks of Chevrolet cars. This editor has lost four within a year's time. Several other Chevrolet owners have reported the loss of gas tank caps. All we have to say is, try and swipe the one we have on now. Its gotten so one cannot have anything loose on his automobile, as it won't be there for long.—Miami Chief.

Sheriff Bob Barnett is custodian of a truck load of liquor valued at approximately \$1800 which was seized Monday night by investigators of the Texas Liquor Control commission. The liquor will be sold at public auction in ten days, and any holder of a permit under the liquor commission may bid on the lot. The liquor was shipped by truck out of Amarillo and was on its way to Clovis. Owners of the liquor claimed they had a permit from the state department, but developments seem to show that they overlooked the matter of placing

liquor stamps on the cases before starting the shipment across country.—Canyon News.

At a meeting of the committee Tuesday, a schedule for next season's football games was worked out. McLean will play Mobeetie on Sept. 25; Memphis, Oct. 9; Amarillo, Oct. 17; Wellington, Oct. 23; Wheeler, Oct. 30; Lefors, Nov. 6; Clarendon, Nov. 13, and Shamrock, Nov. 20.—McLean News.

Charlotte Roberts died March 6, at Hobbs, N. Mex. She was electrocuted in an unknown manner in her hotel room where she had lived for the past six years. Miss Roberts was 26 years old. She was born in Carl, Okla., where she resided for two years then moved to Mangum. She lived in Hemphill county from 1927 until 1929, with her parents, Mr. and Mrs. W. A. Roberts, who lived on the Tom Jones ranch.—Canadian Record.

The County Interscholastic meet originally scheduled to be held in Groom March 27, has been moved to Conway because of the withdrawal of Groom from competition. While the majority of the events will be held in Conway, the volleyball play will be in Panhandle the night of March 27 and baseball and tennis will be held at White Deer.—Panhandle Herald.

Some day, and the sooner the better, pupils of our public schools will be asked to bring to the class room clippings of all auto accidents about which they may read. The cause and method of prevention will be discussed with a view of saving lives if not cripples. A body in a casket is shocking, but a mangled body tangled up with a bloody auto is most horrifying. Most of the latter may be prevented.—Donley County Leader.

### Made Him Home Sick

"Shut that door. Where were you reared—in a barn?"

The man addressed complied gently, but the speaker looking at him a few moments later saw tears in his eyes. Going over to him he nobly apologized. "Don't take it to heart so much, just because I asked you if you were reared in a barn."

"That's just it," sobbed the other man, "I was raised in a barn and it makes me homesick every time I hear an ass bray."—Exchange.

Life is what one makes it. Some try a while, then quit. All others do is just sit.

**CLUB NOTES**

Happenings of Interest by and for Home Demonstration Club Women of the County.

"The only living being in the once colorful frontier town of Old Tascosa is Mrs. Mickey McCormick," Mrs. Queenie Vise told the ladies of the Briscoe Home Demonstration club in a meeting at Briscoe, March 17.

Others on the program were Mesdames Jno. McCarroll, Irene Sivage and Miss Tamsey Riley. All gave interesting stories of the history of Old Tascosa. Continuing about Mrs. McCormick: The old lady, almost deaf now, still lives in the little adobe built for her 50 years ago by her husband, Mickey McCormick, who lies buried in Boot Hill cemetery. Her one desire is to stay there until she dies and be buried by Mickey.

Billy the Kid was one of the very active inhabitants of the town. And though he was shot and killed at the age of 21, his six-shooter had on it 21 notches, each representing the death of a white man. Boot Hill has 29 graves, all men who died with their boots on.

O. C. Evans met with the club ladies to secure information in compiling data concerning a future government farm program.

Those present were Mesdames H. C. Calhoun, J. G. Newman, J. L. Smith, J. S. Standlee, Jno. McCarroll, Bob Greenhouse, Clarence Zybach, Irene Sivage, Bob Ramsey, Queenie Vise, Perry Riley and C. H. Candler.

Next meeting, April 7; demonstration, Windows. Visitors welcome.

Planting shrubbery was the demonstration given by Miss Viola Jones at a meeting of the Mobeetie Home Demonstration club at the home of Mrs. R. J. Tyson, Tuesday afternoon, Feb. 25.

"Tie your house to the yard by the use of shrubs," said Miss Jones in an illustrated lecture.

Miss Jones and club members, with the help of Mr. Tyson, planted four junipers, two bear grass and two sage brushes as foundation plantings for Mr. and Mrs. Tyson, yard demonstrators for Mobeetie club.

Old Tascosa will be the subject of the next lesson, to be held at the home of Mrs. C. C. Elder, March 10.

Those present were Mrs. C. C. Elder, Mrs. I. T. Goodnight, Mrs. R. J. Tyson, R. J. Tyson and Miss Viola Jones.

"Rake up, brush up, mend up and paint up," Miss Viola Jones, Wheeler county home demonstration agent, told the ladies of the Briscoe club in a meeting at Mrs. Clarence Zybach's home, March 3.

Miss Jones continued, "It is surprising how much improvement can be made in a home by thoroughly cleaning the premises and straightening the broken-down fences and gates.

"Line up the farm tools out at the back, near the barn, and have the 'junk pile' back behind the barn, out of sight from the front drive. Wash-pot and tubs are very necessary, but are unsightly, so let's have them placed out at the back of the house.

"For cleaning windows, use two tablespoonfuls of coal oil in one quart of water. Shine with newspapers. Having a clean, pleasant, livable home helps keep our young people satisfied to spend their evenings at home."

The club was glad to have four new members, Mrs. Lee Barry, Mrs. W. B. Reeves, Mrs. Elbert Zybach and Mrs. H. C. Calhoun. Mrs. Viola Mathews was a welcome visitor.

Members present were: Mesdames Queenie Vise, J. L. Smith, Jno. McCarroll, Bob Greenhouse, Weaver Barnett, Finis Vaughan, Lucille Tipps, Clarence Zybach, Bob Ramsey, J. G. Newman, W. H. Lee, Sam Standlee, Irene Sivage, C. H. Candler and Misses Tamsey Riley and Viola Jones.

Next meeting will be in the club house at Briscoe, March 17. Subject: "Old Tascosa." Visitors welcome.

**Center Girls' and Women's Clubs**

"Sometimes passersby judge your person and housekeeping by the way your yard looks. Sweep up, clean up and burn up," said Miss Viola Jones to a group of Center club women at a meeting in the home of Mrs. Hester Dodson on March 13. The speaker also explained that if openings are tightly screened, fewer diseases will be spread.

Those present were: Mesdames Henry Burrell, Lula Box, W. L. Teakell, Luther Ledbetter, Glyn Elmore, Alta Lee Merrick, Hester Dodson, and Misses Christeen Poole and Viola Jones.

Next meeting will be on March 27, with Mrs. Henry Burrell—ALTA LEE MERRICK, Club Reporter.

The Center 4-H club girls met with Miss Viola Jones on March 12. Mrs. J. H. Burrell, sponsor, was also present. After repeating the motto, pledge and prayer, roll call was answered with "How to Clean the Yard."

The demonstrators made reports. A demonstration on how to clean the yard was given.—BERNEICE BURRELL, Reporter.

Vera Mae and Ruby Jones visited Marjorie Pierce, Sunday.

Mr. and Mrs. W. B. Wyatt and family visited their son and brother at Loco, near Wellington, Sunday.

Kenneth Davis spent Saturday afternoon with Troy and Audy Corbin.

Mrs. J. G. Weeks and Mrs. J. L. Weeks spent Saturday and Sunday in the home of their parents, Mr. and Mrs. T. H. Honey.

Mr. and Mrs. Claude Tarbet of Shamrock visited the latter's parents, Mr. and Mrs. Geo. Meathenia, Saturday.

Mr. and Mrs. Roscoe Morgan visited in the A. L. Morgan home Sunday.

Mrs. Lula Dyles of Midway visited her parents, Mr. and Mrs. W. B. Wyatt, Sunday.

Miss Mabel Maness spent last week end in the home of her sister, Mrs. Perry Seago, of Lefors.

**Union News**

(Times Correspondent)

Mr. and Mrs. W. Grady Box will not teach at Union next year, as Mr. Box will be employed in another section of the state.

Remember that our next P.-T. A. meeting will be held on the night of Friday, March 27. The program is to be given by the people of the community.

J. B. Florine and Bobbie Corcoran visited their mother Sunday in Amarillo, where Mrs. Corcoran is a patient at the St. Anthony hospital.

Charles and Gilbert Haning visited their uncle, Phil Corcoran, in the Hay Hollow community Sunday.

Maxine and Sherline McCormack spent Sunday with Wilma and Wanda Cruce.

Marcine Gabriel spent Saturday night with her sister, Mrs. Warren Williams.

Wardie McCormack visited Roy Lee and M. T. Cruce, Sunday.

Mr. and Mrs. G. G. Blackwood and son, Robert, were Wellington visitors Saturday.

Mrs. L. R. Cruce accompanied John Corcoran and children and Mrs. B. F. Haning to Amarillo yesterday, where they visited Mrs. Corcoran at the St. Anthony hospital.

Jerald Wayne and Glen Scribner visited J. C. Salmons, Sunday afternoon.

Wardie McCormack, M. T., Roy Lee, James and their father, L. R. Cruce, visited in Pampa and Miami yesterday.

Johnny Murrell, Robert and Chester Blackwood visited Sherman Looney, Sunday afternoon.

The best way to be a real yard demonstrator is to get the whole family working, thinks Annie Fern Dorsey of the Kellerville 4-H club. With the help of the family she has set out six shade trees, vines at the clothes line posts and is well started on her foundation planting.

## BRISCOE P.-T. A. MET

**LAST WEDNESDAY EVE**  
 The P.-T. A. met in regular session Wednesday night, March 11, at the school, with the president, Mrs. Candler, presiding in the business meeting. After roll call, a report of the membership committee was given by Mr. Vice. At the meeting it was decided that a reporter and a parliamentarian were to be added to the list of officers to be elected next year. The flag was awarded to the fourth grade, Miss Scott's home room, for having the most parents in attendance.

After the business meeting, a program, sponsored by the parents, was presented under the leadership of Mrs. W. B. Reaves. The program was opened with a song, "Old Folks at Home." Dr. Joss, a physician of Wheeler, delivered an interesting and informative talk on tuberculosis, giving an account of the causes, spread, and prevention of this dread malady. Following his speech, an entertaining skit, "The Old Fashioned School House," was presented by the parents. Here we saw a drama of the old-fashioned school conducted in the old-fashioned way. It was quite amusing to see how the parents behaved when they attended the "Little Red Schoolhouse."

### Sports Roundup

Friday, the 13th, seemed to be the juniors' lucky day. Allison girls' and boys' groundball teams played Briscoe at noon, Friday. The Briscoe girls won with a score of 15-8 and the Briscoe boys won with a score of 16-6. Mr. Evans and Miss Scott think their teams are doing exceptionally good work.

Friday night, the junior girls' and boys' basketball teams went to Allison, winning one victory there. The Briscoe boys won by a score of 14-16, but the girls lost by a small margin, 13-15.

Saturday night, Allison junior girls and boys came to Briscoe to return the games. The young Broncos led the race and won both games, the

girls' score being 23-16, and the boys' 17-7.

Tennis tryouts were held Friday of last week and Monday of this week. Those winning were:

Senior singles for boys—Hesper Young; senior singles, for girls—Lo-rene Treadwell; senior doubles for girls—Lois Aderholt and Dorothy Lohberger; junior singles for boys—Kenneth Douthit; junior singles for girls—Marjorie Vaughn; junior doubles for boys—James Riley and Harold Austin; junior doubles for girls—Laverne Treadwell and Ruth Morris.

The senior girls selected their basketball sweaters Monday morning. They are to be gold sweaters with green.

### High School Notes

The Home Demonstration club women sponsored a pie supper last Friday night. Proceeds will be used to send a member from this club to Farmers Short Course at A. & M. college this summer. The profit was \$12.85.

The basketball girls sponsored a box supper Saturday night for the purpose of raising money for buying sweaters. With a few dollars added to the proceeds, which were \$31.50, the girls will be able to order their sweaters. Those expected to get sweaters are: Bob Aderholt, Lorene Treadwell, Daphne Young, Winifred Barnes, Dorothy Lohberger, Joy Bill Riley, Geneva McNeill, Georgia Cain, Vera Myrtle McNeill and Mabel Barnes.

The superintendent of Quail school, Carl Chaudoin, and the secretary of the school board were visitors in the Briscoe home economics department last Tuesday. Since Briscoe has one of the best small home economics departments, as stated by Miss Peek, these men were getting ideas from it to help plan theirs.

H. M. Wiley and A. B. Crump of Wheeler also visited the department Tuesday.

### Tacky Party Friday Night

A tacky party is being held in the gymnasium Friday night by the home economics girls, in order to raise money to send four girls to the home economics rally, to be held in San Angelo some time in April. Everyone is to dress tacky if possible.

### Movie Chatter

By a Rogue

#### Laurel-Hardy

And now comes Stan Laurel and Oliver Hardy in their newest and best feature picture, "The Bohemian Girl." Here we have the boys in 90 minutes of maddest, merriest and most uproarious bit of nonsense since the advent of talking pictures. There is not a serious moment in the entire picture. It is built for the sole purpose of furnishing you with laughter supreme. So if you have ever seen Stan and Ollie in a feature picture you will know that you cannot afford to miss "The Bohemian Girl" when it comes to the Rogue, Friday and Saturday.

Also, a two-reel technicolor comedy, "Pirate Party on Catalina Isle," will be shown.

#### Three Live Ghosts

For Monday and Tuesday movie fans will be treated to a picture somewhat different to the usual run of things. The title of the picture is "Three Live Ghosts," but contrary to the general conception, it is not a spook picture. It deals with the story of three war buddies who, after the war is over and having been shell-shocked, come home to a world different from that which they once knew. One of the buddies is a kleptomaniac who is always getting into trouble because of this terrible affliction. The three of them stick together through thick and thin, and their presence in the home town causes their former friends, who believe them to be dead, to look upon the buddies as Three Live Ghosts. It will hold your interest from start to finish.

Also, Our Gang will be on the screen for your approval.

## Students Declaim for First 3 Places

Senior, Junior Division Girls, Boys Take Part in Preliminary Eliminations

At the auditorium-gymnasium Friday afternoon at 2:30 o'clock, preliminary eliminations in declamation were held.

There were only four high school senior girls who entered. They were Ruth Faye Garrison, Delilah Montgomery, Aline Buchanan and Helen Sanders. The first three were winners. Billy Noah was the only boy who took part in the senior boys' division.

### Three Junior Girls Enter

Ruth Faust, Johnnie Faye Templeton and Irene Hunt were the entrants in the junior girls' division. Johnnie Faye Templeton and Irene Hunt were winners. Alton Nations and Howard Nations were the only boys taking part in the junior boys' declamation.

The grammar grade students seemed more interested in declamation. The girls participating were Melba Wiley, Frances Compary, Anita Hale, Ione Durham, Edwina Flanagan and Joyce Faust.

### Five Junior Boys Compete

The boys entering were F. B. Craig, Billy Wiley, Dearl Hiltbrunner, Harry Garrison and Calvin Montgomery. Joyce Faust, Anita Hale and Melba Wiley were winners. Harry Garrison, Billy Wiley and F. B. Craig were also winners.

The judges were: Mrs. Gordon Whitener, Miss Winona Adams, Miss Ruth Ewing, Principal C. B. Witt, Miss Bernie Addison, Mrs. Lloyd Davidson, Mrs. Allen I. Smith and Roscoe Morgan.

## Boy Scouts, Guests Enjoy Chili Supper

Assembling at the gymnasium, the Boy Scouts, Scoutmasters and a few guests enjoyed a chili supper Monday night. At the beginning of the meeting Harrison Hall illustrated rope tying, then Raymond Badley explained the semaphore code. Nineteen enrollment cards were issued by C. J. Meek, Scoutmaster. After this Rev. J. Edmund Kirby showed a comic picture of Africa. Coach Bob Clark spoke on "Scouting."

Members present were: Lewis Havenhill, Clowes Jones, Gerald Robison, Albert Gunter, Troy Lee Carver, R. J. Carver, Amos Page, J. D. Badley, Raymond Badley, H. E. Young, Theodore Cooper, Carroll Adams, R. J. Puckett, Alton Nations, Howard Nations, and Coach Bob Clark, Mr. Meek and Rev. Kirby, scoutmasters.

W. W. Adams, Jess Carver, O. Nations, Roy Puckett, Bill Cooper and Hobby Kirby were guests.

## Entrants List for Meet Is Forwarded

Lists of the entrants who will represent Wheeler in the Interscholastic League meet have been forwarded to headquarters.

Several of the preliminary eliminations were held in the various divisions week before last. The finals in all events were held this last week. These will be published next Thursday.

Spelling tryouts were held Wednesday afternoon. Tennis eliminations were taken care of the first part of the week in both boys and girls, junior and senior divisions.

Practice was completed on track and volleyball and the delegates chosen to represent the school.

Work on the events in the grades has been finished in preparation for the meet which will be held in Wheeler on March 27 and 28.

## SENIOR CLASS PLAY TO BE GIVEN APRIL 9

"Sh! Not So Loud" or "Too Many Crooks" is to be presented by the senior class April 9, in the auditorium-gymnasium. The play is a three-act comedy with thrills and humor throughout.

The characters are: The Rt. Rev. Manfred Chadsey, D. D., L. L. D., or the Bishop, Junior Jamison; Ned Sheldon, his nephew, Lewis Cain; Radford, man-of-all-work, Jack Tate; Locke, the constable, Ocie Pace; Miss Tate, a neighbor, Rutha Mae Conner; Kitty Penrose, her niece, Nerine Young; Mrs. Chadsey, the bishop's wife, Estelle Scott, and Jenny, the maid, Dorothy Burgess.

## LAST QUILL AND SCROLL CONTEST TO BE ENTERED

The last group international Quill and Scroll contest for the year has been sent to journalism students who wish to participate. This is the third contest this year, and it consists of editorials, feature stories and vocabulary tests.

Beatrice Miller, editor of The Corral, and Martha Alice Wiley, assistant editor, both placed in the first contest, and Beatrice placed in the second.

The dead-line for this contest is March 31.

## LEWIS HONORED WITH DINNER

Honoring the birthday of her sister, Geraldine, Jonnie Lewis entertained with a formal dinner Friday evening at the home of Mrs. Jim Hyatt.

A series of four courses was served to Lavell Jaco, Irene Hunt, Nerine Young, Juanelle Perryman, Beatrice Miller, the honoree, Geraldine, and the hostess, Jonnie Lewis.

## Shure, An We Have 2 Blessed Irish Folk Enrolled in W. H. S.

Shure an' 'twould be a fine school that Wheeler 'ld be havin' if there were no Irish in it.

There are two high school students who are full-blooded Irish people. They are Elsie and Ford Newkirk. If they could find a four-leaf clover, it might bring luck to them.

Even if some of the others have only the "nime" they are blessed. A few of the dear names from Merry Erin are: Newkirk, Nations and Flanagan.

Students who have both name and blood are doubly commended.

## \$26.50 Cleared at P.-T. A. Tournament

At the P.-T. A. 42 and bridge tournament in the gymnasium Tuesday night, the receipts at the door were \$21.50. During the program an evening lamp, which was presented to them by the Panhandle Power & Light company, was auctioned to Mr. and Mrs. G. O. McCrohan for \$6. The electricity for the occasion amounted to \$1.

Mrs. W. I. Joss and John Lewis won high scores and the prizes awarded were angel food cakes to each of them.

The program consisted of two numbers sung by Miss Rose Bowden, "Love Sends a Little Gift of Roses" and "Lights Out," accompanied at the piano by Miss Frances Alice Clark.

Bob Clark gave a chalk talk drawing of Hawaii, China and Ireland. While he was drawing Mrs. G. O. McCrohan played the piano. He also presented several magic tricks. Roscoe Morgan, Roy Puckett, Ernest Lee and Melvin Howe sang "Old Folks at Home."

The different members were asked to be hosts at one table and furnish the refreshments.

## REQUIREMENTS FOR ESSAYS ARE MET BY TWO JUNIORS

In order to be eligible to enter the essay division of the Interscholastic League literary events, each student coming out had to write three essays.

Beatrice Miller and Martha Alice Wiley, juniors, were the only two meeting these requirements.

Miss Frances Alice Clark, Mrs. Allen I. Smith and Robert Mayne were asked to read the six essays, which were numbered, and typed exactly as the girls wrote them.

The winner will be announced in the next issue of The Corral.

## Passons Calf Wins First at Ft. Worth

"Jimmy," Aberdeen Angus, Awarded Champ of Division; Takes \$40 Prize

A distinct honor has come to James Passons, journalism student and a member of the junior class. "Jimmy," his Aberdeen Angus calf, won first in its division where it was exhibited at the Fort Worth Fat Stock show this week. For this place he received a \$40 award.

### Calf Weighs 950 Pounds

James is only a junior in the 4-H club work, but he has won several ribbons and medals on his work. The winning calf is about 12 months old and weighs around 950 pounds or more.

Feb. 22 the same calf won reserve grand champion at the Shamrock Fat Stock show.

### Prizes Won in the Past

In 1931 James won first place on raising the best kafir corn in the world. In '32 and '33 he took second on the same grain at the Dallas fair. He plans to enter kafir corn and a calf at the Texas Centennial exhibition this year.

James played guard on the football squad last season. He will be a senior in his club work next year.

## WITH FAR-AWAY LOOK, BOYS DESCRIBE THEIR POSSIBLE DREAM GIRL

This week is for all girls (as most every week is), but the governor of our state said it was our week (I'm a girl).

"Now just what is your dream girl?" was the question put to several boys. The answers were thus: "Well, let me see. She's got to be 'bout 5 feet, 5 inches an' have blue eyes, red hair and weigh 'bout 130."

"Me? I like 'em plump; look like they're not starvin' to death."

Another he-man gazes out the window with a far-away look in his eyes and begins like this: "Gosh, she's pretty; got the prettiest brown hair and eyes. Just a little ol' bitty thing, just so sweet an' shy . . ." Wheeee, let's stop him!

That gives you an idea of what "they" think a girl should look like. So let's make a Dream Girl:

Let her have brown hair, brown eyes, white even teeth, sweet mouth, heart shape face, about 5 feet, 5 inches tall and weigh 'bout 115 (so she won't look 'hungry'). Let her dress neatly and appropriately for the weather and be kind and sweet to everybody.

## WHY GRUMBLE?

Of course the weather's bad. The teachers are strict and life is just one big pain. But what's the use to complain or why grumble?

Make another person cheerful with a kind word or sweet smile. It is hard, but conditions could be worse. Reconsider before saying that isn't possible.

Think of the South Sea Islands. How monotonous it must be there with only an occasional wind to relieve the tedious days. The Panhandle has variety, even in one day. In the morning a calm greets the early riser, later a brisk breeze springs up, quite restful with promises of sand by "siesta" time.

Then comes the faithful sand. The routine of the day may vary from this because there are exceptions to all rules.

Anyway, some person said variety is the spice of life. As for the teachers, don't give them a thought. You have the rest of your life to get out of school.

Why not consider life a bowl of cherries and go on?

## GIRLS, THIS IS YOUR WEEK

Governor Allred has proclaimed the week from March 16-21 as Girl's Week in Texas. The object of such a movement would be to encourage a higher type of womanhood.

An ideal girl is one who neither smokes nor drinks. She is popular, friendly, honest and truthful. She is self-respecting and is also respectful to others. She has good moral ideals. She can either agree or disagree without giving more offense either one way or the other.

The movement of Girl's Week in Texas was started in the Tyler Girl's forum of Tyler. Governor Allred was wise in seeing the value of the organization.

If every girl will do her part, we can make every week girl's week in Texas.

A friend is a present you give to yourself.

One gets it not by coin or by pelf.

Be like a bird; always be gay.

Do not go frowning throughout the long day.

## IN REVIEW

## PILGRIM'S PROGRESS

John Bunyan

The Pilgrim's Progress, an allegory or figurative writing by John Bunyan, is very interesting as well as educational. An allegory is written in such a way that some outward object or event is described in such a way that it may be applied to humanity, either mental or spiritual and its main object is to teach a moral lesson.

This book has probably had more readers than any other book that England has ever produced. Bunyan is so well liked because of the sympathy he arouses in the reader. He is also appreciated because of his good sense and humor.

All of this book is a figure of speech, comparing Help, Mercy, Loyalty, Christian, Wise Man and such things with the human being.

Some of Bunyan's other works are: "Grace Abounding," "The Holy War," and "The Life and Death of Mr. Badman."

## Psalm of a Senior

Tell me not in mournful figures,  
 That my grade is just a D;  
 And the teacher's wrong that says it  
 For at least it is a B.

School is long! School is earnest!  
 A diploma is the goal;  
 "Dumb thou was't and dumb re-  
 turnest"  
 Is so bitter, on the whole.

Not enjoyment and not pleasure  
 Fill our long and weary days;  
 But each day with still more leisure  
 Finds us dumber than today.

Day is long and time is fleeting,  
 And our hearts, though stuck on the  
 boys,  
 Still, like muffled drums are beating  
 Like a baby's shiny toys.

In the noisy study hall,  
 In the classroom of Mayne,  
 Be not like a sly jackal.  
 Let your learnings be in vain!

Trust no teacher, howe'er handsome.  
 Let the paperwads fill the air!  
 Hide—hide! Miss Adams 'll call for  
 ransom.  
 Heart within, and you won't dare!

Lives of teachers all remind us  
 We can make ourselves low-down,  
 And, departing, leave behind us,  
 Footprints on the old school ground.

Footprints that perhaps another,  
 Walking o'er that mossy ground  
 Shall look down and see a brother  
 Pick up his heels and walk around.

Let us, then, be up and playing  
 With a heart without a care,  
 Quit our studies, quit our praying,  
 Then someday all will be fair.

—DOROTHY BURGESS.

## FROM OTHER BRANDING IRONS

Here's a plea for the sand to take its grains some where else next Saturday 'cause the home ec. girls want to attend the district meet at Canyon. It froze them out last time.

San Antonio High School Interscholastic meet will take place Thursday, March 26, at 1:30 in the afternoon in the Tech high school.

The junior livestock judging team of Lubbock Tech left Thursday for Fort Worth to participate in the second largest judging contest in America.

Six judges selected "Goliad" as the official Texas Centennial march in Lubbock high school auditorium Tuesday night.

Graduates who have become famous in the professional entertainment field will play starring roles in the elaborate Homecoming Show and Revue Friday night, March 20.—Western Graphic, Denver.

More than 250 Hi-Y delegates are expected in Amarillo, April 3, 4 and 5 for the Northwest Texas Older Boys' conference, according to the Sandstorm of Amarillo.

## SAGE BLOOMS

Taken from the book report on "Tale of Two Cities."  
 Dear Cousin:

Knowing that you were a senior, I thought that you would be glad to get the name of a good book to read.

"The Tale of Two Cities" is the best book I ever read. The description of the characters was so good that one could almost see them. The plot was excellent. It was hard to read, as all of Dicken's works are, but I enjoyed it.

The show came to town but I did not get to see it. Every one thought it was grand but it couldn't have been any better than the book. A man gave his life to make the girl he loved and her husband happy.

CECIL SHERWOOD,  
 English IV.

Caught in  
The Lasso's Noose

Blue snakes, brown snakes  
 Yellow snakes and pink.  
 Yesterday in English class  
 I didn't sleep a wink.  
 (Believe it or not.)

In the library Junior picked up the large dictionary and pretended that he was going to throw it at Ford.

Ford: "If you throw that at me I'll swallow more knowledge than I know what to do with."

A boy in high school recently wrote this to his girl friend:

You are merry—  
 And also contrary.  
 You may be faithful—  
 But you are almost hateful.  
 (He was not in English IV either.)

The advanced arithmetic students had to figure out how much paper it would take to paper a certain room. It took enough paper to paper the room as for Gladys to work the problem, she said.

From the way some of the home ec. girls are progressing in making their dresses, some of them will have them ripped and ready to start over again.

Aline Buchanan and Bonnie Adams were seen together Sunday afternoon and so were Cecil Sherwood and his friend at the same time. Figure out for yourself if these two couples were together.

Supt. Gilmore says that he always was afraid of a dog at the other fellow's place, even if he were as harmless as a bear or lion.

In the music class the students were talking about radio programs that they heard over the radio.

Cecil, with a puzzled look, said, "Yesterday I heard one of those things, those wrinkle boxes, you know." Of course the boy meant the accordion.

Coach Clark told the high school students last Monday that if anyone had a grudge against anyone else to come out for boxing and name the opponent.

Wallace is wearing a bright blue polo shirt. Nice for the spring weather, I'd say.

Wish the girls could go to Fort Worth. The boys are going, at least five or six of them are. They are going to see some kind of a track meet or something. Why, the girls would like to go to see the country, anyway.

## SPARKS FROM THE CAMPFIRE

Beauty isn't a matter of lifting the face—it's a matter of lifting the thoughts.

As fire when thrown into water is cooled down and put out, so also a false accusation when brought against a man of the purest character, boils over and is at once dissipated and vanishes.

Look in a man's eyes for honesty; around his mouth for weakness; at his chin for strength; at his hands for temperament; at his nails for cleanliness.

Children imitate; so do ignorant people.

He is fit to command who learns to obey.

## 12 PUPILS ENTER LITERARY CONTEST

Seniors, Juniors, Submit Material for Poetry, Humor, Essay, Journalism Awards

Twelve W. H. S. students sent entries to the literary contest sponsored by the Scholastic, a weekly magazine for American high school students. Of the 12 divisions, the five entered were poetry, humor, essay, journalism and the Corona portable typewriter awards.

Senior contestants sending in material were Helen Sanders, Dorothy Burgess, Nerine Young, Julia Lou Tinney, Beulah Compary, Marvin Montgomery, Rutha Mae Conner and Estelle Scott. The juniors competing were Dawn Weatherly, Martha Alice Wiley, Orveta Puett and Beatrice Miller.

### Typewriter First Prize

Awards for the journalism division are: Royal typewriter, first; \$10 second, and 48 state certificates of honorable mention in each group. A Corona typewriter is to be given the winner of the essay. In each of the other contests three prizes of \$40, \$25 and \$15, respectively, and 10 prizes of \$5 each are to be awarded.

Material submitted was as follows:

Helen Sanders, a parody on "Trees" entitled "The Grade D;" Rutha Mae Conner, The Lasso's Noose; Estelle Scott, interview with Cecil Harmon Sheldon; Orveta Puett, interview with S. H. Condron, and Dawn Weatherly, From Other Branding Irons and feature on Thanksgiving.

### Several Parodies Sent

Dorothy Burgess, a poem, "The Winding Brook;" Julia Tinney, a parody on "Trees," "Teachers," and a poem, "The Mesa;" Beulah Compary, parody on "The Village Blacksmith" entitled "The Village Sheik," and two poems, "Twilight" and "View from the Mountain Top."

Marvin Montgomery, editorial "The Last Lap," feature on Winter, and an interview with Mrs. Gypsy Ted Sullivan Wylie.

Nerine Young, a poem, "Hope," and a limerick; Martha Alice Wiley, an essay, "Tennis as an Art," a parody on "The Psalm of Life" entitled "The Under Dog," an interview with E. G. Fine, an editorial "Let Us Give Thanks," and a feature on Friday 13.

## Rev. Taft Holloway Conducts Himself Commendably In Cross-Examination

With an air of resignation and walking as a prisoner to the bar, the Rev. Taft Holloway, pastor of the Baptist church, seated himself at the front of the class to be bombarded with questions by ambitious journalists.

In true lawyer style, the students cross-examined Rev. Holloway, who managed to remain composed throughout the onslaught of questions.

When asked what would be a good motto for anyone to follow, he promptly answered, "Be what you are." His hobby, which is knowing people, brings out his personality.

He is a great lover of athletics, but his favorite sport is football. While he was in high school he participated in football, basketball and track events. He engages in tennis now occasionally, with a basketball game mixed in. S. M. U. is his favorite gridiron team; he was unable to account for their California defeat in the Rose Bowl.

Rev. Holloway is very fond of music but likes the sacred type best. When asked about his favorite radio program, he answered, "Your Gospel Singer." Then he smiled broadly and said he enjoys, also, Jack Benny and the Jello program.

He thinks that Wheeler is a nice town and that the people are accommodating. He is a lover of young people and enjoys being with them. He smiled broadly again and said that his biggest thrill was when he first saw the Rocky Mountains. He says that the airplane is not as safe

as a car or other means of transportation, but if he had his choice, he believes that he would take the airplane.

Rev. Holloway has traveled in 13 states but likes Texas best. "Texas has everything all of the other states put together have," he boasted. The Centennial he described as "a big something or other." He plans to attend some of the outstanding celebrations during the year.

His favorite subject is public speaking, and best loved book, "Ben Hur." He reads modern fiction if it has a history behind it. The largest fish he ever caught was about six inches long.

He attended Wayland college at Plainview and in 1930 started preaching. While in college he was a member of the Euglo, a literary and debating society.

"I was like most any other boys. I did not dream of becoming a preacher when I was small and would probably have been insulted if anyone had suggested such a thing," he concluded in answer to the question as to whether he planned in boyhood to enter the ministry.

In discussing his views on world news, he showed that he was well "up" in current happenings. Not wishing to go very deeply into politics, Rev. Holloway stated that he believed that Gov. Alf Landon would be the Republican candidate for president. For fear of implicating himself, he would not say which party he thought would be in office after the next election.

## Seniors Ask Message Be Given Deceased Old English Writer

If you die and arrive in either of the places where dead people go, please take this message for the English IV class. Especially to those who are headed for the land where Satan rules, look for a man by the name of Geoffrey Chaucer. Tell him that he is to blame for making poor students who are trying to graduate lose their native tongue, simply because he failed to hold his own tongue.

If he wants to learn just how popular he is, he should get in touch with an English IV pupil and the rest will eventually take care of itself.

Students go to school for 10 years trying to learn to speak the English language correctly; then along comes English IV with all of Chaucer's works and it carries them back 500 years to the old languages that were spoken in those days.

You not only have to learn to read the words spoken then, but you have to memorize a poem written by Chaucer, which is like pulling tape from the back of your neck. Some of the students say that this is like digging a hole for 10 years and then on the eleventh year the hole is filled up.

Chaucer's father was a wine merchant and Chaucer must have been visiting his father's barrels when he wrote the "Canterbury Tales."

Some one said of the old bird, "He writeth no vain words but his matter is full of high and quick sentences." It is true that his works are in the form of matter and many people had rather that the matter would be in the form of ashes than in that form of poetry.

## Trials, Tribulations Daily Face Janitor, School 'Handy-Man'

He's the "handy-man" around the building. Yes, the most important of all is the janitor. Many are his trials and tribulations, but the hardest of all is the fact that he has to crawl from his warm covers on dark zero cold mornings and light fires or turn on the steam for the building to warm up.

Immediately after school the rooms have to be swept; and oh, what a task that must be! The building must be kept up in so many ways.

Someone is forever asking for his keys—just for this or that. Little paint jobs are his tasks and broken window panes are another pain to him.

When desks begin to squeak, when a teacher begins to speak, it's a call for the janitor.

Now, these are only a few of the trials of a janitor. Would you trade shoes?

He is called upon for such queer things, but you find him willing and efficient at all times. At one job he turns carpenter and on another he is electrician; still another may be sign-painting. Yes, it's fire builder, gardener, electrician, sweeper, mason and "lend-a-hand" man for everything.

So don't be discouraged with your tasks, though they may be many, but just remember that you're not daily serving 500 students.

Lewis Cain, Wallace Pendleton, Herbert Whitener, Alvis Jolly and Babe Robison went to Canyon Friday and returned Saturday.

## Alley, Liner Balls Feature of Tryouts

With "40-up" many times, liners, in the alleys, the balls being long and short, the tennis tryouts and eliminations were started Thursday afternoon.

Dorothy Tolliver and Parilee Clay started it off with a bang. Parilee was the winner in the end. Bonnie Adams and Beatrice Miller next took the court. Bonnie Adams was winner. Parilee and Bonnie played but Parilee outplayed Bonnie by a small margin.

Lavell Jaco was winner over Rutha Mae Conner and Ferrol Ficke. Martha Alice Wiley and Nerine Young then took to the court and exchanged balls several times before Martha Alice won. Martha Alice then met Lavell but being the stronger swinger of the racquet defeated her. Martha Alice Wiley and Parilee Clay took to the court. Parilee appeared to be the swiftest and therefore came out as winner.

### TEACHERS, TOWN TEAM PLAY BANG-UP GAMES

Three basketball games were played in the Wheeler gymnasium last Thursday evening starting at 7:30. These were the county-wide teachers, both men and women, and Erick, Okla., town team playing the Wheeler Independents.

Ladies are always first, so the South and North side women began the evening's entertainment. After the half the South side drew their breath and decided to win and they did with a margin of 5 points. The score being 27 to 22 in favor of the South side.

Those playing were: South side—Richerson, Corn Valley; Cunningham, Mobeetie; Ewing, Wheeler; Adams, Wheeler; Smith, Wheeler, and Brown, Kelton. North side—Clemens, Lela; Tomas, Bagwell, Shamrock; Wicker-son, Bouluare, Bumpers, Lela, and Ream, Center View.

A fast game ensued as the men teachers flashed along the court. The North side won with a score of 11 to 7.

South side players were: Hale, Briscoe; Phillips, Magic; Cunningham, Mobeetie; Clark, Wheeler, and Brown, Kelton. North side were: Cavanaugh, Davis; Walker, Shamrock; Guady, Ream, Center View; Cavanaugh, Shamrock; Perkins, of Shamrock, and Gatewood, Lela.

The last game was played by the Wheeler and Erick town teams. Wheeler players exhibited a dazzling, defensive game and ended with a score of 20 to 16 in Wheeler's favor.

### STUDENTS' PICTURES ARRIVE

Pictures that were taken a few weeks ago arrived this week. If anyone does not like his picture he may return it. All pictures, or the money, must be turned in by Friday.

The price of the pictures is three for 30 cents or six for 50 cents.

### Girls' Basketball Sweaters Cost \$5

A change was made in the senior basketball girls' sweaters last Friday morning. Instead of costing \$3.67, the price will be \$5.00. These sweaters are expected to be here by March 24.

### A LIMERICK

There was a small dog with a bone.  
This cur was in want of a home.  
He grabbed at a pie  
And burned his right eye.  
He went to his heavenly home.

## Boxing Matches Here March 26

### County Baseball Event to Be Saturday

#### Wrestling, Punching Features of Bouts

If you like to see fights, just bring 15 or 25 cents, according to whether you are a student from Wheeler or an outsider. Anyway, March 26 an event will take place in the old gymnasium that involves much action.

There will be 15 or 20 bouts, including wrestling and boxing matches between the students of the school and several outsiders.

#### 6 Boys In Ring at Once

One battle royal will be fought when six boys will be in the ring with boxing gloves on at the same time. Each of these boys will try to knock the others out and the last one to remain standing in the ring will be the winner. There will be plenty of action when these six boys start punching.

In one of the battles to be fought that night, the mighty Bill Noah will knock the blocks from under J. R. Burke, maybe.

Chandos Robertson, the black bearded mystery, will meet Grady Havenhill. Dudley Callan, the ladies' man, will meet the gruff Carlisle Robison.

Lewis Cain and Herbert haven't found their partner, or enemy yet, but they are still looking for one. That little dried up Sherwood boy will contest Wire-muscled Parker. The fight between Ray Norman and Wallace Pendleton will be very interesting as well as furious.

Ocie Pace plans to take Junior Jamison around the ring amid furious punches. If they wrestle, Troy Shipman will tie knots in Bob Tillman's legs but if they box, Bob will make it hard for Troy. J. N. Tucker will either wrestle or box T. J. Cole.

#### Connor and "Tillie" to Fight

Then along toward the last there will be a fight between a little boy by the name of O. D. Connor and an ex-student, Clifford Tillman. O. D. weighs 175 pounds and Clifford weighs 180, so with two as well matched as these in a ring there is going to be something take place.

Next to the last but not the least and perhaps the most interesting will be a match between a boy who has never been conquered and one who has never been fought. W. J. Ford; the name of the boy from Wheeler. He has never lost a battle and some think that he will probably take the place of Joe Louis.

The big 200-pounder does not know what it is to get hit. He lays them among the sweet peas in the first round and they lie there until carried out. The opponent of W. J. is called the Sticks from Arkansas. This 6 foot, 8 inch giant has never fought, has never shaved or had a hair cut and has had but one pair of shoes.

There is something mysterious about this man and no one has or will see him, except Coach Clark, until that night. He is very bashful and has never been before a crowd. He is just as liable to get a

#### Spanish Teacher Reveals Customs

Mrs. J. L. Gilmore, Spanish instructor, is assisting in teaching the junior division of the Methodist church which meets on Saturday morning. Since they are studying about Mexico, Mrs. Gilmore is telling them about Spanish life and customs. She is teaching them a few Spanish words.

#### Basket Ball Sweaters Ordered for 4 Teams

Sweaters for junior and senior basketball girls and junior and senior boys have been ordered by Coach Bob Clark. The boys' sweaters will be partly paid for by the funds taken in at the boxing match that will be held here next Thursday night.

Coat sweaters will be gotten for the senior girls, and they will be black. The letter "W" in gold with a black fringe bordering it ornaments the front. Gold service stripes will be placed on the sleeve, denoting the number of years the person has played basketball. A price of \$5 will be paid for them.

Those of the senior girls who will receive sweaters are as follows: Bonnie Adams, Laney Mae Tillman, Julia Lou Tinney, Rutha Mae Conner, Eugenia Mae Durham, Nerine Young, Wilma Tinney, Mary Belle Johnston, Beatrice Miller, Gladys Warren, Dorothy Tolliver, Dorothy Burgess, Ruth Faye Garrison, manager, and Roscoe Morgan, coach.

Irene Hunt, Martha Jane Shipman and Aline Buchanan are the three junior girls to receive sweaters. Coat-sweaters were ordered for these girls. They will be gold with "Wheeler Juniors" written in script across the front. The price is \$3.75.

The sweaters for the boys will be black slip-overs with a basketball bearing the inscription, "County Champions." A large "W" along with the position played in '36 will also be on the basketball; the ball will be on the front of the sweaters. Like the girls', the sweaters will have service stripes on the sleeves.

Those to receive sweaters are: O. D. Connor, Alton Weeks, Amos Page, W. J. Ford, Bob Tillman, Alvis Jolly, Ocie Pace, Lewis Cain, Ray Norman, H. E. Young and Junior Jamison.

toe hold on W. J. as he is to run. So if anyone wants to see this man, honor him by being present at the gymnasium on next Thursday night and you will see that W. J. is the fightingest fighter that ever fought a fight.

Coach Clark stated that perhaps he would take the winner on that night of the events.

The money made from the fights will go to pay the expenses of the track team to Fort Worth and to help pay for the sweaters.

Your quarter will be well spent if you will come to see the test of human strength which lasts from two to three hours, including 15 or 20 bouts.

#### Wheeler to Enter Girls, Boys Teams

Playground ball teams from Wheeler county schools will gather here Saturday of this week to compete against each other in this event of the Interscholastic meet.

Wheeler is entering both girls and boys baseball teams from grammar grades. The main string on the girls are: Coleman, pitcher; Riley, third base; Burney, first base; Weeks, left short; Sims second base; C. Tinney, left field; M. Lewis, right short; Genthe, catcher; T. Riley, right field, and Conner, center field. The subs are: Lawrence, H. D. Tinney, Brigman and Webb.

The boys team is: Keesee, pitcher; Hampton, catcher; Markham, first base; Wright, second base; Adams, third base; Crowder, right field; Weeks, center field; Hooker, left field; Young, right short, and Cooper, left short. The subs are: Jones, Ford, Barnes and Connor.

The high school playground ball team for junior boys is: Jones, Nations, Crowder, A. Nations, Puckett, Warren, Gilmore, Parker, Edwin, Forrest, Walker, Page, Guynes and Risner.

The high school junior girls team is: Norma Lou Maxwell, Vera McNeil, Alvern Hampton, Helen Flynt, Arlie Cole, Lois Ficke, Martha Jane Shipman, Geraldine Lewis, Helena Jones, Caroline McBee, Irene Hunt, Mary Etta Patterson and Marceille Todd.

#### TRACK TEAM LEAVES FOR FT. WORTH MEET

Coach Bob Clark, his track team, and manager left Thursday for Fort Worth, where the boys will enter the track meet held there this week end. Mr. Clark plans to run low hurdles in a contest between coaches.

Only seven will make the trip. They are: Babe Robison, manager; Lewis Cain, who will run the 880; W. J. Ford, who throws the discus, shotput and the javelin; Herbert Whitener, Alvis Jolly and Wallace Pendleton with Cain will make up the team for the 440. Another boy will be picked from these: Virgil Greenhouse, Dudley Callan and O. D. Connor to substitute for the mile relay.

According to the coach they will stay in the Blackstone hotel and will begin the track work Friday at 9 o'clock.

#### JOURNALISM CLASS ASKS TO SELL FOOD AT MEET

The journalism class sent a petition to the Lions club asking that they might sell food at the Wheeler county track meet to be held here March 27-28.

If permission is granted, the proceeds will go toward paying the expenses of delegates to the Interscholastic League contest to be held at Austin in April.

## SPORTSLANTS

By a Cowgirl

The track teams are trying to reach the top. Last week end four of the boys entered events in Canyon. This Thursday a group plan to go to Fort Worth to take part in a track meet there.

It is rather an in-between season for athletics. Interest is keyed to a high pitch over boxing and wrestling matches at the present.

O. D. Connor has charge of the boys who plan to participate in the athletic night, which will be held on Thursday night, March 26.

It may be a frame-up, or merely friendly competition, but Wallace and "Dippy" are determined to box each other.

A few of the football dates announced by other schools have Wheeler playing Sept. 18, Wellington at Wheeler; Oct. 2, Wheeler at Clarendon, and the Mustangs meeting McLean on Oct. 30. It is going to be a big year when the local schedule is completed.

With numerous games to be played by the Colts and Ponies, Wheeler will really go to town.

Of course you've seen the new grid sweaters. Said columnist heard that the boys received them out of school hours just so they wouldn't have to speak in assembly.

The baseball run-offs are to be staged this week. If you especially like the game, come up and watch Wheeler's big league sluggers.

Cheerful predictions for the track events unanimously foresee sand. That may be the case. If so, work-outs in the invigorating atmosphere won't be amiss.

#### 12 MUSTANGS OF '35 ARE GIVEN SWEATERS

Twelve of the football squad of 1935 received their sweaters Wednesday of last week. As Lowery Deering, captain, withdrew from school and did not get one, Ford Newkirk received the star denoting him as captain.

The sweaters are black with a v-shaped neck and a large "W" is in gold with a black background on the front of the sweaters.

To receive a sweater, the boys had to play 16 quarters.

Those who received sweaters were, in addition to Ford Newkirk: W. J. Ford, Cecil Sherwood, O. D. Connor, Herbert Whitener, Wallace Pendleton, Alton Weeks, Olen Maxwell, J. N. Tucker, Ray Norman, Lewis Cain and Bob Tillman.

#### TRACK TEAM MAKES TRIAL RUN ON CANYON CINDERS

The track team went to Canyon last Friday afternoon for trial runs on the cinder track there. Coach Bob Clark took Lewis Cain, Alvis Jolly, Herbert Whitener, Wallace Pendleton and their manager, Babe Robison.

Lewis Cain will run the 880 in the county track meet. His time Saturday was 2 minutes and 21 seconds.

Herbert Whitener will be the first runner on the relay team; Wallace Pendleton, second; Alvis Jolly, third, and Lewis Cain, fourth.

The team is practicing for the trip to the stock show in Fort Worth next week end.

### WHY BOTHER WITH RELIGION?

C. C. MERRITT, Pastor, Church of Christ

THERE has been no revolution in which the spirit of revolt has been manifested against one thing more than against religion—religion of all kinds, and more especially Christianity. That movement started even before the World War set in. It has had periods of slow movement and periods of rapid movement. Some times it moved like the gentle brooks on a hot summer day and again it came on with mighty rushes as of a prairie fire driven by a stiff wind. Individuals, institutions and nations were involved.

But now we have reached a place where we may view the ground covered. We are in a position now for some sane reflection upon the victories and glories of the atheistic.

Is the world better off—spiritually? morally? financially? socially? nationally? internationally?

Now that many of the enthusiastic leaders and workers in the movement against religion have become disillusioned they are more ready to admit that their enthusiasm ran away with them. They are seeing that instead of their laying the sad plight of the nations upon the failures of Christianity, they may lay it upon the failure of people to apply Christianity. Many are seeing that even as it was, it was far better than it is now. If the patient has not taken the medicine, why shoot the doctor, if the patient dies?

The other day as I looked out of the car window I saw five whirlwinds all headed in the same direction. Just so, there are whirlwinds today throughout the world—in finance, society, and politics—nationally and internationally. And they are all headed in the same direction. National and international sessions of cabinet, council, congress and committee find no satisfactory solution for the world's ills.

And now many are saying, "Let us turn back to religion. To continue as we are now acting is suicidal."

Here is our president's call to the revival of religion in an address on a nation wide hook-up.

"As I see it . . . no greater thing can come to our land today than a revival of the spirit of religion—a

revival that will sweep through the homes of the nation, and stir the hearts of men and women of all faiths to a re-assertion of their belief in God and their dedication to His will for themselves and for the world. I doubt if there is any problem—social, political, or economic—that would not melt away before the fire of such a spiritual awakening.

#### Wheeler's Need

And that is just what Wheeler needs—a revival of religion. A revival of faith in God and our blessed Saviour. A revival of dedicated lives to the cause of Christ and blessings to humanity. Revival is spreading and in many places there are great awakenings to the greatest need of the human race. Thus will bring a calm over the troubled seas, and quiet to restless nerves, and re-establish confidence and faith in each other. And all that is peace—a peace that the Prince of Peace wants to bring to your heart, to your home, to your community and to your nation and to the world. And that is why you should give the greatest co-operation in the revival that will soon be in progress here.

Friend, you need your heart stirred by the message of God's grace and peace; you need to be cured of the spirit of the cynic (for cynic he will sooner or later be who continues his deliberate neglect of the Christian religion); you need just what gospel preachers by the grace of God have to give you.

Are you praying, Christian friends, for a God-sent revival? If not, there is obviously little you can do to help it along. If so, does that prayer close with these words, "And let it begin with me?" There is no Christian, however good he may be, who is above that. If this revival does not begin with the best, the very best, of Christians, then it must in spite of them begin with those who do not so esteem their own estate.

O Christians, let us put our heads, hearts and shoulders together in this great work. And if they are thus united with God's head, heart and shoulders, we must accomplish great things.

**START FAST**

If your temper rises when the temperature falls . . . because your cologne won't "catch" while your battery grinds its heart out . . . get a tankful of the new Phillips 66 Poly Gas. It is the famous fuel for faster winter starting! The good old high-test headliner, with extra heat units added by the scientific POLYMERIZATION process. And best of all—it costs no more than ordinary low-test gasoline.

## Helpy-Selfy Laundry

To meet the increasing demand for such laundry service, we have made some improvements in our plant and it is now ready to meet every call. Helpy-Selfy laundry systems are proving popular elsewhere and indications point in that direction here. Those who wish to do their own work—with ample equipment, are invited to call and inspect this plant and learn the extremely small cost and pleasant convenience of this system of laundry work.
