## Corn-Hog Balloting Dated for Saturday

### Referendum Will Decide Whether Corn-Hog Adjustment Shall Continue in Effect

Saturday, Oct. 26, is the date selected for the corn-hog referendum, at which time eligible voters will determine whether the present corn-hog adjustment program shall continue. All eligible persons are urged to express their opinion at the ballot box in their respective community on that date.

Polling places in Wheeler county, together with the committeemen in charge, are as follows, according to the county agent's office:

Mobeetie—Herbert Finsterwald.  
Allison—E. A. Zybach.  
Wheeler—Agent's Office.  
Twitty—J. K. Hefley.  
Lela—Paul Stauffer.  
Heald—E. J. Bailey.

Polls will be open from 9 a. m. to 6 p. m.

Who is eligible to vote and certain instructions regarding the manner of voting will be found in the following paragraphs.

All operators and owners (or their official representatives) of farms which produced corn or hogs in 1935 may vote whether they signed 1934 or 1935 corn-hog contracts or not. The community committeemen shall determine the eligibility of the voters and direct the referendum in the community, under the general supervision of the county allotment committee. Each eligible person is entitled to only one vote regardless of the number of farms he may own or operate, no matter where located. The ballots of contract signers and noncontract signers, however, will be tabulated separately.

If a voter cannot cast his ballot in person on Oct. 26, he may place his marked ballot in a sealed envelope, with his name on the outside of the envelope for identification purposes, and mail or deliver it to a community committeeman before election day (by mail or otherwise) for deposit in the ballot box on Saturday.

An accurate record of the names of all persons who vote in the referendum must be kept by the community committee. It has been suggested that the county committee furnish community committees with a list of 1935 contract signers who are eligible to vote in that community.

This will serve as a basic list of eligible voters whose names should be checked as they cast their ballots. These lists will be supplemented by lists prepared by the community committees on election day, containing the names of all noncontract signers who establish eligibility and vote in that community.

No member of a county or community committee shall disclose how any person voted in the referendum. Results of the election should be available Monday, by which time all ballots are to be in the hands of the county allotment committee for final tabulation.

## COTTON CERTIFICATES TAKE LOWERED PRICES

The price of cotton exemption certificates has been lowered from 5c to 4c a pound, or from \$25 to \$20 per bale. This is according to announcement made by Jake Tarter, county agent, today.

The change in price does not affect any other part of the cotton control program, states Tarter. Surplus certificates may be pooled as heretofore. This year the sale of certificates across county lines is permitted. No interchange between states exists, however, except through the agency of the national pool.

## Wife of T. B. Tarter Passes Away Monday

On Monday of this week, word reached Jake Tarter, county agent here, that the wife of his brother, T. B. Tarter, passed away late that day in Albuquerque, N. Mex., following a brief illness. The deceased was 44 years old. In the immediate family she leaves the husband and two sons, James, 12, and Weldon, 14. Funeral services were held Wednesday at Albuquerque with interment at that place. Jake Tarter was unable to attend the late rites.

T. B. Tarter is a chemist with the United Chemical Co., and is employed in the vicinity of Albuquerque and Portales, N. Mex. The family had recently returned to the states from Brazil, where Tarter was stationed for some years by the company.

Clayton Kelley, who lives on the Kelley ranch northwest of Wheeler, was in town Wednesday on business.

## Educational Notes

Reported by B. T. RUCKER  
County Superintendent

### Rural Teachers' Meeting

The Rural Teachers' association of Wheeler county will meet Saturday morning at 10:30 in the court house, Wheeler. This is regular pay-day for the rural teachers. A short program will be given. The library committee will also meet Saturday.

### Transportation Aid

Rural aid applications for transportation, as submitted by the county school board, have been received at Austin. Wheeler county consolidated bus report shows a net amount of \$1,582.50 a month due the county for transportation. Payment is to be made at the next meeting of the State Board of Education.

### Per Capita Apportionment

The first apportionment of the state per capita for 1935-36 money has been paid. This payment was \$3.00. County available apportionment of 50 cents per capita was also paid this month.

## Wintry Blasts Come With Moisture Fall

### No Freeze Nor Frost Damage Yet Noted—Rain Put Stop to Cotton Picking

Following the long season of balmy autumn weather which continued over Sunday, weather changes in this region occurred rapidly during the first of the week. Colder on Monday brought still lower temperatures Tuesday, threatening a light freeze or killing frost. However, stiff gales throughout Tuesday night warded off frost; while temperature readings down to about 34 were reported.

Wednesday showed slightly milder weather, merging into a light drizzle during the night, while today (Thursday) has seen fairly steady showers during most of the day with indications for continuance of dampness.

Cotton picking has been practically brought to an end by the unfavorable weather conditions. Some growers had recently expressed a wish that frost without hard freezing would visit the county, believing this would check growth of cotton, clear away excess green foliage and facilitate harvesting. Feed crops are said to be in fair shape for cold weather, although considerable immature grain is found in many parts of the county.

## Orders Released for County Relief Work

### Seven Panhandle Projects to Use 271 Persons—40 Listed in This County

Orders to put 271 persons to work on seven projects have been sent to A. A. Meredith, director of Works Progress Administration District 16 at Amarillo, Robert J. Smith, deputy state administrator, announced early this week. Federal works authorities have allotted \$42,295 toward the prosecution of these projects and the various sponsors have pledged combined contributions of \$15,445.26.

State officials are prepared to authorize more work projects as rapidly as funds are made available from Washington, Smith declared. "There will be no hitch in getting started as far as the state office is concerned," he asserted. "We are attempting to attach 'at once' starting dates on all work authorizations released here."

Counties comprising District 16 are: Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Robertson, Hemphill, Oldham, Potter, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Donley and Collingsworth.

District 16 projects authorized to be started at once, with amounts of federal funds and average number of persons to be employed, follow:

Wellington, Collingsworth county, street improvements; \$5,550; 35 persons.  
Hutchinson county, building bridge across Antelope Creek; \$723; 16 persons.  
Collingsworth county, lateral road improvement; \$747; 33 persons.  
Higgins, Lipscomb county, home economics addition to high school building; \$1,825; 13 persons.  
Wheeler county, lateral road improvements; \$4,147; 40 persons.  
Amarillo, Potter county, sewing room operation; \$28,658; 128 persons.  
Miami, Roberts county, operation of gardens; \$645; 6 persons.

## County H.-D. Council Elects New Officers

### Regular Monthly Meeting Held Here Saturday—Plans for Many Activities Discussed

"Do not form an opinion until the evidence is all in," is one of the echoes from the Short Course given by Mrs. C. H. Candler to the County Home Demonstration council at its regular monthly meeting in the club room in Wheeler, Oct. 19.

In the regular business meeting it was announced that Miss Lela M. Vaughn from the Kerr Glass company would conduct a canning school in the club room Nov. 15. Mrs. John Henry Watts was appointed hostess for the occasion.

Since only eight women subscribed for the Parents Magazine, it was decided to postpone sending in the list until the November Council meeting.

Year plans for 1936-37 and 1938 were discussed and changed as the council thought wise.

The council voted to change the motion made at the last meeting, "A woman winning first place for three years on a fair product cannot make that same entry again," to begin in 1934 instead of 1936.

Year book committees from each club reported their progress.

A letter from Mrs. Maggie Barry, giving instructions about the council officers were read. The following officers were then elected: Chairman, Mrs. Jim Trout; vice chairman, Miss Christina Paskan; secretary-treasurer, Mrs. John Henry Watts.

Mrs. Candler gave a report on her trip to the Farmer's Short Course. The council adjourned at 3:45. Those present were: Mesdames Maude Kelper, Bob Greenhouse, Clarence Zybach, Morgan, Roy Oswald, John Henry Watts, J. L. Smith, Jim Trout, Swink, Harris, F. D. Ferguson, J. T. Reynolds, Hester Dodson, Holt Green, Jim Risner and C. H. Candler.

## COUNTY OFFICERS TO SANTONE MEET

Leaving Wednesday morning, some of them accompanied by their wives, a group of Wheeler county officials are in San Antonio attending the annual Convention of County Judges and Commissioners of the state.

Those who went from Wheeler county include Judge and Mrs. W. O. Puett, Mr. and Mrs. W. W. Adams, Mr. and Mrs. George Hefley, Mr. and Mrs. R. W. Griswold and Jim Trout. The four last named men are commissioners of the several precincts of the county. The convention will be in session the remainder of the week.

## MRS. FARMER IS HOSTESS TO LONDON BRIDGE CLUB

Mrs. Fred Farmer was a gracious hostess to members of the London Bridge club and a group of friends Thursday afternoon at her home on South Canadian street. Mrs. Ed Watson, Mrs. Floyd Pennington and Mrs. R. D. Holt received the cut prize awards.

Lovely refreshments were served to Mesdames Nelson Porter, A. B. Crump, Ed Watson, Floyd Pennington, Jim Hyatt, Buck Britt, J. M. Lawrence, Cora Hall, Lonnie Lee, J. I. Maloy, R. D. Holt, T. S. Puckett and the hostess.

## Sherwood Builds Cement Silo

Mr. and Mrs. Dick Sherwood, who live on an up-to-date Wheeler county farm about seven miles southwest of town, have recently completed an underground cemented silo and started filling it this week.

The Sherwoods milk 13 good cows, and sold 115 pounds of butter last week. They have made many improvements on their farm since its purchase three years ago.

## ODD FELLOWS NAME A BROTHER'S HEIR

Like the legendary account of how a recording angel placed the name of Abou Ben Adhem at the head of a list of those who loved their fellowmen, some grand warder may inscribe the name of John Calcote of Kelton first among the ardent members of the Independent Order of Odd Fellows.

About three weeks ago, a son was born to Mr. and Mrs. Calcote. Not having in mind a name they liked for the youngster, Mr. Calcote appealed to his brethren of the I. O. O. F. fraternity to submit names for the—in all probability—future member of the order.

While in Wheeler Saturday, Mr. Calcote reported that 50 names were proposed. From this list was chosen the name Eugene Raymond, submitted by F. B. Craig, county clerk.

## Long Illness Fatal to Mrs. Bert Hillman

### Deceased Was Sister of Wheeler Man—Funeral Held Here On Saturday

Mrs. Bert Hillman of Reydon, Okla., died Friday, Oct. 18, at her home after a long illness. She moved to Wheeler county with her parents about 25 years ago and had spent most of the time since then in the northern part of the county, where she made many friends. She was a member of the First Baptist church at Allison and took an active part in the various departments of the church as long as her health would permit.

Mary Etta Risner was born Aug. 3, 1889, at Waynesboro, Tenn., and died Oct. 18, 1935, at Reydon, Okla., at the age of 46 years, two months and 15 days.

In 1914 she was married to Bert Hillman and eight children were born to this union. Besides the devoted husband she is survived by four sons and three daughters, Clarence, Marie, Roland, Leonard, Aline, LeRoy and Gayle; her parents, Mr. and Mrs. M. L. Risner, Allison; four brothers and three sisters, Jim and Hobart Risner, Wheeler; Sam and Frank Risner, Allison; Mrs. Sarah Helton, Raymondville; Miss Annie Risner and Mrs. Bell Baxter, Allison, and a number of other relatives and friends. An infant preceded the mother in death; also a sister, Mrs. Lula Dyer.

Funeral services were conducted at the local Baptist church by Rev. A. C. Wood at 11 o'clock, Saturday morning, with burial in the Wheeler cemetery.

## City Drug Sponsors Big Rexall 1c Sale

Sponsored by the City Drug Store, a Rexall 1c sale opens next Wednesday for four days only, affording an outstanding bargain event for shoppers in this territory. "The Rexall One Cent sale is the original one cent sale, the one that actually gives you two for the price of one, plus only one cent," declares Lonnie Lee, manager of the City Drug.

A partial list of values and some specials will be found in the advertisement on another page of this paper.

## STUDY CLUB IN HISTORICAL MEET WEDNESDAY AFTERNOON

Pre-Historic Texas was the main subject of a program presented by the Study club Wednesday afternoon at the club room, with Mrs. E. T. Cosper as hostess and Mrs. Ernest Lee as leader.

Roll call was answered with names of forts of Early Texas. The group sang "Blue Bonnets."

The Cradle of Texas and Early Teachers of Texas were both given by Mrs. J. M. Porter. Pre-Historic Man of Texas was described in a pleasing manner by Mrs. E. W. Carter.

Members present were Mesdames Robt. Bowers, J. M. Porter, E. W. Carter, E. T. Cosper, George Porter, Ernest Lee, Bronson Green, Lee Guthrie, J. W. Barr and Floyd Pennington.

## MCCROHANS HOSTS TO CLASS OF BAPTIST SUNDAY SCHOOL

The Martha Sunday school class of the First Baptist church and their guests spent a very delightful evening Thursday of last week in the home of Mr. and Mrs. G. O. McCrohan.

A covered dish dinner, contributed by the members of the class, was served in buffet style. After several games of hearts, the group enjoyed a musical hour.

Those present were Mr. and Mrs. Lee Guthrie, Mr. and Mrs. Gordon Phillips, Mr. and Mrs. Roscoe Morgan, Mr. and Mrs. Jim Hyatt; Mesdames Gordon Stiles, R. D. Holt and T. S. Puckett; Misses Juanita Stone, Clara Finsterwald, Willeta Templeton, and Gladys Gunter; Messrs. Everett Smith, Bob Clark, Rev. Taft Holloway and the hosts, Mr. and Mrs. G. O. McCrohan.

## Otto Blocker Buys Green Service Sta.

Purchase of the Green Service station in this city by Otto Blocker, formerly of Kelton and more recently of Shamrock, is announced this week. J. T. Green bought the station about a month ago from O. B. Miller. Sale of the station was made so Green could go to Amarillo and so take charge of the feed and seed business operated by his father until the elder Green's death two weeks ago.

## Peeping In The Times Office Window

Vegetables and nuts have constituted the bulk of contributions to The Wheeler Times display window during the past week. However, one lot presented by Mr. and Mrs. J. B. Roper failed to "make" the window—not because they were not good enough, oh, my no. But, because of their perishable nature and irresistible appeal it was thought best to adorn the editor's table with the fine snap beans (grown since the mid-summer rains), and the delicious cushaw, brought in by the Ropers Saturday.

Tomatoes in bunches—10 of nice size on a single stem—was sent to the office Monday by R. A. Watts, truck gardener on the Mrs. T. P. Morton land in the east part of town. Plenty more equally as prolific as the sample, states Watts.

For real volume and quality, S. T. Morgan, living north of town, should have the ribbon on a giant plant of peanuts of the Jumbo variety. The single plant, heavily loaded with mature "goobers," measured fully four feet across when spread out. Many young peanuts, which would have developed if earlier planting had been possible, are on the vine.

A huge pecan, brought in by B. T. Rucker, who obtained it while on a trip down south, completes this week's additions to the window.

## CITY PROJECT MAY COME YET

### Sheppard and Jones Give Promise of Doing All Possible to Get Waterworks-Sewer in Wheeler.

Hopes have been somewhat revived this week for the ultimate approval of the PWA project in Wheeler whereby the city water system, under private ownership at present, would be purchased and greatly expanded, together with construction of a modern sewer system. In common with other similar projects in this part of the country, scant news has been available of the progress being made.

However, in response to inquiries directed to Senator Morris Sheppard and Congressman Marvin Jones, word which affords much encouragement has been received by C. R. Weatherly, city clerk. Wires were sent each of the officials, asking their aid in putting the project across.

From Sheppard, in Washington, a message came immediately, stating that he "would attend to the matter personally and would do everything in his power to obtain approval."

A letter from Jones, at Amarillo, acknowledges receipt of the telegram with reference to the application for a water and sewer project.

Congressman Jones further states: "My Washington office has been keeping in close touch with the PWA authorities there, urging that every possible consideration be given to these applications. I am today calling special attention to this project for Wheeler, and you may be sure I shall be glad to be of any possible assistance in obtaining its approval."

Thus the matter stands for the present.

## WHEELER H.-D. CLUB HOLDS SPECIAL MEETING SATURDAY

The Wheeler Home Demonstration club held a called session Friday, Oct. 18. Special business was taken care of, after which followed a very interesting program on "Self Improvement," which included:

Paper—"Ideas and Ideals that Tend to Make Us More Useful to Ourselves, Our Home and Our Community," Mrs. Jenkins.

Events—"That Affect Our Community Economically, Socially and Morally," Mrs. O. O. Sandifer.

People—(a) Who overcome physical handicaps; (b) who have contributed to the welfare of others; (c) constructive and destructive criticism, Mrs. J. M. Porter.

## Mrs. Rodgers Is W. M. S. Hostess

Mrs. Bob Rodgers was hostess to Circle No. 2 of the W. M. S. of the Baptist church at 2 o'clock, Monday afternoon. After the Bible study and business meeting the remainder of the time was spent piecing quilt blocks.

Those present were Mesdames Jim Risner, J. N. Green, W. E. Thornton, Bessie L. Kennedy, H. H. Greenhouse and L. C. Laffin. On Monday, Circles No. 1 and 3 met at the church and finished a quilt for Mrs. Harry Garrison.

Mr. and Mrs. A. Thorman and daughters, Mr. and Mrs. Albert Shira and Mrs. Clebron Turner motored Monday to Pampa on business.

## Kelton Fair Proves Wonderful Success

### Huge Array High Quality Entries Evoke Beholders Praises—Winners Listed

"Equal to most county fairs, and superior to many of them," is the verdict pronounced upon the community fair held at Kelton, 12 miles east of Wheeler, last Saturday. The event, limited to Kelton community and adjoining school districts, embraced an area of choice agricultural and livestock producing territory in Wheeler county. Beyond a doubt, the quality and variety of products entered at the show warrant the high compliments paid by those who inspected the exhibits.

Not content, however, with their achievement, word has already come from Kelton that while those who participated in Saturday's fair are gratified at its success, they hope to have a far better one next year. The feeling prevails that a substantial benefits resulted from the friendly competition, the chance to learn about the other fellow's accomplishments and the neighborly visiting by the people not only of the immediate community but from all over the county.

W. A. Purnell was general superintendent. His assistants were George Henderson, grain sorghum and corn; J. A. Tucker, fruits and vegetables; Walter Davidson, forages; White Whiteley, livestock, and Mrs. W. A. Purnell, needlework.

The main feature of the afternoon was a football game between the Kelton Lions and the Texola gridsters, resulting in an 18-0 victory for the Lions. The Shamrock band furnished music at intervals during the day. Principal speakers were M. A. Pillers of Twitty, and J. B. Clark, Shamrock. Jake Tarter, county agent, was chairman.

Judges of exhibits were: Needlework, Mrs. E. L. Meyers, Childress, assisted by Miss Cortez Lister, Shamrock; agricultural products, V. E. Hefner, Childress county agent, assisted by E. L. Meyers; livestock, H. M. Cantrell, Hemphill county agent.

The complete list of awards is as follows: (Unless otherwise indicated, winners names are given in their order, first, second, third, etc.)

### LIVESTOCK

Draft Mares—Don Rives 1st and 2nd; J. A. Crofton. Draft Mares, pairs—Henry Hink, Don Rives, J. A. Crofton. Draft Mules, single—Henry Hink, 1st and 2nd; V. C. Clay. Draft Mules, pairs—Henry Hink, Bailey Whiteley, V. C. Clay. Mules, 2 and under 3—Charley Whiteley, 1st and 2nd. Mules, under year—

## Credit Association Plans January Meet

### Canadian Valley Group Discussed Annual Gathering at Session Held Last Week

Plans for the annual stockholders meeting of the Canadian Valley Production Credit association in January and a tentative educational program for prospective members were discussed at a meeting of the board of directors of the association held in Canadian, Wednesday, Oct. 16.

Dr. Virgil P. Lee and G. W. Fritzen of the Production Credit Corporation of Houston were in attendance and addressed the meeting. Production Credit associations, of which there are 38 in Texas, have advanced more than \$8,000,000 to Texas farmers and stockmen and are preparing for the rush of next season's business.

More and more stockmen and farmers, Dr. Lee said, are coming to a realization of the many advantages offered by production credit loans with their low rate of interest, which at present is 5%.

One of the important actions at this meeting was the appointment of membership committees in the several counties composing the territory of the association. These committees will function to develop greater interest in the association among the members and assist in informing non-member farmers and stockmen about production credit services. The committee members also expect to stimulate interest in the annual stockholders' meeting in January when officers and directors of the association will be elected. Committeemen in this territory include the following:

Temple Atkins and Toibert T. Brothers, Shamrock; Geo. W. Harrell, Mobeetie; Carol McClennen and G. O. McCrohan, Wheeler, and J. B. Wilkinson of Twitty.

## SOMEBODY WILL SUFFER

Whenever the politicians attempt to analyze the voting outlook, the American housewife usually rates high as a topic of conversation. It was much easier to accurately guess the tenor of the voting public's feeling in the days before female suffrage. Smith's views are easily obtained—he spends hours in talking with Jones and Brown about political issues ranging in importance all the way from oyster conservation to a new constitutional amendment. If he doesn't belong to a club, the corner grocery or beer parlor provides his soap-box. Mrs. Smith presents a much more difficult problem. Her name is legion—she holds the balance of power in any election. And the political experts often grow grey in futile efforts to discover how she feels about the issues that make or break administrations.

That is why the cost of food may be a potent factor in the next election. Mrs. Smith's principal interests generally lie in her home. She thinks less about the national debt than she does about new shoes for Junior. And the thing that is likely to cause the seeds of resentment to swell and mature inside her is a sharp rise in the cost of the most basic of necessities, food.

The high cost of food has become a center of controversy throughout the nation—as have the causes of the increase. At the height of depression, which occurred in the late summer of 1932, foods were almost unbelievably cheap. Thereafter a slow and natural rise set in, until, in the late summer of 1933, foods were higher than in the preceding year, but were still very cheap. In the year following the rise continued slowly—and then went into a zoom. At the present time, while foods are still a little cheaper than in the years immediately preceding 1929, their prices are so much above the "normal" depression level that the American housewife is beginning to complain in no uncertain terms.

Here, for example, is a comparison of some basic food prices over a two-year period, as compiled by the U. S. News:

	Aug., 1933	Aug., 1935
Sirloin Steak	29.8c lb.	40.8c lb.
Pork Chops	21.2c lb.	39.5c lb.
Bread	7.6c lb.	8.2c lb.
Lard	9.8c lb.	21.8c lb.
Eggs	25.6c doz.	37.3c doz.
Milk	10.9c qt.	11.7c qt.

What this amounts to, to quote the U. S. News again, is that the American housewife must pay \$1.59 for what she could have bought for \$1.05 two years ago.

Many forecasters think that this situation must inevitably cost the Roosevelt administration a great many votes. And that leads to this question: What has been responsible for the increase in food costs? Answers are varied—but, taking them by and large, they resolve themselves into this: First, the AAA's crop restricting program has been an important factor; second, middleman costs cause an unnecessarily wide gap between what the farmer receives and what the consumer pays.

It is a fact that grocers, in spite of high prices, are not prospering accordingly. Their wholesale costs have zoomed along with retail costs. Some large chain systems, which strive to keep prices down as much as possible, are actually earning less net profit than they did a year or so ago. The question of middleman profits will be aired in an inquiry soon to be started by the Federal Trade commission. However, Mrs. Smith is likely to take her ire out on the government officials she believes responsible for her strained budget, whether or not there were contributing circumstances beyond their control.

Attitude of the farmer is also of great importance. In a late speech, Roosevelt stood squarely for his administration's AAA work, which he said had brought producers benefits of more than five billion dollars. And Republican Central committee head Fletcher recently said that the GOP would combat all major New Deal activities with but one exception—the exception being the AAA. Reason: Inquiries have revealed strong support of the AAA in the great farming states, which must be carried by a presidential candidate if he is to win.

So the cost-of-food issue is confused and is growing more so. It will play a leading role in the next campaign—whether the candidates want it to or not.

## Our Exchanges

Items of interest culled from newspapers on 'The Times' exchange list.

The dries in Kansas are complaining bitterly because the repealists who promised protection against the sale of intoxicants in dry territory have issued 1,763 dealers permits to sell liquor in Kansas.—On the other hand the presumably dry legislature in Kansas when it had an opportunity to define intoxicating liquor refused to pass the defining legislation, in the absence of which conviction is next to impossible.—Ochiltree County Herald.

Dr. Joe Haymes, presiding elder of the Amarillo district of the Methodist Church, who is conducting a revival at the Methodist church, had a narrow escape Wednesday night of last week while en route in his car from Pampa to preach at the evening service here. There was a cow on the highway at the foot of a long hill between Miami and Pampa. Dr. Haymes' car struck the cow and damaged the car considerably, but he was uninjured.—Canadian Record.

McLean's streets are getting in bad condition in some parts of town. Dirt streets are a problem in any town, and it is a pity that McLean could not have the principal streets paved with relief labor as many towns have done. Some plan of street improvement is going to have to be worked out, and the sooner it is done the sooner will we have decent streets and the sooner will the expense of trying to keep dirt streets in shape stop.—McLean News.

There's an idea worthy of serious consideration by people of other towns similarly situated, including Wheeler.

Panhandle was visited by a good rain Wednesday night and early Thursday. Some of the benefit was offset by heavy hail just after dark. Rainfall estimated at a half inch to two inches fell in the county. Rainfall of a half inch was reported around here and in the southeast part of the county. It is said that about two inches fell a few miles east of Panhandle. The big hail at this time of the year was a surprise. Dozens of cars were damaged. While the hail was coming down, many were afraid to go to their cars to take them to shelter.—Panhandle Herald.

Personally let us get on record right now among those who can't tell you what the people of the United States are thinking.—White Deer Review.

We hope we are modern and right up to now. We appreciate electric stoves, canned pancakes, air conditioned homes and all that. But we frankly admit yearning for one old institution. That is nothing more than a golden brown batch of fluffy sour dough bread cooked in a Dutch oven.—Donley County Leader.

First work in Floyd county of the Works Progress administration, designed to take up all the slack in labor for the next twelve months here, was begun Tuesday morning, when the project of widening and putting up grade and drainage structure on the highway from Floydada to Silvertown, was started.—Floyd County Hesperian.

Trevor Wolfe is the only student, in the history of Lefors school, that has started in the first grade and is now a senior. Wolfe was born in McLean, Texas, Feb. 15, 1919. He lived in McLean to the age of 5. He then moved to Lefors where he has lived ever since. When he started to school there was a one room building, which twelve students attended. There were no business institutions in Lefors. Wolfe is graduating this year. He is seventeen years old, and among the youngest to graduate from our school.—Lefors News.

One and five hundredths inches of rain drenched Booker and surrounding community late Wednesday night, breaking the drought of two months. Only a few days ago it was thought that there would be more dust storms as dust was picking up in the fields and blowing in the air. A prolonged dry spell with high winds has been suffered here for about 90 days.—Booker News.

## Those Fightin' Redheads

A paper salesman was the father of a small family which he was rarely able to see because he was away from home so much. One night, however, he was to stay home and take care of several of his offspring while his wife was absent. The next morning his wife asked him if he met with any difficulty. "Oh" he said, "I got them all to bed OK except that little red-headed one. I had to lick her before she'd go." "Why, James," his wife exclaimed, "that isn't our child; she lives across the street."

...but, after all is said and done, it's the cigarette itself that counts

... the question is, does it suit you?

Now, when it comes to a cigarette that will suit you... you want to think whether it's mild, you want to think about the taste

That Chesterfields are milder and taste better is no accident...

The farmer who grows the tobacco, the warehouseman who sells it at auction to the highest bidder, every man who knows about leaf tobacco will tell you that it takes mild, ripe tobaccos to make a good cigarette.

In making Chesterfields we use mild ripe home-grown and Turkish tobaccos.

Outstanding .. for mildness .. for better taste

**CLUB NOTES**

Happenings of Interest by and for Home Demonstration Club Women of the County.

The Wheeler 4-H club met Monday, Oct. 14. The meeting was opened with two songs, "Ole Faithful" and "When the Bloom is on the Sage," followed by repeating the motto and pledge and a prayer. An interesting program on Old Legends of Texas was presented, after which Mrs. Jim Trout made a talk on Bluebonnets.

Two new officers were elected. They are: Miss Helen Flynt, song leader, and Miss Willie Dee Lawrence, reporter. Four new members, Silvia Louise Ficke, Pauline Schaub, Willa May Browning and Alice Morgan, were added to the club.

Those attending the meeting in addition to the new members were: Aline Coleman, Willie Dee Lawrence, Juanita Griffin, Mary Ella Westmoreland, Otha June Cummings, Hannah Faye Riley, Margie Mary Mullins, Mary Nell Burke, Norma Webb, Nora Hicks, Presley Guynes, Johnnie Templeton, Elsie Newkirk, Helen Flynt, Vesta Warren, Joyce Faust, Frances Compary, Lombre Brazil, Winona Red, Mary Helen Jones, Elsie Weeks, Martha Jane Shipman, Viola Jones and Mrs. Jim Trout.

The next meeting will be on Monday, Oct. 28.

The Mobeetie 4-H club met Oct. 14 at 12 o'clock in the home economics department. A committee of three was appointed by the president to look after a booth for the club in the school carnival. The committee is Dora Goodnight, Beulah Brewer and Rosa Mae Tubbs. A program entitled "Wild Animals" was given. Those who took part were: Cleve Lamon, Beulah Brewer, Margaret Seedig, Rosa Mae Tubbs and Lois Meek.

Members present were: Rosa Mae Tubbs, Lois Meek, Wanda Creekmore, Audry Brewer, Margaret Seedig, Dora Goodnight, Mildred Eubanks, Beulah Brewer and Cleve Lamon.—MARGARET SEEDIG, Reporter.

"This has been a new experience to me, and I have enjoyed all of it, and have learned a number of things I'll never forget and can use all through life," stated Lois Meek, member of the Dixon 4-H club, in writing about wardrobe demonstration work in her club history, for last year.

When Lois built her closet, the only expense was the cost of the door, hooks and the seven shelves, which was \$1.30. A box painted white is used for laundry, and a shoe rack was made. Three little pockets just on the inside of the closet door are used for soiled handkerchiefs, gloves and hose. A dressing table and stool have been made and covered with material to correspond with the laundry bags.

Lois was a co-operator in food preservation and bedroom. Wearing apparel that she made had the total value of \$13.94. She mended 25 garments. Since the weather was so dry, she only canned food having the total value of \$7.82.

Lois attended the club encampment, two council meetings and 11 club meetings, and won a trip from her club to the Farmer's Short Course.

By a Rogue

**Steamboat Round the Bend**

The Steamboat will be coming Round the Bend at the Rogue theatre, Friday and Saturday, and the late Will Rogers is the captain. This is one of the last two pictures that the beloved humorist made before his untimely death; the other is in Old Kentucky which will be here for Christmas day. The Rogue is proud of the fact that it was able to secure a Friday and Saturday date on Steamboat in order that more of its regular rural patrons might have an opportunity, along with those who live in town, to see this picture over the week end. It is hoped that as many as can will come out Friday night and Saturday matinee in order to make more room for the Saturday night crowd. The picture will be shown two, three or more times Saturday night, if necessary, to accommodate those wishing to see it.

**Curly Top**

Shirley Temple's latest and best picture will be here Monday and Tuesday. There is no need of shooting you a lot of stuff about this picture because you know what it is. Curly Top is the BEST from Shirley, so make your arrangements to see it and the Our Gang comedy, Little Sinner, which will be shown Monday and Tuesday nights.

**Judge Priest**

Again Will Rogers will be at the Rogue. This time it is in Judge Priest, which comes Wednesday and Thursday, Oct. 30-31. No, we did not make any mistake. The date is Wednesday and Thursday of next week. The Rogue will be running six days per week from now on until further notice. And do not fail to see Judge Priest because after this one there will be only ONE MORE, and that Christmas. Then for a comedy with Judge Priest there will be Stan Laurel and Oliver Hardy in a good-two-reeler. These boys have not been here for some time, and their appearance will be welcomed.

Groves, Herbert Green, Troy Derryberry, Floyd Crow, Douglas Groves and Jack Williams.

### Scraps

Nora Pearl Bentley has gone sour on the world, so Florette Miller thinks.

Herbert Green, the great Eagle halfback, is back home to help his fellow brothers on the gridiron. Rah! for Herbert.

Troy Derryberry is writing a short, short, story on Mr. Wharton's personality.

Florette Miller, Irene Derryberry, Edith Voyles, Wilma Connell and Nora Pearl Bentley have decided that their vacation is cotton picking.

Ray Turnbow says some gold-digger must have got his tooth.

We heard Douglas Groves calling his big brother, "Brother Bob."

We wonder who the two boys were who were working commercial arithmetic in government class.

We heard Mr. Wharton quoting, "Smile and the world smiles with you." We wonder if Miss Friday had anything to do with this!

Ivan Burns thinks he's "somebody" in arithmetic class. He's so much smarter than anyone else.

### Special Speaker

Mr. Richards from the Bureau of Research, Denver, Colo., was a welcomed visitor in our school Oct. 16. He gave a very interesting discussion on "shooting stars," after which, he passed specimens of "shooting stars" collected from different parts of the world.

### 4-H CLUB

The Magic City 4-H club met in the high school auditorium Friday, Oct. 18 at 12:30.

The house was called to order by the president, Alice Hardin. The social program was turned over to Miss Viola Jones, club demonstrator, who discussed "Table Manners," and gave a parliamentary drill. All members were given a set of cook books.

Officers of the club are: Alice Hardin, president; Edith Voyles, vice president; Helen June George, secretary; Florette Miller, pep leader, and Irene Derryberry, reporter.

Members present were: Florette Miller, Alice Hardin, Edith Voyles, Doris Swearer, Dorothy Jacobs, Irene Derryberry, Ira Jo Derryberry, Helen June George, Oleta Cordell, Jewel Young Clifftine Turnbow, Mareta Roach, Elizabeth Null, Helen Shirley, Bessie Emler, Meta Bruton, Virginia Burgess, Patricia Quinn.

### WHEELER CO. PIONEER CLAIMED BY DEATH

Funeral services were conducted Sunday afternoon at 4 o'clock for F. M. Totty, at the ranch home six miles west of Mobeetie, by the Rev. Lester Hathaway.

Mr. Totty passed away suddenly Saturday afternoon about 6 o'clock from a heart attack. He was a resident of Wheeler county for 40 years, having come here in the early days, and was highly respected and loved by all who knew him. Many pioneer friends from Roberts and Gray counties as well as Wheeler county paid their last respects Sunday by attending the funeral services.

Frank Marion Totty was born Nov. 16, 1857, in Cook county, Texas, and passed away Saturday, Oct. 19, 1935, at Mobeetie, Texas, at the age of 77 years, 11 months and three days.

He was married to Mollie E. Springer, Sept. 2, 1880. To this union 11 children were born, six of whom preceded him in death. The five surviving are: Mrs. Lena Stutzman, Kress; Mrs. Mollie Daughetre, Pampa; Mrs. Georgia Springer and Mrs. Una Cantrell, Miami, Mrs. Maggie Thompson, Mobeetie.

He was married a second time on July 16, 1906, to Mrs. Maggie E. Proctor, who preceded him in death last year. Of this union four children and one-step child survive. They are: Mrs. Alma Seitz, Mrs. Ann Trimble, Frank M. Totty and Mrs. Martha Higdon, Mobeetie, and Mrs. Vertha Roberts, Miami; also one sister, Mrs. Lillie Welch, Miami, and several grandchildren survive.

Mr. Totty obeyed the Gospel in 1880 in Montague county.

Burial was in Mobeetie cemetery, with N. M. Hunt, funeral director, in charge.

Gerald Douglas Baird, seven-months-old son of Mr. and Mrs. D. G. Baird, died at 4 o'clock, Wednesday morning, Oct. 16, 1935, at Wheeler, Texas.

He was born March 11, 1935, and leaves to mourn his going, his devoted parents, four grandparents and a host of other relatives and friends.

Funeral services were conducted from the Mobeetie Baptist church Thursday morning at 10 o'clock by the Rev. B. P. Harrison of Chaning, assisted by Rev. Elmer Burkham, local pastor.

The little body was laid to rest in the Mobeetie cemetery with N. M. Hunt, funeral director, in charge.

In Memory of  
**GERALD DOUGLAS BAIRD**  
By his Aunt, Mrs. Alvis Burke.

It seems so hard that one so young must go;

Seven short months of joy he gave us all.

Let us not question that, God knows best  
Since He has chosen this dear one to call.

He leaves a host of heavy hearts behind,  
But God will send His comfort,  
God is kind.

He goes to join a little sister there,  
And we can join them when this life is o'er.

So let us not be grieved too much;  
We'll join them on that other shore.

May God see fit to comfort in His way,  
We who have held and loved this dear sweet one;

Send courage to his parents so that they  
May bear this loss, as other ones have done.

Send strength to his grandparents, ease their hearts,  
And help each one to feel that they  
Must cleave to thee—until this world departs.

God send us comfort now—strength, courage and Thy love,  
And help each one to pray that they  
May join our Gerald in that home above.

#### CARD OF THANKS

We wish in this manner to express appreciation to our neighbors and friends for the kind deeds and words of comfort during the brief illness and after the death of our darling baby, Gerald.

Mr. and Mrs. Douglas Baird, Mr. and Mrs. A. H. Burke and family and Mr. and Mrs. A. I. Baird and family.

#### CARD OF THANKS

To the good friends of both Allison and Wheeler who extended aid and sympathy during the illness and after the death of our loved one, we offer our heartfelt thanks for every kindness.

Bert Hillman and children, Mr. and Mrs. M. L. Risner, Annie and Hobart, Mr. and Mrs. Jim Risner, Mr. and Mrs. Sam Risner, Mr. and Mrs. Frank Risner, Mr. and Mrs. Joe Helton and Mr. and Mrs. Garrett Baxter.

# It's No Joke!

Really, it's no joke to buy or sell groceries at the prevailing high price levels. Customers sometimes appear to think the retailer is at fault, or making a larger profit. Such a view is wrong. Often the retailer is making less than when prices were more reasonable. Anyway, this store is striving to give its customers the best possible values at the lowest possible prices. Try us and see.

# Service Means Something

at This Home-owned Wheeler Institution!

The word service may mean a little or a lot; it all depends. But at this plant it means much—it means a convenient market for cottonseed grown by farmers throughout this region. It means the processing of the cottonseed right here in Wheeler, affording employment to several workmen. It means that farmers and stockmen can buy—right here at home—top quality

## WHOLE PRESSED COTTONSEED CAKE AND MEAL

As a feed for livestock, the above products afford the most economical and convenient method of handling cottonseed.

### ANOTHER SERVICE FEATURE

An Exchange Account

Those who did not open an exchange account of seed for meal and cake here last year during our first season, are invited to come in and learn how convenient it is to put seed on deposit, drawing the manufactured products against this account just as they are needed. It's handy, convenient and affords a real service.

When in the market to sell cottonseed or to buy its processed products, let us quote you prices less transportation charges to some distant mill. We only ask a chance to serve you.

## Two Students Make Straight A Reports

First Six Weeks Honor Roll Shows Decrease Over Last Year for Same Period

Only two students in high school made straight A cards on the first six weeks work. They are Parilee Clay, junior, and Ruth Faust, sophomore. Last year there were 26 making all A's. The grades have greatly decreased in A's and increased in D's over last year's first six weeks record.

Those on the A and B honor roll in the senior class are: Evelyn Balch, Dorothy Burgess, Rutha Mae Conner, Cordie Lee Farris, Opal Morris, Helen Sanders and Estelle Scott.

Bonnie Adams, Beatrice Miller, Orveta Puett, Wilma Riley, Clarice Robertson, Martha Alice Wiley and Ray Norman are the juniors making A's and B's.

Those on the sophomores' list who were on the A and B honor roll are: Eugenia Mae Durham, Lois Ficke, Irene Hunt, Jonnie Lewis, Cleo Sewell, Huffman Walker and Aubrey Warren.

Naomi Johnson, Johnnie Faye Templeton and Earl Gilmore are the freshmen making A's and B's.

D. L. Killingsworth and Clowes Jones, sophomores, made all B's.

## Girls Begin Work in Cooking Laboratory

After washing and dividing the new individual equipment, home economics II girls began cooking in their newly furnished kitchen this week.

Six sinks, 12 cabinets, and two stoves are now in the room. Two girls have a cabinet and four girls use the same sink. Later the kitchen is to be supplied with kitchen stools. Janitor H. E. Cole made shelves for the pantry where the food canned last six weeks is stored. The food in the pantry will be used later when the home economics girls study the preparation of meals.

Because more girls are taking the subject this year, additional small equipment for the desks will probably be ordered soon.

Home economics III girls are planning furniture for the bedroom of the new home economics cottage.

## Miss Ruth Ewing Is Back in School

Miss Ruth Ewing came back to school Monday after being absent for a week with the mumps. She resumed her teaching in the fifth, sixth and seventh grades. Her position was filled by Mrs. W. I. Joss during her absence.

## HISTORY I PUPILS DEBATE ITALIAN-ETHIOPIAN CRISIS

Last Tuesday morning four students of the history class, section I, debated the question: Italy does not have a right to Ehtiopia. The affirmative side was taken by Erskine Sherwood and Harley Mitchell. The negative was taken by Martha Jane Shipman and Jackie St. Claire. The judges were J. D. Herd, A. P. Abbott, Norval Cummings, Elsie Newkirk and Mary Etta Patterson. The affirmative won the debate.

Last Friday morning in History I, section 2, Clyde Ayres and Albert Gunter debated on the same question, taking the affirmative side of the question, with Chancy Lee Mitchell and L. C. Rackley taking the negative. The judges were Devern Coleman, W. C. Pendleton, Duard Parker, Arnold Jones and Leslie Havenhill. The negative won the debate.

## Committee Selects Piano for Gymnasium

A committee met with Mrs. G. O. McCrohan Thursday afternoon at 3:15 o'clock for the purpose of selecting a new piano which is to be bought by the Parent-Teachers association when the gymnasium is finished and ready for use.

The new Bradbury piano decided upon is of walnut finish with a duet bench to match and is manufactured by the Bradbury Manufacturing company. They have been manufacturing pianos for 74 years and all of the pianos they make are standard, according to Mrs. McCrohan, chairman of the committee. These pianos are sold, recommended and guaranteed by the Jenkins Music company. This music company donates 10 per cent of the cost of the piano which the P.-T. A. is buying.

The committee thought that this was the best bargain that was brought to its notice during the investigation. Those who are on the selection committee are: Mrs. J. L. Gilmore, Miss Bernie Addison, Miss Frances Alice Clark and Mrs. G. O. McCrohan.

## BUSINESS MEN GIVE PEP TALKS FOR FOOTBALL GAME

In preparation for the Shamrock-Wheeler game a pep rally of the student body and several business men of Wheeler was held last Friday morning in the school auditorium during the first period.

Much enthusiasm was displayed by the visitors and the Pep Squad.

H. E. Nicholson, W. O. Puett, A. B. Crump, F. B. Craig, Roe Green, Roy Puckett, Melvin Howe, Chester Lewis, Joe Hyatt, H. E. Young, Frank Buchanan and Homer Pitcock gave pep talks, promising their backing to the Mustangs.

## STAGE FOR NEW AUDITORIUM TO HAVE MODERN EQUIPMENT

No, It Isn't an Asylum — Yet

Have those kids gone crazy? And look, those girls must be in their second childhood already, wearing big bows in their hair and hanging their fountain pen around their neck with a string. Those boys are kinda "goofy" wearing one trouser leg rolled half way up on such a cold day.

Forevermore! would you look. They must think they can kill birds or something with those negro shooters dangling from their necks. They are all wearing two different kinds of shoes. Gee! I know they are crazy now, trying to walk up the stairs backward and bowing to each member of the science club.

Folks, this isn't a lunatic or insane asylum up here (yet). I just heard that it was the Sigma Gamma (science club) initiating their newly pledged members.

## FOOTBALL BOYS, COW GIRLS ENTERTAINED WITH PARTY

Pep Squad girls and football boys were entertained with a party at the home of Aline Buchanan last Friday night after the game.

Among those present were: Estelle Scott, Beatrice Miller, Dorothy Tolliver, Dorothy Burgess, Imogene Jamison, Orveta Puett, Geraldine and Jonnie Lewis, Jaunell Perryman, Nerine Young, Helena Jones, Lois and Ferrol Ficke, Rutha Mae Conner, Lilla Mae Crofford, Dawn Weatherly, Martha Alice Wiley, Lavell Jaco, Mary Genthe, Mildred Landress, Wave Wallace, Laney Mae Tillman, Margie Bowers, Louise Craig, Ruth Faye Garrison, Chlorene Morgan, Irene Hunt, Martha Jane Shipman, Clarice Robertson, Ford Newkirk, Junior Jamison, Wallace Pendleton, W. J. Ford, Farrell Wallace, H. E. Young, Guy Robison, James Passons, Alton Weeks, Cecil Parker, Carlisle Robison, Cecil Sherwood, Bob and Clifford Tillman, O. D. Connor, Jack Tate, Ocie Pace, Herbert Whitener, Lowery Deering, Curtis Weeks, Lewis Cain and the hostess.

## JUNIOR HIGH FACULTY MEETS

Junior high school faculty members met Monday afternoon in Mrs. G. O. McCrohan's room to discuss classification of the pupils.

Those present were: Mrs. G. O. McCrohan, Miss Ruth Ewing, Mrs. Allen I. Smith, Coach Bob Clark, Roscoe Morgan and Miss Frances Alice Clark.

## Scenery to Include Velour Curtain, Drops, Lighting Effects, Cyclorama

Stage equipment rivaling that of larger schools has been selected as desirable for the auditorium-gymnasium of Wheeler high school now under construction.

A velour curtain, footlight mechanism, various drop curtains and borders, and a cyclorama, a cloth from which any type of indoor scenery can be constructed, complete the list of stage scenery arranged for by Dr. H. E. Nicholson and Robert Mayne.

The stage curtain, which will be made of velour trimmed with gold braid, will have a monogram W. H. S. in gold.

A lighting effect of daylight, sunset and night can be obtained from the new lighting system when it is installed.

Drop curtains depicting woodland, garden and indoor scenes as well as other woodland borders will make possible practically any type of play.

The cyclorama, a plain piece of gray cloth stretched around the entire stage, will be used in constructing indoor scenes. Windows and doors may be cut at any vantage point for which the play manuscript calls.

Because each piece of scenery to be put on the stage is movable, innumerable stage settings may be achieved by different arrangements.

## Gilmore Is Invited to Join Deer Hunt

"Does the aroma of sizzling deer 'stakes,' roast 'gobbler,' coffee and the 'cracking of the campfire' turn your fancies to a November outing?"

Supt. J. L. Gilmore received this intriguing invitation last week from W. A. Morel of the Scott Foresman Pub. Co., to join a deer hunt which will last from Nov. 15 to Nov. 30. The hunt is to take place at the Arthur Sagebiel Ranch, where the deer are plentiful this year.

Those invited to attend are usually men in the school profession who for 15 days will be able to forget classroom activities and enjoy the sport of a deer hunt. Supt. Gilmore was unable to accept the invitation last year but he hopes to be able to attend the hunt this coming month.

In addition to a big appetite, those invited are requested to bring these necessities: toothbrush, paste, comb, towels, gun, ammunition, hunting license, pillows, blankets, favorite chew and smoke.

Mr. and Mrs. G. O. McCrohan and Mr. and Mrs. Robert Mayne went to Fort Worth over the week end.

### HELP US NAME IT

What this school needs is a name for the football field. Most colleges and high schools of any size give their gridirons a distinctive title. For instance: Butler Field, Amarillo; Denver Field, Shamrock, and Buffalo Stadium, W. T. S. T. C., Canyon.

What would you think of a 10-year-old child who was never called anything except son or brother? It would sound uninteresting and lacking in personality, to say the least. When anyone asked such a boy his name, the parents might be able to tell what it was—but the football field doesn't even have a cognomen to fall back on. It is just "the football field" first, last and every time. One of the business men suggested that we wait until the gymnasium is finished and think of a suitable name for both of them; but then there would be no distinction between the two.

Some fields are named after the coach, the team or some prominent business man. We might call the field "Mustang Meadow" or the "Mustang Corral." Perhaps students and citizens of the town could make more appropriate suggestions.

How ever the name is chosen, it should be selected before long. Where is your loyalty, to be so indifferent about so important a thing as a name for the football field.—M. A. W.

### HELLO, WHAT NOW?

How many times would the use of a telephone be necessary in our high school? Is it advisable to install one?

While idly thumbing the pages of a magazine many of you, no doubt, have noticed an advertisement containing a map of the world with two telephones at distant points connected by a line. In our community would a high school telephone prove a convenience?

In case of serious injury when minutes mean life, aid could be summoned quickly by phone. Also, when other schools' athletic teams visit Wheeler it might be imperative that they telephone the scores or other information to their home towns.

Granted that out of 59,000,000 talks made each day over the 13,000,000 Bell telephones in the United States many are undoubtedly superfluous, as would be the case in some of the student calls. However, the business of the superintendent's office and the necessary calls of the student body might offset the needless communications.

Regulations would have to be made and the calls limited to a time when they would not interfere with classes, preferably during the five minute interval between periods.

It appears that through a certain amount of supervision 95 per cent of the calls from a school telephone could be limited to those absolutely necessary. Thus a means of communication might prove beneficial in Wheeler high school.

### COUNTY TEACHERS ATTEND TEXAS HISTORY MEETING

Supt. J. L. Gilmore and Principal C. B. Witt were among the group of Wheeler county teachers and adults who attended the first meeting of the advanced course in Texas history held Monday night at the high school building. Approximately 25 people attended.

Prof. S. F. Sheffy of W. T. S. T. C., Canyon, is the instructor in this course, which will qualify those who take it to teach Texas history. The class will meet every Monday for one semester. The cost of enrolling is \$15.

Topics of discussion for future meetings include the Mexican, Spanish and French background of Texas history, the Texas revolution and the economic resources of Texas.

Professor Sheffy was scheduled to meet the class last Thursday but because of a serious emergency it was impossible for him to get here until Monday of this week.

### Mrs. Gordon Phillips Ill

Mrs. Gordon Phillips, first grade teacher, was unable to teach school the first of the week because of illness. Mrs. Johnnie Reed, former teacher of the Pleasant Hill school, substituted for her.

### STUDENTS MUST BRAVE WINTER'S ICY BLASTS

"Freeze, freeze thou bitter sky—"

Jovial Jack Frost can't quite decide whether to pay us a visit now or wait awhile. In the meantime his very good friend Frisky Weather is making merry with the miserable mistreated students who brave his icy blasts just to attend school—something they don't like anyway.

The pop, crackle and snap of limbs heralds the belated arising of an exceptionally sleepy student on a cold morning. The customary "B-r-r-r" and "Is it cold or is it colder?" follow the frenzied dash for a garment that will put a little warmth into the cold racked frame of a moment's duration.

Thoughts about what saints did to be called martyrs that you don't do every cold morning just for the trivial thing of condescending to show your radiant self at the boring thing called school, accompany the hastily gulped drink.

On the undignified sprint to school it becomes even more apparent that the weather would freeze the brass horns off a billy goat or exterminate grass from a concrete pasture.

News Flash from Wheeler, Wheeler and Wheeler: Many students continue to stock water on the brain, due perhaps to natural causes. Jack Frost, please display some heart like the Italians are not doing, and defer your freezing visit for six weeks. By that time the teachers hope to instill a small amount of gray matter in the water-logged skulls of Wheeler high school students.

### Sigma Gamma Club Gets New Members

The members of the Sigma Gamma club held a meeting Tuesday night at 7:30 o'clock for a short business discussion and a program.

After the business meeting, a program was given in which Mazie Bean told the members how to take rust from all household goods, and Gladys Warren gave a short talk on the removal of stains from cloth and on the chemistry of cleaning. Junior Jamison demonstrated soap-making. Lewis Cain and Ocie Pace made a home-made fire extinguisher.

When these demonstrations were over, the pledge to the organization was taken by Imogene Jamison, Jonnie Lewis, Opal Morris, Orveta Puett, Guy Robison and H. E. Young.

Refreshments were then served to the 13 present of the 25 members in the club.

Those who attended were: Mazie Bean, Lewis Cain, Harry Clay, Raymond Badley, Imogene Jamison, Jonnie Lewis, Opal Morris, Junior Jamison, Guy Robison, Gladys Warren, Ocie Pace, H. E. Young, Orveta Puett and Miss Lois Kirby, sponsor.

### FOURTH GRADE STUDENTS IMPROVE LEGION HALL

Several improvements have been made at the Legion hall by the fourth grade class under the direction of Mrs. C. J. Meek.

Because there were no shades or curtains on the windows, the class made curtains out of gunny sacks by fringing them and putting yellow threads through them. With the help of H. E. Cole, janitor, the girls of the class washed the windows.

This class now has three reading tables to use when looking up references. One new book has been added to the library. Mrs. Meek says that the students have advanced from beating on the flagpole for a bell to hitting a bottle with a ruler.

There are 50 enrolled in the fourth grade class.

### HOME EC. GIRLS INSPECT LEE'S FURNITURE STORE

The home economics III girls and their teacher, Mrs. Gordon Whitener, visited Ernest Lee's hardware store last Friday morning for the purpose of studying furniture. The girls observed the different kinds of material used in making living room, dining room, and bedroom suites. They examined springs, mattresses and various other articles.

As the class is studying interior decoration the instructor thought this would be a suitable time to plan furniture for the Home Economics cottage.

"The girls enjoyed the visit," states Mrs. Whitener, "and they learned several things they never knew before."

### MEMORY LANE

#### (This Time Last Year)

The McLean Midgets defeated the Wheeler Junior High Colts 20 to 0, on the local gridiron, Saturday.

Wheeler's flashy Mustangs invaded Pampa territory on the Harvester field last Thursday afternoon at 4 o'clock, but they brought defeat back to Wheeler. The Gorillas were victors over the Mustangs by a score of 19-13.

The sophomore class was entertained with a party at the home of their sponsor, Mrs. G. O. McCrohan, Tuesday night.

### The Wampus Cat (With Apologies to Odd)

More fun, no people killed and still more fun at the Pep Squad party Friday night. A review of the currently popular songs was the "red" spot of the evening.

Slight disappointment was aroused at Shamrock's victory considering the excellent playing the boys did, it was quite an interesting game. . . Wallace, in a statement to the press after spraining his arm in the grim grid battle, said he didn't care a great deal if he broke it next time. Evidently "Anything Goes for Dear Alma Mater" with him.

Jaunelle Perryman has labeled a boy "more conceiteder." . . Haven't heard the odds gamblers are giving on the Italian-Ethiopian war yet. . . The four girls that were to sing at the Methodist church for "Sophie" night turned into a trio, due to the absence of one.

"Rachel" and "Evelyn" have succeeded the world famed "Toots" as the slangy expression for just anyone. . . "Six Foot Six" is a really exceptional biography of Sam Houston; excites the reader's interest.

"Paint me as I am, warts and all," Oliver Cromwell once told a painter who was adroitly smoothing the rugged features of the great man on a canvas. . . There is one thing to be said in praise of brains: no one accused them of making the present war.

I can't say enough in commendation of the Cow Girl uniforms. As a matter of fact they are the dressiest the school's ever had. . . "Sequoia," the most superb animal picture I've ever seen.

Jonnie Lewis has a large collection of pictures. . . An International high school is located in Helsingors, Denmark. With an enrollment of 2,000 the school's object is to promote international understanding among the younger generation.

The cosmetic business entertains the most consumers of any product. Despite the expensiveness, the result is generally appreciated. . . Resolved to see: "A Midsummer Night's Dream." The 1938 World's Fair in San Francisco.

Jack Hylton, most celebrated musical showman, will be broadcast direct from London with his Continental Revue every Sunday evening. . . Broadcasting the World Series cost \$340,000.

Have not been able to settle on which of his many girl friends Herbert Whitener will have for a "steady," if he goes in for them. . . Jack Tate is making the collection of poker-chips a hobby.

Well, a "hidy ho" and a Spanish rumba to you. (Guess I had better take time out for the mumps.)

M. L. Gunter and Coy Hix visited school Tuesday.

### SPARKS FROM THE CAMPFIRE

Anxiety is the poison of human life. Don't hope for the best—hop for it. Discontent is the self-starter of progress.

It's not where you start from but where you get to.

Sympathy is the golden key that unlocks the hearts of others.

Out of the lowest depth there is a path to the loftiest height.

Caught in  
**The Lasso's Noose**

Could you imagine a little innocent pig frightening Miss Addison so much that she made a race track of the street? As she was crossing over to the postoffice the other day a trailer with a cow and a pig in it was standing in the center of the street. Just as Miss Addison passed the trailer, the pig began to squeal as if his lungs would burst. Teacher darted toward the sidewalk and when she realized what was making the noise, said, "Whew! I thought something had me!" Of course some of those snooply journalists happened along about that time.

Harrison Hall said that he wished he could play in the game with Shamrock because he wanted to raise a knot on McIntyre's helmet.

Harry Clay must be wanting to build up his father's undertaking business. He asked Miss Kirby to tell him how to make nitroglycerin.

Miss Kirby didn't realize that plane geometry students weren't able to concentrate on the lesson last Friday with the Shamrock-Wheeler game coming up.

Marvin: "Addis Ababa? Who is she?"

(It's of no concern, but "she" happens to be the capital of Ethiopia).

W. J. was so "fidgety" over the game Friday that he took his music notebook to history class and handed it in for his history notebook.

Mildred Landress is afraid she is going to take the mumps. Couldn't be that she has been with someone afflicted with this "swell" disease.

Some of the Pep Squad girls must have thought there was a football game Saturday night. They were all up in town dressed in their uniforms.

Seems as if the high school students like to go to these country parties. There were several present at a Corn Valley entertainment Saturday night.

Miss Kirby, after appearing depondent all morning, read a letter she had received through the mail and suddenly began wearing a smile.

Why was Jack Tate all dressed up Sunday night? He couldn't have a date since he is a member of the football squad.

Mrs. Gilmore gives her students candy. I wonder if she hopes to sweeten 'em up for their six weeks grade.

Who was Helena Jones' "big moment" with whom she went walking at the party Friday night?

Ruth Faust was very disappointed Monday because she didn't have the mumps and had to come to school.

Ask Imogene how she was doing Friday night. If she won't tell you, see one of the star football players from Briscoe.

Dawn had a headache Monday; could it be the "night life" getting her down?

One of the business men asked Fri-

**History Club Meeting Is Postponed**

The History club met Monday night at the high school building but as only three members attended, another meeting was called for Thursday at 3:15. Miss Winona Adams, sponsor, requested all members to be present.

**SAGE BLOOMS**

An Ethiopian Mountain

Sept. 16, 1935

Dear Classmates:

I have been in Ethiopia since early in July and I wish I could picture to you some of the sights I have seen.

I came in by way of Addis Ababa. Mussolini has chosen this as his base of operation. When I arrived thousands of workers were busy with pick and shovel, digging aqueducts, building roads and erecting barracks. A highway was laid from Massaua, the Eritrean port on the Red Sea, to Asmara, the capital, which is 7,750 feet higher; also a steel rope railway has been built to haul freight. Two other highways were being built from Asmara to the Ethiopian frontier.

The port of Massaua is probably the busiest in all Africa, as many ships from Italy are being unloaded at the same time. The natives are amazed as tanks, airplanes, armored cars and artillery are unloaded from the ships.

Soon after I arrived, however, I started for the Ethiopian frontier, as the rains were beginning. The highway seemed to lead straight to the sky. The road had 1,300 hairpin bends and at times was on the edge of precipices. Camel caravans and strings of mules were busy hauling guns, rations, etc., to the border.

Before going on I talked with some of Il Duce's black shirted soldiers. They were just boys and eager to obey any command of their dictator. From there I went on to Addis Ababa and saw Emperor Haile Selassie review his field army. This was composed of 10,000 troops under a former cabinet minister. These men were dressed in uniforms similar to those of our own soldiers; although they wear leggings, they refuse to wear shoes. They carry modern rifles and feel quite sure they can rout their enemies.

I next saw the cavalry; these were also dressed in uniforms. Their horses were the smallest I have ever seen except Shetlands, and their dark rider's feet almost touch the ground.

As news of possible invasion reached the mountains, fierce savage warriors came flocking to their emperor's assistance. Each tribe formed its own companies. They came by camels and small mountain ponies as well as on foot. They were dressed in white robes and carried all kinds of weapons.

After seeing the preparation of Il Duce's enemies, I felt quite sorry for them as they were to fight a losing battle.

There was one enemy, however, that has not passed in review. This is the deadly disease prevalent in northern Africa. He will perhaps prove more deadly than all Mussolini's modern war machines. Who can tell?

Yours Sincerely,

Norval Cummings.,

**Coach Bob Clark Pulls Out Many Tricks From His Sleeve During Summer Months**

Out of Coach Bob Clark's bag of magic tricks comes the information that he spent an exceedingly busy summer. Traveling, seeing something of this world, attending conventions with fellow magicians and teaching diving and swimming while enrolled in summer school furnished some of the tricks the magic-man pulled out his sleeve for his own amusement during vacation.

Shortly after the close of school last summer Mr. Clark made an automobile tour of Tennessee, Ohio and adjoining states.

A magicians' convention was held in Lima, Ohio, last June 1-3, with Coach Clark attending. While at this gathering he presented his rope trick, familiar to the majority of people in Wheeler. This stunt consists of apparently cutting a rope into and adeptly putting it together again in a fashion so that the cut place is indistinguishable.

After the magic convention, Clark settled down to more realistic things. In fact the thing was so real that

he found himself teaching diving and swimming as well as attending college to work on his master's degree from the University of Alabama. The mentor is majoring in secondary education and his minor is physical education.

Though not a crystal gazer, Coach Clark predicts that he will attend the gathering of his brotherhood next June. The convention which is to be held in Winstom-Salem, N. C., will be even larger than that of last year.

The entertainment will consist of tricks, illusions and vaudeville performances. Clark will be featured in the Chinese division of the acts in which he plans to do tricks associated with fish bowls, fish and rice.

"Expect the unexpected from a magician," as the saying goes. Coach Clark lives up to this maxim by being an athletic coach, emergency doctor, school teacher and principal of the grade schools, as well as a "Mighty Magic Man."

**DID YOU KNOW THAT—**

Everyone is very anxious for the last brick and nail to be used to mark the finish for the gym?

There were many different expressions on the students' faces when they looked over the—all important—report card?

Mr. Mayne still has to fuss at Harry?

Everyone is proud of the Mustangs, even though they didn't beat the Irishmen?

The Pep Squad didn't get to have their pictures taken Tuesday afternoon?

It's a 10-point penalty for a boy and girl to sit together in the single seats? (Better keep this in mind, students.)

Nerine made ? in deportment? (You ask her—I'm 'fraid to tell.)

The Pep Squad didn't do their best at the Mustang-Irishmen game? (At least that is what some people told us.)

There were only two students in high school who made a straight A report card?

The Mustangs are going to play McLean next Friday night? (And beat 'em, too . . . we hope.)

**Uncle Ted Looks 'Em Over**

That shore was a humdinger of a football game last Friday night and did you see that crowd of people there? Them Mustangs shore did their best and boy did they git the praise. (I know.) Shamrock company and Wheeler's fans congratulated them on their good sportsmanship and most of all on their strong line.

I really didn't see any 40-0 score up there either like everyone predicted. And I didn't see any Irishman gittin' away and makin' a long run for a touchdown.

If them fightin' hosses (excuse me) Mustangs jest take these other teams for the same round, they'll be good games. B'lieve me you, oh, I mean b'lieve you me if you didn't see the game with Shamrock here Friday night you shore missed sompin'.

## IRISHMEN DEFEAT MUSTANGS 14-0

**Powerful Wheeler Defense Line Fails to Check Charging Opponents in Hard Grid Battle**

Boasting a powerful defensive line, the Wheeler Mustangs were defeated by the Shamrock Irishmen 14-0 last Friday night on Wheeler's new lighted field. A crowd of approximately 2,000 watched the Wheeler aggregation hold the visitors to one touchdown for more than three quarters of the game.

In spite of determined defensive tactics, the locals were unable to withstand the charging Irishmen and went down in their fourth conference game. Many running attacks were made by Wheeler but only three passes were completed. Outstanding playing was done by Curtis Weeks and Ford Newkirk.

Wheeler made three first downs to Shamrock's eight and gained 65 yards from scrimmage to Shamrock's 233. The Mustangs lost 26 yards and were penalized 50, while the Irishmen lost 5 yards and were penalized 20.

The first quarter went scoreless with the ball staying in Wheeler's territory throughout the period except for one play when Ford kicked to the Shamrock 10-yard line. Wheeler regained the ball and Weeks and Tate failed to gain on running plays. Ford kicked out on his own 33-yard line, where the ball lay just as the quarter ended.

Shamrock took the ball on the Mustang's 33-yard line. They advanced by various plays to the Wheeler 1-foot line, where it was carried over. The Mustangs failed to break up the kick. During the remainder of the period the ball stayed in Wheeler's possession in their own territory.

The Weeks brothers completed a 14-yard pass and Curtis Weeks threw one to Tate for 10 yards, but he fumbled as he was tackled and a Shamrock player recovered. On the next play C. Weeks intercepted a pass and carried the ball to Shamrock's 20 yard stripe as the half ended. This was the nearest approach the Mustangs made to the Irish goal.

The third quarter went scoreless with the ball in Wheeler territory throughout. Many short line plunges were made by both teams and late in the fourth quarter Shamrock got its second score and completed the kick. For the second time during the game the Mustangs had possession of the ball in Irish territory when a pass was called complete due to interference of Shamrock with A. Weeks on the Shamrock 45-yard line.

The starting line-ups were:

Wheeler	Position	Shamrock
Pendleton	L.E.	Trostle
Newkirk	L.T.	Fuller
Connor	L.G.	Schoonover
Deering	C.	Brothers
Sherwood	R.G.	Mills
Tillman	R.T.	W. Usrey
A. Weeks	R.E.	Grady
Cain	Back	McIntyre
Ford	Back	W. Rook
C. Weeks	Back	C. Wells
Tate	Back	C. Rook

Substitutions: Wheeler—Whitener, Pace and Maxwell; Shamrock—Skidmore, Seago, Shortt and Englund.

## JUNIOR GIRLS MAKE PLANS FOR BASKET BALL SEASON

Coach Bob Clark called a meeting of the girls eligible for junior basketball Monday at 3:15 in the music room to discuss selection of suits and to make other plans for the year.

Black trunks and gold blouses were chosen for regulation suits. The captains will be elected at a later date.

The following girls attended the meeting: Geraldine Lewis, Irene Hunt, Johnnie Faye Templeton, Laverne Cox, Helen Flynt, Alvern Hampton, Naomi Johnson, Helena Jones, Mary Etta Patterson, Norma Lou Maxwell, Lois Ficke, Aline Buchanan, Imogene Jamison, Mary Belle Johnston and Mary Genthe.

## Four Girls Elected Speed Ball Captains

Captains for the two speedball teams were elected last Monday at 12:45 and at 3:15. The girls who ride on the bus elected Wilma Tinney and Eugenia Mae Durham for captains. Laney Mae Tillman and Bonnie Adams were chosen captains by the girls who live in town.

The way to play speedball was again explained in full by Miss Winona Adams, coach. After the game was explained the girls practiced for 30 minutes.

The girls present at 12:45 were: Mary Belle Johnston, Wilma Tinney, Norma Lou Maxwell, Helen Flynt, Chlorene Morgan, Eugenia Mae Durham, Alvern Hampton, Adell Hampton, Wilma Riley, Elsie Newkirk, Ruth Coward and Mildred Coward.

Among those present at 3:15 were: Mazie Bean, Gladys Warren, Bonnie Adams, Ruth Faye Garrison, Rutha Mae Conner, Ferrol Ficke, Dorothy Burgess, Dawn Weatherly, Martha Alice Wiley, Naomi Johnson, Aline Buchanan, Geraldine Lewis, Margie Bowers, Irene Hunt, Lois Ficke, Helena Jones, Beatrice Miller, Johnnie Faye Templeton and Laney Mae Tillman.

Miss Winona Adams and her sister, Bonnie, are "batching" this week while their mother and father are at San Antonio attending the commissioners' convention.

## TEAMS SCHEDULED FOR TWO GAMES

**First String to Play Texola Friday Afternoon—Colts to Meet Wellington Monday**

After gruelling workouts each afternoon, in which almost every phase of football was practiced, the Mustangs and Colts are in excellent condition to play the two non-conference games scheduled for them over the week end.

Although not matched until practically the last moment, a game between the Mustangs and Texola promises to be exciting.

The football game that the Colts will play with Wellington should prove of interest because it is their second tussle this year. In their first game, Magic City was defeated to the tune of 6-0.

The Texola first string will clash with the Wheeler Mustangs Friday afternoon at 3:30 on the home gridiron. The admission will be 10 and 25c.

Tentative line-up is: Whitener, Shipman, Jamison, Tucker, Passons, Tillman, Maxwell, Pendleton, Norman, Pace, Young.

The Colts will clash with the second string of Wellington Skyrockets Monday night at 7:30 on the Wellington field.

The probable starting line-up will be:

Red, le; Page, lt; Tucker or Flynt, c; Jamison, rg; Passons, rt; Badley, lg; Jolly, re; Puckett, Young, Robinson and Havenhill, backs.

Substitutes: Comings, t; R. P. Ferris, c; Havenhill, back.

## Students Attend Corn Valley Party

Fifteen high school students attended a party given by Smitty Biggers in Corn Valley last Saturday night. Among those present were: Ruth Mae Conner, Dorothy Mae Burgess, Bonnie Adams, Dawn Weatherly, Aline Buchanan, Imogene Jamison, Ferrol Ficke, Lois Ficke, Laney Mae Tillman, Lowery Deering, O. D. Connor, Cecil Sherwood, Cecil Parker, Farrel Wallace, Bob Tillman and Junior Jamison.

Wheeler—	Oct. 28 (night game) there	—Wellington
Wheeler—	Nov. 8, here	—Wellington

Congratulations to the fighting Irishmen. Although Shamrock's team crossed our goal line twice last Friday night, Wheeler fans were proud of the fine playing done by the Mustangs. Our team was in a spirited mood but they were simply out-classed by a bigger and better team.

This was one of the best games ever to be played here and the whole town has been congratulating both teams for a dandy exhibition of clean playing and fine sportsmanship throughout.

The hard-fought battle was packed full of thrills from the opening play until the last minute and everyone seemed to be satisfied with the outcome.

Next Friday the Mustangs take on the powerful undefeated Tigers of McLean. This promises to be among the best on the Mustangs' schedule.

How about starting a movement to christen the football field? The poor nameless waif needs to have a title of some sort. Just to designate it as "the football field" gets monotonous. We need to instill personality into our gridiron by calling it an appropriate name of some sort.

At last a team blasted the Butler Field tradition to bits. The misfortune came when the Sandies were least expecting it, too, as is often the case. Oh, well, Amarillo knew that they couldn't go on forever winning and they can still boast no defeats from a Texas team on the home field. Besides, the Sandies needn't feel so badly. We didn't get to brag about no defeats and no ties on our gridiron but one week, while the Sandies played 55 games victoriously on Butler Field. "The best laid plans of mice" and football squads— Coach Clark says that we still have a tradition anyway: we never have been defeated more than 14 points on our home field.

Though it's rather cold to talk of showers these days, all the football boys are rejoicing over the newly completed sprays now in use in the gymnasium under construction.

The Wheeler Colts are to meet the the Wellington junior team Monday night at Wellington. This is the second game for the Colts. Let's all turn out to see these boys on whom Coach Clark is depending to make Mustangs next year.

Sounds as if the basketball girls mean business: their orders for suits went in this week. Just wait until the gym is finished and the girls will show that they have some fire in their bones, too.

Save your pennies for that Wheeler-McLean game next Friday, folks. It'll be worth your money.

## MUSTANGS TO MEET TIGERS NEXT WEEK

Next Friday, Nov. 1, the Wheeler Mustangs will meet the McLean Tigers at McLean for the fifth conference game of the season.

According to the games already played, it appears that McLean will win by two touchdowns, but if the Mustangs continue to show improvement as in the past games, they have a probable chance to win.

**My Trip**  
By DOROTHY LOHBERGER

While several relatives were visiting us from Iowa on this, their first visit to our State, we were racking our brains for some means of amusement to entertain them. We finally decided on the Palo Duro park. So early one Friday morning three cars departed for the park, a fourth joining us at Panhandle.

On our way we went through Canyon, where we saw the beautiful W. T. S. T. C. buildings and passed groups and groups of college students on their way to classes. Before reaching the famous canyons we saw in the distance, the houses and stores that had been used by CCC workers, but in their place, a large group of negroes are taking care of the park and training for military work.

Going down in the canyons reminded us of going down the mountains. It was so steep and winding. We forded several beautiful streams before reaching an ideal camping and picnic ground made by CCC workers for the benefit of tourists. There we found large tables and benches made of stone and made smooth with cement. It being a cool day, the camp fire was appreciated.

After eating our dinner and cleaning camp, we went on our way exploring. One of the crowd, in a hurry to cross a stream, started a-foot on the rocks but slipped and fell in the water, creating some excitement and amusement for the rest of us. The others decided to cross in a safer way by car.

The scenery was beautiful for miles and miles. We drove as far as it was safe to go by car. We then met a guide who directed us to some nearby places of interest we could reach by foot—where the Indians had ground their meal in the rocks, a number of different rock formations such as a "Man's Head," "The Devil's Kitchen," a "Turtle," etc. Several started to scale the high cliffs but only two were brave enough to reach the top. Our time being limited, we took several kodak pictures and began our return journey to the entrance, where we stopped to visit the park museum with its many Indian relics, rocks and animal bones on display.

We enjoyed every minute of our time in the canyons and hope some day to return when we have more time for exploring. We arrived home late the same day. Our Iowa relatives were greatly pleased with Palo Duro canyons, the huge gash nature carved in the Panhandle.
