THE WHEELER TIMES, WHEELER, TEXAS, THURSDAY, NOVEMBER 5, 1936

5c Per Copy THE COUNTY SEAT NEWSPAPER

## County Joins State and Nation Politics

Roosevelt Given 8½ Times Number of Votes for Landon—Others Prove Negligible

Wheeler county kept pace with the remainder of the state and with 99 per cent of the nation in support of President Roosevelt and Vice President John N. Garner for re-election in Tuesday's Democratic landslide. With one precinct, Magic City, still missing, county totals are: Roosevelt-Garner, 2,294; Landon-Knox, 269. Five Union party ballots were recorded and four Socialist tallies.

In precinct No. 2, where Jim Trout, Democratic incumbent, was opposed by G. T. Gunter, Republican, for the office of commissioner Trout received 365 votes to Gunter's 37.

All the above returns are unofficial, but are believed substantially correct. Magic precinct returns will give one same ratio, approximately, it is reasonably certain.

Figures by precincts for the two presidential candidates are as follows:

Precinct	R's/vlt	L'nd'n
Mobeetie	287	29
Gageby	59	5
Wheeler	191	30
Allison	113	24
Stanley	162	8
McBee	80	6
Porter	44	3
Gracey	113	11
Heald	39	4
Lela	132	13
Center	48	4
Shamrock, North	454	54
Benonine	24	9
Ramsdell	27	4
Locust	24	5
Kelton	52	1
Twitty	58	1
Magic City*	—	—
Corn Valley	52	2
Pakan	46	9
Shamrock, South	289	47
<b>TOTALS</b>	<b>2,294</b>	<b>269</b>

\*Not reported.

On the six amendments to the state constitution, Wheeler county voters favored three and rejected three. Among the three rejected was the liquor control measure, which lost throughout the state. With one exception, the other five appear to have carried state-wide.

In common with the rest of the nation, Wheeler county rolled up a record vote on Tuesday. Files of The Times reveal the total county vote two years ago, a non-presidential year, as approximately 1,036. Votes already accounted for this year total 2,572, with Magic City precinct yet to be added.

## Popular City Pair Wed Last Saturday

Miss Inez Shipman and Clifford Tillman are Married by Shamrock Pastor

Miss Inez Shipman and Clifford Wayne Tillman motored Saturday evening, Oct. 31, to Shamrock, where they were married at the Methodist church by the pastor, Rev. C. E. Jameson. The couple was attended by Mr. and Mrs. Oneal Jones of Wheeler.

Mrs. Tillman is the charming daughter of Mr. and Mrs. Troy Shipman. She graduated in 1934 from the Wheeler high school, where she was a member of the Pep Squad, Home Economics and Spanish clubs and played on the basketball team two years. She attended Draughon's Business college in Oklahoma City the first of the year.

Mr. Tillman is the son of Mr. and Mrs. Eb Tillman and has lived in Wheeler county a number of years. He was a member of the senior class last year and was on the football squad all four years besides taking part in all school activities.

He is employed at the Wheeler cotton oil mill and the young couple will make their home in Wheeler, according to present plans.

## New 1937 Chevrolets On Display Saturday

Homer Pitcock, manager of the Wheeler-Motor Co., local Chevrolet sales and service, together with his sales and shop force, is making preparations to show off the new 1937 model Chevrolets to the best advantage here Saturday.

"The new cars will positively be here," asserted Pitcock yesterday, "and we invite the public to come and see them. They are new—brand new—the only old thing about it being its reliability."

Confidentially, if there's anything Pitcock, Salesmen Frank Buchanan or Walter Anglin would rather talk about than Chevrolets, it hasn't been heard of.

## Local Banker's Car Taken Wednesday Eve

A 1936 Chevrolet coupe, belonging to D. E. Holt of the Citizens State bank, was stolen from its place in the garage at the family home some time between 8 and 10 o'clock Wednesday evening. Ignition switch was locked on the car but not the doors, it is reported.

The machine bears Texas license plate number A38-133. The sheriff's force is making diligent effort to locate the missing car but at a late hour this afternoon nothing had been learned of its whereabouts.

## Methodist Preaching Omitted Next Sunday

Rev. Kirby Attending Conference—Sunday School and League at Usual Hours

Due to the absence of Rev. J. Edmund Kirby, pastor, who is attending conference at Houston this week, no preaching services are scheduled for Sunday at the local Methodist church. Sunday school and League will be held at the usual hours.

Rev. and Mrs. Kirby, accompanied by Rev. and Mrs. L. H. Jones of Lefors and Rev. C. E. Jameson of Shamrock, left early Tuesday morning for Houston, to attend a five-day conference. Mrs. J. M. Porter, prominent Wheeler church worker, accompanied her brother-in-law and sister, Rev. and Mrs. P. E. Yarbrough, of Dumas to the gathering.

Much significance attaches to this conference, a joint meeting of the six conferences of the Methodist Episcopal and Methodist Episcopal South churches, and the first since the denomination divided many years ago. An attendance of 10,000 ministers, lay delegates and visitors is expected.

Assignments of 1,300 pastors will be announced Sunday night.

## Sunday Dinner Honors Aged Lady's Birthday

Mr. and Mrs. Jim Wheeler of McLean gave a dinner Sunday in honor of the 76th birthday of her mother, Mrs. Lizzie (Grandma) Cobb. Mrs. Cobb is also the mother of Mrs. M. L. Clark of Wheeler. Her actual birthday was Nov. 3, but for convenience of those attending it was observed Sunday.

Forty-five relatives and two friends attended the occasion.

They were: Mr. and Mrs. M. L. Clark and children, Miss Jacqueline, Mr. and Mrs. Buster Clark and four children, Floy, Bob, Marion and Nell; Mr. and Mrs. John Barr and four children, Johnnie, Nathan, Lois and Margie Ruth; Mr. and Mrs. Furman Green and Tom and George Cobb, all of Wheeler; Mr. and Mrs. Jeff Green and two children, Furman Harold and Jack, and M. L. Clark, Pampa; Mr. and Mrs. Dick Clark and daughter, Dolores, of Lela; Mr. and Mrs. Norman Mitchell and baby, Dahlhart; Mr. and Mrs. R. S. Clark and two children, Norman and J. C.; Mr. and Mrs. Rufus Clark and Mr. and Mrs. Glen McCarver, Wellington; Mr. and Mrs. J. A. Fowler; Marguerite and Dick Wheeler, relatives, and the two friends, Wanema Lamb, McLean, and Mrs. Jewel Arganbright, Allison.

## MR. AND MRS. WILLARD HOSTS TO GROUP AT SUNDAY DINNER

The rural home of Mr. and Mrs. J. E. Willard and daughter, Elva, a short distance east of town, was the scene of a delicious dinner Sunday when a group of relatives and friends were guests of the Willards.

Those present were: Mr. and Mrs. J. B. Roper and daughter, Ruby Mae, Mr. and Mrs. Luther Parks and son, Garland, Mr. and Mrs. Gordon Roper and daughter, Johnnie Beth, Mr. and Mrs. H. M. Lesser and two children, Mrs. Corine Hooker and small daughter, Shirley, of Wheeler and Herbert G. Lesser of Baltimore, Md., who is leaving today for his home after a two weeks visit here.

J. M. Self and daughter, Mrs. Jewel Reeves, of Briscoe, were in Wheeler Wednesday on business.

## Running Casing In Porter Test Well

With the hole bottomed at 6,105 feet, drilling has been suspended in Porter No. 1 oil test well, 6½ miles south of Wheeler, while the 7-inch casing is being run. Although an 8-inch bit has been used below the present casing, some obstruction was encountered when attempts were made to lower the seven. Reaming was resorted to in order to clear up the difficulty. Formation is granite wash and shale.

## POPULAR LEADERS SWEEP NATION—ROOSEVELT-GARNER WIN 46 STATES

FRANKLIN D. ROOSEVELT of New York Re-elected President

JOHN N. GARNER of Texas Re-elected Vice President

Tuesday's national election, with Franklin D. Roosevelt for president and John N. Garner for vice president on the Democratic ticket, seeking re-election over Alf M. Landon for president and Frank Knox for vice president on the Republican ticket, gave the Democratic incumbents

the most decisive approval in many decades of American politics, if not of all time.

In their irresistible sweep of the nation, Roosevelt and Garner won the electoral votes of 46 states, losing only Maine and Vermont. The Democratic standard-bearers secured 523 out of the total electoral vote of 531.

## Wheat Checks Come Monday This Week

Payment Represents Last of 1936 Money on the AAA Wheat Control Program

Announcement was made early this week by Jake Tarter, county agent, that a consignment of wheat payment checks had arrived. The lot consisted of 61 checks calling for the sum of \$5,882.42. A remainder of some 25 or 30 checks are expected within a few days.

These checks represent 21½ cents per bushel on farm allotment wheat, less county association expense. It is also the final payments on the 1936 wheat program which was a part of the AAA setup.

## One Annual Appeal by Salvation Army

Last Saturday W. D. Pedigo, from the division office of the Salvation Army for this area, paid Wheeler a call in the interest of the organization's annual appeal for funds to carry on its program.

"The Salvation Army makes only one solicitation annually," asserted Pedigo during an interview at The Times office. "Any other solicitation is without authority from the organization," he stated before reciting the following service record:

During the past year in this division, 50,000 families have been given assistance and encouraged to better living; jobs have been found for many men and women; more than one hundred girls have been cared for in the maternity homes and hospitals; summer camp vacations have been provided for women and children; and thousands have been won to righteousness. Much of this work is shared by small towns and rural communities.

## Relative of Luther Sides Dies Recently

Luther Sides, well-known Wheeler county farmer, received word Monday that his step-mother, Mrs. T. A. Sides, passed away early last week at the family home in Mt. Pleasant, N. Car. Sides' father, nearing 90 years old, is living.

## STUDY CLUB PROGRAM ON FAMOUS TWIN CHARACTER

The Wednesday Study club met Oct. 28, at the club room for a regular meeting. Mrs. Cora Hall conducted a very interesting program on Mark Twain's "Huckleberry Finn."

Roll call was answered by favorite jokes. A character sketch of Mark Twain was given by Mrs. D. O. Beene. Dreams of Boyhood Made True in Huckleberry Finn was discussed by Mrs. George Porter; Huckleberry Finn as a Tale of Roguery was told by Mrs. Cora Hall; a reading, entitled, A Sociological Experiment, by Mark Twain, Mrs. Melvin Howe.

Those present were Mesdames J. M. Porter, Floyd Pennington, J. W. Barr, D. O. Beene, E. W. Carter, Cora Hall, Melvin Howe, George Porter, and T. S. Puckett.

Dolores Watson spent the week-end in Pampa with her parents, Mr. and Mrs. Al Watson.

## County Club Broadcast Next Saturday

Several members of Wheeler County Home Demonstration clubs will appear in a program to be broadcast over station KGNC, Amarillo, Saturday morning, Nov. 7, states an announcement issued from the office of Miss Viola Jones, home demonstration agent. The half-hour program will begin at 7:00 a. m.

Those who will take part are Mrs. T. C. Harless and son, DeWayne, Magic City; Mrs. Joe Harris, Bethel; Miss Joy Bill Riley, Briscoe, and Miss Ruth Trout, Allison.

## Local Legion Members to Observe Armistice

Post Plans Parade on Wednesday, Nov. 11—Church Program Following Sunday

Preparations are being made by members of the local American Legion post to observe Armistice Day, Nov. 11, which will be next Wednesday. Tentative plans include a parade in the forenoon. Composed of a color guard, Wheeler's Municipal band, ex-service men in squad formation and school children, the parade will form at the school grounds and march to the court house square.

Timed to reach the square at 11:11 a. m., the time when the Armistice was declared, the marchers will face the east in silent tribute to memory of departed ex-service men. Line of march will then continue around the square and return to starting point.

This open-air demonstration depends upon weather conditions that day. If inclement weather prevails, the parade will not be attempted, states a member of the Legion post.

On the following Sunday, Nov. 15, public exercises will be held at the Methodist church, with District Commander Lou Roberts of Borger and W. L. McConnell, member of Kit Carson post, Panhandle, among the out-of-town guests. McConnell, district attorney of the 84th judicial district, will be the principal speaker that day.

Through courtesy of R. H. Forrester, local Legionnaire, The Times will publish in next week's paper the program for Sunday's gathering.

## Baltimore Man Visits Here

Herbert G. Lesser of Baltimore, Md., returned home today after spending two weeks with his parents, Mr. and Mrs. H. M. Lesser, and other relatives in Wheeler and Mangum, Okla., where the Lesser family resided 18 years ago when Mr. Lesser last visited them. He is now employed in mechanical work at Baltimore, where he has been for several years.

## Junior Girl Scouts In Special Program

Guests and Mothers Invited for Founder's Birthday—Variety Numbers Given

The Junior Girl Scouts entertained for special guests and their mothers in the basement of the Methodist church, Friday afternoon, with a program honoring the birthday of the founder of Girl Scouting, Juliette Lowe.

The following program was presented by the Scouts:

Song, "My Mountain Home," talk, The Life of Juliette Lowe, by Presley Guynes; reading, Peggy Nell Badley; in unison, Girl Scout Promise; the Girl Scout Laws; song: "Bagpipes." Discussion of plans for selling Christmas cards, the Girl Scout magazine, "The American Girl," and other phases of Scouting was followed by refreshments served by members of the troop.

Special guests present were Mrs. Roy Badley, Mrs. C. J. Derryberry, Mrs. E. D. Guynes, Mrs. C. J. Meek and Mrs. Ethel Ahler.

Miss Mary Lou McIlhany returned home Monday from Dallas where she spent several days with friends.

## Little Lad Sets Cotton Pulling Record

According to E. D. Andress, his dotting grandfather, little Eldon Andress, 5½ years old, and son of Mr. and Mrs. W. K. Andress living five miles southeast of Wheeler, set a record at cotton pulling—for his age—one day last week. Little Eldon gathered 42 pounds of bolls from 1 to 4 p. m., in cotton belonging to his father that is estimated to yield one-fourth bale per acre.

## Fall Term District Court Opens Monday

Seven-Weeks Session Begins on Monday with Non-Jury Cases for First Week

Opening its November term next Monday morning at 9 o'clock, district court will begin a seven-weeks session, with Judge W. R. Ewing of Pampa, presiding. Other court officials are: Lewis M. Goodrich, district attorney; C. C. Fillmore, county attorney; Raymond Waters, sheriff; Holt Green, county clerk, and W. R. Frazee, court reporter.

According to Court Clerk Green the following schedule of hearings will be followed:

Nov. 9—first week; non-jury.  
Nov. 16—Second week; jury, civil.  
Nov. 23—Third week; criminal.  
Nov. 30—Fourth week; jury, civil.  
Dec. 7—Fifth week; civil, subject to criminal.  
Dec. 14—Sixth week; civil, subject to criminal.  
Dec. 21—Seventh week; non-jury.

The docket indicates a fairly heavy term of court. Among the cases listed are 28 divorce actions.

## Jury—Second Week

Although The Times has previously published names of grand jurors and the complete petit jury list for each week, it again presents the panel for the first jury week, which is actually the second week of court.

Roy Lamb, Levi Reid, John Lewis, Wheeler; Edgar Closs, Henry Sims, T. B. Valentine, L. D. Whidden, W. R. Williams, H. V. Vermillion, J. B. Brown, C. L. Henderson, G. B. Sloss, L. L. Hiltbrunner, J. W. Anderson, J. M. Morgan, Shamrock; B. F. Graham, Dick Anderson, Lela; R. A. Hill, F. L. Hones, R. G. Rushing, Texola; S. E. Arnold, R. C. Martin, Cicero Vitlow, John Dunn, J. F. Williams, J. E. Hathaway, L. D. Smith, F. P. Adams, C. L. Lowrie, George Robison, O. W. Elliott, G. A. Brown, John Short, Mobeetie; E. H. Kramer, McLean; L. J. Ledbetter, C. F. Hefley, Lloyd Morris, C. H. Forster, Briscoe; L. C. Beaty, Twitty; E. F. Rice, Sweetwater.

## Weather to Season's Low Early This Week

Stiff Norther Sweeps Panhandle Temperature Readings to 20 Degrees Above

Following a period of mild weather over the week end, southerly gales Monday veered to the north late in the day, bringing new lows for the season. Readings of 20 degrees were reported both Tuesday and Wednesday mornings.

Much vegetation that had resisted the frost of a week ago and previous light freezing, shows the effect of the latest forerunner of winter weather.

Yesterday brought more moderate temperature while today has been clear and pleasant except for a south breeze with a tang in it.

## Methodist Ladies In Prayer Week Program

Conduct All-Day Session at Church on Wednesday—Have Covered Dish Luncheon

The Week of Prayer was observed Wednesday with an all-day program at the Methodist church.

Mrs. W. M. Adams was leader of the following program: The Guest of God Through Silence, by Mrs. Jack Badley; the Guest of God Through Intercession, by Mrs. J. D. Merriman; the Guest of God Through Working with Him, by Miss Beulah Hubbard. Immediately following the covered dish luncheon, served in the church basement, Mrs. Jack Badley sang a solo.

The afternoon subject: Extending Our Rural Work, was discussed by Mesdames Roy Badley, Melvin Howe, E. T. Cosper, D. A. Hunt, and J. A. Bryant. Mrs. H. M. Wiley had charge of the closing program on Foreign Mission Work, assisted by Mrs. J. M. Lawrence, Mrs. Fred Farmer and Mrs. E. T. Cosper.

Mrs. J. D. Merriman exhibited a silk patchwork quilt donated to the W. M. S. of the Methodist church by the late Mrs. Fannie Helm, 20 years ago, to raise money for the Heroshami girls' school in Japan. The quilt is now the property of the donor's daughter, Mrs. T. P. Morton, of Wheeler.

Those attending were Mesdames W. Adams, H. M. Wiley, J. M. Lawrence, Fred Farmer, E. T. Cosper, L. B. Lee, Cora Hall, J. D. Merriman, J. A. Callan, Ollie B. Hubbard, G. L. Wren, Buck Britt, J. A. Bryant, T. M. Britt, J. E. Cox, John Ficke, Roy Badley, Jack Badley, Melvin Howe, Robt. Bowers, D. A. Hunt and Misses Beulah Hubbard and Louise Britt.

## PAMPA'S FRIENDLY GESTURE

Pampa's recently announced attitude toward paving the 14-mile Laketon gap on Highway 152 deserves the friendliest interest of Wheeler people. When the proposition of WPA assistance in providing work projects came before the Pampa board of city development, the highway department asked if the body favored paving the Laketon gap or preferred to scatter available funds in various and sundry local improvements.

It was pointed out that if Gray county did not want the gap paved that some \$60,000 set aside for the job would be transferred to some other undertaking. Of course other needful projects exist in Pampa and Gray county. Yet after deliberation and study, the board informed the highway department that the highway link had first preference.

In all probability, the board would not claim its action wholly unselfish, if pressed on that point. Yet this would not detract from the wisdom of its decision. In a sense such a course is well-nigh imperative.

Just a short time ago the infamous Jericho gap on Highway 66 was paved and opened to travel in a huge dedication program. Its completion affords an all-the-way paved road to Amarillo. In bad weather people from this sector having occasion to visit Amarillo will favor that route in preference to going via Pampa and the Laketon dirt road gap. Likewise, improvement of the Laketon strip will retain travel over that route.

There is a reported shortage of WPA labor in Gray county. This may affect the road project or other enterprises of similar nature to some extent.

Commenting on the decision by Pampa authorities to favor road improvement, the Pampa Press observes:

Logical was the decision of the county planning board recently to favor concentration on a few projects rather than a wholesale endorsement of many. The board decided that it wanted that appropriation of \$60,000 to be used in paving the Laketon gap on Highway 152, east of Pampa. No matter what project is favored, there will always be those who believe that some other crying need should be first fulfilled. As it is impossible for a child to make a decision and abide thereby in a selection of candy, so too is it impossible to decide on improvements that will please everyone.

Regrettable in all these projects that are financed principally by federal funds, all over the nation, is the grabbing-while-the-grabbing-is-good spirit. Too many states and cities regard Uncle Sam as a perpetual Santa Claus. It is time that states and cities took care of their own problems and ceased making the federal funds the goat for their own profits.

In the face of Pampa's gesture, Wheeler county could well afford to reciprocate, especially in all legitimate efforts toward completion of Highway 152 across this county, eventually making the road a tourist route from the east to Colorado and north-western points. Few things—possible to obtain—can equal a flow of tourist traffic through Wheeler, and this project offers an opportunity to attract such.

## SENATOR SMALL WINS AGAIN

Senator Clint Small has again demonstrated his great leadership in the Texas senate, and rendered to the state a service for which all taxpayers should extend him thanks.

Senator Small stepped into the breach when it looked like the called session would be a failure in passing any sort of old-age assistance. He revamped the tax raising bill so that real money will be placed in the state treasury, and at the same time reworded the old age assistance so that those really entitled to this aid may be able to secure it, while those not entitled to old age assistance will be kept off the rolls.

Of course this is not satisfactory to a lot of politicians who have sought to fool the old people into thinking that every person in the state would receive \$15 from the state

## Title Abstract Co.

and an additional \$15 from the federal government.

The frankness of Clint Small is to be greatly admired. He does not try to fool the people. He does not believe that everyone should receive a pension from the state regardless of their circumstances. He believes that all who are able to support themselves should continue to do so. He believes in supporting the institutions of the state, but is not foolish enough to advocate a bankrupting high tax just to support institutions, or to pay old age assistance.

He has convinced Governor Allred and a majority of the legislature that old age assistance must be limited before the state is bankrupt and taxes are so high that they cannot be paid.

Senator Small has saved the legislature from embarrassing situations many times during the eight years he has served in the senate.—Canyon News.

## THAT RELIEF ISSUE

Now, with the election over and the question of president for another four years settled, many of the great issues of the last few years are still unsettled and will be the great issues of the immediate future as well.

One of the greatest, most difficult and most perplexing of those issues is relief. It is great because it affects millions of Americans. It is difficult because there are a thousand and one ideas as to how it should be handled. And it is exceedingly perplexing because the relief rolls have increased at a time when industry was rapidly improving and gainful employment was also increasing materially.

Four years ago, federal relief was something new in American government, and the wisdom or folly of it were much debated. Today both major parties subscribe to federal relief, and the difference between their stands is one of method rather than of principle.

Why have the relief rolls increased while business was improving? First, here are the actual figures, taken from a recent issue of the United States News:

In July, 1933, when business was slowly starting up from the bottom reached in 1932, there were 3,908,000 persons on relief. In July, 1934, when business felt a real surge of recovery, there were 4,400,000 persons on relief. In July, 1935, when a number of important industries began to approach "normal" levels, there were 4,475,000 people on relief. In September, 1936, when the general business index was somewhat ahead of the 1923-25 "normal," and when some industries had exceeded even their 1928-29 boom-period experience, there were 4,547,000 persons on relief. (These relief totals include employees of the PWA, those supported by other Federal agencies, and those "unemployables" who are now supported by states and cities. Totals do not include CCC members.)

Federal relief officials, of whom Harry Hopkins of the WPA is chief, see nothing hard to explain in this apparent anomaly of better business and more indigents. They say that the majority of the unemployed stayed off relief, for some time, receiving support from friends and relatives, but that as these sources of income dried up, they were forced to go on relief. They also say that many unemployed people manage to pull through with their own savings, and that when these people go back to work the relief total is not changed. They point out that drought boosted the relief rolls. And they also point out that industry tends to take back into employment first those who were discharged last—the most skilled and necessary workers. As most of these workers were unemployed for a relatively short time, they did not go on relief to any great extent.

There is another explanation, often made by union labor leaders, to the effect that technological advances in industry—which simply means the replacement of men with machines—have destroyed hundreds of thou-

sands of jobs in the last few years.

But a conservative economist, Joseph Stagg Lawrence, writing in Scribners, says that census figures show that in the 60 years from 1870 to 1930, which was a period of extraordinary technological progress, "the population increased 218 per cent. In the same period the total gainfully employed rose 278 per cent. The manufacturing and mechanical industries, in which the most impressive technological changes have taken place, show an increase of 414 per cent in jobs." It is the general contention of such economists that technological progress may force men to change jobs, but that it always increases the total of jobs. Prime example of this is the automobile. It killed a big industry—the manufacture of horse-drawn vehicles—but it created half-a-dozen still bigger industries, such as tires, gasoline, repairs, etc.

Still another point of view is that our soaring relief rolls are the inevitable result of an over-generous government. Holders of this idea say that many men would rather take \$10 a week on relief than work for \$15 a week. Lawrence believes this, and says: "With business recovery eliminating the cyclical factor, continuing unemployment must be laid squarely at the door of governmental indulgence."

There are the main different points of view—all opposed, all conflicting, and all convincingly expressed by their various spokesmen. They serve to indicate how great a problem relief is—a problem that goes beyond partisanship in politics, and that will hold the headlines whether the donkey or the elephant is in power in Washington.

## Our Exchanges

Items of interest culled from newspapers on The Times' exchange list.

It is all very well for people to talk about the depressed classes, but the most depressed class in America consists of energetic men who want to push this country ahead and are being held back from doing so. It is all right to talk of devoting billions to caring for the sick and aged, and even the incompetent—but, the well, youthful, and competent must be permitted to make the money with which that noble task may be pursued.—Memphis Democrat.

"Have you got your pension yet?" You hear that question often. It means a lot to those who are practically helpless. At the same time that the liquor board collected \$406,126.40 during September, it took \$138,681.95 to pay salaries and expenses of those doing the collecting. Twenty-five per cent of what was left went to the schools and fifteen per cent for the old age assistance permanent fund. Do you know what was left to pay old age pensions? Well it was just \$170,495.84.—Donley County Leader.

A marriage of much interest to the people of the north plains, was solemnized at Austin, Texas, on Oct. 18, when Miss Inez Earl of Hamilton, became the bride of Miles O'Loughlin, son of Mr. and Mrs. W. M. O'Loughlin, pioneer residents of Roberts county. The happy young couple arrived in Miami Sunday to make their future home, after a honeymoon trip to Monterey, Mexico.—Miami Chief.

Arlis Hutchinson, son of Mr. and Mrs. C. J. Hutchinson, former residents of Ochiltree county, is a star on the Baton Rouge high school football team. He is playing half-back. Arlis is a grandson of Mr.

and Mrs. K. K. Thomas of this city. His father was at one time county farm agent in this county and is now a member of the faculty of Louisiana State university.—Ochiltree County Herald.

Regardless of who is elected president Nov. 3, there will be plenty of talk the day after by "I told you so" prophets.—Elk City (Okla.) Journal.

Pete Traxler, notorious Oklahoma outlaw, was taken to state penitentiary at Huntsville, last Saturday, to serve his life sentence. Sheriff Walter Jones and Mrs. Jones took Traxler to Huntsville in their car. They left Canadian about 8 o'clock Saturday morning and arrived at the penitentiary with their prisoner about 4 o'clock that afternoon.—Canadian Record.

Wheat farmers in the county have been enriched to the extent of \$137,000 by checks received Monday at the county agent's office from the 1936 AAA wheat program. Representing all payments on the 1936 wheat program, the amount received Monday was the largest amount ever received in this county at one time from any government.—Floyd County Hesperian.

Vernon Gabel, 4-H club boy of the St. Francis community, is the first club member in Carson county to sign up to produce certified grain sorghum seed. Vernon will have a 10-acre demonstration plot which will be acre demonstration plot which will be planted on the contour with seed furnished by Purity Seed Farms, Muleshoe.—Panhandle Herald.

Harmon Jones, son of Mr. and Mrs. Ernest Jones, who live east of town, received an injury Sunday when he fell from a farm wagon while at play. He was taken to McLean and an X-ray made of his right hip, which disclosed that a small piece of bone was broken from the lower hip bone. He is reported recovering nicely.—McLean News.

EVERY ROAD IS AN OPEN ROAD NOW

SAY HUNDREDS OF DIRT ROAD DRIVERS

## SPECIAL Tractor-Grip TREAD PULLS YOU THROUGH THE TOUGHEST SPOTS without chains!

● Dirt road drivers! Here's welcome news. No more spinning, slipping, stalling on soft, slushy roads. Goodrich engineers have built a special new tire for passenger cars and light trucks that will give you continuous traction in the toughest-going—and without chains!

When the roads are thick with mud, these Super Traction Silvertowns bite through to solid footing—dig in—grip firmly and pull you through. The tread of this new tire is double-deep and open. The wide spaces between the cleats prevent clogging. Mud and other loose material is thrown clear of the tire giving positive traction at all times, plus comfortable riding and easy steering on all types of roads. See us today about a set of these amazing Goodrich Super Traction Silvertowns with Life-Saver Golden Ply blow-out protection. They'll serve you long and faithfully. Yet imagine! You pay no price premium for them!

For comfort in Winter driving, let us install a

**THE BROADCASTER**  
KELLERVILLE, TEXAS

**MISS FORD IS NAMED  
QUEEN AT KELLERVILLE**

One of the most successful and interesting contests that has ever been sponsored at the Kellerville school ended at 9 o'clock Thursday night at the school building, during the annual Hallowe'en carnival. This contest marked Miss Dessie Mae Ford as queen of the seventh grade class. Miss Ford is one of the most popular young ladies of the school, as well as the community. Her race for queen was closely matched by Miss Glennes Savage, fifth grade contestant, followed closely by Miss Virginia Blackerby, sixth grade contestant.

At the winning of the contest, Miss Ford chose as her king, Junior Crossland, popular student of the seventh grade. Immediately the procession, consisting of the seventh grade students made their march to the stage, followed by the attendants, Glennes Savage and Virginia Blackerby, King Crossland, and last Queen Ford. The queen was royally crowned as the attending group knelt in her behalf.

Miss Ford was dressed in a dark shade of green and black accessories, while Crossland was dressed in royal black and light trousers. The student procession was dressed in beautiful Hallowe'en costumes.

Class members attending their queen were: Cleo Faye Shelburne, Edna Mae Mullin, Bonnie Cumbie, Earline McPherson, Jean Durrett, T. J. Saye, Tasso Pugh, Leonard Saye, Kenneth Young, Clifford Young, Charles Wright, Harley Cumbie, Harley Barnett, Leroy Harris, Junior Crossland, Wilfred Newberry, Carl Hendren, Beovia Bullard, Paul Miller, Harwell Hall.

Total made at the carnival was \$103.00.

**Mrs. Crossland Entertains Group**

A party was given Friday evening at the home of Mr. and Mrs. Irving Crossland in honor of the junior department of the Baptist Sunday school.

Many interesting games were played, the most effective being the game of explorer.

At a late hour refreshments of weineburgers, and popcorn balls were served to the following: Rev. I. J. Lloyd, F. G. Cecil, W. W. Brister, Beovia Bullard, Flint Berlin, Charles and John Carter, Frank Kendall, Junior Crossland, Marion Crossland, Etsel Skipworth, Donald Fiene and Mr. and Mrs. Irving Crossland.

**Royal Camp Enjoys Hallowe'en**

A large crowd was present at a giant Hallowe'en party given in the royal camp Friday evening. Every home connected with the Royal company was represented. Several visitors were present at given invitations of those in charge. This event is an annual affair, having been staged for the past two years under splendid direction of some of the employees' wives.

Miss Christian Legg, teacher at Kellerville, had charge of decorations and amusements, which consisted of a fortune telling device which proved to be very successful. Other interest-

ing and amusing games were played, followed by delicious refreshments. Homes represented at the event were: Seeley, Chapman, Woolfe, Hayhurst, Boyce, Drum, Jones, McAnally, Miss Legg, and Miss Gaile Stanley.

**Local News Items**

Mr. and Mrs. Percy Bones and daughter, Carolyn, of Shamrock, called at the A. B. Crump home Sunday afternoon.

R. D. Douglas of Dixon was called to Wichita Falls Wednesday on account of the serious illness of his sister, Mrs. R. L. Eades.

Mesdames Nelson Porter, Roy Puckett, Ed Watson, T. S. Puckett and Cora Hall all motored to Pampa Monday afternoon and shopped.

Trade your old suit or topcoat for a new one. Bill Perrin, City Tailor Shop.

Mrs. Clarice Fisher, who has been living on South Canadian street in the E. G. Pettit property, will stay at the home of her parents, Mr. and Mrs. D. E. Holt, for this winter.

Mrs. J. A. Hall and sister, Miss Loutie McIlhany, of Shamrock, were Saturday afternoon guests of their brother, Mr. and Mrs. M. McIlhany, and Dr. and Mrs. V. N. Hall.

Mrs. J. E. Willard and her father, J. B. Roper, and Herbert Lesser of Baltimore, Md., motored to Mobeetie, Thursday of last week where they were guests of Mr. Roper's son, Charlie Roper, and family.

Need a new suit? Ask about our \$1.00 per week payment plan. Bill Perrin at City Tailor Shop.

Mrs. Robt. Bowers went to Mineral Wells Tuesday of last week to attend the grand chapter of the Eastern Star lodge. Her daughter, Mrs. L. F. Johnston, of Trinidad, met her there and Mrs. Bowers accompanied her home and spent the week end, returning to Wheeler Tuesday.

Mr. and Mrs. A. B. Crump and niece, Gloria Stanley, of Skellytown, returned last Wednesday night from a trip to the Centennial. Mrs. Crump took Miss Stanley home Thursday and returned Saturday by way of Amarillo, where she visited relatives.

Dr. and Mrs. V. N. Hall have moved to rooms upstairs over the City Drug store for living quarters. Dr. Hall has been here for several months and has his office located in the room formerly occupied by Dr. W. I. Joss. Mrs. Hall remained in Altus, Okla., and attended to some business until last week.

Mr. and Mrs. Tobe Giles and children, Edward and Virginia, of Gruver, came Saturday and had Edward's tonsils removed at the Wheeler Hospital Saturday afternoon. They were guests of Mr. and Mrs. Bill Cooper and Mr. and Mrs. Ray McPherson, while in Wheeler. They returned home Sunday afternoon.

**Club Notes**

Happenings of Interest by and for Home Demonstration Club Women of the County.

Converting the kitchen into a real work shop, dining room and milk room has been accomplished by four co-operators and one demonstrator in the Bethel Home Demonstration club during this past year.

Mrs. Roy Oswalt has remodeled her walls so that no sand comes in, except at the windows, during a bad sand-storm. These walls have been covered with gray colored oil cloth and the floor has a new linoleum cover. A New Perfection cook stove makes getting the meals a pleasure. A new separator table has been added and new linoleum work table and cabinet tops, with the new window curtains and refrigerator, will make the kitchen complete as soon as the sink has been installed.

Mrs. Joe Harris has a new sink, a storage tank and the water piped in and out.

To add to the convenience of their home, Mr. and Mrs. H. A. Harris have added a kitchen which is nearing completion. All walls in the home have been repapered. Just give them a few more days and the neighbors will all think she has been kitchen demonstrator.

Mr. and Mrs. Strassmore Harvey have a built-in cabinet that has a place for everything and everything in its place. The color scheme of ivory and green make it beautiful. The new refrigerator, ironing board, separator, washing center and breakfast nook table take care of all the necessary kitchen tasks. Another added feature that gives comfort and convenience is the electric lights that are kept going by a windcharger.

Mrs. Burley Morgan, kitchen demonstrator, tells her own story in these words:

"The thing I like best about my kitchen is that I have a place to put away everything, and when I have finished my work everything is put away and my kitchen looks neat and tidy.

"I knew that built-in cupboards and sink would lighten my work but it really helps more than one would ever think, and makes work in the kitchen a pleasure instead of drudgery.

"My kitchen is 12x14 feet. It is not only kitchen, but dining room and milk room as well, so it is necessary to make every foot of space count to best advantage.

"Since I have built in a cupboard to hold dishes, kitchen linens, cook books and other things, I have put my spices, flavoring, soda, salt and other small articles needed in preparing a meal, in the top of my cabinet, while the lower drawers hold flour, sugar and meal. The refrigerator is next to the cabinet and I can prepare a meal with very few steps.

The sink saves so much work for both myself and husband, as we carried all the waste water to the hogs. The water is now piped from the sink to the hog pen. We have a pump in the house from the cistern.

"My walls, ceiling, and cabinet, cupboards and table are painted cream color while the dining table and chairs are painted jade green.

Expense for paint, sink, lumber and catches has been \$5.40. We used some lumber that we had on hand in building cupboards."

The other members of the club have added 1 sink, 3 built-in cabinets, 2 cook stoves, 5 walls repapered, 3 pair new curtains, 3 floors refinished, 5 new refrigerators, which makes about ninety per cent of the club members owning refrigerators and 3 having power washing machines.

The Kellerville 4-H club met Oct. 1 in the home of Mrs. Alf Taylor. "Learn to whine and whine at the right door," Miss Jones quoted Dr. Montgomery in her review of his lecture delivered to the business men of the Panhandle.

The ladies spent part of the time working on their candlewick bedspread.

After the regular program they decided to have the demonstrations on cooking eggs and chicken at a meeting the first Thursday in November, which is to be a covered dish luncheon at Mrs. Luther McCombs'. We invite those who are interested in the work to meet with us. The next meeting will be Oct. 15, at 1:30 p. m., with Mrs. Kendall.—MRS. T. E. YELLD-DELL, Reporter.

Learning the arts and crafts would appear to be the goal of the Briscoe Home Demonstration club. At a recent meeting, the members worked diligently on a tufted bedspread while carrying on the business session. Election of officers resulted as follows: President, Mrs. Clarence Zybach, re-elected; vice president, Mrs. Bob Greenhouse, re-elected; secretary, Mrs. Bob Ramsey, re-elected; parliamentarian, Mrs. C. H. Candler; reporter, Mrs. John McCarroll; song leader, Mrs. Vice.

Trade your old suit or topcoat for a new one. Bill Perrin, City Tailor Shop.

**Eighth District  
P.-T. A. Notes**

The observation of American Education week from Nov. 9 to 16 is being called to the attention of every organization that is interested in the furthering of educational interests. The theme of the week is "Our American Schools at Work," and Parent-Teacher associations are co-operating and urging that schools be visited during the week.

Mrs. J. M. Crain of Amarillo is both the district and state chairman of school education of the Texas Congress of P.-T. A., and she is urging that the eighth district P.-T. A. units observe the program by visitation of local schools wherever possible.

Mrs. Crain is a past president of the eighth district, past fourth vice-president of the Texas Congress and was in charge of state publicity for a number of years.

Associations who are interested in attaining the standard and superior rating for their organizations may obtain points toward their objective by organizing a "parent listening group" while the radio programs are being broadcast by the different as-

sociations in the Panhandle.

The Petrolia P.-T. A., working this year under the guidance of Mrs. Brack Shirley, has a full program planned for the year and is sponsoring several programs to raise money for the installation of a radio in their school. They are also working on their annual membership drive campaign and hope to establish a new record.

Hats cleaned or blocked. City Tailor Shop.

Miss Dorothy Mae Burgess came home Monday from Borger where she has been staying with her sister, Mrs. J. E. Haynes, and family for the past two weeks.

Among those from Wheeler who attended the home coming at W. T. S. T. C. at Canyon Saturday were Supt. and Mrs. J. L. Gilmore, Mr. and Mrs. B. T. Rucker, J. B. Rucker, Miss Bessie Beene, Miss Florence Merri-man, Miss Lois Kirby, Miss Imogene Holbert, Stina Cain and Max Wiley.

**NOTICE TO CONTRACTORS**

Notice is hereby given that sealed proposals for the furnishing of all labor and materials for the construction of a one-story brick and tile school building, will be received by George Berlin, secretary of the School Board, Gracy Common County Line School District No. 4, at his office in Kellerville, Texas, until 2 p. m. on the 21st day of November, 1936, at which time and place bids will be opened and read.

The proposal will embody statements to the effect that the bid is accompanied by a bid bond or certified check upon some solvent bank payable to the Board of Education of the Gracy Common County Line School District No. 4, which bid bond or certified check shall be in a sum not less than 5% of the maximum bid, with the understanding that if the proposal is accepted the bidder, within 10 days after receiving written notice thereof, will enter into a contract and give a performance bond in full amount of the bid for such work. In case of failure of the successful bidder to enter into a contract and give an acceptable performance bond, the said check shall be forfeited to the Board of Education of Gracy Common County Line School District No. 4 as liquidated damages, otherwise it will be returned to the bidder.

The proposal will also embody statement that the bidder (1) is transmitting a statement from a recognized surety company that said company will furnish the bidder all the necessary bonds and insurance policies required on said project; (2) will furnish the required labor bond; (3) will furnish insurance policies covering adequate liability and property damage, workmen's compensation, and contractor's contingent liability; (4) is transmitting a record of experience, financial standing and general qualifications; and (5) is specifying the maximum number of weather working days to complete the project.

Bidders desiring plans and specifications may secure the same from the Butler Company, Architects, Lubbock, Texas, upon the payment of the sum of \$25 which sum shall be refunded if and when said plans and specifications are returned in good condition within 5 days after the date of the opening of bids.

Proposals must be transmitted in accordance with the detailed plans and specifications on the forms prescribed for that purpose and the Board of Education of Gracy Common County Line School District No. 4 reserves the right to reject any and all bids and to waive all technicalities.

Ordered by the Board of Education of Gracy Common County Line School District No. 4, Wheeler County, Kellerville, Texas, this 26th day of October, 1936.

F. M. BALLARD, President  
GEORGE BERLIN, Secretary.

(Intended for Last Week)

The Baptist W. M. S. met Monday afternoon, Oct. 26, with nine members present in the home of Mrs. George Henderson. During the business meeting Miss Mable Davis was appointed Sunbeam leader. We earnestly invite all the smaller children to the meeting on Sunday evening, during the B. T. U. hour.

The lesson was from the mission book taught by Mrs. Claude Davis. Refreshments were served to Mesdames J. F. Rathjen, Mack Scott, H. Jenkins, John Reese, Claude Davis, John Hodge, Kate Williams, J. A. Tucker and the hostess.

**Mobeetie Happenings**

(Times Correspondent)

John Henry Ruff was born Sept. 18, 1880, in Mississippi and died Oct. 20, 1936, at the age of 56 years, one month and 12 days. Funeral services were held at the Baptist church Saturday at 3 o'clock by Rev. John Morgan. Interment was in charge of N. M. Hunt, funeral director.

James Hurst of Vinson, Okla., was in town Saturday, visiting friends. Mrs. Robert Galmor and son of Wheeler spent part of last week with her parents, Mr. and Mrs. J. L. Seitz.

Robert Burgess of Canyon was in town Saturday on business.

The second grade enjoyed a Halloween party given by Miss Larue Flanagan Saturday evening at the

home of her mother, Mrs. H. L. Flanagan. Games were enjoyed through the evening.

Mrs. W. C. Ring, who moved to Portales, N. Mex., a few months ago, was back Saturday to attend to business.

Miss Fern Cook of Dixon spent the week end with Miss Marcey Slaughter.

The school carnival was a big success Saturday night. After expenses were paid \$100 remained.

A dinner bridge party was given in the home of Mr. and Mrs. Floyd Adams Monday evening. Those present were: Mr. and Mrs. Warren Trout, Mr. and Mrs. Sam Oates, Mr. and Mrs. Jim Hathaway and Mr. and Mrs. Floyd Adams.

Mr. and Mrs. Frenchy Bistro and children returned Friday from their vacation which was spent in San Antonio and Dallas. Her mother, Mrs. Williams, accompanied them home.

Mrs. Fred Gordon and son and Miss Bonnie Nell Cox of Pampa visited Mrs. S. P. Heare Tuesday.

Mr. and Mrs. Tot Lane were called to Berger due to illness of his father, Tuesday.

**Movie Chatter**

By a Rogue

**Zane Greys' Drift Fence**

For Friday and Saturday fare at the Rogue, movie-goers will have an opportunity to see another one of those famous Zane Grey novels, Drift Fence, featuring Buster Crabbe who played the leading role last week in Nevada. It is a story of the wide open spaces where men are men and bronc riders are real cowboys. Also, Popeye the Sailor will be there for your entertainment.

**Picadilly Jim**

When Robt. Montgomery comes to town that is something, but when beautiful Madge Evans comes with him that makes it an occasion to really sit up and take note. Then consider that the author of this costarring vehicle, Picadilly Jim, is none other than P. G. Wodehouse. Let your conscience be your guide, and meet your friends at the Rogue Monday and Tuesday, Nov. 9-10, and see Picadilly Jim.

**Early to Bed**

Watchnitters will be delighted to learn that the management of the Rogue has arranged to bring an honest-to-goodness, belly-laugh-getter to the screen for Thursday, Nov. 12. Charlie Ruggles and Mary Boland head the cast of Early to Bed which is built for merriment. You may be no wiser after seeing this family comedy but you will enjoy every minute of it.

**YOU ARE INVITED**

to call and see for yourself the special prices prevailing on many staple and fancy lines of quality foodstuffs. So confident are we that a pleasant surprise is in store for those who accept this invitation that we urge its acceptance in the spirit in which it is extended—to obtain for us more business and to serve the buying public with first-class groceries and kindred merchandise sold here.

Come in and look around there is no cost attached and you will be sure to find several big money-saving values.

**M. McIlhany**

GROCERIES—DRY GOODS

Edited Weekly by Journalism Students of Wheeler High School.

VOLUME XI—NUMBER 10

THURSDAY, NOVEMBER 5, 1936

WHEELER, TEXAS

## Shamrock-Wheeler Game Due to Be Season's Best Battle

### Gallant Mustangs Invade Shamrock

Local Eleven Leaves Tonight for Crucial Game of Season

The steady moving football machine of the Wheeler high school will face their real test Friday night, when they meet the up-and-going Shamrock Irishmen on Denver field in Shamrock. Both of these teams are undefeated in conference and non-conference games. The winner of this game may decide the conference championship, in case both elevens win the remainder of their games.

Although the Irish lads have Wellington and McLean yet to play, the Mustangs have defeated both of these teams.

Feeling good after their victory over the strong McLean Tigers, the Wheeler Mustangs are working in earnest in order to be ready for the Irishmen of Shamrock.

Blocking, tackling and running plays are the main features in this week's practice, although there are many other factors in connection with this week's workouts.

This game is expected to be the toughest the Mustangs and Shamrock elevens have ever played since they have been competing against each other. It will show two of the best backfields in the district. The Shamrock Irishmen have a splendid back in Weldon Rook, who is a hard-running back that is hard to stop.

The Mustangs can show just as much in the giant boy, W. J. "Big" Ford. He has carried the brunt of the attack for the Mustangs most of the year and is one of the hardest backs in the district to stop.

Both of these lads are triple-threat and are almost sure of all-district honors. Rook of Shamrock weighs 182 pounds, while Ford weighs 190 pounds.

Last season the Mustangs lost to the Irish by 12 to 0. Season before last, they were defeated to the tune of 43 to 13, and it has been seven years since the Mustangs defeated the Shamrock eleven.

The popular sentiment seems to be that it would be swell revenge for the Mustangs to win over the Shamrock eleven, just for a change, anyway.

The probable starting line-up will be.

Ends—Emler and Maxwell.  
Tackles—Tillman and Shipman.  
Guards—Whitener and Badley.  
Center—Weeks or Tucker.  
Backfield—Ford, Norman, Cole and Groves.

## "Queen of Football Title" to Go to Unknown Wheeler Hi Girl

### FOOTBALL QUEEN RACE DEADLOCKED

Votes Pouring in Swiftly While Closing Time Draws Near

The football queen race is at full speed this week. The girl receiving the most votes will be crowned on the gridiron the night of the Wheeler-Lefors football game. A very elaborate program has been planned for the occasion.

There are to be special voting days. The votes will count double on those days. One cent counts 100 votes on ordinary days.

To acquaint the voters better with the contestants a sketch of each is given.

Wave Wallace, sponsored by the Crump-Mundy Service station, is in her senior year of high school. She was the president of the Spanish club last year and a member of the Home Economics club two years.

The senior class is running Clarice Robertson. She lives in the Locust community. Clarice is a member of the Home Economics club.

Lula Barr, candidate of J. P. Green & Son Hardware, is a member of the junior class, Home Economics club and a "pepper" for the Mustangs.

The junior class put up Louise Veale as their princess. Louise is an active member of the Home Economics club and the Spanish club.

Bonnie Adams, senior, is representing Beasley's grocery. She has been

(Continued on Page Four)

### AN INVITATION

Football is a game that takes stamina to play. We are indeed happy that the boys who have so courageously upheld the colors of Wheeler High School have been able to show that stamina unflinchingly. And, whole doing so, have done it cleanly and fairly.

Let us as a community stand solidly behind this group and encourage their sportsmanship, by turning out en masse and attending the game at Shamrock.

Superintendent J. L. GILMORE.

\* \* \* \*

The team feels that it owes a great debt to the people of this community. With your support, by attending the game in Shamrock tonight, I feel satisfied that the team will do their best to cancel that debt with the best playing that every man on the squad is capable of doing.

Head Coach BOB CLARK.

\* \* \* \*

Don't miss this game—the hardest one of the season. On it stands our chances of succeeding or failing in the conference this year. Attend it, and I believe that you will never regret it.

Assistant Coach STINA CAIN.

### Band Caps Ordered; Coats to Be Ordered

Caps have been ordered for the band. They will probably be in today. Coats are going to be ordered for the band members as soon as enough funds are raised.

The band will be ready for the game tomorrow night in full attire. The full 40-piece band will be there. The boys are going to wear the football boys' sweaters and will wear black trousers.

The band will leave on the bus about 6 o'clock for Shamrock. They will start parading at the north end of town about 6:30.

J. W. Lummus states: "The band has five new marches, which have never been heard, that will be used during the football game tonight."

"It takes a band to help win a football game they intend to do it," Lummus went on to say.

### BLOCKING POSTS BUILT FOR FOOTBALL WORKOUT

Four posts were erected by the bus drivers and the janitor on the school ground the past week.

These posts were put up to be used by the football boys in practice. An old tow sack was wrapped around the posts and filled with cotton hulls so as to soften the shock while the Mustangs practiced blocking.

### Room Mothers Meet to Plan Projects

A meeting of the room mothers met Oct. 29 at 3:20 in the afternoon. Mrs. Cora Hall was elected as secretary-treasurer.

Some of the projects to be undertaken by the room mothers are:

1. Physical examination of all students from high first to the seventh grade.
2. Donations of books and magazines by anyone who has them on hand.
3. Act as hostesses to their respective rooms at different times, such as Thanksgiving and Christmas.
4. Aid in securing helpful materials which cannot be secured otherwise.
5. Regular monthly meeting of the mothers.
6. Donations of pictures and flowers to the rooms.

### WHEELER BAND IS PARTIED FRIDAY

The Wheeler Municipal band was given a party in the American Legion hall, Friday night, Oct. 30. The party was held after the Wheeler-McLean football game. Bingo was played by those who attended.

At a late hour, refreshments of cocoa and cookies were served. An enjoyable time was reported.

### Cold Weather Brings Misery to Underclad Children In School

It was almost time for school. A small child six or seven years of age came hurrying up the walk. Although his feet were bare and his trousers were worn, he looked happy.

Perhaps this look of happiness was because he was glad to be in school, even if his clothes were scanty and worn.

"My trousers are not as nice as John's, but my report card has all A's anyway," might have been his thoughts as he rushed into his room.

Scanty clothes are often the cause of children not attending school during cold weather. Why couldn't some organization see that more children of the city have warm clothes to wear to school?

**Aim:** To record accurate accounts of school happenings interestingly.

THURSDAY, NOVEMBER 5, 1936

## OUR ACTIONS

We are an example everywhere we go. How often we forget who we are and what we represent when we attend an exciting ball game. Little does a person know who is watching him, or at what moment he will be called to account for his behavior. We should watch our attitude toward other schools when we go anywhere.

The next time we go visiting, let us remember that we are being watched and let us not do anything that we will regret.

## OUR BEST FRIEND

Do you like to try to read torn books? Why, of course you don't. Then why do you tear the library books up? You know yourself that you don't like to read torn books and neither does the other fellow.

We have just received several new books for the library and everyone should do their very best to keep the books new.

If you are reading a book that is interesting and come to find out there are several pages gone in the most interesting part you are disappointed. So is the other student who gets that book.

Some of the books may not be interesting to you but be careful with it just the same. There may be a student right there to grab that very book when you turn it in.

All books should be watched after and not left out in the rain or some place where they will get soiled. The new books were selected with the student body's interest in view. They are to be read and not to be thrown around like trash.

The student body as a whole has been pretty fair in keeping the books in good shape and we hope they will continue.

If a student tears up a book he is just hurting himself and his classmates. He is not spiteing the teacher or anyone else.

It is now up to you, if our library decreases or increases. If the student body will co-operate with the teachers they can make the Wheeler library one of the best libraries in Texas.

So students, PLEASE be careful with all of the library books.

## Self Rating Test

### Poise:

1. Can you preside with ease at group or club meetings?
2. Do you feel at ease when carrying on a conversation with older people?
3. When you give a talk before a class or club, do you fidget with articles of clothing and jewelry?
4. Are you at ease when receiving and making introductions?

### Sincerity:

1. Do you tend to exaggerate?
2. When friends confide in you, do you keep confidences?
3. Do you promise to do one thing and do another?
4. Do you talk and think the way the crowd does, regardless of your beliefs?
5. Do you flatter people unnecessarily?

## FREE SHOW FOR THE WHEELER MUSTANGS

A show entitled, "The Rose Bowl," was shown at the Rogue Theatre last Wednesday afternoon at a special matinee for the benefit of the school students.

The football boys were admitted free at this entertainment. All pupils under 15 were admitted for a dime. All pupils over 15 were charged 15 cents.

Lee Guthrie, manager of the theatre, said he would give the football boys this show hoping that they would beat Shamrock, rather than give them a show if they defeated their opponents.

## BOOK CLUB STARTED BY NINE TEACHERS

A book club was organized last week by the teachers. Each one is to buy a book and read it, then give it to the high school library. Those belonging are Miss Winona Adams, Miss Lois Kirby, Miss Imogene Holbert, Mrs. John M. Ficke, Mrs. John Hood, Robert Mayne, Miss Ruth Ewing, Mrs. C. J. Meek and Mrs. Allen I. Smith.

## POISONOUS SPIDER FOUND—OR IS IT?

Is that a "Black Widow" spiderweb over the door in the gym? Scientists tell us that they are very harmful to people and should be exterminated.

This particular web has several balls of eggs in it. In a few days, they will hatch and hundreds of young insects will come forth. Will they endanger the health or even the lives of someone?

It would be a very good thing if this was investigated further and something done about it. Maybe some one could be a hero by destroying the nest if this was a poisonous spider.

## P.-T. A. EXECUTIVE MEET DISCUSSES PROBLEMS

The executive committee of the Parent-Teacher Association met Monday morning at 8:30 in the music room for a short session.

Plans for taking the study course were discussed.

A resolution was passed to have Mal Wynne direct a group of community-singers to take the place of the Mother singers.

The sending of a representative to the State Parent-Teacher Association meeting in Fort Worth November 16-19, was also discussed.

## UP TO TEN AND THEN SOME

ONE football queen is hard to select when there are so many pretty girls.

TWO more football games to be played.

THREE touchdowns won the game Friday night.

FOUR weeks until Thanksgiving.

FIVE football boys were heard discussing the Wheeler-McLean game, Monday morning.

SIX persons were seen enjoying themselves after the game Friday night. Wonder who they were.

SEVEN games have been won by the Mustangs this season.

EIGHT seems to be the number of young people who gathered at Ferrol's home, Sunday night.

NINE football games were scheduled for this season.

TEN journalism students are very busy on Monday and Tuesday getting the news ready for the paper.

## Typing Class Learns Technique of Typing

Progress being made by the typing students is very encouraging. Everyone is so interested and seems to be really trying to learn the technique of typing rather than working for mere grades. They have started typing personal notes; the simplest form of business correspondence.

After they have become adept in letter placement they are to write, and arrange on the page, business letters of their own.

Some of the "nerves" on speed tests have given way to speed, a real upward step.

## AN IDEAL GIRL

Just the size of Lula Barr.  
 Hair as pretty as Virginia Burgess,  
 Eyes like Ferrol Ficke,  
 Eyelashes as dark as Clarice Robertson,

Eyebrows shaped like Fern Davis,  
 Lips as pretty as Irene Hunt,  
 Nose as cute as Marilyn Johnson,  
 Form like Alvern Hampton,  
 Dimples like Lavella Jacob,

Feet as small as Orveta Puett,  
 Teeth as white as Dorothy Lee Burke,

Personality like Miss Imogene Holbert,

As friendly as Mrs. J. L. Gilmore.  
 Complexion as pretty as Helen June George,

Hands as nice as Ruth Barr,  
 Ambitious as Lois Walker,  
 Polite as Sarah Hilton,  
 Sing as well as Norma Webb,  
 Talk as much as Rena Mae Whorton,  
 Play basketball as well as Mary Belle Johnston.

## HUGE CROWD MAKES P.-T. A. FAIR A SUCCESS

From all accounts, the P.-T. A. carnival was a success. About \$45.00 was raised. Everyone seemed to have a good time, but there was no damage done. Mrs. G. O. McCrohan reports: "All of the shows were quite entertaining. The Midget show was the most successful. I'd like to thank everyone who held any responsible position in the carnival, in helping to make it a success."

Believe it or not, the booth where the pupils chunked at the teachers didn't get too much business. It seems the students thought too much of their teachers!

## SNUBBING POST

Quite invigorating, this cold snap. Also it forms a nucleus about which to gripe . . . Chilling fog didn't keep spectators away from the Tiger-Mustang skirmish. Revenge was sweet considering the score last year.

Always neat: Mildred Platter. Should read the typing bulletin board, some quite good material on it.

Herbert was in very confidential conversation with Parilee Monday morning. They said it was about Hallowe'en. Ask Troy Lee why he always waits till civics class to eat his breakfast.

Evidently a lot of fun was had Saturday night from the general appearance of the town. Never saw so many little boys out together before. Of course, there was the usual soap on store windows.

It's needless to mention the Shamrock game this Friday night. At last Wheeler has the best chance for defeating the Irishmen than has fallen to it in years. Both teams go on the field undefeated.

Since this column is partial to jackets, it is necessary to mention W. J.'s newest acquirement. It's a fur and leather model in brown . . . The nominees for football queen were announced with pomp and ceremony. One of the "princesses" will be coronated queen at the Lefors combat.

If you care to see the setting for some of the Mustangs with their respective colleges a couple of years hence, try "Rose Bowl."

What is a more popular song this week than "On You Mustangs."

## "Lights, Action, Camera"

Through sight a subject can be indelibly imprinted on a student's mind.

The Mountainair high school has a regular schedule of educational pictures that are to be shown there. The list includes selections of scientific value, plant and animal life, geographic interest and insight into various industries.

With the eye, the most impressionable of the senses, it is important to appeal to this organ in teaching. By watching a motion picture a child will remember the idea much longer than if merely talked to with all the colorful words in the English language.

Eventually film studies will play the important part in lessons. In a short time Wheeler may possess a projector and show educational movies.

## HOME ECONOMICS GIRLS STUDY MEAL PLANNING

The home economics II girls have been studying the planning, preparation, and serving of dinner menus. Dinners were planned suitable for football boys, high school girls, school teachers, and mothers. Four girls cooked the dinner with two of them eating with the guests acting as host and hostess.

## SPARKS FROM THE CAMP FIRE

My days are swifter than a weaver's shuttle.

A proverb and a byword.

Righteousness exalteth a nation.

It is better to go in a house of mourning than to go to the house of feasting.

Of making many books there is no end; and much study is a weariness of the flesh.

Nothing is secret which shall not be made manifest.

### Caught in The Lasso's Noose

And had you heard about Mal Wynne practically knocking himself out last Monday? The "norther" had just hit and he was plowing through the gusts of wind and sand, when he suddenly plunged headlong into an automobile. And of all things—it was parked, at that!

It seems that Bob Clark, our coach, has been having a private war over this Shamrock game. A certain young lady, who hails from our neighboring city, is in a quandary as to whether to yell for her home team and soothe her conscience or to yell for Wheeler and further her cause with the above mentioned gentleman.

Ask Amos what is the matter with his foot and he will say a Tiger bit it.

Some of the usual couples were seen prowling Saturday night. Those in costume were Lavell Jaco and Curtis Weeks, Marthalys Wiley and Lewis Cain, Orveta Puett and Wallace Pendleton, etc. (nothing out of the ordinary.)

Jack Pitcock was heard talking to "himself" in Texas history class, Monday. He certainly must have a good secret.

You should see the girls in the tumbling class build a pyramid; especially when Mrs. Whitener says, "One, two, three, fall!" Do those girls who are on top hit the floor hard?

Wonder why Bonnie wanted to go along to take her brother back to Altus. Could it have been because of the handsome boy from Shamrock that went with them?

Dorothy is usually in every lunch-room sometime during the noon period. You could probably find out the reason if you asked her.

Some one in music class: "What is a rest?" Mr. Wynne: "Why, a rest—ah a rest is a rest."

After using the typewriters for almost two months, some of the journalism students still can't use one to perfection. Amos Page had an awful time finding a "Y" last week.

Have you noticed the unique bracelet Ruth Foust has been wearing. It's the real stuff, too.

Aline is sporting a very becoming coat this week.

Did you ever see such an unusual way of licking one's fingers as that of Jack Pitcock. Rather amusing.

Would you look at W. J.'s new fur jacket with the swanky leather trimmings?

Miss Kirby said in plane geometry class that a corollary was something that could be seen with little or no proof. Guy turned around to R. J. and told him that he knew a corollary. When R. J. asked him what it was he said, "You're a fool."

It was proven by Robert Mayne in the gymnasium last Friday during the pep rally that he was a good imitator of Joe E. Brown.

Miss Kirby: "Clowes, how many degrees are there in a triangle?" Clowes: "It is owing to how big the triangle is."

Miss Adams: "The 'living constitution' may have new amendments added to it each year." Mildred: "I pity our grandchildren when they have to take a test on that constitution."

H. E. and Marilyn were seen in the study hall Monday casting some sort of glances at each other. What about this, children?

There are rumors going around that we are to lose another student pretty soon. Seems like most all the girls are getting married and quitting

### INTRODUCING—

"I don't believe I have any hobby," stated W. C. Zirkle, on being asked what his hobby was.

Zirkle is a fair-complexioned, robust man. He has black, wavy hair. A picture of health, if ever there was one. This is his first year to teach in the Wheeler schools. He is vocational agriculture tutor.

Mr. Zirkle went on to say his favorite sports were football, basketball, hunting and swimming.

He went to school in Enid, Okla., until he was through the fourth grade. He next attended school at Perryton where he graduated in 1929. After this, Zirkle went to school at Texas Technological college. He graduated in 1934. He next took a post-graduate course from Perryton in one year. This was commercial work.

Last year, 1935, Zirkle taught vocational agriculture, bookkeeping, typing and advanced arithmetic at Meadow, Texas. This summer he went to Texas Centennial and to Galveston.

Zirkle concluded by saying, "My ambition is to start farming and operate an improved and well-furnished farm."

### Pictures of Home Ec. Cottage Requested

A letter from Ruth Huey, state supervisor homemaking education, was sent to Mrs. Whitener requesting pictures of the homemaking department. A portfolio of pictures of interesting exteriors, interiors and other features are being collected and compiled.

The letter states that they are especially interested in getting pictures of the foods laboratory.

### FORMER STUDENT IS HONORED BY COLLEGE

Wendell Meek, former student of Wheeler High school, has been honored by his alma mater. The coach of McMurry college in Abilene sent him a life-time pass to all athletic activities that McMurry takes part in.

Wendell is a former student of McMurry college, taking high honors in all athletics there. He is now a resident of Washington, D. C., employed in the mail division of the agriculture department.

Mary Etta Patterson attended a Hallowe'en party, Saturday night, given by Mrs. John Reed.

Viola Lamb motored to Corn Valley, Sunday.

school. Ask around a bit, if you want to know more about it.

Why is Miss Holbert calling Herbert Whitener, "Herby"? Could he be the teacher's pet?

Ruth Faye says looking at the keyboard isn't quite so tempting since the covers have worn off.—From the typing bulletin board.

Lorraine Wallace is very seldom heard until she gets a typewriter and she then really makes it "talk." Perhaps the typing class will agree with us.

Miss Kirby (in plane geometry): Dippy, sit up straight. Dippy: I'm sitting perpendicular. Irene: You're not forming right angles.

Wonder whose name is written on Annie Ruth Denham's notebook. It couldn't be Huffman Walker's name, could it?

### All Participate In Pep Rally Friday

Last Friday the whole high school and part of the grades assembled at the auditorium-gymnasium for a pep rally. They met at the activity period.

Special music was played by the band and the pep squad gave a short rehearsal on how to keep time and rhythm.

There was a large number of business men who had representative speakers. G. O. McCrohan spoke on how a person feels on the sidelines. Mayor Robert Holt made a short talk and Dr. Nicholson illustrated how much the town was behind the team and the co-operation that was needed to win a ball game.

Coach Clark showed what the boys wear for protection when on the field. He then had the boys go through some slow motion plays.

This program revived a fine school spirit among the students and faculty.

### CLARK IS OFFERED JOB BY GOVERNMENT

Coach Bob Clark, head coach of the Wheeler Mustangs, was offered a job by the United States government the past week.

This job was entertaining in the CCC camps in Texas, New Mexico and Arizona.

The government wanted Clark to work steady at this position, but he has written the authorities a letter considering working during the Christmas holidays. It was the statement of Clark that he would not leave his present position for the job that is offered.

### RAMBLINGS ON THE RANGE

Lois Walker was in McLean Saturday night.

Bonnie Adams motored to Altus, Okla., Sunday.

Imogene Jamison, Aline Buchanan, Bonnie Adams, Ferrol Ficke, Calvin Harmon and Jack Williams were seen in Shamrock Saturday night.

Ruth Faye Garrison and Ferrol Ficke were in Mobeetie Friday night.

Betty Gene Coil attended a Hallowe'en party given by Meta Bruton, Saturday night.

Helen June George spent Sunday afternoon with Juanita Voyles.

Jackie St. Clair spent the week-end with Caroline McBee

Mary Belle Johnston visited Cleo Sewell Friday afternoon.

### THE INQUIRING REPORTER

Question: What do you think about girls wearing red finger nails?

W. C. Zirkle: I'm highly "agan em." They remind me of roses and roses remind me of funerals.

Jack Shipman: I don't like red finger nails because I don't like red.

Amos Page: I think they are pretty. It looks like the bashful girls are blushing "plum" down to their finger tips.

Ray Norman: "Oh Yeah," they are very pretty and all that, but I just don't like them.

Herbert Whitener: I'm very glad to get to express my opinion on the matter. I think they are crazy, silly, ugly, stupid, nutty, ignorant, out of date, and there out to be a law against them. I like just plain white ones.

### PARENT-TEACHERS HOLD REGULAR MEET

The Parent-Teachers association had its regular meeting Tuesday night at 7:30.

After the meeting there was an entertainment, directed by Mrs. J. L. Gilmore and Miss Imogene Holbert.

The entertainment consisted of a wedding of Mr. Izzy Bright to Miss Shesa Nut. Several students in high school and some in grade school took part in the play.

The most important characters were: Cleo Sewell, as Miss Shesa Nut, the bride; Leslie Havenhill, as Mr. Izzy Bright, the groom; Martha Jane Shipman and Joe Marcum, as the grooms' father and mother; J. B. Crowder and Alvern Hampton, the bride's father and mother.

Mary Belle Johnston, the bride's old maid sister, honored the audience with a song.

Aline Buchanan was the announcer and introducer.

### COLTS

Several students in Mrs. John Ficke's first grade took part in the entertainment at the carnival last Friday night. It was the Midget show that caused much comment.

Those participating were: Herbert Helgers, the charming announcer; Bobby Lowrie, the strong man; W. A. Long Dewese, cowboy; Doris Mitchell, the tap dancer; Beatrice Rowe, the fat lady; Johnette Hood and Mary Newsom gave readings; Geraldine Oglesby and Margie Brasher, song, and Aileen May, Betty May, Delaine Badley, Dolores Ahler, Lavern Watts, and Lois May made up the chorus.

John Henry Reid enrolled in the first section A and Doris Rogers withdrew.

The first grade Section B is making great progress, says Mrs. Gordon Phillips, instructor. They can write sentences with several words without copying them. Their work for this month is studying Indians and Pilgrims, also Thanksgiving. They have started a new reader which is their third one this year. Its name is "Child Library Readers."

The mothers of the first B met Tuesday at 2:30 to organize a Mothers club.

The second grade has started on a new health reader. Their unit this month is studying Indians and Pilgrims. They are now reading a new Indian reader.

The third, under Mrs. John Hood, are studying about stock farming, sheep and cattle. They made some Hallowe'en booklets and wrote some original poems.

Mrs. Lloyd Davidson's third grade helped make Hallowe'en decorations for the carnival.

Both sections of the fourth grade had a Hallowe'en party last Friday. Mrs. Cora Hall and Mrs. Jess Crowder were in charge of entertainments. All the students had a good time, according to the teachers.

Several have been absent out of the fourth grade.

In Mrs. Roscoe Morgan's fourth grade they are studying a new unit on transportation.

Some of the poems written in the third grade are as follows:

#### Jack-o-Lantern

By JOANNE HILGERS

Jack-o-lantern smiles on Hallowe'en night,  
And black cats howl with all their might.  
That is what makes me scared,  
When I hear those sounds weird.

# -:- SPORTS -:-

## McLean Tigers Go Down Before Last Minute Barrage of Runs

### Wheeler Mustangs Annihilate McLean

"Big" Ford Leads Local Team to Victory Over Tigers

By AUBREY WARREN

The fast traveling team of Wheeler Mustangs defeated the McLean Tigers on the Wheeler gridiron last Friday night, 18-0. Although the Tigers fought a hard battle to regain their place at the top of the district, they fought a losing contest.

Both teams were held scoreless in the first three quarters of play. On the first play of the fourth quarter the Mustangs scored the first counter of the game.

Toward the end of the second quarter the McLean team booted a perfect pigskin out on the one-foot line. The Mustangs took the ball and stabbed at the line on three successive plays before the quarter ended. This was probably one of the most exciting parts of the game.

By the end of the third quarter the ball had completely traversed the field. The Mustangs had the ball two yards from their own goal line and on the first play of the last quarter they scored the first touchdown of the game.

The first three periods of play was mostly a punting duel between the two teams. The Mustangs gained one penetration and the Tigers did not invade the danger zone during the first period. The primary quarter was spent by both teams trying mostly runs with very few passes being attempted.

The second period was spent by both teams in mid-field. Neither team made any great scoring threats during this period. Probably the most interesting part of this quarter was during the last few minutes of play when the Tigers punted out on the one-foot line. The Mustangs took the ball and instead of kicking made three line bucks, barely getting back over the goal line on each try.

Neither team scored during the third quarter. This period was played mostly in McLean territory and the Mustangs were close to the white line when the quarter ended.

The Mustangs took the ball on the McLean two-yard line at the beginning of the final period. On the first play, Captain Ford plunged the line for a touchdown. The try for the point was to the left of the up-rights.

The Mustangs kicked to the Tigers and the opposing eleven succeeded in bringing the pigskin back to the 20-yard stripe. From this point they threw a pass which was intercepted by "Big" Ford. He caught the ball on his own 15-yard line and ran back to the Tigers' 17-yard stripe, a distance of 68 yards.

Groves then carried the ball around right end for nine yards. The Tigers were then penalized, placing the ball on the one-yard line, where it was carried over on the succeeding play. The try for point was no good.

By brilliant strategy the Mustangs kicked the ball over the required distance and Elmer, Mustang end, fell on the ball. Wheeler received the ball on downs after several tries were

DISTRICT 3 B STANDING			
	W	L	Pct.

### Scales Are Donated to Mustang Eleven

The City Drug store has kindly donated some scales to the Wheeler high school football team.

These scales are used for the Mustangs to weigh on every afternoon before and after each practice, and a chart is made to keep the weight of each individual.

Both the school and football eleven are very grateful to Lonnie Lee for his donation, which is quite helpful and useful.

### CURIOUS CAT CAUSES CROWD TO CHUCKLE AT HIS CUSSINESS

It wasn't Hallowe'en, but the cats were roaming! It was the night of the Wheeler-McLean game, and the poor little cat wanted to see its ancestors (the Tigers) play the Wild Horses. The cat walked the fence amid many stones tossed in his direction by the little Colts that couldn't stand the sight of his stripes.

He was trembling and he was scared, but after being run off once he would come in again and try to look through some spectator's legs to see the Mustangs versus the Tigers. When an excited fan stepped on his tail without even saying "excuse me," he only ducked his head and whined a little. He was really a tough cat, to take all the punishment he did from the crowd and still come back for more.

However, when a white horse tied to the fence kicked at him he gave it up as a bad bet and went home to "mama" and all the little kitties.

### Bruton Gives Hallowe'en Party

Meta Bruton entertained several students with a Hallowe'en party, Saturday night. Betty Gene Coil and Evelyn Ray Bengé won prizes for wearing the best costumes. Several games were enjoyed. Pumpkin pie and lemonade were served.

made by the Tigers to get inside the danger zone.

On the first play the Mustangs ran 30 yards to the touchdown line. The try for the point was too wide.

The starting line-up was:  
 Ends—Emler and Maxwell.  
 Tackles—Page and Tillman.  
 Guards—Green and Shipman.  
 Center—Weeks.  
 Quarterback—Norman.  
 Halfbacks—Groves and Derryberry.  
 Fullback—Ford.

## SPORT SLANTS

By a Mustang

The Mustangs sure took the McLean Tigers into camp last Friday night. It was sweet revenge from last year's defeat. Just keep up the good work, boys.

This week was pretty quiet on the old gridiron with the exception of the Tiger-Mustang affair, with the Mustangs winning, 18 to 0.

Shamrock took the Memphis Cyclone to a cleaning last week by defeating them 24 to 13. The up-and-going Clarendon Broncs climbed another step up the ladder by defeating the Lakeview Eagles, 10 to 6.

The Lefors Pirates climbed out of the cellar by sinking the Mobeetie Hornets further down in the dugout by the score of 13 to 0.

The Wellington Skyrockets are still a big threat in the conference race by virtue of defeating the Memphis Cyclone 40 to 21. The Shamrock Irishmen did not have a game scheduled for last week.

Games for this week are: The strong Shamrock Irish take on the Wheeler Mustangs; another good game will be the Clarendon-Memphis fray; also the McLean Tigers visit in Lefors to play the Pirates; Lakeview invades the Mobeetie Hornets for a conference game; the Wellington Skyrockets do not have a game for this week.

Now a word or two about the Colts. They are still working out in preparation for their next game, which is with the Pampa Gorillas. These games are giving experience to these coming Mustangs. Come out to see these boys play; they will surprise you!

The Wheeler Mustangs still have two games yet to play. They are the Shamrock and Lefors games. If the Horses are victors over these elevens, they will be crowned district champions of 3B.

### Smaller Tables Made by Mr. Cole for Typers

Three new tables were put in the typing room last Thursday. These tables were made by H. E. Cole. The large journalism table has been moved to the library, making more room for the typing class.

### COLTS TO PLAY GAME WITH PAMPA GORILLAS

The Colts are to play the Pampa Gorillas at Pampa today at 3:15.

This will be the second encounter of the season between these two teams. The Gorillas emerged victorious in the other battle, 18-0. The Colts hope to avenge this defeat.

### "Queen of Football" to Go to Unknown Wheeler Hi Girl

(Continued from First Page)

a member of the Pep Squad four years, being a leader in her freshman year. Bonnie has taken part in basketball, tumbling and baseball several years. She placed second in county in tennis singles, and entered debate. She was president of her class when a sophomore.

Marilyn Johnson is a representative of the sophomore class. She played basketball and volleyball at Magic City last year. The Home Economics club has her as a member.

The freshman class puts Virginia Burgess in the race. Virginia is a student from Magic City where she was the football queen last year. She plays baseball and basketball and takes home economics.

Irene Hunt is sponsored by the City Tailor shop. She is a member of the junior class, Pep Squad and the Home Economics club. Irene played baseball and was the co-captain of the junior basketball team last year. She was president of the sophomore class last year. Irene placed second in junior declamation in the district.

Fern Davis, another pupil of Magic City, is placed in the Football Queen race by the Future Farmers of America. She is the vice president of the junior class and a member of the Home Economics club. She attended school at McLean last year.

The Panhandle Power & Light company is sponsoring Lavell Jaco. She is a member of the junior class and the Home Economics club. Lavell took part in basketball, tumbling and baseball. She has been a Pep Squad leader the last two years.

Imogene Jamison is candidate for Wheeler Poultry & Egg company. She is a student of the junior class and a member of the Home Economics club. Imogene is a leader of the Pep Squad.

Orveta Puett is representing the Wheeler Municipal Band. She is the president and a leader of the Pep Squad. She was president of the junior class last year. Orveta is in the girls' quartet and a member of the Home Economics club.

The Pep Squad, sponsors of this race, are going to use funds from this contest for the football banquet. They urge everyone to select one of this group and start working for them now.

### Sunday School Lesson Exposition

Prepared by C. C. MERRITT  
Sunday, November 8, 1936

#### THE CHRISTIAN WARFARE

Lesson Text: Acts 19:8-12, 18-20; Eph. 6:13-20. Helps: Acts 19:1-41, Eph. 6:10-20.—Devotional Reading: 2 Cor. 1:3-11.

#### Approach

Yes, the Christian must ever bear in mind that he is a citizen of the Kingdom of Heaven. He must "make first His kingdom and His righteousness." He must consider all other kingdoms and rightful things as subsidiary to the Kingdom of Heaven. If he approaches all his problems from this angle and if he properly depends upon the grace of God, he will not go far wrong in the battles of life for God.

Much could be said here, but I feel that the word of God which I give next will do far more good to you than anything I could say: "For this ye know of a surety, that no fornicator, nor unclean person, nor covetous man, who is an idolator, hath any inheritance in the Kingdom of Christ and God. Let no man deceive you with empty words: for because of these things cometh the wrath of God upon the sons of disobedience. Be not ye therefore partakers with them; for ye were once darkness, but are now light in the Lord; walk as children of light (for the fruit of the light is in all goodness and righteousness and truth), proving what is well-pleasing unto the Lord; and have no fellowship with the unfruitful works of darkness, but rather even reprove them; for the things which are done by them in secret it is a shame even to speak of. But all things when they are reprov'd are made manifest by the light: for everything that is made manifest is light. Wherefore he said, "Awake, thou that sleepest, and arise from the dead, and Christ shall shine upon thee." (Eph. 5:5-14).

"For our wrestling (warfare) is not against flesh and blood (with rifle and bomb), but against the principalities, against the powers, against the world-rulers of this darkness, against the spiritual hosts of wickedness in the heavenly places" (Eph. 6:12). So, there you are, and in our lesson, as we go, we shall learn more of the nature and means of "the Christian warfare."

#### Historical Setting

The epistle to the church in Ephesus was written about A. D. 63 from

#### THE HEART OF THE LESSON

##### Introduction

The Christian warfare is both a battle within and without. In the battle without he is already defeated unless he is the victor in the battle within. He battles against evil spiritual powers that first barricade themselves within his own heart. He must fight against suggestions and inducements to follow the mind of the flesh in selfish and lustful gratifications. He must himself be pure and, to be so, he must fight against his own natural desires of impurity and sin of all kinds. He must fight against a selfish ambition to conquer in his own wisdom and strength.

The Christian warfare is held in sharp contrast to the world's warfare. Yet a true Christian, of Bible information, is far from being a "pacifist." He cannot stick with Christ and shed innocent blood in battle or out of battle. However, he does not say to those outside of the Kingdom of Heaven that they must lay down arms and submit to whatever the enemy desires to inflict upon them. Our modernistic pacifists are but fulfilling the scripture which says, "Professing themselves to be wise they became fools."

Modern pacifism emanates from Moscow. Its advocates would weaken every fiber of our nation's defense. Communism is a double-dealing, under-handed cowardice that should not gain the respect of any good citizen. Our modernistic preachers and infidel professors have persuaded the country's youths to declare themselves against all conflicts in war even to the point of taking an oath that they will not bear arms under any circumstances. These ultra-educated and ultra-modern coterie are revolvers against both the government that protects them and gives them freedom; and against God who ordained that the governments of men shall not bear the sword in vain (Rom. 13:1-7).

##### The Golden Text

Be strong in the Lord and in the power of his might.—Eph. 6:10.

Goliath, the giant-captain of the Philistines, must be slain before Israel can be victorious over the Philistines. David was chosen for the job. They put Saul's armor upon him and gave him an "indefectible" shield and spear. But David knew that the victory must be God's; and, if it is God's, he must rely upon God and not upon his own ability to defend himself and kill the giant. Therefore, David refused Saul's armor and put his trust in the God of Israel.

And this is just what we must do, as children of God, if we are to come out victoriously in our warfare against the "hosts of wickedness." God's power is not our ability to do; neither is it our ability plus a religion, or plus anything. God's power is that "divine power" by which we are saved and by which we are "kept from the power of sin." God's power, like electric current, passes through hearts, minds and bodies that have been dedicated unto Him and His cause of holiness. Impurity and distrustfulness shorts God's power and the light of His presence goes out. And where there is no light, there is no power, and they are conquered who would and should be conquerors.

##### Concerning the Kingdom of God

(Acts 18:8-12) Paul did not go into Ephesus for the purpose of civilizing or even Christianizing its populace and prelacy. He went for the purpose of declaring the Gospel of God for the salvation of lost souls. Civilization and "Christianity" are but by-products of the working of the power of God against the "strongholds of wickedness" in Ephesus. But he who strives first to civilize and Christianize before they are saved by the power of God, is but striving to butt down the enemy's stronghold with the wrong end of a spear. And that sort of a civilization acts as a boomerang against Christianity. Paul knew how to be a true soldier of Jesus Christ.

##### Magical Arts

(Vs. 18-20) The effect of Paul's campaign against Satan in Ephesus was not as it is today with the modernistic Social Gospel. There (and then) the power of God through Paul's messages led those young Christians to make one great bonfire of their books of magical arts. Here (and now) books of men's "Tom-foolishness" are used as textbooks for Christians! And this is one of the characteristic marks of "these last days." Today people are turning from God's revelation, the Bible, to the "science of the stars;" to common fortune tellers; and to spiritualism. That sure word of God has been displaced by the uncertainty of our twentieth century "magical arts."

##### Able to Withstand and to Stand

(Eph. 6:13) When the battle will have ended, when orders have been given to "cease firing," the Christian will have withstood it all. And he will stand, and not faint, even though there is an onslaught more fierce and deadly just ahead. Why? Because he is prepared with the armor of God.

##### The Armor of God

(Vs. 14-20) And here is a sharp contrast drawn between the armor of Christian warfare and that of world conflicts. Truth, righteousness, peace, faith, God's word, and prayer and supplication are the things of which the Christian armor consists. Cart-ridge belt, girdle of truth; breast-

plate, righteousness; shoes, gospel of peace; shield, faith; helmet, salvation; sword, word of God; bombs and bullets, prayer and supplication. All of these make it possible for the believer to "withstand and to stand."

In the bloody ravages of war, propaganda of falsehood is used to stir up a mad spirit of hate before a citizen, it is thought, can be made a good soldier. But truth makes a Christian a better soldier for Christ. Surveillance, pillage and wanton destruction of property is the spirit of war. But soldiers of the Cross deal righteously. "Peace at any price," which may be interpreted as a conditional or unconditional surrender, is the cry of the victor and vanquished; but the army of Christ has a "gospel" ("glad tidings") message of peace. It is peace with God by the way of the Cross. Those "beautiful feet" (Rom. 10:15); that golden shield of faith and love (1 Th. 5:8); that steel helmet of salvation; and "Sword of the Spirit" mark the Christian soldiers as an angelic host warring against all the cohorts of Satan (2 Cor. 10:3-6).

#### LESSON QUIZ

1. Does the brave or timid minister have the harder time of it?
2. Which is the most dangerous, when the devil works as a roaring lion (1 Pet. 5:6-10), or when he is disguised as "an angel of light" (2 Cor. 11:14)?
3. Do you think that soundly converted people should part with undesirable property?
4. In the Christian warfare, is there any other blood to be shed save that of the sacrificial blood of the Lamb of God, and the blood of martyrs?
5. Will just a part of the Christian armor suffice for the Christian soldier today?
6. To what extent should soldiers of the Cross rely upon the "power of His might"?

### Pleasant Hill

(Norma Webb)

Mr. and Mrs. T. T. Patterson were visitors in the home of Mr. and Mrs. Arnold Waldo, Saturday night.

Rev. G. W. Simmons filled his regular appointment Sunday at Cedar Hill.

Mr. and Mrs. Paul Anglin spent Sunday with his brother, Walter Anglin, and family.

Mr. and Mrs. Curtis Pond and children, Miss Leoide Revious, and Bernice Hubbard were dinner guests of Mr. and Mrs. Joe Ben Stembidge, Sunday.

Mr. and Mrs. G. W. Mason, Mr. and Mrs. W. F. Webb and daughters, and Miss LaVerne Cox were visitors of Mr. and Mrs. Clifford Mason Sunday afternoon.

Misses Opal Shumate and Lucille Hutchinson shopped in Shamrock Saturday night.

A group of young people met Saturday night in the home of Mr. and Mrs. Johnnie Reed for a bit of merriment.

Mr. and Mrs. Burley Mann and children attended the movies in Wheeler Thursday night.

Helen Waldo spent Friday night with Jean Cox.

Nile and W. J. Patterson spent Sunday with Claude Revious.

Miss Lucille Hutchinson spent Saturday night with Miss Opal Shumate.

Mrs. Avis Jones and son, Lanell, went to Mangum Sunday morning.

Mrs. Elmer Turner was very ill the latter part of the week.

Mrs. T. M. Bradstreet was the week end guest of her mother, Mrs. J. E. Cox.

Mr. and Mrs. W. M. Sanders and Mr. and Mrs. Macy Sanders visited in the G. W. Simmons home Sunday night.

Mrs. Louis Shumate was a caller in the W. F. Webb home Thursday morning.

Mr. and Mrs. Claude Cox and children were guests of Mr. and Mrs. A. M. Downs Sunday afternoon.

Mrs. Pat Beene spent Thursday with her mother, Mrs. T. M. Bradstreet.

Mrs. Delphia Proctor and daughter, Geraldine, of Allison spent the week with her parents and family, Mr. and Mrs. L. A. Gaines.

#### Local News Items

J. E. Hathaway of Mobeetie was in Wheeler Monday on business.

Mrs. L. H. Sivage of Jowett was a patient at the Wheeler hospital the first of the week.

Mr. and Mrs. K. A. McDowell of Austin came Sunday to make their home in Wheeler. Mr. McDowell is the new Intertype operator at The Times office. They have rented an apartment at the Charlie Sandifer home in the southeast part of town.

Mrs. M. M. Wiley of Canyon returned home Saturday after an extended visit with her son, Mr. and Mrs. H. M. Wiley, and children. Max Wiley took her home and remained until Sunday evening.

Mrs. Minerva Ann Miller and daughter, Mrs. Maude Harrison, and son, Lloyd, and Paul Lee of Butler, Okla., and Mrs. V. D. Houston of Fayetteville, Ark., were Sunday guests of the former's daughter, Mr. and Mrs. C. G. Miller, and daughter, Beatrice Maye. They all returned to Butler that night.

**FOR** extra fast cold-weather starting, your motor must have a gasoline that is extra high test. Phillips 66 Poly Gas meets this specification right down to the last "T".

Because it is made by the WORLD'S LARGEST PRODUCER of natural high test gasoline... because it is 100% custom-tailored to the constant changes in your climate... because we always aim to give greater value—the high test (gravity) rating of Phillips 66 Poly Gas is right now being pushed up and up!

You know this gasoline is different, the first time you touch the starter. And every mile you drive piles up more evidence of the

benefits given by extra high test plus the added energy units supplied by the patented POLYmerization process.

Say "Fill it up" to the man at the Orange and Black 66 pump and you say "Good-by" to the nuisance and damage of slow, hard, winter-starting. You get faster warm-up and smoother running. You reduce battery drain. Cut crankcase dilution. And save the miles usually wasted by overtime use of the choke.

Why wait? Today or tomorrow, the first time your gas gauge looks low, try this sensational winter gasoline. It doesn't cost a penny more than ordinary motor fuels.

**Pepical Homiletics**

**Pep-talk Sermons Taking the Place of Inspirational Expository Sermons**

Listen, folks, I'm not complaining at the kind of preaching you are getting if that is the kind of preaching you want.

We are living in a day of "pep." We are unable to accomplish anything much without our pep-squad. This is not limited to ball games. Out of the church and in the church—pep, pep, pep! And if there is no pep-yelling we go to sleep, awake and say, "No wonder nothing happened."

Deliver me from the church that has to be pepped up before it can get any life and interest in its work.

Pep! Yes—that puts fire into you. It gives you the knock-down and drag-out feeling. You want to jump and yell and bump against some one. And that is where the crowd goes and then they all get to yelling.

But if some of you can remember the "good old times" when you "used to go to church" where there was the sort of preaching that made you feel the presence of God; when your heart was melted in true repentance; when you could praise God for His mercies towards an unworthy sinner; when your personal testimony was honored by your fellows; when you went away determined to be the kind of a man or woman (as the case may have been) that God wanted you to be—and you'd like to have those good old days back again!

Well then, it's time to call a moratorium on pep-preaching and ask for that kind that inspires you to live and work in the presence of Almighty God, and under the protection of His everlasting wings. The world has out-pepped the church; and, because there is no one to inspire the church by profound expositions from the Word of God, the church is dying without remedy.

Could you get down upon your knees and pray like you were on a thin crust and you were about to break through into hell unless the God of all mercies should deliver you? Could you cry out, "Lord, save me, or I perish!"?

If you are not afraid of hell; and you do not think there is any danger that you should slip into it—well, go on then, enjoy your pep-preaching, for inspirational preaching out of that inspired Book will not interest you.

You folk that used to go to church, or that go now, sometimes—you are invited to come to "The Church With the Open Bible."

Subjects next Sunday at the Church of Christ:

Morning: "An Enemy in Ambush."  
Evening: "The Valley of Achor for a Door of Hope."
