## Highway East from Wheeler Named Works Project No. 1

Planning Board OK's Highway 152 Improvement as Primary Project, Tuesday

Continuing here for the specific purpose of obtaining an expression of preference on county works relief projects from the Wheeler County Planning Board, R. W. Willis, official from the district office at Amarillo, met with the board here late Tuesday.

After studying and discussing the various projects throughout the county and considering their relative importance, a group of six comparatively small fill-in jobs were approved. These are expected to absorb available labor during the next eight to 12 weeks when it is reasonable to assume that a considerable amount of help will be needed in harvesting farm crops.

This group of six jobs comprise district-wide road improvements in each of the four precincts, additional work on the Shamrock swimming pool and some work on the Kelton school. Contemplated expenditures on each job are as follows:

District 1	\$ 9,360.00
District 2	6,784.00
District 3	14,073.00
District 4	7,955.00
Shamrock swimming pool	3,666.00
Kelton school	526.00
Total	\$41,464.00

Willis declared these jobs would probably occupy the labor of available men for some 90 days.

Following disposal of this group, consideration turned toward major projects. Two of these, Highway 152 east of Wheeler from the end of the 5-mile strip of paving to the state line (a grade and drainage strip) and similar work on a proposed road starting from Highway 66 at the vicinity of Lela some six miles west of Shamrock and penetrating the oil fields as far as Magic City and possibly Kellerville, were discussed. Cost of Highway 152 improvements is estimated at \$55,000.00, and the Magic City-Shamrock road at \$37,805.00.

Tom Britt, member of the board from east and north of Wheeler, knowing the need of improvements on No. 152, urged that it be designated as Project No. 1. Judge J. B. Clark of Shamrock, another member, spoke to his ballwick, contended for the Magic City road, with a compromise that decision be deferred to a later date.

When Britt submitted a motion, seconded by O. W. Elliott of Mobeetie, the board member, in favor of 152 taking precedence, an awkward situation developed, due to the absence of A. B. Crump, fifth member of the group, counting Chairman Pruitt. Clark voted in the negative; Britt and Elliott affirmative, and the chairman declined to commit himself. A virtual impasse ensued.

With Willis' reluctant consent, since he had come here for the purpose of obtaining this particular data, the motion and second were withdrawn and the matter postponed until a later date. However, the meeting was not yet over. The very opportune arrival of Crump, who had been out of the city, brought the motion again before the board, when he received a majority vote—Crump, Elliott, Britt, with Clark declining to vote and no need for the chairman to vote.

However, The Times was informed by Judge Pruitt yesterday that the board's action Tuesday might prove to be of no avail. Through a misunderstanding as to the number of men available and in need of this work, estimates were based on only about two-fifths of the actual number. Tuesday's deliberations were on a basis of 97 men, whereas a review that evening after the executive session was over revealed a total of 236 men—97 in the Wheeler area and 139 in and about Shamrock.

This situation calls, of course, for provision of additional employment. For that purpose a meeting of the planning board is scheduled for tomorrow, Friday, when some re-adjustment will be worked out.

However, The Times can see no need of "scrapping" what was accomplished Tuesday. Logical procedure would appear to be consumption of the program as laid out, as far as it goes. If more work is needed, let it be added. On the statement of Willis, if the supposed 97 men would need 90 days to complete the small jobs before starting on Highway 152, then the additional 139 actual available men could get the small jobs cleaned up that much quicker. Few, if any, of the small jobs are of such a nature to preclude

the employment of more men. In one precinct the allotment was 16 men, and work exists for three times that number, it is stated.

The Amarillo man brought encouraging reports on the probability of work beginning under this program, WPA, at an early date. He also commended Wheeler county highly upon the manner in which it has done its part in complying with rules and regulations governing the entire program, and added that District 16 as a whole, of which this county is one unit, has responded in a splendid way.

## DISTRICT WHEAT MEETINGS DATED

Scheduled for Sept. 23, Mobeetie, and Sept. 26, Shamrock, Announces Brown

Announcement was made yesterday by Millard P. Brown, president of the Wheeler County Wheat Production Control association, of meetings in two districts of the county for next week. The first will be held at Mobeetie on Monday, Sept. 23, and the other at Shamrock on Thursday, Sept. 26. Each of the meetings will start at 8:30 p. m.

These meetings mark the opening of the campaign to sign up county wheat producers under the new 4-year control program. General outline and provisions of the new setup will be studied and discussed.

Brown states that while supplies for the new sign up have not as yet been received, they are expected very soon. Upon arrival of the blanks, contracts and instructions, all eligible producers will be notified promptly.

## CARMACK-WILEMAN

Miss Addie Mae Carmack, daughter of Rev. and Mrs. C. A. Carmack of Lamesa, became the bride of Mr. Bennie C. Wileman of Oklahoma City, in an impressive ceremony solemnized at the home of Mr. and Mrs. Will Marr in Ralls, Texas, Sunday morning, Sept. 15, at 11 o'clock.

Rev. R. C. Smith, pastor of the First Methodist church of Tahoka, performed the double ring ceremony before a beautiful arch of autumn flowers in the Marr's garden. Following the ceremony the couple left for Oklahoma City, where they will be at home at 1727 North West 27th street.

The bride was attractive in a navy crepe dress trimmed in white and silver; her bouquet was of white dahlias. Mrs. Wileman is a graduate of Tahoka high school and attended college at McMurry at Abilene and W. T. S. T. C. at Canyon.

Mr. Wileman is the son of Mr. and Mrs. W. B. Wileman of Allison, Texas. He is a graduate of the Altus, Okla., high school, and has been connected with the lumber business in Texas and Oklahoma for the past several years. He is now with the T. J. Stewart Lumber company of Oklahoma City.

Out-of-town guests for the wedding were Mr. and Mrs. Lee B. George of Allison, Mr. and Mrs. A. B. Swan of Tahoka, and Mr. and Mrs. O. C. Lowry of Lubbock.

Mrs. Holt Green, Mrs. Buford Conwell, Mrs. Terrell Gunter and Miss Tamey Riley of Briscoe, accompanied Miss Viola Jones to Amarillo last Thursday. Mrs. Green and Miss Riley assisted Miss Jones in arranging the Wheeler county exhibits at the Tri-State fair. They all returned Saturday evening.

## COMPLIMENTS TO 4-H CLUB GIRLS—ORCHIDS TO MISS VIOLA JONES

"Girls in 4-H clubs of the Panhandle-Plains area brought exhibits creditable to any state exposition of the nation to the Tri-State fair this year," reads a paragraph in the Amarillo News concerning the recent 4-H and women's clubs contest.

The 4-H club girls of Wheeler county and the home demonstration agent, Miss Viola Jones, are entitled to the highest commendation upon their achievements. After winning their share on individual entries of various food products, Wheeler county club girls almost wiped the platter clean in record book competition. So thoroughly was the job done that 10 places out of 12 in four divisions fell to their good efforts. One second place and one third was lost.

## How to Get on Relief Work

One morning this week, when Dr. W. L. Gaines was "joshing" a member of the relief office force, down at the postoffice, he asked how one might get on the relief rolls. The answer was brief and to the point:

"One must weigh less than 100 pounds, be able to ride a billy goat, and have the itch."

## Mrs. Givens Victim of Heart Attack Friday

Was a Resident of Wheeler County for 20 Years—Funeral Held Here Saturday

Mrs. W. A. Givens, 73, died Friday from a heart attack after an illness of only a few hours. The family has resided in Wheeler county for over 20 years. Mr. Givens preceded her in death April 26, 1924, while the family was living in Oklahoma. He was laid to rest in the Wheeler cemetery. She then returned to her home in Wheeler, where she spent her declining years.

Johann Holloway was born Aug. 2, 1862, at Gainesville, Texas, and died Sept. 13, 1935, at her home in Wheeler, Texas, at the age of 73 years, one month and 11 days.

She was married in 1879 to W. A. Givens. To them were born eight children, five daughters and three sons. The children are all living and were present for the funeral. They are Mrs. Ivie Elder, Tuttle, Okla.; Mrs. Bell Red, Wheeler; Mrs. M. G. Baber, Henderson, N. C.; Mrs. Dan Craig and Mrs. Lester Red, Wheeler; Marion Givens, Tuttle, Okla.; Jesse Givens, Sweetwater, Okla., and George Givens, Elk City, Okla. She is also survived by one sister, Mrs. Sarah Sanders of Sayre, Okla., and 36 grandchildren and a number of other relatives and friends.

Funeral services were conducted by Evangelist O. E. Phillips of Abilene, at the Church of Christ, Saturday afternoon. A song, "My Mother's Bible," was rendered by Baily Bland. A quartet composed of Mrs. Lee Guthrie, Mrs. Bill Perrin, C. B. Witt and Rev. Taft Holloway sang "Never Grow Old."

Flower girls were Mesdames Jimmy Mitchener, M. L. Gunter, Lee Black and Mrs. Sam Lollar of Shamrock. Pall bearers were J. W. Hooker, S. D. Conwell, J. R. Cooper, M. C. Jacob, W. H. Scott and D. A. Hunt.

Interment was made in the Wheeler cemetery in charge of the Wheeler Funeral Home.

## Parent-Teacher All Day Institute Here

The Parent-Teacher association of Wheeler is sponsoring an all-day institute here on Saturday, Sept. 28. Principal speakers on that occasion will be Mrs. J. M. Griggs, president of the 8th district; Mrs. Crane, fourth state vice president, and Mrs. Louis Goodrich, 8th district parliamentarian.

Officers of the local association declare it is quite an honor to the Wheeler group to obtain these three women, who rarely visit the smaller associations.

The institute will comprise a school of instruction for both parents and teachers, and all of them are urged to attend the sessions.

Superintendent and Mrs. M. D. Blankinship of Mobeetie, were in Wheeler Wednesday evening on business. Mrs. Blankinship has recently been selected by the school board to teach English in the Mobeetie high school. She has been substituting since Miss Hazel Cooper tendered her resignation.

## Pioneer County Lady Passes Away Sunday

Mrs. W. G. Stiles Succumbs at Ranch Home Following Brief Illness

Friends and acquaintances of the family not only in Wheeler county but practically the entire Panhandle were shocked to learn that Mrs. W. G. Stiles passed away Sunday evening, Sept. 15, at her home east of Wheeler after a severe attack of pneumonia that lasted only five days.

Mrs. Stiles can truly be called a pioneer of Wheeler, the family moving here in 1901 from Golindo, in what is now McLennan county, Texas, near where she was born. Mr. and Mrs. Stiles settled on the ranch east of this city a year later. That has since been their home.

Lizzie Bowles was born at Golindo, Texas, Sept. 17, 1870, and died Sept. 15, 1935 at Wheeler, Texas at the age of 64 years, 11 months and 28 days. She married William Gordon Stiles at Big Springs, Texas, Oct. 9, 1893. To this union were born five children: Delcina, who died in 1902; Mrs. Elise (Stiles) Walker, Gordon, Beth and Robert Stiles.

Other survivors besides her faithful husband and loving children are one granddaughter, Patricia Ann Stiles, a sister and brother, Mrs. S. A. Monroe and Robert Preston, both of Roswell, N. Mex., and a host of friends and other relatives.

Funeral services were conducted from the Methodist church at 3:30 Monday afternoon, with Rev. J. Edmund Kirby in charge, assisted by Rev. A. C. Wood. A choir led by Mrs. Tom Britt sang "Rock of Ages," "Nearer My God to Thee" and "The Old Rugged Cross." Miss Lillian Wood of Dumas sang "Abide With Me." Flower girls were Mesdames Buck Britt, Don Fisher, Al Watson, Roe Green and Misses Reba Wofford, Clara Finsterwald, Gladys Gunter and Samantha Stanley.

Pall bearers were E. M. Scott, Amarillo; Tom Britt, G. O. McCrohan, Buck Britt, Deward Wofford and F. B. Craig.

Interment was made in the Wheeler cemetery under direction of the Wheeler Funeral Home.

## A Tribute to a Friend

Friend, Wife, Mother! Could there be another three words that would better describe a noble woman than these in their deepest sense? The wisest man said, "A friend loveth at all times" and he also said, "Who so findeth a wife findeth a good thing." God said it was not good for man to live alone and created for him an helpmeet, a wife, to love as his own body. Someone, in the long ago, said, "God could not be everywhere, therefore He made mothers." Be that as it may, we know a real mother, more nearly than anything else, portrays the attributes of God in changeless, unselfish love, understanding and forgiveness.

It is not extravagant praise to say these statements describe Mrs. Stiles, for those who had known her for more than 20 years had found her always the same; a friend who never changed nor failed those depending on her.

Many the burden she carried that was not hers for young and old; neighbor, stranger, favored or unfortunate found her sympathetic and helpful. Truly "the heart of her husband did safely trust in her" and "she did him good and not evil all the days of her life" and "her children rise up and call her blessed."

Her home was a haven to every wayfarer and her acquaintance was wide, although she was too busy being hostess to the many friends who found pleasure and relaxation in visiting in her home to go out and take active part in church and club affairs as most women do. Not being privileged to attend the Missionary society, she belonged and contributed liberally to the Gibson or Home department of that organization.

Words fail us to say what we would like to in appreciation of her but one of Edgar A. Guest's poems does it beautifully and we believe it also expresses her life's desire:

Let me when trouble is mine to portray  
Dip with good courage, my brush in the gray.  
And after the tears and the grief let there be  
Something of faith for my children to see.  
Lord, let me paint not in anger or hate,  
But grant me the patience to work and to wait.  
Make me an artist, though humble my style,  
And let my life's canvas show something worth while.

Mr. and Mrs. H. E. Cole and sons are driving a new Chevrolet car.

## WHEELER 12 WELLINGTON 6

Playing at Wellington tonight (Thursday) the Wheeler Mustangs, football team with mighty possibilities, triumphed over the Wellington Skyrocks to the tune of 12 to 6. Touchdowns were made by Cain and Weeks. Reports turned in to The Times assert that it was an extra good game; especially for Wheeler partisans. This was the first conference game of the season for Coach Clark's prancing ponies.

## NEW PASTOR FOR WHEELER CHURCH

Rev. Pete Love Accepts Call to Leadership of Assembly of God Congregation

Arriving Saturday, Rev. Pete Love, who has been in evangelistic work for the past three years, has begun his pastorate of the Assembly of God church in Wheeler. The newcomer, a young man of pleasant personality,

REV. PETE LOVE

comes highly recommended as a capable and efficient pastor. In the short time of his ministry, Rev. Love has conducted 25 revivals and pastored a church eight months.

The family consists of only Rev. Love and his wife. They come here from Lockney, Texas.

Every member of the congregation, as well as friends of the church are invited to attend services and hear interesting and edifying passages of divine truth.

Evangelist Aileen Stevens, who has conducted two revivals here, is expected to speak at the 11 o'clock hour Sunday morning, states Rev. Love.

Hours of service at the church are as follows:

Sunday school at 10 a. m. Sunday morning; preaching at 11, and evangelistic services at 7:30 p. m.; prayer meeting, 7:30 Thursday evening; Christ's Ambassadors service, 7:30 Saturday evening.

## Robinson Boy Suffers Bad Wire Cut On Leg

N. L. (Jack) Robinson, 14, son of Mr. and Mrs. F. E. Robinson, living 12 miles west of Wheeler, suffered a badly lacerated leg Saturday night when the horse which he and a young companion, Freeman Harris were riding, bolted into a wire fence on the Edgar Lester farm, six miles east of the Robinson home. Robinson received an 8-inch gash lengthwise on his left leg, while Harris' leg was cut to the bone crosswise of the muscle in two places. Six stitches closed the wound in Robinson's leg, aided by clamps. The horse was practically uninjured, receiving only slight scratches.

Both lads were rushed to the Wheeler hospital for treatment and were able to return home that night. They were riding a gentle saddle horse across the Lester field when a newly-erected fence of which they had no knowledge was encountered. The horse apparently became frightened at the posts or some other object and got out of control.

## PAMPA MAN BUYS BLAND FARM HOME

Completing the transaction Saturday, R. N. Landress of Pampa, purchased from W. B. Bland his 30-acre improved farm home one mile north of Wheeler. All livestock and implements on the place were included in the deal.

It is said that Landress' brother, now living at Graham, will occupy the property.

Bland, who is driving a new straight 8 Pontiac car now, has not announced his future plans.

C. P. Waters of Allison, was in Wheeler today on business.

## Building Addition to Local Oil Mill

Increased Seed and Cake Storage Room Brings Floor Space to 8,000 Square Feet

Starting the first of this week, a crew of workmen are building additions to the Wheeler Cotton Oil mill, which, when completed will bring the total floor space to almost 8,000 square feet. The new additions, in three sections, aggregate 4,137 feet. This added to the former space of 3,816 feet makes a grand total of 7,953.

The main section, now under construction on the south and west side of the original building, covers 3,625 feet, and will be used for the storage of cottonseed before processing and cake, a leading product of the mill. The other additions soon to be made, comprise a 16x20 extension of the press room on the northeast and a 12x16 press room on the southeast of the present structure.

The mill, built and put into operation last year, when one of the poorest cotton crops ever was harvested in Wheeler county, did very well under the circumstances, say officials of the company. Raw material was exceedingly scarce; purchasing power of potential consumers was at a low ebb, and the new enterprise had to be organized and brought into economic and efficient operation.

Little difficulty was found, however, in disposing of all the cake, meal and oil that could be produced. Capacity of the mill to start with this season will be 15 tons of cottonseed per day. Additional equipment to increase its output will be installed, if needed, it is said.

Prospects are said to be bright for a greatly increased supply of seed this year over last. Estimates of cotton production in the northern part of Wheeler county range as high as three times that of 1934.

The Wheeler Cotton Oil mill is a strictly home-owned enterprise, conceived and established by men with faith in the possibility of providing a local and convenient market for cottonseed, and who in turn, believed that the larger part of the finished product would find ready buyers within a reasonable hauling distance of Wheeler. Its operation here obviously eliminates the expense of transporting seed to some distant plant and hauling back the cake and meal. That the founders' faith was justified is evidenced by the modest success of its first year, when unusual handicaps made the going difficult. Every indication points to a successful season during 1935 for this lusty infant among Wheeler's industrial activities, with many years of service ahead of it.

## WHEELER A. AND M. STUDENT GETS MILITARY APPOINTMENT

Word has been received here of the appointment, at the opening of school, of Harold Nicholson, Wheeler, to the post of sergeant major of the junior military staff at A. & M. college, where he is enrolled for the term. Nicholson was also chosen as one of 70 comprising an honorary scholarship society out of a group of 3,000.

His other activities include the advertising management of The Battalion, school publication.

## FASHIONS IN FREEDOM

Al Smith, one of the nation's leading citizens, former governor of New York and Democratic candidate for president, is respected by all for his integrity, his sincerity and his shrewdness in analyzing public questions. As the principal speaker at a recent dinner in New York, he said to his hearers, "Keep your eye on the constitution."

About the same time the German state secretary in the Reich Ministry of Justice was informing a public gathering that the will of Hitler is the supreme law of the land.

In the United States the constitution is the supreme law of the land and the lives, liberties and fortunes of our people are not subject to the will of dictators.

But Al Smith knows, as do other statesmen, that there are definite designs in our own United States to revise the constitution as a document outworn—as though there were fashions in freedom. This design has shown itself in suggestions to deprive the highest judicial branch of government, the United States supreme court, of the power to effectively uphold what is left of the constitution.

If any think this is not a step in the direction of intolerant dictatorship as we witness it in the rest of the world, let them think again!

The legislative attempts of the past several years to circumvent the constitution, have been plain and only the power of the United States supreme court to pass on such acts, has saved the American citizen his personal liberties and his property rights, and prevented him from having the chains of dictatorship forged upon him.

Take heed of the advice of men who today put country above party and stand for the perpetuation of unadulterated Americanism fostered and encouraged by constitutional government unchanged in principle from its original design.

## DUCK HUNTING LIMITED

Duck hunters will have 30 days for shooting this fall, but they will be subject to the most rigid regulations in the history of American wildfowling according to regulations approved by President Roosevelt on July 30. For the past 35 years the kill each year has exceeded the annual increase from breeding, according to the Bureau of Biological Survey. The regulations hope to permit an increase in the left over number of favored species such as the canvas-back and redheads.

The season will open in this section Nov. 20 and close Dec. 19, and below are some of the restrictions named:

Shooting over baited water or land, which has furnished the heaviest toll from all species and accounted for the most consistent full bag limits, will be prohibited. Live decoys, one of the most effective methods of luring the migratory flocks to the blind, are also ruled out. None will be allowed.

Shooting will be restricted to the hours between 7 a. m. and 4 p. m. Some bag limits have been reduced. The possession of more than one day's bag has been made illegal. The daily bag limit on ducks has been placed at 10 in the aggregate of all kinds and makes the possession limit conform to this daily bag limit.

A limitation of weapons that may be used provides that the birds may be taken with a shotgun only, not larger than No. 10 gauge, fired from the shoulder, and by gun capable of holding not more than three shells at one loading.

Local hunters should familiarize themselves with these new rules in order to avoid trouble and possible arrest.

## HIGH FREIGHT COSTS

One of the most serious handicaps that farmers in the west have is the cost of freight to their markets. Where it costs twenty cents to get a bushel of wheat to a primary market and cattle and hogs and maize in the same proportion, it is no wonder that farmers attempt to find other ways to get their products to the markets.

Possibly it is because they are helpless to do anything about it, and it may be that the serious handicap presented has not been impressed on the country's leaders, political and business. But it is said that ten cents a bushel for hauling wheat to port from the plains would represent a good profit for the actual service. But this cost is doubled by the overhead represented by government supervision. The regulation of railroads was begun as a protection to the public. Now, so interwoven in the rail business are the regulatory

## DO YOUR PART!

Fire Prevention Week is to be observed from October 6 to 12. And here is a thought worth considering in the meantime!

Friendly fire—fire under control—is one of man's greatest boons. It keeps us warm, cooks our foods, motivates our industries, and serves us in countless other ways.

Unfriendly fire—fire out of control—is one of man's greatest enemies. It destroys property—causing irreparable economic loss. It menaces life. It hampers progress. It threatens community development, and industrial activity and employment.

A building for example, represents something besides money. It represents energy, achievement, labor. If it is a factory building, it represents creative, productive wealth. When fire destroys that building, insurance will give back part of the money it cost, but nothing can give back the energy that was wasted. Nothing can make up for the work lost, the jobs destroyed, the diminished purchasing power the fire caused. The indirect costs of fire—costs which cannot be put into a balance sheet—are the real measure of our national fire waste. Those indirect costs are many times the direct costs.

Somewhere, as you read this, a home is being burned to the ground. A factory building is a smoldering ruin. A man is screaming in pain from a burn that will prove fatal. All this is the result of someone's oversight, someone's carelessness, someone's stupidity. Are you willing to do your part to minimize such happenings in the future?

## FORCING US INTO INFLATION

In a recent article, Paul Mallon, the well known Washington correspondent, wrote: "The truth is the treasury does not know what its receipts and expenditures will be next month. Its haziness about the future expands at the contemplation of each sheet on the calendar. It cannot have even a faintly worthwhile opinion beyond next year."

This is in line with the theory that many thinking Americans have been holding for some time—that federal finance is in a hopelessly chaotic condition. Forecasts as to the future revenue have no sound basis—they usually represent optimism, rather than realism. The government continues to spend us farther into debt—and apparently hasn't the slightest idea of where the money is to come from to meet the obligations.

One inevitable result of such a policy is constantly mounting taxes—along with new taxes. Another, and perhaps more menacing possibility, is inflation. All the tax laws in the world cannot produce revenue when personal pocketbooks and industrial bank balances run dry. When that happens, inflation—which can be defined as cheapening and degrading the currency—becomes the "easy" way out.

The perils of inflation need no description—the tragic examples of Germany and other countries which experienced inflationary periods are well known. If we are to avoid such social and economic tragedies at home, government finance must undergo a thorough overhauling, both in principle and practice.

Items of interest culled from newspapers on The Times' exchange list.

James S. Bussard, 85, well known citizen of Lipscomb county and the Northeast Panhandle, died Monday night, at 7:30 o'clock at the Canadian hospital, following a week's illness. Bussard was a native of Switzerland. He came to this country with his parents when 4 years of age. The family settled at Louisville, Ky. Later they moved to Indiana. In 1875, Bussard came west and took up land in Johnson county, Kansas. He moved to Lipscomb county, Texas in 1909, where he has since made his home.—Canadian Record.

Mr. and Mrs. C. J. Richter of Skellytown and C. C. Warford of Lefors motored to Seagraves about 30 miles southwest of Brownfield, Sunday, taking a check on the crops, they report a fine crop from Lubbock south as far as they went, the feed crop is the best for years and the cotton is about an average. The trio found only one watermelon patch and after extracting two of the best ones made their return home.—Lefors News.

The City of Wellington's swimming pool project has passed the Amarillo office as well as two street projects already submitted. No money has been received in Wellington, however. The work on the streets cannot be resumed until the funds are allocated. Some doubtful states have already received part of their money—Texas has received none that I know of. I am afraid that this money will come so late that the available labor will be employed in the cotton fields before the work can start. That would mean waiting until next March. The WPA seems to be functioning very poorly.—Wellington Leader.

The people of Miami were surprised and disappointed last Friday when the news went abroad that Supt. T. V. Weaver had offered his resignation to the school board, and had severed his connection with the Miami schools. Weaver received his appointment from the federal government last Thursday and accepted the position offered him with the Soil Erosion service. He will report to Dalhart this week for location of his work.—Miami Chief.

A suggestion from a woman's magazine: "If you notice the chair squeaking, perhaps termites are working on the legs. Rub the legs with turpentine and camphor gum." Alright! Alright! But who's going to hold the victim while the remedy is being applied?—Donley County Leader.

Robt. C. Davidson, for the past eight years director of the municipal and high school band here, has accepted a similar position at Plainview, where he will direct a 60 piece band. The McLean band has won many prizes in their class under Prof. Davidson's direction, winning three first places in succession at Amarillo contests. Individual players have taken places in college bands after leaving here, with credit to their instructor.—McLean News.

A school for adults over 16 years of age will be conducted at the Canyon high school in the evening during the winter, according to announcements made yesterday. The school will be maintained through federal funds. The purpose of the school is to offer additional educational advantages to those who wish to continue study but who find it

Rev. C. C. Armstrong won a box of cigars as the champion hog caller at the Lions club luncheon Tuesday. Uncle Charley Upham was a close second and in fact a run-off was necessary to decide the winner. The Methodist minister, though, had a good echo in his voice, indicating that he had had some thorough training along that line in earlier days, and he was declared the winner.—Panhandle Herald.

Football fans of this section will witness night games at the local gridiron this season! Information was given out this week that, although sufficient funds for the completion of the project had not been raised, enough had been pledged that the athletic association was enabled to make arrangements to order the lights. More than \$1,000 has been subscribed, and those in charge of the financing of the project report that they are still working and additional funds are being subscribed daily. All of which goes to show that the old town is beginning to come to life. It proves that we CAN do things here. And as long as a town is DOING things, it is progressing. When action stops, progress stops. Clarendon is becoming a more progressive town.—Clarendon News.

## Outing and Recreation Require Money

The best possible preparation for vacation and outing is to start a bank account. Once a "nest egg" is deposited, it is much easier to lay by a little each week or month. Even a small regular deposit will soon total a neat little sum. On vacation, at home, in business or any other activity of life requires money. The surest way to have money is through saving. Think it over.

# BRISCOE TOOTERS

News of the Briscoe School and community, prepared by members of the student body for publication in The Wheeler Times.

## COUNTY SUPT. B. T. RUCKER VISITS BRISCOE SCHOOLS

The Briscoe school was indeed happy to have our county superintendent, B. T. Rucker, visit us Wednesday, Sept. 18. He visited every room, observing the teacher, pupils and subject matter offered. Rucker was accompanied through the various rooms by a member of the local school board, B. F. Crossland. Certainly it would be unfair to fail to express our deep appreciation to Mr. Crossland for his deep interest in the work that is being offered. He is acting as foreman and business manager of the new building under construction.

Supt. Rucker did not get to complete his visit, being called back to Wheeler on business, but he will be with us again on Tuesday, Sept. 24, when he will spend the day and will meet with the board after school.

Rucker is tremendously interested in the boys and girls of our county; he is interested in the schools of this county; he wants Wheeler to be the banner county of the great Panhandle of Texas. In fact, the counties away down in Texas are adopting his county program. The Briscoe superintendent, teachers, board, children and parents want Rucker to know that we are with him and for him in every project he sees fit to sponsor.

Rucker and Superintendent Jim H. Dyer of the Briscoe school went to Pampa, Thursday evening to meet with Deputy State Superintendent J. D. Wilson, who is to speak at that place.

## SCHOOL HAS AMBITIOUS STUDENT AID PROGRAM

One month of school has rolled around for Briscoe school. Some are glad while others are made unhappy over their progress. Supt. Dyer is pledging himself to help the children that need help; he says that a good student can learn with little aid and instruction, but it takes the best of teachers and instructional aid to bring the poor children to the front and that is just the program being offered in the Briscoe schools. Every teacher makes monthly reports of the standing of each student in school whether that student be a good one or a poor one. Poor students carry the teacher's comments on why, and what they think is needed.

When this report is reviewed by Dyer, he talks to these retarded children; tries to make some suggestions that will help them, and at the same time notify each parent of the situation.

The Briscoe school is launching one of the hardest drives for home co-operation with these children that has ever been made here. If the parents will see that these boys and girls study some at home, it is believed the teachers will see that they get the work over in a big way.

## SCHOOL NOTES

The school was buzzing with excitement Monday when the new athletic equipment arrived. We received new sweat suits, gold and green, with Bronchos written on the front. Shoes, socks and three new basketballs are also here. We are proud of this equipment and are looking forward eagerly to the time when we can use it.

Basketball practice is progressing rapidly. The boys and girls have practiced several nights and the workouts seem to be good. Everyone is enthusiastic over the prospects for this year.

The pep squad was organized Monday and we are anticipating the time when they will yell the Briscoe Bronchos on to victory. Winifred Barnes and Lorene Treadwell were elected pep squad leaders.

Work on the new home economics building is progressing rapidly; we are eagerly awaiting the time it will be ready for use.

New shower baths, which have been installed in the school building, are one of the recent additions of which the school is proud. Especially, are they beneficial to basketball players after a hard workout.

## Scribblers Club Reorganized

The Scribblers club was reorganized Wednesday for the coming year. Fifteen were present. Officers elected were Winifred Barnes, editor; Fay Wilson, assistant. The remaining staff will be appointed by these and the sponsor, Miss Owens.

## Movie Chatter

By a Rogue

### SHE

Well, folks, we have been telling you that SHE was coming. You have been waiting for SHE. The story of SHE has been running in The Times for several weeks. You want to see SHE. Your neighbor and kids want to see SHE. The makers of King Kong think SHE is a great picture. We think SHE is a great picture. SHE will be at the Rogue Friday and Saturday, so let's all go out and see HER. Also, a colored comedy and the last chapter of Tarzan.

### Will Rogers

That most loved character of all time, Will Rogers, will be at the Rogue Monday and Tuesday, Sept. 23-24 in "The County Chairman." You saw him in Life Begins at 40, and you will readily admit that it was a good show. You cannot afford to miss him in County Chairman, because it is a picture that is exactly suited to the character of Will. In

if you again see him as the leader of that group of plain country folk like you and I—beloved by all with whom he comes in contact—he plays just such a part as he lived in actual life. Do not miss it. Then he gets ready for Steamboat Round the Bend which comes in October. Also a colored comedy.

### Coming Soon

In Old Santa Fe, Little Colonel West Point of the Air, Under Pampas Moon, Cowboy Millionaire, The Irish In Us, Sequoia, Ginger Steamboat Round the Bend, Curt Top, Broadway Gondoller, Bonnie Scotland, Farmer Takes a Wife, Bright Lights, China Seas, Rainmakers, O'Shaughnessy's Boy, Top Hat, Smiling Through, Frank Buck Broadway Melody of 1936, Freckles, etc.

Mr. and Mrs. Fred E. Cornelia and son of Amarillo, spent Sunday with her parents, Mr. and Mrs. Harry Garrison and family.

Mr. and Mrs. J. C. Quinn and daughters of Magic City, and Mrs. Jim Trout motored last Wednesday to Barksdale to visit relatives. They were accompanied home Sunday by Miss Loula Clarke, who will make an extended visit with her sister, Mrs. Jim Trout and family.

## Subscribers Wanted for Wheeler Times

Journalism Class to Begin Campaign  
for Subscriptions to  
Local Paper

Do you subscribe for The Wheeler Times? If not, prepare to place your name on the mailing list or present a strong argument for not doing so.

To increase interest in The Corral and to show appreciation for the work of C. G. Miller, editor, in printing the school news in such an attractive form, the journalism class will sponsor next week a subscription campaign for the local paper.

An effort will be made to have The Times mailed to every family represented at school and to residents of the town and community not having children enrolled, who are not already subscribers. A committee of five from the journalism class will be named to canvass Wheeler and surrounding territory for new and renewal subscriptions.

Mr. Miller has volunteered to donate to the class one-third of the subscription price of the paper, which is \$1 per year within the county. This money will be used to pay fees for membership in the Texas High School Press association and the Panhandle High School Press association. If sufficient funds can be raised, representatives will be sent this year to one of the two state conventions at Baylor Belton or at Austin.

## PARTY GIVEN FOR PEP SQUAD, FOOTBALL BOYS

An entertainment was given for the Pep Squad girls and football boys last Friday evening by Aline Buchanan at the home of her parents, Mr. and Mrs. A. E. Buchanan.

The evening was spent playing outdoor games. Refreshments were served at the close of the social hour to Martha Alice Wiley, Dawn Weatherly, Imogene Jamison, Orveta Puett, Bonnie Adams, Dorothy Tolliver, Clarice Robertson, Helena Jones, Rutha Mae Conner, Dorothy Burgess, Lilla Mae Crofford, Geraldine Lewis, Nerine Young, Parilee Clay, Naomi Johnson, Martha Jane Shipman, Juanell Perryman, Beatrice Miller, Estelle Scott, Lois Ficke, Mildred Coward, Ferrol Ficke, Ruth Coward, Grace Hicks, Eloise Smart.

Jack Tate, Ray Norman, Ocie Pace, Lewis Cain, Junior Jamison, Clifford Tillman, Cecil Sherwood, W. J. Ford, Bob Tillman, Lowery Deering, Wallace Pendleton, Herbert Whitener, H. E. Young, Ford Newkirk, Hubert Sims, John Sims, J. N. Tucker, Curtis Weeks.

## FOOTBALL FENCE SIGNS GROW DAILY IN NUMBER

Signs on the fence surrounding the new lighted football field grow daily in number and variety of colors. Selling space at \$1 a foot for the approximately 40 advertisements to be painted, made possible the enclosure.

H. E. Young, sr., has taken great interest in the football boys and it was largely through his work that the fence on which to put the signs was constructed, according to Coach Bob Clark.

Among the business men and firms who are to be represented on the fence are: S. D. Conwell, Royal Drug Store, Clay's Grocery, Russ Ready-to-Wear, W. E. Pennington & Son, Puckett's Cash Store No. 4, First National Bank, Citizen's State Bank, Crystal Ice Co., Corner Grocery, Wheeler Gas Co., Crump-Mundy Service Station, Ernest Lee Hdw., Ewton Chevrolet, Raymond Waters, Dick Craig, Marl Jaco, Willard's Dairy, Mac's Service Station, Garrison Service Station, Meek Abstract office, Glen Porter, Football boys, J. P. Green & Sons, Hdw., City Barber Shop, W. O. Puett, The Wheeler Times, Harry Wofford, Cicero Smith Lumber Co., Wheeler Funeral Home, R. H. Forrester, Worth Beal, C. R. Weatherly, City Tailor Shop, John Templeton, C. C. Fillmore, the Texas Theatre and Coca Cola Company of Shamrock.

The score board was given to the school by the Lettermen's club.

## TEACHERS DISCUSS HEALTH

The faculty members assembled Wednesday at 3:30 for the second meeting of the year. The program consisted of a round table discussion on "Public Health," led by Supt. J. L. Gilmore.

The teachers plan to meet twice a month on the first and third Wednesdays for the purpose of discussing school problems.

The program committee for the first three months is Mrs. Gordon Phillips, Miss Ruth Ewing, Robert Mayne, Miss Winona Adams and Mrs. Roscoe Morgan.

## START SAVING DIMES FOR CIRCUS THRILLS

Attention! Special news for the children of Wheeler and surrounding territory! A circus is coming to town! Indeed it is. A real, live, honest-to-goodness circus. It will pitch tents on the grounds south of the Lott Hotel next Tuesday. Schell Bros. circus is a four-ring affair that requires 47 trucks to transport the show.

Let's start saving our dimes and nickles right now so we will be prepared. Kiddies better begin being good!

## Nine New Teachers Added to Faculty

Nine new teachers have been added to the Wheeler faculty this year, making a total of 21 instructors.

Miss Rose Bowden, first grade teacher, has attended college in Southwestern University in Georgetown, Oklahoma University in Norman, Okla., and Daniel Baker in Brownwood. She has her B. A. degree in elementary education. Miss Bowden has taught school in Milfay, Okla. Her home is in Brownwood, Texas.

Mrs. Gordon Phillips, instructor of the first grade, has a B. S. degree from N. T. S. T. C. in Denton. She has taught school in Denton and Conway, Texas. Her home is in Wheeler.

Mrs. Roscoe Morgan lives in Alpine, Texas, where she received an art degree last summer from Sul Ross State Teachers college. Last year she taught school at Porter. She has charge of the second grade.

For the last three summers Roscoe Morgan has made the honor roll in Sul Ross State Teachers college, Alpine. His hobby is working with machinery and woodwork, in which he took his degree last summer. Before coming to Wheeler county, Morgan taught in a Mexican school in Presidio, Texas; he has taught in Porter and Liberty, in Wheeler county. He teaches arithmetic in the fifth, sixth and seventh grades.

Mrs. Allen I. Smith, English teacher in the fifth, sixth and seventh grades, has taught in Collingsworth county, Briscoe and Wheeler. She has a B. A. degree in English from State University in Austin. While attending school there she belonged to the Lanier Literary club and was president of the Y. W. C. A. Her hobby is riding horseback. Mrs. Smith's home is south of Shamrock.

Miss Frances Clark, music teacher, majored in music at W. T. S. T. C. in Canyon and was graduated from that institution in June, 1935. Last summer she studied piano in Los Angeles. Playing a piano is her hobby.

Robert Mayne lives in Wheeler. He has a B. S. degree from T. W. C., Fort Worth. He has taught in Willamette university, Salem, Ore., and Howard Payne college, Brownwood. For the last two years he has been writing musical compositions and singing solos. He teaches history II and English II.

Mrs. John Hood, a third grade teacher, has a B. A. degree from W. T. S. T. C. in Canyon. She taught at Kelton in 1930-'31. While attending college she was active in the Wheeler County club.

Miss Lois Kirby, McLean, majored in chemistry, receiving a B. S. degree from W. T. S. T. C., Canyon, last summer. She teaches science in high school.

## Mustangs Trounce Miami Team 6 to 0

Lone Count Made in Last 2 Minutes  
of First Game Played on New  
Lighted Football Field

Scoring in the last two minutes of play, the Mustangs defeated the Miami Warriors 6-0 in a thrilling matched game Friday night on Wheeler's new lighted football field. This first game of the season for the Mustangs was played before a crowd of approximately 500 spectators.

The Mustangs outplayed the Warriors all over the field, piling up 19 first downs and 256 yards from scrimmage, to the Warriors' one first down and 24 yards from scrimmage. The Mustangs were penalized 70 yards but the Warriors received no penalties.

The Mustangs advanced the ball to the Warriors' 10-yard line time and time again, but could never score on the fighting Warriors. Although both teams were clicking, neither could score the first three quarters. The Mustangs had the ball at the first of the third quarter. A pass from Weeks to Pendleton put the ball into scoring position on Miami's 10-yard line. The Mustangs fumbled the ball and the Warriors recovered it. The Warriors punted to the 40-yard line. Weeks returned the punt to the 10-yard line.

Two hard off-tackle plays with Tate and Weeks carrying the ball put it over for the lone count. Tate's try for extra point failed.

The outstanding players for Wheeler were Big Ford, C. Tillman, Ford Newkirk, Conner and Pendleton.

## TEACHERS GIVEN MELON FEAST BY MRS. CROWDER

Mrs. C. C. Crowder was hostess at a watermelon feast for the faculty members last Wednesday afternoon at 3:15 o'clock in the science room of the high school building.

Between bites of juicy white and red meated melons, the new and old teachers became better acquainted while exchanging experiences of the summer.

Those present were Miss Rose Bowden, Mrs. John Hood, Mrs. Lloyd Davidson, Mrs. C. C. Crowder, Mrs. C. J. Meek, Miss Ruth Ewing, Mrs. G. O. McCrohan, Mrs. J. L. Gilmore, Miss Bernie Addison, Miss Winona Adams, Miss Lois Kirby, Mrs. Roscoe Morgan, Miss Frances Clark, Mrs. Gordon Phillips, Roscoe Morgan, Mrs. Allen I. Smith, Mrs. Gordon Whitener, Supt. J. L. Gilmore, Principal C. B. Witt, and Mr. Sawyer, superintendent of the Canadian school. Two other members, Coach Bob Clark and Robert Mayne, were unable to be present.

SUBSCRIBE FOR THE TIMES

Next week the journalism class will start ringing front doorbells and asking, "Wouldn't you like to subscribe for The Wheeler Times?" Are you going to mutter something about "another peddler" and slam the door in the face of the solicitor? Why not again prove your loyalty to the town and the school by handing over a \$1 bill, in return for which you will receive 52 copies of the local newspaper?

A subscription to The Wheeler Times includes: a newspaper containing county seat news, a school paper designed to keep the readers in contact with school activities, an editorial page that gives resumes of current questions and national news, articles written by people of the community and advertisements of the business houses of Wheeler, offering price quotations on merchandise and services.

There are many reasons why every home should receive The Wheeler Times each week. A larger reading circulation will encourage journalism students to edit a better school paper. An improved Corral will make a better Wheeler Times. The class gets one-third of the subscription rate, which will enable the class to again enter the Texas High School Press association and the Panhandle Press association contests. Readers will get both their town and school paper for less than 2 cents a week.

Your support is needed in financing the enterprises that may bring honor again to Wheeler for having the best high school paper in the Panhandle. Subscribe to The Wheeler Times.—B. M. M.

## THE FIRST LAP

The freshmen are beginning their first lap in the race of their high school career. In one, two, or three years the sophomores, juniors and seniors will dash past the last signpost in the race track of high school life.

Some students in Wheeler high school are spending their time idling, talking, giggling and doing nothing in general, while others are studying. Just as there are two classes of people in the world, so there are two classes of students. When school starts almost everyone works hard and brings up all his lessons, but after a week or two has passed, many lose all the fiery enthusiasm they had the first three or four days. A student of this type does not have the stickability and

He who does not take things so quickly, who does not rush the job or get excited, who is at school every day and studies hard for each lesson—this student will be the leader of tomorrow. He will back the government of 1950. He will stand behind the worth-while things of life. This student is forming a part of his life because he is making a habit, and life is a bundle of habits.—M. ## Pen-Friend Letters Furnish Great Fun

If you have never corresponded with pen-friends you must try it some time. It's more fun than a barrel of monkeys.

Besides giving a general idea of how the other half lives, these letters afford a great deal of amusement because of the peculiar way other people express themselves.

For instance in one letter received by Marilyn Wiley from a Roumanian, the writer sent three pictures of himself which were inscribed respectively with "I am laughingly," "I am only pensively," and "I am a few seriously."

A letter to Martha Alice Wiley from Switzerland contained the following sentences: "I have one sister who is 22. At present she is in Paris and learns perfectly there the French language."

Letters from different points on the globe relate happenings of varied nature. This description of the earthquake in Quetta, India, is taken from a letter written to Mary Lou McIlhany:

"Did you by any chance read in your papers about the awful earthquake at Quetta a few weeks ago? The town was simply brought to the ground and the death roll was about 56,000, so you can imagine what it was like.

"I flew up with several others a few hours after it happened and honestly one actually had to see the ruins to fully realize what a terrible affair it was.

"You can probably guess the amount of jewelry that would be buried under a town of approximately 100,000 inhabitants, especially as the Indians persist in hoarding their money. Well, before long the tribesmen from the hills decided to do a bit of looting and then the fun began.

"We have plenty of natives troops at Quetta and amongst them were a battalion of Gunkhas. These Gunkhas are about the toughest and most bloodthirsty crowd to meet any where this side of Hades so you can guess they were absolutely in their element. Anyhow, in 48 hours they had bumped off no fewer than 700 of these tribesmen by simply cutting off a piece here and there until there is nothing left."

An example of the impression some people have of Texas is shown in a letter beginning, "I understand that you and your sister are both staying at some ranch in that tough place known as Texas." Another said, "I am very astonished to hear of you that Texas is not a land of the wild west with cowboys who are very dangerous."

Most Texans would consider that a slam on Texas, but I suppose our idea of other countries is just about as false as that. That's why it's so interesting to get the other fellow's point of view. Pen-friends are great fun.

## HOME EC. GIRLS' MOTHERS TO MEET AGAIN FRIDAY

Because of the funeral of Mrs. W. G. Stiles, Monday afternoon, only a few mothers attended the meeting called by Mrs. Gordon Whitener at the Home Economics cottage.

For this reason another such meeting is called for Friday afternoon at 3 o'clock. Mothers of all girls taking home economics are invited to attend. Discussion of the program outlined for this year is the object of the gathering.

Before opening the discussion Monday afternoon, Mrs. Whitener showed the visitors through the cottage and explained the plans of decorations.

Those attending were: Mrs. H. E. Tolliver, Mrs. E. M. Clay, Mrs. E. R. Jones, Mrs. E. Tillman, Mrs. Marl Jaco, Mrs. Hale, Mrs. C. R. Weatherly, Mrs. Chester Hampton, Mrs. W. L. Coward, Mrs. Rupert Faust and Mr. and Mrs. W. W. Adams.

## HIGH SCHOOL LIBRARIANS ARE CHOSEN THIS WEEK

The high school library, which has been moved to the back of the study hall, was opened last Friday morning. The following students were selected this week as librarians.

9:00-9:45—Mazie Bean.

9:45-10:30—Wilma Riley and Parilee Clay.

10:30-11:15—Ruth Faust and Aubrey Warren.

11:15-12:00—Ford Newkirk, Dorothy Tolliver and Bonnie Adams.

1:00-1:45—Laney Mae Tillman and Ferrol Ficke.

1:45-2:30—Mazie Bean and Verna Greenhouse.

2:30-3:15—Irene Hunt and Lois Ficke.

## 4-H CLUB GIRLS PLACE AT TRI-STATE CONTEST

The three Wheeler high school 4-H club girls who entered the Tri-State contest placed in the clothes and canned goods events. The girls competing were Elva Willard, a junior, Ruth Faust, a sophomore, and Helen Flynt, a freshman. They took five first places, two seconds and three thirds.

The awards were: Elva Willard, first on strawberry preserves and pillow cases; Helen Flynt, first on cherries and cucumber pickles; Ruth Faust, first on canned peas; second on peach preserves and cherry preserves; third on canned peaches and pickled pears; Helen Flynt, third on cucumber relish and fourth on jelly.

## FORMER STUDENT MARRIES

Willie Mae Hollabaugh, graduate from W. H. S. in '34, was married last Wednesday to Gus Wagner of Shamrock. Mr. and Mrs. Wagner will live five miles east of Twitty.

During the one year that Willie Mae attended school here, she was a star player on the basketball team. She had a high scholastic record and with Ruth Dill won third place in debate at the District Interscholastic League meet.

## B. Y. P. U. Members Visit Mobeetie

A group of young people attending the B. Y. P. U. at the Baptist church in Mobeetie Sunday night included Mazie Bean, Verna Greenhouse, Mary Genthe, Orveta Puett, Dudley Callan, Wallace Pendleton, Virgil Greenhouse, James Passon, H. E. Young, W. J. and Paul Ford and Mr. and

Terribly thrilling game with Miami last Friday. In fact so much so, I couldn't sit still for yelling for our Mustangs.

Thingumbobs: A journalist mistaking a picture of Hoover for Garner. . . A music pupil had difficulty in music last Friday. She could get the two eighth notes, but not the rest. . . A Miami girl didn't like a Wheeler boy having his trousers rolled at the game—so he pleased the lady.

It is rumored that a certain junior girl gives her girl friends gum to leave her "honey" alone. . . Unfortunate that most of the football players have to go home on Friday nights.

The exes thought they yelled louder than the Pep Squad girls, but I heard more compliments on the girls.

It's a fact: An average of about 54 balls are used in each game of big league baseball teams.

Only the women of the United States have saved the nation from stag-nation.

It's a mistaken idea about Junior's vocabulary, because it seems even more extensive than last year. Great men were supposed to have digested a portion of the dictionary every day so perhaps we have a budding genius in our midst.

Houdini, world renowned magician, has been dead nine years. . . Pop-Eye will make his debut on the airplanes soon. . . There's talk of broadcasting the Italian-Ethiopian war.

Reverie in E flat: Last year's Shamrock-McLean football game reminded me of our game with Miami. Full moon, lighted field, bleachers and a good game.

One of the Lewis girls apparently has a Higgins boy friend, since one by the name of Carl "dated" her Sunday.

## SPANISH CLUB CHOOSES NEW OFFICERS FOR YEAR

Under the direction of Mrs. J. L. Gilmore, instructor, the members of the Spanish club met Tuesday at 3 o'clock to organize for the year.

Wave Wallace was elected president of the club and Rutha Mae Conner was chosen vice president. Helen Sanders holds the position of secretary treasurer. Beatrice Miller, Juanel Perryman and Everette Cole were appointed to serve on the program committee. The entertainment committee will be appointed soon.

The club plans to meet once a month, but the date has not been definitely set.

## ROLL CHECKED DIFFERENTLY

This year the teachers have found a new way of checking roll. When 9 o'clock comes, the students pass to their classes or remain in the study hall if they do not have a class. The study hall keeper checks those who are in the study hall, putting a list of the absentees and tardies on a list and sending it to the office. In the classrooms the instructor does the same.

This method of checking is not only a help to the students and teachers but it is also a time saving

CONCLUSION

SEVERAL hours later Leo returned to the room where Holley and Tanya were seated at a table. He closed the door and leaned against it like a man in a dream.

"Leo," Tanya cried, frightened at the look she saw on his face.

He looked at her, as if she were a stranger, and then he told them they would have to leave without him, that he was to be taken to the flame. He told them of all that he had seen and had been told; he told them frankly that he was to have life—and love—eternal.

In vain Holley pleaded with him, told him the folly of such a thing. Tanya said nothing but in her eyes came the look of defeat. But Holley's words had no effect on Leo.

"All right, Leo," Holley finally said. "I'll take Tanya back with me. She's too good for you. But let me tell you this—you're a fool, and you'll die for your folly—like that ancestor of yours."

Tanya walked up to Leo.

"I'm sorry, Tanya," he said hoarsely. "You can't understand. Think of it—never to grow old—you're not tempted as I am—I can't give it up."

"Don't think of me," Tanya replied quietly. "Think of yourself."

Tanya left the room hurriedly. She went directly to the quarters of Billali. The old man saw in her face what she had come to tell him.

"You are no longer angry with him," he said, with a crafty look in his eyes.

"I never was," Tanya replied. "When you threatened him, I merely tried to prevent you from harming him. I was stunned then, I know now how to make you harmless. If you raise a finger against him, SHE shall hear of it."

The crafty look, mixed with sudden fear, remained in Billali's eyes.

"You should think less of his safety," he warned, "and more of your own."

Billali stalked out of the room, going directly to SHE, his mind forming a ghastly plan to rid himself of this girl that threatened his safety.

"Just now I found her in his arms," Billali said to SHE, kneeling in front of her. "She is to be sent away, but will he ever forget her?"

"She would die if there was a way that he might not know."

"There is a way," Billali said eagerly. "The sacrifice in the Hall of Kings. He will sit beside you on the throne. He shall watch the death of the girl—and he shall never know. The girl shall be substituted for the maiden that is to be sacrificed."

The eyes of SHE flashed.

"That ceremony I have seen so many times," she cried. "I shall see this time with a beating heart—with triumph."

THE sacrificial ceremony in the Hall of Kings! A ghastly, weird, unearthly sight it was. Leo

sat at the side of SHE, looking at the weaving, dancing forms that filled that great room. There was a platform from which smoke rose and around this stood four priests. Exotic, fascinating in its sheer barbaric splendor, was this pageant of death.

Yet Leo sitting there, held by the spell of SHE and the chanting music that came from hidden places, did not know that it was a pageant of of death—or that the maid to be sacrificed to the Queen was Tanya. Holley stood below him, watching everything with cold scientific curiosity.

A sharp word of command from SHE caused the dancing forms to break, and through this path came priests carrying Tanya, hidden completely by the sacrificial robes that covered her body. She was placed on the platform of smoke.

Leo gasped. He watched the sacrifice of death in a daze. He saw the body laid on the stone. He saw the priest raise the knife to plunge it into the heart of Tanya.

But as the knife came down, stopping for a brief moment over Tanya's heart, she threw her body back and raised her face to Leo.

With a flying leap, Leo was off the throne seat. "Tanya," he cried in dismay. Holley had seen the same thing and his revolver cracked. The priest with the knife crumpled to the floor.

And after that there was only a bedlam of screaming priests and fighting soldiers. Leo and Holley fought grimly, knowing that death was on them. They shot and fought their way to a door, Leo carrying Tanya. It seemed to Leo that ages had passed; that he had clubbed hundreds of men, but finally through that writhing mass of humanity, he and Tanya and Holley made their way and were in a dark passage.

Down this they fled, not knowing where they were going. They came to a dark cavern. A great rock loomed before them, balancing itself over an abyss that seemed to go into the bowels of the earth. How they got over this abyss, walking on the balancing boulder was a mystery to all of them; but at last they succeeded, and they dashed on in the darkness, coming out into a strange room.

AND seated there was SHE, her face twisted with fear and hate and her eyes looking at Leo helplessly. A rumbling that seemed to come from hell itself filled the room and at the far end a flame rose and fell in quivering spurts.

"So you have come to the Flame," SHE said to Leo.

"What does the flame—or anything, matter now?" Leo cried. "You fiend—you monster of cruelty."

"You refuse my love?" SHE said.

"I love Tanya," Leo replied. "I know that now."

"You will go into the flame," SHE said. "You have no choice. My men are waiting. If you refuse, she shall die."

"You mean," Leo said weakly, "that Tanya shall die?"

"Once, centuries ago, I bathed in the living flame. I do not know what will happen a second time, but if I stand in it unharmed will you follow?"

"To save Tanya, I will," Leo answered.

Tanya started to protest, but SHE had risen and walked over to the Flame. The rumbling increased. Billali fell to his knees, awestruck. Holley stood gazing at the sight in fascination.

"I call the flame," SHE cried. "Most swift, most powerful preserver of life and youth and beauty."

The flame darted up, covered her, and then fell away. She stood there momentarily, more beautiful than ever. She looked down on Tanya in triumph.

"You will wither and grow old," SHE said, "but he will remain forever young. He will tire of you when your skin is crinkled and your body broken, I can wait."

Suddenly the flame leaped up again, covering SHE, and when it sank down once more, a ghastly change had come over SHE. Before the eyes of Leo and Tanya and Holley, the radiant creature was turning into an old woman.

She walked away from the flame, raised her hands and stared at them in dismay. Her face was now that of a withered hag; her body shrunken with the ages of centuries.

"Have pity on my shame," she rasped weakly. "I remember long ago—a garden in the sun . . ."

The words were never finished. Her body crumpled to the ground. Slowly it shrank until at last SHE was no more. Because she had

called a second time on the God's of eternal life they had taken back their gift.

Hours later, escorted by soldiers, and supplied by Billali with food and every need for the long journey back to civilization, Leo and Tanya and Holley stood at the mouth of the cave where they had entered the land of SHE.

"We're going back to the world," Leo said to Tanya, "where we live and die like every one else."

"And love," Tanya added. "Well," Leo said with a grin, "you wouldn't expect me to forget that, would you?"

Tanya smiled and together they walked out into the dazzling brilliance of the tundra. Holley gave one last look at the country of SHE.

"The greatest secret in the world," he said regretfully, "and we are turning our back on it."

### Sport Slants

By a Mustang

Well, folks, looks like Coach Bob Clark's efforts have not been in vain. That was a real game the Mustangs played Friday and did they whip the Warriors? An how!

Boy, oh, boy! The Wheeler Mustangs and the Amarillo Sandies have never lost a game on their home field yet. (The Miami-Wheeler game is the only game played here yet, of course, but just you wait!)

If you want something to feast your sore eyes on, you should "come up to see me sometime" and I'll show you something worthwhile. Did I hear some one say a gym? Yes, a gym! This much-needed building is going up rapidly. We football boys will be using the showers before Thanksgiving. (We hope).

Gosh, folks, we have the best Pep Squad in the world. The girls can yell like everything and they are real good looking, also. (Hold that line, Passons).

The Kelton football team scrimmaged Wheeler's second team Wednesday at the Wheeler stadium. The Mustangs showed up very well, although the score was 12 to 6 in favor of the visitors. Our boys were outweighed about 10 pounds to the man.

I'll have a lot of news for you readers next week. Music is a new subject in Wheeler high. I'm going to learn all about it this evening since I have to see Coach Bob Clark. Well, here's luck to the Mustangs.

### YELLS SPLIT AIR AT FIRST GAME ON FIELD

Under the unrealistic light, and the air interspersed with a yell from the Pep Squad girls for the football players one might easily imagine himself located anywhere on the globe last Friday night but in Wheeler witnessing a night football game.

Yell after yell split the air, furnishing encouragement to the figures in black and gold who slowly but surely were playing a winning game. Each spectator cheered with renewed energy at every gain holding promise of a chance to score.

With the ball a few feet from the line, the crowd went wild with cheering. But when the pigskin was finally parked on the touchdown side, an ear-splitting din arose and enthusiasm displayed such as Wheeler has seldom witnessed before.

### SQUEEZE-INN IS CHOSEN FOR NEW STORE'S NAME

The Squeeze-Inn was selected as the best name for Frank Buchanan's store from among the large number sent in. Buchanan said, "The students handed in many good names and it was hard to choose the best of six or eight very good ones."

Lombre Brazil and Marcell Farmer of the seventh grade were presented the award of \$2.50 at 12:45 o'clock, Monday. They divided the \$2.50 equally between them. The girls plan to save the money and keep adding to it. "In two or three years," they said, "we will know what to do with it."

### COLUMN IN CORRAL IS QUOTED

The Wampus Cat was quoted in the Tri-State Press column of the Amarillo Daily News, Monday, as follows: "When a friend laughs at a joke of ours we notice that the better the friend the harder he laughs."

This column, written last week by Beatrice Miller, is copied after O. O. McIntyre's New York Today.

### Dear Aunt Susie:

Dear Aunt Susie:

I am worried about the coach chewing up so many toothpicks at the football games. What can I do?

Sincerely,  
Frances Clark.

Dear Music Teacher:  
Give him gum to chew.

Your friend,  
Aunt Susie.

Dear Aunt Susie:

What happened after I got knocked out in the football game Friday night?

Yours truly,  
Wallace Pendleton.

Dear Wallace:

Nothing that you would be interested in only that Wheeler made a touchdown.

Your friend,  
Aunt Susie.

Dear Aunt Susie:

Does my blond haired girl friend at Briscoe care for me?

Your friend,  
Curtis Weeks.

Dear Curtis Weeks:

That's for you to find out. I don't know your friend.

Yours truly  
Aunt Susie.

Dear Aunt Susie:

How can I have a winning football team every game?

Puzzled,  
Coach Clark.

Dear Coach Clark:

Let the boys smoke and stay up as late as they want to.

Your friend,  
Aunt Susie.

### ORGANIZATION COMPLETED IN 3 HIGH SCHOOL CLASSES

All of the high school classes except the freshmen have organized.

At a senior class meeting last week Miss Bernie Addison was elected sponsor; Lowery Deering, president; Laney Mae Tillman, vice president, and Dorothy Burgess, secretary-treasurer.

The junior class met Tuesday at 12:45 o'clock in the music room to elect officers. Miss Winona Adams was chosen sponsor; Orveta Puett, president; Dawn Weatherly, vice president, and Bonnie Adams, secretary-treasurer.

Coach Bob Clark was elected sponsor of the sophomore class at a meeting held Monday afternoon. Irene Hunt was chosen class president and Lavell Jaco, as secretary-treasurer. The sophomore class decided not to have a vice president this year.

The freshmen will probably organize within the next few days.

### Journalism Class Has New Cabinet

With the \$2 that was left from the journalism play last term, a new filing cabinet has been purchased for the journalism class. H. E. Cole, janitor, made the four shelf cabinet.

### Memory Lane

#### This Time Last Year

Fay Ficke was elected editor, and Theodore Conner, assistant editor, of the Corral Monday afternoon.

A scientist, connected with the Smithsonian Institute, talked on the meteorite which passed over the Panhandle.

O. Lewis entertained the Pep Squad girls and football boys with a party at his cafe.

The Business and Professional Women's club subscribed for the News Week to be sent to the high school library.

#### This Time Two Years Ago

The senior class motto, flowers and colors were named at a class meeting Thursday afternoon.

The painting of the lower halls has been completed.

The freshmen class won the prize for having the most parents at the Parent-Teachers association Thursday night.

### CLASSES MEET IN COTTAGE

Home economics classes are meeting this week in the sewing room of the Home Economics cottage.

This room is equipped with three sewing machines, eight sewing tables, a teacher's desk, a bookcase, and a filing cabinet.

As soon as the building is completed and the furnishings installed, the classes will follow the regular schedule in the other rooms.

### HISTORY IV TEACHER

Please! Please! Someone please act quickly!

Poor, Miss Adams! She declares she will be greyhaired if those history IV students don't get some books soon.

At present there are two books in the class (and by the way, they look as if they would fall to pieces if one touched them—consequently they are not touched very often). The pupils take turns reading in class, and as a usual thing they can't even tell what they have read.

Dear! Dear! I really believe Miss Adams will soon lose her mind if some history IV books don't appear from some where.

If anyone has an English history book by Edward P. Cheney that he desires to sell or lend, please let Miss Adams or a history IV student know about it immediately so the calamity may be averted.

### RAMBLINGS ON THE RANGE

Martha Alice Wiley was in Amarillo Saturday.

Lowery Deering, Curtis Weeks, Lewis Cain and Ocie Pace were in Briscoe Saturday night.

Geraldine Lewis and Carl Goettsche of Higgins, were in Shamrock Sunday.

Dorothy Burgess spent the week end in Twitty.

Velma Hestilow attended the singing convention in Twitty Sunday.

Lavell Jaco was in Shamrock Friday and Sunday.

Opal Case was in Shamrock Sunday.

Bonnie Adams was in Mobeetie Saturday night.

Mildred Coward attended the singing convention at Twitty Sunday.

### DIRT ON SIDEWALK AROUSES COMMENT

Well, well and well—what is this world a-coming to? First it's more kids and teachers in school and then it's four great big school buses and now guess what! Well, I'll jest tell you. Somebody had an idea. They went and worked and worked to lay a lot of cement for what is supposed to be a sidewalk and then before anybody gets to put foot on it they cover it up with sand jest like they was afraid someone might see it.

Now what's the use in that I ask you? Tsk! Tsk! It is more fun to walk on it if perchance your enemy is walking behind you—sure is a good chance to put sand in his eyes or maybe a little bit in his shoe. I've even heard a few teachers sayin' sompin' about it. Oh, well, I may be dumb in some lines but I ain't finished high school yet. Please excuse me but this is jest one way of sayin' how much these school kids will appreciate those walks when it snows and rains.

### CAUGHT IN THE LASSO'S NOOSE

Geraldine, if you ask a boy for a date and he doesn't consent, just write him a note.

Seems as if some of the football boys and Pep Squad girls were hungry for watermelons Friday night.

Reports are floating around that the reason M. L. quit school so suddenly was that he was afraid that R. J. might tackle him.

Girls, you had better get busy if you want to rope a Mustang that goes by the name of Clifford Tillman. That ex-senior has already thrown her loop to capture him.

Wonder why they call that little halfback "the woman hater?"

There has been a misunderstanding between two students in the junior class. For further information ask Herbert and Aline. I don't think it is very serious.

Have you noticed Lowery's hair? Isn't it pretty? He must be advertising finger waves for Perryman's Beauty shop.

Why is Coach Clark getting so melodious? Could it be the new music teacher.

Lewis was the only one that passed that economics test. Wonder why?

Imogene may get to take a short course at A. & M. James, do you think it is possible?

Mrs. McCrohan (speaking of the proposed law prohibiting automobile horns from sounding in New York City after night): "My! Won't that sound funny?"

After two weeks of grinding toil, Mrs. Whitener "kicked the bucket" in the office last Friday afternoon at 3:15 o'clock. Four other faculty members, including the superintendent, witnessed the tragedy. They made every effort to prevent her from doing the deed, but 10 days of school proved to be too much for this home ec. teacher. Without a warning word she, with raised arm and uplifted foot, hurled into space—her lunchbasket!

Miss Kirby to chemistry class: "Now I want each one of you to take as a project something to mix. What will you work with, Harry?" Harry, the brilliant: "Gunpowder, Ma'am."

LOXIT ADDS STYLE TO
Rimless Glasses
Fewer broken spectacle lenses and lenses that stay in proper alignment are not all that Loxit riveted construction does for rimless spectacle wearers. Glasses with Loxit are smarter and less conspicuous. The eighteen Loxit styles are up-to-the-minute styles—worn by notable people everywhere. Ask to see Loxit.

Why patronize an out of town Circus, when the largest motorized Circus in America is coming to Wheeler?

### Feeding a Traveling Circus Big Problem

Imagine a town of 500 to 1,500 people, the stores, machine shops, lawyers, doctors and all branches of business it requires to supply them with the daily necessities of life. Picture a city or town of that size traveling throughout the entire world, all people in a gathering and body, and always intact. Then visualize the tremendous problem of FEEDING A TRAVELING CITY.

Each day in a different location. Each day a kitchen is set up in another place from 25 to 250 miles away; then try to comprehend the organization back of it, that has all meals at regular hours. Never missing the hour in which the meal is called. After you have pictured the problem, picture "the terrific task ahead of you if YOU WERE REQUIRED TO SUPERVISE THIS LABOR. It would seem impossible to you. Yet, it is exactly what Schell Bros. Circus like all large circuses in America, accomplishes each day.

Buying food for the stock and rations for the people of the tented city is indeed one of the largest tasks, and daily finds an organization, working like well-oiled machinery, accomplishing their bit, quietly, easily, and without confusion, for men of highly trained ability are secured to handle each department of the circus.

Schell Bros. Circus appears in Wheeler next Tuesday, Sept. 24, when, an afternoon and evening performance will be presented. Admission prices are: Children 25c, adults 40c.
