## Commencement to Be Sunday Morning

Rev. Taft Holloway, Baptist Pastor, to Deliver Address at the 11 o'clock Hour

Sunday, May 10, marks the date of two important events—Mother's Day and Commencement sermon for the Wheeler schools. However, with the arrangements made by church and school leaders little conflict will occur. At the 11 o'clock hour Sunday morning, Rev. Taft Holloway, pastor of the local Baptist church, will deliver the commencement sermon in the high school auditorium-gymnasium.

Bert Mayne, member of the faculty, will sing a solo with a Mother's Day theme at these services.

Always an occasion of moment to students, and especially those who are to graduate the following Friday night, commencement services command attention of parents and pupils.

In accord with the day and to give all who desire an opportunity to attend the commencement exercises without neglecting worship in their respective churches, 11 o'clock services have been dispensed with at the Church of Christ, the Methodist and of course the Baptist church.

Adequate seating space is assured all comers in the large auditorium-gymnasium of the school, a comfort and convenience not enjoyed heretofore.

## Four County 4-H Club Girls Win Gold Stars

Three from Briscoe Club, One of Lela Make Up County's Share of 100

Out of 100 Gold Star girls selected in Texas for having outstanding 4-H club records, Wheeler county has four. Briscoe 4-H club, with Mrs. Queenie Vise, sponsor, has the distinction of furnishing three of these. They are Fay Hammer, Mary Margaret McCarroll and Joy Bill Riley. The other girl is Doris Mayfield from Lela 4-H club.

They will be recognized with a special service and presented a Gold Star pin during the Farmers Short Course at A. & M. college during July.

Each of the girls were demonstrators in 1935 and won places in the county contest.

Fay Hammer was food preservation demonstrator for her club and won second place in the county contest. She planned a canning budget for the family and with her mother's help canned 731 quarts, valued at \$155.24. She, with her father's help, built new steps to the cellar, made shelves to hold the canned food and arranged it according to 4-H pantry plans. She completed her wardrobe goals, making 64 garments with a value of \$88.93. In bedroom work, she added a bed, dressing table, stool and new shades and curtains.

Doris Mayfield of Lela was a first year 4-H club girl. She was 4-H pantry demonstrator for her club and with the help of her parents did an outstanding piece of pantry work, winning first place in the county contest. She moved 32 feet of shelving to the basement and built 40 feet of new shelving; all of these were painted. On these shelves was classified and arranged more than 900 quarts food. Besides this canned food, pecans, popcorn, dried beans and peas, pumpkins, lard, apples, dried apples and soap were stored.

The distinctive feature of Mary Margaret McCarroll's bedroom demonstration was her attractive as well as comfortable bed. Her mattress was remade. Spring cover, mattress cover, mattress pad, pillow protectors, blanket and comfort protectors and full length sheets made her rest center a very desirable place to sleep. The candlewick bedspread and curtains, as well as a hooked rug, added charm to the room. A study center, adequate storage space and dressing table furnished all the requirements any girl might desire in a bedroom. Mary Margaret won first place in the county contest and received a table lamp from the Extension Service because she did a creditable demonstration.

Joy Bill Riley's bedroom was a close second to Mary Margaret's in the county contest. Besides her bedroom demonstration, she canned more than 300 quarts to put on the pantry shelves; made 25 garments in sewing; was reporter for her club, and attended every club meeting during the year.

Juanita Reeves, investigator for Texas Old Age assistance commission, will be in Hemphill county this week investigating applicants for old age assistance.

## Another Cement Job Delays Oil Drilling

Because of delay occasioned by another cement job, little or no drilling has been done at the oil test well, Porter No. 1, south of Wheeler, this week. After allowing sufficient time for the cement applied early last week to set, the plug was drilled out Saturday. It was quickly learned that the job was unsuccessful; water was leaking through formation and filling the hole as rapidly as it could be handily bailed out.

Sunday a decision was reached to give the hole another application. This operation was started Monday morning. Since then activities have practically ceased while the sealing agent hardens.

Resumption of drilling is expected to get under way tomorrow or Saturday.

## Allison's 7th Annual Celebration May 22-23

Big Rodeo and Free Barbecue Are Features of Two-Day Picnic; Also Music, Dancing

Distribution of circulars and window cards advertising Allison's seventh annual celebration began throughout the county and adjoining territory this week. The big celebration is dated for Friday and Saturday, May 22 and 23. The event is sponsored by the chamber of commerce and citizenship generally of Allison and community, an enterprising and industrious spot in northeast Wheeler county.

Attractions this year feature a big time rodeo and free barbecue. Other activities will resemble those of former celebrations and include band and orchestra music, dancing each of the two nights, and an opportunity for political candidates to meet the public.

The highlight of each afternoon's entertainment will be the rodeo. Bucking horses and Brahma cattle from the noted Bowers ranch will be used in the rodeo. Cash prizes in these contests are offered each day. "A cordial invitation is extended the general public to attend this annual two-day picnic," stated a member of the committee on arrangements while in Wheeler this week. "We feel that every person attending will find various phases of entertainment to suit his particular fancy," concluded the speaker.

## County School Board Session Held Today

Classification of all Wheeler county schools was made during a meeting of the county school board lasting for several hours here today. Other matters of less import to the school system were also disposed of. Members of the board are: H. M. Wiley, president; E. E. Johnson, trustee, precinct 1; T. M. Britt, trustee, precinct 2; L. C. Burcham, trustee, precinct 3, and J. W. Henderson, precinct 4 trustee.

## SURPRISE BIRTHDAY PARTY HONORS MRS. C. C. MERRITT

A surprise party was given for Mrs. C. C. Merritt, Wednesday evening in honor of her birthday. About 26 friends met in the basement of the church, where many gifts were presented in a semi-formal manner. Mr. Merritt's part seemed only to carry the things to the car and transport them home. Even at that, he had a pleased smile in his work. Those present were: Mr. and Mrs. Bryan Witt, Mrs. O. Nation, Mrs. R. H. Forrester, Mrs. Jimmie Mitchener, Mr. and Mrs. Elton Myers, Mr. and Mrs. M. C. Jaco and daughter, Lavel, Mr. and Mrs. Greenhouse and son, Mr. and Mrs. Ernest Balch and daughter, Evelyn, Mrs. Horace Wickler, Mrs. R. D. Underwood, Miss Viola Jones, Mrs. Charlie Sandifer, Mrs. O. O. Sandifer and Mrs. S. D. Conwell and niece, Dorothy Winkler.

Besides those present, some who could not be there sent gifts. They were Mr. and Mrs. E. C. Jaco, Mr. and Mrs. Cliff Bradstreet and Mrs. J. B. Barr.

## SKELLY SERVICE STATION OPENING DATED SATURDAY

Elsewhere in this issue of The Times will be found the advertisement announcing the opening, on Saturday, of the new Skelly Gasoline Station. Henry Miller is operator of the station, known as the Wheeler Service Station. Representatives of the Skelly Refining company were here today and completed plans for sale of Skelly gasoline and oils by Miller.

A special feature of opening day is the offer of a quart of motor oil free with each five gallon gasoline purchase made at the station during the day.

## District Court Has Full Week's Session

Suit for Compensation in Civil Division Takes Practically All This Week

Entering a week devoted to civil matters, Monday morning, the jury reported and was excused when anticipated cases failed to materialize until Tuesday noon. A compensation suit, H. R. Higgins vs. Texas Employers Insurance Co., came on for hearing before a jury. The plaintiff alleges injuries were sustained while employed as a tool dresser at an oil well in the western part of the county and seeks compensation.

Taking of testimony continued until late today. Tomorrow will see the argument presented by counsel for plaintiff and defendant. It will then go to the jury for a decision.

The grand jury resumed its investigations Monday, remaining active until Wednesday, when recess was taken, subject to call. Five indictments were returned during the session.

Next week, fifth of the current term, is designated as civil, subject to criminal. The following week is docketed in like manner and is the last jury week for the April term. Sixth week jurors are:

A. S. Anderson, Roy D. Brown, Bill Bailey, Bailey Burgess, John Buchanan, W. N. Bradstreet, L. R. Barry, C. H. Candler, Martin Callan, J. R. Cooper, E. A. Deering, A. H. Dyson, T. K. Fields, Leonard Green, Bill Godwin, L. S. Griffin, I. T. Goodnight, Claude Hiltbrunner, Acie Henderson.

E. H. Herd, Alex Harvey, Roy E. Henley, C. M. Hampton, Paul Jeffus, U. G. Lane, F. A. Mooney, Tom Montgomery, Dusan Pakan, O. D. Perryman, J. R. Reed, R. G. Russ, A. V. Ridgway, W. A. Sorensen, W. H. Sewell, Evert Smith, D. H. Sherwood, C. F. Wood, Milt Wilson, E. L. Wall.

## New Wiley Building Occupied This Week

Finding the west room of the new Wiley building to its liking, the Wheeler Auto Supply & Electric company, a new business enterprise for Wheeler, is the first concern to occupy space in the 50x60 foot cement block and tile structure erected by H. M. Wiley on lots west of the post office. The building, divided into three neat sales rooms and with living quarters at the rear of the second floor, is modern in its appointments.

Started only a few weeks ago, work has progressed rapidly on the group of store rooms to a point where only the finishing touches are needed to complete the entire building.

Wiley's, a gas appliance and household supply firm, will have certain products, including Electrolux refrigerators, on display in the west room with the supply company. No announcement of who will occupy the other two rooms has been made.

Mrs. John B. Morris and daughter, Miss Lorena, of Vernon came Saturday to visit the former's mother and sister, Mrs. E. E. Holt and Mrs. J. P. Green, and family. They returned home Sunday afternoon.

## MAYBE SO . . .

If this column has a slightly fishy flavor this week, the fact should be excused because of the season of year. At all events, some amusing experiences are told by members of a group of Wheeler men who spent the week end at Lake Kemp. John Lewis, Bob Bowers, O. Lewis, J. P. Green, Judge W. R. Ewing and Holt Green made up the party.

One story relates that while scooting down the lake at a lively clip in a motor boat, Judge Ewing was trolling and got a strike. In his excitement he shouted: "I've either caught a fish or hooked a snag." Looking back, he was surprised to see a large bass bouncing over the waves at the end of his line. "They say" the judge declared the fish got its mouth open and because of the speed through the water, was unable to close it.

During their stay at the lake, heavy rains brought some inconvenience, especially when trying to sleep under "tarps" that didn't turn all the water. Bob Bowers is reported to have had the maximum discomfort with dampness—attributed to the rain—in his bed.

J. M. Lawrence claims to have an infallible means of spotting an Oklahoman. Says the lumberman: "If a person responds to the request for a light by handing out one match, you can be sure he's from Oklahoma."

## County Democratic OK Party Leaders

County Presidential Convention Instructs Delegates for Roosevelt-Garner

Meeting at the court house here Tuesday morning in the county presidential convention, complete harmony characterized proceedings. With A. B. Crump, chairman, and Harry Wofford, secretary, principal business was selection of delegates to the state convention at San Antonio on May 26.

After re-election of Crump and Wofford to their respective positions, nominations for delegates and alternates were made.

Delegates named are B. T. Rucker, A. B. Crump and Eugene Worley. Alternates: Mrs. A. B. Crump, W. O. Puett and E. K. Caperton.

By unanimous action, the delegates were instructed for President Roosevelt and Vice President Garner, and the acts of the national Democratic administration. Touching upon state affairs, the delegates were instructed by the convention group.

## Auto Supply Store Opens on Saturday

New Business Enterprise Locates in Wiley Block, West of the Post Office

With Harold and Shelton Nash as proprietors, the Wheeler Auto Supply & Electrical Co., a new merchandising establishment in this city, announces its opening for business Saturday. The store will handle a large variety of supplies, such as auto parts, accessories, tires and tubes, batteries and electrical supplies.

The Nash brothers, who come here from Sayre, Okla., are not total strangers to the community, having spent two years at the home of their uncle, E. G. Pettit, on a farm west of Wheeler. They left here in 1929, locating at Sayre, where Harold has been employed by the Hughes Radio & Electric Co., as sales and service man, principally in the latter capacity.

They are progressive, energetic young fellows who should soon build up a thriving and lucrative business in their line of endeavor.

## MRS. W. W. JENKINS HONORED AT FAREWELL PARTY

Mrs. Ernest Dyer and Mrs. Roy Esslinger were co-hostesses to a party and miscellaneous shower last Thursday night in the home of Mrs. Esslinger in honor of Mrs. W. W. Jenkins, who left Sunday for Quitaque to make her home.

Games and contests were enjoyed until a late hour when the guests were served cookies and punch.

Those present were Mesdames E. W. Carter, Cleo Gaines, J. H. Richards, W. W. Jenkins, Jess Carver, George Porter, W. O. Puett, C. R. Weatherly, E. H. Herd, Forrest Galmore, Jim Risner, Bill Coleman, J. H. Watts, Misses Lucille Hutchinson, and the hostesses, Mrs. Dyer and Mrs. Esslinger.

Those sending gifts were Mesdames Ira Passons, W. E. Collins, J. M. Burgess, Clarice Fisher, Neva Sampson, C. R. Flynt, Misses Marie Reeves, Ann Ford and Marguerite Ficke.

## TUESDAY DINNER PARTY GIVEN FOR LEE FAMILY AND FRIENDS

Mrs. I. B. Lee and daughter, Mrs. Ethel Ahler, entertained with a dinner for Mrs. Lee's children and their families and a few friends, at the former's home, Tuesday evening.

Those attending the auspicious occasion were Mr. and Mrs. G. O. McCrohan, Mr. and Mrs. Ira Foster and daughter, Gaile Marie, Mrs. Allen I. Smith, Mr. and Mrs. Ernest Lee, Mr. and Mrs. Lonnie Lee, Mr. and Mrs. Loyd Lee and son, Harold Loyd, Emily Lou, Junior and Lois Ahler and Mr. and Mrs. Nathan Hunt and daughter, Maurine, of Mobeetie.

The evening was spent visiting and playing games.

## ASSEMBLY OF GOD REVIVAL ZYBACH COMMUNITY CHURCH

An old-time Pentecostal revival is announced to begin at the Assembly of God church in the Zybach community on next Sunday, May 10. Evangelist Merlon Cox and Mrs. Cox of Wheeler will be the principal speakers during the meeting. Services start at 8:30 p. m.

Special songs will be a feature of the revival. Everyone is invited to come and enjoy the singing and revival sermons.

## Airways Executive Visits Wheeler Kin

Jack Frye, president of Transcontinental Airways, accompanied by Mrs. Frye, flew down Saturday from Kansas City to spend the week end with his grandparents, Mr. and Mrs. Henry Frye, and an uncle, Tobe Frye, and family.

Jack Frye is a former Wheeler county boy who has made good in aviation. He was elevated to the presidency of TWA more than a year ago.

Mr. and Mrs. Frye left on Monday for Albuquerque, N. Mex., where they will make their home.

## Wheeler Postmaster Gets Reappointment

Chester Lewis Receives Official Confirmation of Another 4-Year Term

Although the fact was known through informal sources for several days, official confirmation of his reappointment as postmaster at the Wheeler office for another four years was not received by Chester Lewis until the latter part of last week.

The communication, signed by Postmaster General James A. Farley, reads in part as follows:

"My Dear Mr. Lewis: "It is a pleasure to notify you that the president, by and with the advice and consent of the senate, has reappointed you postmaster for a term of four years.

"I congratulate you upon your reappointment. It of course carries with it not only an opportunity for further important public service but an obligation to adhere strictly and faithfully to the postal laws and regulations. You will be expected to conduct your office in accordance with the highest standards of efficiency."

Lewis has given general satisfaction as postmaster and gained the endorsement of many local citizens for reappointment when the time came for renewal of his tenure of office. He began his first term on July 6, 1932. Don Anglin, present assistant postmaster, also accepted that position on the same date.

## SUNDAY GATHERING HONORS ELDERLY COUNTY PIONEERS

Mr. and Mrs. Tobe Frye gave a family reunion and dinner Sunday in honor of his parents, Mr. and Mrs. Henry Frye, who have made their home on the Frye ranch east of Wheeler since 1882, and their grandson, Jack Frye of Kansas City, Mo., president of Transcontinental Airways.

Guests were Dr. and Mrs. W. H. Frye, Duncan, Okla. (he is Jack's father); Mr. and Mrs. Pat Huff and children, Allison; Mr. and Mrs. Johnnie Young and daughter, and Mrs. Henry Young and son, Canadian; Mrs. Nealie Puryear and T. P. Puryear, Grand Junction, Colo.; Mr. and Mrs. Jack Frye, Albuquerque, N. Mex.; Mr. and Mrs. Henry Frye and Barbara Nell Frye.

## SUNDAY EVENING MOTHER'S DAY PROGRAM BY BAPTISTS

Ruth's class of the Baptist church and their teacher, Mrs. Jim Risner, will present a Mother's Day program Sunday evening at the Baptist church, starting at 8 o'clock. Numbers will be:

Scripture reading, Verna Greenhouse; Song, "Faith of Our Mother," class; Origin of Mother's Day, Beatrice Miller; Illustrated poem, "Tired Fingers," Jonnie Lewis; special music; Tribute to Mother, Helen Flynt, Mazie Bean and Louise Genthe.

Solo, "O, Motherhood, the Beautiful," Taft Holloway; Reverent Praise of Mother, Johnnie Faye Templeton.

A cordial welcome is extended the general public, and mothers especially.

## TOWNSEND CLUB MEETING DATED FOR MONDAY NIGHT

Officers of the club announce a regular meeting of the local Townsend Old Age Pension club in the district court room at 8 o'clock Monday night, May 11. Speakers are expected from Canadian, and musical numbers will round out the evening's program.

Mrs. Bob Rodgers and Mrs. J. M. Burgess were joint hostesses at a party given for the Dorcas class of the Baptist church at the former's home Tuesday afternoon.

After a short business meeting the guests enjoyed games and contests. Delicious refreshments were served to Mesdames George Porter, Raymond Waters, Ormand Sandifer, W. O. Puett, John H. Watts, John Wenhols, E. H. Herd, C. R. Weatherly, Floyd Pennington and Miss Lillie McClain.

## Wheeler Motor Co. to Occupy Austin Block

Remodeling Started This Week On New Home for Chevrolet Sales and Service

Announcement was made Tuesday by Homer Pitcock, manager of the Wheeler Motor company, Chevrolet dealers, that his company has leased the L. C. Austin building just south of the First National bank as a sales and service location. Remodeling was started Tuesday on the 50x100 foot brick and tile building, in preparation for its new use. Present plans are to have a formal opening of the place about June 1, when the public will be invited to call and inspect new Chevrolet cars in an up-to-date show and sales room. Other important features of the plant will be a parts supply department and a repair shop. A used car division will also be maintained.

Wheeler has been recognized for some time as an excellent location for an automobile sales agency, and now Pitcock and his company plan to occupy the field. Mr. Pitcock is well known in this and surrounding communities, having been a resident of the county for 21 years. He has lived in Wheeler three years. His experience with the Chevrolet line covers a period of 11 years.

He is assembling a corps of assistants to help him in sales work and repair shop.

L. C. Austin, who has been operating a blacksmith shop and feed grinding business in the building is discontinuing both lines for the present. He is not ready at this time to announce his future plans.

## Frozen Assets Force Local Store Closing

Wheeler Market & Grocery Ceases Operations Friday Night—Slow Collections

Initial steps taken Friday night by employees levying upon a portion of its contents to insure payment of alleged back salaries led to suspension of the Wheeler Market & Grocery, operated for the past several months by Roy Esslinger, local man.

Frozen assets in the form of slow or virtually uncollectible accounts totaling a sum well over \$1,000 brought on the institution's difficulties, it is said.

Other creditors, including an Oklahoma concern, filed claims, one of them repossessing the large cooler and show case in the fresh meat department. Esslinger had made valiant efforts in recent weeks to keep the store going, gradually shutting down on credit accounts. This belated action, however, could not overcome the injury done by those who had received accommodations and carried off merchandise for which they either could or would not pay.

## STATE CLUB LEADERS VISIT LOCAL DEMONSTRATION CLUB

"Large Equipment" was the demonstration given by Viola Jones before the Wheeler Home Demonstration club, which met in the club room Wednesday afternoon. "The woman that spends as much time on the proper arrangement of her kitchen as she does the other rooms of her home has a convenient and attractive kitchen," stated Miss Jones. "Some of the things to consider first," she declared, "is the size of your room and the number that will be working in it most of the time. See that the cabinet and work table are the correct height."

During the business meeting, Mrs. Jim Trout read a report of the last council meeting.

Bess Edwards, assistant state home demonstration agent, discussed "A Good Club Member." "Demonstrators Reports" were presented by Ruby Mashburn, district home demonstration agent, of College Station.

Those present were Mesdames M. C. Jaco, Jess Carver, J. E. Cox, Jim Trout, J. H. Watts, Jim Risner, W. O. Puett, J. M. Porter, C. C. Merritt, Bess Edwards and Beulah Mitchell and Viola Jones.

## BADLEY STARTS NEW CITY RESIDENCE; OTHER BUILDING

It is reported that Jack Badley started today running the foundation for his new five-room modern residence to be built on the site of the old Badley home in the west part of town. It will be finished with stucco and have a basement under the house. The Crowder farm home, east of Wheeler, is nearing completion.

Dr. H. E. Nicholson announced today that Friday will see a start made toward laying the foundation for the new Wheeler hospital, to be constructed on the corner one block west of the City Drug store.

### THEY'RE ALL WINNERS

The following list of "three sweetest words" in the English language is going the rounds: "I love you; enclosed find check; let me help; dinner is served; vacation with pay; keep the change; clouds and rain; all is forgiven; have a drink; sleep 'til noon; it's a boy."

### IT JUST DOESN'T WORK

All want higher standards of living. All want larger salaries and wages. That desire has been reflected in laws and regulations designed to achieve that happy end.

Unfortunately, basic facts are often forgotten. On the theory that higher prices would result in higher wages, we have been given laws restricting the production of necessities. We have voted laws restricting or penalizing methods of distributing necessities that lower prices through greater efficiency, faster turnover, and smaller profits, in an effort to encourage less efficient business.

But the only income that counts to an individual is "real income"—income measured in the light of purchasing power. A dollar is nothing but a measure of value. Two dollars that will buy 20 pounds of sugar are not as valuable as one dollar which will buy 25.

This is not an argument for forcing prices down to profitless levels. It is an argument against laws or practices which force prices, directly or indirectly, to artificial levels, to the detriment of the public. It is an established fact that purchasing power always lags far behind law-made boosts in price structures. If it is made illegal to distribute and sell products in the most economic manner, the 125 million American consumers are going to suffer.

Supply and demand is still the economic law. It cannot be circumvented without courting disaster. Legislation and special class taxation to penalize one group to aid another—legislation that would promote scarcity of necessities—legislation that forgets the consumer, robs every family in the nation by increasing household bills.

### MOTOR BLOODSHED

Spring is here! And to millions of us, the lure of the open road will soon become irresistible. Then off we'll go, for fishing trips, picnics, sight-seeing drives.

Last year, 36,000 bloody corpses dotted the streets and highways of

the United States. This year, if the ten per cent of drivers who cause 90 per cent of the accidents aren't curbed, the record will be worse.

Do you belong to that 10 per cent? You'll undoubtedly say you don't—it's a rare driver who will admit to carelessness or recklessness or incompetence. And here's hoping you really don't. But it won't do you any harm to think over your driving practices.

Do you ever pass on curves or hills? If so, you have been guilty of an act that has caused thousands of fatalities and millions of injuries.

Do you ever drive on the wrong side of the road, or weave in and out of traffic, impatient to save a few minutes to be spent later telling your friends what a hot-shot driver you are? If so, you are a potential killer.

Do you regard speed restrictions as something for the other fellow—who, naturally, isn't in your class as a driver—to obey, and for you to break at will? Excessive speed is the principal single cause of motor bloodshed.

Do you drink and drive? Alcohol and gasoline mix into a fuel that has taken a legion of people on the longest journey of all—to the Great Beyond.

Do you put off repairs to your car until a tomorrow that may never come? Bad brakes, defective lights, uncertain steering are friends of the casket maker.

Spring is here—make sure that it isn't the last Spring you'll enjoy on this earth.

### WHEN DOLLARS COME HARD

"Young men's dollars" are relatively easy to earn. In the twenties and thirties and forties, when human energy is at its zenith, and mind and body are highly-keyed and aggressive, most of us manage to get along without grave difficulties.

"Old men's dollars," to the contrary, come hard. The human being, like a machine, runs down. It cannot keep up the pace. Enthusiasm dulls, fatigue sets in. There is no more pitiable object in the world than an old man without savings.

Thus, one of man's greatest problems is to accumulate enough "young men's dollars," and invest them securely, to provide for the old man he will some day become.

There are various ways, of course, to collect the said dollars for one's old age. However, to those of the older school of industry and economics the present trend toward pensions is viewed with skepticism. The rosy promise of state and federal support takes away, in large measure, the incentive to save and prepare for the non-productive period of life's evening.

Yet with all the present-day fads and fancies—mostly of a pinkish tinge if not outright red—this writer retains faith in the homely proverbs of Franklin, the brilliant example of Henry Ford, Thomas A. Edison and a legion of men not so well known who preach and practice thrift, economy and hard work.

### GET THINGS DONE

Governor Allred who has been criticized for his many travels over the state is credited with an unbelievable drive, which wears down those around him but seems to find him continually fresh and ready for the next job. He answers more mail, sees more people, gets around over the state better than any recent governor. West Texans for the first time in a number of years are having the pleasure of seeing their governor in their cities and towns. Allred gets things done. That appeals to most everybody. People are attracted to doers-of-things, to getters-about.—Floyd County Hesperian.

Parker county produces more watermelons than any like area in the United States. In 1933 Cass county produced what was conceded to be the world's largest watermelon,

According to a recent national poll, the people expressed the opinion that relief was now a local issue and should be handled by local people. That is well and good, if local tax money is to pay the relief bill. Most towns would attempt to see just how much funds they could secure if the federal government gave these funds to be administered by local agencies. Human nature is the same the world over—get all you can while the getting is good.—Canyon News.

C. A. Studer was re-elected president of the Northeast Panhandle Feeders association at the annual meeting of the body held here last Saturday. Other officers and directors chosen for the ensuing year are: G. B. Mathers, vice president; Calvin Isaacs, secretary-treasurer, and E. S. F. Arthur Spencer, wanted in Donley county in connection with a series of highway robberies near Jericho, was denied bond in a preliminary hearing before Judge W. A. Davis here Wednesday morning. Spencer was brought to Clarendon Tuesday night after his arrest near Wichita Falls following a gun battle with officers. Spencer was formally charged with robbery with firearms after Mr. and Mrs. C. J. Jackson of Beaver Dam, Wisconsin, and Mr. and Mrs. Arthur Van Nevel of Rock Island, Illinois, identified him as one of the bandits in two separate holdups on Highway 66 near Jericho.—Clarendon News.

Without a dissenting vote, the city council of Perryton passed an order at their regular meeting Tuesday evening calling for an election on Tuesday, May 19, for the purpose of authorizing the issuance of revenue bonds, not to exceed \$150,000, to be used for the purpose of constructing a municipally owned lighting, power and distribution system.—Ochiltree County Herald.

As regards the use of land covered by a 1936 wheat contract application, the supreme court's decision of Jan. 6, declaring the contracts invalid, did away with all restrictions as to the use of the land covered by applications, according to information received by the county wheat office from George E. Farrell, director of the western division. Farmers who signed applications may utilize all of their acres in any way they deem best, the letter further stated.—Floyd County Hesperian.

Well over 2,000 Hall county cotton producers, who complied with the government Agricultural Adjustment act last year, this week received compensation checks from the government. Coupled with the seasoning rain over the entire county, the government checks, totaling considerably more than \$100,000, lent farmers, business men and merchants over the county an air of optimism.—Memphis Democrat.

It doesn't seem possible that there was a time in the Panhandle when we had fresh beef, jerked beef, and a hunk of a quarter hanging from the windmill tower. But we did! Good old days! Now we often pay 30 cents a pound for a piece of bull neck so tough that you can't stick a fork in the gravy. We need a "beef belt" more than a shelter belt out here where trees cannot exist except in petrified form.—Donley County Leader.

A photostatic copy of the agriculture department's records show that the largest check for rental and benefit payments under the AAA went to the United States Sugar corporation which amounted to \$1,067,665. The secretary didn't mention any names when he made this check public and we don't blame him—we would have kept this under our hat, too.—Lockney Beacon.

## There Are Outstanding Advantages in Attending a School in Dallas This Year

The greatest educational world's fair ever held in this country will be in operation in Dallas from June 6 to Nov. 29. There are enough special events listed to have a special event day almost every day the Centennial exposition will be in operation. To get the full educational advantages of these special events days, one should be in Dallas so they may attend upon the days most important to them.

Twenty-five millions of dollars are being spent in the construction of this great historic fair. It is estimated that 10 to 12 millions of people will visit this great educational exposition. It is estimated these visitors will spend in Dallas approximately 250 million dollars. The spending of 275 millions of dollars in construction and by visitors will cause a wide expansion in business of every kind in Dallas and cause many new firms to open. All of this great business expansion will necessitate the employment of hundreds of bookkeepers, accountants, stenographers and secretaries.

Byrne Commercial College of Dallas has set its placement quota for this year at 400 graduates. It invites all ambitious young men and women who would like to be one of the 400 Byrne graduates to be placed in a good position to write the college for particulars as to courses, payment plan, earning board, etc. 213c

### A Hike

The day was new; the sky was clear. The autumn leaves were bright. We walked through groves of balmy spruce And broke the frost so white.

The sun rose high above the trees; It peeped among the grass. It licked the frost from off the leaves And kissed us as we passed.

## KEEN EYESIGHT

DEFECTIVE vision is an insidious handicap that no child can overcome—a handicap because it produces headaches, a dislike for school, poor marks, reticence, and a cross disposition—insidious because it can continue for years before its presence is discovered. Only a complete examination with up-to-date equipment can reveal inadequacies of vision. An examination will assure him and will assure you that his eyes—whether he wears glasses or not—will give him their best in good vision.

Mobeetie High School Paper

## Affiliated 4th Year English for School

Reward Given for Hard Work of Students in Subject—Wilson Compliments

Mobeetie high school students are very proud of the reward they received from their hard work they have done in English this year. At times it was very trying to re-write a paper three or four times, but we feel well paid since we have all four years of high school English affiliated now. English was stressed in every other subject in school from the first grade through the eleventh.

J. D. Wilson was very complimentary of our English department. We feel very proud of the work the students and Mrs. Blankinship have done.

Besides English, five other subjects were affiliated as follows: government, one-half, business arithmetic, one-half; Texas history, one-half; art, one; and typing, one-half credit.

The school now has 23½ affiliated credits, which is above the average for a high school that has only 205 students enrolled.

Go too fast, and you may stop a long time.

## MOBEETIE SCHOOL SYSTEM NOW RANKS WITH PANHANDLE'S BEST

Advances Within Few Years from Unaffiliated School to Present High Standard—Has 23½ Credits and Offers Wide and Varied Curriculum—Ward School on Par With High School.

"SLUP"

We, the seniors of Mobeetie high school wish to express our thanks to Walter (Slup) Adams for the many things that he did and undid for us. His fast talking is his greatest asset, it seems, especially in Lubbock. His driving was as near perfect as possible even though he missed several bumps between Almagordo and Roswell. Walter would have been perfectly happy if he could have gotten his "blame" clothes in his "blame" suitcase.

Experience teaches little to him who does nothing.

COME TO SEE! HEAR AND EAT!

There will be a sock supper and a candidate speaking in the high school gym at 8:00. A cake will be given for the best looking girl and something of much value for the ugliest candidate. This is being sponsored by the Mobeetie 4-H club girls. Proceeds will go to send a delegate to Short Course at A. & M. college.

Mobeetie, only a few years ago an unaffiliated school employing seven teachers, now ranks with the best schools of the Panhandle. The year 1935-36 marks the most successful year in the history of the school. From the standpoint of qualifying for state aid the school has been unusually successful, receiving \$6,461.00 compared to \$4,459.00 last year.

The enrollment has been the largest in the history of the school, exceeding 450. The largest teaching force in the history of the school has been employed. For the first time in the history of the institution, all credits applied for by the school was granted, including English IV which was denied last year. The school now has 23½ credits, which offer a wide and varied curriculum planned especially for those boys and girls who live in rural communities. Commercial subjects are taking their place alongside of agriculture and home economics. English has been duly stressed as the tool of every soul regardless of his occupation.

The ward school has taken its place as one of the best in the Panhandle. Exhibits displayed rival those of the so-called laboratory schools of the state and rank with or above those of the highly touted W. T. Training school.

Mobeetie employs a corps of professionally trained teachers who are teaching as a life calling. Probably no other school in the section will find so well balanced a faculty. Every teacher is an expert in his or her line. Nothing has been sacrificed to old age or to youth, the large majority having had a few years experience to settle them. Summer will find 10 of them pursuing work leading to higher degrees.

Let us be boosters and push for a still better school next year.

He is old-fashioned who would trade tomorrow for yesterday.

## Art Class Produces Sculptures in Rock

Mr. Blankinship and Mr. Neece furnished the art class with soft rock from a nearby rock pit. They certainly have been making the white rock dust fly. With saws, knives, files and sandpaper the class has made some very interesting problems. Centennial monuments, Old Fort Elliott monuments, paper weights, and plaques have been made from this rock. They were painted and decorated in various ways.

A very interesting civic problem was carried out by the class. The signboard that marked the site of Old Fort Elliott was brought to class and the boys re-painted it. Supt. Blankinship and three of the boys from the art class put the sign back in place on the highway.

## School Closing On Thursday, May 14

Graduation Exercises Follows Baccalaureate Services on the Sunday Preceding

The baccalaureate services of the seniors of 1936 will be held in the Mobeetie gymnasium at 11 o'clock, Sunday morning, May 10. The following program will be presented:

Processional—Aileene Lee.  
Invocation—Rev. C. W. Young.  
Hymn—Choir.  
Scripture Reading—Rev. Elmer Burkham.  
Quartet—High School Students.  
Announcements—M. D. Blankinship.  
Hymn—Congregation.  
Baccalaureate Sermon—Rev. J. Edmund Kirby.  
Hymn—Choir.  
Benediction—Rev. Elmer Burkham.  
Recessional—Aileene Lee.

### Graduation Exercises

The graduation exercises of Mobeetie high school will be held Thursday evening, May 14, at 8:15 in the Mobeetie high school gymnasium. C. H. Walker will make the principal address of the evening. He is a well known speaker of Pampa.

The program is as follows:  
Processional—Aileene Lee.  
Invocation—Rev. Elmer Burkham.  
Salutatory Address—Elizabeth Green.  
Piano Solo—Ina Faye Robison.  
Valedictory Address—Betty Elder.  
Class Song—Seniors.  
Address—C. H. Walker.  
Presentation of Diplomas and Scholarships—Supt. M. D. Blankinship.  
Benediction—Rev. C. W. Young.  
Recessional—Aileene Lee.

### MRS. KNOWLES ENTERTAINS WITH PARTY AT HER HOME

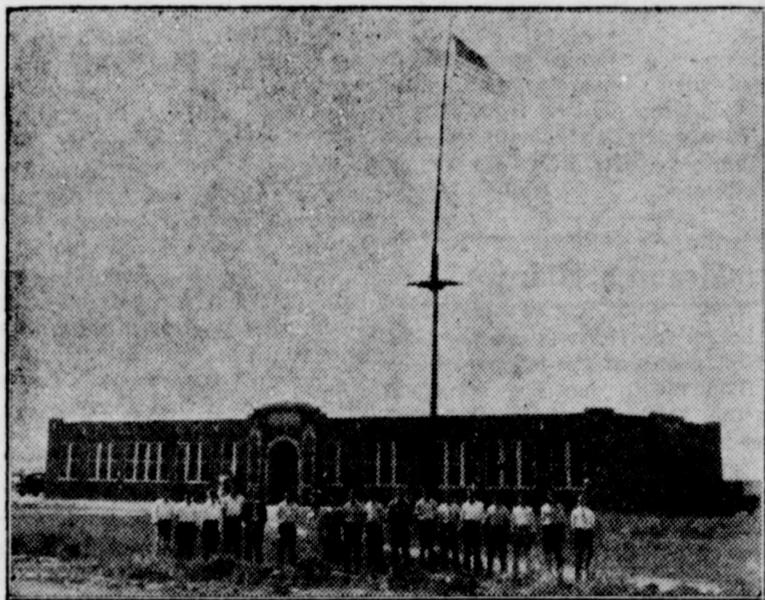

The members of the Mobeetie faculty and friends were honored with a party at the home of Mr. and Mrs. J. M. Knowles last Tuesday. A delightful evening was spent in playing games.

Refreshments were served to Messrs. and Mesdames M. D. Blankinship, N. O. Cunningham, J. A. Neece, G. W. Harris, L. L. Green; Misses Elsie Simpson, Winnie Hinson, Ethel Brasuel, Lillian Davis, Lida Mae Cook, Daisy Crump, Buck Scribner, W. D. Hawkins and the host and hostess, Mr. and Mrs. J. M. Knowles.

### OCCUPATION

We, the occupation class, are getting ready for final examinations. We lack but one chapter in our book, "Looking Ahead." A very helpful chapter in this book is "Standards of Proper Living," which we are now studying. The standard of living means the extent of a person's needs and wants and his ability to satisfy them. We have learned that it is not wrong, but natural for one to have wants and to wish to live better.

## NOTED FLAG POLE AT MOBEETIE

—Courtesy Amarillo News

This historic flag pole, now the property of the Mobeetie high school, stands in front of the high school building. In 1875, Fort Elliott was established as an outpost against the marauding Indians.

In the fall of '75, J. J. Long, an old-timer of Mobeetie, with two soldiers, detailed to help him, went into the cedar brakes on the Canadian river near Antelope Hills searching for a suitable pole for the purpose of hoisting the stars and stripes at the newly established Ft. Elliott. The result was the pole in this picture. It will be noted that it is not a single pole but two poles spliced and braced as seen in the picture. The pole reaches some 50 feet into the air and

is still perfectly preserved, although some 60 years old.

Many interesting incidents are attached to the history of the pole. In 1930, the pole having been moved to Old Mobeetie, caught fire as it stood in front of the J. J. Long store, which was also in flames. George Hunsucker risked his life by mounting a ladder in the flames and smoke to put out the fire that was consuming the pole. At the present time the pole is the property of the high school and from its heights "Old Glory" waves on legal holidays.

In the foreground of the picture stands M. D. Blankinship, superintendent of Mobeetie schools, and his Texas history class, who are boosting the Texas Centennial.

### "FINIS"

Do you realize that the school year is drawing to a close? Just one week left and then the 1935-36 school term will be finished. For some, school days will be over, for others it will be the beginning of a course of higher learning in some of the institutions of our country.

Speaking for the seniors of '36, it has been a very enjoyable year. We have had the loyal support and cooperation of every instructor and business man and we wish to express our appreciation and offer our thanks for the many things that they have done for us.

Next year there will be a new group of faces in Mobeetie high school. It is possible that this same group will never meet under the same roof again. Until now it was our ambition to graduate from high school but as the time draws near it is hard for us to part with the students teachers and things that have grown to be dear to our hearts.

—JARVIS RIDGWAY

### "SUPPOSE, MR. SPEEDER"

"Suppose that your child should leave its own yard

For a romp, or in search of a ball.  
 If its mother were busy, or had not the time

To step out and give it a call;  
 Suppose that some speeder should ride down your street

As though he were taking a dare,  
 And crushed the life out of your little child—

Mr. Speeder, do you think you would care?

"Suppose that your mother were crossing the street,

Your mother, now feeble and old,  
 And some reckless driver should knock her aside,

Leaving her lifeless and cold.  
 Could you find an excuse for this careless car?

Would you really think it were fair?  
 Now, putting yourself in this fellow's place

Mr. Speeder, do you think you would care?

"Suppose that a loved one, you hold very dear,

Were the victim of some speeder's game,  
 And he lay in bed, just day after day,

All crippled and helpless and lame;  
 Suppose that he never could walk any more,

No longer your pleasures could share,

Just lie there and suffer, day in and day out

Mr. Speeder, do you think you would care?

"Oh! How little you think of the other man's pain,

In your lawless pleasure and greed.  
 How little you care what it costs someone else

When you drive at your dare-devil speed.

Should this trouble occur in your family some day

For you and your loved ones to share,  
 You'll lessen your speed, and you'll take time to think,

And then, Mr. Speeder, you'll care.

—UNKNOWN.

### THE AGGIE CLASS

Last Wednesday morning the agriculture class visited the local hatchery. This hatchery is operated by Lark Orr and has a hatching capacity of 12,000 eggs. The boys saw the eggs turned, how the temperature and moisture was regulated, the hatching trays, and the plan of fumigation was explained. For the past two weeks the class had been studying poultry, so the trip was well in line with the study.

Also in connection with poultry, the different members of the class have made floor plans and front views with proper explanations included, of their chicken houses.

The class will spend the rest of the term on the discussion of "Power on the Farm." In connection with this subject, the class will debate on the subject, Resolved: "That tractors are more practical than horses on a farm."

### HOLLYWOOD STARS TO GLITTER HERE FRIDAY EVENING

The senior play, "Among the Stars," is to be presented Friday night, May 8, at 8:15, at the high school gym. Among the characters will be several favorites from Hollywood.

The play is entitled "Among the Stars," and before it is over the audience will wonder just what stars are most important, the ones the scientist sees, those from Hollywood, or the million that the policeman donates! It is full of comedy with a good story and promises the audience a fine entertainment.

The cast is:

Amantha Cecile Bibblesnuff, an old maid—Cleveland Laman.

Sigmund Elfred Bibblesnuff, Amantha's brother—O. C. Walker.

Gussie Tweedles, the cook—Betty Elder.

Frederick Tierney, the butler—Charles Hix.

Ethlyn Burgess, the maid—Jessie Vernon.

Heather Blossom, movie star—Arlie Lee.

Orchid Dew, movie star—Susie Sims.

Reginald Wheaton, movie star—Fred Farmer.

Clarence Bud, movie star—Jarvis Ridgway.

Duke Van Peel, movie director—J. B. Carmichael.

Muggs Kibbon, the robber—Orval Key.

Officer Swiggle, the law—John Sims.

Officer Dunke, the law—Weldon Turner.

The story all happens in one evening. And what a story. What a cast! It is really fine entertainment.

### SOPHOMORE CLASS

#### HAS A PICNIC

The sophomore class met Friday, May 1, to discuss plans for their picnic. As the plans were made they were also carried out.

The sophomores met Friday night about 8:00 o'clock near Sweetwater creek, west of Mobeetie. Many delightful and exercising games were played. Later they roasted weiners and marshmallows.

Mr. and Mrs. Grady Harris acted as chaperones for the group. About 10:30 the group reported a very nice time and went home.

Juniors, Seniors; we, the sophomores, congratulate you on your trip to Carlsbad and Juarez and wish to say that we are looking forward to the time when we can go.

### Home Ec. News

The home ec. I girls brought two children to class to observe. They were Doris Fern Barton and Betty Lou Orr. Doris Fern sang for the class and Betty Lou painted pictures and talked for us.

The class problem was to study children's reactions to certain things. Good music for children and good pictures have been studied. Suitable stories to tell to children have been studied. The class has learned that it is best never to tell a small child a bear story or anything that will frighten him.

The girls have developed an interest in co-operating with their fathers and mothers in training the children properly.

Home ec. II girls have about finished their pre-school children's garments. They have made some very attractive little suits and dresses. We hope to get to see all of the children with their new garments on. Some of the children are so small that we are afraid to take them away from their mothers long enough for them to model their dresses for us.

The home economics girls wish to express their sincere sympathy to Dora Goodnight in her time of sorrow caused by the death of her grandmother, Mrs. I. T. Goodnight, of Wellington.

### Hornet Stings

Although the Hornets did not take any first places at the regional track and field meet, they did let them know that they were there. Key tied for second place in the pole vault and took fourth in broad jump; Farmer took third in the low hurdle division. We are sorry that the boys did not get to make the trip to Austin, because we are sure that they could have carried off some honors.

Softball is the leading sport of the Hornets, now that track is over. At present five teams have been organized and two games are played each day. These games will continue for the next week, and the winners will be picked by the percentage of games won. The managers of these teams are: Team 1—Thompson; 2—Dyson; 3—Zell; 4—Johnson, and 5—Bartram.

There are some very interesting ball games going on among the girls. Maybe the winners of the boys teams can match a game with some of the girls and we will have some real ball playing.

See "Among the Stars." It will be worth your money.

## Students Attend Shamrock Sing-Song

### Mobeetie Has Second Largest Attendance at County-Wide Vocal Meeting

Students and teachers from Mobeetie, numbering about 150 in all, attended the county-wide Centennial sing-song at Denver athletic field in Shamrock on Friday night, April 24. The Mobeetie schools were outnumbered only by Shamrock. There were approximately 1,500 children from the county's schools present and several hundred other visitors.

The Shamrock band furnished music for the beginning of the program. Miss Pringley of Shamrock led the group of children in singing the 12 Centennial songs which they had practiced in school. Between these numbers, interesting special numbers from each school were given.

Mobeetie had a very active part on the program. Our school's string band which consisted of seven high school boys played a very popular number. One of our little grade school boys, Guy Baird, dressed as a cowboy, picked his guitar and sang "Cowboy Jack." After he finished all ears were deafened by cheers, and he gladly played an encore for the group.

### Senior Sidelights

The senior and junior classes left last Thursday at 10 o'clock for Carlsbad and Juarez. We returned home Sunday night about 11 o'clock. Boy, oh boy! Did we have a good time?

Charles is really getting free-hearted. He paid 25 cents for about 28 boys to take a shower. Charles did you ever get caught?

The class roll was thoroughly distributed on the way home from Mexico. (For information ask some of the seniors).

Susie saw a saw mill coming home. Susie are you a city girl?

Charles tried to make a hit with one of the senior girls while we were gone. We wonder who it was.

Before we reached home the juniors and seniors were rather mixed up in which truck they were to ride in, but never mind, we got home.

Tickets for the senior play are on sale and can be bought from any senior that you might encounter. Be sure and see this play, because it is the best of the season. The admission is only 15 and 25 cents.

### ABER AND JABER

Mr. Hawkins is very free hearted; he loaned his watch to a Mexican and the gentleman failed to return it.

### AMONG THE STARS

Who was Virgie's honey on the trip?

### IS THE NAME

Come here, Sonny, you can mail your card here.

### OF THE

Why did Miss Simpson stay close to the guides in the caverns, was it because they wore a uniform?

### SENIOR PLAY

Why did Marcie hit Leo so hard? Ask him for further information.

### COME!

Watch out for your grasshoppers, R. L., they will get you hurt.

### FRIDAY NIGHT

## GRADE SCHOOL

Everybody is invited to come to see Deacon Dubbs, Tuesday night, May 12, at the Mobeetie grade school building. This play is being given by the seventh grade class, and it is free to everybody. Please come and bring a friend to see this three-hour comedy. This is the first time these students have attempted as long a play, but they invite you to be here when the curtains are drawn at 8 o'clock.

The seventh grade will have its graduation exercises Wednesday afternoon, May 13, at the grade school auditorium, beginning at 2 o'clock. B. T. Rucker, county superintendent, will be the main speaker. The seventh grade extends an invitation to parents, neighbors and friends to attend both the play and the graduation exercises.

Again the teachers and student body wish to thank those who in the past weeks have made it possible for many of the students to have hot dishes served to them at the noon hour. We hope that it is possible for all students to be served next year, especially during the cold months. This has proved to be very helpful to those whom it has been possible to serve this term. It is hoped that in the future the patrons will give this plan careful thought, and that if donations be asked they will be able to contribute what they can in the way of canned vegetables.

Thanks to those who have donated and those who have offered to donate to this plan during the last two months.

### Line of New Exhibits

The fifth grade has been making new posters for their exhibit in the fifth grade room. They made posters in geography, reading and English. Some of the old exhibits have been removed from the boards and new ones put in their places. They have placed a board at the back of the room to hang most of the English posters on.

The fifth grade, and all the rest of the grades, want the parents to come and look at the posters in every room if possible. There will be someone in every room to explain the posters, drawings and the themes to the parents that visit the rooms to look at the things.

### 5th and 6th Grade Program

The fifth and sixth grade rooms will entertain the students and

patrons, May 8, from 2 until 3:30 p. m. Fifty-five students selected from these two rooms will render the following program:

Around the World with the Children—In this number children from Russia, Holland, Africa, Italy, Japan, France and Switzerland will entertain with drills, songs, folk dances and poems.

Gold—A little play of lost treasure in Texas.

The March of the Immortals (a Pageant of Texas Heroes).

Dixie Noon—Presented by eight negro characters. Scene: Noon in the cotton field. Cotton pickers at rest, sitting about talking and singing.

The grade school appreciate the interest that the patrons are taking in these Friday afternoon programs. The auditorium was more than filled at the last Friday program, and the third and fourth grades played to a nice, orderly and very attentive crowd. Come again this Friday!

### 3rd and 4th Grade Program

Last Friday afternoon the third and fourth grades gave a very interesting program as their part of the closing exercises. We were glad to see the auditorium well filled with parents and friends.

The following program was given: Song, Old Faithful—Six Cowboys. Reading, It Ain't Late—Johnny Love.

Piano Solo—Maurine Hunt. Dramatization—The Hedgehog and the Hare—Third Grade.

Fairy Song—Third and Fourth Grades.

Dialogue, Curing An Invalid—Fourth Grade.

Piano Solo—Mary Belle Heare. Japanese Tea Party—Third Grade. Reading, Watermelon Time—Tom Walker.

Play, Spring Comes to Ferndale—Fourth Grade.

Song, Pride of Texas—Third and Fourth Grades.

### 1st and 2nd Grade Program

The first and second grades gave their closing program Friday, April 24, at 2:30. The program consisted of the following numbers:

Home On the Range — Second grade.

Song Train—First grade.

What Great Men Like—George B. Dunn.

Nine Little School Boys—Second grade boys.

Dream Pipe—First grade.

Story—First Grade.

She'll Be Coming Round the Mountain—Vernie and Vera Mixon.

At Auntie's House—Dan Thomas. Indian Songs—First grade.

Story—Second grade.

The Ducklings—La Rue Flanagan. Our Doctors—First grade.

In My Happy Little Home in Texas—Second grade.

The Secret—Second grade.

Swing Low—Second grade; first grade helped in chorus.

Reading—Betty Hix.

## The Fish Pond

The freshman class enjoyed a party at the gymnasium Friday night. Besides the class members, several visitors were present. Everyone reported a good time.

We wonder why Thressa was so interested in talking to an ex-graduate from Kelton by the name of Leonard Mixon. We just have an idea that she's kinda interested in his little brother.

J. F. Haning was saved from drowning and bleeding to death last Monday morning in the general science class. If you think this is a mistake just ask Charles Bartram. He was the life saver.

These hot, sultry days sure are getting us "fishes" down. We don't "wanta" read, we don't "wanta" study and we don't "wanta" play. Then what do we want to do? We "wanta" stay home and catch up on the sleep we lost last Friday night.

The fishes are going to Yellowstone National park in Bunk Village, Halifax, on the second Tuesday of last week. If any extras wanta go along just drop your nickels in the bread basket, which is located at the Yoakum-Bustum theatre. We have chosen Mr. and Mrs. Blankinship for our chaperones. We will return on the third Monday of the next day.

Do you know what your future will be? If not, a certain fish can help you find it. She had been wondering what she would be and suddenly as she was being ushered into the city of Laketon by a young blonde, her fiancée drove the car right up to the baseball grounds and to her surprise (and joy) Mobeetie was playing Laketon. After the game was over she was fully decided upon what she was going to be. A baseball pitcher. Can you feature that? Well, this happened a week ago last Sunday.

This girl has blue eyes, beautiful black curly hair, is 5 foot, 5, and as we are unable to tell you what she weighs, we will tell you a little more. She is 15 years of age as is the freshman class reporter. Do you recognize her? (She didn't realize we knew so much about her).

## Mobeetie Happenings

(Times Correspondent)

Mr. and Mrs. Bill Brothers of Pampa spent last Friday and Saturday with her parents, Mr. and Mrs. J. S. Oswalt.

Mrs. Bud Eubanks is improving after a severe case of the flu.

Mrs. Bessie Horton returned to her home in Okmulgee, Okla., Saturday after spending the week with her sister, Mrs. Terry Walker, who is ill in the Wheeler hospital, and friend Mrs. A. H. Dyson in Mobeetie.

Mr. and Mrs. W. D. Key had as Sunday guests her parents, Mr. and Mrs. Sam Anderson, and daughter, Miss Kate, Mr. and Mrs. Ben Ander-

son and daughter, Miss Valone Anderson, Helen Lunsford and Miss Blanch Hinke of Pampa. Miss Hinke had visited here since last Wednesday and was also a guest of Mr. and Mrs. Al Sims and family.

Mr. and Mrs. Earl Ing of Pampa visited Sunday with Mr. and Mrs. Willard Godwin and Mr. and Mrs. W. T. Arnold. Mr. and Mrs. Godwin had as afternoon guests Mr. and Mrs. Jess Godwin and Mr. and Mrs. Barney Godwin of Pampa and Mr. and Mrs. Fred Godwin and children of Lefors.

Bud Love returned home Sunday from the Gaines hospital in Wheeler, where he had been confined for the past three weeks.

Mrs. O. W. Elliott and Mrs. E. E. Johnston visited the former's mother, Mrs. R. Cole, near Perryton Sunday.

Mr. and Mrs. H. L. Flanagan spent Wednesday in Spearman with her parents, Mr. and Mrs. W. L. Meek.

Mr. and Mrs. Ralph Arnold of Perryton spent Tuesday night with her sister, Mrs. O. W. Elliott, and family.

Mr. and Mrs. Ernest Lee of Wheeler visited Sunday with her parents, Mr. and Mrs. Geo. B. Dunn.

## BIRTHDAY CELEBRATION

### FOR MRS. MARY L. WRYE

A surprise birthday celebration for Mobeetie's oldest resident was held at her home Thursday, April 30, when several ladies from the White Deer Baptist church came with a large birthday cake and well filled baskets of other delicious food.

Mrs. Wrye was 98 years old and has been a resident here for 30 years. She is quite well known over the county, having taught school in the Rock, Corn Valley, Hay Hollow and Mobeetie districts.

Mrs. Wrye joined the Baptist church 70 years ago and has lived a conscientious Christian life since. Prayer services were held in the home during the afternoon with the devotional from John, 14.

Several pictures were taken and an enjoyable day spent. She received a number of nice gifts, which were greatly appreciated.

Those present were Mesdames Bob Everly, Poteete and Clyde Lawson of White Deer; Mrs. J. S. Oswalt, Mrs. H. C. Redding and daughter, Miss Nan Almond, and Mrs. Ruff of Mobeetie.

## NOTED TEXAS DAIRY

Texas has one of the 100 licensed dairies of the United States. The Young dairy at Nederland uses the licensed trade mark of the United States government on its milk bottle caps. One of the requirements is that the dairy must have all registered Jersey cattle and that the bacteria count of its milk shall not average more than 25,000.

# Hatching Season Closes

## TRIP TO CARLSBAD AND JUAREZ

The juniors and seniors left Thursday, April 30, at 10:40 on their trip to Carlsbad and Juarez. Fifty-six made the trip with Walter Adams of Wheeler and Glenn Scott of Mobeetie.

Our first stop was at Canyon, where we visited the Panhandle Historical Museum. The things that interested us most were: the first reaper, old Indian relics, first automobile, a sketch of the old Palace saloon of Mobeetie, an old newspaper containing the death of George Washington, and pictures of the old jail and court house of Mobeetie.

After leaving Canyon, we drove to Portales and saw one of our old English teachers, Miss Lenora Edwards. This was somewhat of a surprise, because we were not expecting to see her.

We arrived at Roswell at 10:30 and camped out. We left Roswell the next morning at 4:00 and ate breakfast at Artesia. At Carlsbad we visited the curio shops and each bought souvenirs. Carlsbad is a very beautiful town. There was a long stretch of trees that made a complete arch over the street. There were also many pretty flowers.

After leaving Carlsbad, we went to the cavern. The road winding up the mountains to the cavern was a sight that most of us had never witnessed before. At 10:30 a whistle blew and 967 people started in the cavern. Looking down in the cavern one could see only a large hole. Winding down the path we came to a large room called the auditorium. Here we all stopped and one of the guides told us about the different formations and how scientists believed the cavern was made. In couples we began our trip through the largest known cavern in the world.

The first part of the cavern we visited was the Green Lake room. The water was a clear green and 10 feet deep; however, it looked only two feet deep. The King's Palace was next. It was like a king's palace in fairy stories. The Queen's Chamber was of very delicate colors. After visiting several other rooms we came to the Big Room, where band concerts and other meetings are held. We were very glad to see a sign "lunch room," as we had been walking all morning and were tired and hungry.

Those wishing to buy their lunch bought it, and there were tables for those bringing their lunches to eat on. We rested a while and went back to the Big Room where we spent two hours winding through it. Things of interest seen were: The Hall of the Giant, Totem Pole which was 42 feet high, Fairy Land, The Jumping-off Place, Mirrow Lake, Bottomless Pit, Shrine, Machine Gun, and Crystal Stalagmite. When we came to the Rock of Ages, we sat down on a large rock and the guide told us the two large rocks were older than the pyramids of Egypt which are 6,000 years old.

The lights were turned off and left us in total darkness for the first time in our lives, while a quartet sang "Rock of Ages." We could see the lights as they gradually came on a section at a time. Before returning to the lunch room to begin our climb out, we visited the Polar Region.

After resting in the lunch room, which was 750 feet below the ground, we took a different route most of the way out. Every five minutes the whistle blew for us to rest. When we neared the entrance we could see a streak of sunlight which was a

light blue and was different from anything we had seen before. We came out of the cavern at 4:30.

Jim White, the discoverer of the cave, told us we had not seen half of the cave. There was a lower cave as large and more beautiful than the one we saw. Trails are being made and this part will be open in the near future. It was difficult for the students to realize they had seen these unbelievable things; it was more like a dream.

By traveling until late that night we reached El Paso and stayed at Camp Grande. The next morning, rather than having the trucks searched, we took a street car to Juarez. When we started to get on at the front door, we were told by a Spanish girl to get in at the back door if we were going to Juarez and the front door if you were staying in El Paso.

A guide was hired to show us around the city. The first visit was made to the oldest mission in America. It was built in 1549 by the Indians. At the entrance a statue of St. Peter was on one side and one of St. Paul on the other. The ceiling of the church was made of mahogany wood carved by the Indians. This wood was brought 2,700 miles to Juarez on burros and it took 52 months to bring it. The walls were five feet thick and made of dirt. It was used as a fort for protection during a revolution and a few of the logs were destroyed and replaced with pine.

The choir was in a balcony in the back. The organ had been in use every day for 97 years. The bell in the belfry was 387 years old and weighed 2,000 lbs. This bell has rung five times a day for 200 years. It was made of gold, silver and copper. The guide tapped the bell, and it had a very musical tone. There were three small bells used at weddings.

The statues at the altar were very impressive. The Virgin Mary was made in Spain, of rosewood, 245 years ago. The robe was of pale blue satin and changed every 90 days. The statue, Christ on the Cross, was made in Mexico City 180 years ago. The expression in the eyes of the Lady of Sorrow looked as if she were ready to cry. Christ in the Tomb was 130 years old and was made of one piece of stone. The Statue in Black was made in Italy three centuries ago. Although, these statues were very old, they looked as if they were new. Among the statues, very beautifully arranged, were flowers brought daily by the worshippers.

On leaving the mission, we saw two large red domes and we were told that this was the prison 100 years old. In the prison were 244 prisoners; four of these were women. There were also several Americans. Only the cells had roofs. It looks as though it would be easy for the prisoners to escape, although there were 50 men on the ground and 10 on top guarding. After the bull fights on Sundays, the horns are given to the prisoners, and they make rings and other souvenirs to sell. They receive the money they make to buy cigarettes and stamps. Some have families to support.

Although you could buy nearly anything on the streets you wanted, there was one large market which covered about a block. In this market was everything used by the Mexicans. Their clothes, vegetables, meat, butter, furniture, trinkets and magazines. You could buy these trinkets almost for the price you wanted to pay for them.

Everyone enjoyed Juarez but were

glad to get back to the U. S. A. We went a different route back to Roswell, through the Hondo valley and the Mescalero Indian reservation. Here we saw many orchards, flowers, gardens and last but not least, many mountains covered with pine and cedar trees. We arrived at Roswell in time to go to the show that night.

The return trip was made by way of Lubbock, and the college was of interest to those who had never seen it.

Everyone, tired but happy, was glad to get home at 11:30, Sunday night.

### TO THE TEACHERS AND TRUCK DRIVERS

We, the senior and junior classes of Mobeetie high school wish to use this medium for thanking our sponsors, Mrs. Winnie Hinson and Miss Elsie Simpson, for making possible the Carlsbad-Juarez trip which we have just made. We realize that they have carried a load of responsibility, and have spent many hours of worry and planning. Although Mr. Hawkins is not a sponsor, he has assisted in making class activities a success and since he has been so closely entwined in high school life, the classes selected him to be the third teacher to make the trip. We feel extremely fortunate in having the lively atmosphere which he created around us.

To the bus drivers, Walter Adams and Glenn Scott, goes much of the

praise for the success and happy ending of the trip. The seniors are especially grateful to Walter Adams, who took them for the expenses only. He was an extremely good sport and was very agreeable at all times except at the police station in Lubbock and getting off with the other fellow's "gal." Glenn and Lucille Scott entered into anything that the bunch wanted to do and proved to be good sports.

### SPRING

By RUTH ROBERTSON

I like the April showers,  
I usually sit by the window and sing;  
I watch little rain drops for hours  
Hit hard upon my window pain.

I like to wade up the narrow streams  
And play out in the showers.  
I like to watch the water fall so steep,  
And pick the pretty flowers.

I love to race up yonder hill,  
And down to the stream below;  
Where I lie and drink my fill  
Of that cold and gentle flow.

But I like Spring most of all,  
For its color and works of art;  
And the saddest thing I can recall,  
Is to see beautiful Spring depart.

**Tough Guy**

Jackie Cooper will be at the Rogue Friday and Saturday in a picture called "Tough Guy." According to Jackie's own words, this is not a picture that cost a million dollars and it was not three years in the making. It is a simple story of a boy and his dog. It is a picture built for the whole family, and one that is sure to please all who see it. It is real down-to-earth entertainment that deals with things that are common to everyone, even you and I. Also, Thelma Todd and Patsy Kelly in a two reel comedy, Top Flat.

**Love On a Bet**

Introducing to Wheeler fans two of the younger set, Gene Raymond and Wendy Barrie, who make their appearance on the silver sheet at the Rogue in their latest picture, "Love On a Bet." This picture comes for one day only, Thursday, May 14, and is sure to draw public approval. It is young, fast moving, romantic, and sparkling with the antics of boys and girls of this day and age. Also, a cartoon for the kiddies.

**Follow the Fleet**

Yes, you are right the first guess. It is Fred Astaire and our own "Texas" girl, Ginger Rogers. We will not

### LOCAL STUDENTS ATTEND THE DISTRICT SING-SONG

Approximately 25 of the students went to Canyon Friday to attend the sing-song, which was held in the college stadium. The program began at 9:15 o'clock and was concluded a few minutes after 12. President Hill welcomed all visitors and suggested that they visit the various departments of the college.

Some of the interesting features which the students enjoyed were speeches by Supt. L. A. Woods, District Advisor J. D. Wilson, Miss Beal, head of the Centennial music department; selections sung by the Stamps quartet, and selections by the Pampa Glee club.

Each student had his likes and dislikes about the program, but all the girls seemed to like the accordion music, or perhaps they liked the young member of the quartet, Freddie Martin, who played it.

After the local students ate lunch, they were shown through the museum. The group left the museum at 2:00 o'clock and started home.

In Amarillo, the little folks saw a new kind of fountain in the park where they stoped and rested. They arrived at Briscoe about 5:30 that evening; everyone was tired but each reported thoroughly enjoying the trip.

### Juniors, Seniors to Carlsbad

The air is filled with excitement and plans for the Carlsbad trip. The two classes, juniors and seniors, plan to leave Thursday afternoon and return Sunday. There will be approximately 24 making the trip. Mary M. McCarroll, Fay Hammer, Fay Wilson and Grady Dodd were selected to plan the meals. Expense will be small, and it will be worth while to go. The sponsors will be: bus driver, Floyd Morris; senior sponsor, Coach Varnell Hale; junior sponsor, Elmo Scott, and Miss Lynn Day.

### History Class Makes Tour

The Texas history class left last Wednesday at noon for the purpose of securing information on early-day history. They went to A. Finsterwald's and learned many interesting facts. From there, they went to Mobeetie, with the intention of visiting the Texas history class, but it was not in session; therefore, Mr. Blankship showed them through the

building. They reported many things of interest.

The class visited old Fort Elliott, the old Mobeetie jail house, and various other places. The group came home at 4 o'clock, hoping to make another tour soon. Those enjoying the trip were Grady Dodd, Valoise and Gene Evans, Lorene Treadwell, Dottie Bell Cowan, Maxine Fields, Hesper Young and the instructor, O. C. Evans.

### Geography Banquet

The sixth grade and their mothers enjoyed a Geography banquet given in the gym Wednesday evening, April 28. Each student was dressed in a foreign costume and the menu consisted of foods of foreign countries. A color scheme of red, white and blue was carried out in the decorations and program.

Bud McCarroll, master of ceremonies, introduced our foreign friends in the following program.

The Dog of Wonders, Una V. Young; Irish Jokes, Sonnie Self; Reading, Alma Waters; Italian Street Song and Coming Through the Rye, Dance, Lajuna Treadwell, Lena Mae Glenn, Ray Aderholt and Arvel Hammer, accompanied at the piano by Mrs. R. Wm. Brown; Reading, Lola Meek; Song, Our Country for Peace, class, Reading, Wanda Sanford.

The banquet was sponsored by Miss Ima Scott and was served by the home ec. girls.

### Statistics On Seniors

Grady Dodd was born August 12, 1918, near Quail, Texas. He has attended school at Gageby and Briscoe, where he has taken an active part in all athletics. His favorite subject is English; his pet dislike is tattle-tales. He was vice president of the junior class last year and holds the president's office for the senior class this school term. Grady plans to attend school at Texas Tech, where he will study engineering.

Daphne Young was born in Eldorado, Okla., Dec. 17, 1917. She has attended school in Oklahoma and Briscoe. She has taken an interest in every athletic phase available, playing basketball for four years and tennis for two. She was chosen captain of the ball club this year. Her pet dislike is sissy boys. Her ambition is to be a home demonstration agent. Daphne plans to attend Texas Women's college at Denton.

## Numerous Programs Cram Closing Week

**Commencement Sermon, Class Night, 7th Grade Graduation, Final Exercises Finish Year**

Programs and entertainments are fast cramming the closing week of school to the brim.

The commencement sermon will be preached by the Rev. Taft Holloway, Sunday morning at 11 o'clock in the auditorium-gymnasium. Robert Mayne, junior class sponsor, will sing a solo on the Mother's day theme.

On Tuesday night the seniors will present their class history, make their gifts and read the last will and testament of the class of '36. This will take place in the auditorium-gymnasium at 8:30 o'clock.

Norma Webb and Stella Cooper will deliver the valedictory and the salutatorian speeches for the seventh grade graduation Thursday night. Just before the exercises the home economics II girls will entertain the seniors with a formal reception.

On Friday night the final exercises for the seniors will be held. The high spot of the evening will be presentation of diplomas at the conclusion of the main address.

## Centennial Is Theme Junior-Senior Banquet

Carrying out the Centennial idea in program and decorations, the juniors honored the seniors with the traditional banquet Tuesday night in the auditorium-gymnasium.

The Rev. C. E. Jameson, pastor of the Shamrock First Methodist church, spoke on the subject "Come to the Centennial." "Through the Years with Texas" was presented by the dance pupils of Mrs. Oattie Daniels of Shamrock and members of the junior class.

Orveta Puett, junior class president, acted as toastmistress and gave the welcome. Cecil Sherwood, president of the seniors, responded. The invocation was said by Supt. J. L. Gilmore.

Robert Mayne, junior sponsor, and Mrs. Mayne were in charge of the entertainment and girls in the sophomore class served.

The tables were arranged in horse-shoe form, with a large make-believe campfire in the center. On each table was a beer bottle with a tallow candle, which furnished the light. Three Texas Lone Star flags served as background for the speaker's table.

Place cards represented a cowhide branded with the letter S. Other decorations represented old style ranch life in the Panhandle.

## SENIORS TO PRESENT CLASS NIGHT TUESDAY

Class night, which is to be held by the seniors next Tuesday night, promises to be excellent entertainment.

The program as it now stands includes: Class Prophecy, Beulah Compary; Class Will, Junior Jamison; Football Team, Ford Newkirk; Hope Chest, Mazie Bean; Gifts, Evelyn Balch; Class History, Estelle Scott, Nerine Young, Helen Sanders and Rutha Mae Conner.

This event will be held in the auditorium-gymnasium at 8:30 o'clock.

Those who arranged the program were Mazie Bean, Dorothy Burgess, Junior Jamison, Jack Tate and Rutha Mae Conner. They were appointed by the class president, Cecil Sherwood.

## MRS. MEEK BRINGS WASHINGTON POST TO JOURNALISM CLASS

"Poiper! Poiper! Poiper!"

Through the thoughtfulness of Mrs. C. J. Meek, the journalism class now has a copy of the Washington Post, published at Washington, D. C.

While Mrs. Meek was visiting in the capitol, she purchased a copy of this newspaper and brought it home to the journalism class.

This particular paper, which was for April 30, should be of especial interest to high school students for it contains pictures of the National's pitchers featured at a Father-Son banquet and presentation of a life membership certificate in the Parent-Teachers association.

Anyone desiring to examine this copy of the Post will find it on exhibit in the journalism room.

## MCCARTY UNABLE TO GIVE COMMENCEMENT ADDRESS

John McCarty, editor of the Amarillo Daily News, has notified Dorothy Burgess, secretary of the senior class, that he will be unable to deliver the commencement address next Friday night.

Because of throat trouble, the doctors advised McCarty to avoid making speeches. For this reason he can not accept the invitation.

Gilmore Nunn of the Pampa Daily News staff has been asked to deliver the address.

## Home Ec. Club to Entertain Mothers

Since Sunday is Mother's Day, the home economics girls are giving a tea in their honor at the home economics cottage at 2:30 o'clock, Friday afternoon. "All mothers are cordially invited," stated Mrs. Gordon Whitener, instructor of home economics.

## 7th Grade to Have Graduation Thursday

Thursday night, May 14, the seventh grade will have its graduation program in the Wheeler gymnasium. There will be no admittance charges.

The program will be along the theme of America, the Melting Pot of the Nations. After the diplomas are given out, medals will be presented to the best student of each class in grammar school. Norma Webb is the valedictorian and Stella Cooper, salutatorian of the seventh grade.

Students eligible to receive the medals being given by the P.-T. A. include: sixth grade—Marie Herd; fifth grade—Anita Hale; fourth grade (not been selected yet); third grade—Louise Tillman; second grade—Chorline Burke, first division, Joy Marie Carter, second division; first grade—Joline Underwood.

The scene for the program is an immigration office in which are the different nationalities: Negroes, Scotch, German, Chinese, Irish, English, Spanish and Italian. They are naturalized and all go away together singing the Star Spangled Banner.

Those representing negroes are: Aline Coleman, Leona Brigman and Glenn Weeks. Those playing Germans are Norma Webb, Leoide Revious and Willie Dee Lawrence. Those to be Scotch are Joyce Faust and Presley Guynes. The Dutch are represented by Louise Ficke and Maryian Lewis. Playing Chinese are Marciel Farmer, Elizabeth Balch, Syble Todd and Jack Shipman.

The Irish are represented by Ruby Ayres, Wayne Compary, Claudia Stinson, Lowell Farmer and Bob Noah. The English are Tris Hooker, Stella Cooper, Jack Jones, Gayle Wilson and Melba Hyatt. Those who represent the Spanish are Louise Genthe and Hannah Faye Riley. Italians are Frances Noah, Eloise Reed and Rosalee Bradstreet. The immigration officers are Claude Wright, Joe Markham and Tony Griffin.

## P.-T. A. Officials Report at Meeting

Reports from various committees constituted most of the business session at the final Parent-Teachers association meeting for the year Tuesday afternoon at 3:30 o'clock.

The program consisted of a musical reading, "Santa Lucia," by Eloise Reid and a report by Mrs. C. B. Witt on the district P.-T. A. convention held at Pampa.

Mrs. J. M. Porter installed new officers for next year. The officials who will have charge of the organization for 1936-'37 are Mrs. E. W. Carter, president; Robert Mayne, vice president; Mrs. Clyde Derryberry, treasurer, and Miss Ruth Ewing, secretary.

## Faculty to Present Annual Play May 8

**"Fun On the Podunk Limited" to Be Presented With Aid of All Hicks Available**

With all of the country hicks available, the faculty will present their play, "Fun On the Podunk Limited" tomorrow night (Friday) at 8:30 o'clock in the auditorium-gymnasium.

Admission will be 10 cents for grammar grade children, 15 cents for high school students and 25 cents for adults. Proceeds to be applied on the stage scenery debt.

### Setting In Day Coach

The setting for this one-act drama is the interior of a day coach. Peculiarities and mannerisms of the characters furnish hilarity for an hour and a half as various passengers pick up bundles and prepare to stop at various stations.

Those who saw Supt. J. L. Gilmore, Mrs. C. J. Meek, Mrs. G. O. McCrohan, Coach Bob Clark and other teachers in previous faculty plays will want to find how much they have improved since last year's splendid acting.

### New Faculty Members In Cast

Then there are several new faculty members who are to show their ability as impersonators. Mrs. J. L. Gilmore, director, assures the public that it will enjoy this rural comedy presented by veteran actors.

The cast also includes Principal C. B. Witt, Earl Gilmore, Roscoe Morgan, Robert Mayne, Mr. and Mrs. John Ficke, Miss Frances Alice Clark, Mrs. Roscoe Morgan, Mrs. Allen I. Smith, Miss Ruth Ewing, Miss Lois Kirby, Mr. and Mrs. Lloyd Davidson, Miss Winona Adams, Mrs. Gordon Phillips, Mrs. John Hood, Johnnie Faye Templeton, O. D. Conner, Ocie Pace and Joyce Faust.

## FRESHMAN CLASS GOES TO SHERRILL CREEK FOR PICNIC

## MOTHER'S DAY

The sweetest name on earth—mother. Many are our customs and languages, but to every race of people the word "mother" is a sacred name.

In the blackness of the jungle, in the small towns, in the cities and in the courts and castles the appellation "mother" rings. Every creature who lives realizes that he is lucky to have or unlucky not to have a living mother.

Many are the criminals who hide and sneak into the darkest places to escape the long arm of the law, but after a period of time mother has to be seen. So regardless of the danger and though it means certain death—they seek their mother and home. This is where the most of them are caught.

In the thickest of a bloody battle many hearts yearn for the touch of mother's hand. If mother isn't too far away life is tossed to the winds of danger and through the enemies lines the soldiers sneak—just to see the one that loves him best, the one that can give him courage to go on with the battle. Not only does she give us fortitude for our battles, but in life it is she who stands on the sidelines cheering us on to victory. If we lose it is mother who is the first—and sometimes only one—to soothe our weary minds with love and cheer.

Mother's Day is drawing nigh, a day well set aside. Remember her with a token of love and tell her that you do appreciate her. Give the flowers now. Don't wait until she is past all hearing and knowing.

## THE VALUE OF FAILURE

There are many advantages to be derived from failure. A taste of defeat helps one's personality. After one has failed once, the victory will do him more good and he will know how to use it. Some rich people who have plenty of money don't know what it is to be defeated, but sooner or later they are and seldom get back to normal. The failure of a child in his play helps him to care for his future life. It teaches him what defeat is and how to meet it. Failure is a value beyond estimation.

## IN REVIEW

THE LAST DAYS OF POMPEII  
Bulwer

As one reads this novel, *The Last Days of Pompeii*, he goes back to the days when Greece and Rome played important parts in the history of the world.

The book is about a young Greek who loves a very beautiful maiden but there is also an Egyptian who loves her. The book is one thrill after another, telling how she is won by the Greek.

The book is not all about love and these three people. Bulwer makes a very good description of roles played by minor characters.

## The Garden by Moonlight

The garden by moonlight  
 With each sleeping flower nodding  
 its head  
 Is a beautiful sight!  
 The moon, knowing they are not  
 dead,  
 Creeps softly along, shining its  
 light  
 That keeps them company all  
 through the night.

The flowers are yellow and blue.  
 A white cloud shifts by.  
 The moon drifts through like a  
 canoe;  
 The coxcomb wears a tie.  
 The sunflower waits for the coming  
 noon  
 And four o'clocks open in the light  
 of the moon.

—CORDIE LEE FARRIS.

## Teachers

I think that I shall never see  
 A teacher who is good to me.  
 A teacher who in her book will  
 write  
 That I study my lessons every night.  
 A teacher who will give me A's  
 And never make me work, but play.  
 In whose class one can chew gum  
 From early morn till setting sun.  
 A teacher with a magic pen  
 Who'll write the poem I don't hand  
 in.  
 Anyone can write rhymes like me  
 But only I can make a D.

Receiving an honor rating highly  
 superior, the Austin high school band,  
 under the direction of Weldon Cov-  
 ington, returned to Austin from the  
 Eastern Division State Band contest  
 held at Waco last Friday and Satur-  
 day for the second consecutive year  
 with a bronze loving cup in its pos-  
 session as a reward for the highest  
 possible rating. Waco high school  
 band was the only other Class A band  
 to receive this rating.

## COLTS

The seventh grade students are  
 taking the Harlow achievements tests  
 as a means of comparing their work  
 with that of other Texas students.  
 The final examinations in the fourth,  
 fifth, sixth and seventh grades will  
 be next Tuesday and Wednesday. The  
 pupils who have a B plus average on  
 any subject may be exempted.  
 The primer class of the first grade  
 B has started in new readers. The  
 class has also begun the study of  
 subtraction. A booklet on nursery  
 rhymes is being made by the first  
 grade students.  
 Mrs. Rose Bowden Ficke has re-  
 turned from Brownwood, where she  
 has been visiting her mother who was  
 ill. Joan Hilgers from Quitaque en-  
 rolled in the second grade Monday.  
 Cecil Lee Holley has withdrawn from  
 the fifth grade.

Caught in  
The Lasso's Noose

Now there's not a bit of reason  
 As far as I can see  
 But those silly journalists are  
 Mysterious as can be.

Coming back from Austin, Beatrice  
 called Earl "Albert." That was prob-  
 ably the only thing that she said  
 wrong, which was exceptionally poor  
 for her, considering the number of  
 slips the others made.

Every time Earl mentions  
 T. W. C.  
 One of the journalists giggles,  
 "Tee! hee! hee!"  
 (Ask Mr. Gilmore how he likes to  
 crumple fenders).

Imogene was wearing a yellow  
 basketball sweater Monday morning.  
 It was rather warm for a sweater,  
 but maybe it was only for looks.

Dorothy Mae has some long finger  
 nails. She goes around showing peo-  
 ple her hands and then has to tell  
 them she has long finger nails for  
 the first time in her life. (She isn't  
 as nervous as she used to be).

Miss Addison (in study hall):  
 "James, are you working back  
 there?"  
 James: "Yes."  
 Miss Addison: "Well, go ahead. I  
 certainly wouldn't want to disturb  
 you."

Mr. Gilmore hoped that the pupils  
 were as glad to see him as he was  
 to see them. Were you?

Help, help. Those poor teachers  
 were run nearly to death last week.  
 At the very last minute the English  
 students were trying to say their  
 poetry. All day Tuesday and Wed-  
 nesday the rooms of the English  
 teachers could be seen crammed with  
 students.

Can anyone feature Mable Sher-  
 wood's neck being so dirty that she  
 would rub so hard and make a sore  
 place? Well, that is exactly what  
 she did. She says her mother told  
 her it was dirty and she wanted to  
 get it clean. Mable, next time don't  
 rub so hard.

Dorothy said, "That she wanted to  
 read us some of the funniest things.  
 I bet you all die with gizzard tickles."

Miss Addison was rattled  
 And she said "Mr. Sheep"  
 When she spoke to Mr. Gilmore.  
 The meaning was not deep.  
 I'll ring off for today.

## SPARKS FROM THE CAMPFIRE

Without divine assistance we can  
 achieve nothing.  
 Enrich your thoughts, actions, char-  
 acter and personality so that your  
 life will not be lived in vain.  
 A ray of sunshine has the right to  
 penetrate anywhere.  
 The man with a burning ambition is  
 seldom fired.  
 He only fears men, who does not  
 know them, and who avoids them  
 will soon misjudge them.  
 Every cloud has a silver lining.  
 Rome was wrecked on the rocks of  
 greed.  
 Let not sleep fall upon thy eyes till  
 thou hast thrice reviewed the

 does it possess value.

## Delegates Travel Over 1,000 Miles

Though Ineligible to Enter Contests  
Wiley, Miller, Addison Attend  
I. L. P. C. Meet

Driving more than 1,000 miles to a convention which featured contests that the local journalism delegates were in ineligible to enter, Wheeler was probably the most distant town represented in the Interscholastic League Press meet. This meeting was held in Austin, May 1 and 2.

During the election of state officers, Martha Alice Wiley spoke on behalf of the nominee for vice president from Canyon, Mary Collins. Mary was elected to the office. Beatrice Miller acted as official voter for Wheeler.

### Criticize Papers

A student of journalism at the University of Texas was selected by the organization's sponsor, DeWitt Reddick, to criticize each school paper in the Friday afternoon session. Very little could be found wrong with The Corral and it was highly praised.

The Quill and Scroll chapter of the Austin high school gave a reception Thursday night in the form of a night club. Tables and a bar provided the proper atmosphere. Doughnuts and soft drinks were served. The dinner dance on Friday night was attended by over 200 delegates at the banquet and about 100 more attended the dance. Instead of having a main speaker, songs and other acts furnished the entertainment. A tenor from the light opera company of the college sang two selections. Musical numbers were furnished by the local high school string quartet. An amusing reading was given by one of the college students while another entertained with a magic show.

### Visit City

Various phases of journalism were discussed at the regular meeting. While not attending the convention part, the delegates and their sponsor, Miss Bernie Addison, made sight-seeing tours of the city. Points of interest visited included Elizabeth Ney Studios, the governor's mansion, capitol building, the old land office, now a museum, and an extensive tour of the university campus.

About 10 colleges were visited on the trip. Martha Alice, Beatrice and Miss Addison were guests of Marilyn Wiley at C. I. A., Saturday night.

### SENIORS TO BE HONORED WITH HOME EC. RECEPTION

Girls in the home ec. III class will give the seniors a formal reception in the home economics cottage next Thursday night.

According to Mrs. Gordon White-ner, instructor, the entertainment will begin at 6 o'clock and will be completed before the seventh grade graduation exercises.

Other guests to be invited are the members of the faculty and the school board. This reception is to be an application of principles learned by the class about entertaining.

### Seniors to Have Pictures in Paper

The seniors of '36 feel quite honored to have their pictures put in the paper. C. G. Miller is voluntarily soliciting advertising to make cuts for pictures of the seniors. Mazie Bean collected all the pictures last week.

### Coach Discontinues Spring Football

Because the football boys need to study for the final exams, football practice has been stopped. Coach Bob Clark has asked that all the boys co-operate with him and stay in shape until next season when football will start.

### Boy Scouts to Give Program on May 22

"Time Will Tell," a one-act play is to be sponsored by the Boy Scouts, May 22 in the auditorium-gymnasium at 8 p. m. This entertainment is to be free to the public.

The main characters are H. E. Young, in the part of Father Times; Bob Clark in the role of Scoutmaster, and Louis Havenhill as John Citizen. There are 14 other characters in this play.

A Court of Honor is to be conducted by C. A. Clark of Pampa, head of Adobe Walls council. Other representatives from Pampa are to help with this entertainment.

The boys to be presented to the Court of Honor are:

Tenderfoot—Glenn Weeks, Paul Ford, R. J. Carver, Alton Nations and Earl Gilmore.

Second Class—Howard Nations, H. E. Young, Clowes Jones and Troy Lee Carver.

First Class—R. J. Puckett, Amos Page, Harrison Hall and Raymond Badley, (Star).

Merit Badges—Harrison Hall, swimming; R. J. Puckett, photography.

Raymond Badley—Star, five merit badges.

### GRADES TO PRESENT MAY DAY PROGRAM

Pupils in the first, second and third grades will present a May Day program Monday afternoon at 2:30 o'clock in the auditorium-gymnasium. An exhibition on what has been done during the year will be given by each grade in its own room.

The setting of the play is in a forest. The first grade has charge of the first act, "The Awakening of Spring." The second and third grade pupils are in the last act, "The Spring Court." The actors will be dressed in paper costumes.

The leading characters are the queen and the boy and girl who are lost in the forest. Patsy Beal acts the part of the queen and Orvil Sims that of the king. Gynn Edward Crossland and Louis Tillman play the parts of boy and girl. They are all in the third grade.

The second grade boys will be dressed as fireflies and the girls of that grade as daffodils. The first grade members will act as elves, pages, snow, winds, fairy of spring, birds, raindrops, sunbeams, heralds of spring, pussy willows and tulips.

Third grade students will take the part of bluebirds, cardinals, hummingbirds, robins, nightingales, chickadees and rainbow fairies.

### HOME EC. III GIRLS GIVE PARTY FOR FIRST GRADE

Home economics III girls entertained both rooms of the first grade with a party last Wednesday morning from 9 to 10:30 o'clock.

Each of the 12 girls directed a game twice, once to each group of students. The children played outside and in the home economics cottage.

After each girl had directed her game twice, junket with fruit was served children and teachers attending the party.

Ends In Favor of Eligibles  
By 13-0 Score

A surprise scrimmage was exhibited last Thursday afternoon between the future Mustangs and the ineligibles. At the end of the game the ineligibles were dumbfounded to hear that the score was 13 to 0 in favor of the Mustangs for they were still asleep.

The first counter was pushed over in the first quarter with line plunges. Extra point was not made. The next counter came later in the game with W. J. (Big) Ford carrying the ball over around end. The Mustangs blocked and tackled as if it were fun to hit the ground. W. J. Ford made both of the counters. The starting line-up was as follows:

### HISTORY CLASS OF GRADES

#### STUDIES PANHANDLE EVENTS

The grammar grade Texas history classes have been devoting the last six weeks work to study of the Panhandle.

Prizes have been given to the boy and girl in each section of 6A and 6B who made the best oral report on some historical event in the Texas Panhandle.

Those who received prizes in 6B were: Faye Morris and Billie Cospier, and those in 6A were: Aldea Lea Coleman, Jackie Trout and Carroll Adams.

The awards which were given to the students by their instructor, Mrs. G. O. McCrohan, were fountain pens with the Texas Centennial insignia on them.

## Mrs. Meek Describes Hall of Fame As Washington's Most Impressive Sight

The Hall of Fame in the capitol building impressed Mrs. C. J. Meek as the most beautiful of all places which she visited in Washington, D. C., last week. In this building were statues to represent each of our 48 states. Mrs. Meek was pleased to find that Texas was represented with two statues, Sam Houston and Stephen F. Austin.

Washington Monument, which is 555 feet high, was a delightful place. "One could see in every direction," states Mrs. Meek. In the city of Washington, which has a population of 700,000, there are many government buildings. Mrs. Meek brought a stick home with her which she got on the Washington estate at Mt. Vernon.

On the way across Arkansas, Vermont and Tennessee, Mrs. Meek was surprised to see every hill, no matter how steep, cultivated. She thinks that these hills were plowed by goats. In the valleys there were beautiful trees growing and the grass grew to the edges of the streams. "This was

## SPORTSLANTS

By a Cowgirl

The season for sports draws to a close. The biggest interest now is the coming year's football. Well, needless to say, the Mustangs are going to be a winning team. When winning is mentioned, that doesn't mean just district.

Wheeler has the material, if never before. The Mustangs will start off with touchdowns in a stadium that they are familiar with. It's bound to be a rosy season from every angle.

A summary of the track season lends favorable color to athletics. No one went beyond district, but the veterans will be back next year better and determined to win.

Looking back over the basketball efforts gives a substantial background for a team to win state next year. The boys bettered the girls by a small margin, which the girls intend to make up, with margin to spare.

What is being neglected around the school? What feels unwelcome? What deserves a name though be it humble? Could you guess but one answer—the football field and gymnasium? It will be rather strange to start a new year off without having named our recently acquired additions.

Baseball with the town teams seems to suggest novel ideas such as: Southside Gashouse, Westside Rink-Dinks and a few others. The height of modernity is to play under floodlights.

### GILMORE CHOSSES MEDALS TO BE GIVEN BY P.-T. A.

While Supt. J. L. Gilmore was in Austin last week he chose individual medals which are to be awarded by the Parent-Teachers association to the highest ranking student in every grade of the Wheeler schools.

These pins are keystone shaped and were purchased at a cost of 75 cents each. They will be given to the students at the graduation exercises of the high school and of the grammar grades.

a wonderful sight," explains Mrs. Meek.

A characteristic of the homes in Virginia is that they all are white as if they were just painted. In Arkansas the farms were full of stumps, some of which were burning. Mrs. Meek did not see how the people plowed, because the stumps were so thick.

When asked if she would like to live in Washington, Mrs. Meek answered, "Yes, I would like to, because Wendell is there. I think I would like to live in the country and not in town."

Wendell Meek, her son, is boarding in the Peruvian embassy. This was made into a club for government employes. Wendell is assistant messenger in the agriculture department. He carries messages from place to place.

Mr. and Mrs. Meek did not see the president or the first lady, although she would have liked to. They did not try to go in the White House because they thought they would not be allowed.

## Class Gets Letter From Quill, Scroll

**National Chapter Asks That Officers of Local, State Organizations Be Selected**

The journalism class received a Quill and Scroll chapter letter May 1 asking that the local chapter vote on president, vice president and state president. A government post card was enclosed for the purpose of recording votes.

The local class is going to apply for the critical service. It is the fourth annual rating for school newspapers and is conducted by the society under the auspices of the Medill School of Journalism, Northwestern University. June 1 is the deadline.

### Based on Achievement Scale

The service is based upon the achievement scale, a copy of which was enclosed in the letter. A summary of the achievement scale with the maximum score is: quality of writing, 150; selection of material, 100; treatment of material, 150; mechanics, 100; proportion of students engaged in journalism, 50; responsibilities of the staff, 100; editorial achievements, 75; innovations, 75; circulation of paper, 75, and advertising, 125.

Each chapter is asked to fill out the blanks in the achievement scale pamphlet and mail it early to the judges.

### Corral to Receive Criticism

The score book with comments and detailed criticisms, and the rating earned will be sent to each school properly entered in the contest.

A modernistic trophy will be offered to the chapter whose report is considered the most outstanding. Each regional chapter winning honorable mention for its reports will be awarded a certificate on antique paper suitable for framing.

Beatrice Miller, editor of The Corral, is going to enter in the news writing contest.

## SENIORS ARE ENTERING BYRNE ESSAY CONTEST

Wheeler high school seniors are entering an essay contest sponsored by the Byrne Commercial college, Dallas, Texas. Only seniors of the schools of Texas, New Mexico, Oklahoma, Arkansas and Louisiana are eligible to participate in this contest.

Subject for the essay is "The Educational Advantages of the Texas Centennial Exposition to Visitors." No limit is specified for the length of the essay. All entries must be sent in time for them to reach the judges of essays not later than May 11.

Two individual school awards will be given the two winning seniors and will consist of first prize, \$50 transferable scholarship in Byrne Commercial college, Dallas, and a souvenir ticket to the Centennial exposition along with several attractions. The second prize will be a \$25 transferable scholarship in Byrne college and a ticket to the Centennial.

Grand prizes will also be awarded to winning seniors whose essays are the best. The first prize will be a trip to the Texas Centennial exposition with expenses paid and two nights lodging. The second prize is a trip to the Centennial with expenses paid and two tickets given additionally, and the third prize is two tickets to the Centennial and one night's lodging.

## MOTHERS ASKED TO MEET TO PLAN HOME EC. COURSE

All mothers who wish to take the one month summer course offered in home economics are urged to attend a meeting to be held at the home economics cottage next Tuesday afternoon at 2:30 o'clock.

At this time will be decided the hour for the classes, which will meet twice a week, and what each woman had rather study, according to Mrs. Gordon Whitener, instructor.

The probable courses for study are: Nutrition and Health, Budgeting and Household Accounts, Child Guidance, Construction Processes, Entertainment for Children, and Making the Home Convenient and Attractive.

All girls who take this extra month of home economics will be awarded one-half credit, providing their work covers a long enough period.

## P.-T. A. Receives Good Grade On Record Book

Under the direction of Miss Ruth Ewing, publicity chairman, the Parent-Teachers association received the excellent grade of B plus on their record book for the year. Mrs. Roscoe Morgan and Mrs. Gordon Phillips served with Miss Ewing on the committee.

The book was graded at Pampa on the work done by the publicity committee for the year. In commenting on it, the grader praised the work in these words: "Your book is very neat and attractive. Notations were clear and to the point in every instance."

Included in the volume were sketches of the high school and the home economics buildings done by Mrs. Morgan; invitations to parents to attend P.-T. A. meetings written by first, second and third grade students; and notices and writeups of meetings in The Corral, The Wheeler Times, the Shamrock Texan and the Shopper's Guide.

## WITH THE BOY SCOUTS

Leaving Wheeler at 4 o'clock Saturday morning, 28 Boy Scouts with Coach Bob Clark went on an outing to Palo Duro park. They went in Number 3 bus, with Bennie Morgan as driver.

They arrived in Amarillo about 7:30 o'clock. They visited the Amarillo water works and went boat riding while there. Boy Scout books were purchased at Blackburn Bros. Among the books were: "Pioneering," "Conservation," "First Aid," "Knife Craft," and "Camping." These were only a few of the books bought.

Reaching the park, all of the boys with their sponsor set out on a hike. Among the places visited was Indian Springs.

Four members were initiated Saturday night, namely: Leon McPherson, Glen Weeks, Carroll Adams and Alton Nations. After this the group played "Black Man."

The Scouts spent Saturday night in the Canyon and returned home Sunday.

Aubrey Warren joined the Scouts Monday night.

The troop wishes to express their appreciation to Dr. H. E. Nicholson and other members of the board for giving them permission to use the school bus, making the trip possible.

Loula Clark, who is attending school at Draughon's Business college, Oklahoma City, visited school Tuesday with Dawn Weatherly.

## Grass Is Set Out On Home Ec. Yard

The ground around the home ec. cottage is now set out in grass. The soil was broken several weeks ago, but it was not possible for the grass to be planted until last week. The yard was watered and the grass set out by Mrs. Gordon Whitener and some of the high school students.

## SAGE BLOOMS

### Our Italian Neighbor

Of all the Latin races, there are none more courteous, friendly and sincere than the Italian. When looking for a neighbor, one should consider just such estimable qualities.

Many of the people from that far-off "boot land" were given a hard struggle to become accustomed to our petty Americanisms.

Many of the immigrants can neither read nor write, as the dear foreign lady across the street. Yet, could one justifiably call her illiterate when she could command so perfectly her caress-like mother tongue.

A cheery "bona vita" (good life) is much more acceptable than a discussion of Aristotle. A savory smell of ravioli plus well seasoned cheese is more delightful than a frothy bit of French pastry.

Her favorite artist and fellow-countryman was Caruso. Never tiring of her records of his famous arias, she gladly shared them. Flowers were a mania with our neighbor. Always generous, she sent callers home laden with her whimsical selections.

Her broken English was amusing. She never became disturbed if you laughed at her blunders.

She was a true neighbor in the full sense of the word. The expression has come to mean not only having residence near, but being intimately acquainted.

BEATRICE MILLER,

## SCRAPS FROM THE SPANISH BANQUET

News bits from a local newspaper 10 years hence.

Mrs. Rufus Faust is pleased to announce the marriage of her charming daughter, Miss Ruth, to Mr. Ray Holley of Harris Drive, Twitty, Texas.

Mrs. Ted Farmer of Mobeetie has just received a divorce from Mr. Farmer. It is rumored that she will wed Dr. Alvis Jolly of the Jolly Sanatorium, Twitty, Texas.

Miss Maxie Lee Wilson and Mr. Everette Cole, after their honeymoon, have just left for Palm Beach, Florida, where Mrs. Cole will continue her work as a bathing model.

Noticed in the Locust Daily News was this ad: Wanted: A good looking young man, capable of supporting an adventure craving young lady—Rutha Mae Conner.

Mr. and Mrs. Farrell Wallace are looking after the dairy business while Mrs. Wallace's parents, Mr. and Mrs. Landress, are away on their vacation.

Mr. Robert Guynes, manager of the Puckett chain store, is remodeling and enlarging the stock capacity of the store.

Mr. and Mrs. Aubrey Warren are making an extended visit at the Morgan ranch. Mr. Warren is now employed as an accountant at El Paso.

Mr. Ford Newkirk and wife, the former Miss Clarice Robertson, of Twitty, have just returned from a tour of Europe.

Miss Capitola Wilson, sister of the late Mrs. Everette Cole of Palm Beach, has just accepted the position of Spanish teacher in the Wheeler schools.

## "Junior Revue" Nets Junior Class \$43

The Junior Revue, first of its kind to ever be presented in Wheeler, was viewed from a crowded house last Friday night in the auditorium-gymnasium. Around 35 tables, in chairs, and on the bleachers sat a pleased audience.

At 8 o'clock the reserved seats were quickly filled and others were grabbed soon. Beginning the evening's entertainment was a black-out with a piercing scream from a voice back stage. A dim light flashed over the prostrate form of a man and another voice questioned: "Why did you do it? The reply was, "Because he wouldn't take me to the Junior Revue." Lights glared forth to reveal the beginning of the style show.

After the style show came the amateur contest at which four prizes were given. Then the one-act play topped the evening. Between the different entertainments food was ordered from waiters dressed in white.

At the gate \$32 was made. Food netted \$11.50. Proceeds will go to serve the junior-senior banquet and to furnish food and transportation for the juniors on Junior Day.

Mrs. W. E. Carter, president of the P. T. A., won the women's prize with a painting she did to a musical accompaniment. Tommy Joe Pendleton and Anita Hale received a theatre ticket each for a song and tap dance. Visitors from Mangum, Okla., "Happy" and Joe Norman, took the other prize for the men with a guitar duet.

## BOOKS ARE PURCHASED

Several books were purchased by Coach Bob Clark last week for the Boy Scout library. Each Scout patrol paid \$5.25 towards their trip to Amarillo. A portion of each patrol's money was taken to pay for the books.

The following is a list of them: Aviation, Camp Fires and Cooking, Customs and Drills, Indian Lore, Camping, Athletics, Photography, Conservation, Pioneering, Physical Development, Scholarship, Basketry, and Radio.

A place somewhere in town will be selected to keep these books during the summer. No one is to use them except Scouts.

THE WORLD IN CONVULSION

C. C. MERRITT, Pastor, Church of Christ

THE WORLD is sick. And that sickness has well nigh reached the "pit of the stomach."

Is there not something or someone who can change the face of things? Is there not some way to cure the world's ill before the whole world is thrown into convulsion?

Will nationalism do it? Germany, Italy and Japan are trying that remedy on their own troubles and upon their dizzy inter-national relations.

Will isolationism save the world? It declares that what other nations do to the rest of the world is none of our business so long as that nation or nations do not trouble any of those to which we belong by treaties.

Will internationalism in the form of a World Court or World League do the work? Almost every nation in the world, big and little, began taking pills out of that bottle a few years ago.

Exploitation, plunder and treaty breaking have gone on apace and Dr. Hague is weak and helpless.

Is There No Remedy? There is only one remedy that has not been tried. The reason nations did not try it when it was first offered about 2,000 years ago is because men cried, "We will not that this Man reign over us."

Only if that remedy did not deal with individual sins the world might be able to adopt it. But sins are the CAUSE of the world's ills and every other remedy is useless and futile because they cannot reach the cause.

Times and things may change, but Human Nature Never Changes. But that nature must be changed if the world is to enjoy peace.

O, taste and see that the Lord is gracious. Try Him and peace and satisfaction will be yours even if the world ever rejects Him and suffers ever for it.

THE POET'S CORNER

Texas Heroes

They fought not because of bargaining nor petty victory, Nor foolish thought that they were right.

Not for gold nor trade they made the sacrifice, But fought through bitterest war To make us free, and now have we Made our lives worth dying for?

For unborn hope they gladly died that we might never see Tyranny, turmoil nor horror! 'Twas not for selves they fought, But the destiny of tomorrow.

Destroy not, now, that hope, but be An empire staunch and strong and brave;

A worthy tribute to those Who lie in sodden grave— Still "pledging our allegiance, Our faith, our love for thee!"

CLUB NOTES

Happenings of Interest by and for Home Demonstration Club Women of the County.

Allison Homemakers Club

"A young child has certain characteristics that makes it easier to acquire either good or bad habits," stated Mrs. Hamilton, who described when and how character hazards begin.

Mrs. Warren gave examples of the parents responsibility in looking after needs of their children.

"Let the child try," she said, "and fail if need be; he will profit by his mistakes. Bribing and promises should be avoided which the parent is unable to keep.

Parents should be to the children companions, friends and confidants," she stated in conclusion.

"The teacher and parent should combine their knowledge in leading the child," Mrs. Peebles declared in her topic dealing with a teacher's responsibility to the child.

"There are many things the parents know that would aid the teacher in dealing with the child," she said, "and there are many things the teacher knows that would be a great help to the parent."

Maud Keiper said that outsiders did have responsibilities in dealing with the children.

A motion was made and seconded for the club to adjourn, and refreshments were served by Lena Brown and Reba McInturf to the following: Bera Parks, Ida Begert, Olive Warren, Katie George, Leuna George, Ada Wileman, Daphne Pough, Edith Levitt, Maud Levitt, Maud Kiker, Gertrude Peebles, Ella McCoy, Rubye McCoy, Hattie Owens, Winnie Kiker, Ann Hamilton, Daisy McCoy and Mrs. Rector was a visitor.

Mobettie 4-H Club

"Watch the openings when planning your kitchen," said Miss Viola Jones at the Mobettie 4-H club meeting, April 28, which met at the high school building.

Roll call and general club call to order were observed. We plan to have a "Sock Supper" and candidate speaking, at the high school gym, Saturday, May 9; in order to raise money to send a girl to Short Course this summer.

Miss Jones gave a lecture on "Kitchens." We learned that we would feel better after hours of cooking, if our kitchen was conveniently arranged and a pleasant color scheme was employed.

Pillars Improve Home Grounds

Making Wheeler county homes attractive by having good foundation plantings, is not confined to yard demonstrators. Other people are co-operating. Melvin Pillers of Twitty has already set in the foundation planting for their home, 1 golden arborvitae, 2 nandinas, 3 spruce, 2 pifor junipers, 2 redleaf barberry, 1 forsythia, 1 spirea, 6 lilacs, 5 bear grass, 2 roses and 12 canna bulbs.

This planting has been enclosed with rock to prevent blowing. The front lawn is covered with cotton burs, ready to be soddas as soon as the sand storms are over.

**GIANT LOCOMOTIVE BREAKING RECORD ON 29,000-MILE TOUR**

This 350-ton monster, built specially for the United Drug Company to haul its 12-car streamlined convention train on a 29,000-mile tour of the United States and Canada, will be the only locomotive used on the trip. In ordinary railroad practice, locomotives are changed frequently. Never has a single locomotive been called on for such an endurance tour in which it will meet every condition known to railroading.

The million-dollar streamlined Rexall Convention train will enter Texas, May 1, and will be host in five cities to the Lone Star State. Meetings aboard the train will be held in San Antonio, Austin, Fort Worth, Abilene and Amarillo. In addition, stops of several hours will be made in Houston, Waco, Dallas and Lubbock. In all cities where stops are made, the 12-car "convention-on-wheels" will be open for public inspection. Free tickets of admission can be obtained for the asking from any Rexall or Liggett drug store. The traveling convention, hailed everywhere as "the finest train in the world," is on an 8-month, 29,000-mile tour of the United States and Canada. Meetings are scheduled in 109 cities for the 10,000 Rexall druggists. On the swing through Texas the owners and staffs of 364 Rexall stores are expected to attend the series of one-day conventions.

The train carries all facilities for conventions that can be found in the largest hotel. There are four exhibit cars, two cars for meetings, a

cafeteria diner from which lunch and dinner are served daily to several hundred delegates, two cars for dancing, a lounge car and an office car equipped with telephone and teletype connections with all the outside world.

It carries a permanent staff of 40, including 19 executives and department heads of the United Drug company, manufacturer of Rexall products. The train left Boston, March 29, and will close its nationwide tour November 23 in Atlanta, Georgia. In the first month it was on the road, more than 200,000 persons have passed through the train to inspect the exhibits aboard.

The train arrived at Houston from New Orleans on Friday, May 1. After stops at several other points in the state, it will be in Amarillo Saturday, Sunday and Monday, May 9, 10 and 11. It is open to visitors several hours each day. The City Drug store in Wheeler is prepared to distribute free tickets of admission to those who wish to visit the train and inspect its exhibits.

**Mother's Day and Graduation Gifts**

Mother's Day is next Sunday, May 10. Graduation Day for the Wheeler schools is Friday, May 15. Both occasions merit a gift.

**for Mother**

A remembrance of candy from this store is always a fitting tribute to mother. But we also have many other suitable items, such as Airmail Hosiery in gift boxes, Stationery, Pen and Pencil Sets, Cosmetics, Toilet Articles, etc.

**for Graduates**

The dignity and importance of graduation demands a gift in keeping with the occasion. Here you can find just the item suitable for that girl or boy who is completing high school. A visit to this store will reveal a splendid selection and the cost will be surprisingly small.

Space does not permit listing gift suggestions but you can save time and money by coming here for these purchases.

**STOP! LOOK! LISTEN!**

and you'll choose an **ELECTROLUX** THE SILENT REFRIGERATOR

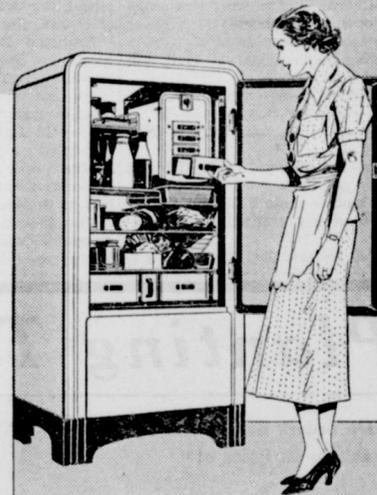

**BECAUSE:** the very silence of Electrolux testifies to its simpler, more efficient operation. Electrolux has no machinery at all! And this means important advantages for you:

- No moving parts to wear
- Lasting efficiency
- Continued low running cost
- Fullest food protection
- Savings that pay for it

MORE than half a million enthusiastic owners will tell you that the silence of Electrolux is a real comfort! And it's much more than that! Electrolux's silence is constant proof of a basically different refrigerating method, in which a tiny gas burner takes the place of all moving parts.

This simplicity of operation is your assurance of lasting Electrolux efficiency . . . of long service at low cost. Owners find that Electrolux actually pays for itself with its big savings on food and refrigerating cost.
