Cash From Taxes Exceeds Last Year

Half-Year Payment Privilege Grows In Popularity; Total Taxes For Year \$290,186.31

Taxes collected up to November 30 this year exceeded payments in the same period of 1935 by \$6,000, according to figures released Wednesday by John H. Templeton, county assessor and collector.

During November this year total of \$46,306.88 taxes was paid against \$40,222.64 in the same month last year, Templeton said.

The privilege of paying taxes in two installments was used by a larger number this year than last, which shows this method is becoming more popular.

First half taxes paid in November totaled \$33,703.58, Templeton stated. Figures on last year's first half payments were not accessible.

The assessor-collector's records showed Wheeler county's total tax bill for 1936 to be \$290,186.31.

Templeton's deputies have been working all year on a report of delinquent taxes for a number of years back, which will make an enormous document when completed. The report, Templeton said, was ordered by the commissioners court early in the year.

Bethel School Has Beautification Plan

Project Now Awaits Approval At WPA Office At Austin

The newly consolidated school of Bethel, located six miles east of Shamrock, now has a project well under way for the beautification of the school grounds, according to B. T. Rucker, county superintendent. This takes in the building up and leveling of the grounds, planting grass and setting out trees, as well as laying concrete walks and curbs, and graveling the drives.

The total cost of this project will be approximately \$8,752.10. The project has already been approved by the Wheeler county planning board and the works progress administration in Amarillo and is now in Austin for approval.

"The Bethel school building," Rucker says, "completed this year at a cost of \$10,000.00, is one of the largest grade schools in the state, serving 90 sections, where formerly four schools were maintained. We feel that the school has a promising future, located almost in the heart of an oil field. The school is equipped with the new floor furnace heating system and with the most modern equipment."

"In keeping with the county school program, they are teaching Home Economics and Manual Training. They have five teachers: R. N. West, superintendent, having a degree; Charles A. Stratton, also having a degree; Mrs. Lola B. White, Mrs. Fleming, and Miss Bessie Beene. The latter three having three years college work or more.

"A large part of the progress of this school is due to the fact that the patrons of the community are willing to cooperate and pull together," Rucker declares. "As a whole the community was far sighted enough to look into the future and see how this consolidation would better the education of their children. In voting for this consolidation only two of all voters, were opposed. If they continue in the future, as in the past, we feel this school will be a great success."

County Conservation Work Well Supported

B. A. Zorns, assistant in the office of Jake Tarter, county agent, who is devoting most of his time to the department of agriculture soil conservation work, stated to The Times Wednesday that Wheeler county farmers are co-operating wholeheartedly with the conservation program.

A large number of farmers, Zorns said, are planning to run terrace lines early in the new year, and contour planting, legumes, cover crops and other recommended measures are coming in for a lot of attention.

STATEWIDE TAX SURVEY WORK IN WHEELER COUNTY STOPPED

Buford Conwell stated last week that works progress administration authorities had halted work by the Wheeler county unit in the statewide tax survey. Conwell is county supervisor of this work and he and his entire crew of nine workers are without jobs.

The layoff is thought to be only temporary, Conwell said, and is due to some financial matters that must be worked out by the WPA officials.

Santa Claus Letters

The Times is glad to print in another column the letters to Santa Claus it has received from our little friends.

It is hoped that others may write their letters to Santa at once in order that he may have read them in The Times soon enough.

Please "print" the name so that there will be less danger of a mistake.

Yes, Santa Claus reads The Times; most everybody does—and letters from all sections of the county are welcome.

Puett Warns Against Safety Law Violation

Passing of Halted School Buses Carries Penalty Of Fine And Jail Term

Warning against passing school buses on the highway while they are stopped to receive or discharge passengers was issued this week by W. O. Puett, county judge.

He pointed out that the state law provides fines of from \$50 to \$100 for violations, and that jail sentences up to 90 days may be assessed in addition to the fines. "The law is for protection of the children," Puett declared, "and a number of drivers have been ignoring it."

"Just this week," said Puett, "I had to assess a \$10 fine against a party who I happen to know was not able to stand the expense, and people need to be warned of the risks they are taking."

Drivers of school buses are under bond, Puett declared, to guarantee the faithful performance of their duties, one of which is to report violations of highway safety laws where a bus is involved. They have no choice but to take the license numbers of offenders, said the judge.

Sunday Schools Show Increased Attendance

Two hundred eighty members attended Sunday school Sunday—the three Sunday schools participating in the local go-to-Sunday-school campaign, according to figures released by Jim Risner.

This is an increase of 11 persons over the 269 reported for the previous Sunday.

Baptist Sunday school showed 95 percent of members in attendance, with total attendance of 94 persons, of whom six were visitors. Enrollment is 93, with 88 members present.

Church of Christ, with 69 Sunday school members had 48 or 69 percent of the enrollment present, and six visitors, which makes total attendance of 54.

The Methodists were the only 100 percenters, with 132 present, which is the exact number of Sunday school members. No visitors were reported.

MRS. MALOY IS HOSTESS TO LONDON BRIDGE CLUB

Mrs. J. I. Maloy was hostess to London Bridge club at her home last Thursday afternoon.

Christmas decorations made a cheerful setting for the games and the motif was repeated in the delicious refreshments served to the following guests: Mrs. D. O. Beene, Oliver Elliott and Henry Flanagan of Mobeetie.

Members: Mmes. Tom Britt, Melvin Howe, A. B. Crump, Floyd Pennington, Roy Puckett, Nelson Porter, Ed Watson, Cora Hall and Fred Farmer.

Mrs. Howe received award for high score, Mrs. Britt low, and Mrs. Flanagan cut.

P.-T. A. ANNOUNCES PROGRAM FOR TUESDAY, DECEMBER 15

With "Friendliness" as the subject for discussion, the Parent-Teacher association is to meet Tuesday, December 15, in the high school gymnasium, when the following program is planned:

"Friendliness"—Rev. E. C. Raney. Christmas carols—Audience. Self-testing for Friendliness—Mrs. Gordon Whitener. Christmas reading—Melba Wiley. Midget story—First grade students.

BAPTIST WOMEN'S GROUP MEETS MONDAY AT CHURCH

Circle No. 2 of the Baptist Women's Missionary society met at the church Monday afternoon with seven persons present. Mrs. Jim Risner conducted the lesson from the book, "The Palestinian's Tapestries."

Wheeler Girl Distributes Flowers to Wichita's Sick and Aged

The smiling nurse in the above photo is Miss Jacqueline McCrohan, a Wheeler girl who lives in Wichita, Kan., daughter of G. O. McCrohan, resident of Wheeler. The above picture appeared in the Wichita Eagle recently, under the caption, "Wichita's Sick and Aged Receive Show Flowers." The Eagle printed the following paragraph under the photo:

The sick and the aged in Wichita's hospitals and institutions were made happy yesterday through gifts of bouquets of beautiful flowers by florists who exhibited in the first Regional Flower and Garden show which was held at the Forum. Chris Dold, a patient at St. Francis hospital, is shown here receiving an armful of chrysanthemums, carnations and roses from Miss McCrohan, one of the nurses in charge of distributing flowers at the hospital. (Photo by Eagle staff photographer; engraving available through courtesy of the Wichita Eagle.)

Band Concert Ticket Sale Is Announced

Local Municipal Band Sponsors; To Receive Part Of Cash

Advance ticket sale will begin in a few days for the concert on Monday, December 21, by the Shamrock school bands, according to J. W. Lummus, director of the Wheeler Municipal band, whose group will participate in the proceeds.

The Shamrock grade school band and the Shamrock high school band, both under the direction of Glenn A. Truax, will render the program, Lummus said. It was his understanding that the grade school musicians will give a short concert, followed by a longer program by the more advanced high school performers.

Concert is to be at the high school gymnasium, and the local band is sponsoring it and will receive 50 percent of the money realized. Admission prices of 20 cents and 10 cents have been set.

The Wheeler municipal band is to go to Shamrock for a concert early in February, when the Shamrock bands will be sponsors and will receive their percentage of profits, Lummus states.

SURPRISE PARTY CELEBRATES L. W. WILSON'S BIRTHDAY

L. W. Wilson was given a surprise dinner party last Sunday in honor of his 88th birthday, which was December 1, at the home of his son, G. L. Wilson of Wheeler, six and one-half miles northeast of Wheeler. The honoree received many gifts.

At noon a covered dish luncheon was served to Mrs. P. W. Nolen, Lamesa; Mr. and Mrs. T. W. Wilson and children, Evelyn, Janice, Helen and Paul, Hollis, Okla.; Mr. and Mrs. G. L. Wilson and daughters, Mr. and Mrs. J. D. Cornelius, Mr. and Mrs. Ed Riley and daughter, Mr. and Mrs. J. A. Bradshaw, Mr. and Mrs. U. B. Traylor, all of Wheeler; Mrs. J. R. Austin and sons, Briscoe, and the honoree.

Afternoon guests were: W. M. Pendleton, Mr. and Mrs. Compton Pendleton, Darwin Traylor, J. N. Tucker, and Arnold Jones.

KINGSMILL COUPLE MARRIED HERE MONDAY AFTERNOON

Miss Lillie Mae Shepard and Mr. Carrol Broyles, both of Kingsmill, were married Monday afternoon at 3 o'clock, Rev. E. C. Raney, Methodist pastor, reading the vows.

Mrs. Broyles is the daughter of Mr. and Mrs. J. T. Shepard of Kingsmill, and Mr. Broyles is the son of Mr. and Mrs. J. E. Broyles, also of Kingsmill.

Mr. and Mrs. Broyles will make their home at Kingsmill, where he is connected with an oil company. Those who witnessed the ceremony were Mrs. E. C. Raney and the bride's father.

Library Committee Meets

The committee for the Wheeler county circulating library met this week with the following members present: A. S. Wharton, J. W. Younger, Miss Novella Whitener, and W. W. Brister. They purchased \$340.00 worth of books, as an extra addition to the Library for this year.

Ripley Places Mason In 'Believe It or Not'

Local Man Described as 'Human Salamander' By Cartoonist Robert L. Ripley

The harrowing experience several years ago of W. F. Mason of Wheeler won recognition from Robert Ripley on Thursday of last week, when Mason was dubbed the "human salamander" in the "Believe It or Not" cartoon appearing in big city daily newspapers.

Beside a picture of Mason, Ripley had the words: "The human salamander: W. F. Mason of Wheeler, Texas, was dragged through a 190-foot blast furnace and came out alive!"

In his explanation, printed below the cartoon, Ripley stated:

"On the 12th day of October, 1926, Mr. Mason, who was foreman at the American Refining company's plant on North McMasters street, Amarillo, Texas, at 10 o'clock at night, reached to remove a bit of paper from the automatic feeder of the company's 190-foot furnace. In the dim light he did not see the approach of the pony that supports the cable. This pony caught him and doubled him up partly over and partly under it, and dragged him its full length through 16 sections, each containing two burners in full blast on each side. After two minutes of the fiery furnace, he came out badly burned, and is alive today after spending 11 months in the hospital."

Mason is caretaker on the B. A. Melton farm, a mile and a half south of Wheeler, and apparently has completely recovered from his experience.

Sales Tax Favored By School Meeting

Increase In Burial Aid Grants Sought At Conference Here Monday

A selective sales tax for school purposes was recommended Monday at a countywide meeting of school trustees, bus drivers and other people interested in school affairs. It was advocated that tuition be separate from rural aid grants, and that all rural aid be paid on a 100 percent basis of the original grant.

The meeting, was presided over by T. M. Britt, president of the rural trustees association.

Speakers on the program were: John W. Gunstream, deputy state superintendent of schools; Eugene Worley of Shamrock, state representative; B. T. Rucker, county superintendent, H. M. Wiley and Dr. H. E. Nicholson.

Resolutions adopted favored change in county school transportation set-up, and revision of laws concerning county line jurisdiction. More rural aid for this district also was favored.

The state school superintendent and the governor are to receive copies of the resolutions.

A large crowd attended the meeting, including representatives from every Wheeler county school district, both common and independent.

Master Masons' Night Draws Big Attendance

Large Number of Visitors Here For Annual Observance

Seventy-five Masons, many of them from surrounding towns, were in attendance at the annual observance of past masters' night by the local Masonic lodge Monday.

Master Mason degree was conferred by a degree team composed of the following past masters: R. H. Forrester, Earl N. Mitchell, A. B. Crump, J. W. Barr, Garland Key, H. J. Garrison, Lee Guthrie, W. E. Dart, Dr. H. E. Nicholson, H. E. Young, C. F. Pennington, A. C. Hallmark and F. B. Craig.

The following past masters were present:

R. H. Forrester, H. J. Garrison, H. E. Nicholson, J. W. Barr, A. B. Crump, Lee Guthrie, H. E. Young, C. F. Pennington, F. B. Craig and C. J. Meek of Wheeler Lodge.

A. C. Hallmark, E. E. Mitchell and W. O. Nix of Shamrock Lodge.

J. L. Gilmore, past master of Turkey Lodge and an affiliated past master of Wheeler Lodge.

C. G. Miller past master of Ninnescah Lodge No. 230 of Kingman, Kansas.

Refreshments were served.

Kelton School Class Visits District Court

The junior and senior government classes of the Kelton high school, in charge of Miss Ozella Hunt, teacher, attended Thursday session of the district court in Wheeler to observe how practical matters of government are handled.

Members of the class attending were: Genevieve Britt, Maxine Garner, Evelyn Harvey, Josephine Poole, Ludene Cooper, Merle Kuykendall, Rena Johnson, Mary Perryman, Lorene Harris, B. T. Rives, J. D. Beatty, Roy Webster, Barney Davidson, and Delbert Mitchell.

BAPTIST WOMEN HONOR FIRST CHINA MISSIONARY

On Friday, December 4, the Women's Missionary society of the Baptist church observed their annual program on foreign missions, commemorating Miss Lottie Moon, the first Baptist missionary to China. The day was observed by Baptist women around the world.

The day's program was led by Mrs. Jim Risner, who was assisted by Mesdames Chas. Flynt, C. R. Weatherly, P. R. Waters, J. M. Burgess, J. H. Watts, C. A. Laflin, Bob Rodgers, George Porter, Lee Guthrie and Mazie Bean.

At noon a covered dish luncheon was served and plates sent out to some sick and shut-ins.

Ranch Improvements Planned

F. E. Robinson of the Bullington ranch, 12 miles west of Wheeler, told The Times one day this week he was shopping for material to build a new house, barn, feeding pens, and other improvements on the ranch property.

Mr. and Mrs. E. D. Guynes drove to Canadian Sunday afternoon.

One Acquitted, Three Get Terms in Prison

McCollum, Winters, Brower Get Sentences; Jim Knott Is Acquitted

Three defendants on felony charges were convicted, one with suspended sentence, and one was acquitted in district court here this week.

Robert H. McCollum, charged with having stolen an automobile from D. E. Holt on November 4, pleaded guilty and the court sentenced him to five years in the penitentiary.

Upon plea of guilty, C. C. Winters, charged with robbery of the Osage Tool Co., Shamrock was given a five-year suspended sentence.

Jim Knott was acquitted by a jury on charge of having stolen a piece of belting from Ed Dexter, at Magic City.

The jury returned a guilty verdict in the case of Paul Brower with theft of \$150 from A. B. Morris at Shamrock. He was given a two-year prison term.

Damage suit and cross-action between C. C. Brothers, Shamrock truck operator, and Panhandle Stages, Inc., trial of which started Wednesday last week, went to the jury Tuesday. Thursday morning, the jury was still out.

There remains, two more weeks of the current court term, next week's session to be with jury, and the following week to be non-jury.

Jury panel for next week is as follows:

R. L. Rogers, Bill Cole, James Hill, T. M. Britt, J. A. Bryant, Jess Moore, Lonnie I. H. M. Patterson, Lawrence C. Jer, Lee Guthrie, W. E. Mason, Elmer Lowrie, C. W. Whately, A. R. Meek, Wheeler, R. A. Wood, J. T. Tarvin, V. W. Shumaker, Shamrock; Grady Harris, H. S. Bailey, Chas. Cochran, G. W. Johnston, L. H. Bailey, J. G. Gabriel, Aubrey Ruff, E. T. Jeffus, J. W. Baird, Mobeetie; W. W. Poole, M. E. Gebhard, Clyde Green, R. McLemore, S. Norris, H. N. Reeves, J. E. Clay, H. H. Liles, Twitty; Cash Walker, E. N. Hammer, Weaver Barnett, A. J. Richardson, Briscoe; A. B. Pike, Lela; Zack Miller, Sweetwater.

Drouth Freight Rate For Stock Extended

Tarter Announces Lower Charge Deadline Now Is March 31

"Notice has been received from the national drouth committee that drouth relief rates were extended on livestock to and from grass or feed until March 31, 1937," Jake Tarter, county agent, announced this week.

"This means that stockmen can ship stock to grass or feed on the drouth rate any time before that date," Tarter says, "and not later than that date they may ship from the location of grass or feed on the market on the same rate."

"Drouth rates on feed, which shipments originate within the state is also extended to March 31, 1937, but drouth rates on feed, which shipments originate out of the state, being shipped to some point in the state or county, expire December 31, 1936. So those wanting feed shipped from out of state should time their shipments so that the shipments will arrive at their destination not later than December 31, but those wanting feed shipped into the county, which shipments originate within the state of Texas, can be timed so as to receive the shipments of feed not later than March 31, 1936."

This Boy May Be The Champion Boll-Puller

Robert Lee Merrifield, 5 years old, celebrated Thanksgiving day by establishing his claim to championship boll pulling honors in his age class by grabbing 147 pounds of bolls, which his grandmother, Mrs. C. L. Campbell maintains is some sort of a record.

Then next day, so Mrs. Campbell says, for fear his Thanksgiving day performance was not good enough, the young man weighed up 193 pounds.

Robert Lee lives with his grandparents, Mr. and Mrs. C. L. Campbell, at their farm four and a half miles northwest of Wheeler.

Rural Aid Cash Received

Seventy-five percent of the first half rural aid school money was received early this week, B. T. Rucker, county school superintendent, reports. Rucker said vouchers were written immediately, giving each rural aid district its entitled amount.

Mrs. J. A. Lott has been quite ill this week but is reported improved.

RECKLESS DRIVING

The following taken from the Saratoga (N. Y.) Saratogian handles the subject of reckless driving without gloves, and is reprinted here for the good it might do:

Americans read with horror the lurid stories from Spain of a conflict taking an average of perhaps 1,000 lives a day.

Horrible! Yet in the last seven months 18,560 Americans have also been killed, violently, their blood crimsoning the pavements, their mutilation and agonies no less sickening and sharp.

They are just as dead as their Spanish brothers, without even such satisfaction as there may be in dying for a cause.

They are the traffic victims. If their toll increases during the latter part of the year, as it usually does, then the casualty list will be higher this year than ever before. Last year 37,000 died, probably a greater cost in life than the Spanish revolt to date.

This in spite of widespread safety drives and a mass of publicity for highway safety that has not been equaled in many years.

Get what solace you can from the thought that this increase probably is due primarily to more cars on the roads. Gasoline consumption was up 10 per cent in May as compared to a year ago, and traffic is probably up in proportion. Your own observation of tourists and traffic in town will verify this.

Statistical sharks figure that the details per 10,000,000 gallons of gasoline used have actually lessened somewhat, which is hopeful. But the fact that certain states have made marked reductions in their traffic toll augurs badly for the others.

New Hampshire, for instance, reports a 31 per cent reduction. That means that somebody else is falling down on the job.

Tentative figures do tend to show that states which have rigid drivers' license laws have been leaders in reducing their auto toll, since those laws make it easier to get obviously dangerous drivers off the streets.

But, in the long run, the law won't settle the problem. It can't. Nobody can make a genuine dent in the slaughter of the innocents except you, and you, and you. The man behind the wheel is the one who holds in his hands life and death, not only for himself, but for others.

MISTAKE OF CENTRALIZERS

No one seems to be able to analyze political and economic problems quite so realistically as Glen Frank, in the opinion of The Times, and his editor-

"He who imagines he has knowledge enough has none at all"

DECEMBER
10—First United States labor strike, New York sailors, 1803.

11—James II flees from the English throne, 1688

12—Arthur Brisbane, noted editor and columnist, born, 1864

13—Caxton produces the first printed job in England, 1476

14—Alabama is the 22nd State to be admitted to the Union, 1819

15—Sioux Chief Sitting Bull killed in a skirmish, 1890

16—That world-famed Boston Tea Party is held, 1773

ial in Sunday's Wichita Falls Times is passed on to our readers:

Somebody should rethink the problem of bigness which Mr. Justice Brandeis dealt with so incisively two decades ago.

The stage setting of the problem has changed radically since then. It needs rethinking in terms of this new stage setting.

The problem must now be attacked on two fronts, viz:

1. On the economic front where the concentration of economic power is a major issue of this generation.

2. On the political front where the centralization of political power is a major issue of this generation.

It may well be that much of the impetus to the centralization of political power has been created by the problems raised as a result of a sweeping concentration of economic power, but when the whole problem has been rethought I suspect that we shall find that it is the same problem on both fronts.

Whether it is concentrated economic power, functioning through a tightly organized and wide sweeping chain enterprise, or centralized political power, attempting to run a nation from the center, there is one fundamental mistake that will in time pull both the economic house and the political house down about our ears.

That mistake is this: Centralization of power, whether economic or political, operates on a double principle of adventurous leadership and abjectly conforming followership.

The thinking is done at the center. The men on the outskirts take orders.

A centralized system breaks down when its supply of adventurous and creative leaders fails, and that supply is bound to fail when the system is not designed to breed leaders from the ranks. An economic system that is too concentrated will never breed great leaders from the ranks, and a planned economy will never breed statesmen. Each can run for a while on the genius and disciplined capacities of leaders born out of the wider liberty of action a freer regime has provided.

OVER-CONFIDENCE

If a 1925 model car and a recent model were to start out on a drive, which would you think most likely to become involved in an accident? Probably you will answer, "The old car, with out-moded brakes, relatively inefficient steering and general inferiority."

You're wrong. According to the National Safety Council, 24.79 per cent of the cars now in service were built from 1925 to 1928, inclusive, and they are involved in less than 12 per cent of all accidents reported. Only 15 per cent of the cars in service were built in 1935—yet these cars figured in almost 24 per cent of all accidents.

This apparent anomaly has an obvious explanation. Drivers of new cars are over-confident. They overrate the safety factor of better brakes, bodies, steering, lights, etc. Because a car is in A-1 mechanical shape, and is more or less new, they take chances—until the tragic day of reckoning arrives.

This is not a boost for old cars—many of which should be barred from the highways, because of mechanical dangers caused by obsolescence and neglect—but it is a plea for a different attitude on the part of owners of our modern gasoline chariots. It is a sad commentary on these drivers that better cars mean a higher accident record.

Regard your car, new or old, as a potentially lethal machine. It can spread death and destruction when mismanaged. Don't commit the great driving sin of over-confidence—its end is likely to be the cemetery.

"The man who agrees with everything that you say, lies to other people also," warns Ed Bishop in The Dalhart Texan.

BIRTH CERTIFICATE IMPORTANT RECORD

State Vital Statistics Registrar Points Out Importance of Having Births Recorded

AUSTIN.—"The registration of a person's birth forms a legal record that is frequently the most important document in that individual's life," said Dr. W. A. Davis, state registrar, bureau of vital statistics.

"With the passing of the laws relative to old age assistance and unemployment insurance, many citizens will be called upon to produce their birth certificate to prove identity and eligibility for pensions," he said, "and many difficulties are being encountered because of the death of relatives and friends who were in attendance at the birth. The state board of health has provided for the registration of unregistered births, giving the information necessary under these new laws. Blank forms are furnished by the bureau of vital statistics, state department of health, Austin.

"The parents of the child born more than 60 years ago did not have the same opportunity to protect their child's rights by having the birth recorded, as the parents of a baby born in this Centennial year in Texas.

"Each parent in Texas should be able to say that his child's birth has been recorded in the state bureau of vital statistics. A properly prepared and filed birth certificate is sure to be necessary to your child at some time in his life and may be the means of avoiding many legal difficulties in later life. It is your duty to see that he has this protection.

"The State law provides that where a physician, midwife, or other person was in attendance upon a birth, it shall be the duty of such person to file a certificate of birth in accordance with the laws herein. The law states further that where the above stated persons were not present, it becomes the duty of the parents or others aware of the birth, to make known such facts to the local registrar within 5 days.

"A properly recorded birth certificate is the legal record establishing the fact that you are a citizen of the United States and entitled to protection of your rights under the laws of this country."

Mr. and Mrs. Ernest Dyer spent the week-end with Mr. and Mrs. W. W. Jenkins at Quitaque.

Drs. J. V. London and John L. Witt from White Deer and Groom were visitors in the home of J. F. Witt.

Our Exchanges

Items of interest culled from newspapers on The Times' exchange list.

Millions of people have enjoyed turkey during the past week. But those who produced these turkeys have suffered a great financial loss. Turkeys have seldom been so cheap as this year. Very few producers realized more than their feed bill, with nothing for their hard work during the summer and fall. This is one of the problems of this government which remains unsettled. Why should turkeys be the cheapest meat on the market? Why do some commodities hit the cellar while like commodities on the market sell at a high price? There is something radically wrong with the marketing system of this nation.—Canyon News.

People are judged by their homes, and right now is a good time to invest about a dime in postal cards and send for some nursery and seed catalogs and plan for home beautification next spring. Part of the joy in beautiful home grounds is in the planning, and it is certain that the best results cannot be obtained without intelligent planning. — McLean News.

If the football season were cut shorter, basketball—every bit as thrilling, much faster and better physical training than football—would come to the front in the Panhandle. Large gymnasiums would replace cracker boxes. The sport would pay its own way. A movement was started last year to end the grid season on Thanksgiving. Three of the four Class B districts in the Panhandle favored it, but one district voted it down. There should be some way to bring that group into line, and give basketball its greatest boost in this region.—Hereford Brand.

Effective Tuesday, December 1, The Clarendon News returns to its former ownership and management, by a re-conveyance of the property by Fred L. Williams to Sam M. Braswell. Mr. Williams has conducted the News since July 15, 1935, and for the past year Mr. Braswell has been operating the Paducah Post at Paducah.

The Braswells will move back to Clarendon shortly and he will assume personal direction of The News.—Clarendon News.

A man may break the laws of the state and never be found out, but when he breaks the laws of nature he always pays.—Lefors News.

New Process Provides High Speed Gasoline

Alkylation Developed by Phillips Will Furnish 100 Octane Aviation Fuel

A sufficient supply of 100 octane gasoline for United States aviation needs was shown yesterday to be a certainty. In a paper presented to the California Natural Gasoline association in Los Angeles, Fred E. Frey, chief chemist of Phillips Petroleum company research staff, described the new alkylation process which is a further development of the polymerization process announced by this company last year. This process offers economic commercial production possibilities of 100 octane gasoline on a scale not yet practiced with the more complicated processes now necessary to make this super-speed gasoline. This gasoline will be known commercially as Neo-Hexane, the laboratory nickname for 2, 2-Dimethyl Butane, its principal constituent.

Not only will this gasoline be useful in this very special field but the addition of Neo-Hexane to present day gasoline will give a motor fuel which will have more power and will accelerate more rapidly than present gasolines.

Conservation of the crude petroleum supply was indicated by Frey's statement that Neo-Hexane is made from the lighter gases which are wasted in the present methods of making gasoline.

Using 100 octane gasoline, Howard Hughes set the transcontinental speed record of nine hours, 27 minutes, 10 seconds for the world's land plane speed record of 352,388 miles per hour. The assurance of an adequate and economical supply of this fuel is an important step in the maintenance of the air superiority of the United States.

Mobeetic Happenings

(Times Correspondent)

Mable Pine of Amarillo is visiting Miss Leta Arnold this week.

Mrs. G. W. Shahan and Mrs. Clarence Lee visited Mrs. Honeycutt at Magic City Monday.

Mr. and Mrs. A. H. Burks and Mr. and Mrs. Douglas Baird and daughter visited Mr. and Mrs. Alvis Burks and children at Gem City Sunday.

Bill Dart of Shattuck, Okla., is visiting his brother, Ed Dart, and family.

Mmes. Terey Hardin and John Collins went to Pampa on business Tuesday.

Mrs. Clarence Lee and daughter, Miss Ocie Lee, visited Miss Arlie Lee of Wheeler Tuesday.

The Blue Bonnet Study club met with Mrs. Warren Trout Wednesday at three o'clock. Mrs. N. M. Hunt was leader. Mrs. J. M. Brannon, Mrs. H. L. Flanagan and Mrs. O. N. Elliott were on the program. Refreshments were served to Mmes. J. M. Brannon, J. E. Collins, John Dunn, O. N. Elliott, H. L. Flanagan, Jim Hathaway, N. M. Hunt, E. E. Johnston, Frenchy Bristo, G. L. Key and L. W. Trout.

J. T. Johnston of Amarillo spent Saturday with his parents, Mr. and Mrs. E. E. Johnston. Mrs. Johnston and daughter, Miss Claudie went home with him Sunday, returning Monday.

Mr. and Mrs. N. M. Hunt and daughter, Maurine, spent Sunday with his parents, Mr. and Mrs. Hunt at Canyon.

E. E. Johnston was called Tuesday to the bedside of his mother, who is very ill, at Madill, Okla.

Miss Parilee Clay spent Tuesday night with Mrs. E. E. Johnston.

Mrs. Britt Lee spent Wednesday with her daughter, Mrs. N. M. Hunt.

LEGAL NOTICE

No. 585

ESTATE OF MINNIE ARNOLD, DECEASED
IN THE COUNTY COURT OF WHEELER COUNTY, TEXAS.

NOTICE is hereby given that I, D. A. Hunt, Administrator of the estate of Minnie Arnold, Deceased, will on the 5th day of January 1937, being the first Tuesday, of said month, at Wheeler in the County of Wheeler,

State of Texas, sell at public auction to the highest bidder for cash the following tract of land belonging to said estate, to-wit:

The Northwest quarter of the Southwest quarter (NW 1-4 of the SW 1-4) of section No. 10, Block A-4 of the H&GN RR Co. surveys, in Wheeler County, Texas.

Witness my hand this 1st day of December 1936.

D. A. HUNT,
Administrator of the estate of Minnie Arnold, deceased.

(Published Dec. 3-10, 1936.)

ADVERTISEMENT (Legal) NOTICE TO BIDDERS

Sealed proposals, addressed to H. E. Nicholson of Wheeler, Texas, for the construction of a school building for Wheeler Independent School District, hereinafter called "Owner," in accordance with plans, specifications and contract documents, prepared by and may be obtained from W. R. Kaufman, Architect, will be received at the office of H. E. Nicholson, Wheeler, Texas, until 2:00 P. M. December 18, 1936, and then publicly opened and read aloud. Any bid received after the closing time will be returned unopened. The Owner expects to have available not to exceed \$13,000.00 for this contract.

A Cashier's check, certified check or acceptable bidder's bond, payable to the Owner, in an amount not less than five per cent (5%) of the largest possible total for the bid submitted, including consideration of the additive alternates, must accompany each bid as a guarantee that, if awarded the contract, the bidder will promptly enter into a contract and execute a bond in substantially the form provided in the specifications and contract documents.

A Performance Bond, executed in substantially the form provided in the contract documents in an amount of not less than one hundred per cent (100%) of the contract price, conditioned upon the faithful performance of the contract and the payment of all persons supplying labor or furnishing materials, will be required.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rates of wages which have been established by the Owner as the following:

SKILLED WORKMEN OR MECHANICS WHOSE MINIMUM RATE SHALL BE \$8.00 per Diem—\$1.00 per Hour.

Bricklayer—Building	General Foreman
Carpenter—Finish	Lather—Metal
Cement Finisher—Building Works	Painter—Paperhanger
Curb and Gutter	Plasterer
Electrician	Plumber
Foreman—Trade	Roofer—Composition
Form Setter—Buildings	Sheet Metal Worker
Gas Fitters	Steam and/or Pipe Fitter

SEMI-SKILLED WORKERS (Rates per hour)

Apprentices (all trades)—First year	4.00	50
Second year	4.80	60
Third year	5.60	70
Carpenter's Assistant	4.80	60
Cement Handlers, Bulk	4.80	60
Electrician's Helper	4.80	60
Gas Fitter's Helper	4.80	60
Labor Foreman	4.80	60
Mortar Mixer—Brick and Plaster	4.80	60
Window Cleaner	3.20	40
Serving Laborer		

Laborer who delivers material to a mechanic as the last operation prior to installation or assist the mechanics without using tools on Union Projects 4.00 50

UNSKILLED LABORERS

Common Laborer 2.80 35

All extra work—overtime—work on Sundays or Legal Holidays shall be paid for at the regular governing rates.

If the contractor organizes his work on a lesser number of hours per day the equivalent per diem rates shall be computed proportionately based on the above hourly rate. Overtime and legal holiday work shall be paid for at the rates set out above.

In case of ambiguity or lack of clearness in stating prices in the proposal, the Owner reserves the right to adopt the most advantageous construction thereof, or to reject the proposal.

All work bid upon in response to this advertisement must be completed within 150 calendar days after the date for commencing work as stated in the Work Order.

The award of the contract shall be subject to funds being made available. When funds are not available at the time of the bid opening, the Owner shall have the right to hold the bids for a period of sixty (60) days from the date of the bid opening. When the Owner has funds available at the time of the bid opening, no bid may be withdrawn within thirty (30) days from the date of the bid opening.

The Owner reserves the right to reject any or all bids and to waive any or all formalities except the Owner cannot accept a proposal after the closing hour. The work on which bids are invited is a Public Works Administration project.

Plans and specifications may be examined without charge in the office of the Architect, and may be procured from W. R. Kaufman, Pampa, Texas, Architect, upon a deposit of \$15.00 as a guarantee of the safe return of the plans and specifications, the full amount of which will be returned upon the return of the plans and specifications within ten (10) days after receipt of bids.

Signed (H. E. Nicholson)
Wheeler Independent School District.

Past, Future History Reviewed by Merritt

Church of Christ Pastor Points Out Bible's Historical Value

"The portraiture of epical events of history, both past and future, is the Bible," declares C. C. Merritt, pastor of the Church of Christ. "How fascinating is the study of the Bible. It is not the art of man, for man cannot correctly portray the future. A large portion of past history as given in the Bible was written when it was still in the future. And now as we look upon the pages of history as man has recorded it, we can see how well God knows His own program. For, indeed, God has a program for the ages. It is this program that God reveals in the Bible. And it is this same 'printed program' that He has been following all along. As we have seen how well God knew and how equally well He has followed that program up to this time, we may be fully assured that He will not, at this late hour, abandon it.

"Reverently handling the Biblical telescope," Merritt continued, "we may turn it to the past or to the future and learn all the essential features of history needed to fill us with awe and confidence that the future holds its best for the best.

"The Biblical range of hills and valleys in the Divine landscape, when this telescope is turned towards the future, is both gladdening, saddening and humbling," Merritt declared.

"Gladdening! because the believer anticipates the final triumph of God over all the forebodings the overhanging and rapidly gathering and deepening clouds hold for the entire world.

"Saddening! because the patient student of the Bible, 'dependent upon the Holy Spirit's tuition,' discovers that, ere the final goal is reached and the joyous songs of victory are heard, this God-rejecting, sinful world will have to pass through various cataclysmic judgments. The fires of God's purifying furnace must burn out the dross before a peaceful, joyous and contented state may be reached.

"Humbling! for no one may study God's Divine Program for the time that lies before us without realizing something of the dark abyssal depth of human sin. Paralleling this may be seen the majesty and splendor of the eternal son of God. There will be seen the inconceivable magnitude and depth of hostility and hatred for His anointed. But, even so, there will shine out in greater glory the love of Him who prayed, 'Forgive them, for they know not what they do.'

Pastor Merritt invites you to the "Church With the Open Bible," and states he hopes he and his people be of some assistance to you in the study of that Book God opened for us.

Accident Reduction Safety Crusade Goal

Goodrich Company Sponsors National Campaign to Reduce Motor Accidents

Those whose work it is to make America a nation of careful automobile drivers are evidently determined that the 1936 total of traffic fatalities on the highways and streets must be substantially reduced, is the belief of H. J. Garrison, Goodrich tire dealer in Wheeler.

"As a result, safety is being dinned into the ears and eyes of motorists as never before; on the radio, in magazines, newspapers and pamphlets observance of traffic rules, common-sense driving, consideration of 'the other fellow' are among the chief topics of the day," Garrison said.

"In connection with this concerted nation-wide drive, it is of more than just passing interest to note that the B. F. Goodrich company of Akron, Ohio, is continuing, in a very emphatic manner, the safety activities which it pioneered over a quarter of a century ago.

"It will be remembered by many that Goodrich started America's original 'Safety First' campaign back in 1913 while the automobile was still in its infancy. This movement called for the erection of signs along roads, such as they were in those days, to warn motorists of dangerous curves, intersections and other death traps.

"Nearly every year since this time has seen some new Goodrich effort in the interests of motoring sanity, some improvement in tire and tube construction, developed by this company to bring greater comfort, safety and mileage to the automobilist.

"Notable among these developments is the Life-Saver Golden Ply, a special layer of balanced, full-floating cords scientifically treated to resist internal tire heat. This ply is built into all new Goodrich Safety Silvertown tires to combat the danger of high-speed blowouts.

"During the coming year it is understood that Goodrich will strive to secure a million more members for its Silvertown Safety League. Motorists joining this organization, which already numbers nearly two million members pledged to safe driving, can secure through any Goodrich dealer a handy tail-light emblem free of charge. In addition to being a mark of distinction this handy emblem has a red crystal reflector which serves as a protection against rear-end smash-ups when the regular tail-light fails.

"The success of the present crusade by government, civic organizations and industrial agencies to reduce automobile accidents, depends, to a great degree, on the whole-hearted cooperation of every motorist in America. As safety experts point out, 'A safe driver is a life-saver,' Garrison said.

Local News Items

Mrs. Tom Montgomery from Twitty is a patient in the Wheeler hospital.

Mrs. R. L. McClain visited her daughter, Mrs. Lester Robertson, Sunday.

A. M. Holmes of Shamrock was in Wheeler attending to business Tuesday.

Miss Fay Thomas of the Dixon community visited with Miss Lela Mae Gaines Saturday afternoon.

Mr. and Mrs. Jack Stafford of Shamrock visited in the E. D. Guy-nes home Tuesday.

Terrell Gunter, Tom Tinsley and Mr. and Mrs. Bill Perrin went to Shamrock to attend lodge.

George Faulks of Briscoe is building a new four room concrete house in the Gageby neighborhood.

Movie Chatter

By a Rogue

The Texas Rangers

"The Texas Rangers" is the name of the picture that will be on at the Rogue Friday and Saturday, December 11 and 12. And please do not be misled into thinking that this is just another western. It is the epic story of Texas. It is the official Texas Centennial picture. It is the "Cimarron" of Texas. It is a picture that no red-blooded Texan will want to miss. It is the story of the organization of the Texas rangers and how they brought law and order to a frontier state. It traces their history from the beginning up to the present time. It had its official world premier showing at Dallas during the Centennial at \$1.50 admission and now it comes to your local Rogue Theatre at regular prices. The show opens at 6:45 P. M. Friday and Saturday.

Girl of the Ozarks

All agree that Shirley Temple is tops. Then there are those who say Jane Withers cannot be beaten. But the Rogue says you should not come to any conclusion that these two popular child stars are the only ones that can act. See Virginia Weidler in "Girl of the Ozarks" Monday and Tuesday and see if you, too, do not place her in the top rank with Shirley and Jane. It may be that you have seen her in some of the Gene Stratton-Porter stories, and if that be the case you need no persuasion.

Girl From Mandalay

Of course everyone expects this corner to say that each and every picture that comes to the Rogue is good, great, colossal, special, or wonderful. But here is one time that we are going to fool you. We are showing "Girl from Mandalay" next Wednesday and Thursday, watchnite, and if you know any more about this picture than we do you still do not have anything to brag about, because we know the cast includes Conrad Nagel and Kay Linaker. And outside of that we know nothing. We have not even the remotest idea of what the story is all about. We do not know whether it is comedy, drama, western, musical, or what have you. We missed out on all the reviews, but we liked the title and booked it. So we trust you will like the title also and come out and see if you like the story. Its showing Wednesday and Thursday, December 16-17.

Poetry? "And How!"

Have you noticed the senior English class scratching their heads for an inspiration to write eight lines of poetry? Well, if you have not, then here is the evidence that they did:

FRIENDSHIP

(By Dorothy Reaves)

Some are friends when you've money,
Others are friends when you're gay,
You may have friends when you've won fame,
Because they want to play your game.
Some are friends just to borrow,
They never return, and then you're sorry,
But the friendship that counts is the one that amounts,
To more than a wee bit of money.

OUR SCHOOL

(By Margaret McCarroll)

Our school this year is a success
Do you know why—Aw,—Can't you guess?
We have teachers from all over the state,
We students think them about first rate.
They have just what it takes
To make Briscoe a lively place.
Now if all of this you don't believe,
Not one bit will we get peeved.

GEOMETRY BOOK

(By Fay Hammer)

Geometry is a brutal thing
It's kin to Greek and Latin.
Its name seems to say
Plane and easy, but
Its pages are not lined with satin.

Geometry is a stupid thing
Its forms are wild and wicked.
Its sullen, disobedient angles
Seem to be above my comprehension.

Letters To Santa Claus

Dear Santa Claus:
I've been an unusually good little boy this year. Would you please bring me a little red wagon, a toy horn, some candy and nuts?
Lots of love to you,
ALVIN HEFLEY.

Hello, Santa Claus:
Dad says I've been better this year than ever before in my whole life. I will leave some hot coffee on the fire place for you when you come. My stocking will be there close too. I want a big doll with real hair, sleepy eyes, and one that will say "mama, mama." I would, also, like a buggy to put her in.
Yours affectionately,
MARGIE VAUGHN

Dearest Santa Claus:
I have grown up to be a young man, and naturally, I do not think of "kiddish" things any more. I want you to bring me something really important this Christmas. Can you guess what it is? — Well, it's a dear sweet loving wife. That is all I ask of you, dear Santa Claus.
Yours sincerely,
DOC W.

Howdy, Santa Claus:
I am a little girl, 16 years old. Mother says I've been real sweet this year. I want you to bring me a teddy bear, a set of little dishes, and a big mamma doll, please.
One who loves you,
DOROTHY REAVES

P. S. I've changed my mind, I want a diamond ring.

Schoolmates

Mr. McNeil thinks he is cutting a tooth.
Georgia Cain has gone to California.
Mr. Scott is being called "pa" by

the high school kids because of the role he played Saturday night in the play, "The Red-Headed Stepchild."

"The Red Headed Stepchild," coached by Mrs. W. V. Swinburn, was presented by the P. T. A. Saturday night. The Wheeler Band played before the play and between acts. The amount of money received from admissions was \$27.50.

Briscoe Agricultural Association Meets

Citizens of this community met Thursday night December 3 and organized for mutual benefit.

The following officers were elected: Lee Barry, chairman; Jack Vice, vice-president; B. F. Meadows, secretary-treasurer.

A program committee was named, composed of: Clarence Zyback, T. A. Treadwell, N. M. Tipps, including president and secretary-treasurer of women's home demonstration club, who are Mrs. Clarence Zyback and Mrs. Bob Ramsey, respectively.

The organization is to sponsor a community exchange, under the direction of Weaver Barnett.

Anyone in the community wanting to buy or sell, list your desires with Barnett, giving detail description, including price asked or offered.

There is no fee or commission for this service and its supporters feel that the community can derive much benefit from it.

The first Thursday night in each month is the regular meeting time. It is hoped to offer a program well worth your time, and with the cooperation of the community members we feel that each program will improve.

Lorene Treadwell entertained the young folks of this community with a party Monday night, December 7. Games and music were enjoyed by all. A large crowd attended and left at a late hour reporting a good time.

Sports

The senior Broncho boys and junior boys played the Shamrock Irishmen Friday night. A hard battle was fought and with the assistance of the Pep Squad girls the battle was won for the senior boys with a score of 12-28. The junior boys lost by a small margin of 13-18.

The Bronchos are looking forward to their games this week. The senior boys and girls are playing the Canadian teams Tuesday night at the Briscoe gym. Briscoe will go to Canadian for return games Wednesday night.

Saturday night the Allison senior boys and girls will be guests of the Bronchos.

Personals

Geraldine Wadsworth and Barbara Gene West were guests in the home of Alma Waters Sunday.

Mr. and Mrs. Leonard Fulks spent Saturday night and Sunday in the home of Mrs. Fulks' parents, Mr. and Mrs. M. H. Vaughn.

Vada Vaughn, Gertrude Hudson and Lorene Treadwell made a business trip to Mobeetie last Wednesday.

Gene Evans and Mrs. W. D. Douthy motored to Sweetwater Sunday.

T. A. Treadwell and L. J. Hudson went to Wellington Sunday on business.

Gertrude Hudson spent Saturday night in the home of Lorene Treadwell.

Jimmie Orrick and J. D. Clay of Shamrock were visitors here Sunday morning.

Virgil Stewart of Elk City, was transacting business here Wednesday.

Garrison Wallace of Shamrock attended church here Sunday night.

The deputy school superintendent was a visitor in our school Tuesday. He was well pleased and thinks we have a grand school.

Thurman Rives and George Henderson, jr., were visitors of Oscar Johnson Saturday night.

Mr. and Mrs. George Henderson, Mr. and Mrs. George Gandy, and Mr. and Mrs. E. Brown were visitors in the home of Mr. and Mrs. C. C. Brown Saturday night.

Pleasant Hill

(Norma Webb)

Paul Shumate of Amarillo came Friday night to spend the week end with his parents, Mr. and Mrs. J. L. Shumate.

Mr. and Mrs. Weldon Weatherly and Mrs. Roy Weatherly were Wheeler visitors Tuesday afternoon.

C. C. Simmons and Floyd Napier of Seymour, Mo., were Monday night guests of the former's sister and brother-in-law, Mr. and Mrs. M. W. Jones of Kelton.

Mrs. Clara Bradstreet, Mrs. J. L. Shumate and Miss Opal Shumate were Sunday afternoon guests in the W. F. Webb home.

Mr. and Mrs. Claude Cox and family and D. L. Kutch were Sunday visitors in the Kelly home.

Miss Janey Belle Turner spent Tuesday night with Mr. and Mrs. G. W. Simmons.

Mr. and Mrs. Clarence Anglin and children visited Mr. and Mrs. Louis Shumate Sunday.

D. L. Kutch of Glendale, Cal., who for a few weeks has been a guest of his daughter, Mrs. Claude Cox, returned to Wellington Tuesday morning.

Mrs. Loyd Davidson was a guest in the T. M. Bradstreet and Claude Cox homes Friday afternoon.

Rev. G. W. Simmons will preach at Meridian, Okla., Sunday December 13.

The Burley Manns were Sunday guests of the Roy Weatherly family.

Mr. and Mrs. Dick Clark and baby were guests of his parents and fam-

ily, Mr. and Mrs. M. L. Clark, last week-end.

G. W. Simmons and Lee Green spent Wednesday in the F. M. Turner home.

Walter Anglin left for California last Wednesday morning.

G. W. Mason was a caller at the W. F. Webb home Monday afternoon.

Mrs. Bill Thomas visited Mrs. Ed Mason Tuesday afternoon. Mrs. Ma-

Gifts That Click

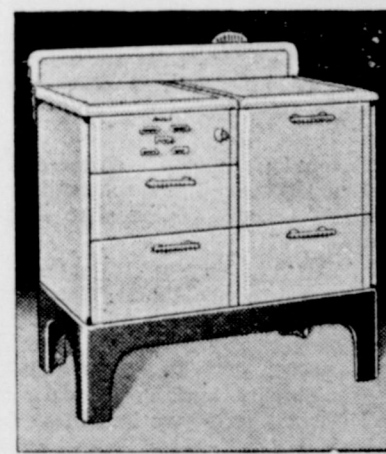

On and Off, Long After Christmas

They're just the thing the modern home-maker wants from Santa — electric gifts that save time, that are both beautiful and serviceable. They will give years of service, yet are priced considerably low.

Christmas Suggestion . . .

A new gas heater will shed its warm glow in your home throughout the winters to come, and will prolong Christmas cheer through the coming years.

And Mother would appreciate nothing more than a nice, shiny, new, modern gas range.

Mobeetie High School Paper

Mobeetie Developing Good Theme Writers

Adrian Love Produces Excellent Informal Essay In Class Without Preparation

Mobeetie high school has developed a number of students in the art of theme writing. The following theme was written by Adrian Love in English III. It is an informal theme and with the outline was written in class in one period. No preparation of any kind was made beforehand, after a study was made on outlines and how to follow them. It is one of the many simple, informal themes that are considered good from the standpoint of organization. Also both long and short formal themes of high quality have been handed in:

When My Mother Leaves Home (By Adrian Love)

I am always glad when my mother decides to take a vacation for a week or two. It is not because I do not love or want her to be at home, but because I want her to have a good time and at the same time have a vacation myself. I help her get ready to go and do whatever she says for me to do.

All the time that she is getting ready to go she is giving me instructions on how to take care of the place. I am not supposed to forget to gather up the eggs every night, strain the milk in a certain place, water the chickens every morning and feed the hogs. I listen carefully to these instructions saying "Yes ma'am" or "No ma'am" about every three minutes. But when she leaves I am afraid I forget everything she has said.

As daddy is gone almost every night I get to go when I please. I wait until he is gone and then I get ready and go, too. I stay out as long as any of the boys will stay out with me. Then I go home and go to bed. I get up when I wake up the next morning, which may be sunup or 10 o'clock.

About two days before mother is to return dad and I begin to clean up the house. We wash the dishes which have not been washed since she left. We make up the beds and sweep the floors and some times we even mop the floors. When she returns everything is spic and span and we are glad to see her again. I am especially glad to see her, because dad's cooking is rather hard to digest.

COLLEGE STUDENTS COME HOME FOR THANKGIVING

A number of students who are in college came home for the Thanksgiving holidays.

Robinette Ridgway, Cleval Laman and John Sims, from Canyon, were among the early arrivals. Elizabeth Green, who is in Texas Tech at Lubbock, was also among the college group visiting home folks in Mobeetie.

School To Close For Christmas Holidays

School will be dismissed on Friday the eighteenth for the Christmas holidays and will not be opened again until Monday the twenty-eighth.

Mobeetie Teachers At Ft. Worth Meeting

Mobeetie School was represented at the State Teachers convention at Fort Worth by eight teachers who spent their Thanksgiving vacation there.

This number makes up about 57 per cent of the teaching staff, so Mobeetie feels that the school was well represented.

The teachers who attended the convention were the following: Mr. and Mrs. M. D. Blankinship, Mr. and Mrs. J. M. Knowles, Garland Martin, W. D. Hawkins, Lula Mae Cook and Esther Morrison.

Roy Lee Winner Ping Pong Tourney

Roy Lee won first place in the ping pong tournament that ended Friday, December 4. Zelma Elliott placed second; Chester Green, third, and Elbert Lee Blackwood won consolation.

This is the second tournament held during the recreation periods. The first tournament was won by A. B. Crump. A double tournament is to be held in the near future.

Ping pong is proving a very popular game, especially during the bad weather when students are unable to play outdoor games.

Pupils Get Chance To Study Armadillo

Very much excitement and interest was created last week at the grade school when Dwayne Williams and Hoyt Dunn brought an armadillo to school.

The fathers of the boys had been deer hunting near Mason, and had brought the armadillo back.

The animal was used to quite an advantage in nature study throughout all the grades and for English and history from the fourth to the seventh grades.

How The Teachers Spent The Holidays

The teachers who did not go to the convention spent Thanksgiving in a number of different places.

Miss Simpson visited her parents in Plainview, Miss Wilson in Quanah, and Mr. Meek in Briscoe. Mrs. Green and Mr. and Mrs. Neece, however, entertained visitors at their homes in Mobeetie.

Former Student And Conlen Girl Are Wed

Linden Sims Chooses Former All-State Basketballer as Bride

Linden Sims, a graduate of Mobeetie high school, was married to Miss Amelia Ann Green Sunday, November 15, at Amarillo.

Linden is the son of Mr. and Mrs. O. E. Sims, who are in business in Mobeetie. Since finishing high school he has been employed in various occupations. He is now associated with his father in business in Mobeetie.

Mrs. Sims is the daughter of Mr. and Mrs. Herbert Green of Dallam county. She is well known throughout the state, as a guard on the famous state-championship basketball team of 1934. She was chosen all-state guard at the state tournament in Celeste when the Conlen Lassies went to victory there. She is now attending college at Canyon.

The school joins the community in wishing them success and happiness.

Home Economics Class Shows Dresses

Have you seen the dresses in Hathaway's window? If you haven't, look at them. Whether your favorite color is blue, brown, rust, green or purple, you will see a dress of this color to admire. If you demand plaids, you'll have no trouble finding your special mixture.

The dresses were made by the girls taking second year home economics. The first year clothing class expects to be ready to exhibit their school dresses by January 10.

Thanks to Mr. Hathaway for allowing us to exhibit our dresses in his window.

HOME ECONOMICS CLUB

The Home Economics club girls met Thursday, December 3. The regular meeting day is the first Monday, but since December 3 was Ellen H. Richards' birthday, the club met on that day.

The entire program was devoted to study of the life of Ellen H. Richards, who was a founder and the first president of the American Home Economics association. Mrs. Richards, more than any other person, contributed to the upbuilding of that organization where boys and girls are trained for useful citizenship—in the home.

The program was as follows: Early Life of Ellen H. Richards, Pauline Oswalt; Contributions to Home Economics, Ruth Haning; Poem, Ida Lou Ward.

Members drew names for the Christmas tree which they expect to have Friday afternoon, December 18.

RHYTHM BAND ENTERTAINS HIGH SCHOOL WEDNESDAY

The rhythm band from the grade school entertained the high school last Wednesday with a splendid little program which everyone enjoyed very much. We expect to see all of these little folks great musicians some day. We hope that the rhythm band will come and play for us again in the future.

Trophies Bought For Basketball Tourney To Be Held Jan. 9

Advance Ticket Sale Arranged; Home Ec Department To Serve Refreshments

Six trophies were selected this year to be awarded in the annual basketball tournament, and orders have been placed for the prizes, which will be of sunburnt gold instead of the bronze which was used last year.

First, second and third place awards will be given both boys' and girls' winners. Cost of trophies is about \$55. Shipment is due to arrive shortly after Christmas, and will be on display in a Mobeetie store.

The tournament will be held January 9 and we urge everyone to be thinking about it. Session tickets will be on sale in advance.

The home economics department is planning to serve during the tournament as they have heretofore.

We are expecting about 30 teams and also the strongest competition ever before, both girls and boys.

Expert officials are to be hired to referee the games.

Miss Sims, Mr. Slagle Marry November 28

Miss Maxine Sims, daughter of Mr. and Mrs. Wiley Sims, who reside in the Union Community, and Mr. Gerald Slagle were quietly united in marriage, November 28, at the home of the Reverend Mr. Burkham, Baptist minister of Mobeetie. Four other couples and Mrs. Burkham attended the wedding.

Mrs. Gerald Slagle, a former student of Mobeetie, was a pep squad leader and an active member of her class in 1935-'36. She also takes an active part in her community organizations.

Mr. and Mrs. Slagle are planning on making their home in Arizona.

The school as well as the surrounding communities wish them a happy and successful life.

Library Organization Under Way

With the arrival of the necessary guide books the reorganization of the library is definitely under way under the leadership of Miss Elsie Simpson. The library is to be catalogued out and out on the Dewey decimal plan.

A number of new novels have been ordered and material has been ordered to repair the worn copies on hand. Plans are to raise additional funds for library books. The high school's half of the carnival money has been used but many more books and magazines are needed.

Thanks to patriotic citizens, several good books have been presented to the library.

THURSDAY, DECEMBER 10, 1936

SAFETY EDUCATION

Are you joining in with the National Safety council? When we stop to think of the lives that are destroyed each year, we are horrified at the number, but what do we do? Nothing. With six per cent of the world's population, the United States has 70 per cent of its automobiles. Only last year we had 820,000 accidents in which we injured almost a million persons, and killed 27,000 of them. When a manufacturer produces a new car which is more powerful and smoother than its predecessor, it is found that the accident rate is treble that of its ancestors. General Motors increased its sale of automobiles 34 per cent over last year, which accounts for the increased death rate this year. Secretary Roper is backing the safety council in a nationwide campaign. Studies were made by several universities showing that about one-tenth of the cars driving at night were doing 60 miles or more an hour. Much is being done about this by both national and state governments, but much remains to be done yet before our streets and highways will be safe for those on foot and those on wheels. Are you going to help? We of the Mobeetie high school are.

THE HONOR ROLL

The honor roll this six weeks consists of the following students, according to the five groups:

Group 1—Blanche Brannon.

Group 2—Zelma Elliott and Melvin Pettit.

Group 3—Mildred Eubanks, Pauline Haynes, Roy Lee, Clyde Pugh and Irvine Scribner.

Group 4—Ima Jean Bailey, Ruth Haning, Darlene Shahan, Wilton Sims, Bob St. John and Myrtle Tru-
sty.

Group 5—Leon Barton, Margaret Benson, A. B. Crump, Lois Farmer, George Gordon, Horace Gordon, Thressa Godwin, J. F. Haning, Aileen Lancaster, Vinita McCain, Pauline Oswald, Edna Sims, Thirls Sims, Warren Thompson and Oliver Turner.

A number of these students were on the honor roll last six weeks and have worked hard in order to make it again.

The fifth grade health class is building a modern hospital. They are also working on care of the teeth.

Nov. 25	Six Weeks Exams.
Nov. 26, 27	Thanksgiving Holidays
Dec. 21 to 26	Christmas Week
Jan. 8 and 9	Basketball Tournament
Jan. 12 to 15	Mid-term Exams.
Feb. 24 and 25	Six Weeks Exams.
April 7 and 8	Six Weeks Exams.
May 16	Baccalaureate
May 17 to 19	Final Exams.
May 20	Commencement
May 21	School Closes

The Fish Pond

Mrs. Blankinship who is our home room teacher was bragging on the freshmen this week. She thought they were working unusually well and wondered why. Then she found out that a lot of them are looking for Santa Claus.

We are proud that four of the freshmen girls and four freshmen boys made the honor roll. Mildred Eubanks, Ima Jean Bailey, and Thressa Godwin, and Margaret Benson are the girls; while the boys are Clyde Pugh, J. F. Haning, Thiri Sims, and Oliver Turner.

The freshmen are climbing higher and higher in the estimation of the school. This six weeks there were only eight that did not pass at least three subjects.

Well the fish pond isn't frozen over yet, even though it is getting well into the winter and the weather is a little frosty sometimes. We are "live wires" and the pond is always in a stir.

Frank Lawrence decided to quit school this week, but Mrs. Blankinship threatened him with a paddle, so he is still in the pond.

Thressa Godwin is swimming again, we are glad to say, after being ill for several days.

I understand that Ila Opal Brewster, Claude Turner, Va Rue Dyson, Chester Green and several other fish are doing some fine work on themes in English I.

The freshman class is well represented in athletic activities. Besides the boys that play football we have a number of girls going out for basketball. Fern Smith, Lillie Mae Shelton, Wilma Sims, and Elizabeth Morgan really played in the big pre-season game with Miami Friday night.

SOPHOMORES

The sophomores are quite proud of the seven boys in our class who help to make up the string of Baby Hornets. One of these boys is captain of these Hornets.

The sophomores were entertained last week at a party given in the home of Ruth Haning. The group reported a very enjoyable evening.

Lois Farmer visited Wheeler high school Nov. 19.

Men of Faculty Play Basketball Wednesday

The men of the Mobeetie high school faculty, with reinforcements from Shamrock, went to Alanreed Wednesday night, Nov. 17, to play basketball with the Alanreed faculty men.

The score was 20-all at the half. However, Alanreed walked off with the long end of a 65 to 50 score at the end of the game.

SENIOR ROSTER

Ten years from now we may see a prominent lawyer walking down the main street of Reno.

Say, who is that young lady by his side? Oh, that's his secretary. All lawyers have secretaries, you know.

And who is this man? He has brown hair and blue eyes. He began his life at Fort Sumner, N. Mex., March 15, 1918. Later he moved to Mobeetie, Texas, and started his school career at Union. For three years he paid Union the honor of attending school. Then Mobeetie school was honored by his attendance and he finished high school there in 1937. He was president of his class during junior and senior years and was captain of the football team during his senior year. He planned to attend the University of Texas the following year.

But wait, yet's take a closer look at this couple. The secretary is carrying a brief case and on it is written: "Bill Bartram, Lawyer."

Who is that fellow we see now in Mobeetie and Wheeler, next in New York, Los Angeles, Detroit and Tampa and then again in Mobeetie? He was born in Mobeetie April 2, 1918, and started moving soon afterwards.

He began school at Mobeetie, remained two years, moved to Pampa for three years, next to Dimmitt for five years and finally wound up back in Mobeetie to finish high school. No wonder he still roams.

He was vice president of the senior class and until his senior year was active player on both the football and basketball teams. During his senior year he was winner of a ping pong tournament.

But why does he always return to Mobeetie? It must be because a certain soda fountain girl lives there.

A. B. Crump still has brown, curly hair, brown eyes and is rather tall. He still plans to attend college in Missouri.

Howdy,
I am
the sa
year. I
bear. a
mammi

Archie, former student of Mobeetie high school, was our visitor on December 2.

Viola Bullard from Pampa, who formerly was a student of Mobeetie, visited here Monday, November 30.

J. T. Ward and Travis Patterson, students who will attend high school the last semester, were visitors on Tuesday, December 1.

Marcie Slaughter was a visitor in Pampa on Thursday, November 26.

Ida Lou Ward spent the Thanksgiving vacation in Quitaque and Paducah.

Darlene Shahan spent Friday in Lefors.

Eunice Dyson spent the Thanksgiving days in Mineral Wells.

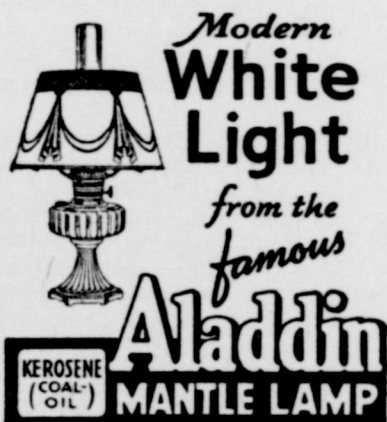

Elbert Blackwood's Thanksgiving was spent in Wellington.

The sixth grade regretted to give up Eugene Matthews, who will enter school at Briscoe. Eugene was one of the most popular and best all round members of the class, and will be greatly missed.

"Aw Gee, Ma I Can't Study - My Head Aches"

What mother, with children compelled to study under the yellow light of the old-style kerosene lamp, but who has heard this expression from her children? Study is ever a task for the little folks, and poor light only adds to their discomfort. Poor light, too, puts a severe strain upon their eye nerves and muscles, often leading to serious distortion and defects which handicap the child all through life. Many mothers have solved this serious problem by lighting their homes with

Grade School News

7th Grade

The seventh grade has been making many beautiful posters and designs. Among these there are some Christmas and health posters. Maurita Dunn and Wilma Nell Hogan have made some Christmas designs to put on the windows. This grade class is trying to make their room the neatest and prettiest in school.

Geraldine Vinson gave a party and invited the class. We enjoyed it very much.

Honor Roll

A Honor Roll: Wilma Nell Hogan, Drummond B. Thomas, Maurita Dunn.

B Honor Roll: Wilbur Moore, Mac Thomas, Irveta Patton, Peggy Love, Waldine Owens.

Sixth Grade News

JUNIOR BARTON, Reporter

The sixth grade at the present has an enrollment of 45. At the beginning of school there were 47 but Eugene Matthews and Kathleen Thomas withdrew.

The sixth grade has begun decorating their room for Christmas.

We had Junior Neagle as a visitor last week. He is from Cunningham, Kans. We enjoyed having him with us.

The sixth grade has started working on a history project. Each person has something to make consisting of ox carts, boats, trains, windmills, teepees, etc.

Pranks: Ask Clayton Gober and Orvel Ferguson why they were sick Thursday night . . . Ask M. L. Robinson why he always wears red . . . Ask Violet Vankirk why she likes to sit across the aisle from Jack Sims . . . Ask Jack Sims why he always carries the county cat with him. (Answer, because it's his watch fob). . . Ask Mr. Martin why he didn't whip all the pupils he had in the office Tuesday morning. (Answer, because they were honest) . . . Ask Junior Barton what he was crying about when he came out of the office last Thursday morning. (Answer, because he was whistling in the school room).

The students on the honor roll in the sixth grade are: A's, Junior Barton and Mary Kathryn Miller; B's, Juanita Beck and Jay Baird.

Christmas Gifts

Santa Claus, as still as a mouse,
Crept into our little house;
Filled our socks to the rim,
But fast asleep were me and Tim.

Filled our socks to the rim, did he?
What did he give to Tim and me?
He gave Tim a book of wishes
And gave me a pair of britches.

—JUNIOR BARTON.

Fifth Grade News

A Honor Roll—Maurine Hunt, Carey A. Dysart.

B Honor Roll — Marie Compton, Mary Belle Heare, Neweta Williams. Perfect Attendance — Mary Belle Heare, Maurine Hunt, Neweta Williams, Billie Hix, William Tarvin, Harry Thomas.

Fourth Grade

The "Do Your Best" Citizenship club had an interesting program Monday. The safety first committee gave the program, with Stacy Arnold as chairman. The thrift committee gave a program on thrift Friday, with Bill Bailey as chairman.

Officers for the club are: President, Juanita Walker; vice president, Helen

Baird; secretary, Jewel Eubanks. The host for our room is Tom Walker.

The following pupils were elected as best citizens for this week: Glorice Haynes, Bill Bailey, Joyce Beck and Jack Lewis.

Honor Roll

A Honor Roll—Jewel Eubanks.

B Honor Roll—Helen Baird, Stacy Arnold, Jack Lewis, Glorice Haynes, Modell Robinson.

Third Honor Roll

A—Maurita Laman, Alvin Ferguson, Mayo McLaughlin.

B—Beulah Bess Adams, George B. Dunn, James Futch, Norman Lowrey, James Orr.

Neither Absent nor Tardy—James Orr, Jimilene Laman, George B. Dunn, Alvin Ferguson, May McLaughlin, Wallace Corse.

Second Grade

A Honor Roll — LaRue Flanagan, Bettie Hix, Billie Sue Grimes.

B Honor Roll—Betty Ruth Brewer, Virginia Futch, Vera Mixon, Ernestine Seitz, Bennie Barton, Louis Key, Bud Carroll Scribner, Kenneth Shahan, Dan Thomas.

From the Second Grade Newspaper

The second grade has organized a Good Citizenship club that meets every Friday afternoon. LaRue Flanagan was elected president and Vernie Mixon, secretary.

Three committees, the kind deeds, clean-up, and friendly committees, were appointed. These committees have been a great help in keeping our room clean and attractive, and in helping other pupils with their work.

Our room has been made into a snow village with Santa Claus, his reindeer and helpers. Many Christmas posters, showing Christmas in other lands, and Christmas toys are being made.

We regret that Bud Carroll Scribner has been ill, and we hope that he will soon be back in school.

Teachers' Opinions Of An Ideal Student

Supt. M. D. Blankinship—My ideal student never quits a worthy cause but finishes his work once it is begun.

J. M. Knowles—A student that has ambition enough to make an effort to do better, regardless of past performances.

Coach Meek—To be ideal a student must be extremely interested in learning.

Edith Wilson—My ideal student has self-respect and respect for others.

W. D. Hawkins—An ideal student should be so interested in his education that work and time should be of small consideration.

Mrs. Blankinship—My ideal student makes the best of situations or betters them. He smiles whether he feels like it or not.

Elsie Simpson—If I could have my ideal student, he would be courteous, soft-spoken, manly, industrious, and above all, ambitious. I prefer a student who is independent, who works without too much ever-present guidance, and one who is willing to proceed with his task without objecting, and bewailing his dreadful fate of "having to go to school anyhow." I would like, in brief, a student who finds something interesting and worthwhile to do wherever he may be or in whatever duty he has to perform. Oh, what joy if there were even one ideal student! (Note: My ideal student may be either a boy or a girl, so girls, don't feel discouraged after reading the above).

Production and Marketing of Cotton and Its Economic Effect in Texas

The most serious problems confronting the South and particularly Texas are those connected with the cotton industry, it was stated by Dr. A. B. Cox, director of the bureau of business research of the University of Texas, in his monthly review of the industry. He pointed out that the predominant position the South held in world production for over 125 years created a complacency that may cost the cotton growers dearly.

"Have not the rapid increases in cotton production in foreign countries during the past four years completely exploded the old idea, all too prevalent, that the South had a God-given monopoly on cotton production?" he questioned.

"Agriculture is the greatest single source of employment in Texas. Census figures for 1930 show that 38 per cent of all those gainfully employed in Texas were in agriculture. Government data also show that cotton and cottonseed furnish about 80 per cent of the cash income from crops in Texas and about 57 per cent of all cash income from farms and ranches in Texas normally comes from cotton. These facts emphasize the seriousness of the loss of income from cotton and cottonseed to the state. The cash income from lint cotton in Texas in 1935 was only \$162,000,000 and all indications point to the fact that this year it will be little if any greater than last year, and that that income is considerably less than half what it was prior to the depression. The buying power of cotton as indicated by the bureau of labor statistics wholesale index of all commodities is even now about as low as at any time during the depression.

"Why has there not been a recovery in income from cotton in Texas? There are two reasons: First, and perhaps most important, is the much fewer bales produced; and, second, failure of the price to advance in proportion to the reduced production. When income from cotton in Texas is measured in gold the decline is even more pronounced. The average farm value of lint cotton produced in Texas during the three years prior to the depression was about 9,670,000,000 grains of gold. According to the last government estimate of the Texas crop and prevailing prices, the farm value of lint cotton produced in Texas this year will not exceed 2,300,000,000 grains of gold.

"To what extent have government rental payments, bonuses, and price equalization payments made up for the above loss in income from lint cotton in Texas? That is a very important question. During 1933 government payments to cotton growers and landlords on cotton accounts amounted to \$65,000,000; during 1934 they amounted to \$35,000,000; during 1935, \$47,000,000; and this year, probably not to exceed \$25,000,000 or \$30,000,000. In addition to the above the farmers have had a

restricted use of their land which has been of some value even though they were not supposed to produce cash crops from it. When all is said there is still a great reduction in cotton income in Texas compared with the income during 1927-1930. Can Texas farmers get that income back? Increases in foreign production and trade restrictions indicate that it will be very difficult."

Faculty Meeting Held Monday

Superintendent Blankinship called a meeting of the faculty Monday afternoon at 4 o'clock. A number of subjects were brought up and discussed by Mr. Blankinship. Also the teachers brought up certain problems of interest, and advanced ideas on many subjects. The main subjects were the Christmas holidays, the coming of the deputy state superintendent, the interscholastic league, and the basketball tournament.

Mrs. Joe Hathaway of Mobeetie left Tuesday of last week for Denison, Texas, to attend the funeral of her sister, Mrs. Nancy Clementine Fuller, resident of Grayson county for 52 years. After a short stay in Sherman, Mrs. Hathaway returned home Friday.

CHARLIE BURCH WRITES TO MOBEETIE TEACHERS

Charlie Burch, a student in Mobeetie high school last year, wrote to Mr. and Mrs. Blankinship recently. Charlie is now in an army training camp near Denver. He seems to be enjoying army life very much, and says he is well satisfied. Charlie also sent his picture, which proves that he makes a fine looking soldier.

These Athletes Also Succeed as Students

Two Boys and Three Girls Out For Football and Basketball Make Honor Roll

Some students can take part in athletics, and some can make the honor roll; but Mobeetie has five students who can do both.

Oliver Turner, a freshman, made the football squad and is now going out for basketball. In the meantime, however, he made the honor roll for the past six weeks.

Warren Thompson, a sophomore, is also playing basketball after playing football all season. But between games he took time out to make the honor roll.

Of course basketball is just now getting under way for the girls, and they are all having to work hard. But in spite of all this, Aileen Lancaster, a sophomore; Vineta McCain, a junior, and Pauline Oswalt, a senior, all made the honor roll and then made the basketball team on the side.

Mobeetie, Alanreed Basketballers Vie

The Mobeetie high school faculty met the faculty of Alanreed here in a basketball game on December 1. The game was played solely for the amusement of players and spectators and no admission whatever was charged.

Those who played on the Mobeetie team were Superintendent M. D. Blankinship, Coach Meek, W. D. Hawkins, Mr. Knowles, Coach Garrison Rush of Shamrock, Assistant Coach John Walker, and Allen Cavanaugh. The score in this game was 60 to 44, in our favor but in a previous game, played at Alanreed, our faculty was defeated 62-60.

At Alanreed on December 16, the two teams will play off the tie.

I HEARD—

Bob say that frogs walked, but when they got in a hurry they hopped.

That Bill's shoulder is improving very much.

Ishmael say that his nose was rather sore Friday morning. We wonder why.

That the students of Mobeetie high school like to play ping pong. Is this right, Mrs. Simpson

That A. B. is ping pong champion of Mobeetie high school.

That Helen Dyson will be the future proprietor of the City Drug store.

That Ralph Sims is ambitious to make an A in English.

Stings from the Hornet's Nest

Two boys were seen rocking the cradle Thanksgiving night could it have been Bill and Wilber?

Edd seems to be getting quite popular, having three dates for one night—You had better be careful Edd!

We wonder who is wearing Evelyn's wristlet—could it be her Wheeler boy friend?

Coach Meek seemed to be downcast Monday morning—could it have been over a recent hand-in-hand situation?

Claudia seems to be counting the days till Christmas—Which is it, Canyon or Jericho?

It's funny what effect Bill has upon Polly. He doesn't affect all of us so, 'cause Polly has started wearing colored glasses.

How are our "Three Musketeers" (Odessa, Ida Lou and Nadine) progressing? We heard there was some mix-up. Could it have been over someone going with a certain little boy?

We're wondering if it could have been the young men players on the volleyball team Wednesday afternoon that caused Myrtle to completely forget about the staff meeting.

Bill still has one good arm, bragged Polly with a broad smile.

Ping Pong! Ping Pong!

A new game in school has aroused very much interest. The ping pong players are many. Even the teachers find time to play a few games.

After school the janitor has to force the people out to lock up the building. The other day someone peeped in and found the janitor playing.

During the play period tournaments are held. Mr. Knowles is the official.

DO YOU KNOW—

That 29 students in the Mobeetie high school made the honor roll this six weeks?

That our new library books are due soon?

That the top of the gym was being repaired?

That one of our former classmates, Maxine Sims, got married?

That there is a new arrangement being made in the library?

That several of the teachers attended the teachers meeting in Fort Worth during the Thanksgiving holidays?

That the basketball tourney is to be held the 8th and 9th of January?

That the trophies for the tourney have been ordered?

That the home ec. II girls have finished their dresses?

That we are through with our examinations?

That we have a good girls' basketball team?

That Elsie visited Thressa Thursday night?

Basketball season is almost here?

Mobeetie rhythm band directed by Miss Cook and Miss Morrison, has been pronounced almost perfect?

Most of the students are still working hard?

Training's Begun By Track Team Hopefuls

Athletes Not Playing Basketball Prepare For Tryouts

The boys that are not playing basketball have started working out to make the track team during the spring. Every day that the weather permits finds some 10 or 12 boys practicing on the hurdle, high jump, pole vault, and all the other events that go to make up a well balanced track team.

Each of the boys is looking forward to being one of the four chosen to represent the school at the Southwestern Track and Field meet to be held at Fort Worth during the latter part of March.

A number of new men are expected to report this year: Travis Patterson and Leon Barton, dash men; Ed Dart, pole vaulter and high hurdler; Love and W. C. Johnson, milers; and Morgan and Mixon, half-milers; form the nucleus of this year's squad.

Other men that are expected to give the older squad members plenty of competition are: Bailey, Owens, Red, Ed Johnson, Seitz, Hill, Thompson, Heare, C. Turner, O. Turner and Hooker. There are possibly others that may turn out to be dark horses.

Repair Work Being Done

Mr. McCain and Mr. Cupples are busy this week repairing the top of the gym and also the grade school building. Two large parts of the high school gym were painted with a tar preparation for repairing roofs.

THE GOVERNMENT CLASS

During the last six weeks the government class has been extremely interested in current events.

One of the questions that arises is: Will King Edward marry Mrs. Simpson? Polly is inclined to believe she will.

The students have begun their term themes.

This seems to be a very interesting year for a class of this sort, and there are many different subjects to be used for themes.

School Play Well Received Tuesday

Future Farmers And Homemakers Combine Talent For Comedy

Lilliam Mortimer's comedy "His Irish Dream Girl," was presented Tuesday night by the Future Farmers and Future Homemakers clubs at the auditorium-gymnasium. The laughs of the play were centered around Lavell Jaco, who played the part of Emma, help at the O'Brien's. She was a raw, overgrown country girl, inclined to be fat. The part of her sweetheart, Dannie, was played by Herbert Whitener. When Dannie decided to be a "he-man," he won the heart of Emma.

Alvis Jolley played the part of a young Irish farmer, very romantic, crude and uneducated, but ambitious to better himself for the sake of his dream girl. He handled his part well.

Irene Hunt played the part of Nora Lynch, the dream girl, a sweet, but spunky Irish-American girl, and deeply in love with Jim. She handled her role very successfully.

When Jim received a letter from his dream girl stating that she had only been using his previous letters for copy (she was supposedly an author) and that she was through with him, he became fighting mad for the first time in his life. He went to New York and brought her back by force. She begged him to marry her to save him from being arrested. At the end of the play she admitted that she had loved him all along and had always wanted him to kidnap her.

Libby, Jim's widowed sister, was played by Ethel Clare Rainey. Libby did a good deal to make the play a success in helping to reconcile the two pairs of lovers.

Mother O'Brien, Jim's mother, was played by Ruth Faye Garrison. She portrayed an old-fashioned Irish mother, and did much to sustain interest. Dare Reynolds, a man about town was depicted by Alton Weeks. He was a distinguished business man, also in love with Nora.

Ora Lynch, Nora's brother, an author, was played by Bobbie Groves. Ed Brown, the village constable, was acted by Troy Derryberry. Ora wished him to arrest Jim, but when Nora told of their marriage it was unnecessary. He was a kindly fellow, continually saying, "Yep."

One of the high spots of the play was when Dannie carried Emma out on the orchard fence in order to propose. When Dannie turned "cave-man," Emma found that he was really the man of her dreams.

The play was well received by a fair-sized audience. The proceeds were given to help provide funds for both organizations.

Library Posts Names Of Pupils And Books

A list of the overdue books has been posted in the library, but for the convenience of those who have not been able to see it, this copy is given.

Those who have books that are overdue and the titles of the books are:

J. E. George, "Air Service Boys Over The Atlantic."

Hansel Parker, "Sky Pilot In No Man's Land."

Orveta Puett, "Life Of David Crockett."

Clarice Robertson, "Mill On The Floss."

Catherine Doom, "Robinson Crusoe."

Lillie McLean, "Show Boat."

J. N. Tucker, "Hunchback of Notre Dame."

Hannah Faye Riley, "Tom Brown's School Days."

Edward Smith, "Tide Of Empire."

Lillie Mae Crofford, "Phantom Rickshaw."

Dorothy Lee Burke, "Let Not Man Put Asunder."

Joyce Faust, "The Mystery At Lilac Inn."

Laverne Cox, "Grey Cottages."

Norma Lou Maxwell, "Lady Of The South."

Frank Thompson, "The Sea Hawk."

Robert Guynes, "Quentin Durward."

Caroline McBee, "Duty."

Douglas Groves, "Penrod."

J. D. Badley, "The Virginian."

Marceil Farmer, "New Chronicles Of Rebecca."

Wallace Pendleton, "The Lives Of A Bengal Lancer."

Government Job Is Accepted By Clark

Coach Bob Clark has definitely decided to take the job that was offered him by the government. He will leave here on the morning of December 18. His job will be entertaining the boys in the C. C. C. camps in New Mexico and Arizona.

In the evening of December 18 he will entertain his first group at Kingston, N. M. On December 19 and 20, he will be in Silver City, N. M.

He will appear in Gila on December 21. On December 22, he will be in Red Rock Dec. 23, which is Clark's birthday; he will be in Los Animas, N. M. on Christmas eve, in Virden on Christmas day, he will be in Duncan, Arizona. He will be in Clifton and Pima on December 26 and 27. On the night of the 27, he will be in El Paso. He will arrive back in Wheeler December 28.

He will make a tour of these nine towns in ten days, a distance of some 2500 miles.

Honor Roll Given For Grade School

Several Students Make Honor Roll In Grade School

There were several in the grade school who were on the A and B honor roll. There were a few who made the A honor roll this last six weeks.

The students making the A honor roll in the first grade were: Lois May, Floy Bradstreet, Inez Smith, Charles Carver. Those making A's and B's were: Betty Warren, Harold Harold Clark, Rosaline Shirley, Howard Westmorland, Dolores Ahler, Margie Brasher, Aileen May, Doris Marie Mitchell, Ruby May Reid, Lois Lavern Watts, Paul Waters, Clyde Revious, Joy Bradstreet, Charline Bradshaw.

In the second grade, the students who made all A's were: Benny Westmorland, Joeline Witt. The ones making A's and B's were: Jimmie F. Clark, Violet Crowder, Josephine Noah, Wanda Tolliver, Patsy, Wiley, William Barton, Eugene Cooper, Roy Ford, Robert May, Bobby Rodgers.

Third grade pupils who made all A's were: Bill Curlee, R. J. Holt, Joy Marie Carter and Mary Lee Reid. Ones making A's and B's were: Charles Latham, Laura Ruth Glenn, Inez McWhorter, Dolores Watson, Joannc Hilgres, Charline Burke, Wilma Jean Cox, Elsie Griffin, Elsie Fay Havenhill, Alice Mullins, Imogene Reid, Nelda Jean Stinson, Garland Foosee, Guinn Parker, Henry Risner.

The students who made all A's in the fourth grade were Alfred Hale, Sammie May, Artie Lee Mullins. Those making A's and B's were: W. L. Carver, Jean Hall, Eula Boatman, Louise Tillman, Marion Jeanell Crowder, Vera Mae Derryberry.

In the fifth grade, no one made all A's, but the students making A's and B's were: Marie Clark, Arline Ruth Waters, Peggy Gene Manney, La Verne Gill.

There were two students in the sixth grade who made all A's. These two were Frances Company and An-

(Continued on page 4.)

Parent-Teacher Meet Postponed One Week

Mrs. J. L. Gilmore announced Monday morning that the Parent-Teachers association would not meet on Tuesday night because of the play presented by the Future Homemakers and the Future Farmers of America.

Mrs. E. W. Carter, president of the association, stated that the regular meeting, which is held once every month, will be held Tuesday night, December 15.

Wheeler Boys Drop Heart-Breaker To Flomot Longhorns

Game Ends In Tie Score; First Downs Decide Championship

Playing on a wet and slippery field, the Wheeler Mustangs lost the bi-district championship to the Flomot Longhorns by five first downs. Although the score was tied, 6-6 and the penetrations were even, the Longhorns succeeded in gaining more first downs than the Mustangs.

The Mustangs played under a distinct disadvantage. Their type of playing demanded a dry field to use to the best advantage their passing attack.

The playing field had been hastily laid off on the fairway between the eighteenth and nineteenth hole on the Matador Golf club.

The first quarter was scoreless and neither team was able to score during this period. Both teams gained a penetration in the first quarter, but neither team crossed the goal line.

Longhorn Touchdown

Early in the second period, the Longhorns started a 78 yard drive that ended in a touchdown. Their try for the point was no good. The third period was played mostly in midfield, with neither team getting in a scoring position. Although the Longhorns made several runs that ran up their first downs, they were unable to push over the 20 yard stripe.

The fourth quarter was the most exciting period of playing during the game. The Mustangs spent most of this period passing the ball. Although the ball was slick and his hands cold, Ford passed to Norman for the Mustangs lone counter.

A short plunge through the line failed to give them the point.

This was the first game that the Mustangs failed to gain around the ends. Probably the main reason that they could not was the fact that the ground was so slick and wet that they could not get in motion soon enough. Groves played one of his best games of the season, and he made some nice off-tackle runs. He also made some splendid tackles.

Maxwell and Tillman played good defensive football. The Longhorns learned early in the game that they could not gain much around that end. Page and Green also played a good game, but were weak on offense.

Weather Disagreeable

Light was the star of the Flomot team. He made some good runs through the center of the Wheeler

GUM PUBLICITY

Next to hearing someone loudly chewing gum in public, to find chewing gum sticking under seats and desks is the most disgusting.

One may walk in a room and spot an apparently decent looking place to sit down. After sitting down, he puts his hands on the side of the chair and his fingers become entangled in a messy wad of gum.

Could there be anything more embarrassing than getting a wad of chewed gum on one's clothes. Chewed gum will not come off a dress or suit of clothes and they are ruined for good, after once getting it on them.

There are plenty of wastebaskets placed conveniently in every room and in the study hall. It does not take much energy to walk to a nearby wastebasket and drop in it the chewed gum to be disposed of.

Please, if the gum isn't in your mouth—there's only one other place it should go. And that's in the wastebasket!

"STUDY-SKIPPING"

"Just this one time won't hurt."

The next day it is the same thing. The studying part of attending school is delayed until one gets out of the habit of studying. And generally doesn't study if one is not in the habit of studying.

Failures can be traced to the habit of not studying the lesson daily. It is absolutely necessary for a person to study each day if he intends to pass his work for if he once stops studying every day—he is sure to fail.

PLAYING THE GAME

What kind of citizen are you planning to make? Are you going to be the kind who always finds fault with everything that everyone does?

If you are a poor sport in your playing at school, you will probably make another "find-a-fault-with-everything." When you are playing a game and the referee calls a foul or penalizes you five yards, how do you take it? Can you smile, or do you criticize the referee? If such is the case, what do you gain?

Exactly nothing.

What have you lost? Everything.

How many friends do you gain by being a poor sport? You lose more friends by being a poor sport than you would gain if you had the per-

Jan. 12 to 15 your carcass. The idea associated with stray dogs. Today, 24 is associated with someone who "goes to the dogs."

The school "curb" has gleaned a different meaning. If you put your foot on the curb (boys) while you are smoking, then you can associate it with red demerits.

My prolific imagination will not let me rest—you have all thought about and discussed the idea of women's equality with men in a social world (I hope you can not equal this one).

Picture a group of girls in slacks or tailored suits, standing out in front of the school curb, having a last smoke before the five-minute bell.

Delirium tremens! Let us talk about something else.—The Hereford Brand.

Hardin - Simmons university has given several radio programs. They gave a series of Red Cross plays, with many different students taking part in the broadcast.

White Deer high school has an annual. Why couldn't we find a way to publish one?

The Canyon Eagles dedicated each football game played to one of the players. The players were chosen by their outstanding playing and sportsmanship.

At the half of the game between the Canyon Eagles and the Hereford Whitefaces the pep squads gave a joint stunt. All schools are gaining a friendlier attitude toward one another.

"MAVERICKS"

A SUNRISE

(By Imogine Jamison)

Once when I was dreaming
About the very next day
The sun came in my window,
And took my dream away.

But in my dream how could it be?
The sun came out so soon.
Am I right or am I wrong?
It must have been the moon.

No I have never seen a moon just like
That beautiful sight
And the skies I know
Couldn't be like that at night.

The sun seemed like a ball of fire.
So red and all aglow,
But at that early hour
How could the world all know?

The sky seemed like velvet
All striped with heavenly blue.
The weeds and all the flowers
Had a heavy coat of dew.

The white part in the sky,
Seemed like a bank of snow,
But still it was not falling.
It could not be so.

It is true no word of doubt,
If eyes are made for seeing.
Then nothing can be left out
If beauty is its own excuse for being.

sonality and name of a movie star. So why be a play-criticizer all your life? Try playing fair. "There is everything to gain and nothing to lose."

1931 as a medical student. She spent three years at Teachers college, where she was a member of the Y. W. C. A. A. A. and the Phi Beta Gamma honorary science organization.

She received her bachelor's degree from there, majoring in chemistry and minoring in mathematics, biology and physics.

Miss Kirby has been teaching two years, both years in Wheeler. She is instructor of chemistry, plane geometry, biology and general science.

She declares her ambition is school teaching and the study of medicine. She also states she was interested in music. Her principal hobby is reading.

REORDER OF PICTURES WILL BE SENT MONDAY OR TUESDAY

Pictures taken a few weeks ago of individuals and groups in the school will be ordered again next week.

Robert Mayne announced that all persons wanting pictures must see him either Monday or Tuesday of next week and he will quote the prices on each picture desired.

The orders will be sent Wednesday. He stated he would reorder any picture you desired, whether of the football boys, senior class, glee club or individuals.

Epitaph for a man who kills himself eating: "He had a good time three times a day."—Toledo Blade.

COLTS

Nearly all of the grades in the grammar school are planning Christmas parties.

Mrs. John Ficke's room is starting on their primers this week. This room is starting its addition this week. They are also making Christmas toys. She had 13 pupils absent last Monday. Junior Mitchell is a new student.

The high first grade is working on its Christmas toys and they plan a Christmas party on December 18. Wayne Richards withdrew from this room.

Mrs. Crowder's room is working on their Christmas toys. Mrs. Davidson's room also plans to have a Christmas party on December 18. Elsie Faye Havenhill and Billie Jean Anglin withdrew from this room last week.

Mrs. Hood is planning a Christmas party at her house, to which all the mothers of the students in her room are invited. Her pupils are working on Christmas decorations.

Mrs. Morgan's room has organized a Good Citizenship club. Alfred Hale is the president and Louise Tillman is secretary. This club is practicing rules of safety and are saving pennies in a bank for their thrift program. This club plans to meet every other Monday at the English period. Their next meeting will be on December 28.

This room is also making decorations for its sand table. They have already made some small dolls which they plan to make gifts to their smaller brothers and sisters. They are also saving tinfoil for a part in their thrift program. This tinfoil will be used in decorations for their Christmas party.

ial Register

Archie De... former student of Mobeetie high school, was our visitor on December 2.

Viola Bullard from Pampa, who formerly was a student of Mobeetie, visited here Monday. She was engaged in talking to the other Tuesday the other party might be found in the grade school.

Ping pong has a fascination for some of the brawny athletes. N. and W. J. enjoy the active sport. Irene was heard exclaiming to a girl in the study hall, "I haven't decided whether I'll let you have Milton Moody, or take him myself."

Awarding of the gold suits caused some consternation. An older sister was disgruntled because her younger sister will be glittering. Twitty boys find Wheeler is as interesting as the Mobeetie boys do.

Some of the pep squad damsels promised themselves sleep coming home from the game Friday, but it only resulted in their talking all the way home. Lavell looked quite charming "in a large way" as a maid in the play given by the Future Farmers and Homemakers.

The constitution exam caused a sensation in the grade-way.

What do you think of the improvised bulletin board in the journalism room? It serves also as a sun keeper-outer. A visiting goat was a dire menace to the health of some of the students Monday morning. Supt. Gilmore gallantly escorted the offender off the premises.

Clowes, "Jeep" Jones, is accused of giggling like a girl.

Love can perform miracles. Marthals is expecting a vacation soon. (Note: Herbert, if her boy friend leaves for California as expected). Seen: H. E. Young industriously studying.

"It's de-Lovely" is a clever melody hit. "Cain and Mabel" is a different interpretation of the well known plot.

Pampa Gives Tickets For Gala Saturday

Free tickets were given to all the school students Thursday of last week for Santa Claus day in Pampa Saturday, December 5.

All students, both in high school and grade school, received a free ticket for either of two Pampa theatres.

All students were also given tickets admitting them free to see the Santa Claus show.

TYPING INSTRUCTOR RETURNS FROM BEDSIDE OF MOTHER

Miss Ruth Ewing, typing instructor, returned to her post Tuesday morning, after spending two weeks in Rio Vista, Texas, at the bedside of her mother. Mrs. Swing, who is ill with pneumonia, is reported as better, but still in a dangerous condition.

SPARKS FROM THE CAMP FIRE

Give because you love to give — as the flower pours forth its perfume. Every noble life leaves the fiber of it interwoven forever in the work of the world. No man is always wise. Eaten bread is soon forgotten. Strength of mind is exercise, not rest. Enthusiasm is the genius of sincerity, and truth accomplishes no victories without it.

Grade School News

7th Grade

The seventh grade has been choosing many beautiful no-rose signs. Among them don't know Martha Jane was so popular till Sunday night. (It has been said four boys all were to see her at the same time!)

Ferrol said that she hoped that she never was as bashful as some people. If you want to know more, see her.

Where were all the girls Sunday? Most of them must have had dates. At least, they were hard to find. The town was full of boys!

We are glad to have Wave back in school after a week's absence.

Clella Beth seems to have taken a liking to Mobeetie already. Maybe Bonnie was the cause?

Have you ever heard of six drinking one Coca-cola? Well, it was done Sunday night with the aid of six straws.

In Spanish class, the students were talking about who kept the window shades down at home, when Robert Guynes made the remark that his wife always kept them down at home. This was news to the other members of the class—about the window shades and the wife, also.

Hey diddle, diddle!
The cat and the fiddle!
The cow jumped over the moon!
The little dog laughed to see such sport!
And the dish ran away with the spoon!
(They must have been spooning.)

The pupils in literature IV have become familiar with the poets and writers of England. They have been calling such poets as Robert Burns, "Bob"; Charles Lamb, "Charlie"; William Shakespeare, "Bill." Fortune is good if Miss Holbert will let them be as familiar on examination day.

Seen in the study hall: Bobbie

Collecting Craze Causes Collection Of Curious Curios

"Hobbies! hobbies! Who has a hobby?"

The answer is very simple. Almost everyone has some kind of hobby, or something he does to amuse himself. Maybe he isn't aware of it, but when he is doing an interesting thing, that's a hobby.

One girl was honest enough to admit that she loves to make a fool of herself. A school teacher once said that her grandmother refused to put her left hose on first, because it was supposed to bring bad luck. This teacher made that her hobby—putting on her left stocking first.

Many girls like to make collections of Scotty dogs, pretty handkerchiefs, recipe books, or amusing "whatnots." Boys are shy about admitting their interests. However, most of them have the stamp or bug collecting fever. The majority are enthused over all kinds of sports.

Hobbies, though often freakish, are one way of showing one's individuality.

Baird: secretary, Jewel Eubanks. The District Homemakers To Meet Saturday

District Homemakers To Meet Saturday

The district home economics meet will be held in Wheeler Saturday, December 12. Invitations have been sent to all the adjoining towns and the girls in the Home Economics department are making plans for the meet. The F. F. A. meet to have been held the same day has been called off.

During the morning session the club will organize. In the afternoon, there will be a Christmas program. Talks on entertaining during the holidays will be given and Christmas gifts will be shown. All present will receive paper sack lunches and are invited to attend a tea given at the home economics cottage in the afternoon.

There are three district meets to be held this year. Wheeler organized the club last year.

The Home Economics club sponsored a play Tuesday night. The proceeds of this play was used to help defray expenses of sending representatives to the state rally.

"All girls interested in home making are urged to be present at the district home Economics meet," stated Mrs. Gordon Whitener, sponsor.

The Wheeler band is to play for the meet.

Groves and Wave Wallace attracting a lot of attention.

It seems queer that Ruth Faye and Troy Derryberry sit at the same table in the library all the time. Or does it?

What's this we hear about W. J. Ford escorting Genevieve Britt to a party not many Friday nights ago?

All the gentlemen fell madly in love with Emma Tuesday night at the F. F. A. play. It was Lavell Jaco. And she was even better than usual.

Old snooper hears that Wave Wallace and W. J. Ford are seen places together.

Have the Wheeler boys quit going to Magic City? Or, should I say, have the girls quit asking them over on Sundays to see them. What we don't know won't hurt us, I guess.

Look-alikes: Wave Wallace and Dolores Costello.

Mrs. C. J. Meek must have been listening to the Amos and Andy program over the radio lately. She was heard answering her husband in the same manner of Andy's little orphan girl, "Wadja you say, mister?"

Jonnie Fay Templeton has been with Marion Smith quite a bit lately. Could the reason be Marion's brother, Raymond?

Dippy certainly was celebrating a great deal in all his classes Tuesday. We are wondering for what reason was the celebration?

Oh, my! Did you see those swanky new shoes of Wallace's? They're really honeys!

Very nice—Clella Beth Moody!

Wave really got a nice box of chocolates because she was ill last week. It is said that the candy came from Mobeetie.

Did you hear the birdies in the study hall Tuesday afternoon? No, they were not birds. They were three girls sitting in the front of the room.

RAMBLINGS ON THE RANGE

Wave Wallace was absent from school last week.

Geraldine Lewis spent Friday at Shamrock.

Chlorene Morgan went to Shamrock Sunday afternoon.

Bonnie Adams attended the show at Mobeetie Saturday night.

Ruth Belle and Cordie Lee Farris, ex-students, visited school last Wednesday afternoon.

Ruth and Lula Barr were in Mobeetie Sunday afternoon.

Dorothy Lee Burke was in Shamrock Saturday.

Eugenia Mae Durham visited in Shamrock Friday and Saturday.

Beatrice Miller spent the weekend in Elk City with friends.

Genese Lathum visited in Mobeetie Sunday afternoon.

Presley Guynes went to Canadian Sunday.

Helen June George visited near McLean Sunday.

Maryian and Velma Hestilow motored to Clarendon Sunday.

Florene Wright was in Corn Valley Sunday afternoon.

Jack Pitcock was seen in Shamrock Sunday.

New Typewriter Is Purchased By School

An improvement was made to the typing department last week when the school purchased a new Royal typewriter.

It replaced an Underwood which was too badly worn for repairs and was purchased from the Russell Stationery company.

The salesman also repaired some of the typewriters in use and put on some ribbons.

This addition makes a total of 10 typewriters in the department.

PEP SQUAD TO CONTINUE TO FUNCTION FOR ALL CONTESTS

The Pep Squad will not discontinue this year as it has in the past years, according to Robert Mayne, director. The squad will be on hand to furnish the noise for all of the sports.

The squad did not put on a stunt at the half during the Flomot game. The ground was so wet and slippery that a drill was impossible.

Transportation to the Flomot game was given the Pep Squad in a special school bus. It left Wheeler at 9:30 Friday morning and returned at 10 o'clock that night.

"Dear Aunt Suzey"

Dear Aunt Suzey:
These sandstorms are driving us nertz. Is there anything you could suggest to remedy them?
A poor existing people,
The Wheelerites.

Dear Wheelerites:
The remedy for that is very simple. Just build a 20 foot wall around Wheeler, pave all the streets, plant grass everywhere else and pray for rain.
Drop in again sometime,
Aunt Suzey.

Dear Aunt Suzey:
Can it be possible that I can keep this diamond I have now?
Your friend,
Martha Jane.

Dear Martha Jane:
Keep the man and you'll keep the ring.
Wishing you luck,
Aunt Suzey.

Inquiring Reporter

Question: "What characteristics do you prefer in a boy?"

Beatrice Miller: "The ability to get along with a girl. A boy who is continually fussing about something is no fun at all."

Marthalys Wiley: "A boy who is always agreeable. Anyone who is with the 'gang' and not thinking wholly of himself, appeals to me."

Geraldine Lewis: "A boy who talks cleanly and is a good sport."

Martha Jane Shipman: "I do not like sissy boys, they get on my nerves. I also like boys who are clean in speech and in actions."

Marion Smith: "I like a boy who is always neat and clean, more than anything else."

How To Earn Money For Christmas Gifts

There are several ways of earning money during the winter months. With the coming of Christmas, boys and girls are particularly anxious to earn money for Christmas gifts.

Some sell magazines and papers during their spare time. Some of the boys who live on the farm, trap furbearing animals during the winter months. The boys and girls in town run errands for their neighbors for small amounts.

Nearly all boys and girls have some special errand or job to do for spending money. Some have an allowance each week that they can use or save as they see fit.

Supervisor Visits Wheeler High School

J. W. Gunstream, deputy state superintendent, visited the school last Tuesday. He made a financial survey of the school and paid short visits to some of the classes. Gunstream was inspecting all of the schools in this county. He will return at some future date to sit in on some of the classes to see what they are doing.

B. T. Rucker, county superintendent, accompanied Gunstream on his visit.

Students See Sketch Of Play in Chapel

A sketch of the play, "Irish Dream Girl," was presented for the student body Tuesday morning.

In order to advertise the play, the Future Home Makers and Future Farmers gave the short skit.

The grade school was also admitted to enjoy part of the play.

The Scout

The Scouts met in the gymnasium last Monday night. The passing of tests was discussed. After this, the boys played some games. The patrols are having a contest and the patrol that wins will be given a party by the other patrols. The Panther patrol is leading at the present. They have not lost a game under the leadership of R. J. Puckett.

Raymond Badley is the head of the Flying Eagle patrol. This patrol is second. The next patrol is managed by Guy Robison. They are next to the last in the row. Harrison Hall is the leader of the Flaming Arrow patrol.

Several of the boys are tied for high honors and for high point man of the troop.

SPORTS

Coach Clark Selects All District Team

Wheeler Places Five Men While Irish And Skyrockets Have Two Each

Coach Bob Clark of the Wheeler Mustangs, winners of District 3B, has released his selection of an all district team. There were only two teams in the conference that did not place a player on either eleven.

Shamrock had five men placed on both his first and second teams, while Wheeler had seven men on these teams with five men on the first team.

Wellington had two men on the squad and McLean also had two men to place. Memphis placed four and Clarendon one.

Listed below are the two elevens as picked by Clark.

First Team

Ends—Maxwell, Wheeler; Rook, Shamrock.

Tackles—Cain, Shamrock; Wingo, McLean.

Guards—Dodson, Memphis; Green, Wheeler.

Center—Weeks, Wheeler.

Quarterback—Norman, Wheeler.

Halfbacks—Carruth, Lefors; Austin; Wellington.

Fullback—Ford, Wheeler.

Second Team

Ends—Malone, Memphis; Walker, Memphis.

Tackles—Tillman, Wheeler; Blass-Engame, Wellington.

Guards—Whitener; Braxton, Shamrock.

Center—Brothers, Shamrock.

Quarterback—Cornell, Clarendon.

Halfback—Hall, Memphis; Drake, Shamrock.

Fullback—Laswell, McLean.

Silver Trophy To Be Awarded To Mustangs

A large silver football trophy will be awarded by Mr. Perkins of Shamrock to Wheeler football champions of district 3-B, on the night of the football banquet.

This trophy is presented by the schools of district 3B every year to the winners.

The trophy is a life-sized silver football mounted on a silver stand. "Class B Champions District 3 '36" is engraved on the side of it.

At present, the trophy is on display in the showcase located in the school office.

Doggie Wanders Into Inner Study Sanctum

"I surely would like to hear that announcement."

"Why can't I go to school and learn, too?"

That is probably what the doggie would have said last Wednesday morning if he could have talked. When he entered the study hall while Mr. Gilmore was making announcements, he hurried down the aisle trying to find a seat. When he found that he couldn't, he tried to get someone to move over, but no one had any sympathy for the poor dog.

So, he was shoved out the door

At The Flomot Game

Lavell Jaco trying to put her feet in her pocket in order to keep them warm.

"Diz" Miller kissing Parilee Clay. Their warm friendship must have developed into sudden love.

Several Indian squaws. Or maybe they weren't Indians, and maybe they weren't squaws, but anyway they were wrapped in blankets.

A young gentleman at Matador exclaiming "Oh!" when seeing a Wheeler pepper-upper.

Aline Buchanan getting on the bus with fruit and more fruit—actually, 75c worth.

On the bus going over, some very colorful scenery—the color of pea-soup.

Mr. Mayne cutting up. He recited poetry, sang songs, told jokes, and ate the girls' lunches. Generally—he was pretty nice.

The football boys having one swell time coming back on the bus.

Amos Page and Bob Tillman acting as preachers on the bus coming back. Everyone on the bus was converted with the exception of Stina Cain.

R. J. Puckett ordering "fish" in a restaurant. Some of the boys thought he desired some freshmen.

Some of our hardshell Mustangs falling "head over heels" for the good-looking girls in high school chapel at Matador, Friday morning.

J. N. Tucker catching himself a girl. A blonde!

Mr. Wynn thinking he was in school when telling some students, to "sit down and hush up."

Herbert Green learning how to turn on the light above his bed Thursday night. He had a good deal of practice.

Bob Tillman had the advantage of his bed partner Thursday night. His advantage was in length.

A waitress in the Childress coffee shop telling Coach Clark, "I've seen you some place before."

Football Banquet Is Set For Later Date

The football banquet, scheduled for Thursday, December 17, has been indefinitely postponed, according to Superintendent Gilmore. Conflict with other events previously set was given as reason for the postponement.

This is an annual affair, however, sponsored by the Pep Squad girls for the football team and will be given in the near future.

Ping Pong Table Is Built For Gymnasium

A ping pong table has just been completed and placed in the gym for the ones who wish to play. Ping pong or "table tennis" has lately come into vogue all over the country. This table now affords opportunity to enthusiasts.

The dimensions of this table are eight by four feet. It was financed by the physical education department Mrs. J. L. Gilmore is in charge of the ping pong playing. Coach Clark announced there will be another table completed soon and ready for use.

Panthers And Flomot Will Meet at McLean

The Panhandle Panthers will meet the Flomot Longhorns Friday at McLean. Flomot defeated the Wheeler Mustangs by first downs for the bi-district championship of district 3B and 4B. The Panthers defeated the Tulia Hornets, 46-0 for the bi-district honors of 1B and 4B.

The Panthers had previously beaten Perryton Rangers 13-12. The Panthers have not lost or tied a game this year. The Longhorns have not lost any, but they have tied two.

The Longhorns are from the country of the timber and sticks, while the Panthers hail from the rolling plains and waving wheat. The game promises to be a thriller and reservations for tickets are pouring in.

Pep Rallies Held Prior Flomot Game

Pep talks by various students and a talk by Dr. H. E. Nicholson of Wheeler hospital, were on the programs at pep rallies last week in preparation for the Wheeler - Flomot game.

Eloise Reid represented the freshmen class; Imogene Jamison, the juniors; Bonnie Adams the seniors on Tuesday morning.

Initial Basketball Game With Shamrock

Thursday afternoon, the girls' and boys' basketball teams played their first games of the season, with the Shamrock teams at 4 o'clock.

Admission of 5c was charged to help defray expenses.

WHEELER BAND GIVES MORAL SUPPORT IN LONGHORN GAME

The Wheeler Municipal band was well represented at the Wheeler-Flomot game at Matador last Friday. A few members were absent because of the time of the game.

Some of the members of the Shamrock band helped out at Matador. Those from Shamrock were John W. Hayes, Harold Smith, Sam Ribble, Eldon Sonnenberg and Jack Nichols.

INTRAMURAL WINNERS WILL BE ANNOUNCED NEXT FRIDAY

Due to the fact that the boys basketball has been started, the winners in the intramurals will not be announced this week.

Winners of teams and the individual scores will be given next week, according to Coach Clark.

Honor Roll Given For Grade School

(Continued from first page.)

ita Hale. The students making A's and B's were: Emily Lou Ahler, Wilma Dene Patterson, Henry Garrison, Edwina Flanagan, Harold Callan, S. D. Miller, Bill Mitchell, Alvin Thompson.

Students in the seventh that made all A's were: Mary Nell Burke, Marie Hurd, and Wanda Lee Hitte. The ones making A's and B's were as follows: Mary Evelyn Wyatt, Juanita Griffin, Leona Brigman, Wayne Rogers, Adrian Risner, Thelma Hunter.

The Mustangs finally lost a game. For the first time in the history of the school the Mustangs went through the season undefeated. However, they really are still undefeated. The Longhorns nosed out the Mustangs on first downs.

This game was the last game of football in high school for many of the players. Among those are Ford, Norman, Groves, Tillman, Whitener, Tucker, Maxwell, Derryberry, Young and Robinson.

If the old saying "practice makes perfect" is true, the volley ball girls should be getting pretty good before long. They certainly have been doing the practicing.

Some of the journalism students seem to have a hard time getting to work out for basketball.

A very nice ping pong table has been erected in the gymnasium for those who wish to play and do not have any other physical education to take part in. A tournament has been suggested for the ping pong fans.

Several of the senior basketball girls seemed terribly disappointed when they did not receive a gold suit. However, if you wish to keep your suit, you have to hustle. If you lay down on the job, the suit will be given to the other fellow.

Incidentally, if you mention the word "yellow" the basketball girls are wide awake.

The teams for the Rose Bowl and Sugar Bowl games have been selected. Washington and Pittsburg have been invited to play in the Rose Bowl game, New Year's day. Some of the sports writers of the South think L. S. U., winner of the Southwestern Conference has been slighted. L. S. U. and Santa Clara have been invited to the Sugar Bowl. From all accounts, the Sugar Bowl game will be the best game.

Wheeler Boys Drop Heart-Breaker To Flomot Longhorns

(Continued from first page.)

line. He also was fast enough to get by the Wheeler ends once in a while. Although the weather was disagreeable, the crowd at the game was a large one and the pep squads of both teams and the Wheeler band were on hand to furnish the noise.

This game was the first that the Mustangs had lost this year. The Mustang machine failed to function and the boys were not clicking at their best at any time during the game.

Although some of the players showed ability to play on the wet and sloppy field, they could not get started.

Starting Line-up

The starting line up for the Mustangs was:

Ends—Emler and Maxwell.
Tackles—Page and Tillman.
Guards—Green and Whitener.
Center—Weeks.
Quarterback—Norman.
Halfbacks—Groves and Derryberry.
Fullback—Ford.

Sunday School Lesson Exposition

Prepared by C. C. MERRITT
Sunday, Dec. 13, 1936.

JOHN'S VISION ON PATMOS
Printed Lesson: Rev. 1:4-18.
Helps: Rev. 1:1 to 3:22.
Devotional Reading: I Cor. 15:35-44.

Approach

"R-E-V-E-L-A-T-I-O-N!" The infidel, and of course the atheist, do not believe in any divine revelation. To them any sort of a thing that lays claim to a revelation from heaven is a myth and a delusion. There are many who call themselves Christians, who are playing leading roles in some of the denominations, that have accepted this same view of the Bible.

However, going deeper into the ranks of the church, the greater number look upon the book of Revelation as an unintelligent, and an unnecessary part of the Bible. "Who can understand it?" is a very common question, and often on the lips of those who have truly been "washed in the blood of the Lamb," not realizing that that very question mocks God: Generally it is not so hard to understand the language of the book, as it is to whip it into line with our preconceived notions of what it ought to mean. But we should let God talk to us through this book without any back talk whatever.

Yes, God meant that book for you and me, the simplest of His children. When you read the book of Revelation, do not enter into it with the idea that it takes all the "enchanters, Chaldeans, and soothsayers" of all the realm of man's wisdom to understand it. It takes no more than any other part of God's Word to learn the message that is in it. A simple faith to believe, and a willing heart to obey will lead on unto glorious things. The best thing to do is to forget all you ever heard about it and to follow the simple rules you would use in studying any other book. And please do not overlook this word, "Blessed is he that readeth, and they that hear the words of the prophecy, and keep the things that are written therein: for the time is at hand" (v. 3).

Historical Setting

Revelation was written by the Apostle John on the island of Patmos about A. D. 96. The eleventh verse of our text gives the names of the seven churches to which the book of Revelation was written.

THE HEART OF THE LESSON

Because this is the only lesson of the International series given from the book of Revelation, no attempt can be made towards the study of the book proper. We must be content to gather some of the very splendid things found in the text of this lesson. However, I wish to call your attention to a few things in particular. The book itself is prophetic. The nineteenth verse of chapter one gives the division of the entire book. The first division, "The things which thou hast seen," takes in the first chapter. The second division, "The things which are" (things concerning the seven churches) takes in the second

and third chapters. The third division, "Things which shall be hereafter," takes in the remainder of the book. These, of course, are but major divisions. The name of the book "Revelation" or "Apocalypse" comes from a Greek word that means "an unveiling." This word is found also in I Cor. 1:11; I Pet. 1:7, 13, 4:12; Lk. 17:30. Please turn and read them. Verses 12-18 give the unveiling of Christ as John saw Him. Every feature of Him portrays judgment. Judgment, first of the Church, as represented by the seven churches (chapters 2 and 3); then of the whole world, both Jews and Gentiles (chapters 4 to 30); and then he gives a word picture of the New Jerusalem.

It is futile to try to apply the things in chapters 4 to 20 to anything of the past or present. It is all future and gives the final judgments of heaven upon this sinful and rebellious world in the presence of the one whom John saw, as stated in 1:12-18.

Golden Text

Fear not; I am the first and the last; and the Living One, and I was dead; and, behold, I am alive for evermore.—Rev. 1:17, 18.

When John saw the terrible features of Jesus Christ (vs. 12-16), he "fell at His feet as one dead." This was the reason Christ spake the words of our golden text to John. We, too, should recognize our blessed Lord as the One to be loved and enjoyed by His own, even though he reveals His terrible judgments upon sin.

To the Seven Churches

(Vs. 4 and 11) For good reasons Jesus selected seven Gentile (Asiatic) churches as representatives of all churches. The Jewish Christian church passed out with the passing of the first generation of the Christian era. From that time and on unto the coming of Christ the church is strictly Gentile. Only a very few Jews have become Christians during the years following the apostolic age. And there will be no Jewish Christian church when Jesus appears to take the church unto Himself.

The Trinity

(Vs. 4-8) The Father, "the I Am, that I Am" (Ex. 3:14); the Spirit, "the seven spirits before the throne" marking His completeness; and Jesus Christ, who loved us and cleansed us in His blood. The Alpha and Omega—"In the beginning God" and finally He will appear again unto His creation for final settlement.

Yes, Jesus is coming again. And there is no truth of scripture so frequently spoken of and referred to as that of His glorious appearing for His own and to judge "the living and the dead." This entire book of Revelation speaks of His final work as the Omega.

I, John, Your Brother

(Vs. 9, 10) Though he has had this most wonderful revelation, he reminds them that he is still in the flesh and one among them in the things they were suffering for Christ. Caught away in the spirit to Patmos, he was made ready to receive this revelation concerning the great day of God's wrath (6:17). Did God give him "a thorn in the flesh" that he might not be exalted over much by

reason of the vision, as He did Paul? (2 Cor. 12:7).

Write a Book

(V. 11) Yes, "write a book," and here is that book—Revelation. It was sent (in turn) to the seven churches in Asia, and it was also sent to all the churches in all the world throughout the church age. "Behold, I come quickly. Blessed is he that keepeth the words of the prophecy of this book." (22:7). And that does not sound much like an admonition to let this book alone, does it?

The One Who Spake

(Vs. 12-17) Turn to Matt. 17:1-3 and read it. Next turn to 2 Peter 1:16-21 and read. Now read again the description of "the Son of Man" in our lesson text. Yes, He is come now, the fulfillment of all prophecy. "For the testimony of (concerning) Jesus is the spirit of prophecy" (19:10).

He deals first with the "seven golden candlesticks" (churches, v. 20). Then He uses the "sharp two-edged sword" on the nations (19:15). And what glory—His countenance, as the sun, shineth in His strength!

And When I Saw Him

(Vs. 17, 18) "I fell at His feet as one dead." Unlike Isaiah, John seemed not to be able to speak until Jesus laid His hand on him. But he, though too dead to speak, felt as did Isaiah when he said, "Woe is me! for I am undone; because I am a man of unclean lips, and I dwell in the midst of a people of unclean lips: for mine eyes have seen the King, Jehovah of hosts" (Isa. 6:5). However, John had this over Isaiah, he knew that he had been cleansed of all sin and that he stood redeemed in the blood of that One who stood before him. Yes, to him, Jesus said, "Fear not," for I, the Living One, because I died for all, have the keys of death and hades. How blessed is that precious One, Jesus! To His saints, He, some day, is coming in glory to receive them unto Himself.

LESSON QUIZ

1. Who was John? 2. Why was he on Patmos? 3. To whom was he to send the book? 4. The seventh verse is the key to the book, what facts concerning Christ's second coming do you know? 5. What is the figure used here for a church (v. 20 I Tim. 3:15)? 6. See if you can find the ten descriptive items of the vision of the glorified Christ (vs. 12-17)? 7. How did Christ revive His overcome saint? See also Isa. 6:5; Dan. 10:7-11). 8. What does Jesus say of Himself in the golden text?

Fame is of short duration. The ardent Republican newspaper, New York Herald-Tribune, referred to him last week as Governor "Albert" M. Landon.—Canyon News.

Orphanage Is Pride Of Texas Methodism

In Waco, Texas, the Methodist Home is giving these three young ladies another chance at life. Their lives might have been another story except for the Superintendent of the Home, Hubert T. Johnson.

The picture at the left shows the children as they were found surrounded by filth and squalor. The oldest was acting as a little mother, obtaining the meager food from "somewhere," preparing and cooking it for the little family.

The picture at the right shows the marvelous transformation which has occurred within the last few months.

This is typical of hundreds of duplicate cases which are handled by the Methodist Home in Waco, according to Rev. E. C. Raney, who is conducting a campaign for support of the orphanage.

Club Notes

Happenings of Interest by and for Home Demonstration Club Women of the County.

High Point Girl for County

By placing 20 times in the county fair and nine times in the Amarillo Tri-State Fair, Elva Willard was not only high point club girl for the county but she received \$14.75, which she spent for the kind of clothes she wanted.

Elva did not spend all her time making prize winning fair products for she was yard demonstrator for the Wheeler 4-H club. With the help of her parents, she began carrying out her yard plans by building a concrete terrace 45 feet wide and 60 feet long to hold the soil and prevent washing. When the yard was level, it was sodded with Bermuda.

She has caned 75 quarts of food, made 27 garments, 5 cup towels, 2 pair pillow cases, 1 pair curtains, hooked 2 rugs and raised 30 chickens. This, with her school activities, has kept her busy.

Briscoe Girl Starts College Fund

"The prize money that I received from the Amarillo fair two years ago has been loaned out on interest and has grown to \$18," wrote Nellie B. Candler in her 4-H club history.

"This is the beginning of my college fund," she continued, "and my mother and father have promised to add the sales from the vegetable garden to this fund."

Since Nellie B. received \$8.75 from

fair prizes from both state and county this year, the fund continues to grow. Nellie B. is a 4-H girl from Briscoe.

Kelton Girls' Club Meets

Miss Viola Jones, Wheeler county home demonstration agent, met with the Kelton girls, Friday, October 4, for the purpose of organizing a 4-H club. The following officers were elected, Leone Hefley, president; Vondell Davis, vice-president; Billie Jean Henderson, secretary; Rena Johnson, reporter; Miss Flora Mae Gordon, sponsor; Bernice Burrell, garden demonstrator; Leone Hefley, wardrobe demonstrator; Merl Kuykendall, parliamentary and Jauniee Dale, song leader.

Those present were: Leone and Wilma Hefley, Vondell Davis, Billie Jean Henderson, Jauniee Dale, Rena Johnson, Merl Kuykendall, Bernice Burrell, Juanita Prescott, Katherine Whiteley, Onetta and Bernice Joiner, Evelyn Bullock, Evelyn Anderson, Daisy and Landine Cooper, Lorene Harris, Josephine Poole, Billorene Nelson, Flora Mae Gordon and Miss Viola Jones.

BURIAL HERE FOR VICTIM OF ACCIDENT WITH GUN

Leroy Hillman, 9 years old, who was accidentally shot to death at his home in Reydon, Okla., Thursday of last week, was brought here for burial Friday.

He is survived by his father, Bert Hillman, four brothers and two sisters. Leroy was the nephew of Jim Risner of Wheeler and the grandson of Mr. and Mrs. M. L. Risner of Allison.

Methodists Plan For Quarterly Conference

Council To Be Held December 20; Sunday Is Orphanage Day

All members of the Wheeler Methodist church are asked by the pastor, Rev. E. C. Raney, to meet Thursday night next week at the church, to discuss matters of connectional and local importance, which will be submitted to the first quarterly conference on Sunday night, December 20. The choir also is scheduled to meet on Thursday night for rehearsal.

Sunday has been set apart as a special day for the church's orphanage at Waco, and an offering will be taken for the institution. "Some places we have been we have received beans and peas in 100-pound lots and shipped them to the home, and others have given money," Raney said. "They have 40 rollicking, hungry youngsters there, besides a number of teachers and workers to feed three times a day. What will you have to contribute to their needs?" Raney asks.

The church bell is in condition for use now, the pastor states, and will be rung an hour before each service to remind people to get ready.

Sunday, Monday and Wednesday announcements are all standard, Raney states.

Room Mothers Meeting

The home room mothers of Wheeler schools met in the B. room, December 9.

A committee was appointed to select the candy and fruit for the Christmas tree.

Those present were: Mesdames R. F. Watts, Reuben May, Clyde Newsum, H. H. Herd, Ethel Ahler, J. B. Oglesby, Edd Jones, O. A. Sandifer, J. H. Lowrie, Bernice Hubbard, E. W. Brewer, and H. J. Shobbs; Mrs. A. D. May, reporter, and Mrs. John M. Ficke, teacher.

Mr. and Mrs. Cliff Weatherly and son, Joe went to Amarillo Saturday of last week and returned Sunday evening. Miss Dawn, who had been visiting relatives and friends since the Thanksgiving holidays, accompanied them home.

Mr. and Mrs. Joe Hathaway of Mobeetie were Shamrock visitors Wednesday. They were accompanied home by Mrs. Cowan from Mangum, Okla., who will visit her sister, Mrs. George Seitz.

Miss Parilee Clay spent the night with Miss Claudia Johnston at her home in Mobeetie Tuesday. Miss Johnston's grandfather is very ill.
