

Comets Are LL Champs

Eastland's Little League Comets overcame a four run disadvantage suffered in the first inning to down the Lions, 6-4, for the League championship Thursday night at Wright Field.

The Comets, winners of the regular season, thus took all the honors as they completed their march through the playoffs. Winning third place honors were the Bulldogs, 7-2 victories over the Medics.

It was a fine game which determined the championship. It looked like the Lions were going to pull it their way as they combined two hits and two Comet errors in the first frame to get four big runs. After that the Comet pitchers had things all their way. The Lions didn't get another hit until the last inning. Larry Wilson started on the mound for the winners and pitched four frames. He got relief from Mike Miller, who got credit for the victory.

The Comets had a big inning of their own in the second, getting four runs to tie up the show, then got two more runs in the fifth inning to take the ballgame. The losing pitcher was Lane Gregory, who relieved starter Ronny Pack in the fourth inning. The two pitchers gave up just four hits themselves.

The winning pitcher for the Bulldogs was Larry Mace, who went all the way. He gave up just two hits, and pitched five no hit innings. The two hits, and the two Medics runs came in the fifth inning. Losing pitcher was Wayne Moore.

Following the game a presentation was made to Darwin Miller, president of the League who will retire after this year. The Eastland Telegram trophy was

Intermediate Scouts are grouped according to age, grade, and maturity. Progression in the Intermediate program ranges from simple cookouts and sleeping under the stars to overnighting with in the camp area. Campers who meet swimming qualification may begin boating and canoeing. Skiing, too, is offered to girls who qualify.

Senior Girl Scouts usually sign up for the Primitive Session offered. Campers in the primitive unit select their own campsite and set up an out post unit, choose their own program activities and practice camping skills. They live in tents and build their own unit kitchen, living area, and prepare their own meals.

The whole camping program is geared to meet the Girl Scout camping objectives of stimulating real enjoyment and appreciation of the out-of-doors through progressively adventurous experiences; to provide training in citizenship through the give and take of community living in which each girl has a part in planning and carrying out the camping program with the help of adult leaders; and to contribute to the physical and mental well-being of every camper and to help the development of such qualities as resourcefulness, initiative, and self reliance.

National Guard Units Pull Out For Fort Hood

Eastland County National Guardsmen from the Cisco and Ranger units of the 49th Armored Division were among the 10,000 guardsmen who left today for Fort Hood for 15 days of intensive military training.

First Lt. Bennett Ragsdale of Eastland heads the Ranger unit and Capt. Frank Sayre of Eastland is commanding officer of the Cisco battery. There are a number of Eastland men in each unit.

The citizen-soldiers will trade their civilian clothes and air-conditioned offices for army greens, and tank trails and firing ranges on the sprawling reservation.

"This year's main objective will be training by units, rather than concentration on the individual soldier's skills," said the 49th's commander, Maj. Gen. John L. Thompson. "Training will be directed toward making squads and sections into more effective elements of platoons and longer unit combat-ready teams."

Included in the two-week period will be one week of living in the field. There the Guardsmen will face realistic combat problems as well as the tradition summer enemies—heat, chiggers and snakes.

A highlight of this 13 summer camp will be the division's Governor's Day parade Saturday, July 23rd, and coronation of the "Sweetheart of the 49th Armored Division" during the day's ceremonies.

Longtime Gordon Merchant Dies Thursday

John Harlin, 89, a resident of Gordon since 1890, died Thursday at 8 a.m. in a Strawn hospital where he was rushed Wednesday afternoon after being stricken with a heart attack.

Funeral services were conducted at the gravesite at New Gordon Cemetery Friday at 4 p.m. with the Rev. J. W. Gill of Troy, former pastor of First Methodist Church at Gordon, officiating. Buzbee Funeral Home directed arrangements.

The body lay in state at the First Methodist Church in Gordon from 2:00 p.m. to 3:30 p.m. Friday.

Mr. Harlin was born in Carroll County, Mississippi December 12, 1870. After moving to Gordon with his family in 1890 he worked in the merchandising business and in 1922 went into the general merchandising business on his own. He was at his store Wednesday afternoon when he was stricken and had never retired from active participation in the business. He had been a member of the Presbyterian Church, a Mason, Knights Templar, Shrine and Knights of Pythias for over 50 years. His wife, the former Mattie Cooper, preceded him in death April 6, 1957.

Surviving are two sons, T. M. Harlin Sr. and John Boyd Harlin, and two grandsons, T. M. Harlin Jr. and John Bryant Harlin, all of Gordon and a sister, Mrs. H. P. Henegar of Fort Worth.

Peanut Crop Has Good Start

T. C. Wylie, manager of the Ranger Peanut Company and president of the Southwestern Peanut Shellers Association announced today that although it is still too early for a definite prediction, the prospects for a good peanut crop in Eastland County look very favorable.

Ideal planting conditions earlier gave most county farmers a good

stand of peanuts, and early season has provided for good growth up to this time.

Recent scattered showers over the county has contributed to the moisture, although some areas have been missed with the rainfall. The young crop hasn't suffered for moisture as yet, but good rainfall will be needed in the next two months to insure a good crop.

It was also indicated in the report from Wylie that most of the county allotment was planted this year. Only about 2000 acres of the approximately 29,000 acre county allotment was not planted. This was due to many small allotments not being turned back to the county committee for re-assignment.

Another two weeks will be needed before a definite forecast can be made for the county peanut crop outcome.

County Native Dies Thursday In Cisco

Cisco — Funeral for James C. Watson, 77 lifetime resident of Eastland County, was held at 1 p.m. Saturday at Wylie Funeral Home in Cisco.

The Rev. E. W. Way, pastor of the Assembly of God Church, officiated. Burial was in Oakwood Cemetery.

Mr. Watson died at 10:40 a.m. Thursday in Graham Hospital in Cisco, following a lengthy illness.

Born Nov. 23, 1882, in Eastland County, he married Sylvia Tomlinson in 1944. An employee of Choate Drilling Co. for more than 22 years, Mr. Watson was a member of the Cisco Assembly of God Church.

Surviving are his wife of Rt. 3, Cisco; three sons, Gene of Brownwood, and Bowden and Tommy of Houston; two daughters, Mrs. Cleo Miles of Houston and Mrs. Betty Jo Barnett of Graham; two stepchildren, Mrs. Margie Wright of Odessa and Ralph Smith of Houston; 13 grandchildren and four great-grandchildren.

Posters Warn License Needed For Fishermen

A new warning to fishermen to buy licenses now is being posted in public places near the water for the benefit of fishermen, according to the director of law enforcement of the Game and Fish Commission.

The large placards remind that a fishing license is required to fish in salt or fresh water, unless:

1. You are under 17 or over 65 years of age.
2. You fish on property which you own or upon which you reside.
3. You fish with a trotline, throwline or ordinary pole and line having no reel or other winding device attached IF you are fishing in the county in which you reside.
4. You have a commercial fisherman's license. BUT if you have a commercial license, then you must: (a) observe commercial size limits; (b) have a license for your boat, trawl, oyster dredge or nets of any kind (if you use them).

If you are in doubt about your need of a fishing license, then see your game warden.

The current fishing license is in effect until Aug. 31, when new licenses must be procured.

I GIVE YOU TEXAS

By Boyce House

It was a drizzling, gloomy day and a windshield, smudged with mud whenever another car passed, made driving a task. As I pulled into a service station, the thought arose: Here is a man who is sheltered from the weather and safe from the hazards of the highway. The proprietor, as he filled the gas tank, asked, "Do you drive around over the State a good deal in your work?"

"Yes," I replied. He continued, "I just stay here by the road and watch others go by. You have a job that is real living."

People who don't make speeches think that it is a simple matter for an experienced speaker to make one.

How mistaken this idea is! In the space of 11 months, this chronicler has made eight addresses in the Lower Rio Grande Valley. On an average, I use 20 jokes in a speech—that's about one per minute. For fear that someone at one of the meetings will be present at a later one, eight completely different speeches were made. This required about 160 stories and that is about equal, in words, to one-third of the book, "I Give You Texas."

And it's not as simple even as that. You can't use just any stories; they have to have a purpose, an idea to emphasize and they must be fitted into a pattern; so, with the planning, the selection of material, going through it to get it in hand and the physical and mental effort of actual delivery—besides the worry as to whether the remarks will flop—this all adds up to a serious undertaking, even if it is a humorous speech.

Waco has a "midget market." Snappy Sam says, "I didn't think Waco would have enough midgets to support a market."

Lone Star Gas to Begin Laying Gathering Lines

Becky McAlister Attends TCU Twirling School

Miss Becky McAlister of Eastland is attending the second high school twirling and drum majoring workshop conducted on the campus of Texas Christian University this summer.

A total of 199 high school students from across the state of Texas, as well as representatives as far away as Georgia and Nebraska, are enrolled in the week-long clinic instructed by F. R. Woodard of Fort Worth, a former drum major with the TCU Horned Frog Band. The workshop is scheduled July 10-15.

The twirling classes are part of an annual High School Summer Workshop sponsored by the TCU School of Fine Arts. Initial workshop sessions were held in June when courses were offered in ballet, band, orchestra, speech and theatre, as well as in twirling and drum majoring. Some 500 students have participated in the combined sessions this year.

Dr. Lawrence A. Hanley of the TCU music faculty is general chairman of the workshop activities.

Purpose of the program is to encourage high school musicians and speech students to continue participation in these activities during the summer months.

Frogs Take ... Over City

Eastland may have to come up with a city frog scoop if things don't change.

Following Friday night's rain city streets had a lot more frogs in them than they did water. The age old argument "can it rain frogs," started anew. "I don't know where the frogs came from," one irate citizen declared, "but I know where I wish they would go!"

Hewett To Conduct Percussion School

A percussion school will be sponsored by the Music Department of Ranger College, August 8-12, 1960. The school is open to all students from the seventh to the twelfth grades. Also there will be a special class for directors.

The instructor will be Phil Hewett, band director of Eastland High School. Hewett holds the B. M. E. degree from Texas Christian University, is a graduate of the U. S. N. School of Music, and is a member of the National Association of Rudimental Drummers. He taught percussion at Del Mar Junior College and T.C.U. before coming to Eastland in 1959. He has played with the Fort Worth Symphony, Fort Worth Opera Company, and dance bands in the Fort Worth-Dallas area since 1951.

Assistant instructor will be J. O. Heath, band director at Whitesboro High School. He also has a B. M. E. degree from T. C. U. and is also a member of the National Association of Rudimental Drummers. He has played with the Fort Worth Symphony and the T.C.U. Symphony.

The school is being held for the purpose of teaching drummers new cadences and giving them a chance to become acquainted with the playing technique of the tympani, xylophone, tambourine, castanets, bass drum, snare drum, dance drums, and all other members of the percussion family.

Student classes will be given a good rudimental background and then be shown the practical application of the rudiments. In addition, students will hear solos and ensembles plus some work on dance drums.

Work on the gathering lines probably will begin within two weeks, a Lone Star official said. Surveys and right-of-way purchases must be completed first, he stated.

Purpose of the pipeline network is to transport gas purchased from Coastal States Gas Producing Company into Lone Star's transmission system near Gordon. Coastal States is constructing a 1,320 horsepower compressor station in the Rising Star area to compress low pressure gas in the area into the 37-mile pipeline.

It is planned for the station to begin operating when the gathering system is completed.

The 37-mile pipeline was completed last week by Lone Star's construction crew No. 2 under direction of J. T. Beiknap, superintendent. About four weeks were required to finish the line. It runs in a northeasterly direction from the Rising Star area through Comanche, Eastland and Erath counties.

Schools for 4-H Boys and Girls Are Announced

Record Book Schools for the 4-H boys and girls of Eastland County have been set for July 20 and 21. They will be held in four towns in the county, Eastland, Gorman, Rising Star and Cisco.

All 4-H members in the county are invited and encouraged to attend one of the schools.

The Cisco record school will be held in the Cisco Chamber of Commerce Conference room at 8:30 a.m. on July 20 and on the same date at 2 p.m. a record school will be held at Gorman in the Southwestern Peanut Growers Association office. At Eastland the record book school will be held in Texas Electric Conference Room July 21 at 8:30 a.m. and in Rising Star on the same date at 2 p.m. in the Vocational Agriculture class room.

At the schools the 4-Hers will learn how to fill out record books that will qualify to enter in the county record book contest and if a winner there the record book competes in the District 4-H Records contest and from there the best two record books are sent on to A. & M. College to compete in the State 4-H Record Book contest.

Four-H members are encouraged to bring their parents to these meetings also.

Water Shortage Feared

Despite abnormally heavy water consumption, occasioned by 100 degree plus temperatures, Cross Plains water department was able to meet all demands this past week. Pat McNeil Jr., water commissioner, told the Review Tuesday, however, that he is apprehensive for the future if present demands remain constant. Mondays and Fridays are ordinarily peak consumption days, he pointed out, and on Monday of this week 28,000 more gallons of water were used than produced. He said the city has 23 wells pumping "every drop they will make, however the water table appears to be dropping." —Cross Plains Review

Stadium Due Repairs

An immediate repair program for Chesley Field, the football stadium, was approved Tuesday by the Cisco Public Schools board of trustees. Work will be completed before the football season begins. Plans call for the north stands to be repaired along with the press box and rest rooms. The fence around the playing field is due to be moved a few feet to allow more room for spectators to enter and leave the stadium. Improvement of the lights for night play will be studied. —The Cisco Press

Mrs. Mary C. Dunham of Eastland, a gold star mother, accepted the government's invitation to make the pilgrimage to the cemeteries of France. She left Eastland this month for New York City, from which port she will sail for France. She is the only gold star mother making the trip from Eastland.

Eastland, Ranger and Cisco, as well as common districts and most of the other independent school districts showed gains in the scholastic census this year. The new figures will be the basis of paying the state scholastic appointment this year.

Comparative figures on the census report are: Eastland from 2,557 to 2,743; Ranger from 1,859 to 1,951; and Cisco from 1,508 to 1,557.

July 17, 1940
With the three major cities in Eastland County, Eastland, Ranger and Cisco, showing a total population decline of nearly 8,500 during the past 10 years, the county as a whole showed a decline of only 3,784, according to census figures and showed an increase of 355 farms put into cultivation during that period.

A concrete block building machine built entirely from materials salvaged by the employees of the NYA metal shop in Ranger, was shipped to Texas Technological College in Lubbock for the purpose of making concrete blocks for building construction.

Christian Science

The way to unflinching peace and satisfaction will be pointed out at Christian Science churches Sunday in a Lesson - Sermon entitled "Life," the first of a series this summer devoted to synonyms for God. Opening the Scriptural selections to be read are these verses from Psalms (36:7-9): "How excellent is thy loving kindness, O God! therefore the children of men put their trust under the shadow of thy wings. They shall be abundantly satisfied with the fatness of thy house; and thou shalt make them drink of the river of thy pleasures. For with thee is the fountain of life."
Correlate ve citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include (516:9-12): "God fashions all things, after His own likeness. Life is reflected in existence. Truth in truthfulness, God in goodness, which impart their own peace and permanence."

Homemakers Class Attends Covered Dish Supper Tues.

Mr. and Mrs. Ben Hamner were host and hostess to the members of the Homemakers' Sunday school class of the First Baptist Church at their picture-circle with Lake Leon cabin Tuesday evening.

Mr. and Mrs. H. T. Weaver were co-host and co-hostess to the covered dish supper. The invocation was given by Mrs. R. L. Young with Mrs. H. C. O'Brien giving the devotional.

The meal consisted of fried chicken, potato salad, baked beans, sliced tomatoes, fruit salad, cantaloupe, asparagus au gratin, fresh peach halves, homemade ice cream, cake, pie and iced tea.

Members and their guests enjoyed an evening of visiting, boating, and games of croquet and shuffle board.

Those attending were Messrs. and Mmes. E. E. Layton, L. D. Harris, H. C. O'Brien, Bruce Butler, Tom Amis, D. L. Kincaid, H. M. Hart, Esco Walter, Howard Upchurch, O. L. Hooper

and Albert Cartledge and Mmes. Myrtle Anderson, Anna Bumpass, Hilda Everett, Hood, Iral Inzer, Carl Frances Zernial, Frank Roy Young, E. T. Alton, Victor Cornelius, Helen Patter-son, Ione Bounds and the hosts and hostesses, Mr. and Mrs. Hamner and Mr. and Mrs. Weaver.

SEEING isn't always BELIEVING—

It's hard to believe, for example, that this small boy caught so big a fish...

But when it comes to records of farm and family expenditures, if you've paid all bills by check you'll see the whole story on your checkbook stubs — and you can believe what you see, because the records were made when you paid. You won't have to fish for receipts, either — those, in the form of cancelled checks, will be yours automatically.
