

Concert Will Highlight All-District Band Meet

Eastland will play host to some 400 band students Saturday when the District Band meeting is held here.

Bands from 25 towns are expected to attend the clinic. Registration will begin at 8:30 a. m. at the Eastland band hall and continue until 9 a. m. Try outs and seating in the bands will be held from 9 a. m. until noon. All visiting directors will assist in this phase of the work. Two bands, an all-district and a second band, will be selected.

Lunch will be served at noon by the Band Boosters Club. Eastland citizens have been invited to eat with the visiting bandmen.

Rehearsals will begin at 1 p. m. and continue through 5 p. m. and

a concert will be given in the high school auditorium at 7 p. m.

The first band will be conducted by James Mallow of Santa Anna, Jim Campbell of Breckenridge, Ellis Riche of Cisco, James Lane of Albany, Raymond Rike of Coleman and Joe Foster of Glen Rose.

Band masters who will conduct the second band will include J. B. Beck of Junction, Phillip Hewett of Eastland, Jack King of Comanche and Clifford Offill of Dublin.

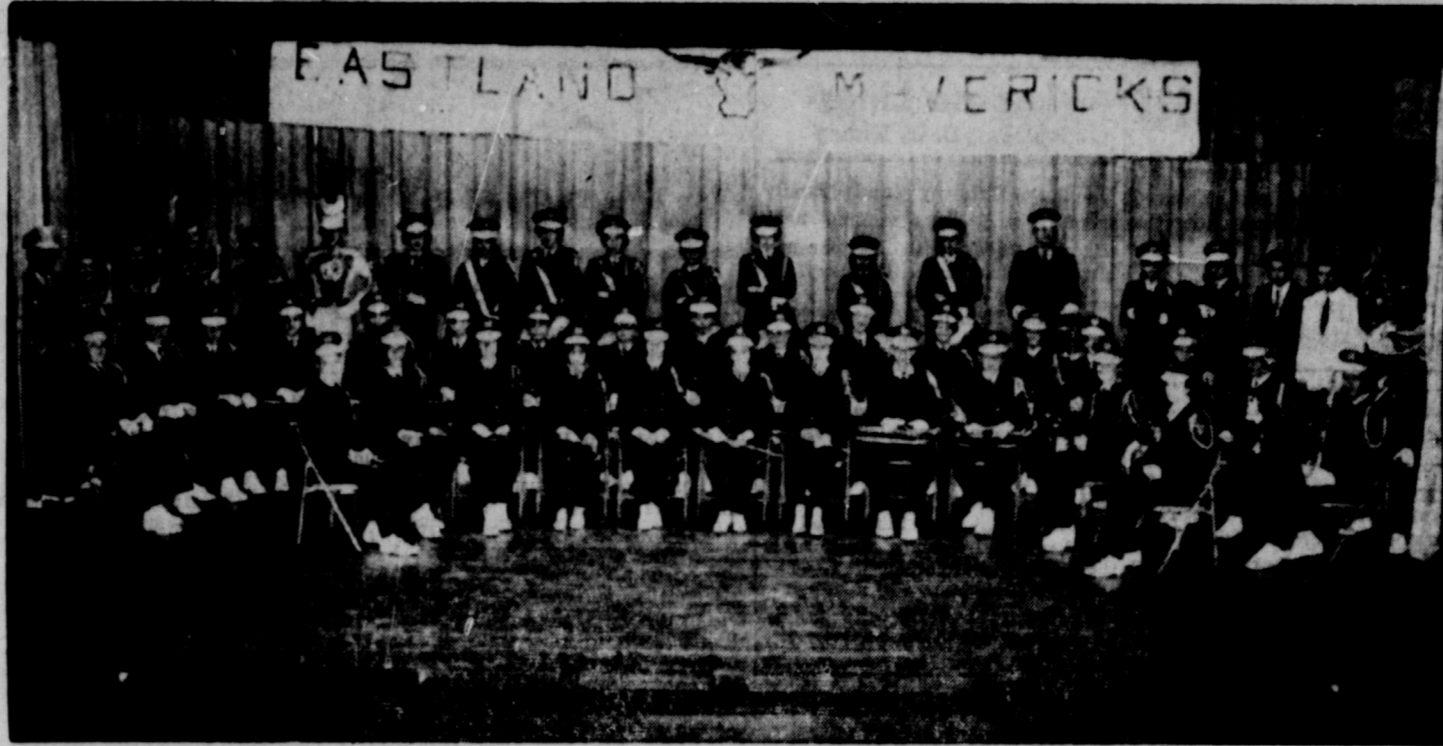

First band selections will include Klaxon, Beguine Festival, Kentucky 100, Belmont Overture, Selected from Music Man, National Emblem, Men of Honor and Way Down Yonder in New Orleans.

Second band selections will be Boom Town U.S.A., Cuban Capers, Air and March, T. V. Suite and Sight Reading Material.

MOORE about... EASTLAND

by Virgil E. Moore

Writing in his column in the "Texas Christian Advocate," official Methodist Church newspaper in Texas, Carl E. Knightley, editor, had these kind remarks: "I'm always impressed as I enter Eastland... the Village Hotel, the courthouse and the Eastland National Bank sit on a rise, and tower above the other buildings of the town so that they look like the skyline of what promises to be a large city. It symbolizes and reminds you that you can do impressive things even in small places—a good lesson for every preacher to keep in mind."

"Eastland, and its twin town, Cisco, a few miles west, are neat attractive places in which to live."

Our thanks to Mrs. Tom Haley who handed us this clipping.

Never did mention the fact that about 30 Eastland football fans were in Clyde last week to see the Clyde-Aspermont football game. Eastland had more fans at the game than Aspermont. We would say that was quite a compliment to Clyde Coach Jon Tate. Tate, of course, was assistant coach here up until this year. His team, by the way, has a record of three wins, one loss and one tie.

Every once in a while we see a person doing an excellent job of public relations for their club, business or church. We always mean to mention the fact, but often fail to. Mrs. James Johnston is doing such a job for her church (the First Baptist). She has supplied the Telegram with some excellent news coverage of her church. So if you think the Baptists are getting more news space than your church, do something about it. (Continued on Page Two)

TANNER IS RE-ELECTED

Clyde Young Is New C-C Prexy

Clyde Young, owner-operator of Young's Dry Goods Store, is new president of the Eastland Chamber of Commerce. Young was elected Wednesday at a noon luncheon meeting.

Milton Pullen was named first vice president and Golden Goldston was elected second vice president. H. J. Tanner was re-elected to serve as chamber manager.

Garrett Tells Lions of Work Done at Camp

H. R. (Pop) Garrett, international counselor of Lions International, told Eastland Lions Tuesday that they are doing an important job in helping operate the Texas Lions Camp for crippled children.

Garrett pointed out that all Texas Lions have had a part in making the camp a success. The camp was opened in 1953 and now serves 720 handicapped youngsters with two weeks crammed with camping fun each summer. The local club has sent children to the camp in the past and always seeks to find deserving children which they can sponsor. All expenses are paid.

The camp is located at Kerrville and is now in use the year around.

For the past three years the camp has been used during the other months as a training center for the adult blind.

The camp now represents an investment of more than \$600,000 in 16 buildings on 504 hillside acres.

Rambler Goes On Display Today in Eastland

Featuring fresh sculptured styling, economy of operation and a new three seat station wagon, the 1960 line of Rambler Six and Rebel V-8 models will go on sale today at Tom's Rambler Co. in Eastland.

The new models will be slightly shorter than comparable 1959 models but will have the same roomy interior dimensions, including five-foot-wide seats for six passengers. The more compact exterior will permit even greater

A nominating committee composed of Frank Sayre, Charles Freyschlag and Gordon Goldston nominated the new officers. Dr. James Whittington seconded the nomination from the floor and the officers were elected without a negative vote.

Bob Perkins, outgoing president, was presented with a desk clock by directors. Frank Sayre made the presentation, praising Perkins' efforts during the past year.

Young, in taking over the helm of the C-C, called for a united effort to improve Eastland during the coming year. He pledged his tireless efforts to make a good president.

Directors voted to hold a night meeting next month instead of the usual luncheon meeting so that more time could be devoted to naming committees and doing other such work.

Lark On Display At McGraw Motor Co. in Eastland

Engineering changes for Studebaker-Packard's Lark for 1960 will be primarily under the hood—and drivers will feel the improvements, if not see them, Larry McGraw, of McGraw Motor Co. in Eastland, said Thursday.

The Lark Six, on display today, economy tested by thousands of motorists over hundreds of thousands of miles in 1959, will feature a new carburetor to give its proved power plant more efficient operation and improved performance.

Supplementing the carburetor, modifications of the cylinder head, combustion design, torque converter, starter and air cleaner, along with new Buyl engine mounts—all add up to livelier response, smoother operation and easier starting under all conditions for 1960.

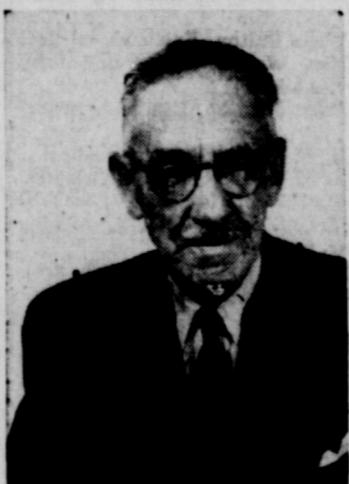

The Lark V-8, performance tested for the new era of convention-

Earl Conner will speak at the Men's Fellowship Bible Class Sunday at 9:30 at the First Christian Church. A social hour is planned and coffee will be served. The First Baptist Church (Colored) choir will provide special entertainment. The meeting begins at 9:30.

Hardin-Simmons University students of Eastland, Shackelford and Stephens counties will meet at the White Elephant restaurant in Eastland Monday at 7 p. m. It is hoped that a new chapter of the Ex-Students Association can be organized.

Firemen answered an alarm Wednesday at 306 South High. The gas tank on an automobile was on fire, but was extinguished before heavy damage resulted.

Funeral Services For Mrs. Owen Set For Friday

Funeral services will be held Friday at 2:30 p. m. at the Hamner Funeral Home chapel in Eastland for Mrs. Briggs Owen, who died at 11:30 p. m. Wednesday in the home of a niece, Mrs. Gladys Morton, in Ranger.

Mrs. Owen, 85, was a longtime resident of Eastland. She was a member of the Methodist Church.

She is survived by several nieces and nephews.

Burial will be in Eastland cemetery.

McAnally Now Owner of Pest Control Service

W. H. McAnally, manager of Southwestern Bell Telephone Co. in this area for the past 19 years, has announced his resignation from the company and his association with McAnally Pest Control. (Continued on Page Six)

Jody Burns Is New Operator at Ruby Crawley's

Jody Burns is now associated with Ruby Crawley Beauty Shop, Mrs. Crawley announced Thursday.

Mrs. Burns specializes in hair shaping and hair tinting, having four years experience. She moved to Eastland from Hico and is the mother of two children.

District Play Opens

Mavs Test Coleman Friday In Key Game

With a three and two record in non-district play tucked beneath their belts, the Eastland Mavericks open serious competition here Friday night by hosting the Coleman Bluecats in a District 7-AA encounter. Kickoff time at Maverick Stadium is 8 p. m.

The Mavs, believed capable of playing good football, will probably go into the game as slight favorites, according to most sports writers. Coleman, a young team from a big school, will have the depth on the Mavs, however.

Eastland may be seriously hurt again by injuries. James Lewis is suffering from an injured hip and may not see action. Bill Moylan has been complaining of back pains and he too may sit this one out.

If Lewis doesn't get to play, John Garrett will most likely get the call at fullback. His running mates will be Mickey Garner at quarterback, John Stroud at

one half and Buddy Moser at the other. J. D. Ables, a freshman, and Rodger Taylor also will likely see some action.

The line will have Don Wilson and Martin Day at ends, Philip Lewis and Bill Jones at tackle, Marvin Agnew and Bill Moylan at guards and Don Hazard at center. The Bluecats will have Casey

Plymouths For 1960 On Display Locally Friday

The 1960 Plymouth which goes on display at Blevins Motor Co. and Rushing Motor Co. Friday is the strongest, quietest, fastest accelerating, and most economical operating car in Plymouth's history. It features unified body and frame structure and completely new styling.

Harry E. Chesebrough, vice-president of Chrysler Corporation and general manager of the Plymouth - De Soto - Valiant division, says the 1960 Plymouth "creates new standards for its price class on any basis, on which you can compare automobiles." He cited several innovations in body construction, engine design and the joining of the various assemblies to produce longer life, improved comfort, and a better fuel economy with even quicker performance and less maintenance cost.

Two completely new engines are added to the 1960 Plymouth line, each of uniquely different design and each developed to fulfill a specific requirement. The 30-D Economy Six is introduced for drivers who require maximum fuel

Police Have One Lead In Recent School Theft

Police Chief Ray Laney revealed today that he is working on "one good lead" in the recent theft of two adding machines and a check protector which were taken from Eastland High School.

Chief Laney said the theft occurred Friday night. He said that police are puzzled at how entry was made. All doors were still closed the following day.

7-AA PREDICTIONS

Here are predictions on this week's District 7-AA games: Coleman over Eastland, 19-7. Desires could change this! Ballinger to down Cisco, 20-13. Biggest upset of year. Winters to freeze Ranger, 14-8.

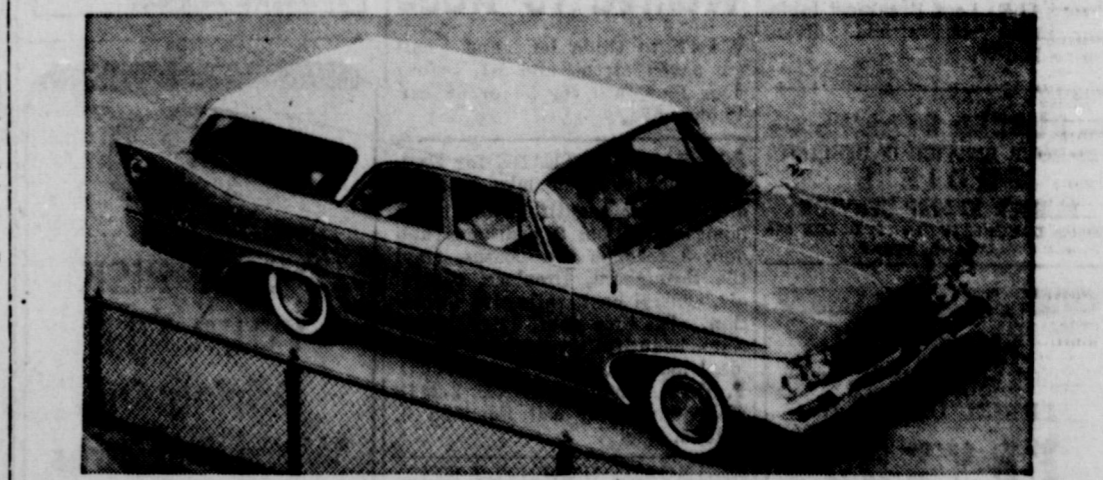

Thomas at fullback, Mike Mayes at quarterback and Ronald Ritty and Charles Graves at the half-back slots. In the line it will be Ward Lane and Hubert Welch at ends, James Calhoun and Claude Hart at tackles, Stanley Tubbs and Jimmy Wrench at guards and Bob Johnston at center.

County Changes Insurance Plan

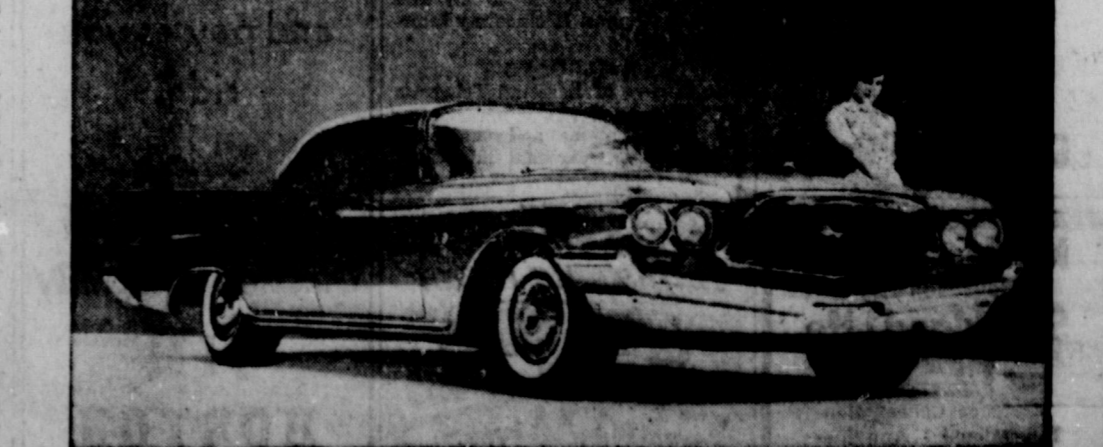

Eastland County Commissioners voted this week to change their hospitalization and life insurance group plan.

Under the new set-up, employees of the county will have the opportunity to participate in a Blue Cross, Blue Shield hospitalization program, and a Fortune Life Insurance Co. life insurance plan.

THE NEW PLYMOUTH—The 1960 Plymouth goes on display in Eastland Friday at Blevins Motor Co. and Rushing Motor Co. The new Plymouth features unified body and frame structure and completely new styling. Two completely new engines are added in the 1960 Plymouth line.

NOW AT BLEVINS—The all-new Chrysler New Yorker four door hardtop offers more headroom and legroom. Its advanced styling is in the tradition of Chrysler 300, with massive air-scoop front grille and a minimum of ornamentation. The new Chrysler can be seen Friday at Blevins Motor Co. in Eastland.

AT TOM'S TODAY—Crisply sculptured lines which blend with each other to provide an overall package design highlight the Rambler line of 1960, which goes on sale in Eastland today at Tom's Rambler Co. An addition to the line is a new three-seat station wagon. The 1960 models have larger windows and increased entrance room. Shown is the Rambler Six Custom four-door sedan.

Rhodes' Roundup

By Oran Wayne Rhodes

Hi! We have had another week pass by, as this year is sneaking by rapidly. This last week was Eastland's open date, but this week the Mavericks are ready to take on the Coleman Bluecats in Maverick Stadium. After a week's rest and more instruction, the Mavericks might be fired up enough to take this first district game. At any rate, it ought to be a good game and I would like to see another good Eastland crowd on hand. I think the Eastland fans have been very faithful in their support and I think that it will help the team greatly to continue this support, especially since we are entering the tough district play.

Tonight there will be a bon fire pep rally just south of the Little League ball field. The Freshmen have been out gathering wood and material this week and it will surely be the biggest bon fire pep rally that Eastland has had in a long time. The time of the pep rally is 7 and I would like to see a big crowd on hand. Everyone is invited and I hope that everyone comes as well as you.

Congratulations to the fire theme winners. This week the winners of the annual fire theme contest were announced. I was especially happy to see the fine work turned in by the underclassmen. Those who did not win a prize but won honorable mention

Mrs. Johnston turns in well written, typed news releases, and believe us, the news desk appreciates such help.

The deer season opens Saturday in the Colorado western slope and area hunters were pulling out this week for that state. Among the Eastland hunters who left for Colorado were Dr. H. L. Bulgerin, A. D. Taylor, Billie Cooper, J. C. Tankersley, Bud Franklin, Tommy Morgan, and Paul Taylor and party. Others from this area include J. V. Heyser, Red Honea, and Dr. C. H. Ballew, all of Cisco, and J. D. Harrison and party of Strawn.

parking ease and maneuverability. "While maintaining full seat, leg or luggage room, overall length has been reduced up to four inches," Roy Abernethy, American Motors vice president, said. This was made possible by the design of the new bumpers and bumper guards. Wheelbase length remains at 108 inches. Overall length of both the 1960 sedan more than 1 2-3 feet shorter than other top-selling cars.

Horse power of the Rambler Six will remain at 127, while the Rebel V-8 has been reduced to 200 horsepower for increased fuel economy. Optional power-packs will increase the Six to 138 horsepower and the Rebel V-8 to 215. A further fuel-cost saving is possible because regular grade gasoline is recommended for all models.

Annual Meeting Of Farm Bureau Set for Oct. 22

The annual meeting of the Eastland County Farm Bureau will be held Thursday, Oct. 22 at 7:30 p.m. at the First Methodist Church in Eastland with John Love, president, presiding.

Delegates to represent the county at the State Farm Bureau convention which meets Nov. 9-11 in San Antonio will be elected as well as local officers and directors for the coming year.

Resolutions which affect farmers, ranchers and agriculture in general will be presented for discussion by the resolution committee headed by Ray A. Norris.

All Farm Bureau members have been urged to plan to attend.

THE BAND WAGON

By MRS. ANDY TAYLOR

The Band Boosters' regular monthly meeting, held in the band hall Monday night, October 12, was the best attended of any held this year. Final plans were completed for the clubs furnishing a hot noon meal and concessions all day on Saturday, October 17 for some 400 band students of the area due here for District Band Contest at Eastland High School.

President James Wright, asked all members to "put their shoulders to the wheel" for all-out support of projects sponsored by the Band Boosters for the uniform fund. He also expressed appreciation for the tireless work of committees already working.

The concession stand at Maverick Stadium will be operated as usual for the Coleman game here Friday night. Plenty of hot coffee, popcorn, sandwiches, and cup cakes will be served beginning at 7 p.m.

The next regular meeting of the Band Boosters Club will be on Monday night, Nov. 3.

Following the business meeting the Maverick Band majorettes served punch and cookies. These were enjoyed during the showing of recent movie films made of the band in action. The reel was shown by Phillip Hewett, band director. (James Reid was Camera-man.)

HOLLYWOOD HAPPENINGS

news from the HOLLYWOOD V-ETTE VASSARETTE FACTORY By GEORGIA GOSNELL

We are going to crown our new credit union queen this week. Mrs. Pauline Hill was elected by majority vote by the credit union members several days back. "Polly" has a wonderful sense of humor and is really a nice person to work with. We all wish her a happy year while serving as our queen. Our present queen is Mrs. Alta Mac-Cornic and a very charming queen she has been.

You all have heard the story about the three bears, well, it has really happened to Bill and Hoyet Nichols over Ranger way. They went to Ft. Worth to visit their daughter, Barbara, and to do some shopping. When they returned home, mind you, "Someone had been sleeping in their bed" Their son, Billy Mac, who is stationed in Mineral Wells, had been there to visit them.

Gale Hogan, son of Dausie and Oliver, came in on the train last Monday after receiving an honorable discharge from the Air Force in South Carolina. Gale has served four years in service, with a little over two spent in Turkey.

Dave and Dora Frambrough had several visitors Sunday. Dora's sisters, Mrs. John Nichols of Carbon and Mr. and Mrs. Robert Walker of Dublin. Also Dora's brother and his wife, Mr. and Mrs. J. T. Mathews of Moran. Coming from Breckenridge were Dave's sister, Emma and Kate.

Visiting in the George and Elsie Pogue home this weekend were their daughter and family, Mr. and Mrs. Kenneth Holt and son, Danny. They all went to the fair Sunday. Their other daughter, Sandra, attended the fair also.

Jimmy and Linda Sandlin attended the rodeo in Huntsville Sunday. We are happy that Linda is able to be out and around after her sudden illness.

If any of you have never gone on a fox hunt, you have missed something. I went last Saturday night with my other half, Andy, and I have never seen as many creeks in all my life in one section of land. Anyway, we had a good hunt and had a nice time just the two of us and about one thousand mosquitoes.

Mr. Otis Reese passed away suddenly last Saturday morning at his home in Eunice, N. M. Word was received here of his death by his niece, Mrs. Neva Cantwell, and his sister, Mrs. Myrtle Richardson. Mrs. Richardson left for New Mexico immediately. Services were held Monday at 3 p.m. Myrtle

and Neva are both employed at the plant; and our prayers and sympathy go to them this week and to his family.

Here it is about time to wind up the cat and put out the clock and get all set for a little shut eye, so see you next week?

I GIVE YOU TEXAS

By Boyce House

Reminiscences of an old-time sports writer. Many years ago, I went to a West Texas town to cover a high school football game for a big city daily and the man on the gate refused to honor my pass because it was signed by only one school. The

cost of a ticket was 75 cents and so I paid 38 cents as the non-signing team's share of the gate receipts. (That item was included in my expense account but it wasn't listed by itself!)

Then there was the time that LeRoy Menzing drove 125 miles for the annual Cisco-Abilene classic. He was sports writer for the Fort Worth Star-Telegram and I was editor of an Oil Belt paper. A band was seated in front of the press box and the brass horn was squarely in front of Menzing, completely blocking his view, so I "broadcast" the game to him, telling him who carried the ball, who made the tackle and how many yards were gained or lost, on each play.

They took their football seriously in the old Oil Belt. A visiting sports writer, in a parade before the game, was pelted with clods and another sports writer was seized by a fan who was desirous of pulling him out of the press box. Also there was the occasion that a visiting team sprang an upset and numerous individuals — (I have always suspected they were fans of the losing team) — threw gravel through the open windows of our special train as we were pulling out.

There is the recollection, too, of a fan, indignant at something I wrote, who sent the word that he was going to give me a whipping when he came to Eastland for his team's game. Since he did not know me, several citizens persuaded the county highway officer to put on street clothes and pose as me. Not long before, this officer had arrested three "drunks" and when they became belligerent, he

subdued all three of them with his fists. So I felt this was going to be one fight that "House" would win. The other fellow, however, failed to show up.

The Oil Belt in those days (1921-30) was probably the "hottest" district in the State. It abounded in historic rivalries. When Ranger and Cisco met, or when Breckenridge and Ranger met, or when Eastland and Cisco met, or when Abilene and anybody met, you could look for a ding-dong battle. The four cities were in a space of 50 miles, connected by excellent roads, and the attendance often was greater than the population of the town where the game was being played.

At various times, I was editor (and therefore sports writer) in Cisco, Eastland and Ranger. One season, I would be advocating the cause of the Lobos, the next year the Mavericks, and the following season the Bulldogs. A fellow had to remember at all times where he was!

As a matter of fact, though, my last three seasons, I wrote up the Ranger - Eastland game for both papers — and it was the same writeup, too. (I've always felt that I would make a good trouble-shooter for the United Nations.)

A sports writer wasn't looked upon as much of a success unless he had at least two feuds going with other sports writers. My favorite targets were Blondy Cross of San Angelo and Prexy Anderson of Abilene but occasionally I would go entirely out of my class and try to take on Jinx Tucker of Waco. Actually, we were all very fond of each other but these feuds added zest to living and also made

As dove season comes your way, you may be lucky enough to have some extra birds. If so, stock the freezer with a fresh supply to enjoy later.

It's a very simple process—Draw birds as soon as possible after they have been shot. If there isn't time to do a thorough job of cleaning and dressing, remove the crop and intestines. Chill promptly.

Plucking the birds is preferable to skinning them. Skinning causes dryness and some loss of flavor. Wash birds thoroughly before packaging. Wrap individually in moisture-vapor-proof material. Cellophane, aluminum foil, plastic film different kinds of laminated wrapping papers are satisfactory. Seal with freezer tape. Label with

name and date. To maintain top quality store birds at 0 degrees F. or below. From six to nine months is the recommended storage period. Thaw birds before cooking.

Care of Leather Items—Leather accessories are expensive items in the clothing budget these days. Fall and winter costumes call for more leather bags, belts, gloves and shoes. Proper care will give them a much longer life.

Shoes especially receive hard wear. An economical plan is to have two pairs alternate daily wear, allowing each pair to rest or dry out between wearings. Perspiration weakens leather, and causes shoes to crack and rip. Use a good shoe cream frequently to protect the leather. Preserve the shape of your shoes by using shoe trees or paper pads in toe and heel.

On belts, bags and gloves, use cream or wax polishes to protect the leather and keep it pliable and soft.

To remove spots from leather articles clean with benzene or gasoline, air well and re-polish. Saddle soap can also be used to remove dirt and grease from leather articles between polishings.

Prevent cracking and preserve the finish on patent leather articles with vaseline. Use a cheese

cloth pad to apply a light, even coating once or twice a month.

ANNOUNCING THE NEW PLYMOUTH!

SOLID FOR '60! AT YOUR DEALER'S TOMORROW!

BUILT A NEW SOLID WAY TO GIVE YOU SOLID SATISFACTION

CHRYSLER ENGINEERING INTRODUCES A NEW KIND OF PLYMOUTH THAT MARKS A MAJOR BREAKTHROUGH IN CAR DESIGN. BODY AND FRAME UNIT ARE WELDED TOGETHER AS ONE, IN A NEW WAY. MANY PARTS THAT WORK LOOSE, RATTLE AND NEED FIXING IN ORDINARY CARS ARE ELIMINATED. THIS LOW-PRICE '60 PLYMOUTH IS STRONGER AND ROOMIER. IT USES LESS GAS THAN BEFORE. IT RIDES MORE COMFORTABLY, WE BELIEVE, THAN ANY OTHER CAR IN ITS CLASS.

Chrysler Corporation development behind it. It will suit you particularly if you want a feeling of quality and a sense of craftsmanship. It is built carefully and precisely. We believe there is no other car in the low-price field that resembles it.

PLYMOUTH'S NEW DURA QUIET UNIBODY is a rigidly-formed structure, locked by approximately 5400 precise welds. It has no conventional body bolts, braces, struts or stays to give trouble. Road noises and road shocks are dampened. Even the sound of the wind is hushed.

We doubt if any car at any price has ever ridden or handled as well as this new low-price automobile. Practical Stabilizer Design, incorporating rear stabilizer fins, adds stability on the road, cuts wind resistance, gives better gas mileage.

The new Solid Plymouth is a young, exciting car with ten full years of

AN ALL-NEW INCLINED OVER-HEAD VALVE "6" IS AMONG FIVE PLYMOUTH ENGINE OPTIONS FOR 1960. The first inclined engine ever in an American passenger car is the new Plymouth 30-D Economy Six, most powerful "6" in America. Very economical, it is inclined to make servicing simpler, to lower the car's center of gravity and to make handling and riding easier. Also for 1960: the limited-production SonoRamic Commando V-8*.

Fire Is Serious Threat to Pastures

COLLEGE STATION — In the drier areas of Texas, range fires pose a serious threat to many millions of acres of valuable grasslands. Already this year thousands of acres of grass have been destroyed by fire. G. O. Hoffman, extension range specialist, says precautions should be taken to protect grassland from fires.

Fire guards are cheap insurance against an unexpected fire. They are used for fire protection throughout the entire state from the piney woods of East Texas to the short grass area of West Texas. A fire guard is a bare strip of ground usually just inside the pasture fence. Also, many are made between the bar ditch and the pasture fence. They vary in width, but should be at least 10 feet wide. A fire guard can be made by a road maintainer, old-fashioned road drag, bulldozer or any other kind of scraper. Once the fire guard is made it should be scraped clean of vegetation each year.

If you think of the investment in grass, says Hoffman, it is easy to see that protecting it is a major

IT'S THE LAW in Texas

Agents Necessary In Business

Practically all business transactions of every kind depend upon the services of agents of one kind or another. Your insurance man is an agent and so is the man who sells you real estate, or delivers your groceries, or drives your bus. These are just a few examples and responsibility. If grassland burns, it means that more winter feed than usually needed will be required. Local county agents can supply additional information on building fire guards.

The specialist warns motorists driving through range areas to be careful. Put cigarette butts, cigars and pipe ashes into your car ash-tray instead of throwing them out the window. Hoffman adds that everyone likes a tasty beef steak or lamb chop. To have good meat the animal must be well fed. For the sportsman, grass represents food and cover for deer, quail and other game birds and animals. For the fisherman, the grass means clear streams and better fishing in ponds or lakes. To conserve grass we must all work together, adds Hoffman, using all precautions possible to conserve grass—one of our greatest natural resources.

each under the law of agency is somewhat different.

But they have in common the idea that, in some way or another, they represent or act for someone else. The person or corporation for which they act is known as the principal.

Generally speaking, there are two broad classes of agents—special agents and general agents. For example, suppose you wish to sell your house and you engage a realtor to handle it for you. He is a special agent who represents you in this transaction alone.

On the other hand, if you were to be absent from the city for a long period of time and have business affairs to be cared for, you might grant a power of attorney to a close associate to act in your place as fully as if you were present.

He would be your general agent and could use his own judgment and discretion in conducting your affairs without consulting you as to what should be done with any old or new problems that might arise.

However, the principal is responsible for the conduct of his agent, either general or special, if the agent is acting within his "scope of authority", and someone is injured through the agent's negligence, the principal is liable.

Very often difficult legal questions arise as to whether the conduct of the agent was within the "scope of his authority", and thus binding upon the principal. For example, suppose the grocer's delivery boy while enroute to a customer's home, and despite the grocer's instructions to stick to business while on deliveries, decided to go a mile or so out of his way to see his girl about a date that night. He drives through a stop sign and hits a pedestrian. Is the grocer responsible for this?

Though this is one of the areas of the law that can be very complex at the same time it is one of the areas of the law where fairness, common sense, and common understanding are most important.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in fact may change the application of the law.)

Texas Tops All States In 1958 Net Farm Income

COLLEGE STATION — Texas farmers realized a net income of \$1,001.5 million from farming in 1958, \$474.6 million more than in 1957. Estimates prepared by the Agricultural Marketing Service show that Texas ranks 1st among the states in realized net farm income.

Realized net is the income farm operators have to spend after paying their production expenses.

Average realized net income per farm in Texas amounted to \$3,430 in 1958, compared with \$1,774 in the preceding year. The Texas farm operators ranked 17th among the states in realized net income per farm.

Farm operators in Texas built up inventories of crops and livestock in 1958 by \$46.4 million. When realized net income is adjusted to allow for the change in inventories, the total net farm income of Texas operators was \$1,047.9 million. It was \$719.1 million in 1957.

Cash receipts from sales of farm commodities yielded Texas farmers \$2,372.6 million in 1958 compared with \$1,702 million in 1957. Government payments to farmers totaled \$122.2 million, \$9.5 million more than in the preceding year. The gross farm income of

V. A. Hospital At Dallas Adds New Services

New services for the treatment of mentally-ill veterans at the Dallas Veterans Administration Hospital were announced today by Dr. Walter H. Buckholts, manager.

A psychiatric ward began receiving patients at the Dallas hospital Oct. 5 with a capacity of 42 beds, Dr. Buckholts said. Space is available for expansion of 38 more beds in the future, he added.

The new ward on the eighth floor of the VA hospital includes a solarium and areas for patients' social activities as well as treatment.

At present, the hospital examines from 15 to 25 mentally-ill veterans each week, but has been referring them to the Waco Veterans Administration Hospital and the U. S. Public Health Service Hospital at Fort Worth for treatment.

Some will continue to be referred to these facilities, he said, but many acute cases will be treated in the new Dallas facilities. Mental patients with infectious illness such as tuberculosis are referred to the Veterans Administration Hospital in Houston.

In addition to inpatient care, the new psychiatric service will be

in charge of the Mental Hygiene Clinic which treats from 390 to 500 veterans with emotional ailments each month on an outpatient basis.

The psychiatric beds are in addition to 620 beds for general medical and surgical cases. Mutual support for all services will continue through the VA hospital's affiliation with Southwestern Medical School of the University of Texas at Dallas, Dr. Buckholts said.

More Dallas volunteer hospital workers, who contribute more than 40,000 hours annually at the VA hospital, can well be used to help on the new psychiatric ward, the VA manager pointed out. These volunteers will be given special training to help them understand the problems of mentally-ill veterans. Those wanting to help, may apply to the Chief of Special Services at the VA hospital.

Heading the new service will be Dr. Ben Goodwin, a graduate of Texas Christian University and a Southwestern Medical School. Before coming here in August as chief of the new service, Dr. Goodwin had further training in psychiatry at the Denver, Colorado, Veterans Administration Hospital.

the scrap dealer

We are in the market now for copper wire, brass, aluminum, batteries, radiators, lead, babbitt, zinc and all kinds of scrap iron and tin for our press. The price has advanced.

Each year, the scrap dealers of the United States put back into circulation copper and copper-base alloy scrap in excess of the copper ore mined in this country.
