Mrs. Jessie Perkins Funeral Held Saturday

Funeral for Mrs. Jessie C. Perkins, 83, of LaPorte, formerly of Eastland, who died Thursday night in a Pasadena, Tex., hospital was at 2 p.m. Saturday in Arrington Chapel.

Burial was in Eastland Cemetery with Arrington Funeral Home in charge.

Mrs. Perkins was born in Silver Run, Alabama, on November 23, 1889. Her family moved to Springtown, Texas in 1892.

She was married to Roland Lee Perkins in Weatherford on May 12, 1911, by Judge F.O. McKenzie. During their married life they lived in Springtown, Chilton, Sweetwater, Lodge and moved to Eastland in 1918.

After her death in 1969 of her husband, Mrs. Perkins resided in Eastland until 1971 when she moved to LaPorte, Texas.

Her children are Florence (Mrs. J.O. Kirk) of Pasadena and Colonel Roland L. Perkins of Sheppard Air Force Base, Wichita Falls.

Mrs. Perkins passed away on August 2 at 6:35 p.m. in the Southmore Hospital, Pasadena. Surviving are the two children, four grandchildren; Mrs. Charles R. Goodbread, Dallas; Roland L. Perkins III, Lubbock; Janette and Laura Lee Kirk, Pasadena, and nee great-granddaughter Michelle Lee Goodbread.

At left is assistant store manager Cliff Sanders and at right Manager Eddie Shanafelt.

All is well at Perrys this week with new Manager and assistant manager on the scene.

New manager Eddie Shanafelt from Mexia arrived earlier this week with his wife Sharon, their three children Kathy 4, Douglas 10, and Ricky 12. Mr. Shanafelt has taken James Johnston place as the Eastland store manager after Mr. Johnston moved to take management of a new store at New Bostin.

Mr. Shanafelt has been with Perrys for the past eight and a half years.

Assistant manager Cliff Sanders and wife Judy have one son Wade age 2. They have lived in Stephenville for the past five years.

This is Mr. Sanders first employment with Perrys. He has replaced former assistant manager Ed. Eades who went to Coleman.

Revival At Carbon Church August 5-12

The First Baptist Church of Carbon will hold a revival August 5-12 with services held each day at 10:00 a.m. and 8:00 p.m. Rev.

Delbert Smith will be the evangelist for the revival and Daryl Hirst will be the music director. Special music and gospel preaching will be held at each service.

My son has trimmed his dangling locks. He's cut and let them fall. And all because of what he termed "The cruellest words of all." But now he's past the long-hair stage. And though I'm no contriver, it did me good to hear him called, "A crazy woman driver."

Funeral Rites For Mrs. Vaughn Saturday At 3:30

Elizabeth (Isbell) Vaughn, 64, a retired Eastland teacher died at 7 p.m. Thursday in Hendrick Memorial Hospital in Abilene after a three-week illness.

Funeral was at 3:30 p.m. Saturday in the First Presbyterian Church in Eastland.

The Rev. Bob Marsh, pastor will officiate. Burial was in Eastland Cemetery under direction of Bakker Funeral Home.

She was born May 14, 1909, in Horatio, Ark. She moved to Eastland in 1920.

She was a 1927 graduate of Eastland High School and later attended the University of Arkansas. She graduated from the University of Texas in 1931.

She taught homemaking in Eastland County schools a number of years. She taught music in Eastland from 1966 to 1971.

She was a member of the Eastland Music Club and the Presbyterian Church.

Survivors are one son, Robert T. Vaughn of Phoenix, Ariz.; a daughter, Mrs. C.H. Young of San Diego, Calif.; two brothers, Dr. Harris Isbell and Jim Isbell, both of Eastland; seven grandchildren.

The family requests that remembrances be in the form of contributions to the Eastland Centennial Library or to a cancer fund.

30 Seek \$30,000 For Library

In its quest for \$30,000 for Eastland's New Centennial Memorial Library the Thursday Afternoon Club is presently looking for \$10,000 to put it in the home stretch. The club president has issued the following letter:

Dear Friend: You are undoubtedly aware of progress so far concerning our Centennial Memorial Library. We have reached the \$20,000.00 mark, but estimate another \$10,000.00 is needed.

We are now in Phase Two of this program, namely the renovation. This Library as planned, will be a credit to Eastland. We can call it Eastland's Cultural Center. It will be a Library for which you will be proud. And we feel sure you will want to share in its success. You can say: "This is our Library." We need some large donations, but many small ones add up

fast. So, do what you can and it will be greatly appreciated. Thanking you in advance, we are

Yours very truly,
Thirty Members of the Thursday Afternoon Club.

I REMEMBER
By Dick O'Brien

As my mother used to say: "I have been a little puney the past few days." I remember when it was called "biliousness" and your mother would give you a "through of calomel followed by a large dose of epsom salts or a tablespoon-ful of castor oil." If you were not sick before hand you would be after this treatment. Usually your mother would say "stick your tongue" and if you were taken to a doctor that is the first thing he would say.

The purpose of the salts or castor oil was to keep you from getting "salivated," whatever that was. Another common remedy was "liver regulator." This was called "black draught," and it tasted awful.

Another physical experience was having a tooth pulled. In

BAKKER FUNERAL HOME

306 W. PLUMMER PH. 817-629-1736
EASTLAND, TEXAS 76448

Dear friends,

The present-day funeral has evolved through the years from man's instinctive desire to pay tribute to the life of a deceased person, and man's belief in a spiritual life hereafter.

It reflects our folkways and social customs, and our civic and health rules. The modern funeral symbolizes man's ideals, his hopes, his religious beliefs.

Respectfully,
C. O. Bakker

Gordon Pot

by DeMarquis Gordon

It's good to be back in Eastland County after a fine vacation in the Smokey Mountains. After being a rain almost every day for two weeks it was a disappointing to return and find rain had stopped at the Eastland County line. However, Monday most parts of Eastland County got a good rain.

It was a million dollar rain. As a result the crops are in excellent condition. Our rains have been well distributed and the crops have gotten maximum benefit. Actually the rainfalls the past three months have been below average. The Eastland weather observer, James Dabney, reported .85 inch in May, 2.31 inches in June and 2.04 inches in July. This brings January to August rainfall to 18.76 inches. On August 1st last year we had gotten only 10.18 inches for the first seven months.

The major problems facing agriculture producers this week were army worms and a bailing wire shortage. Bailing contractors and farmers are doing everything possible to get bailing wire, but none have been successful to my knowledge.

Dr. Billy Stewart, Extension Agriculture Engineer at Texas A&M has been in contact with steel suppliers and looking into the problem.

The steel supplies reported that the shortage was brought on by several factors. (1) the dollar devaluation which priced foreign steel above American steel thus creating a much larger than normal demand on the American steel industry. (2) Bailing wire is a seasonal,

low-revenue product; therefore, manufactures and jobbers have a tendency not overstock. Thus supplies become critical in years of high hay production such as we are experiencing at this time (3) Some store manufacturing plants may have diverted their production to automotive, structural and other steel markets. (4) the economy has been experiencing a rapid growth, thereby increasing the average demand for steel.

A general feeling seems to exist that there, will be a continued short supply for up to six months, at which time demand could ease off. But, who is going to need bailing wire on February 1? The fact remains, however, there does not appear to be any immediate relief to the producer with hay ready for harvesting.

It costs up to \$80 per acre to produce hay. If bailing wire is not available the hay will not wait. It must be harvested when ready or it is lost. This is not only a loss to the producer, it will eventually effect us all. Its just one more item that will result in a shorter supply of beef and higher prices next winter.

There are no good alternatives a available to hay producers, but they might consider these: (1) consider changing wire tie balers over to twine tie units. Some have reported that its difficult to buy twine also and the change over could run up to \$500 (2) Convert to the stack method of hay handling or even loose stacking if labor is available, (3) Purchase new twine tie or roll balers. This may be best choice for those who have old equipment which is near the end of its useful life.

Most producers who have army worms in their grass have already sprayed Sevin (80 percent WP) at the rate of 1 1/4 to 13-4 lb. per acre is recommended for control of Army worms. There is no waiting period before grazing or cutting for hay. Parathion is also effective but producers must wait 15 days before grazing or harvesting.

The Light Touch

By Clint Bray

Do you realize that if Sir Isaac Newton hadn't opened his big mouth, leaves might be falling UP?

Usually a cold lasts about five days, but a man can get back to the office sooner if treated with a diet of daytime television.

The most welcome surprise a fellow can give his wife on their wedding anniversary is to remember it!

We don't know why people have so much trouble communicating with each other, but the new postage rates may have something to do with it.

communicating Used car salesman to customer: "This one has the ultimate in safety devices -- it won't run."

Ministers Speak

by Rev. George Simms

Your Heart's Treasure

Posiedon was a ship named after the god of the sea. On its last voyage alp seemed well, and it seemed all would go well. True to the god for which it was named, all had been conquered: tides, hurricanes, squalls, and storms. Then as if a fate had control that the god knew not of, Posiedon met her destroyer when a tidal wave capsized the ship. Passengers trapped inside this man-made dungeon found a cruise converted into a death trap.

From the beginning man has worshipped gods: the god of fertility, the god of health, the god of nature, and in the Bible we find men in Athens worshipping an "unknown god." Man worships whatever has control of Him.

Jesus puts it like this, "Where ever your treasure is; there will your heart be also." You are laying up treasures for yourself, treasure is your job, maybe your treasure is alcohol; maybe you build your

world around drugs; maybe you are imprisoned in a Posiedon of sex that only calls for more; maybe you worship money for what it can give you; or may be your worship the "unknown god". The God not felt with the hands or seen by the eyes or heard by the ears. God who is Spirits and must be worshiped in spirit. Actually, you have only two alternatives.

The Bible says we are "conceived in sin;" therefore, you are a child of Satan, or by faith in Jesus Christ, you are a child of God.

Young people, I want you to examine yourself. Are you a child of God? Where is your treasure? Christian, does the mind of Christ shape your decisions? If you are trapped in a Posiedon leading to death, compare your life style with that lived by Christ. Lay the life you live next to the life of Christ in the Bible and after considering all the end results and consequences choose the one that will give you fulfillment.

Tips for using electricity efficiently:

Resist the temptation to set your thermostat lower than you need to.

Air conditioning engineers recommend that thermostats be set at 76 to 78 degrees for comfort and economy. Every degree below this requires units to work harder and use more electricity.

However, if you plan to be away all day, you can economize by raising the setting five degrees. Turn off the unit when you go on vacation, unless there are items that might be damaged by the heat. If so, leave the unit on, but raise the setting at least five degrees.

Here are some other things you can do to keep your costs as low as possible:

Enjoy cleaner air and lower costs by keeping the filters clean. A dirty filter causes the unit to work harder. Check them at least once a month. If it's a permanent-type filter, clean it according to the manufacturer's directions. Disposable filters should be replaced at least every 90 days, or earlier if necessary.

Also, keep out direct sunlight with awnings, blinds or draperies. Weather-strip doors and windows, and properly insulate walls and ceilings. Be sure the fireplace damper is closed. And, when possible, bathe, cook and do the laundry during cooler parts of the day to prevent heat buildup.

It's our job at Texas Electric to help you get the most value from your electric service. When you have questions about electric air conditioning, or any other use of electricity, please call us. For our free booklet, "Tips to help you use electricity more efficiently throughout your home," call or come by our office, or request one on the comment portion of your electric service bill.

Control Lesser Cornstalk Borer

with **DASANIT** Spray Concentrate insecticide/nematicide

Just band DASANIT Spray Concentrate as a directed basal spray on each side of peanut plants when lesser cornstalk borers infest your fields. Gives 80% reduction of borers within two weeks, residual control for up to 28 days.

Look at these results of research conducted with Texas and Oklahoma growers:

MORE YIELD. Plots treated with DASANIT Spray Concentrate produced yield increases up to 544 pounds per acre, with most tests averaging 15% more than untreated check plots.

MORE INCOME. In some tests where there was no increase in yield, reduction of immature and small nuts resulted in higher grades that increased the value of the crop \$4 to \$51 an acre over untreated plots!

Make DASANIT Spray Concentrate your choice for effective, economical lesser cornstalk borer control this year! Order from your chemical supplier now.

What's Going On At The Chamber
 By James Wright

We called on Mrs. Ida Parrish at Green Street Flower Shop a few days ago and she presented the Chamber Office with a beautiful pot plant. Wasn't that nice?

We are getting many calls on our listing service, but more people are calling in wanting people for jobs, than people wanting to work.

We are extremely happy with the response we are getting with individual memberships in the chamber. You do not need to own a business to belong to the Chamber if you are interested in the continued economic growth of Eastland. Why not call us and ask about our individual membership we need you.

We still have a few Centennial plates and centennial coins left at the Chamber of

Birthday Party

Mr. and Mrs. Clyde Brashear gave a birthday party for their six year old son on August 2 at 10:00 a.m. at the Eastland Park. Cake, cupcakes and Kool-aid was served to the children. The guest of honor was Clyde David Brashear. Those attending were his sister, Betty Ann Brashear, Robert Ragland, Dwight Kinnaid, Claudia, Andy, Kathy, and Andrea Herman, Rod and Sherry Phelps, Floyd Kay Moore, the honoree's grandmother, Mrs. Ida Brashea and aunt, Mrs. G.J. Brashear.

If you didn't get yours, better come by.

Our sincere thanks to Chamber President Buddy Carter and our vice president Bruce Pipkin for their help in the membership drive, to date we have 42 new members since we took office 7-1-73.

As we wind up our first month in office, let us say from the bottom of our hearts, we do appreciate all the splendid cooperation of so many wonderful people.
