Here's Your Chance To Help EHS Have A 70-Piece Band

Eastland fans have been thrilled this year at the great improvement shown in the high school band. The wonderful thing about the band is that it is composed of younger students, students who for the main part will return next year, the year after that, and the year after that. In fact, Eastland High will field a 70-piece band next year, IF . . .

You are the one who will have to answer that big IF. For the EHS band must have new uniforms (There aren't 70 uniforms of any sort) before next year. The Telegram feels this is important enough to donate this ad. We think you will feel it is important enough to help to. Pictures of the proposed two-uniforms-in-one are shown above. There are 70 squares below. Each square represents a prospective band member. You can put a uniform on a member for \$79.20. Note the squares already checked off which have the Band Boosters signature in them. The Boosters have already raised enough money to buy that many uniforms. Will you pput your name in one of the squares and put a bandsman on the field for your school next year. Send your check today to the Band Boosters Club, Box 29, Eastland. (If you can't give \$79.20 join a friend and buy a uniform together).

Dishwashing's done at the snap of a switch when you do it the modern electric way. Instead of soaking, washing, rinsing, and drying dishes by hand, you just load and start your Electric Dishwasher and you're free to tend to other things.

Wash

an Electric Dishwasher!

Dishes?

An Electric Dishwasher not only eliminates a tiresome daily task, it washes your dishes hygienically clean, using water hotter than hands can stand. It helps keep your kitchen tidier and your hands lovelier, And entertaining is much more fun when you're free from dirty dish drudgery.

"CORVAIR HANDLES BETTER, STEERS MORE EASILY, RESPONDS MUCH MORE QUICKLY AND HOLDS THE ROAD MORE SECURELY THAN ANY STOCK FOUR-DOOR SEDAN EVER MADE IN THE U.S."

If you think we're enthusiastic about Corvair, leaf through the leading automotive, sports and science magazines and see what the experts are saying. Then, by all means, drive one yourself.

"Corvair's steering is so light that at parking speeds it feels power assisted; it is so precise as to be absolutely without play, and it is fast enough to allow complete control over every situation."

-Karl Ludvigsen, Sports Cars Illustrated

"Steers like a feather and is extremely quick. . . . This is a beautifully designed automobile, engineered by real pros. . . "

—Tom McCahill, Mechanix Illustrated

"Most surprising thing to me outside of the excellent handling characteristics was the feeling of roominess inside. . . . I didn't have the sensation of driving a small car and the headroom was greater -L. H. Houck, Automotive News

in the Corvair than in some standard

"So far as shopping goes, the Corvair is a housewife's dream. It's small and easily maneuvered without any power steering, and so easily parked . . . it's a lot easier to unload a cart full of groceries into a front trunk at the supermarket than it is into a rear one."

-Rosemary Francis, Popular Science

"I want to state as firmly as I can that the Corvair handles as beautifully and is as safe as-if not safer than-any family car on the road today." -Jim Whipple, Car Life

"There is none of the typical white normally associated with rear engined vehicles. Inside the car, the effect is quite unlike anything we have ever experienced. It almost seems that there is no engine, and the general effect is so quiet as to be almost uncanny."

- John R. Bond, Road & Trad

"No written word can suffice for the genuine pleasure that you will receive and most advanced contribution to transportation. . . . It is a great car."

—Don Stewart, Motor Life
