Census Starts Campaign; "Were You Counted?"

With the 1960 Census of Pophouse in Eastland at 7:30 Thursday night, according to Clifford Rust, secretary-treasurer of the announced the beginning of a to insure that no resident of the to be elected for the new year at area has been overlooked.

Persons who believe they have Foundation. been missed by the census takers are urged to notify the census of Abilene, 'Building for Eterndistrict office by means of "Were ity."
You Counted?" forms. Area newspapers are printing these forms in speed up the complication of pre-liminary population figures for

the area.

Preliminary figures presenting the total population of incorporat-er places of 10,000 or more popul-ation, and for counties, will be is-sued as soon as the district supervisor is convinced that complete count has been mad. Final, detailed population figures will be is-sued in Washington later this year after the returns have been tabulated on the Census Bureau's elect-

ronic computers. The importance of a complete count was stressed by the district supervisor. He pointed out that the population figures complied in the current census must stand as fficial until the next Federal

'Federal aid funds are alloted to State and State funds, in turn, are allotted to counties and munic-palities or a per capita basic. So a short count means a short allot-ment. Thus, it is imperative that we have a complete count. The is needed to reach this goal," he

IS THIS A COMPULSORY **VACCINATION LAW?**

By Senator Floyd Bradshaw FOR SECOND TERM

Senate Bill No. 63, Section One:

No form of vaccination or innoculation shall be required for admission of a person to any public school or state-supported institution of higher learning when such person applying for admission submits to the admitting official an affidavit signed by a doctor who is duly registered and licensed under the MEDICAL PRACTICE ACT OF TEXAS, stating that, in said doctor's opinion, the vaccination or innoculation required WOULD be INJURIOUS to the HEALTH and WELL-BEING of the applicant.

This law passed the Senate of Texas by voice vote with only two dissenting votes. It passed the House of Representatives by a record vote of Yeas, 140, and Nays, 1. Signed by Governor Price Daniel on May 30, 1959.

Apparently this law has been grossly misinterpreted. I hope that it was not intentional on the part of those enemies of the people who would like to have a medical dictatorship in Texas.

This is the only law ever passed in the history of the State of Texas regarding vaccinations of any kind. School Boards have received their authority to vaccinate as a result of law suits and court decisions. The courts have held that where there appears to be a pending epidemic that the school boards have the authority to vaccinate for only smallpox and diphtheria.

I am not opposed to vaccination with vaccines that have been proven harmless and effective. I am in favor of you having the right to have your family doctor determine whether your children should be vaccinated with a drug that may be fatal to your child.

Our constitution provides that the Legislature shall make laws and that the courts shall interpret and judge their constitutionality. The Legislature should make a law that would let local people run their own affairs without interference. The reason that this has not been done is because of the powerful American Medical Association and the Texas Medical Association which maintains the strongest and best paid lobbyist in Austin. They will try to defeat anyone for the State Senate who does not pay tribute to their lobby or one who disagrees with the outrageous prices charged for their services. Every member of the Legislature can testify to the truth of this statement.

Dr. G. W. Cleveland, Medical Doctor, Chairman of the Council of Medical Jurisprudence and Mr. Phillip R. Overton, attorney for the Texas Medical Association gave me a letter on April 22, 1959, stating "that any objections would be withdrawn" from Senate Bill No. 63. In fact, Mr. Overton, lobbyist for the Medics, lobbied the House of Representatives for its passage in the House where it got 140 votes.

asked the 33 newspapers of this district last August to print this law, S. B. 63. Now I am being forced to spend several hundred dollars to correct the twisted story that is being told. Many good men and women will not seek public office for being smeared by gossip-mongers as is being done to me. Some have no qualifications for office and resort to these tactics to ruin a good name.

am not a lawyer, I am a school teacher, and have no legal license to take retainer fees from those interested n legislation. The Senate is composed of thirty-one members, twenty-one of whom are lawyers. I am a school teacher and if you want an old country boy who has fought your battles and will fight for the truth, stick with me and I will never give you cause to regret your vote for me for a SECOND TERM as your STATE SENATOR.

Sincerely yours

FLOYD BRADSHAW

WHAT IS **BEYOND THE GRAVE?**

"I don't want to die and go to hell." said a husky young sailor who lingered at a church after the worship service.

He told the pastor how he ran away to sea as an overgrown fifteen-year-old, and had, during World War II, sailed on freighters through mine-infested waters. He said: "Preacher, I've never been in jail, though I've done things I should not have done. I never worried much about it until recently. In the last few months I've dreamed several times that our ship was shipwrecked and that I was drowned in the ocean; and preacher, I know that if I die like I am, I'll go to hell. I don't want to die and go to

In those unforgettable words, "I don't want to die and go to hell," the sailor voiced his conviction that there is a life beyond the grave and that choices in life determine fate in death. He believed that unrepenting sinners would spend eternity in hell, and that godly believers would know the joys of an eternal abode in heaven. The Bible says: "The wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord" (Romans 6:23). Two things lie beyond the grave eternal death and life ever-

The death beyond the grave of which the Bible speaks is a living death where "the fire is not quenched" (Mark 9:44). It is the inevitable end of the rebellious soul, an "everlasting punishment" (Matthew 25:46) that the unbelieving bring upon themselves.

The life beyond the grave is "everlasting life" (John 3:16). It is the place of perfect knowledge. "For now we see through a glass, darkly; but then face to face" (1 Corinthians 13:12). It is a place of perfect peace, for "God shall wipe away all tears from their eyes, and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain" (Revelation 21:4).

What lies beyond the grave for you? It depends on what you do with Christ. He said. "He that heareth my word, and believeth on him that sent me, hath everlasting life, and shall not come into condemnation; but is passed from death unto life" (John 5:24).

Baptists preach Christ and him crucified, as the one and only way - the complete and adequate way to heaven. Right now, you can turn from all known sin and trust Christ as your personal Saviour. If you will do this God will give you his free gift of eternal life. You can't have it any other way.

served on one long table with

Johnson. All old and new business

was discussed after which all mem-

bers participated in a sing-song.
Program for the day consisted
of a reading by Mrs, Mae Harrison and Mrs. Florine Martin. Each

member told of the "Cute say-

ings" that their children, grand-

children and great-grandchildren

Members present are the follow ing: Mmes. Minnie Watson, Win

Wynne, Ona Pogue, Myrtle

had said.

Leon Village

The meeting was called to order

the president, Mrs. Tonsie

The Morris home was decorated

Range Cubes

made in our own plant by a formula that will assure your livestock of a balanced winter diet.

See us for custom grinding, feeds of all kinds, salt and minerals, stock and poultry remedies, seed, fertilizer and dog food.
