

Petitions Drafting Channel 5

An Eastland petition to KRBC-TV was being drafted and passed at weeks end in a continuing effort to keep all of Channel 5 on the cable system here.

First petition draft was being revised and names for the television station will be sought immediately.

Latest development in the situation is the fact that Chamber President Emmett Lasater contacted Federal - Communication Commission - officials and learned that rules are that the FCC does not enforce the non-duplication regulations unless they are pressed by the station, showing that the carriage of Channel 5 (Fort Worth) here by the cable system is not in itself a violation. However KRBC-TV has formally requested that the FCC force the cable system to stop the duplication of NBC network programming, and could withdraw their request.

"Eastland citizens object to being told by Abileneans and bureaucrats what they can and cannot watch," Lasater told KRBC Manager Bill Terry and FCC officials.

Most Eastland citizens are objecting vocally to the loss of Channel 5 NBC programs on the cable system, and see the KRBC action as a selfish act.

The original petition states in part: "We feel that KRBC, Abilene, is trying to take away the freedom of choice that our Constitution grants us. We are sorry that we will be unable to shop with you this Christmas,

Toward weeks end, several out-of-town and a few out-of-state organizations and individuals had contacted Eastlanders offering to assist in what is seen as a noble effort on the part of a small city to assert its rights for its citizens in the face of big-city and bureaucratic interferences.

KRBC's Terry has made unreasonable requests on the cable system, putting the decision on them as to when KRBC's signal is weak, so that Fort Worth signals may be put on the air. The local system attempting to cooperate, has attempted to clock out NBC programming, delivering only KXAS local programming, but many viewers in Eastland in Eastland report that their sets have been tuned to Channel 5 so long that fine tuning points are not tuning in the Abilene station, so further undue hardship is being placed on the individual television viewers in Eastland as the result of the KRBC request.

Owner of the KRBC station is Dale Ackers who apparently makes the decisions there.

GORDON SPOT

By DE GORDON

Eastland County has a reputation for growing some of the best pecans in the nation. Our county pecan show, which will be held December 5 and 6, in the county courthouse, will give evidence of this reputation.

We want every grower, even if he has only one pecan tree, to enter the pecan show. Once a decision is made to enter one or more samples of pecans, one should follow logical steps in order to do the best job possible in collecting the nuts. A little extra effort in the beginning will go a long way when the sample is finally processed and can mean the difference between not placing and winning first place.

The tree or area of trees receiving the best cultural care (fertilization, zinc sprays, and insect and disease control) will produce the best quality nuts. Pay attention to trees retaining their foliage in good condition through late summer and early fall. These are usually the trees most apt to have a greater percentage of larger, better-filled nuts.

natural outer markings and color. Do not attempt to smooth or alter shell thickness or nut by sanding, filing or using any other device to accomplish such as end. This does not mean the pecans may not be cleaned but the characteristic shell markings should not be polished off.

It is perfectly in order, once the sample has been taken and evaluated for exterior qualities, to carefully weigh the nuts individually and select the larger, heavier ones for the final sample to be entered in the show. A less accurate, though useful, method of evaluating internal quality of nuts is to feel their weight by "hefting" each one with the hand.

The final step is to take the sample to the county agents' office or the Chamber of Commerce office in Cisco or Ranger by December 4. They may also be brought directly to the pecan show on December 4. The entry deadline is 5:00 p.m., December 4.

County Pecan And Bake Sale Dec. 5-6

The twenty-third Eastland County Pecan and Pecan Bake Show will be December 5 and 6 in the county courthouse. The announcement was made jointly by the County Pecan Growers Association and the Eastland Chamber of Commerce, sponsors of the event.

Emmett Lasater, President of the Chamber of Commerce, says the Pecan Show will include about 200 entries of top quality pecan exhibits, a pecan bake show and a pecan centerpiece show. He says the show will give recognition to one of the county's most important crops. The pecans, baked goods, and centerpieces will be displayed in the first floor lobby of the courthouse on December 5 and 6.

Dan Childress, president of the grower's association, says 43 nuts of any variety may be exhibited in the show. The pecans must have been grown in 1975 and entered by a member of the family who grew them. Everyone who owns at least one pecan tree is invited to enter the show. The entry deadline is 5:00 p.m. Thursday, December 4. Pecan entries will be left at the County Agent's office in Eastland or at the Chamber of Commerce offices in Ranger or Cisco any time before December 4.

Pecans are judged on the basis of size, percent kernel, quality of kernel and attractiveness of the pecan. Natives, variety seedlings and named varieties may be entered in the show. A grower may enter one entry of each named variety and as many different entries of natives and seedlings as he chooses. Winning entries will

be sent to the Regional Pecan Show. Ribbons will be awarded to exhibitors who have first, second and third place entries. Trophies will be given to the exhibitors of the champion shelling pecans, champion in-shell pecans and champion natives. Rosettes will be awarded to reserve champions. Ribbons will also be given for the smallest pecans and the largest pecans entered.

Pecans will be judged on Friday afternoon. Members of the Chamber of Commerce and the growers association will process the pecan entries and prepare them for the judges.

Childress says this will be the 23rd annual pecan show in Eastland County. The first county pecan show held in Texas was in Cisco in 1952. This educational program has had a steady increase in interest and growth. This year there are over 40 counties that are having county pecan shows. Three regional shows and one state show will be conducted.

Never freeze uncooked stuffed turkey or a roasted stuffed turkey! Cooked poultry slices or pieces covered with broth or

HD NEWS

By Janet Thomas County Home Demonstration Agent

Homemakers should be reminded to take care in the thawing and storing of their turkeys for Thanksgiving dinner.

If your turkey is frozen, thawing time varies widely, depending chiefly on the size of bird, or pieces, and the method used.

Thawing at room temperature, unwrapped, is not recommended because of the possibility of contamination.

Recommended procedure - number one is thawing in the refrigerator, in the original wrap, on a tray. This requires one to three days. The procedure may be modified by removing the wrap, in which case 18 hours to two days are required.

Recommended procedure - number two is to thaw the bird, still in its original water-tight wrap under cold running water, or immersed in cold water, changing the water frequently. This procedure requires three to four hours for the fryer-roaster and six to seven hours for the larger birds.

Frozen uncooked rolls or roasts may be thawed in similar manner.

FRESH TURKEY

Chilled fresh turkey can be held one to two days in the coldest part of the refrigerator. Make sure any wrappings are loose enough to allow some air circulation. Remove giblets (heart, gizzard and liver), wrap loosely and store separately. Prompt cooking of these more perishable parts is recommended.

COOKED TURKEY

As soon as possible after serving, remove every bit of stuffing from the wishbone and body cavities. Remove meat from the bones. Cool stuffing, meat and any gravy promptly. Do not wrap tightly until cooled. Refrigerate, each wrapped separately and tightly, at 36 degrees to 38 degrees F. Use gravy and stuffing within three to four days. Heat stuffing thoroughly and bring gravy to boiling point before serving. Serve cooked turkey meat within two to three days after roasting. Small meal-size units, properly wrapped, may be frozen and help up to one month.

With the Christmas and Thanksgiving Holiday season soon arriving, a quick fruit salad recipe is

FESTIVE FRUIT

Drain thoroughly and combine in large bowl:

1 can (1 lb.) light sweet cherries

1 can (1 lb.) dark sweet cherries

1 can (1 lb.) sliced peaches

1 can (1 pound) pears, quartered

1 can (1 3/4 oz.) pineapple chunks

Blend together:

1 cup miniature marshmallows

1/2 cup sour cream

1 cup heavy cream, whipped.

Fold cream mixture into fruit. Chill overnight. Serve as salad or as dessert. Makes 12 to 15 servings.

Square Dance November 24

A county-wide 4-H Square Dance will be held Monday, November 24, beginning at 7:00 p.m. in the Cisco Junior College Agriculture Building. Mr. Joel Wilson with West Texas Utilities Company in Abilene will be on hand to call and teach square dancing.

Four-H Club members attending are asked to bring canned food donations for Goodfellows. The donations will be distributed in the communities in the county.

The Eastland County 4-H Adult Leaders Association will meet at 6:30 p.m. prior to the square dance.

All 4-Hers, their parents, and 4-H leaders are encouraged to attend.

Eastland Chapter 555 Of NARFE To Hold Final Meet

The Eastland Chapter 555 of the National Association of Retired Federal Employees will hold its final meeting of the year Monday, November 24, at the First Methodist Church in Rising Star.

Following a 6 p.m. Thanksgiving Dinner in the fellowship hall, James Steel, a Hardin-Simmons music major, will be presented in a Piano-Organ recital in the sanctuary.

All area Civil Service Retirees are invited to attend the dinner and to join the organization. Regular meeting date is the last Monday night in each month except December. The January meeting will be at the Ramada Inn in Eastland.

The 7:15 p.m. musical will be open to the public and anyone interested in attending will be welcome.

Winter Makes Its Appearance

Winter made its appearance in more ways than one this week as cold fronts moved through, dropping temperatures but very little moisture.

Countians saw lots of ice Friday morning as a 26 degree reading was marked Thursday night.

Total rainfall for the year amounts to 25.60, about average on the record books, but below what is believed to be needed.

October was dry with only .30 of an inch reported and so far in November, 2.02 has fallen: 1.22 early, then a .69 and Wednesday .11 of an inch.

Facility Opened By TMHMRC

A new facility operated by the Central Texas Mental Health - Mental Retardation Center is a Half-way house for developmentally disabled adults.

Named the Opportunity Development Center, the facility will house thirteen residents and provide two respite care beds. The facility is designed to serve ambulatory as well as mobile non-ambulatory residents.

Admission to the program is voluntary. Referrals come from teachers, friends, families, and service agencies.

Persons seeking admission must meet certain requirements and must be willing to fully participate in the entire program. The program includes work orientation, personal social adjustment, individual and group counseling.

The Light Touch

By Clint Bray

A committee is a group of the unfit, appointed by the unwilling to do the unnecessary.

Thanksgiving turkey is like a tube of toothpaste. It's never quite all gone.

Experience: Something which, once you have it, you're too old to use.

Heard about the salesman who became a policeman? He wanted to get into a business where the customer is always wrong.

If at first you don't succeed, try again when nobody's watching.

Watch us at BRAY'S in Eastland and Ranger. We'll succeed in making your family look terrific.

Grandma's.

What a great place to be this Thanksgiving

Tradition has it that Grandma's is the place to go for Thanksgiving. Wherever you spend the holidays, do yourself a favor and drive with extra caution. Anyplace is better this Thanksgiving than where you'll wind up if you're involved in a traffic accident. So drive the friendly way. Take the extra time it takes to be safe.

Farm News

The Eastland County Farm Bureau will be eligible to send twelve voting delegates to the 42nd Annual Meeting of the Texas Farm Bureau November 30 thru December 3, in San Antonio.

County President C.M. Guthery of Desdemona will head the delegation from this county. Other voting delegates and their hometown include Mrs. C.M. Guthery of Desdemona, Mr. and Mrs. Dee Williamson of Eastland, Mr. and Mrs. Jack Cozart of Cisco, Mr. and Mrs. Raymond Beck of Eastland, Mr. and Mrs. K.F. Kirk of Ranger, Mrs. Lucille Harrelson of Cisco, and Mr. Ray Norris of Eastland.

The number of voting delegates from each county is based on the total number of members in the county. The Eastland County Farm Bureau ended its fiscal year October 31 with 1255 members.

A highlight of the Texas Farm Bureau Annual Meeting will be an address by Gov. Dolph Briscoe who, along with the TFB President Carroll Chaloupka of Dalhart, will speak at the morning session on December 1.

State policies for the TFB will be adopted by voting delegates. Adopted resolutions on national matters will be forwarded to the annual meeting of the American Farm Bureau Federation Jan. 4-8 in St. Louis.

Other features of the state convention include a discussion meet and talent find on Sunday evening, Nov. 30; a Queen Contest on Monday night, and an awards and recognition program on Tuesday evening.

Tot Kindergarten Decorates

The Green Tot Kindergarten decorated their windows with turkeys for Thanksgiving.

We read a book written by Charles Howard Chaney when he was eight years old. It was illustrated with pictures he drew. His grade was very good.

We learned about the Pilgrims, the Mayflower, and the Indians. We learned how the pilgrims had to build their own log houses, each with a fireplace. They cooked over the open fire. The first Thanksgiving days were spent in thanking God for their good crops. They invited the Indians. They had a big dinner together. We talked about the way we spend Thanksgiving nowadays (maybe) a bologna sandwich on the deer lease) or having family reunions. We made a huge poster of good foods. We all could hardly wait for lunch.

We talked about the importance of eating a good breakfast, lunch and dinner; brushing our teeth regularly and getting lots of sleep. We especially need to go to bed early during the holiday season.

We rooted ivy plants. They were cuttings from a nursery ivy plant which Mrs. Hazel Ivy gave to Mrs. Cushman and Mrs. Green years ago when she invited the kindergarten to visit school on visitation week. Mrs. Day and her students carried out the 'Nursery Rhyme Theme' and each kindergarten student was escorted to and from their room by a student and told the story as we went around their room. We loved it too. After our ivy rooted, we went in the driveway and each picked up tony stones for drainage in the

bottom of the container and all helped making the planters. Mrs. Finley brought us some rich dirt from their farm. We are watching for new shoots to grow from our planters.

We made beautiful pictures in plastic trays to take home. Then we had play time. Michael Herweck and Jayna Hollaway keep us supplied with roses and yellow mums. Michael also treated teachers to grapefruit from Mission, Texas. Sure were good.

We lit an old fashion kerosene lamp and talked about it, also a candle. (Olden days didn't have electric lights, stoves, TVs, etc.).

Veterans Day we had silence for a few minutes, closed by prayer, and discussed how thankful we were for those who served our wonderful America. How we should keep our country clean and neat and not be "litter bugs". Good citizens don't throw out their trash, they put it in a trash barrel.

We made pictures of the horn of plenty (Cornucopia) with all kinds of fruit pouring out of it. And of the Pilgrims tables made of wood. They didn't have fancy table cloths, etc., or electric lights. They worked hard to feed themselves. They didn't have any luxuries.

We made book marks to use when we are reading and when our parents read to us. We do not dog-ear books (fold down corners) because it ruins the books.

We thank Miss Diane Young for the helpful hints she gives us to help us be better prepared for public school next year.

We had an early surprise birthday party for Susan Tankersley. Our Thanksgiving party was cupcakes with chocolate centers with Indians, cowboys, etc., around the huge blue tray of goodies. It was served by Mrs. Finley and Mrs. Green. We did our work first, then we had the rest of the time for games. We will be closed Thanksgiving week as usual. We will see you all Monday, Dec. 1. Have a good Thanksgiving Holiday.

Thanksgiving Festive Time

Thanksgiving is always a very festive time of the year. We make plans for weeks in advance for the food preparation or finding a place to gather where someone else will have the traditional turkey and dressing with all the trimmings. Grandmother's house is usually the meeting place and we only have to bring a cake or pie, and ourselves.

Have you ever stopped to think what you will do when your house is "grandmother's house" and you have to prepare the traditional dinner? You can

always resort to the untraditional bologna sandwich, or you can start learning how to be a grandmother today.

Cooking a turkey and dressing is as easy as falling off a log. Making it taste just right is the hard part. I will tell you how I learned to cook turkey and dressing, and how to make it taste just right. The turkey is the easy part. Just put it in a pan and turn on the oven. You know when it is done, because it turns brown on top. Now for the dressing. I could remember seeing two or three pans of cornbread on the stove the day before Thanksgiving at my mother's house, so I cooked three pans of cornbread. Mother always had stale light bread and I knew she crumbled together in a large bowl, so I did that, too. I started thinking about what else she put in the cornbread dressing. I thought there were onions, celery, boiled eggs, and spices. I chopped these ingredients and began adding a little salt, pepper, sage and poultry seasoning. Now, I had a big bowl of bread crumbs, a few onions, celery, eggs and spices, but it didn't stick together. Mother's dressing was fluffy, so I added a half dozen raw eggs. Now I had a slimy bowl of bread

crumbs, etc. Mother's dressing was smooth and fluffy, so I started trying to find out what else I needed. Finally, it came to me. The turkey broth was missing. Mother always boiled giblets and used the broth in the dressing. When this wasn't enough, she poured the broth from the pan the turkey was baking in. When I had all these ingredients together it looked like Mother's raw dressing. I tasted the concoction and it was horrible!

I had been determined to cook this turkey and dressing, without any help. Out of sheer frustration, I finally called Mother. She asked what it tasted like. I replied and she told me what I needed to add. I sprinkled a few more spices in her advised proportions until my description of the taste sounded just right to her over the telephone.

Finally, it was finished. That had to be the best turkey and dressing my family has ever eaten. I have never made better since, nor will I ever again.

If you are not going to do the actual preparation of the turkey and dressing this year, at least stand close enough to the person who is doing the preparation and observe. That sweet little soul who has the art of blending just the right amounts of the right ingredients to make this traditional meal is probably your mother or grandmother. She didn't learn this art from a cookbook, she learned it from her mother. Each family has their own recipe for these family dinners. It is through these family traditions that the bond of eternal love and devotion is sealed. This love and devotion are what Thanksgiving is really all about.

During the earlier weeks of the school term, each student in grades three thru six were involved in taking two series of physical fitness tests developed by the President's Council on Youth Fitness. These tests are designed to (1) motivate boys and girls to develop and maintain a high level of physical fitness, (2) encourage good testing programs in schools and communities, (3) to stimulate improvement of health and physical education programs and (4) to provide additional information on the physical condition of America's youth.

These tests assess physical strength, stamina, speed, agility, and coordination. The test items are sit-ups, shuttle run, standing broad jump, 50 yard dash, 600 yard run, pull-ups for boys and the flexed-arm hang

Dear friends,
Despite the trials and frustrations of life, we should remain aware that the gift of life itself - the opportunity to experience the beauties of nature in a flower, a butterfly, a wondrous cloud, a magnificent sunset, is a blessing to be truly cherished. Taking time to enjoy the beauties of Creation give all of us reason to be deeply thankful.

HAPPY THANKSGIVING

U.M.W. Holds Harvest Luncheon

The United Methodist Women met in fellowship hall for a time of Praise and Thanksgiving at their Harvest Luncheon this week. The beautifully decorated tables depicted the abundant harvest of the season, reminiscent of the first Thanksgiving when our forefathers began the custom of praising and thanking God for a good harvest. The 25 members present enjoyed a bountiful meal. Each member gave her favorite scripture of praise and thanksgiving and Mrs. Henry Van Geem brought a timely Devotion based on the fact that Thanksgiving is strictly an American holiday. Somewhere along the way we began to take our inheritance for granted and now our great land need for our "People who are called by my name to humble themselves and pray and seek my face, and turn from their wicked ways, then will I hear...and will forgive their sin and heal their land." 2 Chron. Mrs. H.L. Hassell, president, announced the next meeting to be Dec. 2.

These bright lighting ideas can help you save energy.

We all need to use adequate lighting for reading, working, and security, but we also need to use it wisely. These ideas can help.

- Don't leave security lights on during the day. A photoelectric cell or a timer can control them for you.
- Use low-watt bulbs where you can. The lower the wattage, the less energy the bulb uses.
- Use fluorescent lights where possible. They produce about 2½ times more light per watt than incandescent bulbs.
- Leave three-way bulbs on the lowest setting until more light is needed.
- Use light colors in lamp shades, walls, and floors to get the most reflectivity from light.

For more details, call us. We'd like to help.
